Subsidies to Public Libraries.

Education Department,
Wellington, 26th October, 1910.

NOTICE is hereby given that the sum of £3,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 3rd February, 1911, and no claim will be entitled to consideration that shall not have been sent in in due form and received by the Secretary for Education, Wellington, on or before the 27th January, 1911.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1910; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1910, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of the Libraries and Mechanics' Institutes Act, 1908, or the Municipal Corporations Act, 1908, pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; and from voluntary contributions other than members' subscriptions, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and expenditure of the institution for the year herein specified; that the whole of the subsidy received during the year was expended in the purchase of books for the library; and that by the rules of the library it is open to the public free of charge.

* These remaining suburbs do not lie within borough boundaries, and particulars respecting them have not been obtained for the Vital Statistics. Closely correct annual statements of population outside boroughs are not obtainable.

In the above table are given the deaths and death-rates for each of the four cities, for the suburban boroughs severally, and for each city with its suburban towns. As regards Auckland and Christchurch, the whole of the area usually recognized as suburban has not yet been brought under municipal government, and the vital statistics do not deal with such portions as still remain in road districts. But the omission is not very important, for there are in either case quite enough suburbs included within borough boundaries to give a fair idea of the death-rate of Greater Auckland and Greater Christchurch. As further boroughs are formed the vital statistics will be made to include them.

Deaths occurring at hospitals, of persons not residents of the borough wherein the hospital is situated, have been allotted in each case to the borough where the disease was contracted, and not to that in which the death actually took place.

The inclusion of the suburban boroughs tends to lower the rate at each of the four centres.

	Death-rates per 1,000 of Population.	
Auckland City	1.02	1.00
and seven suburban boroughs	0.63	0.60
Wellington City	0.72	0.71
and three suburban boroughs	0.52	0.48
Christchurch City		
and three suburban boroughs		
Dunedin City		
and five suburban boroughs		

Including the suburbs, the rate at Auckland is the highest, and at Dunedin the lowest.

Compared with December, 1909, the results are,—

	1909.	1910.
Auckland and suburbs	0.98	1.00
Wellington and suburbs	0.99	0.60
Christchurch and suburbs	0.80	0.71
Dunedin and suburbs	0.72	0.48

The total births in the four chief cities and their suburban boroughs amounted to 594, against 572 in November—an increase of 22. The deaths in December were 200—an increase of 1 on the number in November. Of the total deaths, males contributed 112, females 88. Fifty-one of the deaths were of children under five years of age, being 25.50 per cent. of the whole number; 44 of these were under one year of age.

Junior National Scholarships Examination, 1910.

Education Department,
Wellington, 12th January, 1911.

THE following lists contain the names of candidates that have satisfied the pass requirements of the examinations held on the 1st and 2nd December, 1910, for the purposes of (a) the award of Junior National Scholarships and Education Board Junior Scholarships; and (b) the admission to Junior Free Places in secondary schools, district high schools, and technical schools.

List I contains the names of candidates that have passed the scholarship examination, arranged in groups according to the several education districts. In each group the names are given in order of merit with the total marks assigned to the candidates out of a possible total of 800 marks. On the production of such further evidence of eligibility as may be required, and on compliance with such further conditions of examination as may be imposed by the regulations of the several districts, scholarships will be awarded by the Education Boards to candidates on this list within the limit of the number of scholarships in each case available.

List II is a general alphabetical list of all candidates that, either in the examination for scholarships or in the special free-place examination held conjointly therewith, have given evidence of sufficient attainments for admission to Junior Free Places.

G. HOGBEN,
Inspector-General of Schools.

Run 323 is situated in the Kingston, Eyre North, Eyre-side, and South Wakatipu Districts. Nearly all summer country, but there is a considerable area of flat land on Allen Stream and Mataura River capable of growing winter feed for stock. It is good sheep-country, with fair tussock pasture, and has a frontage of several miles to the Invercargill-Kingston Railway, and adjoins Kingston and Fairlight Railway-stations. Altitude, from 1,500 ft. to 6,000 ft. above sea-level.

Run 323A is situated in the Kingston and Rockyside Districts. Mostly high country, but there is a considerable area of low country of inferior quality fronting the Invercargill-Kingston Railway, and also on the north-eastern part of the Nevis Stream. The run is well covered with tussock. The Kingston Railway-station and Fairlight Siding adjoin this run. Altitude above sea-level ranges from 1,500 ft. to 5,000 ft.

Run No. 529 is situated in the Wakaia District, about two miles from Wakaia Railway-station. It is good sheep-country, with fair tussock feed, and chiefly comprises scrub and tussock slopes. Altitude, from 1,600 ft. to 2,000 ft. above sea-level.

Altitude, from 500 ft. to 2,000 ft. above sea-level.

Run No. 424 is situated in the New River Hundred, and is distant about eight miles from Invercargill by good road. It is mostly low poor sand-hills, with comparatively little feed for stock. Nearly all the vegetation has been covered up by sand-drifts.

NOTICE is hereby given that the undermentioned pastoral runs will be offered for license by public auction at the Assembly Rooms, Timaru, at 11 o'clock a.m. on Tuesday, 28th February, 1911, under the provisions of the Land Act, 1908.

CANTERBURY LAND DISTRICT.

Class A.

Run 234A, Waimate County: 4,713 acres; term of license, fourteen years; upset rental, £235 per annum.

Run 234B, Waimate County: 4,596 acres; term of license, fourteen years; upset rental, £287 per annum.

LOCALITY AND DESCRIPTION.

These runs are situated on the slopes of the Station Peak Range, which flanks the eastern side of the Hakataramea Valley, South Canterbury. They lie on the northern side of Meyer's Pass, near the source of the South Waihao River, about twenty-three miles from Waimate and fourteen miles from Hakataramea. They comprise high open hill country of purely pastoral character, the spurs being intersected by deep rough gullies. The vegetation consists of native and English grasses, with snow-grass only on the higher altitudes. The runs are fairly well watered by springs and streams, but are liable to burn up in a dry summer, and, as the altitude ranges

from about 1,500 ft. up to about 3,500 ft. above sea-level, it is liable to heavy falls of snow in winter.

The approximate valuations of improvements, consisting in each case of a hut, and boundary and subdivision fencing, are £330 on Run 234A and £428 on Run 234B. This information is published for the information of intending purchasers, but must be taken as approximate only, as the final valuation will be made in accordance with section 244 of the Land Act, 1908, at least three months before the expiry of the present licenses, and the purchasers of the new licenses (being other than the present licensees) will be required to pay the amount of such valuations before being admitted to possession of the runs.

Possession will be given on the 1st March, 1912.

SPECIAL CONDITIONS.

The licensee of every run shall, during the second and every succeeding year of the term of his license, plant with suitable trees, to the satisfaction of the Commissioner of Crown Lands, an area of at least one acre upon some part of his run. The number of trees so planted upon every acre shall be at least 1,000. The areas planted shall be securely fenced in with a rabbit- and stock-proof fence; all failures or losses shall from time to time be replanted as may be found necessary; and the plantations shall be protected, trimmed, and maintained during the term of the license to the satisfaction of the Commissioner of Crown Lands.

The licensee shall not, during the months of December, January, February, March, April, May, and June, or such other months not exceeding altogether seven in any one year, as the Commissioner shall from time to time determine, burn the grass on his run.
