LOCALITY AND DESCRIPTION.

Piripiri Block adjoins the Piripiri and Matamau Railway-stations, on the Wellington-Napier Railway line, two miles from Dannevirke and seventy-seven miles from Napier. It was formerly covered with heavy mixed forest, but nearly all the marketable timber has now been milled. During last summer the greater part of the block was swept by fire, and on the burnt portions a mixture of English grasses was sown, with very good results. When thoroughly cleared and stumped the greater part of the low country, which is level and undulating, with good soil, will be ploughable. The high country is broken, with soil varying from fair to inferior. The range of altitude varies from 750 ft. to 1,350 ft. above sea-level. All the sections, with the exception of some of the small areas, are well watered, most of them by several streams. On the surrounding country dairying has been successfully carried on for a number of years, and all the small sections now offered are suitable for that class of farming. School and creamery sites have been reserved. The right to use the trolley-lines on Sections 2, 3, 5, 11, 12, 17, 23, 27, and 28, Block IX, and Section 33, Block XIV, Norsewood Survey District, is reserved until the expiry of existing timber-cutting rights.

Areas may be subject to slight alteration.

Successful applicants will have no claim to fences other than those on the Main Road frontage. The right to allow the removal within three months of all other fences on the block is retained.

The owners of buildings will be allowed two months in which to remove or otherwise dispose of them.

As witness the hand of His Excellency the Governor, this third day of December, one thousand nine hundred and eight.

THE "NEW ZEALAND NAUTICAL ALMANAC AND TIDE-TABLES" AND SUPPLEMENT TO THE "NEW ZEALAND PILOT," SEVENTH EDITION, 1901.

Marine Department,  
Wellington, N.Z., 3rd December, 1908.

NOTICE is hereby given that the Marine Department has now published the "New Zealand Nautical Almanac and Tide-tables" for 1909, with supplementary information to date relating to the "New Zealand Pilot," seventh edition, 1901.

The work contains about 400 pages, twenty-five folded plans of New Zealand harbours and wharves, five coloured maps of New Zealand, one illustrating the different kinds of lighthouses, two showing separately on North and South Islands the magnetic variation curves for 1908, and the other two showing the railway and steamer communication up to date for both Islands.

Besides the information with plans about the principal harbours of New Zealand, there are this year eighty-five pages supplementary to the "New Zealand Pilot," edition 1901, to keep that work up to date. Thirty pages have been given to cautions and informations, &c., relating to fires on ships, gathered from reports, &c., of Royal Commissions held in England and in this country. Several pages are devoted, as in previous editions, to courses and distances around New Zealand, and to many overseas ports.

Two or three additional nautical tables have been added this year, viz.: Azimuth and reduction tables for star Polaris, and a table giving the approximate apparent times of the meridian passages of 107 of the principal fixed stars, forty-five of them being circum-polar stars, for which the times of the inferior transit are given as well as the superior.

The table for correction of altitudes of sun and star has been recalculated with data from the latest authorities, and enlarged so as to include height of eye from the decks of the smallest to the largest vessels afloat.

The work may be obtained at the shipping offices at Auckland, Wellington, Lyttelton, and Dunedin, at the Customhouses in other ports, and from any booksellers who stock it. Price, 2s. 6d.

*Subsidies to Public Libraries.*

Education Department,  
Wellington, 6th October, 1908.

NOTICE is hereby given that the sum of £3,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 4th February, 1909, and no claim will be entitled to consideration that shall not have been sent in in due form and received by the Secretary for Education, Wellington, on or before the 27th January, 1909.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1908; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1908, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of "The Libraries and Mechanics Institutes Act, 1908," or "The Municipal Corporations Act, 1908," pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; and from voluntary contributions other than members' subscriptions, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and expenditure of the institution for the year herein specified; that the whole of the subsidy received during the year was expended in the purchase of books for the library; and that by the rules of the library it is open to the public free of charge.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of "The Justices of the Peace Act, 1908." (Signature.)

Declared at this day of 190 before me— Justice of the Peace [or Solicitor, or Notary Public].

[Here affix and cancel a stamp at 2s. 6d.]

[NOTE.—The words relating to last year's subsidy and to free admission may be struck out if they are not applicable. The words in brackets are not part of the form, but indicate matter to be inserted or substituted.]
