IN pursuance and exercise of the powers and authorities conferred upon him by "The Products Export Act, 1903" (hereinafter termed "the said Act"), His Excellency the Governor of the Colony of New Zealand, acting by and with the advice and consent of the Executive Council of the said colony, doth hereby revoke the Order in Council made under the said Act on the eleventh day of April, one thousand nine hundred and seven, and published in the *New Zealand Gazette* of the eighteenth day of April, one thousand nine hundred and seven, and, as from the date on which the regulations hereby made come into force, doth hereby revoke the regulations made under "The Flax Grading and Export Act, 1901," on the seventh day of May, one thousand nine hundred and two, and published in the *New Zealand Gazette* of the eighth day of May, one thousand nine hundred and two, and doth hereby make the following regulations, and doth also declare that the said regulations shall come into force and take effect on and after the first day of October, one thousand nine hundred and seven:—

REGULATIONS.

 - "Grader" means any grader of New Zealand hemp appointed under the said Act.
 - "Mill" means any premises in which New Zealand hemp is baled for export.
 - "Miller" means the occupier of a mill, and includes the occupier's agent or manager, and also includes in the case of a company the managing director, manager, secretary, or other principal officer of the company in New Zealand.

Length after leaving press	4 feet.
Width after leaving press	2 feet.

 (2.) No bale shall weigh more than 4 cwt., or contain any hank exceeding 5 lb. in weight.
 (3.) Each bale shall be securely bound with five bands made of hemp of a quality equal to the average of that contained in the bale.
 (4.) Every miller shall cause to be placed in each bale of hemp baled by him for export, before it leaves his mill, a piece of wire about two feet long, bearing a tin tag at one end and a stout leather tag at the other; the tin tag to be in the middle of the bale, and the leather tag to hang

from the end of the bale, as shown in diagram No. 1 in the Second Schedule hereto:

Provided that where it is necessary for transit purposes from his mill any miller may, with the consent of the grader, forward his hemp for grading in bales or pockets of less dimensions or weight than prescribed in clause two of these regulations, but the bales or pockets so forwarded must have the registered brand attached to them in a manner approved by the grader, and must be dumped into bales at the grading-store to the satisfaction of the grader, who may in such cases authorise the placing of the tags in the bales at the grading-store.

(2.) The tin tag shall be of the shape shown in diagram No. 2 in the said Second Schedule, and shall be four and a quarter inches long by two and a quarter inches wide, and shall have impressed into it, in letters three-quarters of an inch in height, the registered brand of the mill where the hemp was baled, and a consecutive number, which shall be deemed the number of the bale; such numbers shall run consecutively to the end of each milling season, but in no case shall the consecutive number exceed 500, unless an extension of the numbers beyond that limit is approved by the grader.

(3.) The leather tag shall be of the shape shown in diagram No. 3 in the said Second Schedule, and shall be five inches long by two and a quarter inches wide. It shall have impressed into it, in letters three-quarters of an inch in height, the registered brand of the mill where the hemp was baled and the said consecutive number of the bale. A space measuring two and a half inches by one and a quarter inches shall be left on the leather tag to enable the grader to affix the grade-mark in the position indicated in diagram No. 3 aforesaid.

4. (1.) Every miller shall, in respect of each mill of which he is the occupier, apply to the Secretary for Agriculture, Wellington, for registration of the brand intended to be used by him in compliance with clause three of these regulations, and no miller shall use any such brand until he has been advised by the said Secretary that it has been registered. Every such application for registration shall be in or to the effect of the form numbered 1 set out in the First Schedule hereto. Forms can be obtained free of charge from the said Secretary. No brand shall be registered which in the opinion of the said Secretary is likely to lead to mistakes or confusion.

(2.) Brands used by millers of which particulars have been forwarded to the said Secretary in accordance with the regulations made on the seventh day of May, 1902, shall not be used on and after the date on which these regulations come into force, unless the said brands have been registered by the said Secretary as herein provided.

(3.) Any miller disposing of the mill in respect of which any brand has been registered as provided in this clause may, by writing addressed to the said Secretary, transfer his right to such brand to the person to whom he has disposed of the mill, and the said Secretary shall thereupon alter the register accordingly.

(4.) No fee will be charged for the registration or transfer of millers' brands.

(5.) The said Secretary may at any time, after giving him one month's notice in writing, cancel any miller's brand if satisfied that it has not been used during the preceding three years.

7. (1.) The owner shall at the same time submit the hemp for grading by giving the grader at, and the person in charge of, the appointed grading-store in which the hemp is being stored full particulars in writing of the brands and numbers on the bales, and the total weight of the parcel.

(2.) Where there is an appreciable difference in the quality of the hemp the owner shall submit it for grading in separate parcels of a uniform quality, with a distinguishing mark for each parcel except the largest, and a separate advice, showing the distinguishing mark, shall be given for each such parcel.

(3.) Forms for the notification of such particulars may be obtained from the Government Printer, Wellington, at the rate of one shilling per book of fifty forms.

8. (1.) No hemp will be graded unless all the foregoing provisions have been complied with.

(2.) Any hemp which on being opened for grading is found to be in a wet or damp condition will not be graded, but such hemp may be dried and resubmitted for grading. The charge for grading provided by clause twelve of these regulations will, however, be made in respect of each lot of hemp found to be in a wet or damp condition, and a separate charge made when the same lot is resubmitted for grading.

9. Every owner of hemp sending the same to any of the appointed grading-stores must make his own arrangements for the transit of the hemp to and from the store, and also for its shipment, including receiving, storage, opening of bales and drawing of hanks for examination, rebailing, packing, delivery, and any other service, including insurance and protection from damage or loss of any kind, as the Government undertakes no such duty and incurs no liability in any such connection.

10. In grading hemp the following will be the maximum points for allotment:—

For stripping	25 points.
For scutching	25 "
For colour	25 "
For strength	25 "
Total	100 "

11. The following will be the standards on which the grades will be determined:—

A grade ("Superior")	..	90 to 100 points, both inclusive.
B " ("Fine")	..	80 to 89 "
C " ("Good Fair")	..	70 to 79 "
D " ("Fair")	..	60 to 69 "
E " ("Common")	..	50 to 59 "
F " ("Rejected")	..	under 50 "

Provided, however, that any grader may absolutely condemn any hemp which, in his opinion, has been so badly treated as to make it useless for the purpose of manufacture or for any other trade purpose.

12. The charge for grading hemp shall be 1d. per hundred-weight or part of a hundredweight, calculated on the actual weight. This charge shall be computed separately on each lot submitted for grading, and shall be payable by the owner on demand. Any hemp resubmitted for grading in accordance with any of the provisions of these regulations shall be treated as a separate lot.

13. As soon as possible after determining the grade of any hemp the grader shall impress into the leather tag attached to each bale thereof a mark (herein called a "grade-mark") indicating the grade of such hemp as determined in accordance with clause eleven hereof; and shall also, if he is satisfied that the hemp is intended for export, sign and deliver to the owner a certificate of the said grade (hereinafter called a "grader's certificate") in or to the effect of the form numbered 2 set out in the First Schedule hereto. He shall also, if requested, sign and deliver a report on the hemp to the miller whose brand it bears.

14. On the request of the owner any grader shall substitute for separate certificates issued at the time of grading one inclusive certificate for two or more lots shipped by the same vessel. Blank forms for this purpose will be supplied on application to any grader, and must be filled in by the owner and submitted to the grader for his signature. The separate certificates issued at the time of grading must in every case be returned before the inclusive certificate is given.

15. (1.) Owners' marks, which may be affixed to bales in the appointed grading-stores by owners, will be registered on application to the Secretary for Agriculture, but no such mark shall be used until the owner has been advised by the said Secretary that the mark has been registered. In no case shall the miller's brand be removed or in any way interfered with. In every instance the owner shall notify the grader immediately before affixing such marks.

(2.) No fee will be charged for the registration of owners' marks.

16. No person shall remove from an appointed grading-store, except for the purpose of immediately shipping it, any hemp in respect of which a grader's certificate has been issued, unless such certificate is first surrendered to a grader.

17. No hemp in respect of which the certificate has been or ought to have been surrendered in accordance with the last preceding clause shall be exported until it has been resubmitted for grading and a new certificate has been issued in respect thereof.

18. No person shall export, or attempt to export, or be concerned in exporting, any hemp unless it bears distinctly impressed on the leather tag provided for in clause three hereof the miller's brand, the number of the bale, and the grader's mark, and unless a grader's certificate in respect of such hemp has been issued and is still in force. A grader's certificate which has been surrendered, or which ought to have been surrendered in accordance with any of the provisions of these regulations, shall for all purposes be deemed to be cancelled and to be no longer in force.

19. In the case of hemp for export that, in the opinion of any grader, has become damaged or deteriorated after grading and before shipment, the owner thereof shall when directed by such grader to do so submit such hemp at an appointed grading-store for re-examination, and shall surrender to the grader the certificate issued in respect thereof. If the grade is altered on re-examination, all charges shall be payable by the owner as in the case of an original examination.

20. The decision of any grader as to the quality, condition, or grade of any hemp shall be conclusive, and no action or other proceeding shall lie against any grader, or against any other officer of the Crown, or against the Crown, in respect of any erroneous decision of a grader as to such quality, condition, or grade.

21. Except to dry, redress, or rebale the hemp, or to use the same for manufacturing or other trade purposes, no person other than a grader in the execution of his duties shall remove, or cause to be removed, wholly or partially, any miller's or owner's tag, brand, or mark, or any grader's mark, from any hemp.

22. No person shall alter or obliterate, wholly or partially, or cause to be altered or obliterated, any miller's or owner's tag, brand, or mark on any hemp; nor shall any person counterfeit any such tag, brand, or mark, or improperly impress or otherwise mark on any hemp any mark purporting to be the brand or mark of a miller or owner, either with the proper marking instrument of the miller or owner or with a counterfeit imitation thereof; or empty, or partially empty, or otherwise interfere with any bale of hemp branded by a miller in order to put therein or substitute any other hemp; or use for the purpose of branding any hemp any old tag bearing any miller's brand or grader's mark.

23. Any person committing a breach of any of these regulations is liable to a penalty not exceeding twenty-five pounds.

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by section fourteen of "The Harbours Act, 1878," it is enacted that the Governor in Council may vest the management of any wharf, the property of His Majesty, in any local governing body or person, upon such terms and conditions as the Governor in Council thinks fit: And whereas it is thought desirable to vest the management of the boat-slip wharf landing at Port Moeraki, in the Waitaki County, in Alfred Hill, of Moeraki; Michael Joyce, of Hill-grove; and William Nicholson, of Hampden (hereinafter called "the trustees"), as trustees for the inhabitants of the Waitaki County for the term and subject to the conditions hereinafter expressed:

Now, therefore, His Excellency the Governor of the Colony of New Zealand, by and with the advice and consent of the Executive Council of the said colony, and in pursuance and exercise of the power and authority vested in him by the said fourteenth section of "The Harbours Act, 1878," and of all other powers and authorities in anywise enabling him in that behalf, doth hereby vest the management of the boat-slip landing at Port Moeraki, which is shown on plan marked M.D. 2962, and deposited in the office of the Marine Department at Wellington, in the trustees as trustees for the inhabitants of the Waitaki County for the term and subject to the conditions hereinafter expressed:—

1. That all His Majesty's subjects shall at all reasonable times have free and full liberty to use the above-mentioned boat-slip landing, and of ingress and egress thereon and therefrom.

2. That His Majesty, or the Governor, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, and out of the boat-slip landing without payment.

3. That the trustees shall maintain and keep the above-mentioned boat-slip landing, and all erections on the same, in good order and repair; and shall at all times permit to be erected and exhibited therefrom any lights for the guidance of vessels, and shall maintain at their own cost any such lights: Provided that no new light shall be exhibited until after it has been approved of by the Marine Department.

4. That any person authorised by the Minister of Marine, or any officer acting with his approval, may at all reasonable times enter upon the said boat-slip landing and any buildings erected thereon, and view the state of repair thereof; and that, upon his leaving at the last known address of the trustees, or any one of them, in New Zealand a notice in writing of any defect or want of repair in such boat-slip landing or buildings, requiring them, within a reasonable time, to be therein prescribed, to repair the same, they shall, with all convenient speed, cause such defect to be removed or such repairs to be made.

5. That the trustees shall appoint all officers and servants required for the management and working of the said boat-slip landing.

6. That the trustees shall not erect, or suffer to be erected, on the said boat-slip landing any building or structure whatever except with the consent of the Marine Department.

7. That nothing herein contained shall authorise the trustees to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Commissioner of Trade and Customs, or with any provisions of "The Harbours Act, 1878," or its amendments, or any regulations thereunder.

8. That the rights, powers, and privileges conferred by this Order in Council shall continue in force for fourteen years, computed from the date of this Order in Council, unless in the meantime altered, modified, or revoked.

Any such notice shall be sufficient if given by the Governor or the Minister of Marine, or any person acting under his or their instructions, and delivered at the last known address of any one of the trustees in New Zealand. No compensation or allowance shall be payable in such case.

10. Notwithstanding anything hereinbefore contained, should any of the trustees die, or become bankrupt, or be incapable of acting, or should he leave the district, or for any other cause which, in the opinion of the Governor, should render it undesirable that he should remain a trustee, the Governor may in any such case, and from time to time, by Order in Council, declare that such person has ceased to be a trustee, and may appoint another person to act as trustee in his place, who shall have all the powers and authorities of the original trustee, and such original trustee shall thereupon cease to be a trustee.

Tekapo Village is situated at the southern end of Lake Tekapo, on the eastern side of the Tekapo River. It is distant twenty-six miles from Fairlie Township and Railway-station, and fronts upon the main road from Fairlie to Mount Cook Hermitage, being connected with both places by motor-car service. The position of the village on the shore of Lake Tekapo, which extends for eighteen miles into the midst of the mountains, the high altitude (2,360 ft. above sea-level), the dry and bracing climate, the magnificent view, and the proximity to mountain and glacier scenery, all combine to render the village admirably adapted for a week-end or holiday resort for town residents and others.

ANCHORAGE FOR VESSELS WITH EXPLOSIVES, PORT PHILLIP.

REFERRING to Notice to Mariners No. 180, dated 15th May, 1907, and previous notices regarding the anchorage for vessels with explosives within Port Phillip, it is hereby notified that the gas buoy to be substituted for the present black-can buoy on or about the 22nd August next will show a green occulting light, instead of a fixed white light as previously notified.

Such gas buoy, showing an all-round green occulting light, will be in 28 ft. low water, with the Altona black beacon in line with the railway water-tower at Newport, bearing N. 17° E., and the shed at the outer end of Truganina Jetty bearing N. 84° W., marking the most suitable anchorage to facilitate the discharge and shipment of explosives for vessels within the area defined by the regulations for vessels with explosives on board.

DIXON ENTRANCE.—PORT SIMPSON APPROACH.—HYDROGRAPHIC INFORMATION.—Information dated 9th April, 1907, has been received from Captain F. C. Learmonth, H.B.M. surveying vessel "Egeria," concerning the following dangers and islands in Dixon entrance, Port Simpson approach, British Columbia:—

McCullough Rock.—This rock, which appeared to have a depth of about 6 ft. over it and was observed to be breaking in a comparatively smooth sea, is located in a position from which East Devil Rock bears N. 39° E. true (N. by E. e'ly mag.), distant 7 miles, and the centre of Barren Island N. 28° W. true (N.W. $\frac{1}{2}$ W. mag.).

One mile north-westward of the rock there are depths of over 50 fathoms, and one mile northward of it depths of 16 fathoms.

Vessels are warned not to pass to the eastward of this rock, or between it and Zayas Island, until this passage has been examined.

Approx. position: Lat. 54° 35' N., long. 131° 12' W.

White Islands are a group of wooded islands extending about 1 mile from the north-western extremity of North Dundas Island, with foul ground between. The northernmost island is located about 5 $\frac{1}{2}$ miles N. 73° W. true (W. $\frac{1}{2}$ S. mag.) from the summit of Table Hill.

Zayas Island.—This island is about 3 miles long in a north and south magnetic direction, and 2 miles broad. The summit, which is near the southern end, is flat, and 295 ft. above high water. The north-western extremity of the island, a low wooded point, is located about 11 miles N. 84° W. true (W.S.W. $\frac{1}{2}$ W. mag.) from the summit of Table Hill. Dry ledges extend for about $\frac{1}{2}$ mile from this point. There are several rocks, 20 ft. above high water, located off the southern extremity of Zayas Island. The position of this island appears to differ considerably from that shown on the chart.

CHATHAM SOUND.—BROWN PASSAGE.—SHOAL LOCATED.—Information dated 11th April, 1907, has been received from

Captain F. Learmonth, H.B.M. surveying vessel "Egeria," of the existence of a bank, with a depth of 7 fathoms over it, in the approach to Brown Passage, Chatham Sound, British Columbia, located 2.1 miles S. 19° W. true (S. $\frac{1}{2}$ E. e'ly mag.) from the eastern extremity of Lucy Island.

Vessels are cautioned not to pass between this bank and the Lucy Islands, as further dangers probably exist.

6. No person shall be entitled to any compensation by reason of any damage to or by the destruction of any tree, plant, portion thereof, or fruits, or of any box or package, under these regulations.

7. No plant or portion thereof shall be introduced into South Australia from any country where the insect known as *Phylloxera vastatrix* is known to exist, unless accompanied by a declaration made by the grower before a Justice of the Peace, or British Consular agent in the State or country of origin, to the following effect:—

- (c.) That no phylloxera exists or has existed in the nursery or garden in which the plants have been growing.
- (d.) That the whole of the plants are free from the insect known as *Phylloxera vastatrix*.
