Present :

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS the Palmerston North Borough Council did publicly notify the resolution to make a special order taking over a private street known as Ruahine Street and declaring the same to be a public street, and such resolution was subsequently confirmed by the Council on the eighth day of January, one thousand nine hundred and seven : And whereas an irregularity occurred in making such notification, inasmuch as the public notice of the time and place fixed for the meeting of the said Council for the purpose of confirming the said resolution was not given once in each of the four weeks immediately preceding the day fixed for such meeting, being omitted from publication on the seventh day of January, one thousand nine hundred and seven, though such notice was published in the *Manawatu Daily Times* on the seventeenth, twenty-fourth, and thirty-first days of December, one thousand nine hundred and six : And whereas it is expedient to validate the said notification :

Description of Runs.

186D: Splendidly grassed land. Altitude, from 1,300 ft. to 1,700 ft. More than half the area has a north-east aspect, and consists of warm ridges and gullies, which provide safe lambing-country. A fairly large portion could be successfully cultivated. The soil of this run is good, and there is a plentiful supply of water. Distant from Outram Railway-station about seventeen miles. The improvements, valued at £62 11s., consist of half north-west boundary-fencing, 138 chains; and half south boundary-fencing, 59 chains.

186E: Very good sheep country; splendidly grassed and watered. A large portion of the area may be cultivated, and the soil is good throughout. The faces above Lee Stream are well sheltered and warm and provide suitable lambing-ground. Distance from Outram Railway-station, about fourteen miles. The improvements, valued at £62 6s., consist of half of part of the east boundary-fencing, 32 chains, and half fencing on south boundary, 181 chains.

Run 186: Very fair pastoral country, with an elevation ranging from 1,300 ft. to 2,000 ft. About one-third of the area lies to the sun, the remainder having a south-westerly aspect. Well watered, and contains a very good sole of native grass and tussock. An area lying between Commonage Creek and the east boundary could be cultivated. Situated about two miles from Waipori School and Post-office, and about sixteen miles from Outram and Lawrence. The improvements, valued at £191 16s. 6d., consist of half north boundary-fencing, 177 chains; half west boundary-fencing, 110 chains; half east boundary-fencing, 118 chains; and half south boundary-fencing, 178 chains.

Run 186A: High pastoral country, reaching an altitude of 2,400 ft.; well watered and well grassed. The slopes towards the Lee Stream are well sheltered and warm, and would probably provide the necessary lambing-country. The greater part of the area has a northerly or an easterly aspect. Distance from Outram Railway-station, twenty to twenty-one miles. The improvements, valued at £84 11s. 6d., consist of half north boundary-fencing, 179 chains; and half west boundary-fencing, 66 chains.

186B: Well-grassed country, with, generally speaking, an eastern aspect. The faces lying towards the Lee Stream are well sheltered and warm, and would probably provide lambing-ground as well as a few paddocks for cultivation. Distance from Outram Railway-station, about eighteen miles. There is a fine sole of native grasses and a good supply of water. The improvements, valued at £58 16s., consist of half fencing on west boundary, 70 chains; half fencing on east boundary, 64 chains; and a hut.

186C: This run has rather a poor aspect, the greater part of the area lying to the south-west. It is, however, clean healthy country, well watered, and situated about eighteen miles from Outram. The improvements, valued at £120 9s., consist of half fencing on west boundary, 60 chains; half fencing on east boundary, 62 chains; half fencing on south boundary, 164 chains; subdivisional fencing, 40 chains; and sheep-yards.

The boundaries of the runs are liable to adjustment, and in the event of any alteration in area rentals will be amended accordingly.

Commissioner of Crown Lands.
