Regulations under "The New Zealand State Forests Act, 1885."

RANFURLY, Governor.

ORDER IN COUNCIL.

At the Government House, at Wellington, this twenty-seventh day of December, 1897.

Present:

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

IN exercise and pursuance of the powers and authorities conferred by "The New Zealand State Forests Act, 1885," His Excellency Uchter John Mark, Earl of Ranfurly, the Governor of the Colony of New Zealand, by and with the advice and consent of the Executive Council of the said colony, doth hereby revoke the Order in Council dated the third day of March, one thousand eight hundred and ninety, and published in the *New Zealand Gazette* of the sixth day of March then instant, and the several regulations contained in the Schedules thereto, and the amendment thereto made by an Order in Council issued on the twenty-sixth day of February, one thousand eight hundred and ninety-five, and in lieu thereof doth hereby make the regulations contained in the First and Second Schedules hereto: Provided such revocation shall not be deemed to prejudicially affect any right or privilege acquired, work authorised, offence committed, forfeiture penalty or liability incurred, action or proceeding commenced under authority of or against the provisions of the said regulations prior to such revocation taking effect; and it is hereby declared that these regulations shall come into force and take effect on and after the sixth day of January, one thousand eight hundred and ninety-eight, and shall apply to State forests generally.

FIRST SCHEDULE.

GENERAL REGULATIONS.

"FOREST" in these regulations means any State forest or forest reserve subject to the provisions of "The New Zealand State Forests Act, 1885."

1. Where it is necessary to grant to any licensee or other person authorised to cut and remove timber, bark, or wood for fuel from any forest, any right or rights of way through any part of the same, the Commissioner of Crown Lands, with the approval of the Minister of Lands, may grant such right or rights and may impose such conditions in each case as may be deemed necessary. But no such right shall exist for any period beyond the term specified in the original license or authority.

2. All timber and other produce within any forest may be disposed of, either by auction at per 100 ft., or by appraisal, or license to fell, upon such terms as the Minister shall prescribe; and all moneys which shall be payable for such timber or other produce shall be paid, in such manner as he shall direct, to the Receiver of Land Revenue.

3. When required by the Commissioner of Crown Lands, any person holding a license to fell timber shall use a brand, and shall register the same in the office of the said Commissioner; and no two persons shall use the same brand.

4. Any person marking any timber with any brand not belonging to him, or branding any timber belonging to any other person with any brand other than the brand of the owner of such timber, shall be guilty of an offence, and shall be liable to a penalty not exceeding £50 for every such offence; but the payment of such penalty shall not debar the person aggrieved from recovering the amount of any damage he may have sustained by the action of the delinquent.

5. Any person lighting any fire within a forest, whether on Crown land or otherwise, and intentionally or negligently allowing the same to spread, shall be guilty of an offence, and shall be liable to a penalty not exceeding £50; but the payment of such penalty shall not prevent the recovery from the wrongdoer of the value of any damage which may be done by such fire.

6. Any person who shall permit any fire lighted by him outside the boundaries of any such forest to spread into or cause injuries to such forest shall be guilty of an offence, and shall be liable to a penalty not exceeding £20; but the payment of such penalty shall not prevent the recovery from the wrongdoer of the value of any damage which may be done by such fire.

7. Any person who shall unlawfully injure or destroy any timber or other tree or shrub growing in any forest, nursery, reserve, or plantation, shall be guilty of an offence, and shall be liable to a penalty not exceeding £5 for every timber-tree so injured or destroyed, and a penalty not exceeding £1 for every other tree or shrub so injured or destroyed. But in no case shall the aggregate penalty be more than £50.

8. Any unlicensed person who may be found digging for kauri-gum or other products within the boundaries of any forest shall be liable to a penalty of not exceeding £20.

9. Any person who shall suffer any cattle or animal of any kind to wander in any forest, or to browse upon or otherwise destroy any timber or other trees or shrubs therein, shall be guilty of an offence, and shall be liable to a penalty not exceeding £5; and the payment of such penalty shall not prevent the recovery from the wrongdoer of the amount of any damage which may be done by any such cattle or animal; but nothing in this or any other regulations contained shall apply to cattle being driven on any public road through any forest, or temporarily wandering without neglect of the person in charge of the same.

10. Any Ranger or other person may drive any cattle or other animal as aforesaid to the nearest public pound, and the same shall not be released therefrom except upon payment to the Commissioner of Crown Lands of the usual driving-fees and poundage-charges.

11. Any person who shall trespass in any forest shall be guilty of an offence, and on conviction thereof shall be liable to a penalty not exceeding £50. Any person, whether licensed or not, who may be found trespassing in or near any forest during the months of November, December, January, February, and March, or who shall in the opinion of any Crown Ranger be doing any act whereby there is a danger of the forest being destroyed by fire, shall be guilty of an offence, and shall be liable to a penalty not exceeding £50.

12. Any person who shall hinder or obstruct any officer concerned in the management of any forest in the execution of his duty shall be guilty of an offence, and be liable to a penalty not exceeding £20.

13. Applications for licenses to cut timber in any forest shall be made at the office of the Commissioner of Crown Lands of the district in which the forest is situated.

14. Every application shall be made on one of the forms prescribed for that purpose, and may be accompanied by a sketch showing the position and extent of the area selected, and shall state the particular purpose for which the license is required; and the applicant shall, where required, deposit the amount of survey-fees, which shall be forfeited if the application be abandoned or not proceeded with for the space of one month.

15. As far as possible sawmill areas shall be in a rectangular form, the proportion of length to breadth not exceeding three to one, or shall include one side of a watershed, except where previous surveys or other circumstances render this impracticable.

16. As soon as practicable after payment of survey-fees for a sawmill area the necessary survey and valuation shall be made, the survey to be made in accordance with such regulations as the Surveyor-General may prescribe.

17. Upon the application being granted by the Commissioner of Crown Lands, the applicant shall, as may be agreed, pay the value of the timber included in the area to the Receiver of Land Revenue, or execute such agreement as may be prescribed, after which a license may be issued.

18. Whenever the department in any case shall deem it advisable to use an official brand, this shall consist of the letter F branded on a space exposed by the removal of a chip near the base of the tree.

19. All trees when branded shall be felled above the official brand.

20. In the event of any dispute respecting the correctness of the valuation or the correctness of any statement of timber cut, the decision of the Commissioner of Crown Lands, or of some officer specially appointed by him, shall be final; and in the case of any dispute as to the quantity of timber cut, the decision of the Commissioner as to the amount to be paid shall be forthwith complied with, subject, however, to the right of the licensee to proceed for the refund of any sum alleged to be overpaid.

21. Any licensee cutting timber outside his boundary-line shall pay the value of the timber, and shall be liable to a penalty not exceeding £5 for each tree, at the discretion of the Justice or Justices before whom the case may be brought; but the payment of such penalty shall not prevent the recovery of the amount of any damage which may be done by such licensee.

22. Every licensee shall point out the extent of his cutting when required so to do by any officer appointed under the authority of the Land Act or these regulations.

23. The Commissioner of Crown Lands shall have power to reserve trees required for special purposes on any area for which a license may be granted; such trees to be branded with the letters F.R.

24. The Commissioner of Crown Lands may cause to be seized all timber cut on Crown lands, wherever found, which he may have cause to believe has been cut in a forest by an unlicensed person; but in case a right to such timber shall be asserted within fourteen days after the notice hereafter mentioned, and shall be established to the satisfaction of the Land Board, such timber shall be restored to the claimant.

25. All timber when seized shall be marked with the forest brand, \mathbb{F} , and, after due notice of the seizure thereof in writing, to be posted up in the Land Office or at the police station in the district where such seizure was made, shall, in case no claimant shall appear and establish his claim within fourteen days therefrom, be sold in such manner and subject to such conditions as the Commissioner may direct.

26. All timber cut under a yearly or half-yearly license must be removed within four weeks after the expiration of the license, unless an extension of time be granted by the Commissioner; otherwise it may be declared forfeited, seized, and sold on behalf of the Crown.

27. The proceeds of the sale of timber so seized are to be accounted for and paid to the Receiver of Land Revenue.

28. If, for the purpose of removing timber, any licensee shall have made a tramway or road upon land being waste lands of the Crown, and not being a highway, it shall not be lawful for any other person to use such tramway or road without permission of the person making the same first obtained: Provided that, if such tramway or road shall not be used at any time for ninety consecutive days for removing timber, it shall be lawful for the Land Board to determine that the constructor of the tramway or road has forfeited his right to the same: Provided also that, as regards tramways, the Board reserves to itself the power of deciding on the merits of each case as it arises.

29. All trees shall be felled and removed from the forest in such a way as to cause the least possible amount of injury to the young growth. Should needless damage be caused, it shall be estimated by the Commissioner of Crown Lands, or by some officer to be appointed by him, and the amount of such damage shall be paid by the licensee, together with any special costs that may be incurred. In default of payment of such moneys within fourteen days after demand, the same may be recovered from the licensee as liquidated damages at suit of the Commissioner, or any officer appointed by him in that behalf, and the license held by the licensee may, at the discretion of the said Commissioner, be absolutely forfeited. All trees shall be felled inwards.

SAWMILL LICENSES.

30. Generally the area of a sawmill license shall not exceed 200 acres, but the holder may apply to have three additional areas adjoining the first reserved for his exclusive use for a period not exceeding one year for each 100 acres from the date of appropriation; provided that he shall not be allowed to fell timber on any portion until he has complied with the terms of payment. When the purchased area comprises inferior or partially-cut bush, and the reserve applied for contains superior or virgin bush, the Commissioner of Crown Lands shall have power to withhold the reserve in whole or in part as he shall think fit. The title of the reserve shall be absolutely dependent upon the licensee's title to the sawmill area with which it is connected, and shall accordingly lapse whenever the sawmill area has been forfeited for breach of conditions.

31. The area of a license to cut and saw kauri or other large timber may include the whole or part of one side of a watershed within specified limits, and the Commissioner may dispose of such kauri or other timber growing within such limits, to be sawn at a mill erected within or adjacent to the said area, or to be removed for manufacture elsewhere.

32. It shall be optional with the Land Board to decide whether a royalty shall be paid in cash or partly in cash and the balance by instalments spread over such period as the Board may think expedient, and the said royalty may be assessed either on the estimated number of superficial feet of milling timber in the forest, or on the actual output of the mill, such output to be ascertained and verified by inspection of the books of the mill, or by such other means as the Board may devise, and for this purpose the accounts and books shall be open to the inspection of a Ranger or other duly-authorized Government officer.

33. Royalty on timber shall be paid at the rates specified in the classified scale in the Second Schedule; but where the timber is easily accessible and can be procured without great difficulty, the Commissioner of Crown Lands may increase the amount of the royalty specified.

34. A sawmill license may be transferred on payment of a fee of £1 ls. to the Receiver of Land Revenue; but the Commissioner of Crown Lands shall have power to refuse to transfer any license if the licensee or transferee has committed a breach of these regulations, or if, in the opinion of the Commissioner of Crown Lands, the transfer would be prejudicial to the public interest.

35. The holder of every sawmill license, other than for kauri, must, within twelve months of the date of his license, provide and fit up, either upon his sawmill area or on some other site approved of or granted by the Commissioner of Crown Lands, a substantial and fully-equipped sawmill plant,

including all the necessary buildings thereto appertaining, which sawmill plant must be kept in continuous working operation, unless valid and satisfactory reasons can be given to the Commissioner of Crown Lands for any temporary stoppage. Should at any time the mill be closed for a longer time than the Commissioner of Crown Lands thinks necessary or reasonable, it will be competent for him to give the licensee one month's notice in writing, and, should the licensee fail or neglect to resume and continue the *bonâ fide* working of the mill, the Commissioner of Crown Lands shall declare the license forfeited, and may immediately reoffer for license the sawmill area and the attached reserve as if the rights of the previous licensee had never existed. The licensee may within three months from the date of forfeiture, however, remove any building or machinery he may have erected. Whenever a sawmill licensee applies for another sawmill area alongside the area previously held by him, such last-mentioned area will be deemed to be worked out, and the land and remaining timber, if any, will immediately and absolutely revert to the Government.

36. The license, for the purpose of fulfilling conditions, is to date from the time the applicant is notified of completion of survey and amount of royalty payable.

37. The Commissioner may, at his discretion, accept promissory notes bearing good indorsements as part payment of royalty.

38. The applicant for a sawmill area shall state before survey is made what timber he proposes to use, and he will be charged with such timber only; other timber not included in the application shall not be cut or used excepting for tramways or buildings.

39. No black-, red-, or white-pine, totara, miro, or other milling timber of less than 12 in. at the butt will be included in the valuation, and the cutting of any timber under the size specified, unless specially authorised, will be deemed to be unlawfully cut: Provided, however, that smaller timber for laying tramways, building sheds, or other such purposes connected with his industry, may be cut and used in quantity to be approved by the Crown Lands Ranger or Commissioner of Crown Lands.

40. Every license (terminable within any year) shall be drawn so as to terminate on the 31st December in each year, and may be renewed from year to year, but subject to such alterations in the regulations as may be found necessary for the better management and utilisation of the bush: Provided that before the issue of any renewed license the licensee shall produce a certificate from the Crown Lands Ranger or other person duly appointed by the Land Board on that behalf—

- (1.) That the timber has been cut in a continuous and regular manner;
- (2.) That the sawmill has been kept continuously in operation, when not stopped by causes considered unavoidable by the Board;
- (3.) That, where so provided against, no trees or saplings under 12 in. in diameter have been cut for sale, or destroyed by the act of or by the neglect of the licensee or his servants, and that none of the provisions of the regulations have been violated.

41. And if it shall appear that such regulations have not been complied with, or that any wrongful acts have been done by the licensee, then the Land Board shall appoint a valuator to ascertain and assess the amount of damage which the forest, whether under license or not, may have sustained by such wrongful acts; and no new license shall be granted until the amount of damage so assessed shall have been paid, in addition to the sum due by way of rent and expenses of valuation.

42. If at any time during the currency of the yearly license the Ranger shall report that the timber on the licensed ground is being improperly cut, the license may be suspended pending investigation, and cancelled if it is found that the regulations have been infringed.

43. Special licenses for single trees or clumps of trees may be granted at the discretion of the Commissioner of Crown Lands, on payment of such fees as may be fixed by him.

44. It shall be a condition precedent to the sale of any quantity of timber other than a single tree that a Crown Lands Ranger shall first report on the estimated quantity, quality, and general position and value of such timber; and thereupon the Land Board of the district may order the sale or grant licenses in manner above described.

45. Timber sold by auction shall be subject to such terms of payment as may be fixed by the Commissioner in each case. If any balance of purchase-money remains unpaid for the space of seven days after the time limited for payment thereof, the Land Board may declare the contract of sale, and all rights and privileges of the purchaser thereunder, to be at an end, and thereupon any moneys paid in respect of such contract shall be absolutely forfeited to Her Majesty.

46. Before any license is issued to any purchaser of timber bought at auction, all timber so sold shall be branded by a

Crown Lands Ranger ^F, and only such timber as bears such brand shall be felled, cut, or sawn.

LICENSES TO HAND-SAWYERS, WOODCUTTERS, AND SPLITTERS.

47. Areas of from one to twenty acres may be granted to hand-sawyers on the same terms and under the same conditions as for sawmill licenses under 100 acres, but no such license shall be made for a longer period than two years. Hand-sawyers and splitters shall have the right to construct saw-pits and huts on sites approved by the Commissioner of Crown Lands.

48. Licenses to cut firewood, or to split posts, rails, and fencing-stakes, on timber reserves when cleared of milling-timber may be granted within specified areas at the following rates: viz., For a license to cut firewood only, at the rate of £5 per annum per man; for a license to cut posts and rails, £7 10s. per annum per man; for a license to cut one or more kauri-trees, at schedule rates.

SPECIAL LICENSES.

49. Licenses may be granted to settlers not entitled to free firebote and to others to cut firewood, fencing, shingles, and palings, after valuation and payment according to the schedule. Licenses to settlers entitled to free firebote shall be issued on application.

50. Licenses for single trees or clumps of trees may be granted at the discretion of the Commissioner of Crown Lands, on payment of double rates, according to the scale in the Second Schedule hereto.

51. Licenses may be granted, on payment of fees to be fixed by the Commissioner, to cut wood to burn for charcoal, or the extraction of potash, tar, pitch, or other secondary products; but the licensee shall observe such precautions as may be deemed necessary to prevent injury from fire, and he will be held responsible for any injury done to any forest by improper or negligent operations.

52. Licenses may be granted to extract kauri-gum, under terms and conditions to be defined by the Commissioner of Crown Lands, but only in such forests as may be approved by him.

53. Licenses to peel bark may be granted at the discretion of the Commissioner of Crown Lands, but only under such terms and conditions as he may deem proper.

54. Licenses to quarry gravel, shingle, or road-metal in any forest reserve may be granted by the Commissioner of Crown Lands on such terms and conditions as may be approved by the Commissioner of Crown Lands.

Registrar-General's Office,
Wellington, 31st December, 1897.

* It may be that in some instances the places given under the heading "Residence" are not the present places of abode of the respective persons. They have been copied, however, as they stand in the General Register; and if they are inaccurate in any case it is because the changes of residence have not been officially notified to the Registrar-General, as it is obviously desirable that all such changes should be.—E.
