3. The Chairman of the Council of each of the Counties of Malvern, Papanua, Heathcote, Halswell, Springs, Ellesmere, Selwyn, Waimairi, and Tawera, and the Mayor of the Spreydon Borough Council, shall from time to time notify the Chairman of the Board of the name of the person who has been appointed by such local authority as a member of the Selwyn Plantation Board. Such appointment shall be in force until the receipt of a subsequent

notification of the appointment of some other person in place of the member so appointed.

4. The Board shall meet at the Crown Lands Office, Christchurch, on the fourth Monday in every second month after the first meeting thereof. The first meeting shall be held at the said office, at 11 a.m., on Monday, the 29th day of May, 1911.

5. Six members shall form a quorum at any meeting of the Board.

6. Special meetings may be called by the Chairman at any time, provided that not less than two days' notice shall be given to each member of the Board of the intention to hold the special meeting.

7. Only such business shall be transacted at any special meeting as is notified by the Chairman in the notice calling such meeting.

ADMINISTRATION.

8. All moneys payable to the Board shall be remitted to the Receiver of Land Revenue, Christchurch, and paid by him into a special account at the Bank of New Zealand, Christchurch, to be called “the Selwyn Plantation Account.”

9. All receipts for moneys received by the Board shall be given by the Receiver, and headed “Selwyn Plantation Account.”

10. All payments out of the said account shall be made by cheque, to be signed by the Chairman and one other member of the Board, who may, if desired by the Board, be specially appointed for that purpose from time to time.

11. As soon as possible after the 31st March in each and every year a statement of accounts shall be drawn up and submitted to the Board by the Chairman at the first meeting held after the 21st April following. Such statement of accounts shall be audited and certified by some duly qualified accountant, to be appointed by the Board either before or after the meeting at which the said statement is submitted.

14. The Board may from time to time appoint a secretary and such inspectors and other officers or servants as it thinks necessary for the proper carrying-out of the duties of the Board.

LEASING.

15. All land administered by the Board and available for leasing shall be let by public tender. Notice of the land so available for leasing, the proposed term of the lease, and the time within which and the place at which tenders will be received, shall be given by advertisement in a newspaper circulating in the district thirty days prior to the expiration of the time fixed for receiving tenders. Notice of such acceptance shall be given by the Board to the tenderer whose tender is accepted.

16. Any person tendering for a lease of any of the said land shall apply to the Chairman, specifying the land he wishes to rent and the amount of annual rent per acre he offers for a lease of the same, and shall forward with his tender a deposit equal to six months' rent at the rate so specified. The deposits paid by the unsuccessful tenderers shall be returned to them immediately after the tenders have been opened and decided upon.

17. All leases shall be for a term not exceeding fourteen years, and rent shall in all cases be payable half-yearly in advance.

18. All leases and counterparts shall be prepared by the Board's solicitor at the cost of the lessees, not exceeding £3 3s. in each case, exclusive of costs out of pocket, and shall contain all usual and proper covenants and conditions for leases of a like nature, including a proviso for re-entry on default of payment of rent for three months, or immediately upon the breach of any other expressed or implied covenant by the lessee. Such re-entry shall not prejudice the lessor's right to recover moneys payable under the lease or damages for breach of covenant.

19. All leases may, in addition to such covenants and conditions as in the preceding regulation mentioned, contain special covenants and conditions embodying the provisions hereinafter set forth, that is to say,—

- (a.) The lessee shall not be at liberty to break up, plough, or otherwise cultivate more than one-half of each section or portion of a section included in his lease, and shall not be at liberty to use the remaining half part of each such section or por-

tion of a section for any purpose except grazing. The form and position of the one-half available for cultivation shall be determined by the lessor.

- (b.) The lessee shall fence the whole of the land included in his lease with a good and substantial fence, sufficient in all respects to comply with the provisions of the Fencing Act, 1908, or any other law for the time being in force regulating the fencing of land. All fences shall be kept and maintained in good order and condition, and, at the expiration or sooner determination of the term, shall be so given up. All live fences or hedges shall be cut, dressed, and cleaned once in each year of the term: Provided that such portion of a reserve as the lessee shall actually use for grazing purposes only may be fenced or not, at his option, if the lessee is the owner or tenant for a term of at least three years, or pastoral tenant of the land immediately adjoining such portion.
- (c.) The lessee shall not take more than two crops of grain in each of the first two periods of five years, and shall not at any time during his term take more than two crops of grain in immediate succession off any part of the land which he is permitted to cultivate.
- (d.) Four-fifths of the land broken up or cultivated by the lessee during the term of the lease shall, not later than the spring of the eleventh year of the term, be sown and laid down by the lessee, at his own expense, with good white or red clover and rye-grass, cow-grass, or other grass approved by the lessor. The proportion of seed sown to the acre shall, in the case of clover, be not less than six pounds; and, in the case of rye-grass or other grass, not less than fifteen pounds. After the land is sown and laid down in grass as aforesaid, it shall be so kept and maintained and, at the expiration or other sooner determination of his term, shall be given up by the lessee well and sufficiently laid down in permanent artificial-grass pasture. During the remainder of the term of his lease after the eleventh year as aforesaid, the lessee may, if he thinks fit, annually cultivate the remaining fifth of the land so broken up or cultivated as aforesaid for the production of root-crops, but not otherwise.
- (e.) The lessor shall be at liberty at any time during the term to resume possession of the whole or any part of the land which the lessee is permitted to use for grazing purposes only, as and when the lessor shall require so to do, for the purposes for which the whole land was originally reserved: Provided that the rent payable in respect of the land included in the lease shall be reduced proportionately for every acre or part of an acre possession of which is so resumed by the lessor.
- (f.) The lessee shall not assign, sublet, or otherwise part with the possession of the land included in his lease, or any part thereof, without the consent in writing of the lessor first having been obtained.

20. If any person whose tender for a lease has been accepted by the Board fails to execute his lease within twenty-one days from the date of the delivery to him or of the posting to his post-office address of a notice of acceptance of his tender, his deposit shall be absolutely forfeited to the Board, and his right to obtain a lease by virtue of such tender and acceptance shall absolutely cease and determine, and thereupon the lands specified in such tender may be offered again, or the Board may declare the next highest tenderer to be the successful tenderer.

DISPOSAL OF REVENUE.

21. Each member of the Board shall be entitled to be repaid out of the revenue of the Board any money expended by him in payment for coach, railway, steamboat, or other conveyance whilst on the Board's business, and shall also be entitled to receive the sum of 10s. per day for every day during which he may be engaged upon the Board's business.

22. The Board is empowered to pay such remuneration as it thinks fit to those persons who may act as secretary, auditor, inspector, or as officers of the Board in any other capacity.

23. The net revenue of the Board, after the expenses of administration and upkeep have been defrayed, shall be devoted solely towards the fencing, improvement, and (where necessary) the replanting of any part of the said reserves.

24. All such replanting shall be carried out under the direction of the Superintendent Nurseryman and his staff, and the Superintendent Nurseryman shall from time to time submit proposals for and estimates of expenditure in connection with future operations.

25. All such proposals and estimates shall be considered by the Board at its first meeting after the receipt thereof, and, if approved, the Superintendent Nurseryman shall be forthwith notified by the Chairman to that effect, and shall thereupon carry out the proposed works as soon as he thinks fit.

26. If the Board does not approve of any of the proposed operations, the Chairman shall submit the proposals, together with the Board's reasons for not approving the same, to the Minister of Lands, whose decision shall be final.

CONTROL OF RESERVES.

27. No person shall, except with the permission of the Board, shoot, snare, or destroy any bird, or take or destroy the nest or eggs of any bird, within the limits of the reserves.

28. No person shall take, carry, or use firearms or any fireworks or explosive, or any weapon or instrument of a dangerous nature, or bows and arrows, or catapult, or shanghai, within the limits of the reserves, except with the permission of the Board.

32. No person shall remove, disturb, break, destroy, cut names, letters, words, figures, or devices on, or deface any fixed or movable seats, gates, bridges, or trees, or any property of the Board within the limits of the reserves.

33. No person shall within such limits as aforesaid use any obscene or profane language, or commit any breach of the peace, act of indecency, or other impropriety, or insult or annoy any person. No person shall behave riotously or boisterously or in any other objectionable manner so as to annoy others within the reserves.

34. No person shall destroy, deface, or injure any inscription, or any label attached to or connected with any article, tree, or plant within the reserves, or any copy of these regulations hung up or affixed at any entrance to or in any part of the reserves.

35. No person shall post, stick, stencil, paint, or otherwise affix or cause to be affixed any placard, handbill, notice, advertisement, or any document whatsoever, upon any tree, fence, post, gate, wall, roadway, or path within the limits of the reserves.

GENERAL DESCRIPTION.

The settlement is distant about two miles and a half from Waihao Downs Railway-station, eleven miles from Waimate, and fifteen miles from Studholme Junction on the Christchurch-Dunedin Main Trunk Railway.

The property embraces a large portion of the Waihao Downs Estate, containing hilly, undulating, and level land, well drained by pipe drains down nearly every watercourse.

The altitude is from 500 ft. to 800 ft. above sea-level. With the exception of a small portion of Sections 1, 2, and 5, and the eastern half of Section 18, the whole estate is ploughable, of first-class quality, and eminently suitable for growing wheat, oats, and turnips, &c.

The farms are watered by the Waihao River, the Serpentine Creek, and by spring waters conveyed by pipe drains to numerous drinking-troughs distributed throughout the estate.

The property is approached by good roads from Waihao Downs and Waimate, and the construction of new roads giving access to sections will be undertaken in due course.

SPECIAL CONDITIONS.

The following special conditions will be embodied in the leases of all sections within the settlement:—

Railway Extension.—The Crown reserves the right to resume at any time the land required for railway-extension purposes through this settlement. On such resumption the lessee will be entitled to a reduction of rent equal to a sum obtained by multiplying the area taken by the average rent per acre paid for the whole section; also to compensation for any improvements he may have effected on the land so resumed.

Water-supply.—The lessee shall not divert or obstruct the water supplying the troughs without the written consent of the Commissioner of Crown Lands. He shall, moreover, maintain and keep the troughs and pipes in such good order that the overflow from the troughs shall return to the pipes below them, and so continue to supply the troughs in the sections lower down.

The lease of Section 23 will be subject to a right of easement in favour of the lessee of the homestead Section 18 over a strip of land 10 links wide covering the pipe-line and surrounding the concrete tank of the homestead water-supply which passes through Section 23, in the position approximately shown on the plan; and the lessee of the homestead section, his agents or workmen, shall at all times have free and unrestricted rights of ingress, egress, and regress to and over such pipe-line and tank easement.

IMPROVEMENTS.

The improvements which are not included in the price of the sections, but which have to be paid for separately, are the buildings on Sections 7 and 18, as follow:—

Section 7.—Dwellinghouse of four rooms, built of wood, and roofed with iron, valued at £90; also draught-stable, including feed-rooms, implement-shed, and workshop, valued at £180: total value, £270.
