LOCALITY AND GENERAL DESCRIPTION.

These sections comprise part of the (Omatane) Awarua 1a Block. They are situated on the eastern side of the Rangitikei River, about opposite Taihape and Utiku, on the Main Trunk Railway.

There are two roads leading to the block. These strike off the main road about midway between Taihape and Utiku. One road goes past the northern end of the block

by way of Taoroa, and the other leads to the southern end of the block, and is called the Puke Road. Both roads are formed for vehicle traffic, and both cross the Rangitikei River on suspension bridges which have been lately built. The road at northern end of the block is metalled for almost its whole length. East of Taoroa Post-office it is called the Mokai Road.

Section 3, Block I, Ruahine Survey District, has a frontage to the Mokai Road, and has about 20 acres of flat land adjoining the road which will make an excellent homestead site.

Section 2, Block I, Ruahine, and Sections 15, 16, and 17 of Block IV, Hautapu Survey District, front the Inland Road, which is formed as a 6 ft. bridle-track from end to end. The track is now being widened into a dray-road. Contracts have been let for a length of two miles of widening, starting at the Omatane end. Each section has a suitable homestead site. Section 31, Block IV, Hautapu Survey District, 11½ acres, which is grouped with Section 17, is all flat land, is part of the Omatane Clearing, and has flax, manuka, and scrub growing on it.

The sections generally are hilly with fairly easy slopes, and have a northerly aspect.

The soil is good, on a papa-and-sandstone formation.

The whole of the land, with the exception of Section 31, is covered with a mixed forest with a very dense undergrowth of scrub. On the top of ridges and on some of the higher slopes there are very few large trees, the growth consisting mainly of rangiora, mahoe, karamu; in the gullies there are some patches of kahikatea, matai, and rimu, and a few totara-trees. The land when cleared and laid down will produce excellent pasture, and has a high stock-carrying capacity.

In cases where boundary-fences have been erected by adjoining owners, intending selectors should ascertain and satisfy themselves as to any liability placed on them by the Fencing Act, 1908, as to sharing in cost of clearing such fence-lines, erecting fences, &c.

As witness the hand of His Excellency the Governor, this twelfth day of July, one thousand nine hundred and eleven.

10. No additional polling-place shall be appointed later than the fifteenth day before the day appointed for taking the poll, and no change shall be made in the polling-places appointed for any district, unless a polling-place becomes unavailable for the purpose for which it was appointed, or unless such poll cannot be taken without some such change being made.

(2.) If the number of votes recorded for the proposal is equal to the number recorded against the proposal, the Returning Officer shall give his casting-vote.

(3.) The Returning Officer shall forward to the Native Minister the notice and declaration aforesaid as to the result of the poll, and shall also publish a copy thereof in the *Kahiti* and *Gazette*.

(2.) No person, except as hereinbefore provided, shall interfere with or attempt to interfere with a voter when engaged in recording his vote, or otherwise attempt to obtain in the polling-booth information as to the manner in which any voter in such booth is about to vote or has voted, or communicate at any time to any person any information obtained in the polling-booth as to the manner in which any voter at such booth is about to vote or has voted.

(3.) Every person in attendance at the counting of the votes shall maintain and aid in maintaining the secrecy of the voting, and shall not communicate any information

36. The Maori Council shall pay to the Returning Officer the amount of the cost as so estimated at least two weeks before the date of taking the poll.

37. At the conclusion of the poll the Returning Officer shall submit to the Chairman of the Council a full and complete statement (supported by vouchers) of the cost of taking the poll, and shall refund to the Council any amount received by him in excess of that cost; or if the estimated cost is less than the actual cost, the Council shall defray the amount properly expended in excess of the amount already paid by it as aforesaid.

MY LORD,—I have the honour to request you to inform your Ministers that His Majesty the King has decided that the Royal Standard, which is the personal flag of the Sovereign, is not in future to be flown except when and where His Majesty is personally present.

I have, &c.,

K.C.M.G., D.S.O., &c.

*King's Regulations respecting Foreign Orders and Medals.*

Office of the Minister of Internal Affairs,  
Wellington, 24th July, 1911.

THE following despatch (with enclosure), received from the Secretary of State for the Colonies, is published for general information.

D. BUDDO,  
Minister of Internal Affairs.

(New Zealand.—No. 192.)

Downing Street, 2nd June, 1911.

MY LORD,—With reference to Mr. Chamberlain's circular despatch of the 17th August, 1898, I have the honour to transmit to you, for the information of your Ministers, copies of the new Regulations respecting Foreign Orders and Medals which have been issued by His Majesty's command in substitution for those hitherto in force.

I have, &c.,  
L. HARCOURT.

Governor the Right Honourable Lord Islington,  
K.C.M.G., D.S.O., &c.

THE King has been pleased to command that the following regulations respecting Foreign Orders and Medals shall be substituted for those hitherto in force:—

1. It is the King's wish that no subject of His Majesty shall wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either—

- (a.) By Warrant under the Royal Sign-manual, or
- (b.) By private permission conveyed through His Majesty's Private Secretary.

2. Permission given by Warrant under the Royal Sign-manual will enable the Insignia of the Foreign Order to be worn at all times and without any restriction.

Private permission will only enable the Insignia to be worn on the occasions specified in the terms of the letter from the King's Private Secretary conveying the Royal Sanction.

3. The full and unrestricted permission by Warrant under the Royal Sign-manual is designed, subject to the exception mentioned in Rule 4 (a) respecting British Naval or Military Officers during hostilities, to meet cases where the Decoration may be said to have been earned by some valuable service rendered to the Head of the State conferring it, or to the State itself. The private or restricted permission is contemplated for Decorations which are more or less of a complimentary character. In either case the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs.

4. Full and unrestricted permission by Warrant under the Royal Sign-manual is contemplated in the following cases:—

For a Decoration conferred—

(a.) On an Officer in His Majesty's Naval or Military Forces lent to a Foreign Government; on an Officer in His Majesty's Naval or Military Forces attached by his Government to a Foreign Navy or Army during hostilities; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.

(b.) On any person not at the time in the service of the Crown who, while himself outside the limits of His

Majesty's Dominions, has rendered valuable services to the Head of the State conferring the Order, or to the State itself, within the period of two years immediately preceding the notification of the Decoration to His Majesty's Government provided for in Rule 5. The term "service of the Crown" (*supra*) comprises any person holding a Royal Commission, or any person in receipt of a salary from public funds in the United Kingdom, or in any British Dominion, Colony, or Protectorate.

(c.) On any British subject employed in a Foreign Embassy or Legation in the United Kingdom.

5. The desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order, or the fact that he has done so, must be notified to His Majesty's Principal Secretary of State for Foreign Affairs either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through his Diplomatic Representative at the Court of St. James. His Majesty's Principal Secretary of State for Foreign Affairs shall be under no obligation to consider claims that are not brought to his notice through one of these channels.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 4, to be prepared for the Royal Sign-manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's license and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

7. When a British subject has received the Royal permission to accept the Decoration of a Foreign Order, he will, at any future time, be allowed to accept the Decoration of a higher class of the same Order to which he may have become eligible by increase of rank in the Foreign Service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Decoration, and common to every person upon whom such Decoration is conferred.

8. Medals which constitute a particular class of a Foreign Order are subject in all respects to the above Regulations in the same manner as higher grades of the Order, except that permission to wear will be given by Letter and not by Royal Warrant. The King's permission must be obtained for any other Medal to be worn. No permission is needed to accept a Foreign Medal if it is not intended to be worn.

9. Naval and Military Attachés to His Majesty's Missions abroad may, at the termination of their appointments, be given restricted private permission to wear, on certain specific occasions, the Insignia of a Foreign Order conferred upon them by the Chief of the State only in which their headquarters were situated.

Foreign Office, 8th May, 1911.

## Notice to Mariners No. 84 of 1911.

PORT NICHOLSON.—FALCON SHOAL DREDGED CHANNEL.

Marine Department,  
Wellington, N.Z., 22nd July, 1911.

THE Wellington Harbour Board have notified that a main channel has been dredged through the Falcon Shoal from the southernmost red buoy on the extension of Hope Shoal, south of Ward Island, right across to the blending of the white and red segments of the Somes Island light, giving a width of main channel at this point of 2,000 ft.

It is proposed to move the black and white buoy, with horizontal stripes, which carries a red light, and now marks the western edge of the Falcon Shoal, to a position at the eastern edge of the shoal where the red and white segments of the Somes Island light blend. This position is about 8 cables distant from the Karaka Bay Wharf, and bears N. 89° E. from it.

## Directions re entering Port Nicholson.

*Direction by Day.*—In entering Port Nicholson from about 3½ cables off Pencarrow Head steer northward through the main entrance midway between Barret Reef and the head, with Somes Island Lighthouse bearing N. 6° W. Keep the lighthouse on this bearing until the northern end of Ward Island bears N.E., then steer north-westward and round Point Halswell to the anchorage.

The red buoy on the eastern shore south extreme of Hope Shoal marks the edge of the shallow water on that side of the channel.

*At Night.*—From about 3½ cables off Pencarrow Head steer into the port with Somes Island light bearing between N. 4½° W. and N. 7½° W., in which sector the light is white, not changing the light to red on the western side of the channel; or, after passing Pencarrow Point on which the low-level light is situated, a course may be taken by keeping in the blending of the white and green lights of Somes Island Lighthouse N. 8° W.

This course leads through the deepest water in the main channel, with ample room on each side. When the two red fixed lights on Queen's Wharf open well off Halswell point bearing W.S.W. steer about west, passing northward of Jerningham Point buoy, and anchoring midway in a line with this buoy and Kaiwarra in about 11 fathoms of water.

## Proposed alteration in Position of Anchorages.

It is proposed to alter the position of the Inner and Outer Anchorages, the Health Officer's Examination Ground, and the Explosives Anchorage as follows:—

*Outer Anchorage* to be bounded by a line drawn from Jerningham Point N. 22° W. to the opposite shore.

*Inner Anchorage* to be bounded by a line starting from the east end of Oriental Bay 2,000 ft. inside of Jerningham Point in a direction N. 32° W. to the opposite shore.

Mines Department,  
Wellington, 26th July, 1911.

THE following conditions of a competition for an electric lamp for miners are published for general information.

R. MCKENZIE,  
Minister of Mines.

ELECTRIC LAMPS FOR MINERS.

THE Secretary of State for the Home Department announces that, in order to encourage the production of safe and efficient types of electric lamps for miners, a colliery proprietor has placed at his disposal the sum of £1,000 to be offered as a prize for the best lamp or lamps fulfilling the requirements specified below.

Mr. Charles Rhodes, a former president of the Institute of Mining Engineers, and Mr. Charles H. Merz, a member of the Departmental Committee on the Use of Electricity in Mines, have consented to act as judges.

The conditions of the competition are as follows:—

1. The competition will be open to persons of any nationality.
2. It will be in the discretion of the judges to award the whole of the prize for the lamp which they consider to be the best, or to divide the prize, or to make no award if no lamp appears to them to be of sufficient merit.
3. Lamps must be addressed care of C. Rhodes, Esq., at the Home Office Testing-station, Rotherham, and must reach the Testing-station not later than 31st December next. A spare globe should accompany each lamp.
4. The requirements which should be fulfilled by any lamp submitted for competition are as follows:—
1. The lamp should be of sound mechanical construction, so as to withstand rough usage.
2. The lamp should be of simple construction, and easy to maintain in good order and repair.
3. The lamp should be so constructed as to render impossible the ignition of inflammable gas either within or without the lamp.
4. The lamp battery should be so constructed that any liquid which it may contain cannot be spilled when the lamp is in use, and means should be provided for dealing with any gas which may be generated by the battery.
5. The materials used in the construction should be such that metals and other parts will not be liable to deterioration by corrosion as a result of the action of the "electrolyte," &c., used in the battery.
6. The lamp should be effectively locked so that it cannot be opened without detection.
7. The lamp should be capable of giving an amount of light not less than two-candle power continuously for a period of not less than ten hours.
8. The light should be well distributed outside the lamp. A movable reflector to concentrate or to shield the light may be provided.

In addition to the above requirements, regard will be paid to (a) the first cost of the lamp, (b) the cost of maintenance, (c) convenience in handling, and (d) the weight of the lamp when charged and ready for use.

Deaths occurring at hospitals, of persons not residents of the borough wherein the hospital is situated, have been allotted in each case to the borough where the disease was contracted, and not to that in which the death actually took place.

- The quantities of the various timbers set forth in the above Schedule are approximate only, and are furnished for the information of intending purchasers, who are expected, previous to the sale, to make their own estimate of the quantity of timber on each lot. No contract for purchase shall be voidable, nor shall the licensee be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated herein, nor shall any extra sum be claimed by the Crown if for any reason the quantity of timber is found to be in excess of that stated herein.
- The successful bidder shall purchase the whole of the timber in a lot, and shall, on the fall of the hammer, pay in cash a deposit of 10 per centum of the amount bid, together with £1 1s. license fee, and shall also deposit eight promissory notes, each for one-eighth of the balance of purchase-money, each payable on demand, and indorsed by two persons to be approved by the Commissioner. These promissory notes will be presented, the first at an interval of nine months from the date of sale, and the others at subsequent intervals of six months, but they

may be presented for payment at earlier dates if more than a due proportion of timber is found to be cut, or should any breach of the conditions occur, or if in the opinion of the Commissioner the interest of the Crown is jeopardized.

4. The purchaser of each lot shall have the right to cut all timber thereon during a period of five years from the date of sale. The license shall be only for the cutting and removal of the timber, and shall give no right to the use of the land.

5. The timber in each lot shall be cut in a face, and the Crown reserves the right of following up the mill-workings by felling and grassing such areas as from time to time will have been cleared of milling-timber.

6. The Land Board may authorize the laying-down and working of tram-lines through these lots by other persons than the licensees of the particular lots affected.

7. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, into any river, stream, watercourse, or into any place where it may be washed into any river, stream, or watercourse, any sawdust or other saw-mill refuse.

8. If the timber on any lot is unsold at auction the right to cut it at the upset price will remain open for application until further notice.

9. Each lot will be sold generally in accordance with the area and boundaries as shown on the sale map at the District Lands Office, Wellington.

10. No compensation will be given nor shall any be claimed for any error, discrepancy, or misdescription whatever in respect of any lot or in these conditions.

LOCALITY AND DESCRIPTION.		
The distance of this block from Opua, the nearest seaport, is about eleven miles. The Whangarei-Opua Railway line runs through the block, and as a daily time-table is maintained settlers will thus find a quick means of transit for shipping goods to a market via either Opua or Whangarei. From the former port there is a bi-weekly steamer service, and from the latter a daily service. The country on the Kawakawa-Towai Road is poor pipeclay. Along the railway-line the majority of the land is kahikatea swamp. The soil is very good; and when properly drained will make excellent country. The sections containing bush are all well adapted for dairying, and the higher country is excellent sheep-country, the soil resting mostly on a limestone formation. All the sections are very well watered.		
Access to the block from Auckland is by steamer to Whangarei or Opua, and thence by train to Motatau Railway-station.

Time for removal of timber: Three (3) years. Any timber which has been felled and not removed at the end of the term, owing to there being no fresh, or for any other valid reason, may be removed at any time within six months from such date; provided that the consent of the Tokerau District Maori Land Board is obtained, it being satisfied that the non-removal of the timber is not due to any negligence or fault on the part of the purchaser.

4. Any tenderer who submits an offer for a group of sections is required to state the length of time he desires for the removal of the timber in excess of the three years aforementioned. The Board may, if it thinks fit, grant an extension of time; but in any case such tenderer will be required to remove the timber from one section only at a time, so that when the timber is removed the section may revert to the Board, subject to tramway rights (if any), before the removal of timber on another section is commenced.

5. The quantities stated are standing measurements, and only those trees bearing the special distinguishing brand set out in the Schedule in connection with each section are included in this sale.

6. The aforementioned quantities, qualities, and kind as to the said timber shall be taken as sufficiently accurate for the purpose of this sale; and no contract for purchase shall be voidable, nor shall the successful tenderer be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated herein or in any advertisement having reference to the said timber, nor shall any extra sum be claimed by the Tokerau District Maori Land Board if for any reason the quantity of timber is found to be in excess of that stated herein.

7. The licensee shall make and deliver, on a date to be fixed by the President, a statement of the number and

contents of trees felled during the preceding period, together with total quantity of timber felled as from the commencement of the term of his timber-cutting license, and such statement shall be accompanied by a statutory declaration as to the correctness thereof.

8. The quantities stated are part measurement and part estimated measurement.

9. Should any dispute arise as to the boundaries the decision of the President of the said Maori Land Board shall be final.

10. If at any time during the currency of the license any person duly authorized by the President of the Tokerau District Maori Land Board shall report, or it otherwise appears, that the timber on the said area is being improperly cut, or for any other reason, the said President may, by notice in writing to the licensee, suspend his license pending investigation, and the President may cancel such license if it is found that the conditions herein have been infringed, without prejudice to any proceeding for damage done, recovery of amounts due on promissory notes, or otherwise.

11. It shall be unlawful for the licensee to transfer, assign, or in any way dispose of his license, or of the timber, or of his interest therein, to any other person until after the expiration of two years from the date at which the tender was accepted: Provided, however, that where the licensee proposes to sell the timber with his mill, plant, and appliances in their entirety, he may do so with the written approval of the President first obtained; and in such case the license may be transferred accordingly on payment of a fee of £1 1s. to the said Maori Land Board. Such approval may be given or refused in the discretion of the Board.

12. No bleeding of kanri-trees included in this sale will be permitted without the express written consent of the said Maori Land Board.

13. The successful tenderers will be required to avoid doing any damage to the cultivations, kainga, and fencing of the Native owners at present occupying the several sections, and if in removing any timber it is found absolutely necessary to do so, the purchaser will repair such damage, or, in lieu thereof, pay such compensation as shall be determined adequate. Any such compensation to be determined in terms of the Arbitration Act, 1908.

14. A license will be issued in due course, subject to the foregoing conditions.

15. In the event of the lots not being disposed of, applications may be received and dealt with at any time within three months from the above date of closing tenders (unless previously formally withdrawn), providing, however, that the amount is not less than the upset prices stated herein.

16. Tenders must be submitted on forms which will be supplied on application, and envelopes enclosing the same must be marked "Tender for Timber," and addressed to the President of the Tokerau District Maori Land Board, Auckland, New Zealand.

17. The highest or any tender not necessarily accepted.

18. All puriri timber on the land is reserved from sale.

**TERMS.**

The timber will be offered in separate lots, and tenders must be accompanied by a deposit of 5 per cent. on the amount of tender, in cash, marked cheque, or post-office order; the balance to be paid, if tender accepted, as under:—

1. Payment for timber shall be made by the successful tenderer either wholly in cash on acceptance of tender, or partly in cash and partly in instalments as follows: One-third in cash within fourteen days after date of notice of acceptance of tender (the deposit of the successful tenderer will be retained as part-payment of this), together with £1 1s. license fee, and one-third within one year, and the balance within two years from date of acceptance of tender.

2. All such instalments shall bear interest at the rate of 5 per cent. per annum as from the date of acceptance of tender, and, with the interest, shall be secured by promissory notes payable on demand, and made and indorsed by two or more indorsers, as required by, and to the satisfaction of, the President of the Tokerau District Maori Land Board.

3. In case where payment is to be made by instalments, the following special provisions shall apply:—

- (1.) The property in all timber, whether standing, felled, or in logs, shall remain the property of the Tokerau District Maori Land Board until all the instalments are paid.
- (2.) The value of the timber cut shall at no time exceed the total amount actually paid.
- (3.) In any case where the President is satisfied that timber has been cut in excess of limit fixed by the last preceding paragraph, he shall appraise the quantity and value of timber so cut in excess, and demand payment from the licensee of the amount of such appraisalment. The amount paid

shall be in or toward satisfaction of the accruing instalments in the order in which they accrue due, and shall accordingly be credited to the same, as also the promissory notes securing the same. In default of payment of such amount for the space of fourteen days, the whole of the unpaid instalments shall be payable forthwith, and payment may be enforced accordingly.

Deposits of unsuccessful tenderers will be returned.

Full particulars may be obtained at the office of the Under-Secretary for Native Affairs, Wellington, and at the office of the Tokerau District Maori Land Board, Auckland.

WALTER DINNIE,

President, Tokerau District Maori Land Board.

NOTICE is hereby given that application is intended to be made to the General Assembly of New Zealand at the ensuing session thereof for leave to bring in a Bill to be intituled "An Act to incorporate and confer certain Powers on the Trustees of the Three Kings Institution and to make other Provisions in regard thereto," and that the objects of such Bill will be—

1. To constitute the present Trustees of all those pieces of land particularly described in the First, Second, and Third Schedules hereto (hereinafter termed "the said lands") a body corporate, under the name of "The Board of the Wesley Training College," having a perpetual succession and a common seal; and to provide regulations governing the meetings of such Board, the keeping of minutes and accounts, the appointment of new members, the circumstances creating vacancies, the mode of filling such vacancies, and generally defining the powers of the Board.

2. To vest all the said lands in the Board, to be used and administered by the Board under the general control and superintendence of the Conference of the Methodist Church of Australasia in New Zealand (hereinafter termed "the Conference").

3. With a view to the promotion of the better efficiency and development of the institution or school known as the Three Kings Institution, and in aid of which the rents and profits from the said lands have been used, and with a view to making better provision for the agricultural and other operations carried on in connection with the said institution, and also enabling the said lands to be turned to better account as endowments in aid of such institution, to empower the Board, subject to the approval of the Conference, when sufficient funds have been raised and are available for the purpose, to acquire by purchase or otherwise an area of land in the Provincial District of

Auckland as a site for the said institution and the agricultural and other operations carried on in connection therewith, and to transfer the said institution to the site so acquired and carry on the same there, and to erect all necessary buildings on such site, and equip the same, and generally improve the same for the institution and its operations.

4. To provide that the trusts upon which and the purposes for which the said lands are and shall henceforth be held, and upon and for which the said new site, when acquired, and any other lands hereafter acquired by the Board for the purposes of the Act so as to be subject thereto, shall be held are and shall be the support and upkeep of the said institution as an institution or school for the maintenance and education of—

- (1.) Children and youth being descendants of the Native or Maori race of New Zealand;
- (2.) Orphan or needy children and youth of any age being British subjects;

with discretionary power to the Board as to selection of applicants for admission and as to fees to be charged where parents or guardians are of ability to pay the same, the trusts and purposes expressed in the Crown grants of the said land being modified and assimilated accordingly.

5. To provide that the course of instruction in the said institution shall be that indicated in the Crown grants of the said lands, and to define the scope of the words "instruction in the English language," "industrial training," and "religious education," as used in the said Crown grants.

6. In order that the said lands, and any other lands the Board may hereafter acquire, may be rendered productive of revenue in aid of the said institution, to provide that the Board shall have such powers of leasing as are set forth in the Public Bodies' Leases Act, 1908, No. 240, with power to subdivide into portions or allotments lands vested in them, and lay off and dedicate roads thereon.

7. To make provision for the application of the revenues derived or to be derived from the said lands in aid of the said institution, and otherwise in the administration of the trusts and purposes aforesaid, and for the investment of all money held by the Board for the said institution.

8. To empower the Board, if it shall appear that the interests of the said institution would be promoted thereby, with the prior sanction of a resolution of the Conference, to acquire land under lease, with or without right of purchase, such land to be used in aid and for the purposes of the said institution.

9. To empower the Board, with the prior sanction of a resolution passed by the Conference, to sell by auction or public tender any part of the said lands and any other lands to be acquired by the Board: Provided that the proceeds of such sale or sales shall be expended in the purchase, in the Board's name, of other lands, to be vested in the Board, and held, used, and administered by them, subject to the control and superintendence of the Conference, upon the trusts and for the purposes expressed in the Crown grants of the said lands as modified and supplemented as aforesaid.
