Interpretation.

The word "Board" in this by-law means the Maori Hill Fire Board.

The word "brigade" in this by-law means the Maori Hill Volunteer Fire Brigade.

The words "Superintendent" and "Deputy Superintendent" mean respectively the Superintendent and Deputy Superintendent appointed or to be hereafter appointed by the Maori Hill Fire Board in terms of section 30 of the Fire Brigades Act, 1908.

"The Act" in this by-law means the Fire Brigades Act, 1908, and any amendments thereof.

1. The brigade shall consist of Superintendent, Deputy Superintendent, three foremen, and fifteen firemen, and such number of auxiliaries as the Board may from time to time appoint.

Enrolment of Members.

2. Candidates for enrolment as members of the brigade must be physically strong men, free from any defect in limb, hearing, or sight. Further, all members enrolled after the 15th April, 1910, must not be less than twenty-one years of age nor more than thirty-two years, unless they have been previously and recently engaged as active and efficient firemen, or are otherwise thoroughly competent. In such cases the limit may be extended to forty years. They must be able to read and write, and may be required to produce testimonials as to character and ability. They may also be required to produce certificate of birth or other satisfactory proof of age. They will be required to undergo a medical examination by such legally qualified medical practitioner as the Board may appoint.

GENERAL DESCRIPTION.

Kohika No. 2 Settlement is situated on the downs which rise to the eastern slopes of the Hunter's Hills Range. The point where the road crosses the Makikihi River and enters the settlement is about six miles in a north-westerly direction from the railway-station at Makikihi. The latter is on the Main Trunk Railway line, Christchurch to Dunedin, about one hundred and eighteen miles from Christchurch and eighteen miles from the Port of Timaru. The main road leading down the Makikihi Valley is well formed and metalled. The original Kohika Settlement, formerly part of Mr. T. J. Teschmaker's Otaio Estate, which was established in 1901 and is now a prosperous settlement, lies about three-quarters of a mile in a direct line eastward from the Kohika No. 2 Settlement.

The settlement lies at an elevation of about 500 ft. above sea-level. It comprises open undulating arable downs land, intersected by broken watercourse channels and by a creek. The soil is of good quality on clay subsoil. About 49 acres on Section 3 and 41 acres on Section 4 have been ploughed; the remainder of the settlement is all in old cultivated grass pasture, with the exception of the terrace faces, which are in tussock.

A new road has been laid out through the settlement in order to give suitable access to each section, and this road will be constructed by the Government in due course. Provision has also been made for the erection of a light footbridge across the Makikihi River at the entrance to the settlement.

IMPROVEMENTS.

The improvements on the sections consist of fencing only, the value of which is included in the prices of the sections. Particulars of the improvements are as follow: Section 1, half-value of 131 chains of boundary-fencing, £40 18s. 9d. Section 2, half-value of 76 chains of boundary-fencing, £12 1s. 9d.
