*Locality and Description of Section.*

Section 7, Block V., Cheviot Survey District, generally known as the Cheviot Bush Section, is situated on the north side of the Waiau River, about two miles and a half above its mouth, and about one mile eastward from the point where Swamp Stream (Cheviot Estate) flows into the Waiau River. The section consists of hilly country, broken by the gullies of streams flowing into the Waiau River; the south-western portion of the section is partly covered with bush, and the remainder is fair open tussock land. A fire has recently passed through a portion of the bush land, and this can now be profitably laid down in grass.

Possession of the land will be given to the successful applicant as soon as his application has been approved by the Land Board.

Special attention is drawn to the fact that the grazing-lease does not confer upon the holder thereof any rights of felling, splitting, sawing, or in any way using or removing any of the live or dead timber upon the land; and the lease is offered subject to the rights of any persons now or hereafter to be authorised by the Canterbury Land Board to split or saw timber upon any portions of the land.

CONDITIONS OF LEASE.

- The term of lease is fourteen years.
- Every applicant shall make the declaration prescribed, and shall, immediately after the application has been approved, or declared successful at the ballot, deposit a sum equal to one half-year's rent of the land applied for. Such payment shall be in discharge of the half-year's rent due on the 1st day of March or 1st day of September following the date of application. He shall also pay the sum of £1 1s. for the preparation of the lease and the registration thereof.
- In case of more than one application being lodged on the same day for the section, priority of selection shall be decided by ballot.
- The lessee shall prevent the destruction or burning of timber or bush on the land comprised in the lease.
- The lessee shall prevent the growth or spread of gorse, broom, and sweetbriar on the land comprised in the lease, and shall with all reasonable speed remove or cause to be removed all gorse, sweetbriar, broom, or other noxious weeds or plants, as may be directed by the Commissioner.
- The lessee shall destroy all rabbits on the land comprised in the lease, and shall prevent their increase or spread, to the satisfaction of the Commissioner or an officer appointed by him to inspect the ground.
- The lessee shall have the exclusive right of pasturage over the lands specified in his lease, but shall have no right to the soil, or timber or minerals thereon or therein.
- The lessee must once a year properly cut and trim all live fences now on the land, or which may be planted upon the land during the term.
- No liability is accepted by or on behalf of the Crown in respect of any fencing existing upon the Crown lands offered for lease.
- All buildings erected upon the land shall be kept in good order and repair.
- The lessee shall be liable for all rates, taxes, and assessments during the term.
- Rent shall be payable half-yearly in advance during the term of the lease.
- The lessee shall have no right to purchase any part of the land.
- A right to search for and take gravel for making or maintaining roads from any of the lands disposed of is reserved; payment to be made for surface-damage only.
- On the expiration or other determination of the lease the former lessee shall not have any right of renewal, but shall be entitled to full valuation from the incoming lessee for any exterior fences, appropriate to the lease, erected and then existing on the land.
- In any case where it is determined that any lands included in any lease shall not again be offered for further lease, then the amount of the valuation of the improvements

as aforesaid shall be paid to the outgoing lessee or occupier, less any arrears of money due to the Crown by him in respect of such lands, and such amount shall be paid out of the Cheviot Estate Fund.

17. If a lease is forfeited for breach of conditions, such valuation shall be made on recovering possession of the land.

18. Payment of any valuation for improvements shall be made to the Receiver of Land Revenue by the new lessee of such land before he is admitted into possession, and moneys so paid to the Receiver shall not be deemed part of the Cheviot Estate Fund.

19. The amount of the valuation for such improvements, in case of the land being relet, when paid by the new lessee, shall be paid by the Receiver of Land Revenue to the original lessee or other person entitled, and, in case of forfeiture, less any rent which may be due to the Crown at the date of such forfeiture, and the cost of recovering possession of the land, and also the charges and expenses of reletting such land, and making, issuing, and completing any fresh lease.

The Potaka Township (hitherto known as Kaikoura) is situated on the Main Coach-road between Mangaweka and Taihape, the distance to the latter being about six miles. The North Island Main Trunk Railway, which is under construction, passes through the township, where a reserve has been made for proposed railway-station. The area comprises open, flat, and undulating land laid down in English grasses. Remnants of the forest—stumps and logs—still remain. The soil is of good quality, capable of producing garden- and farm-produce freely. There exist a few stores, accommodation-houses, a temporary public school, post-and-telegraph office, and a daily coach- and mail-service both ways from the terminus of the railway at Mangaonoho, which is about twenty miles distant. The climate is healthy, the district is being rapidly settled, and the township affords an opportunity to business people, labourers, and small settlers to establish homes on reasonable and advantageous terms.

Maps and full particulars may be obtained upon application.

TERMS AND CONDITIONS OF LEASE.

- The respective lots shall be offered by auction on the 9th May, 1900.
- The bidder of the highest rent shall be declared to be the lessee, and, if any dispute arises as to the last or highest bidding for any lot, the lot in dispute shall be put up again at the last-preceding bidding.
- The highest bidder for each lot shall, upon the fall of the hammer, pay to the auctioneer the first half-year's rent in advance by way of deposit, which shall represent the half-year's rent as from the 1st July, 1900, and shall cover the period between the date of sale and such 1st July, 1900.
- The second half-year's rent shall become payable on the 1st January, 1901, and thenceforth shall be paid half-yearly in advance.
- As soon as may be after the highest bidder is ascertained, a lease will be prepared, for which there will be a charge of £1, to be paid by the lessee. Such lease shall be for the term of twenty-one years, commencing from the 1st day of July, 1900, and the lessee shall execute the same in triplicate at the office of the Commissioner of Crown Lands, Wellington, whenever requested so to do.
- The following allotments are weighted with the value of improvements, as provided by subsection (2) of section 14 of "The Native Townships Act, 1895," as follows; and such value shall be paid at the same time and in the same manner as the deposit heretofore mentioned:—

And the lessee hereby covenants with the lessor as follows, namely:—

(1.) The lessee shall not nor will at any time during the said term assign, underlet, or part with the possession of the demised premises, or any part thereof, without the previous consent in writing of the Commissioner of Crown Lands for the time being of the Land District of Wellington, hereinafter called "the Commissioner."

(2.) The lessee will from time to time during the said term pay unto the lessor the said rent on the days and in manner aforesaid, and also will from time to time pay and discharge all rates, taxes, charges, and assessments whatsoever now or hereafter to become payable upon or in respect of the demised premises or any part thereof.

(3.) The lessee will, during the said term, well and sufficiently repair, maintain, and keep the demised premises and all buildings, fences, and erections from time to time built or erected thereon in good and substantial repair and condition (reasonable wear-and-tear, and damage by fire, storm, earthquake, or tempest only excepted). In the erection of any buildings from time to time the lessee will abide by and conform to the alignment of streets and roads, and also to all the by-laws and regulations from time to time in force, or made or passed by the local authority for the time being intrusted, under "The Native Townships Act, 1895," with the administration of the local affairs of the said township, by whatever name or designation such local authority may for the time being be called, but hereinafter referred to as "the local authority."

(4.) The lessee will from time to time construct, maintain, and keep all such privies, ashpits, and other works of a similar character as may be ordered or directed by the local authority; and, in cutting and laying of drains and channels for the conveyance of water or waste material or refuse of any kind, and in maintaining or providing for the sanitary state and condition of the demised premises, will at all times act in accordance with the direction of the local authority or the requirements of any laws, by-laws, rules, or

regulations for the time being in force providing for the sanitary state and condition of the said township.

(5.) The lessee will not at any time during the said term, without the previous consent in writing of the local authority, carry on or permit to be carried on upon the said land or any part thereof the trade or business of a soap-boiler, tallow-chandler, tanner, slaughterman, meat curer or preserver, or any noisy, noxious, or offensive trade or manufacture of any kind whatever.

(6.) The lessee will permit the lessor, or any person on her behalf duly authorised as hereinafter provided, from time to time to enter upon the demised premises at all reasonable times to view the state and condition thereof, and upon notice of any defect or want of repair being given to the lessee, or left for him on the premises, the lessee will, within one month thereafter, make good any such defect or want of repair:

Provided always that whenever the rent hereby reserved or any part thereof is in arrear for twenty-one days the same may be levied by distress without any previous demand of payment or notice of any kind: Provided further that, if the lessee makes default for thirty days in the full and punctual payment of any of the said rent, or if he makes default in the faithful performance or observance of any other covenant or condition on his part herein contained or implied, or if the Commissioner is satisfied that the land comprised in this lease is being held unused and to the hindrance of the trade and progress of the said township, then and in any such case, and without any notice or demand whatsoever, it shall be lawful for the lessor to re-enter upon the demised premises and thereby determine this lease, and that without releasing the lessee from any liability in respect of any rent due or of any preceding breach of covenant.

And it is hereby declared and agreed as follows, that is to say,—

(1.) The rent hereby reserved may be paid to the Receiver of Land Revenue for the time being of the Land District of Wellington, on behalf of the lessor, and the receipt of such Receiver shall be a good discharge to the lessee.

(2.) Any power which may be exercisable under these presents by or on behalf of the lessor may from time to time be exercised by the Commissioner, or by any person whom he from time to time appoints for that purpose.

(3.) Service on the lessee of any notice under this lease may be effected either personally or by posting the same in a registered letter addressed to him, either at his last-known place of business or abode in the colony or at the demised land.

(4.) The lessee, faithfully observing and performing all the covenants, conditions, and agreements on his part herein contained or implied, shall, on the expiration by effluxion of time of the term hereby granted, have the right to a renewal of the lease, or to valuation for all substantial improvements of a permanent character made or owned by him and then existing on the demised land: Provided that such right shall exist only to the extent and subject to the conditions following, that is to say:—

(1.) Not sooner than nine nor later than six months before the expiration of the said term by effluxion of time two separate valuations shall be made in manner prescribed (*mutatis mutandis*) by sections 79 and 80 of "The Land Act, 1892," of

(a.) All such improvements as aforesaid; and of

(b.) The annual ground-rent of the land (exclusive of such improvements as aforesaid) for a fresh term of twenty-one years.

(2.) After the making and publishing of the aforesaid valuations, which shall be effected by serving a copy thereof on the lessee and another copy on the Commissioner, but not later than one month before the date of such expiration as aforesaid, the lessee shall, by notice in writing served on the Commissioner, elect whether he will accept a new lease of the demised land (including the aforesaid improvements) for a fresh term of twenty-one years, computed from the date of such expiration as aforesaid, at the annual ground-rent ascertained by valuation as aforesaid, and subject in all other respects to the same covenants and conditions as those of this present lease.

(3.) If for any reason the lessee does not duly elect in manner aforesaid to accept such new lease, or if, having duly elected, he for any reason does not execute such new lease when requested by the Commissioner so to do, his right to a new lease shall be and be deemed to be abandoned, and the land shall be disposed of by lease at such time, in such manner, and subject to such conditions not inconsistent with the said Act and the regulations for the time being in force thereunder as the Commissioner thinks fit: Provided that it

shall be one of the conditions of the new lease that the new lessee pays to the Commissioner the amount at which the improvements (if then existing) have been valued as aforesaid, or such less amount as the Commissioner thinks just, having regard to the extent to which such improvements have deteriorated since the date of the original valuation; and all moneys actually received by the Commissioner in respect of such valuation shall be paid over to the lessee under this present lease as soon as the Commissioner is satisfied that the new lessee has been admitted into full and quiet possession of the premises: Provided, further, that in no case shall the lessee under this present lease have any claim against the Crown or the Commissioner in respect of any such improvements, or of the value thereof, save to the extent of the moneys which are actually received as aforesaid from the new lessee, and available for payment, and which the lessee under this present lease becomes actually entitled to.
