Present :

THE RIGHT HONOURABLE SIR J. G. WARD, K.C.M.G., PRESIDING IN COUNCIL.

WHEREAS by section ninety-one of the Local Bodies' Loans Act, 1908 (hereinafter referred to as "the said Act"), it is provided that where part of the area over which a special rate is made as security for a loan is merged or included within the district of a local authority other than the local authority that made the rate, then, upon the written application of the local authority that raised the loan, or of the Minister, the Governor in Council

may adjust or apportion the liability in respect of such loan among the respective local authorities affected by such merger or inclusion : And whereas loans of one thousand five hundred pounds and one hundred and fifty pounds for the construction and metalling of the Castlecliff Road were raised by the Waitotara County Council : And whereas part of the area over which the special rates were made as security for those loans was included in the Gonville Town District, and an adjustment of the liability in respect of those loans was made between the Waitotara County Council and the Gonville Town Board : And whereas the inscribed amount of the portion of those loans adjusted to the Waitotara County Council was six hundred and twelve pounds sixteen shillings : And whereas another part of the said area then remaining in the Waitotara County has since been included in the Castlecliff Town District : And whereas the notices of the proposed apportionment of the said liability of six hundred and twelve pounds sixteen shillings in respect of those loans between the Waitotara County Council and the Castlecliff Town Board were duly given as required by the said section ninety-one and the regulations under the said Act, and no objections thereto have been received : And whereas written application has been made by the Waitotara County Council that the said liability of six hundred and twelve pounds sixteen shillings in respect of those loans may be apportioned :

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred on him by the said Act, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby apportion the liability of six hundred and twelve pounds sixteen shillings in respect of the above-recited loans as follows : The sum of fifty-five pounds fourteen shillings shall continue to be a liability of the Waitotara County Council, and the sum of five hundred and fifty-seven pounds two shillings shall be a liability of the Castlecliff Town Board.

ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this eighth day of August, 1910.

Present :

THE RIGHT HONOURABLE SIR J. G. WARD, K.C.M.G., PRESIDING IN COUNCIL.

WHEREAS the Hokitika Borough Council lately proposed to raise a loan of two thousand pounds, under the New Zealand State-guaranteed Advances Act, 1909, for the purpose of completing water and drainage works and for extra reticulation in the Borough of Hokitika : And whereas the special order made by the said Borough Council making and levying a special rate of five-eighths of a penny in the pound upon the rateable value of all rateable property comprised in the Borough of Hokitika, for the purpose of providing the interest and other charges on the said loan of two thousand pounds, was not in accordance with the form in the Second Schedule to the Local Bodies' Loans Act, 1908, inasmuch as the term of the said loan was not stated : And whereas it appears that the ratepayers have not been misled by such irregularity, and it is expedient to validate the same :

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred by section one hundred and twenty-one of the Local Bodies' Loans Act, 1908, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby validate the special order, and doth hereby order and declare that the said special order shall be as valid as if the term of the said loan had been stated therein ; and that the said proposal or loan shall not be called into question by reason only of the defect or irregularity aforesaid.

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred by section one hundred and twenty-one of the Local Bodies' Loans Act, 1908, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby order and declare that the said notice of intention to raise the said loan shall be and be deemed to have been as good, valid, and effectual as if the said notices had been regularly made, and doth hereby validate the same accordingly; and doth hereby also declare that the proceedings relative to the said loan shall not be called into question by reason only of the irregularity aforesaid.

Office of the Minister of Internal Affairs,  
Wellington, 11th August, 1910.

THE following special order, made by the Eden Terrace Road Board, is published in accordance with the provisions of the Road Boards Act, 1908.

D. BUDDO,  
Minister of Internal Affairs.

EDEN TERRACE ROAD BOARD.  
*Building By-laws No. 4.*

BY-LAWS of the Eden Terrace Road Board, made in pursuance of the powers and provisions contained in the Road Boards Act, 1908, and the Public Health Act, 1908, and in pursuance of all and every other power in that behalf contained enabling the said Board in that behalf.

The Eden Terrace Road Board doth hereby by special order ordain as follows:—

1. These by-laws shall be read with and as extending and amending Building By-laws No. 3 of the Eden Terrace Road District, made on the 4th day of August, 1908, and confirmed on the 15th day of September, 1908 (hereinafter referred to as "the said by-laws"); and words herein used and defined in the said by-laws shall have the same meaning and be interpreted in the same way as the same words when used in the said by-laws.

2. Throughout these by-laws, if not inconsistent with the context, the word "Inspector" shall mean the Inspector for the time being appointed by the Board; or if there is no such Inspector appointed, then the Clerk of the Board for the time being shall be deemed to be the Inspector for the purposes of these by-laws.

3. Clause (c) of section 2 of the said by-laws is hereby revoked, and in lieu thereof the following clause is substituted:—

"(c.) The erection of a new dwellinghouse shall not be commenced or proceeded with until the person who purposes to carry out such work shall have made application to the Clerk in the form set forth in the First Schedule of these by-laws. Such person shall at the same time lodge with the clerk—

"(1.) A complete specification of the new dwellinghouse for perusal by the Board:

"(2.) Complete plans, in duplicate, showing the block-plan and sections of the said site, the measurement of the area thereof, the measurements of the height and the distance from the boundaries of such dwellinghouse as required by the provisions of the said by-laws, and the position of every proposed closet, urinal, sink, trap, drain, and vent.

"Such plans and sections shall be in ink on drawing-paper or tracing-cloth, and shall be to a scale not less than  $\frac{1}{8}$  in. to a foot. The Board shall be entitled to retain one copy of the said plans. Provided always that if the work proposed to be done is of such a trivial nature as in the opinion of the Board not to require the preparation of such specification, plans, and sections, the Board may dispense with the production of some or all of them. If all conditions required by these by-laws are or can be fulfilled by the proposed works as described in such specification and plan, a permit for the erection of the dwellinghouse shall be issued by the Board; and such erection shall not be commenced or proceeded with until such permit shall have been issued, and then not otherwise than in accordance with and conformity to the said specification and plans."

4. No iron shall be laid on shingles on the roof of any building or buildings.

5. The following proviso shall be added to clause (d) of section 2 of the said by-laws:—

"Provided that this clause shall not apply to prevent the erection of a building or buildings on an allotment, lot, or section, and having a frontage to a public road, which allotment, lot, or section does not comply with the requirements of this clause, but which is shown as a separate and distinct area on any plan lodged or deposited in the Deeds Register Office or the Land Transfer Office, at Auckland, before the 4th day of August, 1908, or any site that was occupied by a dwelling prior to the 22nd day of October, 1908; or to prevent the erection of a shop (with or without dwellingrooms attached) upon any site having a frontage to a public road; nor to prevent the erection of shops and dwellings combined, or a shop or a dwelling only, if such building or buildings are entirely erected in brick or concrete. Provided always that in the erection of any such building provision shall be made

for the disposal of sewage and offensive matter from such building, in accordance with the by-laws for the time being of the Board and any statute or statutes applying thereto."

*Site-formation.*

6. Clause (e) of section 2 of the said by-laws is hereby revoked, and in lieu thereof the following is substituted, namely:—

"(e.) The ground on which any new dwellinghouse is to be erected, and the ground immediately adjoining any such new dwellinghouse, shall be so formed and graded that no water can lodge thereon or thereunder, or run under such dwellinghouse when erected; and no person shall commence the erection of any dwellinghouse upon any site having matter thereon which might prove deleterious to the health of the occupants of such dwellinghouse until such matter has been completely and entirely removed."

7. Clause (f) of section 2 of the said by-laws is hereby amended by the addition of the following after the end of that clause:—

"The provisions of this clause shall be deemed to be complied with if the open space at the rear and side of any dwellinghouse is equal to one and one-half times the area that would be required to be left at the side or at the rear if the provisions of this clause were complied with, even though the various requirements of the original clause (f) of section 2 of the said by-laws have not been strictly complied with. The minimum distance across the open space so provided shall be clear of all obstructions for not less than 15 ft. from every part of the dwellinghouse."

*Stables.*

8. No person shall build, erect, or put up any stable except in the following manner, and in compliance with the following conditions, to wit:—

(a.) No stable, the walls of which shall be constructed of wood or iron, shall be built within 15 ft. of a dwelling or 10 ft. of any adjoining boundary, unless same is constructed of brick, stone, or concrete, or the outer walls of which are at least 5 ft. high. All stables (whether of wood or iron, or of brick, stone, or concrete) shall have a brick wall constructed at back, front, and ends of not less than 6 in. above floor of stable.

(b.) No ventilators or openings in the walls of any stable shall be made so as to open on to any boundary.

(c.) The floor of every stable shall be properly and efficiently paved with stone, wood blocks, concrete, asphalt, or iron tiles, laid with a proper fall to a trapped drain connected with a public sewer; and such floor shall at all times be kept in such a state of repair as will prevent the creation of a nuisance.

(d.) A receptacle for manure and refuse shall be built contiguous to every stable, and shall be constructed of brick, concrete, or cement, and so as to be watertight. Such receptacle shall be not less than 10 ft. from any dwelling.

(e.) Should any stable existing in the district at the coming into force of this by-law, which is not constructed in accordance with the foregoing provisions, cause a nuisance or injury to health (owing to its mode of construction, or to the absence of any structural convenience therein or thereto, or by reason of the undue proximity of such stable to any adjoining premises or to any public road, or by means of any other matter or thing whatsoever), then and in every such case it shall be the duty of the owner of such stable, upon notice being served upon him, at the instance of the Board, requiring him to abate such nuisance, and within a time in such notice limited, to execute such work and things as may be necessary to abate such nuisance.

9. No person shall throw, place, or lay any building or other materials, or building-rubbish, or put up, construct, or erect any stage, ladder, scaffolding, hoarding, or fence on, in, upon, across, or over any public or private street, footway, channel, right-of-way, or public place, unless he shall first have obtained a written permit so to do from the Board.

10. Every person who shall erect any scaffolding or stage on or upon, over or across, any street, road, or public place shall, if such scaffolding or stage shall be erected for the purpose of and in connection with—

(a.) The taking-down of any building or structure, cause the footpath immediately adjoining such scaffolding or stage, from the time of the commencement of the taking-down of such building

or structure, to be covered with a watertight roof at the height of 10 ft. above the level and for the full width of such footpath, and along the full frontage of such building or structure; and shall cause such roof to be maintained in good order and condition until such building or structure shall not be more than 14 ft. above the level of such footpath :

- (b.) The erection of any building or structure, cause the footpath immediately adjoining such scaffolding or stage, from the time such building or structure exceeds a height of 14 ft. from the level of such footpath, to be covered with a watertight roof at the height of 10 ft. above the level and for the full width of such footpath, and along the full frontage of such building or structure; and shall cause such roof to be maintained in good order and condition until such building or structure shall be completed. The roof in either case shall be constructed with good and substantial planks not less than 2 in. thick, with supports reasonably fit for the support of such roof; and the work shall be so constructed and maintained as to afford a clear and safe footpath for the public.

11. No person shall cause any building-materials, rubbish, or other matter or things to be laid on, or any hole to be made in, any street, road, or footway, whether the same be done by order or authority of the Board or not, unless such materials or other things, or such hole, be sufficiently lighted and kept lighted in a proper place upon or near the same, from sunset to sunrise, while such materials or things, or hole, remain; and every such person shall, at his own expense, cause such materials or things, and such hole, to be sufficiently fenced and enclosed until such material or things are removed, or such hole is filled up, or otherwise made secure.

*Applicable to the Whole District.*

If in the opinion of the Board a full compliance with Building By-laws No. 3, and with this part of these by-laws, or any provision thereof, would needlessly and injuriously affect the course and operation of business, or be attended with great loss and inconvenience to any person, without a corresponding benefit to the community, the Board may, on special application, relax the strict observance of any provision, or modify the same, provided that such other terms as they may impose be complied with by the applicant.

Submitted to me and approved, 27th June, 1910.

R. H. MAKGILL,  
District Heath Officer.

**GENERAL DESCRIPTION.**

Kohika No. 2 Settlement is situated on the downs which rise to the eastern slopes of the Hunter's Hills Range. The point where the road crosses the Makikihi River and enters the settlement is about six miles in a north-westerly direction from the railway-station at Makikihi. The latter is on the Main Trunk Railway line, Christchurch to Dunedin, about one hundred and eighteen miles from Christchurch and eighteen miles from the Port of Timaru. The main road leading down the Makikihi Valley is well formed and metalled. The original Kohika Settlement, formerly part of Mr. T. J. Teschmaker's Otaio Estate, which was established in 1901 and is now a prosperous settlement, lies about three-quarters of a mile in a direct line eastward from the Kohika No. 2 Settlement.

The settlement lies at an elevation of about 500 ft. above sea-level. It comprises open undulating arable downs land, intersected by broken watercourse channels and by a creek. The soil is of good quality on clay

subsoil. About 49 acres on Section 3 and 41 acres on Section 4 have been ploughed; the remainder of the settlement is all in old cultivated grass pasture, with the exception of the terrace faces, which are in tussock.

A new road has been laid out through the settlement in order to give suitable access to each section, and this road will be constructed by the Government in due course. Provision has also been made for the erection of a light footbridge across the Makikihi River at the entrance to the settlement.

IMPROVEMENTS.

The improvements on the sections consist of fencing only, the value of which is included in the prices of the sections. Particulars of the improvements are as follow: Section 1, half-value of 131 chains of boundary-fencing, £40 18s. 9d. Section 2, half-value of 76 chains of boundary-fencing, £12 1s. 9d.
