#### MOUNT ALBERT ROAD BOARD.

##### BUILDING AND OVERCROWDING BY-LAW No. 5.

Of the Body corporate under the Name of "The Inhabitants of the Mount Albert Road District, made and enacted by and under Special Order of the Mount Albert Road Board passed on the 26th day of November, 1906, and sealed with the Seal of the said Board on the 24th day of December, 1906, to come into force on being gazetted.

1. In pursuance of the powers vested in it by "The Road Boards Act, 1882," and its amendments, and "The Public Health Act, 1900," and its amendments, and by all or any other statutes it thereunto enabling, the Road Board of the Mount Albert Road District doth hereby ordain as follows:—

"Clerk" means the Clerk for the time being of the Board.

"Inspector of Nuisances" means the Inspector of Nuisances appointed for the purpose of these by-laws, and includes any person for the time being appointed by the Board to perform the duties of such office.

##### *Sites and Dwellinghouses.*

2. No person shall erect a new dwellinghouse within the district except in conformity with the following provisions:—

##### Definition of site.

(a.) The ground upon which any dwellinghouse is erected, together with the whole curtilage thereof enclosed within the boundary fences, walls, or lines of the premises, shall be deemed to be the site of such dwellinghouse within the meaning of these by-laws.

##### Definition of new dwellinghouse.

(b.) The erection of a dwellinghouse upon vacant land or upon a site previously occupied by any building, or the re-erection of any house pulled down to within 5 ft. of the ground floor, or the conversion into more than one dwellinghouse of a building originally constructed as one dwellinghouse only, or an addition to or raising of a house (so far as such addition or raising is concerned), or the procuring of an existing dwellinghouse or of any other building or part of a building intended to be re-erected and used as a dwellinghouse or part of a dwellinghouse upon the site, shall be deemed to be the erection of a new dwellinghouse within the meaning of these by-laws.

##### Plans to be provided.

(c.) The erection of a new dwellinghouse shall not be commenced or proceeded with until the person who proposes to carry out such work shall have made application to the Clerk in the form set forth in the Second Schedule to this by-law. Such person shall at the same time lodge with the Clerk complete plans showing the block-plan and sections of the said site, and the measurements of the height and distance from the boundaries of such dwellinghouse, as required by the provisions of this by-law. Such plan and sections shall be in ink on drawing-paper or tracing-cloth, and shall be to a scale not less than  $\frac{1}{4}$  in. to the foot: Provided always that if the work proposed to be done is of such a trivial nature as, in the opinion of the Building Committee, not to require the preparation of such plans and sections, such Committee may dispense with their production. If the Building Committee are satisfied that all conditions required by this by-law are or can be fulfilled by the proposed works as described in such plans, and after the payment of the fees set forth in the First Schedule hereof, a permit for the erection of the dwellinghouse shall be issued by the Clerk.

Building-site area.

- (d.) Except as provided by next succeeding subsection (e), no person shall erect a new dwellinghouse in the district upon a site of a less area than 5,445 square feet, and unless such site shall have a frontage of at least 50 ft. to a public road.

Provisional section.

- (e.) The preceding subsection (d) shall not apply to prevent the erection or re-erection of one new dwellinghouse on an allotment, lot, or section which does not comply with the requirements of subsection (d), but which is shown on any public plan or any plan lodged or deposited in the Deeds Registration Office or the District Land Registry Office at Auckland prior to the coming into operation of these by-laws, or on a site owned at the date of these by-laws by a person not owning any adjoining land, or prevent the erection or re-erection of a shop and dwellinghouse combined upon any site: Provided that where more than one shop is erected on the frontage of the site not more than one dwellinghouse shall be permitted for every 40 ft. of such frontage.

Site-formation.

- (f.) The ground on which any new dwellinghouse is erected, and the ground immediately adjoining any such new dwellinghouse, shall be so formed and graded that no water can lodge thereon or under such house or run under such house; and no person shall commence the erection of any building upon any site having matter thereon which, in the opinion of the Inspector of Nuisances, might prove deleterious to the health of the occupants of such dwelling until such matter has been removed to the satisfaction of such Inspector of Nuisances.

Air-spaces.

- (g.) No person shall erect a new dwellinghouse in the district unless he provide at the side or in the rear thereof an open space exclusively belonging to such house and of an aggregate area of not less than 600 square feet: Provided that such open space shall extend throughout the entire width, or, in the alternative, throughout the entire depth, of the site, and shall be free from any erection thereon above the level of the ground, and shall be so maintained while the site is occupied by the house: Provided also that the minimum distance across such open space from every part of the dwellinghouse, and from every part of any wash-house, shed, convenience, or other erection attached thereto, shall be as follows:—

(a.) If the height of the house does not exceed 15 ft.—15 ft.

(b.) If the height exceeds 15 ft. but does not exceed 25 ft.—20 ft.

(c.) If the height exceeds 25 ft. but does not exceed 35 ft.—25 ft.

(d.) If the height exceeds 35 ft.—30 ft.

For the purposes of these by-laws, where the side boundaries of any site are not of the same length, the mean length of such side boundaries shall be taken as the depth of the site for the purpose of defining the distance across such open space; and the height of a dwellinghouse shall, for the purpose of these by-laws, be measured from the average level of the ground immediately adjoining the side or the rear of such dwellinghouse, as the case may be, to the level of half the vertical height of the roof, or to the top of the parapet, whichever is the higher.

Preventing reduction of space.

- (h.) No person shall make any alteration or addition to any dwellinghouse (whether erected before the coming into operation of these by-laws or not) whereby the open space attached to such dwellinghouse shall be diminished by such alteration or addition so as to leave a less open space than is required by these by-laws to be provided.

Foundations of concrete, &c.

- (i.) In any foundation-wall, either of concrete, or bricks, or stone, either separate or conjoined, a proper damp-proof course of sheet 4 lb. lead, asphalt, or slates laid in cement, or other durable material impervious to moisture, shall be laid beneath the level of the lowest timbers and at a height of not less than 6 in. above the surface of the ground adjoining such wall,

Plates and joists above ground.

- (j.) No part of any plate or joist of any house shall be at a less distance, in the case of a plate, than 3 in., and, in the case of a joist, than 6 in., from any portion of the ground below or immediately adjoining such plate. The space between the lowest joist and the ground shall in all cases have sufficient and proper communication with the external air for the purpose of ventilation.

Walls of living-rooms.

- (k.) No room in any house other than a bathroom, closet, or storeroom shall have a less average height than 9 ft. 6 in. between the floor and the ceiling throughout an area equal to at least two-thirds of the floor-space.

Ventilation and lighting.

- (l.) Every room other than a bathroom, or closet, or storeroom shall be provided with at least one window other than a skylight opening direct to the external air. At least one-half of such window shall be movable or made to open, and the opening must extend to the top of the window, and the total glazed surface of such window or windows provided shall be equal in area to at least one-tenth of the floor-space of such room.

Walls of bathrooms and closets.

- (m.) At least a portion of one wall of every bathroom or water-closet shall be in contact with the external air.

Insanitary material.

- (n.) No person shall use any materials in the erection, re-erection, or repair of any dwellinghouse which are unsound, insanitary, or improper to be used for their intended purpose, and any such materials shall within twenty-four hours of their condemnation by the Inspector of Nuisances be removed from the site of the proposed house, and shall not again be brought thereon until the house has been completed.

- (o.) If any dwellinghouse or part of a dwellinghouse be erected, altered, or repaired contrary in any particular to the provisions of this by-law, it shall be lawful for the Board to give notice in writing to the owner of such dwellinghouse, within a time to be mentioned in such notice, to take down, remove, or alter such dwellinghouse, or part of such dwellinghouse, in such a manner that the provisions of this by-law shall be accurately fulfilled. Non-compliance with any such notice shall be deemed an offence.

Drainage and Septic Tanks.

3. From and after the coming into force of these by-laws every person on whose behalf any underground drain not connecting with a sewer, or water-closet, or septic tank is laid or erected shall cause all the provisions of this by-law to be complied with.

- (a.) All underground drains used or intended to be used to carry away sewage or household waste waters or matters from any house or dwelling, and all sanitary fittings in connection therewith, shall conform in construction and in the materials used with the provisions required by the Sanitary and Drainage By-laws of 1903.

- (b.) Except as provided in subsections (c) and (f) hereof, the point of discharge and disposal of the contents carried by any underground drain shall in every case be made to the satisfaction of the Inspector of Nuisances.

- (c.) No person shall allow any household waste or matters to flow from any building or land in his occupation on to a road, or into any ditch or drain declared to be a public drain.

- (d.) Every sink, lavatory-basin, closet-basin, or bath shall be placed so that the outlet thereof is as near as possible to the external wall of the room containing any such sanitary fitting, and the gully-traps over which the waste-pipes from such fittings discharge shall be so placed as to enable such waste-pipes to be of the shortest possible length.

- (e.) No person shall lead the waste matters from any water-closet into any drain or sewer not being a brick, iron, or earthenware pipe, drain, or sewer. No person shall erect any water-closet under subsection (f) hereof unless all the drains and sewers through which the waste matters from such water-closet would pass are closed drains, and sewers from such water-closet connect to a final sewer outfall or septic tank approved by the District Health Officer.

(f.) No water-closet shall be placed in any bathroom, or in any room or closet used for any other purpose except as a lavatory, privy, or urinal; and no person shall hereafter in any manner erect, make, or establish a water-closet or septic tank without first obtaining a permit from the Board. Application for such permit to be accompanied by a plan of such proposed work and to have received the approval in writing of the District Health Officer.

(g.) When, for any reason, any sanitary convenience, or any portion of a drain, or any fittings in connection therewith are no longer required for use, such portion of the drain and fittings shall be disconnected and removed, and any openings or connections with existing drains and sewers shall be properly closed and made good.

#### Privies.

4. No person shall construct any privy or closet other than a water-closet except in accordance with the following provisions, and the owner and occupier of any premises upon which any privy or closet exists shall at any time after two months from the coming into force of this by-law cause such privy or closet to conform in every respect thereto.

(a.) No part of any privy shall be at less than 15 ft. distance from any road, street, or footpath, nor from any dwellinghouse, and from every part of any wash-house, shed, convenience, or other erection attached to such dwellinghouse; or from any building, shop, or office in which any person may or may be intended to be employed in any manufacture, trade, or business other than a detached wash-house used exclusively for domestic purposes; or from any place of public worship, or any public hall or school. Every privy shall be so situated that the pan can be removed and the contents disposed of without the same having to be carried through any house, shop, factory, or workshop.

(b.) Every privy other than a water-closet shall be so constructed or altered that at least one of its sides shall be an external wall. The floor, including the space under the seat, shall be of good sound timber, planed, tongued, and grooved, or of brick or cement, and shall be at least 6 in. above the level of the ground immediately adjoining thereto. It shall be properly lighted and ventilated, and the door shall be in a position adapted to conceal the interior from the public view. The seat shall be capable of being opened or removed for the entire width for the purpose of cleaning the space beneath. Battens shall be placed on the floor beneath the seat so as to secure that the pan shall be so placed that all excreta shall fall directly into the pan.

(c.) Every privy shall be provided with a removable watertight metal receptacle made in accordance with such model pan or pans as may from time to time be determined by resolution of the Board, and deposited at the Board's office as a pattern of a "regulation pan," and approved by the District Health Officer: Provided that if before the coming into force of this by-law the owner or occupier has provided a removable watertight receptacle with at least two handles and of not greater capacity than 2 cubic feet, it shall not be compulsory upon the owner or occupier of the premises to provide the "regulation pan" herein specified until served with a notice in writing by the Inspector of Nuisances appointed by the Board requiring him so to do.

5. No person shall place or deposit nightsoil in a pit or other fixed receptacle in the ground, or spread nightsoil upon the surface of the ground, or bury nightsoil within 33 ft. of any house, shop, factory, or workshop, or within 20 ft. of the boundary of such premises. No person shall dispose of nightsoil in any way so as to create a nuisance. No person shall bury nightsoil otherwise than in the following manner: A V-shaped furrow or trench shall be formed of not more than 18 in. in depth, and the nightsoil shall be placed along the bottom of such furrow or trench, and covered with earth level with the surface and so that the nightsoil shall be forthwith covered with at least 6 in. of earth.

#### Depositing rubbish.

6. No person shall throw, leave, or deposit upon any road or vacant allotment within the district any offensive matter, or any bottles, earthenware, china, or rubbish of any description.

7. If any person shall commit a breach of these by-laws he shall be liable to a penalty not exceeding £5, and in the case of a continuous breach an additional penalty not exceeding £5 for every day on which the breach is continued after the first day. The continued existence in a state contrary to any by-laws of any work or thing shall be deemed a continuous breach within the meaning of this section.

Marine Department,  
Wellington, 12th January, 1907.

THE following despatch, received from the Secretary of State for the Colonies, and its enclosure, are published for general information.

J. A. MILLAR.

(Circular.)

Downing Street, 10th November, 1906.

SIR.—With reference to Lord Knutsford's Circular despatch of the 31st of August, 1891, and to Mr. Lyttelton's Circular despatch of the 7th of February, 1905, I have the honour to transmit to you, for the information of your Government, two copies of an Order of the King in Council issued under "The Merchant Shipping Act, 1894," amending the Order in Council of the 9th of May, 1891, issued in pursuance of "The Merchant Shipping (Colonial) Act, 1869," with regard to the Colonial authorities competent to grant Certificates of Competency to persons intending to act as Masters, Mates, or Engineers on board British ships.

I have, &c.,  
ELGIN.

The Officer Administering the Government  
of New Zealand.

At the Court at Buckingham Palace, the 22nd day of October, 1906.

Present:

THE KING'S MOST EXCELLENT MAJESTY.

PRIME MINISTER, LORD PRESIDENT, LORD PRIVY SEAL, LORD CHAMBERLAIN, LORD SUFFIELD.

WHEREAS by "The Merchant Shipping Act, 1894," it is (amongst other things) enacted that where the Legislature of any British Possession provides for the examination of and grant of Certificates of Competency to persons intending to act as Masters, Mates, or Engineers on board British ships, and the Board of Trade report to His Majesty that they are satisfied that the examinations are so conducted as to be equally efficient with the examinations for the same purpose in the United Kingdom under "The Merchant Shipping Act, 1894," and that the Certificates are granted on such principles as to show the like qualifications and competency as those granted under the said Act, and are liable to be forfeited for the like reasons and in the like manner, His Majesty may, by Order in Council,—

(1.) Declare that the said Certificates shall be of the same force as if they had been granted under the said Act;

(2.) Declare that all or any of the provisions of the said Act which relate to Certificates of Competency granted under that Act shall apply to the Certificates referred to in the said Order;

(3.) Impose such conditions and make such regulations with respect to the said Certificates and to the use, issue, delivery, cancellation, and suspension thereof as His Majesty may think fit, and impose penalties not exceeding fifty pounds for the breach of those conditions and regulations:

And that upon the publication in the *London Gazette* of any such Order in Council as last aforesaid the Order shall, as from the date of the publication or any later date mentioned in the Order, take effect as if it were enacted by Parliament:

And whereas at the coming into operation of the said "Merchant Shipping Act, 1894," there were in force the Orders in Council of the 9th day of May, 1891, and the 23rd day of November, 1893, hereinafter mentioned, being Orders in Council made under enactments repealed by the said "Merchant Shipping Act, 1894," and it was provided by the said "Merchant Shipping Act, 1894," that Orders in Council so made should remain in force as if made or granted under the said "Merchant Shipping Act, 1894":

And whereas by "The Merchant Shipping Act, 1894," it is further provided that His Majesty may, by Order in Council, revoke, alter, or add to any Order in Council made under the Merchant Shipping Acts:

And whereas by the said Order in Council of the 9th day of May, 1891, it was declared, *inter alia*, that Colonial Certificates of Competency granted by certain Authorities therein named and described in the case of the several British Possessions therein mentioned to persons intending to act as therein mentioned on board British ships should be of the same force as if they had been granted under the Acts relating to merchant shipping:

And whereas by the said Order last mentioned the regulations set out in the Schedule A thereto with respect to the said Colonial Certificates of Competency were imposed and made, and it was declared that the regulations set out in the said Schedule A thereto should apply to all Colonial Certificates of Competency that might theretofore have been or should thereafter be granted:

And whereas by the said Order in Council of the 23rd day of November, 1893, it was declared that Colonial Certificates of Competency granted by the Marine Board of Victoria from and after the 21st day of December, 1888, as therein mentioned should be of the same force as if they had been granted under the Acts relating to merchant shipping, and should be subject to the same conditions and regulations as are set out in Schedule A to the said Order in Council of the 9th day of May, 1891:

And whereas by the provisions of "The Navigation (Amendment) Act, 1899," passed by the Legislature of New South Wales, and by the provisions of "The Shipping and Seamen Act, 1903," passed by the Legislature of New Zealand, certain changes were made in the Authorities authorised by the said Legislatures respectively to grant Colonial Certificates of Competency in those possessions respectively, and other similar changes may be made by the Legislature of the British Possessions referred to in the said Orders in Council with regard to the Authorities authorised to grant such Certificates in such several Possessions:

And whereas it has been made to appear to His Majesty that it is expedient that the said Orders in Council should be so altered as to apply to Certificates of Competency granted by the proper Authority for the time being in the British Possessions mentioned in the said Orders in Council:

Now, therefore, His Majesty, by and with the advice and consent of His Privy Council, is hereby pleased,—

To declare that the Colonial Certificates of Competency granted or to be hereafter granted by the Governor, Lieutenant-Governor, Administrator, Head of the Government, Minister, Board, Body, or Corporation of or in any British Possession mentioned in the said Orders in Council for the time being authorised by the Legislature or Legislative Authority of such Possession to grant Colonial Certificates of Competency (hereinafter called "the proper authority"), from and after the respective dates in the case of the several Possessions with reference to the several kinds of Certificate in the said Orders in Council mentioned, shall be of the same force as if they had been granted under "The Merchant Shipping Act, 1894," and shall be subject to the same conditions and regulations as are set out in Schedule A to the said Order in Council of the 9th day of May, 1891, and the said Orders in Council shall be read and construed as if the proper authority had been originally mentioned therein in the case of each such Possession in lieu of the Authority in each case actually named and described therein.

A. W. FITZROY.

#### *Subsidies to Public Libraries.*

Education Department,  
Wellington, 12th November, 1906.

NOTICE is hereby given that the sum of £3,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 6th February, 1907, and no claim will be entitled to consideration that shall not have been sent in in due form and received by the Secretary for Education, Wellington, on or before the 28th January, 1907.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1906; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

#### DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1906, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under "The Public Libraries Act, 1869," or "The Municipal Corporations Act, 1900," pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; and from voluntary contributions other than members' subscriptions, pounds shillings and pence. And I do solemnly and sincerely declare that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and

expenditure of the institution for the year herein specified; that the whole of the subsidy received during the year was expended in the purchase of books for the library; and that by the rules of the library it is open to the public free of charge.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of an Act of the General Assembly of New Zealand intituled "The Justices of the Peace Act, 1882." (Signature.)

Declared at \_\_\_\_\_, this \_\_\_\_\_ day of \_\_\_\_\_, 190\_\_\_\_, before me— \_\_\_\_\_, Justice of the Peace [or Solicitor, or Notary Public].

[Here affix and cancel a stamp at 2s. 6d.]

[NOTE.—The words relating to last year's subsidy and to free admission may be struck out if they are not applicable. The words in brackets are not part of the form, but indicate matter to be inserted or substituted.]

Copies of the form of application may be obtained from the Secretary for Education, Wellington, and from the Secretary of any Education Board.

GEO. FOWLDS,  
Minister of Education.

\* The remaining suburbs do not lie within borough boundaries, and particulars respecting them have not been obtained for the Vital Statistics.

Deaths occurring at hospitals, of persons not residents of the borough wherein the hospital is situated, have been allotted in each case to the borough where the disease was contracted, and not to that in which the death actually took place.

The total births in the above boroughs amounted to 552, against 546 in November—an increase of 6. The deaths in December were 180, a decrease of 46 on the number in November. Of the total deaths, males contributed 97, females 83. Thirty-seven of the deaths were of children under five years of age, being 20.56 per cent. of the whole number; 32 of these were under one year of age.

There were forty-nine deaths of persons of 65 years and upwards: Five men, 71, 72, 75, 80, 83, and five women, 65, 72, 75, 77, 78, died at Auckland; eight men, 67, 70, 72, 75 (two), 77, 79, 89, and three women, 65, 72, 88, at Wellington; eight men, 67 (two), 68, 73, 74, 75, 78, 82, and five women, 76, 78, 81, 86, 91, at Christchurch; and nine men, 66, 67 (three), 68, 69, 74, 81, 84, and six women, 67, 68, 73, 75, 78 (two), at Dunedin.

THE following Table shows the Causes of the Deaths of Persons of both Sexes under 5 Years of Age and 5 Years and upwards, and the Proportion per Cent. of Deaths from each Cause, in the Boroughs above given, registered during the Month of December, 1906.

In the first table are given the deaths and death-rates for each of the four cities, for the suburban boroughs severally and for each city with its suburban towns. As regards Auckland and Christchurch, the whole of the area usually recognised as suburban has not yet been brought under municipal government, and the vital statistics do not deal with such portions as still remain in road districts. But the omission is not very important, for there are in either case quite enough suburbs included within borough boundaries to give a fair idea of the death-rate of Greater Auckland and Greater Christchurch. As further boroughs are formed the vital statistics will be made to include them.

The inclusion of the suburban boroughs tends to lower the rate at Auckland and Dunedin, but raises it at Christchurch.

	Death-rates per 1,000 of Population.	
Auckland City .. .. .	0.79	
and six suburban boroughs .. .. .		0.76
Wellington City .. .. .	0.75	
and three suburban boroughs .. .. .		0.75
Christchurch City .. .. .	0.78	
and one suburban borough .. .. .		0.80
Dunedin City .. .. .	0.78	
and six suburban boroughs .. .. .		0.77

Including the suburbs, the rate at Christchurch is the highest, and at Wellington the lowest.

Compared with December, 1905, the results are,—

	1905.	1906.
Auckland and suburbs .. .. .	0.96	0.76
Wellington and suburbs .. .. .	0.80	0.75
Christchurch and suburb .. .. .	0.71	0.80
Dunedin and suburbs .. .. .	0.85	0.77

*Specific Febrile and Zymotic Diseases.*—Fifteen deaths were registered as occurring from this class of disease at the four chief centres, with their suburbs, during December, 1906. Influenza caused 6 deaths, and was fatal at each town—1 death at Auckland, 1 at Wellington, 2 at Christchurch, and 2 at Dunedin. Whooping-cough shows 1 death at Dunedin, and diphtheria 2—1 at Wellington and 1 at Dunedin. From typhoid fever there were 3 deaths—2 at Auckland, and 1 at Wellington. Diarrhoea was fatal at Auckland only, there being 1 death registered under this head. The remaining two deaths were from specific disease.

*Constitutional Diseases.*—These deaths form 20 per cent. of the total mortality at the four chief centres, and numbered 36 altogether, of which 19 resulted from cancer, and 8 from phthisis. Other tubercular diseases caused 7 deaths more, and there were 2 deaths from diabetes.

*Local Diseases.*—The total of deaths from the four chief towns was 84, or 46 per cent. of the whole mortality. Diseases of the nervous system caused 14 deaths; of the circulatory, 21; of the respiratory (pneumonia, bronchitis, &c.), 19; and of the digestive, 15. Besides these there were 2 deaths from diseases of the lymphatic system, 8 of the urinary (4 Bright's) and 5 of the reproductive systems.

*Violent Deaths.*—Eleven deaths were accidental and 2 suicidal. Two of these were caused by fall of stone or earth, and another by accident in a quarry. Accidents with railway-engine, tramcar, and motor show 3 deaths, and drowning 3 more. Suffocation and birth accident (1 death each) complete the total of accidental deaths. The two suicides were by drowning and hanging.

The subjoined table shows the mortality for the last two months at each of the four centres from six principal specific febrile or zymotic diseases, and also the deaths from certain inflammatory diseases of the lungs. These causes of death have been distinguished from the others of the classes to which they belong as being the most important special diseases which give rise to sudden increases in the death-rates of towns, and the prevalence of which is closely connected with sanitary condition and climatic influence of the season on health.

*Locality and Description of Runs.*

Run 88: This run, fronting on the Wakaepa River, varies in altitude from about 1,100 ft. to 2,939 ft., and is well watered. With the exception of the scrub-covered river-bluffs and a few small patches of bush, it is clear, and consists of good healthy sheep country, with tussock and English and native grasses.

The soil is fairly good, resting principally on clay formation.

There are one or two fair homestead-sites, the nearest of which is about five miles and a half distant from White Cliffs Railway-station by formed and metalled road.

Run 89: This run varies in altitude from 1,200 ft. to 2,400 ft., and is well watered. With the exception of a few small patches of bush and manuka the run is clear, and consists of well-grassed, wholesome, and healthy sheep country in good spurs.

The soil on the greater part of the run is good, and rests generally on clay formation. There are occasional falls of snow on the run during the winter.

Access is from White Cliffs, four miles and a half distant from a good homestead-site, by formed and metalled road.

Run 90: This run varies in altitude from about 1,200 ft. to 2,600 ft., and is well watered.

It consists principally of well-grassed tussock spurs, with patches of manuka and black-birch.

Access to homestead-site is from Glentunnel Railway-station, about nine miles distant, by good metalled road.

Run 91: This run varies in altitude from 1,180 ft. to 2,400 ft., and is well watered. The greater portion of the area consists of good tussock country lying to the sun, though the south-west slopes are rocky and covered chiefly with manuka and celmisia. The soil is fairly good, resting on clay-and-sandstone formations, with volcanic rocks on the highest ridges.

Access to the northern portion is from White Cliffs Railway-station by a formed and metalled road, four miles to a good homestead-site; while the southern portion is reached from Glentunnel, about nine miles distant, by a good metalled road.

Run 92: This run varies in altitude from about 1,000 ft. to 2,157 ft., and is well watered.

The greater portion of the area consists of good tussock ridges and easy spurs, with patches of manuka and black-birch.

The north and east slopes of the Mount Misery Ridge, which is of volcanic formation, are poor and rocky, and covered with light manuka; but on the remainder of the

run the soil is fairly good, extending into clay-and-sandstone formations.

Access to the northern portion is from White Cliffs Railway-station, about three miles and a half to homestead-site, by good metalled road; while the southern part is reached from Glentunnel, seven miles distant, by the Wairiri Valley Road. Possession of the runs will be given on the 1st March, 1907.

## LEASES, PARENGARENGA AND PAKOHU BLOCKS.

*Locality and Description.*

The leases are situated around Parengarenga Harbour, at the northern extremity of the Auckland Land District, in Parengarenga, Muriwhenua, Hohouira West, and Tarawara Survey Districts. Access from Awanui is by track to the west coast, and along the beach to Hukatere, thence through Hohouira to Parenga (about the middle of the leases), a total distance of about fifty-five miles. There is a fortnightly steamer service from Auckland, 240 miles distant. The altitude of the land is generally from sea-level to 430 ft., but rising to 1,060 ft. in the north. About 19,600 acres consists of bare sandhills, about 1,000 acres of bush, and 250 acres of raupo swamp; the balance is undulating land of inferior clay and sandstone, covered with stunted manuka and fern. With exception of the bush land the whole is gum-bearing, but the ground in Runs E, F, and G has been very little worked for gum. The swamps, when drained, are suitable for agricultural purposes, and the land as a whole is suitable for rough runs.

## TERMS AND CONDITIONS OF LEASE.

1. The respective sections will be offered by public tender for lease for pastoral purposes, and with a right to work, win, dig, cut, use, possess, sell, and dispose of kauri-gum or flax in or upon or under the said land, or growing or which may grow on the said land.

2. Each lease shall be for a term of ten years, commencing from the first day of March, 1907.

3. Every tender shall be enclosed in a sealed envelope addressed to the President, Tokerau Maori Land Board, Native Land Court Office, Auckland, and marked on the outside as follows: "Tender for lease of Lot No. , as advertised in the newspaper of the day of , 19 , " and shall be accompanied by a statutory declaration in the form or to the effect set forth in Form K in the Schedule hereto.

4. If any person desires to tender for more than one lot, a separate tender for each such lot must be made, and separate declarations as required by the last preceding rule. And each such tender must be accompanied by six months' rent and £3 3s., also stamp duty and registration fee.

5. Tenders will be received up to 4 p.m. on the 28th day of February, 1907, and all tenders will be opened simultaneously by the Board on the 1st day of March, 1907, at 11 a.m.

Every tender shall be deemed to be informal and incapable of being accepted where the rental tendered is less than the upset rental fixed as aforesaid.

6. The highest tenderer, if his tender shall equal or exceed the upset rental, shall be declared the lessee, and be entitled to possession of the lands so soon as he has duly executed a lease thereof, and has complied with all other conditions lawfully prescribed in that behalf. But the Board reserves to itself the right to call upon him, if it thinks necessary, to enter into a bond for an amount to be fixed by the Board, and to furnish two sureties, to be approved by the Board, for the due fulfilment of the terms and conditions of the lease.

7. If the rent offered by two or more persons is the same amount, and is higher than that offered by any other tenderers, then the Board shall, after opening all the tenders, decide by lot, in such manner as it shall think fit, which of such two or more persons shall be declared the lessee.

8. The deposits and fees paid by the unsuccessful tenderers for any lease shall be returned to them by the Board immediately after any tender for such lease has been accepted.

9. When the Board shall declare any person to be the lessee of any block it shall forthwith notify the same to such person by registered letter, addressed to such person at the address given in the tender, and shall in such notice require such person, within thirty days after such notice, to execute the lease in triplicate. If two or more persons jointly tender, the notice shall be posted to each of such persons. Such notice shall be in the Form L in the Schedule to the regulations under the Act, or to the effect thereof.

10. If any person who has been declared a lessee shall fail to execute his lease within thirty days after being required by notice so to do, then his deposit and the above-mentioned sum of £3 3s. shall be absolutely forfeited to the Board, and the right of such person to obtain such lease shall absolutely cease and determine.

Where any lessee shall forfeit his right to a lease as aforesaid, and as often as such a case shall occur from time to time until the land be leased, or until there be a failure of tenderers whose tenders are formal, the Board may, at any time within seven days from such forfeiture, declare the next highest tenderer for the same lease whose tender is not informal to be the lessee, or, if the rent offered by two or more persons is the same amount, and is higher than the rent offered by any other tenderer save the one who has so forfeited his right to a lease as aforesaid, may decide by lot which of such other persons shall be the lessee. Every person declared a lessee under this section shall, upon his paying the deposit and fees as aforesaid, be declared to have become the lessee on the day of the opening of the tenders as if he had been so declared on such day.

11. If no tender shall be received prior to the time fixed for opening the tenders for any of the leases advertised for sale, any person may at any time thereafter apply for any one of such leases, unless the same shall have been withdrawn from lease by the Board, and be declared the lessee thereof at the upset rental fixed, upon complying with the other conditions prescribed as to tenders. If, in any such case, two or more applicants shall lodge their tenders on the same day, the right to the lease shall be decided by lot.

12. The Board may at any time reduce the upset value of land which it has failed to lease for one year, and may again call for tenders for the same at such reduced value.

13. The lease to be granted in pursuance of any tender may be in the form set out hereunder, or to the effect thereof.

14. No tender shall be accepted or lease granted except the same be in accordance with the provisions of "The Maori Lands Administration Act, 1900," and its amendments, and these regulations.

15. Any person of the age of seventeen years and upwards may become a lessee hereunder, and if under full age shall be as capable of executing a lease, and shall be bound by the terms thereof, and of the said Act, as if such person was of full age.

16. The term fixed by the lease shall be ten years, to take effect in possession and not in reversion; but such lease may be renewable as provided hereafter.

17. Every lease shall be prepared by the Board, and shall be in such form, and shall contain such covenants, conditions, and agreements, not being inconsistent with the provisions of the said Act or these regulations, as the Board may prescribe by regulations which it is hereby authorised and empowered from time to time to make, and from time to time to alter, amend, or revoke, and which may either be general, or applicable to any particular case or class of cases, and shall be subject to the stipulations following:—

- (1.) The demise shall reserve unto the lessor all mines, metals, minerals, coal, lignite, slate, or freestone in or upon or under the land, with power to work, win, use, possess, sell, and dispose of the same, or any part thereof respectively, except such as may be required by the lessee for the lessee's own use but not for sale or disposal; with power also to the lessor to make roads through the demised lands, and for such purposes or any of them to erect or build houses and other convenient buildings thereon, on paying compensation for damage done to the surface only, the amount of such compensation in case of disagreement to be ascertained and determined by arbitration.
- (2.) The lessee shall and will during the term of the lease pay the rent reserved thereby free and clear from all deductions or abatements whatsoever, and shall and will pay all rates, taxes, charges, or assessments now made or hereafter during the said term assessed, charged, or imposed upon the demised premises, or tenant in respect thereof, or upon any buildings or improvements thereon; and in case any of the said rents shall at any time be and continue in arrear and unpaid for fourteen days next after any of the days appointed for payment thereof, the lessee will (if demanded) pay to the lessor interest upon such arrears at the rate of £8 per centum per annum, calculated from the time appointed for the actual payment of such rent to the time of actual payment thereof; and such interest shall for all purposes, whether of distress or otherwise, be deemed to be rent payable under the demise, and be payable and recoverable by distress or otherwise in the same manner as the rent reserved under the demise may or can be.
- (3.) No lessee shall transfer the possession or occupation of the land leased to or occupied by him, or any part thereof, by sale, underlease, or other disposition, except the Board shall sanction the proposed transfer, and until such lessee has been twelve months in possession or occupation of the demised land.
- (4.) When a statutory declaration is required from any lessee, no transferee, and no purchaser of any lease under any power of sale vested in any mortgagee, assignee, or trustee in bankruptcy, shall be admitted into possession or occupation of the land comprised in such lease until he has deposited with the Board a statutory declaration in the same form or to the same effect.
- (5.) Every lawful transferee of any lease, or purchaser as aforesaid of any lease, shall have all the rights and privileges, and be subject to the same obligations, as the original lessee: Provided that the transferor shall be liable for the instalment of rent which shall become due next after such transfer.
- (6.) No transfer of any lease shall be valid unless all the conditions upon which the lease was granted have been complied with as to payment of rent or otherwise up to the date of such transfer.
- (7.) If any lessee or licensee shall fail to fulfil any of the conditions of his lease within sixty days after the day on which the same ought to be fulfilled, his lease shall be liable to be forfeited, and he shall be deemed, upon such forfeiture, to be in illegal occupation of the land comprised in the lease, and the Board may proceed for recovery of possession thereof without prejudice to the right of the lessor to recover any rent then due or payable, or any right of distress, action, or suit that may have arisen prior to such re-entry.

The foregoing conditions as regards leases shall operate and shall be deemed to bind the Board and the lessee as fully and effectually as if they were set forth in every lease.

18. The lessee shall be liable for all rates, taxes, or assessments of every nature or kind whatsoever imposed upon the occupier of the lands included in his lease during the term for which he is lessee.

19. The Board, upon being satisfied that any lease has been lost or accidentally destroyed, may grant a new lease in lieu thereof, upon such terms and conditions and upon payment of such fee in each case as it shall think fit. When any indorsement is required to be made on any lease, and the same is lost or destroyed as aforesaid, the Board may grant a new lease in lieu thereof, and make the required indorsements thereon, or, if it shall so think fit, may incorporate the substance of the indorsements with the terms of the original lease, and insert them together in the new lease.

20. The Board and the lessee shall each execute the lease in triplicate.

21. Every lease, after execution thereof as aforesaid, shall be registered by the Board under "The Land Transfer Act, 1885," or any Act hereafter passed in lieu thereof, in like manner, as nearly as may be, *mutatis mutandis*, as a Crown grant is registered; and the lease which is retained in the office of the District Land Registrar shall form a folium of the register-book in such office, and on it all dealings therewith shall be registered; but no fee shall be payable by way of contribution to the assurance fund on the registration of any such lease.

All dealings with or transmissions of land comprised in such lease shall be made in accordance with the provisions of the last-mentioned Acts, and be in all respects subject thereto.

22. All dealings with or under leases in contravention of the provisions of the said Act as to transfers of leases shall be absolutely void, and the District Land Registrar shall refuse to register any dealing with or under a lease until he is satisfied that the said provisions have been complied with.

23. Whenever a lease is to be sold or otherwise disposed of, the valuation of the improvements shall, in all cases where it is not otherwise provided by the said Act, be made as by section eighty-three hereinafter provided; and payment of such valuation shall be made to the Board on or before the day of the commencement of the term of the new lease by the purchaser of such lease.

Whenever a lease is forfeited for breach of conditions, the Board shall cause such valuation to be made on recovering possession of the land.

24. The amount of the valuation of the improvements, when paid by the purchaser of a new lease, shall be paid by the Board to the original lessee, less any arrears of rent or other moneys due in respect of such land by the outgoing tenant; and, in case of forfeiture, less also the amount of expenses incurred in recovering possession of the land and the lease or other disposal thereof.

25. In every case of the forfeiture of a lease for breach of conditions, the payment of the amount of the valuation of improvements, or of any part thereof, shall be absolutely at the discretion of the Board.

26. If payment of any such valuation is not made as aforesaid, the Board may sue for and recover the same in any Court of competent jurisdiction from the person who should make such payment.

27. No outgoing tenant shall have any right or claim against the Maori owners or the Board in respect of the value of any improvements made by him on the lands in his occupation, in case any person shall fail to pay such value to the Board.

28. All claims for compensation in respect of any matters arising under the said Act, or for value of improvements or other matters, shall, unless otherwise specially provided, be settled in the manner provided in Part III of "The Public Works Act, 1905," for which purpose the said Part III shall be deemed to be incorporated with the said Act.

In every such claim the Board shall be the respondent.

29. Where it is provided or agreed that any matter shall be referred to arbitration, then such reference, unless herein otherwise provided, shall be to one or more arbitrators appointed by the parties on each side respectively, and an umpire to be appointed by such arbitrators.

(a.) If either party shall fail to appoint an arbitrator within twenty-one days after being requested in writing to do so by the other party, then the arbitrator appointed by the other party shall alone conduct the arbitration, and his decision shall be final and binding on both parties.

(b.) If the said arbitrators shall fail to agree upon the matter referred to them within twenty-eight days of the same having been so referred, then the matter so referred shall be decided by an umpire to be appointed by the said arbitrators, whose decision shall be final and binding on both parties.

(c.) Every such arbitration shall be carried on in the manner prescribed by "The Arbitration Act, 1890," and be subject to such last-mentioned Act in the same manner as if the reference to such arbitration had been made by consent of parties under a deed.

(d.) Each party shall pay his or its costs of such reference, and any costs incidental to the appointment of an umpire shall be paid equally by the parties to the arbitration.

(e.) Such arbitrators or umpire shall have all the powers vested in Commissioners by "The Commissioners' Powers Act, 1867," as well as all the powers given to them by "The Arbitration Act, 1890."

30. Before any appraiser enters into the consideration of any matters referred to him under the said Act, he shall, in

the presence of a Justice of the Peace, make and subscribe a declaration as in the Form N in the regulations, or to the same effect and meaning.

#### Renewal of Leases.

31. Not sooner than one year and not later than three months before the end of the term for which the lease is granted, a valuation shall be made by arbitration, or in some other manner that may be agreed upon between the Board and the lessee, of the then value of the fee-simple of the lands then included in the lease, and also a valuation of all substantial improvements of a permanent character made by the lessee during the term and then in existence on the land then comprised in the lease.

The publishing of the valuations made as aforesaid may be effected by serving a copy of the same on the lessee and another copy on the Board; and thereafter, but not later than two months before the expiry of the term for which the lessee then holds the lands, the lessee shall elect, by notice in writing delivered to the Board, whether he will accept a fresh lease of the said lands for a further term of ten years from the expiration of the then term, at a rental equal to not less than five pounds per centum on the gross value of the lands after deducting therefrom the value of the substantial improvements of a permanent character as fixed respectively by the valuation.

32. If the lessee shall not elect to accept a renewal as above mentioned, or shall refuse or neglect to execute a lease within seven days after the same is tendered to him for the purpose, a lease of the said lands shall, not later than one month before the end of the term for which the terminating lease was granted, be put up to public competition by public tender for such term as the Board may consider fit, on the following terms and conditions:—

- (a.) The upset rent shall be such rent as shall be fixed by the Board, not being a greater sum than that at which the lease was offered to the outgoing lessee under the last preceding clause.
- (b.) The amount of such upset rent shall be stated in the advertisements calling for tenders; and it shall be a condition of tender that the tenderer shall, together with his tender, deposit the amount of one half year's rent, which shall be returned to him if he fails to obtain the lease.
- (c.) If any person other than the outgoing lessee be declared the purchaser, he shall, within seven days after the day fixed for opening the tenders, pay over to the Board the amount of the value of the substantial improvements of a permanent character as fixed in manner provided by the last preceding clause.
- (d.) When the day has arrived on which the terminating lease expires, or thereafter, if the Board shall have satisfied itself that the outgoing lessee has let the new lessee into quiet possession of the lands to be leased, and that none of the improvements on the lands which were thereon when the valuations mentioned in the last preceding clause were made have been destroyed or appreciably damaged, the Board shall pay over to the outgoing lessee the amount received by it from the incoming lessee as aforesaid.
- (e.) If any of the improvements as mentioned in the preceding subclause have been destroyed or appreciably damaged, as in the said subclause referred to, then the value of the improvements so destroyed, or the cost of repairing such damage, shall be decided by the Board or some person appointed by it; and the amount so fixed, with the costs attending such decision, shall be deducted from the amount payable as aforesaid to the outgoing lessee, and, save the amount deducted for costs, shall be returned to the incoming lessee.

33. If such lease shall not be disposed of as above mentioned to some person other than the lessee, or if such person fails to execute the lease in triplicate within thirty days, or to pay the sum offered by him as aforesaid within thirty days, from the day on which the tenders were opened, then the lessee may again, within sixty days after the day fixed for the opening of the tenders, elect in manner aforesaid whether he will accept a fresh lease as aforesaid; and if he does not elect to accept the same, or refuses or neglects to execute such lease within seven days after the same is tendered to him for the purpose, then he may continue as lessee of the said land from year to year, so long as he shall pay the rent reserved by his lease and observe and perform the covenants and conditions contained in the same or in this Act, or until the Board shall succeed in finding a purchaser of the new lease, unless, prior to the finding of such purchaser by the Board, he shall elect to accept a new lease for the said further period of ten years as aforesaid.

34. The Board, in selling a renewed lease to a purchaser, may make provision that the right to take possession under such new lease shall always commence on the 1st day of January or of July in any year.

35. All the provisions of the foregoing rules and regulations (except the provisions as to cultivation) as regards the tenders for sale, form, and conditions of first leases made under the said Act, and otherwise howsoever as regards such leases, shall, *mutatis mutandis*, apply to the sale, form, and conditions of the new or renewed leases above mentioned, and to the lessees thereunder, and otherwise howsoever, except as herein is otherwise expressly provided.

Notwithstanding anything in the foregoing regulations contained, the Board reserves to itself the right to refuse to accept the highest or any tender.

## NATIVE LAND COURT NOTICES.

*Order under Section 39 of "The Native Land Court Act, 1894."*

## IN THE NATIVE LAND COURT OF NEW ZEALAND.

In the matter of Section 58 Block XII, Waikouaiti, and of an order of the above Court on investigation of title, dated the 26th day of March, 1887; and in the matter of an application, under section 39 of the said Act, by the District Land Registrar at Dunedin to amend the error in the said order by defining the meaning of the words "subject to water reserve," which words are inserted in the said order, but by error or omission the meaning or purport of the same are not defined in the said order.

WHEREAS the said application was referred by the Chief Judge of the said Court to the Native Land Court for inquiry and report, and the same has been duly reported on:

Now, therefore, for the purpose of rectifying the said error and defining the meaning of the said words, and in exercise of the powers vested in me as Chief Judge of the Native Land Court, I hereby order as follows: That the meaning of the said words is, "Subject to an easement or right to and for all the owners, their successors, lessees, and assigns, of and in the said Block XII to enter upon said Section 58 for the purpose of drawing water and taking the same away from the spring situate at the head of the stream shown on the plan in the said order; provided that such easement shall only be exercised when drinkable water cannot be obtained from such stream at the road shown on the said plan." The said order is hereby amended accordingly.

As witness my hand, this 7th day of January, 1907.

JACKSON PALMER, Chief Judge.

*Order under Section 39 of "The Native Land Court Act, 1894."*

## IN THE NATIVE LAND COURT OF NEW ZEALAND.

In the matter of the land known as Ohao No. 1 and Ohao No. 2, and of the investigation of title thereto; and in the matter of the application of Wiki te Paa to the Chief Judge of the Native Land Court, in pursuance of section 39 of "The Native Land Court Act, 1894," in respect thereof.

WHEREAS the said application was referred to the Native Land Court for inquiry and report, and it appears upon inquiry held that the names of Wiki te Paa, Hemi te Paa, and Mei te Paa were by mistake omitted from the order of the Native Land Court, made on the 16th day of October, 1901, for Ohao No. 2, and the partition order of the said Ohao No. 2, and called Ohao No. 2B, made on the 3rd day of April, 1905, and that the said Wiki te Paa, Hemi te Paa, and Mei te Paa are entitled to a share or interest therein:

Now, therefore, I, the undersigned, Chief Judge of the said Court, in pursuance and exercise of the powers in that behalf conferred on me by the said section 39 of the said Act, and for the purpose of rectifying the said mistake, do hereby order that the said orders of the Court be amended by adding to the list of persons found entitled to the said land the names of Wiki te Paa, four shares; Hemi te Paa, three shares; and Mei te Paa, two shares, as owners of the said land.

As witness my hand, this 15th day of January, 1907.
