WHEREAS by section one hundred and twenty of "The Public Works Act, 1908" (hereinafter called "the said Act"), it is, *inter alia*, enacted that the Governor may, by Warrant under his hand publicly notified and gazetted, direct that any bridge already constructed, or which may hereafter be constructed, over or across any river or arm of the sea respectively shall, from and after a date to be fixed in such Warrant, be under the exclusive care, control, and management of such local authority as shall be mentioned in that behalf in such Warrant; and may by any such Warrant as aforesaid fix and determine whether all or any, and if so what part, of the cost, whether theretofore incurred or thereafter to be incurred, of maintaining, repairing, improving, or reconstructing any such bridge is to be provided and paid by the local authority or local authorities; and may by any such Warrant as aforesaid direct how, when, and to whom any such payment is to be made:

And I do also hereby direct that the contribution hereby required to be made as aforesaid by the Pahiatua County Council towards the cost of maintaining, repairing, or improving the said bridge, and of all protective works, shall be paid from time to time, in the proportion hereinbefore prescribed and agreed upon, by the County of Pahiatua out of the county fund of the said County of Pahiatua, within a period of three months after a demand in writing made by or on behalf of the Borough Council of Pahiatua, stating the amount so required to be paid and the purpose for which it is required, shall have been left at the office of the Pahiatua County Council, and the payments so required to be made shall be made from time to time to the Clerk of the Pahiatua Borough Council for and on behalf of the County Council of Pahiatua.

And I do hereby cancel and revoke the Warrant dated the second day of October, one thousand nine hundred and eight, vesting the control of and apportioning the cost of maintaining the said bridge, published in the *New Zealand Gazette* No. 76, of the eighth day of October, one thousand nine hundred and eight.

Warrant authorising the Whakatane County Council to construct a Bridge over the Whakatane River on the Main Road between Opotiki and Rotorua near the Town of Whakatane, and apportioning the Cost.

PLUNKET, Governor.

WHEREAS by section one hundred and nineteen of "The Public Works Act, 1908" (hereinafter termed "the said Act"), it is, *inter alia*, enacted that in any case where the local authority of any district desires to construct a bridge, or to establish a ferry or ford, in any position that will, in its opinion, be of advantage or benefit to the whole or any considerable portion of the inhabitants of an adjacent district, as well as to the inhabitants of its own district, and where it is, in the opinion of such local authority, reasonable that the local authority of such adjacent district should contribute to the cost of constructing or establishing the said bridge, ferry, or ford, the provisions of the said section shall have effect:

And whereas by section four of "The Public Works Act Amendment Act, 1908," it is provided, *inter alia*, that if the Governor is of opinion that such work should be done he may, if he thinks fit, by Warrant under his hand publicly notified and gazetted, authorise any local authority to execute such work either as originally proposed or with such alterations as are agreed on between the local authorities concerned:

And whereas the Whakatane County Council has given notice and taken the steps required by the said Act, and has made application to the Governor to authorise the construction of the bridge mentioned in the Schedule hereto, and hereinafter referred to as "the said bridge," and to apportion the cost of constructing and establishing the said bridge between the said Council and the Opotiki County Council:

And whereas since such notice has been given and steps have been taken it has been agreed between the Councils of the Counties of Whakatane and Opotiki that the design of the bridge should be altered by departing from the original specifications submitted, by erecting the said bridge in ferro-concrete in place of wood, and by increasing the width of the said bridge to fifteen feet two inches:

And whereas I am of opinion that the work as altered should be done, and it is expedient to make provision under the said Act for the purposes and in the manner hereinafter set forth:

Now, therefore, I, William Lee, Baron Plunket, the Governor of the Dominion of New Zealand, in pursuance and in exercise of the powers vested in me by the said Acts, and of all other powers and authorities in anywise enabling me in this behalf, do hereby authorise the Council of the County of Whakatane to execute the work as altered aforesaid; and I do hereby declare that the cost thereof, less such contribution as may be made thereto (if any) by the Government of New Zealand, shall be borne by the Council of the County of Whakatane and the Council of the County of Opotiki in the following proportions, viz.: The Council of the County of Whakatane to bear ninety per centum of such cost, and the Council of the County of Opotiki to bear ten per centum of such cost.

And I do hereby also further direct that any contribution hereby required to be made as aforesaid by the County Council of Opotiki shall be paid from time to time respectively in the proportion hereinbefore prescribed out of the funds of the said county, within a period of thirty days after demand in writing made by or on behalf of the Whakatane County Council, and all such payments shall be made from time to time to the Clerk of the said County Council for and on behalf of such County Council.

And I do hereby cancel and annul the Warrant dated the twenty-fifth day of August, one thousand nine hundred and eight, authorising the Whakatane County Council to construct a bridge over the Whakatane River near the Town of Whakatane, and apportioning the cost, in terms of section one hundred and eighteen of "The Public Works Act, 1908."

LOCALITY AND DESCRIPTION.

This portion of the Waimarino Block now under offer takes in the basins of the Makino, Ruatiti, and Ohanga Streams.

Access is by the Raetihi-Ohura Road from Raetihi, which is about 14 miles distant from the southern extremity of the block, 5 miles of which is a metalled dray road, 7½ miles unmetalled dray road, and 1½ miles 6 ft. horse-track. There is a cage across the Manganui-a-te-ao River, and also a rough ford. There will also be a connection with the Eherua Railway station by Makino and Eherua Roads.

The block comprises fairly steep slopes, ranging in altitude from 950 ft. on the Manganui-a-te-ao River to 1,000 ft. on the tops of the ridges, the highest point being the Otatu Trig. on the east, which is 2,475 ft. There are a few small flats up the Ruatiti and Makino Streams sufficient for homestead sites. Both these streams are gorgy throughout the block, but being of no great width can easily be bridged.

The bush is principally tawhero and rata on spurs, tawa, tawhero, rjmu, hinau, miro, rewarewa on sidelings and in basins, and some kahkatea and matai on the flats. The undergrowth, which is dense, consists of karamu, mahoe, kotukutuku, rangiora, supplejacks, ferns, and mosses.

Sections 9, 13, and 14, Block IX, Manganui Survey District, are more broken than the rest of the block, and have birch ridges running through them.

The soil is of a light description, shallow on spurs on sandstone formation, and deeper in basins, and on sidelings on papa formation.

The sections are well watered by permanent small creeks. The Ruatiti and Makino Streams are rather too gorgy to be of much use in this respect. The district generally is reputed to have a copious rainfall.

As witness the hand of His Excellency the Governor, this fifteenth day of December, one thousand nine hundred and eight.

E. J. VON DADELSZEN,  
Registrar-General.

\* It may be that in some instances the places given under the heading "Residence" are not the present places of abode of the respective persons. They have been copied, however, as they stand in the General Register; and if they are inaccurate in any case it is because the changes of residence have not been officially notified to the Registrar-General, as it is obviously desirable that all such changes should be.

Wellington, 6th October, 1908.

NOTICE is hereby given that the sum of £3,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 4th February, 1909, and no claim will be entitled to consideration that shall not have been sent in in due form and received by the Secretary for Education, Wellington, on or before the 27th January, 1909.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1908; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of "The Justices of the Peace Act, 1908."

*Descriptions of Runs.*

Runs 204E, 204B, 204D, and 204F adjoin each other, No. 204B being close to Hamilton South Post-office. No. 204B is much better than the others, the country being warm, the aspect good, and the feed sweet. The other runs are summer country on which the altitude rises to 4,000 ft.

Run 205H is situated about three miles west of Hyde. The country is poor and covered with snow-grass and spear-grass. Altitude from 3,000 ft. to 4,000 ft.

Run 306 is distant about half a mile from Wedderburn, close to the Otago Central Railway, and within easy distance of a school. It has a frontage to a main road. The average altitude is about 2,500 ft., the elevation varying from 1,850 ft. to 3,250 ft. The aspect is southerly, and this, taken with the altitude, makes the country cold.

Runs 171D, 171C and 171G (grouped) adjoin, and are situated from twelve to fifteen miles from Waikouaiti Railway-station. The highest point is 2,400 ft. above sea-level. The vegetation consists of coarse grass, silver-tussock, and snow-tussock.

Run 129 is situated about nine miles south-west of Warepa Railway-station, in a direct line. It is covered with fern, scrub, and coarse tussock.

Runs 121A and 121K (grouped) are situated about four miles from Middlemarch Railway-station. This country is somewhat cold and sour, the vegetation being coarse grass, silver-tussock, and snow-tussock.

Runs 96, 97, and 98 (grouped) face the Makarora River. The country is exceedingly rough and difficult to work. The greater part of the upper run is covered with bush and practically valueless for grazing, with the exception of the small flats near the homestead. The lower front run is only of value above the fern-level of about 2,000 ft., and from this upwards the tussock seems fair. The low land is comparatively poor.

Runs 95 and 430A (grouped) comprise a fairly good flat along the western side of the Hunter River, with a large extent of exceedingly rough country behind.

Section 37, Block VI, Table Hill District, fronts the Tokomairiro River, and is distant about six miles from Milburn Railway-station by formed road.

Section 16, Block VII, Table Hill District, is situated about five miles from Round Hill Railway-station, on the branch line to Lawrence.

Run 5 of C is situated about thirty-four miles from Kurow Railway-station. It extends in a narrow belt from near the confluence of the Ahuriri with the Waitaki River to about one mile above Totara Creek. It includes some islands in the Ahuriri River. The main road skirts the south-west side of the run. The country is low-lying at an altitude from 1,000 ft. to 1,200 ft. above sea-level.

Commissioner of Crown Lands.

#### Descriptions of Runs.

Run 308c forms part of Linburn Station, and is distant about eight miles from Patearoa Township and post-office. At the eastern end are comparatively low rocky ridges. The back portions are subject to periodical falls of snow, and are not considered safe in the winter-time. The vegetation varies from silver-tussock at lower parts to strong snow-grass on higher elevations.

Run 238E forms part of Northburn Station, and is situated close to the Town of Cromwell. This run has a north-westerly aspect. On the lower parts, up to an altitude of nearly 3,000 ft., the country is somewhat burnt up during the summer months. On the back portions of the run above that elevation the tussock is fairly good, and carries all the flock during the summer.

Run 26 adjoins the Town of Arrowtown. The greater portion of the run is situated at a very high altitude, and consequently the bulk of it is summer country. The portion on Coronet Creek is as good lambing-country as can be obtained at that altitude.

Run 27 is situated within three miles of Arrowtown. This is a somewhat difficult run to work on account of its extreme length and great altitude in many places. The vegetation is the usual silver-tussock on the lower reaches and snow-grass tussock up to a given altitude, above which there is no grazing-vegetation.

Run 8 is situated within seven miles of Queenstown. This is an exceedingly rough, broken run, covered with fern on the lower parts up to a given altitude, and covered with tussock above that altitude. On account of the fern the carrying-capacity of the run is somewhat limited.

Run 12 is distant about ten miles from Queenstown. It is an exceedingly rough run, fairly well grassed on the lower 2,000 acres, but on the upper portion poorly grassed and difficult to muster and manage. The difficulty of access reduces the value of the run and necessitates its being worked from a homestead some distance from the run.

Run 12A is situated about twenty miles from Queenstown. This is a piece of rough back country, on which the vegetation is snow-grass.

Run 18 is situated within seven miles of Glenorchy Post-office. This run comprises a few hundred acres of low river-

flats, which are fairly well grassed. Above these flats the vegetation is mostly snow-grass tussock. The back portion of the run is exceedingly rough, and carries very little vegetation.

Run 345 is part of Kawarau Station, and is situated within five miles of the Town of Arrowtown. The Post-office at Gibbston almost adjoins the run. The northern portion of the run lies in a warm northerly aspect. Although the vegetation on the lower part is scanty, yet this country is healthy, warm lambing-country. Along the Lindis River and back a couple of miles the vegetation is fairly good; from there up to the Remarkables it consists principally of snow-grass tussock, and this country is high, exposed, rocky, and comparatively useless. The proportion of summer and winter country is well balanced, the lambing-ground being sufficient to keep up the necessary stock and insure the profitable occupation of the whole run.

Run 330A is also part of Kawarau Station, and is situated within four miles of the Town of Cromwell, the Post-office at Bannockburn being alongside the run. The vegetation on the northern slopes and eastern end is somewhat scanty, although it is sweet feed; this country is sound sheep-country, being warm and not too high. On the western side the higher elevation means coarser snow-grass tussock, but this is very good summer country.

Run 331 is distant about five miles from Queenstown. The lower portion is fairly well grassed with the usual coarser grasses. The higher portion is covered with snow for a good part of the year, and is, consequently, regarded as being of little value for grazing.

Run 433 lies on the shore of Lake Hawea and Hunter River, and is upwards of twenty miles from Hawea Flat Post-office. The lower parts of this run are mostly covered with fern, and above the fern-line the vegetation is principally snow-grass.

Run 235 is a large area, forming a considerable portion of Morven Hills Station. It is distant about five miles from Tarras Post-office and about twenty-five miles from the Town of Cromwell. The southern portion of the area is all sound and fairly good lambing-country, on which the vegetation is good white-tussock. The northern portion is somewhat rough and cold, and can only be utilised as summer country. This run has been laid off with what is considered a sufficient area of ewe-country to enable the flock to be kept up and the run worked as a whole.

Run 354 is situated within six miles of Nevis Township and post-office. The aspect of the lower part of this run is good, and although the elevation is high the country is considered fairly safe for a limited flock. The higher parts are covered with good snow-grass tussock, but on account of the altitude are exceedingly cold.

Run 496 is situated within eight miles of the track to Martin's Bay. This is high, rough, somewhat inaccessible country, the feed on which is mostly snow-grass tussock.

Locality and Description.

The Town of Turangarere is situated on the right bank of the Hautapu River, adjoining the Turangarere Railway-station, about eleven miles from Taihape and about eight miles from Waiouru. The township comprises easy undulating and hilly country, covered with a vegetation of tussock, English, and native grasses. The soil is of a light, porous nature, thus making dry building-sites. The main road from Taihape to Pipiriki and Tokaanu passes through this township. The Hautapu River is considered by experienced anglers to be one of the best trout-streams in the North Island. The township is situated in what in a short time will be an important sawmilling centre, as there is a large area of good milling-timber (bush) yet untouched, which will eventually find an outlet at the Turangarere Railway-station. Several mills are now in operation, and negotiations are being completed for the purchase of several milling-areas in the locality. There is also a flaxmill in full operation not far from the township-site. A large area of long-settled country will also be served by this township.

TERMS AND CONDITIONS OF SALE.

1. (a.) Each lot is sold subject to a reserve price. If any dispute arises as to any bidding the auctioneer shall put up the lot again at the last undisputed bidding.
- (b.) Each purchaser shall, immediately after the sale, pay to the auctioneer a deposit of £10 per cent. on the amount of his purchase-money, and sign memorandum of agreement

(e.) The purchase-money shall be payable as follows: 10 per cent. on the fall of the hammer, and thereafter 15 per cent. on the 1st July and the 1st January in each year, until the whole amount is paid off.

No interest shall be charged on the unpaid purchase-money if the instalments are paid on the due dates, but if the purchaser shall be seven days in arrear in making payment the Board may charge interest at the rate of 5 per cent. per annum on the whole of the unpaid balance of the purchase-money.

The purchaser may at any prior time pay off the whole of the balance of the purchase-money.

(f.) If any purchaser shall fail to comply with these conditions his deposit shall be forfeited to the vendor as and for liquidated damages.

2. On payment of the balance of the said purchase-money the Board shall, at the cost of the purchaser, execute a memorandum or transfer in favour of the purchaser of the section or sections purchased by him free from encumbrances.
