### Notice of Request to amend Application and Specification.

Patent Office,  
Wellington, 14th October, 1896.

A REQUEST for leave to amend the under-mentioned application for Letters Patent (including the specification) has been received, and is open to public inspection at this office. Any person may, at any time within one month from the date of this *Gazette*, give me notice in writing of opposition to the amendments. Such notice must set forth the particular grounds of objection, and be in duplicate. A fee of 10s. is payable thereon.

No. 8697.—31st July, 1896.—EDGAR ARTHUR ASHCROFT, of Maycroft, Newcomen Street, Newcastle, New South Wales, Metallurgist. An invention for "improvements in the treatment of solutions or ores containing zinc for the recovery of the zinc as oxide."

The nature of the proposed amendments is as follows, viz. :—

In application and specification :—  
1. To strike out the word "the" where it appears between the words "of" and "zinc" in the title.

In specification :—  
1. To strike out the word "chloride," line 8, page 2, and to insert instead the words "other salts."

2. To affix the letter "s" to the word "solution," line 9, page 2.

3. To erase the following words: *i.e.*, "The composition of," line 10, page 2, and to insert instead the words "together with."

4. To strike out the words "together with that," line 11, page 2, and to insert in place thereof the words "the composition."

5. To strike out the word "chloride," line 1, claim 1, and to substitute therefor the words "other salts."

6. To affix the letter "s" to the word "solution," line 1, claim 1.

7. To strike out the words, "substantially as described, and for the purposes specified," where they are repeated at the end of the first claim, and to insert them instead at the end of the second claim.

8. To strike out the word "chloride" at the end of clause (a) of the third claim, and to insert in place of that word the words "other salts."

9. To correct the spelling of the word "purposes" in the concluding line of the third claim by altering the letter "n" to the letter "u," and in the concluding line of the fourth claim by altering the final "r" to the letter "s."

The applicant states, "My reason for making this amendment is to more correctly describe the process by which my invention is carried into effect."

F. WALDEGRAVE,  
Registrar.
