NEW ZEALAND GAZETTE.

Published by Authority.

WELLINGTON, THURSDAY, AUGUST 3, 1911.

*Land set apart for Selection.*

(L.S.) ISLINGTON, Governor.

A PROCLAMATION.

WHEREAS by section seventy-seven of the New Zealand State-guaranteed Advances Act, 1909, as amended by section twenty-two of the New Zealand State-guaranteed Advances Amendment Act, 1910, it is, amongst other things, enacted that in no case shall any moneys be expended under the provisions of the said section seventy-seven in connection with any block of land unless that block is set apart for selection under that section pursuant to Proclamation in that behalf:

Now, therefore, in pursuance and exercise of every power and authority enabling me in this behalf, and for the purposes of the aforesaid Acts, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, do hereby proclaim the land described in the Schedule hereto as set apart for selection.

Minister of Public Works.

GOD SAVE THE KING!

*Licensing Messrs. Francis Arthur Rich and Stanley Jeffreys to use and occupy a Part of the Foreshore of Tukituki Bay, Coromandel, as a Site for a Wharf.*

ISLINGTON, Governor.

ORDER IN COUNCIL.

At the Government House, at Wellington, this twenty-fifth day of July, 1911.

Present:

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS, there being no Harbour Board empowered to grant the license hereinafter mentioned, Francis Arthur Rich and Stanley Jeffreys, trading under the style or title of "Rich and Jeffreys (hereinafter called "the licensees"), have applied to the Governor in Council for a license under the Harbours Act, 1908 (hereinafter called "the said Act"), to occupy a part of the foreshore and land below low-water mark at Tukituki Bay, in the Coromandel County, in order to erect and maintain thereon a wharf; and, in accordance with the one-hundred-and-fiftieth section of the said Act, have deposited plans in the office of the Marine Department, at Wellington, marked M.D. 3678 (four sheets), showing the place where it is intended to erect such wharf, the area of the fore-

shore and land below low-water mark to be occupied for such purpose, and the manner in which it is proposed to erect the wharf: And whereas it has been made to appear to the Governor in Council that the proposed work will not be or tend to the injury of navigation; and the said plans have, prior to the making of this Order in Council, been approved by the Governor in Council, without modification or addition: And whereas it is expedient that a license under the said Act, for the purpose aforesaid, should be granted and issued to the licensees on the terms and conditions hereinafter set forth:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the licensees as aforesaid; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the licensees to use and occupy that part of the foreshore and land below low-water mark which are particularly shown and delineated on sheets 1 and 2 of the plans marked M.D. 3678 so deposited as aforesaid, for the purpose of constructing or erecting thereon a wharf, such license to be held and enjoyed by the licensees upon and subject to the following terms and conditions, that is to say:—

CONDITIONS.

1. IN these conditions the term "Minister" means the Minister of Marine, as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to the part of the foreshore and land below low-water mark necessary for the erection of such wharf, which are shown on sheets 1 and 2 on the plans marked M.D. 3678, and deposited in the office of the Marine Department as aforesaid.

3. In consideration of the concessions and privileges granted by this Order in Council, the licensees shall, on being supplied with a copy of this Order in Council, pay to the Minister the sum of two pounds ten shillings, and thereafter an annual sum of one pound, payable in advance, dating from the date hereof, the first of such annual payments to be made on the license being supplied with a copy of this Order in Council.

4. His Majesty, or the Governor, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, over, and out of the said wharf without payment.

5. The licensees shall complete the erection of the said wharf, in accordance with the approved plans marked M.D. 3678, within eighteen calendar months from the date of this Order in Council.

6. The licensees shall maintain the above-mentioned wharf in good order and repair, and shall at all times exhibit therefrom, and maintain at their own cost, suitable and necessary lights for the guidance of vessels: Provided that no light shall be exhibited until after it has been approved of by the Minister.

7. Any person authorized by the Minister may, at all reasonable times, enter upon the said wharf and view the state of repair thereof; and upon such Minister leaving at or posting to the last known address of the licensees, or either of them, a notice in writing of any defect or want of repair in such wharf, requiring them, within a reasonable time, to be therein prescribed, to make good the same, they shall with all convenient speed cause such defect to be removed or such repairs to be made, as the case may be.

8. Nothing herein contained shall authorize the licensees to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Minister of Customs, or with any provisions of the Harbours Act, 1908, or its amendments, or any regulations made thereunder, and that are now or may thereafter be in force.

9. The rights, powers, and privileges conferred by or under this Order in Council shall continue in force for fourteen years from the date hereof, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority; and the licensees shall not assign, charge, or part with any such right, power, or privilege without the written consent of the Minister first obtained.

10. The said rights, powers, and privileges may be at any time resumed by the Governor, without payment of any compensation whatever, on giving to the licensees three

calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the licensees or either of them.

11. The licensees shall be liable for any injury which the said wharf may cause any vessel or boat to sustain through any default or neglect on their part.

12. In case the licensees or either of them shall—

- (1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them;
- (2.) Cease to use or occupy the said wharf for the purposes aforesaid; or
- (3.) Fail to pay the sum specified in clause 3 of these conditions;

then and in either of the said cases this Order in Council, and every license, right, power, or privilege thereby conferred, may be revoked and determined by the Governor in Council, without any notice to the licensees or other proceeding whatsoever; and publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the licensees, and to all persons concerned or interested, that this Order in Council, and the license, rights, and privileges thereby granted and conferred, have been revoked and determined.

13. The erection of the said wharf shall be sufficient evidence of the acceptance by the licensees of the terms and conditions of this Order in Council.

J. F. ANDREWS,  
Clerk of the Executive Council.

*Warden appointed.*

ISLINGTON, Governor.  
ORDER IN COUNCIL.

At the Government House, at Wellington, this twenty-fifth day of July, 1911.

Present:

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by section nine of the Mining Act, 1908, it is enacted that the Governor may from time to time by Order in Council appoint fit persons to be Wardens, who shall hold office during the Governor's pleasure:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the power and authority conferred by the said section nine of the Mining Act, 1908, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby appoint

WYVERN WILSON, Esq.,

to be a Warden, to hold and exercise the duties of such office under and subject to the provisions of the said Act during pleasure, on and from the first day of August, one thousand nine hundred and eleven.

J. F. ANDREWS,  
Clerk of the Executive Council

*Notice of Intention to exchange a Portion of a Reserve in the Town of Cobden, Westland Land District, for other Land.*

ISLINGTON, Governor.

WHEREAS by the Public Reserves and Domains Act, 1908, it is, amongst other things, enacted that the Governor may declare his intention to change, exchange, or alter the dedication of any public reserve now or hereafter vested in His Majesty or the Governor for any of the purposes named in Class II of the Second Schedule to the said Act, whether the same be granted or not; and in the case of any reserve made under the authority of section three hundred and twenty-one of the Land Act, 1908, if it shall, in the opinion of the Governor, be expedient to change the purpose for which such reserve was set apart to any other purpose, or if it shall, in the opinion of the Governor, be expedient to exchange any of the land comprised in such reserve for other land of equal value, to be dedicated to one or more purposes named in the said Class II, the Governor may, by notice gazetted, make such change, exchange, or dedication, as the case may be, and in such notice declare the manner and terms in which the same is intended to be so made:

Now, therefore, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, do hereby, in pursuance and exercise of the powers and authorities vested in me by the Public Reserves and

Domains Act, 1908, aforesaid, declare my intention to exchange the portion of the reserve described in the first column of the Schedule hereto for the lands described in the second column of the said Schedule.

SCHEDULE.

<i>First Column.</i>	<i>Second Column.</i>
Description and Purpose of Portion of Reserve intended to be exchanged.	Description of Lands to be obtained in Exchange therefor.
<p>All that area in the Westland Land District, containing by admeasurement 1 acre 1 rood 24 perches, more or less, being Sections 31, 33, 34, 35, 174, 175, and 176, Town of Cobden, being part of Reserve 1287, mentioned in <i>New Zealand Gazette</i> No. 3, of the 20th January, 1869, page 28. As witness the hand of His Excellency the Governor, this seventeenth day of July, one thousand nine hundred and eleven.

D. BUDDO,  
Acting Minister of Lands

*Notice of Intention to exchange a Reserve in the Town of Cobden, Westland Land District, for other Land.*

ISLINGTON, Governor.

WHEREAS by the Public Reserves and Domains Act, 1908, it is, amongst other things, enacted that the Governor may declare his intention to change, exchange, or alter the dedication of any public reserve now or hereafter vested in His Majesty or the Governor for any of the purposes named in Class II of the Second Schedule to the said Act, whether the same be granted or not; and in the case of any reserve made under the authority of section three hundred and twenty-one of the Land Act, 1908, if it shall, in the opinion of the Governor, be expedient to change the purpose for which such reserve was set apart to any other purpose, or if it shall, in the opinion of the Governor, be

expedient to exchange any of the land comprised in such reserve for other land of equal value, to be dedicated to one or more purposes named in the said Class II, the Governor may, by notice gazetted, make such change, exchange, or dedication, as the case may be, and in such notice declare the manner and terms in which the same is intended to be so made:

Now, therefore, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, do hereby, in pursuance and exercise of the powers and authorities conferred upon me by the Public Reserves and Domains Act, 1908, aforesaid, declare my intention to exchange the reserve described in the first column of the Schedule hereto for the land described in the second column of the said Schedule.

## SCHEDULE.

First Column.	Second Column.
Description and Purpose of Reserve intended to be exchanged.	Description of Land to be obtained in Exchange therefor.
<p>All that area in the Westland Land District, containing by admeasurement 32 perches, more or less, being Reserve 1288, Town of Cobden. Bounded towards the north-east by Section 175, Fox Street, 100 links; towards the south-east by Section 31, Bright Street, 200 links; towards the south-west by Bright Street, 100 links; and towards the north-west by Section 33, Bright Street, 200 links: be all the aforesaid linkages more or less: as the same is delineated on the plan marked L. 5530/3A, deposited in the Head Office, Department of Lands, at Wellington, and thereon coloured red.</p> <p>Dedicated as a site for a library in <i>New Zealand Gazette</i> No. 47, of the 9th September, 1886.</p>	<p>All that area in the Westland Land District, containing by admeasurement 2 roods 18 perches, more or less, being Sections 1, 2, and 3 of Town Block I, Town of Cobden. Bounded as follows: Towards the north-east by Bright Street, 296·8 links; towards the south-east by Pitt Street, 192·54 links and 65·54 links; towards the south-west by Section 4 of the Town Block I aforesaid, 223·3 links; and towards the north-west by Residence Area 7, 271·17 links: be all the aforesaid linkages more or less: as the same is delineated on the plan marked L. 5530/3B, deposited in the Head Office, Department of Lands, at Wellington, and thereon coloured red.</p>

As witness the hand of His Excellency the Governor, this seventeenth day of July, one thousand nine hundred and eleven.

D. BUDDO,  
Acting Minister of Lands.

*Notifying Land in Southland Land District for Sale by Public Auction.*

ISLINGTON, Governor.

IN pursuance of the powers and authorities conferred upon me by the one-hundred-and-twenty-sixth section of the Land Act, 1908, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, do hereby appoint Friday, the third day of November, one thousand nine hundred and eleven, as the time at which the land described in the Schedule hereto shall be sold by public auction; and I do hereby fix the price at which the said land shall be sold as that mentioned in the said Schedule hereto.

## SCHEDULE.

SOUTHLAND LAND DISTRICT.—WALLACE COUNTY.—JACOBS RIVER HUNDRED.  
*Rural Land.*

Section.	Block.	Area.	Upset Price.
		A. B. P.	£ s. d.
37	III	60 3 0	110 0 0

With the exception of a small area of open land of good quality situated at the north of the section, and a few acres

of low-lying land growing flax at the south end, the whole of the section is covered with bush, chiefly white-birch of no value. Distant from Riverton six miles and half by road, and two miles and three-quarters by water.

As witness the hand of His Excellency the Governor, this twenty-ninth day of July, one thousand nine hundred and eleven.

D. BUDDO,  
Acting Minister of Lands.

*Opening Lands in Nelson Land District for Selection on Renewable Lease.*

ISLINGTON, Governor.

IN pursuance and exercise of the powers and authorities conferred upon me by the Land Act, 1908, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, do hereby declare that the lands described in the Schedule hereto shall be open for selection on renewable lease on Monday, the ninth day of October, one thousand nine hundred and eleven, at the rentals mentioned in the said Schedule; and I do also declare that the said lands shall be leased under and subject to section one hundred and thirty-five of the said Act, as they contain, or are supposed to contain, metal, mineral, or valuable stone.

## SCHEDULE.

NELSON LAND DISTRICT.  
*Second-class Land.*

Section.	Block.	Area.	Capital Value.	Half-yearly Rental.
----------	--------	-------	----------------	---------------------

MURCHISON COUNTY.—MARUIA SURVEY DISTRICT.

	A. B. P.	£ s. d.	£ s. d.
6	VIII	445 0 0	340 0 0   6 16 0

Weighted with £61 5s., valuation for improvements.

About 250 acres flat and undulating, remainder rather steep hills. Twenty-eight acres felled and grassed; balance all bush, mostly black and brown birch, with some black and white pine and miro. Good soil, on sandstone formation; well watered. Distant thirteen miles from Murchison—eight miles by main coach-road and five miles by 9 ft. metalled road, which passes the section on the opposite side of the river.

MURCHISON COUNTY.—BURNETT SURVEY DISTRICT.

	A. B. P.	£ s. d.	£ s. d.
9	III	756 0 0	460 0 0   9 4 0

About 250 acres flats and terraces, remainder easy to steep spurs; all bush, consisting mostly of red and brown birch, with a little white-pine and totara. Granite formation; well watered. Good soil on flats, fair on hills, would grow good grass. Distant thirty-two miles from Murchison—by dray-road to Frog Flat twenty-seven miles, thence by bridle-track five miles.

As witness the hand of His Excellency the Governor, this twenty-ninth day of July, one thousand nine hundred and eleven.

D. BUDDO,  
Acting Minister of Lands.

*Commission.*

ISLINGTON, Governor.

To all to whom these presents shall come, and to Neil Dundonald Cochrane, Esq., of Dunedin, Mining Engineer; John Dowgray, Esq., of Granity, Miner; James Sim Evans, Esq., of Nelson, Warden and Stipendiary Magistrate; George Fletcher, Esq., of Granity, Mine-manager; Herbert Scott Molineaux, Esq., of Barewood, Mine-manager; William Edward Parry, Esq., of Waihi, Miner; and Frank Reed, Esq., of Wellington, Inspecting Engineer of Mines.

WHEREAS it is deemed expedient to appoint a Commission to inquire into and report on the conditions relating to the health and safety of the miners of New Zealand and the administration of the laws relating to mining and coal-mines, and to make recommendations for any amendment of these laws which may be considered necessary for the better protection of the health and safety of persons working in mines:

Now, therefore, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, in exercise of the powers conferred by the Commissions of Inquiry Act, 1908, and of all other powers and authorities enabling me in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, do hereby constitute and appoint you the said

NEIL DUNDONALD COCHRANE,  
JOHN DOWGRAY,  
JAMES SIM EVANS,  
GEORGE FLETCHER,  
HERBERT SCOTT MOLINEAUX,  
WILLIAM EDWARD PARRY, and  
FRANK REED,

to be a Commission to make inquiry into the matters hereinbefore referred to, and for that purpose to inquire and report generally as to—

- (1.) The prevention of accidents in mines;
  - (2.) The ventilation of mines;
  - (3.) The underground sanitation of mines;
  - (4.) Change and bath houses for miners;
- and more particularly as to
- (a.) What steps could be taken for the better prevention of accidents, particularly those from the use and firing of explosives, falls from roof and side, also accidents in shafts and from machinery; and whether any improvement can be made in the present system of investigation and inquiry into accidents;
  - (b.) Whether any, and if so what, steps should be taken to lay down an improved standard of ventilation in mines;
  - (c.) What steps should be taken to guard against the disease known as miners' phthisis;
  - (d.) Whether any, and if so what, fresh legislation is necessary to give effect to your recommendations.

And, with the like advice and consent, I do further appoint you the said JAMES SIM EVANS to be Chairman of the said Commission.

And for the better enabling you to carry these presents into effect, you are hereby authorized and empowered to make and conduct any inquiry under these presents at such place or places in the said Dominion as you may deem expedient, with power to adjourn from time to time and from place to place as you think fit, and to call before you and examine on oath or otherwise as may be allowed by law any person or persons that you may think capable of affording you any information in the premises; and you are also hereby empowered to call for and examine all such books, documents, papers, maps, plans, or records as you judge likely to afford you the fullest information on the subject of this Commission, and to inquire of and concerning the premises by all other lawful ways and means whatsoever; and also to use the evidence taken in the course of any previous inquiry touching the premises.

And, using all diligence, you are required to report to me under your hands and seals your opinion resulting from the said inquiry in respect of the several matters and things inquired into by you under or by virtue of these presents within three months from the date hereof, stating in such report what steps (if any) it would, in your opinion, be expedient to adopt under the circumstances which you find to exist, and in what manner effect should be given to such recommendations.

And it is hereby declared that this commission shall continue in full force and virtue although the inquiry be not regularly continued from time to time by adjournment, and that you, or any four of you, shall and may from time to time proceed in execution hereof, and of every power, matter, and thing herein contained.

And, lastly, it is hereby further declared that these presents are issued under and subject to the provisions of the Commissions of Inquiry Act, 1908.

Given under the hand of His Excellency the Right Honourable John Poynder Dickson-Poynder, Baron Islington, Governor and Commander-in-Chief in and over His Majesty's Dominion of New Zealand and its Dependencies; and issued under the Seal of the said Dominion, at the Government House, at Wellington, this twenty-eighth day of July, in the year of our Lord one thousand nine hundred and eleven.

R. McKENZIE,  
Minister of Mines.

Issued in Executive Council.

J. F. ANDREWS,  
Clerk of the Executive Council.

B

*Trustees for the Ngapara Public Cemetery appointed.*

ISLINGTON, Governor.

IN pursuance and exercise of the powers and authorities vested in me by the fourth section of the Cemeteries Act, 1908, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, do hereby appoint the several persons whose names are specified in the first column of the Schedule hereto to have the control and management of the public cemetery specified in the second column of the said Schedule.

SCHEDULE.

Names of Trustees.	Name of Public Cemetery, and Description of Land.
	NGAPARA.
Owen Bond, Alexander Nicol, John Kennie McCulloch, Thomas Paterson, and Yeo Tresillian Shand.	All that area in the Otago Land District, containing by admeasurement 2 acres, more or less, being Section No. 51, Block VI, Awamoko Survey District (Windsor Park Settlement). Bounded towards the north-east by a public road, 552.1 links; and towards the east, south, and west by Section No. 4A of said settlement, 286.5, 500, and 517.5 links respectively: be all the aforesaid linkages more or less: as the same is delineated on the plan marked L. 1672/4, deposited in the Head Office, Department of Lands, at Wellington, and thereon bordered red.

D. BUDDO,  
Minister of Internal Affairs.

*By-laws of Manaia Town Board confirmed under the By-laws Act, 1910.*

Office of the Minister of Internal Affairs,  
Wellington, 28th July, 1911.

THE following certificate has been executed on the sealed copy of by-laws made by the Manaia Town Board on the 22nd August, 1910.

D. BUDDO,  
Minister of Internal Affairs.

CERTIFICATE OF CONFIRMATION.

IN pursuance of the By-laws Act, 1910, I hereby confirm the above-written by-laws, and declare that the same came into force on the 1st day of September, 1910.

Dated this 28th day of July, 1911.

D. BUDDO,  
Minister of Internal Affairs.

*Special Order made by the Mangonui County Council altering Ridings and fixing Representation.*

Office of the Minister of Internal Affairs,  
Wellington, 27th July, 1911.

THE following special order, made by the Mangonui County Council, is published in accordance with the provisions of the Counties Act, 1908.

D. BUDDO,  
Minister of Internal Affairs.

MANGONUI COUNTY COUNCIL.

*Special Order adjusting Representation in the Council and altering Boundaries of Ridings.*

IN exercise of the powers conferred on it by section 23 of the Counties Act, 1908, the County Council resolves by way of special order as follows:—

1. The present division of the County of Mangonui into six ridings is revoked, and in lieu thereof the said county shall be divided into seven ridings, to be called respectively Mangonui Riding, Awanui Riding, Victoria Valley Riding, Kaitaia Riding, Houhora Riding, Herekino Riding, Oruru Riding, which said ridings are respectively described in the Schedule hereto.

2. The said Mangonui County Council shall consist of seven members, who shall be elected as follows: One member for each riding.

3. The alteration hereby made shall take effect on and after the 1st day of October, 1911.

SCHEDULE.

*No. 1. Houhora Riding.*

Starting at the mouth of the Awanui River and keeping along the western bank until it reaches the southern boundary of Section 3, traversing entire line direct to west coast; thence along the coast-line completely round the peninsula until it reaches its starting-point at mouth of Awanui River, Rangaunu Bay. Capital value, £50,000.

*No. 2. Awanui Riding.*

Starting at mouth of Awanui River and keeping along the eastern bank until the southern boundary of eastern part of Ford's O.L.C. is reached, keeping to this line, crossing the Kaitaia-Awanui Road, continuing its course along same boundary until the Awanui Parish boundary is reached, when same is traversed in its entirety until the Oruru Stream is reached, when it runs in a northerly direction along the southern boundary of the Kareponia Block; thence along the southern boundary of Sections N.W. 89, N.W. 124, N. 125 and 117, south boundary of Waiwhero and Otarapoko, until the Waiake Parish boundary is touched at south side Section 22, Waiake boundary kept until intercepted by old road Awanui to Mangonui, keeping on western side of such road until the Taipa Township is reached, when western boundary of such township is traversed to Section 8, eastern boundary-line of Section 8 to be kept until coast-line is reached, coast-line to represent boundary back to starting-point at mouth of Awanui River: to embrace also all islands in Rangaunu Bay and off Cape Karakara. Capital value, £48,000.

*No. 3. Kaitaia Riding.*

Starting at western side of Mangatete Stream at point where Otarapoko Block line crosses, and keeping the south-

western boundary of the No. 2 Riding until same reaches Awanui River, such river to be traversed upon the eastern bank until Houhora Riding line is reached, such line to be kept to the west coast, coast-line to be western boundary until the Ahipara Parish line is intercepted upon its northern corner, such parish-line to divide Kaitaia from Herekino until the trig. station upon the Timber Reserve No. 1 is reached, where the line shall deviate and the Crown land scenic-block line shall be traversed on its north-eastern boundary intercepting the Taumatamohe Trig. Station, keeping same line forming boundary of Sections 9, 10, and 11 until the western block-line of the Takahue Settlement is reached, such block-line to be traversed north, embracing Sections 25-22-10; thence along main road through Pukikahikatoa to Kaitaia-Victoria Valley Road, such road to bound both Ridings Nos. 3 and 4 to Fairburn Junction, Fairburn Road to bound both ridings to Fisher's Road at May's; Kaiaka Block line to be kept until head-water of Mangatete Stream is reached at Section S.E. 64, stream to be traversed down to starting-point, Otarapoko. Capital value, £51,000.

*No. 4. Victoria Valley Riding.*

Starting at Section 3, Block XIV, Takahue Survey District, traversing the county boundary-line in its entirety to the Maungataniwha Trig. Station; thence along the parish boundary-line dividing Maungataniwha from Maungataniwha East until the Paria-Fairburn Road is reached, centre of such road to form boundary between Oruru and Victoria Valley Ridings until Fisher's Road at May's is reached; then Kaitaia boundary is kept until Section 11, Takahue, is reached, when the western block-line of Takahue Settlement shall be kept until county boundary is reached at Section 3, starting-point. Capital value, £49,000.

*No. 5. Herekino Riding.*

Herekino shall be bounded by Victoria and Kaitaia from county boundary, Section 3, to west coast, Section 44, north-west boundary Ahipara Parish. Capital value, £48,000.

*No. 6. Oruru Riding.*

Bounded by Victoria, Kaitaia, and Awanui as already described, and keeping the original eastern boundary until Section 137, Arpetereva Parish, is reached, when direct line is struck to Taipa Heads, embracing all sections fronting the eastern side of Taipa River. Capital value, £50,000.

*No. 7. Mangonui Riding.*

Balance of county. Capital value, £49,000.

I hereby certify that the above special order was duly made in accordance with section 97 of the Counties Act, 1908.

W. J. HARRIS,  
Clerk.

*Resolution made by the Martinborough Town Board.*

The Treasury,  
Wellington, 27th July, 1911.

THE following resolution, made by the Martinborough Town Board, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908, and its amendment.

J. A. MILLAR,  
Acting Minister of Finance.

MARTINBOROUGH TOWN DISTRICT.

THAT, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and the New Zealand State-guaranteed Advances Act, 1909, the Martinborough Town Board hereby resolves as follows: That, for the purpose of providing the instalments in respect of principal and other charges on a loan of £460, authorized to be raised by the Martinborough Town Board, under the above-mentioned Acts, for the purpose of contributing to the cost of building a traffic-bridge over the Ruamahanga River, the said loan to be for a period of thirty-six years and a half, and the interest to be paid is 3½ per centum per annum, the said Martinborough Town Board hereby makes and levies a special rate of 1/15 of a penny in the pound sterling upon the rateable value of all rateable property of the Martinborough Town District, comprising all that area described in Proclamation dated the 25th day of March, 1905, published in the *New Zealand*

*Gazette* of the 30th day of March, 1905; and that such special rate shall be an annual-recurring rate during the currency of such loan, and be payable yearly on the 1st day of April in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

I hereby certify that the above resolution was duly passed at a meeting of the Martonborough Town Board held on the 13th July, 1911.

MURDOCH ROSS,  
Chairman.  
F. McALLUM,  
Town Clerk.

*Resolutions made by the Council of the County of Horowhenua.*

The Treasury,  
Wellington, 27th July, 1911.

THE following resolutions, made by the Horowhenua County Council, are published in accordance with the provisions of the Local Bodies' Loans Act, 1908, and its amendment.

J. A. MILLAR,  
Acting Minister of Finance.

HOROWHENUA COUNTY COUNCIL.

*Resolution making Special Rate.*

THAT, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and the amendments thereof, the Horowhenua County Council hereby resolves as follows: That, for the purpose of providing the interest and other charges on a loan of £85, being 10 per cent. on a loan of £850 already raised for the purpose of constructing the Tararua Road in the Tararua Road Special-rating District, the said Horowhenua County Council hereby makes and levies a special rate of 1/14 of a penny in the pound on the rateable value of all rateable property in the said Tararua Special-rating District as constituted; and that such special rate shall be an annually recurring rate during the currency of such loan, and be payable on the 1st day of June in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

I hereby certify that the foregoing is a true and correct copy of a resolution passed at a duly constituted meeting of the Horowhenua County Council held on the 22nd April, 1911.

H. E. LODGE,  
County Clerk.

HOROWHENUA COUNTY COUNCIL.

*Resolution making Special Rate.*

THAT, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and the amendments thereof, the Horowhenua County Council hereby resolves as follows: That, for the purpose of providing the interest and other charges on a loan of £560, authorized to be raised by the Horowhenua County Council, for the purpose of metalling McDonald Road in the Arapaepae Estate Subdivision, and the construction of a bridge over the Koputarua Stream in the line of the said road, the said Horowhenua County Council hereby makes and levies a special rate of 8/15 of a penny in the pound on the rateable value of all rateable properties in the McDonald Road Special-rating District comprised in Sections 28, 36, 37, 39, 38, 40, 41, and 42, Block II, Waiopehu Survey District (D.P. 2291), as the same is shown on the plan and coloured red; such special rate to be an annually recurring rate during the currency of such loan, and be payable on the 1st day of June in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

I hereby certify that the foregoing is a true and correct copy of a resolution passed at a duly constituted meeting of the Horowhenua County Council held on the 10th day of June, 1911.

H. E. LODGE,  
County Clerk.

HOROWHENUA COUNTY COUNCIL.

*Resolution making Special Rate.*

THAT, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908,

and the amendments thereof, the Horowhenua County Council hereby resolves as follows: That, for the purpose of providing the interest and other charges on a loan of £350, authorized to be raised by the Horowhenua County Council, for the purpose of constructing a deviation of the Wallace Road in the Wallace Road Deviation Special District, and acquiring the necessary land for such deviation, the said Horowhenua County Council hereby makes and levies a special rate of 18/29 of a penny in the pound on the rateable value of all rateable properties in the said Wallace Road Deviation Special District, consisting of Sections 8, 9, 10, 11, 12, 14, 15, and 40, Block II, Waiopehu Survey District, as the same is shown on the plan and coloured red; such special rate to be an annually recurring rate during the currency of such loan, and be payable on the 1st day of June in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

I hereby certify that the foregoing is a true and correct copy of a resolution passed at a duly constituted meeting of the Horowhenua County Council held on the 22nd day of April, 1911.

H. E. LODGE,  
County Clerk.

HOROWHENUA COUNTY COUNCIL.

*Resolution making Special Rate.*

THAT, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and the amendments thereof, the Horowhenua County Council hereby resolves as follows: That, for the purpose of providing the interest and other charges on a loan of £1,350, authorized to be raised by the Horowhenua County Council, for the purpose of forming and metalling roads and constructing water-races in the Buller Estate Special-rating District, the said Horowhenua County Council hereby makes and levies a special rate of 20/31 of a penny in the pound on the rateable value of all rateable properties in the Buller Estate Special-rating District comprised in part Waiwiri East, Sections 2a, 3a, 3b, 4, and part Horowhenua 14, Blocks II and V, Waiopehu Survey District, as the same is shown on the plan and coloured red; such special rate to be an annually recurring rate during the currency of such loan, and be payable on the 1st day of June in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

I hereby certify that the foregoing is a true and correct copy of a resolution passed at a duly constituted meeting of the Horowhenua County Council held on the 8th day of July, 1911.

H. E. LODGE,  
County Clerk.

*Resolution made by the Council of the County of Hawera.*

The Treasury,  
Wellington, 29th July, 1911.

THE following resolution, made by the Hawera County Council, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908, and its amendment.

J. A. MILLAR,  
Acting Minister of Finance.

HAWERA COUNTY COUNCIL.

*Extracts from the Minutes of Proceedings of the Hawera County Council at an Ordinary Meeting of such County Council held at the County Office, Hawera, on the 8th Day of July, 1911, at 11 a.m.*

RESOLUTION MAKING SPECIAL RATE.

Moved by the Chairman,—

IN pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and the Acts amending the same, the Hawera County Council hereby resolves as follows: That, for the purpose of providing the interest and other charges on a loan of £6,300, authorized to be raised by the Hawera County Council, under the above-mentioned Act and the amendments thereof, and being one-tenth of the amount of the original loan of £63,000 raised under the Local Bodies' Loans Act,

1901, for constructing, providing, and establishing certain public works within the Hawera, Ararata, Mere Mere, and Mokoia Ridings of the Hawera County, the said Hawera County Council hereby makes and levies a special rate of 1/16 of a penny in the pound upon the rateable value of all rateable property of the said ridings; and that such special rate shall be an annual-recurring rate during the currency of such loan, and be payable yearly on the 1st day of August in each and every year during the currency of the said loan, being a period of thirty years, or until the loan is fully paid off.

Seconded by Councillor Tarrant, and carried.

We hereby certify that the foregoing is a true copy of and a correct extract from the minutes of proceedings of the Hawera County Council at the meeting above mentioned.

WM. DUIRS,  
Chairman.  
C. A. BUDGE,  
County Clerk.

*Resolution made by the Council of the Borough of Wanganui.*

The Treasury,  
Wellington, 31st July, 1911.

THE following resolution, made by the Wanganui Borough Council, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908, and its amendment.

J. A. MILLAR,  
Acting Minister of Finance.

WANGANUI BOROUGH COUNCIL.

*Resolution making Special Rate.*

IN pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and the Local Bodies' Loans Amendment Act, 1910, the Wanganui Borough Council hereby resolves as follows: That, for the purpose of providing for the repayment of the loan of £11,500, and the interest thereon, by the periodical payments as required by the New Zealand State-guaranteed Advances Act, 1909, and other charges and expenses incident to the said loan or connected therewith, which loan was authorized to be raised by the Wanganui Borough Council, under the Local Bodies' Loans Act, 1908, and the amendments thereof, for the following purposes:—

The erection, construction, and completion of a traffic-bridge across the Wanganui River connecting the Borough of Wanganui with the Borough of Wanganui East, from a point in the Wanganui Borough at the junction or intersection of Dublin Street and the River Bank Road to a point on the left bank of the Wanganui River abutting on Lot 3 or Lot 5 of Section 63 on the plan of the left bank of the Wanganui River, in the Borough of Wanganui East, and the necessary approaches thereto, according to a design, plans and specifications, and conditions prepared by the Public Works Department of the Dominion of New Zealand, and in accordance with Order in Council published in the *New Zealand Gazette* of date the 16th day of March, 1911, the said bridge to be constructed by the Wanganui Borough Council in conjunction with the Wanganui East Borough Council, and to be so constructed as to allow of vehicular, tramway, pedestrian, and sheep and cattle traffic, and the superstructure of the said bridge to be built of steel, and the work to be undertaken by and to be under the control and management of the Wanganui Borough Council—

the Wanganui Borough Council hereby makes and levies a special rate of 2d. in the pound upon the rateable value of all rateable property within the said Borough of Wanganui, comprising the Town of Wanganui as the boundaries thereof are laid down in the New Zealand Company's map: Towards the north-east and south-east by the Wanganui River; and towards the south, south-west, and north-west by the Town Belt, together with the parcel of land adjoining the Town of Wanganui and commonly known as the Town Belt, granted to the Superintendent of the Province of Wellington by letters patent or Crown grant dated the 3rd day of June, 1861, under the Public Seal of the colony and the hand of Thomas Gore Browne, the then Governor thereof, which said borough was proclaimed as such by a Proclamation published in the New

Zealand Government *Gazette* of the year 1872, at page 88. And also comprising Section No. 15 and part of Sections Nos. 14, 16, 17, 18, and 19, right bank Wanganui River, bounded as follows: Commencing at a point on the south-east boundary of Section No. 14, distant 554.7 links from the southernmost corner of that section; thence south-easterly on a bearing of 134° 50' to the south-eastern side of the Town Belt Road; thence north-easterly along the south-eastern side of that road to the north-west side of the railway-line; thence north-easterly along the railway-line to the easternmost corner of Lot No. 61 on Land Transfer deposited plan No. 258; thence westerly along the northern boundary of the land comprised in the said deposited plan No. 258 to the north-west corner of Lot No. 24 of the said plan; thence south-westerly along the north-western boundary of the said lot to its westernmost corner, being the angle of the road there; thence south-westerly across the said road to its opposite angle; thence south-westerly and south-easterly following the said road and an old road along the north-western and south-western boundaries of Land Transfer deposited plan No. 543 to the southernmost corner of Lot No. 18 on the said deposited plan; thence continuing southerly along the last-mentioned road to the Virginia Lake and along the lake to a point due east of the intersection of the north-west side of the last-mentioned road with the north-east boundary of Section No. 15, right bank Wanganui River; thence due west to the said intersection; thence north-westerly along the north-east boundary of the said Section No. 15 to its northernmost corner; thence south-westerly along the north-western boundary of Section No. 15 to the westernmost corner of that section; thence south-easterly along the south-western boundary of Section No. 15 for a distance of 2285 links to a point about the centre of Peake's Road; thence south-westerly, bearing 243° 11' for a distance of 46.3 links, to the south-west side of Peake's Road; thence south-westerly along the south-west side of the said road for a distance of 432.3 links; thence south-westerly, south-easterly, and again south-westerly along the south-eastern, north-eastern, and again south-eastern boundaries of the land comprised in Land Transfer deposited plan No. 768 to the westernmost corner of the land comprised in deposited plan No. 268; and thence south-easterly along the south-western boundary of that land to the commencing-point. And also comprising that area in the Wellington Land District bounded towards the north by Sections Nos. 54, 53, 52, 51, and 50, Block III, Westmere Survey District, from the easternmost corner of Section No. 248 to the north-western corner of Section No. 31; thence towards the east by Section No. 31, Block III aforesaid, and the production of the western boundary-line of that section to the Wanganui River; thence towards the south and south-east by the Wanganui River to the Borough of Wanganui; thence towards the south-west by the Borough of Wanganui to the north-eastern boundary-line of Original Section No. 18, Block V, Westmere Survey District; thence by that section to its north-eastern corner; and thence towards the north-west generally by Sections Nos. 42, 43, 228, 25A, and 248, Block III aforesaid, to the place of commencement. And also comprising all that area in the Wellington Land District bounded by a line commencing on the left bank of the Wanganui River at the mouth of the Purua Stream; thence easterly along the right bank of that stream to the eastern boundary of Section No. 44, Block V, Ikitara Survey District; thence southerly along the eastern boundary of that section to No. 2 Line of road; thence across that road to the western side of a road opposite the south-eastern corner of the aforesaid Section No. 44; thence along the western and north-western side of that road to the eastern boundary of Te Iwi Roa Block; thence northerly along the eastern boundary of that block to Section No. 29, Block V aforesaid; thence westerly along the southern boundaries of the said Section No. 29, and Manawakowara No. 3 and Kaiate No. 2 Blocks, and the production of the southern boundary of the last-mentioned block to the Wanganui River; and thence northerly along the left bank of the Wanganui River to the place of commencement. And that such special rate shall be an annually recurring rate during the currency of such loan, and be payable half-yearly on the 1st day of May and the 1st day of November in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

The common seal of the Mayor, Councillors, and Burgesses of the Borough of Wanganui was hereto affixed to the above-written resolution by order of the Council, this 21st day of July, 1911, by and in the presence of—

C. E. MACKAY,  
Mayor.  
G. MURCH,  
Town Clerk.

*Resolution made by the Council of the County of Clifton.*

The Treasury,  
Wellington, 2nd August, 1911.

THE following resolution, made by the Clifton County Council, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908, and its amendment.

J. A. MILLAR,  
Acting Minister of Finance.

COPY OF RESOLUTION PASSED BY THE CLIFTON COUNTY COUNCIL AT MEETING HELD 2ND JUNE, 1911.

THAT, in pursuance and exercise of the powers vested in it by the Local Bodies' Loans Act, 1908, and its amendments, the Clifton County Council hereby resolves as follows: That, for the purpose of providing for the repayment of the loan of £500, and the interest thereon, by the periodical payments as required by the New Zealand State-guaranteed Advances Act, 1909, and the charges and expenses incident thereto or connected therewith, which loan was authorized to be raised by the Clifton County Council, under the Local Bodies' Loans Act, 1908, and the amendments thereof, for the purpose of deviating and metalling a portion of the main North Road, Pukearuhe, the Clifton County Council hereby makes and levies a special rate of  $\frac{1}{4}$ d. in the pound upon the rateable value of all rateable property within the Pukearuhe Special-rating District, being Sections 1 to 24, 36 to 46, 54/6, 62 to 68, 73, 74, 75, 76, Block X, Mimi Survey District; Section 4, Block V; Mimi Survey District; and Section 1, Block VI, Mimi Survey District: and that such special rate shall be an annual-recurring rate during the currency of such loan, and be payable yearly on the 1st February in each and every year during the currency of such loan, being for a period of thirty-six years and a half, or until the loan is fully paid off.

The above resolution was duly passed at a meeting of the Clifton County Council held at Waitara on the 2nd day of June, 1911.

The common seal of the Chairman, Councillors, and Inhabitants of the County of Clifton has hereunto been affixed this 2nd day of June, 1911, in the presence of—

JOHN WHITE FOREMAN,  
Chairman.  
H. E. VAUGHAN,  
County Clerk.

*Result of Poll for Proposed Loan.*

The Treasury,  
Wellington, 1st August, 1911.

THE following notice, received from the Mangatarata Road Board, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908.

J. A. MILLAR,  
Acting Minister of Finance.

MANGATARATA ROAD BOARD.

I HEREBY give notice that at the poll of the ratepayers of the Mangatarata Road District held at Waipukurau on Saturday, the 29th day of July, on the proposal to raise a special loan of £3,000 for the purpose of metalling the Mangatarata Road, the following number of votes was recorded: For the proposal, 9; against the proposal, 3.

I therefore declare the proposal carried.

29th July, 1911. C. PATTISON,  
Chairman.

*Result of Poll for Proposed Loan.*

The Treasury,  
Wellington, 2nd August, 1911.

THE following notice, received from the Mayor of the Borough of Onslow, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908.

J. A. MILLAR,  
Acting Minister of Finance.

ONSLow BOROUGh COUNCIL.

*Notice of Result of Poll on Proposal to raise a Loan.—Khandallah Public Hall Proposal, £1,500.*

PURSUANT to section 13 of the Local Bodies' Loans Act, 1908, I have the honour to notify you, for publication in the *Gazette*, that the above proposal was submitted by

the Onslow Borough Council to the ratepayers of the Khandallah Ward of the Borough of Onslow on the 27th day of July, 1911, and that the numbers of votes recorded respectively for and against were as follows: For the proposal, 68; against the proposal, 47; informal vote, 1.

I therefore declare that the proposal was carried.

F. HOLDSWORTH,  
Mayor of the Borough of Onslow.

*Notice to Mariners No. 86 of 1911.*

Marine Department,  
Wellington, N.Z., 26th July, 1911.

THE following extracts from Notices to Mariners, received from the United States Hydrographic Office at Washington, are published for general information.

J. A. MILLAR.

CALIFORNIA.

HUMBOLDT BAY.—INDIAN ISLAND SPIT LIGHT.—COLOUR OF STRUCTURE CHANGED.—Referring to Notice to Mariners No. 4 (198) of 1911, further notice is given that on 2nd May, 1911, the colour of the structure supporting Indian Island Spit light, Humboldt Bay, California, was changed from red and black in horizontal bands to black.

Approx. position: Lat. 31° 16' N., long. 121° 46' 50" E.

SOUTH PACIFIC OCEAN.

TUBUAI OR AUSTRAL ISLANDS.—RAVAIVAI ISLAND.—RAIURUA ANCHORAGE.—REEF REMOVED.—The French Government has given notice that the rocky head, drying  $\frac{1}{3}$  ft., located 435 yards 318° from the extremity of the jetty at Raiurua, Ravaivai Island, Tubuai or Austral Islands, has been removed with dynamite to a clear depth of 2 $\frac{1}{2}$  fathoms.

Approximate position of jetty head: Latitude 23° 52' 20" S., longitude 147° 41' 15" W.

RAPA ISLAND.—AHUREI ANCHORAGE.—BEACON ESTABLISHED.—The French Government has given notice that a cylindrical black beacon has been established on the rocky head which uncovers, about  $\frac{1}{2}$  mile 344° from the Residence at Ahurei, Rapa Island, South Pacific Ocean.

Approximate position of Tauna Island, at the entrance to the anchorage: Latitude 27° 35' 46" S., longitude 144° 17' 20" W.

URUGUAY.

MONTEVIDEO APPROACH.—BRAVA POINT.—CHARACTERISTIC OF LIGHT CHANGED.—The fixed light on Brava Point, Montevideo approach, Uruguay, has been replaced by a *flashing light showing red and white alternately every 5 seconds*, visible 14 miles.

Approx. position: Lat. 34° 56' S., long. 56° 9' 30" W.

Notice to Mariners No. 87 of 1911.

Marine Department,  
Wellington, N.Z., 27th July, 1911.

THE following extracts from Notices to Mariners, received from the Board of Trade, London, are published for general information.

J. A. MILLAR.

AFRICA.

DELAGOA BAY, SRN. APPROACH.—BEACONS EST.—(a.) An iron pyra. beacon, elev. 394 ft., 26 ft. high, in 26° 50 $\frac{1}{2}$ ' S., 32° 54 $\frac{1}{2}$ ' E., on summit of Oro Peak, is very conspicuous, and marks the boundary-line between Portuguese territory and British territory. (b.) An iron beacon, "Mathonde beacon," elev. 344 ft., 16 ft. high, in 26° 35 $\frac{1}{2}$ ' S., 32° 54 $\frac{1}{2}$ ' E., on sandhill near the coast, about nine miles nrd. from Florence Peak. "P.A." has been charted against this beacon. (c.) A small stone beacon, "Tane beacon," elev. 295 ft., in 26° 20 $\frac{1}{2}$ ' S., 32° 56 $\frac{1}{2}$ ' E., on S.-wrn. summit of Holland Pt. "P.A." has been charted against this beacon. June.

INDIAN OCEAN.

CHERUBA STRAIT.—A mud volcano is reported to exist in 18° 54 $\frac{1}{2}$ ' N., 93° 46' E. The least sounding obtained was 9 ft., and the position of the volcano is supposed to be changing. *Caution.*—The strait should be nav. with extreme caution when in the vicinity of the above position. June.

RANGOON RIVER ENTR.—Centre lt.-buoy, can, black, has been moved 300 yds. N.W.; and Intermediate Spit buoy, can, black, has been moved 500 yds. N. 40° W. June.

The F. white lt. of Hastings Shoal lt.-buoy, on ern. edge of shoal, 8 cables S. 40° E. from the extr. of Monkey Pt. (16° 46' N., 96° 12' E.), has been replaced by an occ. white lt., vis. 2 $\frac{1}{2}$  secs., ecl. 2 $\frac{1}{2}$  secs. June.

EASTERN ARCHIPELAGO, ETC.

DURIAN STRAIT.—Richardson Reef lt.-buoy in 0° 37 $\frac{1}{2}$ ' N., 108° 43' E., has been withdrawn. June.

SURABAYA STRAIT.—A black lt. buoy, exh. an occ. white lt., is temp. est. in connection with dredging operations on ern. side of leading-line, 2 $\frac{3}{4}$  miles N. 11° E., from Jamuang Reef beacon (6° 55 $\frac{1}{2}$ ' S., 112° 44' E.) June.

(a.) No. 5 lt.-buoy, white, in 6° 58' S., 112° 42 $\frac{1}{2}$ ' E., in the W. Fairway, S. of the Middeldrug, is to be moved about 4 cables S. 17° W. (b.) The E. Fairway buoy, in 7° 23 $\frac{1}{2}$ ' S., 112° 57 $\frac{1}{2}$ ' E., has disappeared, and will not be replaced. June.

BALI STRAIT.—BANJUWANGI ROAD.—1. Shoals not charted: (a.) A shoal carrying 3 $\frac{1}{2}$  fms., with Banjuwangi flagstaff (8° 12 $\frac{3}{4}$ ' S., 114° 23' E.), S. 56° W., 4 $\frac{4}{10}$  cables, and Sukawidi chimney, N. 30° W. (b.) 3 $\frac{1}{2}$  fms., with the flagstaff, S.W., 6 $\frac{1}{2}$  cables, and the chimney, N. 47° W. (c.) 4 fms. with the flagstaff, S. 64° W., 9 $\frac{8}{10}$  cables, and the chimney, N. 62° W. (d.) 2 $\frac{1}{2}$  fms., with the flagstaff, S. 28° W., 13 $\frac{2}{10}$  cables, and the chimney, S. 69° W. 2. Decreased depths on shoals: (a.) 3 $\frac{1}{2}$  fms. instead of 4 $\frac{1}{2}$  fms., with Banjuwangi flagstaff, S. 69° W., 2 $\frac{8}{10}$  cables. (b.) 3 fms. instead of 3 $\frac{1}{2}$  fms., with the flagstaff, S. 68° W., 10 $\frac{2}{10}$  cables. June.

PACIFIC OCEAN.

NEW CALEDONIA.—BREAKERS.—Breakers are reported to have been sighted in 20° 55' S., 162° 36' E., from the barque "Comet," the sea was smooth, and a slight break was observed every 2 or 3 mins., the water was discoloured. *Note.*—"P.A." has been charted against the above position. June.

PITCAIRN AND ADJACENT ISLANDS.—AMENDED POSITIONS.—(a.) The Obser. spot on Pitcairn Isl. is in 25° 4' S., 130° 5' 55" W. (b.) The N.E. pt. of Oeno Isl. is in 23° 55' 30" S., 130° 44' 20" W. (c.) The S. pt. of Henderson Isl. is in 24° 24' 45" S., 128° 18' 30" W. (d.) The centre of the S. islet, Ducie Isl., is in 24° 40' 40" S., 124° 47' 40" W. May.

Notice to Mariners No. 89 of 1911.

REPORTED ROCK S.W. OF COOK ROCK, OFF BROTHERS ISLAND.

Marine Department,  
Wellington, N.Z., 26th July, 1911.

NOTICE is hereby given that Messrs. Baxter and Berg, fishermen, have reported that there is a reef of rocks, with about 18 ft. of water over them, about a quarter of a mile S. 48° W. from Cook Rock, north of Brothers Island. Further search will be made at an early date.

Charts, &c., affected: Admiralty Charts Nos. 695 and 2685; "New Zealand Pilot," eighth edition, 1908, Chapter vi, page 172.

J. A. MILLAR.

Notice to Mariners No. 92 of 1911.

ASTROLABE ROAD, BLIND BAY.—BUOY ON HAPUKA REEF.

Marine Department,  
Wellington, N.Z., 29th July, 1911.

NOTICE is hereby given that a large iron-can buoy, painted red, has been moored 450 ft. S. 76° E. from Hapuka Reef, Adolphe Point being in line. The reef consists of several pinnacles awash at low water, one of which dries about 2 ft.

Charts, &c., affected: Admiralty Charts Nos. 2616 and 3629; "New Zealand Pilot," eighth edition, 1908, Chapter vi, page 192.

J. A. MILLAR.

Authorizing the Laying-off of George Street, in the Town of Balfour Extension No. 2, of a Width of not less than 66 ft.

Department of Lands,  
Wellington, 31st July, 1911.

IN pursuance of the power and authority conferred upon me by section 15 of the Land Act, 1908, I, David Buddo, Acting Minister of Lands, do hereby authorize the laying-off of George Street, in the Town of Balfour Extension No. 2, Southland Land District, of a width of not less than 66 ft. instead of 99 ft.

D. BUDDO,  
Acting Minister of Lands.

Bonus for the Production of Quicksilver.

Mines Department,  
Wellington, 14th February, 1910.

NOTICE is hereby given that a bonus of fourpence (4d.) per pound will be paid on the production of the first one hundred thousand pounds weight (100,000 lb.) of good marketable retorted quicksilver, free from all impurities, from any mine in New Zealand, on the following conditions, that is to say:—

1. That at least one-third of the quantity is produced on or before the 31st March, 1911, and the remaining two-thirds on or before the 31st March, 1912.

2. No bonus will be payable until the whole of the one hundred thousand pounds (100,000 lb.) of quicksilver has been produced as stipulated to the satisfaction of an officer to be appointed by the Minister of Mines, and on whose certificate alone the bonus will be paid.

3. In the event of more than one person producing the required quantities of quicksilver before the dates named, inquiry will be made by the officer above referred to, when, if it is found that each applicant is equally entitled to a bonus, the amount will be divided in proportion to the quantities produced by each applicant, but in no case shall any bonus be paid until at least one hundred thousand pounds (100,000 lb.) of quicksilver has been produced in the aggregate.

R. MCKENZIE,  
Minister of Mines.

Bonus on Mineral Oil produced in New Zealand.

Mines Department,  
Wellington, 21st December, 1910.

NOTICE is hereby given that a bonus of £10,000 will be paid for the production of mineral oil as under:—

1. (a.) £2,500 to be paid on proof being submitted that not less than 250,000 gallons of marketable crude oil has been won.

(b.) £2,500 to be paid on proof being submitted that not less than 500,000 gallons of marketable crude oil has been won.

(c.) £2,500 to be paid on proof being submitted that not less than 1,000,000 gallons of marketable crude oil has been won.

(d.) The balance of £2,500 to be paid to the person or company who first produces by his or its own refining plant 500,000 gallons of refined mineral oil.

"Marketable crude oil" shall contain not less than 90 per cent. of products (excluding water) which can be obtained by distillation.

"Refined mineral oil" may include benzine, petrolene, kerosene, or lubricating-oils.

The illuminating-oil in the refined state to have a specific gravity of 0.814 to 0.830, and a flashpoint of not less than 83° Fahr. by the Abel closed test.

2. Notice of intention to claim the aforesaid bonus must be given in writing to the Minister of Mines not later than 31st March, 1912.

3. The claim must be made and the conditions duly fulfilled on or before the 31st March, 1915.

4. The first claimant who proves to the satisfaction of the Government that he has fulfilled all the conditions under any of the headings (a), (b), (c), or (d) shall be the recipient of the bonus payable under that heading. The oil must in each case be produced from the well or wells of one proprietary only.

5. All conditions as to quantity, quality, priority, and value to be fulfilled to the satisfaction of an officer appointed for the purpose by the Government.

6. This offer cancels the offer dated the 1st June, 1909, and appearing in the *New Zealand Gazette*.

R. MCKENZIE,  
Minister of Mines.

*Notice of Intention to take Land in Blocks VI, XI, and XV, Tauakira, and III and VII, Waipakura Survey Districts, for the Preservation of Scenery.*

NOTICE is hereby given that it is proposed, under the provisions of the Public Works Act, 1908, the Scenery Preservation Act, 1908, and the Scenery Preservation Amendment Act, 1910, to take the land described in the Schedule hereto for the preservation of scenery. And notice is hereby further given that the plan of the land so required to be taken is deposited in the post-office at Koriniti, and is there open for inspection; and that all persons affected by the taking of the said land should, if they have any well-grounded objections to the taking of such land, set forth the same in writing, and send such writing, within forty days from the first publication of this notice, to the Minister of Public Works, at Wellington.

SCHEDULE.

Approximate Area of each of the Parcels of Land required to be taken.	Being Portion of Block	Situated in Block	Situated in Survey District of	Shown on Plan	Coloured on Plan
A. R. P. 30 1 33	Te Tuhi No. 1	XV	Tauakira	P. W. D. 25525	Edged pink.

All in the Wellington Land District; as the same are more particularly delineated on the plan marked and coloured as above mentioned, and deposited in the office of the Minister of Public Works, at Wellington, in the Wellington Provincial District.

As witness my hand, at Wellington, this twentieth day of July, one thousand nine hundred and eleven.

R. MCKENZIE,  
Minister of Public Works.

*The Corporation of the Borough of Ashburton authorized to erect Electric Lines within the Borough of Ashburton.*

IN exercise of the power and authority conferred upon me by the Post and Telegraph Act, 1908, I, Thomas Mackenzie, the Acting Minister of Telegraphs appointed under the said Act, do hereby authorize and license the Mayor, Councillors, and Burgesses of the Borough of Ashburton (hereinafter referred to as "the Corporation") to erect, construct, lay down, and maintain electric lines for lighting and power purposes through those streets within the borough in which the electric lines are shown on the

plan marked "A" deposited in the office of the Secretary of the Post and Telegraph Department, and on which plan the electric lines are indicated by red lines, and which is signed by me as such Minister as aforesaid, subject to the following conditions.

CONDITIONS.

DEFINITIONS: In the following regulations,—

"Consumer's wires" means any electric lines on a consumer's premises which are connected to the service-lines of the Corporation at the consumer's terminals.

"Pressure" means the difference of electrical potential between any two conductors through which a supply of energy is given, or between any part of either conductor and the earth.

Where the conditions of supply are such that the pressure at any pair of consumer's terminals does not exceed 250 volts the supply shall be deemed a low-pressure supply.

Where the conditions of supply are such that the pressure exceeds 250 volts, but does not exceed the maximum voltage of the system, the supply shall be deemed a medium-pressure supply.

"Telegraph" includes telephone.

Any metallic body to be "efficiently connected with earth" shall be connected with the general mass of the earth in such manner as will insure at all times an immediate and safe discharge of electrical energy.

1. The supply of electrical energy shall be given by the continuous-current two- or three-wire system.

2. Continuous current shall be generated at not in excess of 250 volts when two wires are used, and at not in excess of 500 volts between the two outers of the system where three wires are used. The declared pressure at the consumers' terminals shall be 220 and 440 volts. Incandescent-lamp circuits for private lighting shall be supplied at a pressure of 220 volts.

3. The neutral wire of the three-wire system shall be earthed only at the power-station; at other places it shall be maintained the same as that of the outers. It shall be so erected and specially supervised as to reduce to a minimum its liability to break, so as to avoid the burning-out of consumers' lamps. A switch shall be provided to cut off the earth from the neutral wire for testing purposes.

4. The main switchboard shall be made of and be mounted on material that is not inflammable.

5. All overhead conductors shall be of hard-drawn copper, and where they cross over or under open telegraph or any other aerial wires they shall be insulated throughout the entire length of every crossing-span with not less than 300-megohms-per-mile grade of vulcanized rubber, except that where it may be impracticable or undesirable to so insulate the electric-light wires over spans at such crossing-places the insulation of the electric-light wires may be triple weatherproof, provided that all other aerial wires referred to are insulated at those crossing-spans with not less than 300-megohms-per-mile grade of vulcanized rubber, or are otherwise satisfactorily insulated. In cases where telegraph or other aerial wires already exist and are required to be insulated their insulation shall be effected at the Corporation's expense, and shall be to the satisfaction of the Minister of Telegraphs.

6. All electric-light wires shall be insulated throughout their entire length, and, except where otherwise provided, that insulation may be triplex weatherproof compounded insulation. In the outlying streets bare hard-drawn copper wire may be used, subject to an understanding being arrived at with the Minister's representative as to what are outlying streets. If at any time it be found detrimental to the public safety to have these wires bare, they shall be insulated when deemed necessary. No electric-light wire shall come within 3 ft. of any other class of aerial wires or of cables, except where it may be permitted to pass the electric-light wires through these other wires or cables at a pole.

7. Where lead-covered telephone cables are crossed above by the electric-light wires, the latter wires shall be insulated with not less than 300-megohms-per-mile grade of vulcanized rubber throughout the crossing-span, and over every such span they shall be suitably suspended from effectively earthed steel bearer-wires if the Minister of Telegraphs shall so require.

8. Where lead-covered telephone cables may be crossed under by the electric-light wires, if the height and other circumstances permit—and of this the Minister of Telegraphs shall be judge—the latter wires shall be insulated as in clause 7, and suspended if deemed necessary.

9. In places where it may be required to cross with the electric-light wires through any other aerial wires or through

cables because of the impracticability of crossing above or below (and crossing above or below shall be done if possible), all such through crossings, if permitted, shall be effected at a pole. In every case of a through crossing, no matter whose property the lines crossed through may be, the method of carrying the electric-light wires across the pole, protecting them thereon, protecting other wires from coming into contact with them, and protecting persons working on the poles from danger of shock, shall be to the satisfaction of the Minister of Telegraphs. The electric-light wires shall be insulated with not less than 300-megohms-per-mile grade of vulcanized rubber where they pass through on the poles, and over the whole length of the span on each side of the pole crossed through. Where the insulated wires cross through on the pole they shall be incased in some hard protecting substance for the entire length of the arms on such pole. If metal pipe be used to incase the wires it shall be effectively earthed.

10. In running these lines through streets where no telegraph lines exist, the Corporation shall keep to one side of the street, and in running service wires to the opposite side of the street to that on which their line of poles is placed the Corporation shall arrange to supply so as to interfere as little as possible with the route on that side of the street.

11. Except by permission of the Minister of Telegraphs, all overhead electric-light pole lines shall be placed on the opposite side of the streets to that on which any telegraph-pole lines exist; and where the erection of the electric-light wires necessitates the alteration of telegraph-wires that may exist when the electric-light wires are being run, and such alteration is practicable, the expense of the alteration shall be borne by the Corporation.

12. Where the electric-light wires are on one side of a street and the telegraph wires are on the other, and service is required to be given from each to the other side of the street, each party shall give the other reasonable facilities as far as possible to effect supply.

13. Where it cannot be arranged otherwise, and there is room on the telegraph-poles, and other circumstances do not render it unsafe or impracticable, the electric-light wires may be run along on the telegraph-poles, subject to their insulation being not less than 300-megohms-per-mile grade of vulcanized rubber, and to any special conditions that it may be found necessary to impose at the time that the placing of such electric-light wires on the telegraph-poles is being considered.

14. When the electric-light-pole lines are being laid out provision should be made by increased length of pole to provide clearance to facilitate crossing with telegraph service wires to the side of the street occupied by the Corporation's lines.

15. Telegraph-wires shall not be run along or placed on the Corporation's poles, nor shall the Corporation's wires be run along or placed on telegraph-poles, without a special understanding of requirements and precautions to be observed being arrived at between a responsible officer of the Corporation and of the Minister of Telegraphs in respect of each case. Rental at a rate to be agreed upon may be charged for the use of poles, but nothing in this license shall be construed to give any party a right to the use of poles other than its own.

16. Every main shall be tested for insulation after having been placed in position and before it is used for the purposes of supply, the testing-pressure being at least 220 volts, and the Corporation shall duly record the results of the tests of each main or section of a main.

17. The insulation of every complete aerial and underground circuit used for the supply of energy, including all machinery, apparatus, and devices forming part of or in connection with such circuit, shall be so maintained that the leakage current shall not under any conditions exceed one-thousandth part of the maximum supply-current. Every leakage shall be remedied without delay. Every such circuit shall be tested for insulation at least once in every week, and the Corporation shall duly record the results of the tests.

18. The sectional area of the conductor in any electric line laid or erected in any street shall not be less than that of a strand of seven wires, each of which is of No. 20 standard wire gauge, and the sectional area of every wire in a strand forming any such conductor shall not be less than that gauge.

19. All material used for insulating electric lines or apparatus shall be of the best quality, and thoroughly durable and efficient, having regard to the conditions of its use. Suitable provision shall be made for the protection of the insulating material against injury or removal. If the protection so provided be wholly or partly metallic it shall be efficiently connected with earth.

20. All metal pipes or covering containing any electric wire shall be efficiently connected with earth, and shall be

so jointed as to make good electrical connection throughout their whole length.

21. Arc lamps used in any street for public lighting shall be so fixed as not to be in any part at a less height than 10 ft. from the ground. All arc lamps shall be so guarded as to prevent pieces of ignited carbon or broken glass falling from them, and shall not be used in situations where there is any danger of the presence of explosive dust or gas.

22. The variation of pressure at any consumer's terminals shall not under any conditions of the supply which the consumer is entitled to receive exceed 4 per cent. from the normal pressure at which he is being supplied.

23. Every aerial line shall be attached to supports at intervals not exceeding 200 ft. where the direction of the line is straight, or 150 ft. where the direction is curved or where the line makes a horizontal angle at the point of support.

24. Every support for an aerial line shall be of a durable material, and properly stayed against forces due to wind pressure, change of direction of the line, or unequal lengths of span. The factor of safety shall be for all aerial lines and suspending wires, and for all other parts of the structure, at least 6, taking the maximum possible wind pressure at 20 lb. per square foot. Earth-wires where led down poles shall be protected by casing for a distance of 8 ft. from the ground.

25. All aerial wires shall be attached to suitable insulators carried on cross-arms of suitable material and cross-section, and they shall be so attached to the insulators or guarded that they cannot fall away from the support. Conductors covered with insulating material shall be so attached that their insulation will not be impaired where they are secured to the insulator.

26. Any aerial wire shall not in any part thereof be at a less height from the ground than 18 ft., or within 5 ft. measured horizontally or 7 ft. measured vertically from any part of any building or erection other than a support for the line, except where brought into a building for the purpose of supply. Where the wires cross the railway-line the minimum height of all shall be 18 ft., unless the Railway Department requires a greater height, and the permission of that Department shall be obtained by the Corporation for every such crossing.

27. Service lines from aerial lines shall be led as directly as possible to insulators firmly attached to some portion of the consumer's premises which is not accessible to any person without the use of a ladder or any other special appliance. Every portion of any service line which is outside a building and is within 7 ft. from any part of the building shall be rubber-insulated.

28. Where an aerial line crosses a street the angle between the line and the direction of the street at the place of crossing shall not be less than 60 degrees, and the spans shall be as short as possible.

29. Where an aerial line crosses or is in proximity to any metallic substance, precautions shall be taken against the possibility of the line coming into contact with the metallic substance, or of the metallic substance coming into contact with the line, by breakage or otherwise.

30. Efficient guard-wires shall be erected in a manner to meet with the approval of the Minister of Telegraphs at all crossings and places where electric-light wires intersect telegraph or other wires, as may be required by the Minister to be so protected. The Corporation shall bear the expense of such guard-wires in all cases where an electric-light wire intersects a telegraph or other wire previously existing.

31. Every aerial line, including its supports, its conductors, and their insulating covering, and all the structural parts and electrical appliances and devices belonging to or connected with the line, shall be duly and efficiently supervised and maintained as regards both electrical and mechanical conditions.

32. An aerial line shall not be permitted to remain erected after it has ceased to be used for the supply of energy, unless the Corporation intends within a reasonable time again to take it into use.

33. The electric-light wires may be placed wholly underground, or partly underground and partly overhead.

34. All conduits, pipes, casings, and street boxes used as receptacles for electric lines shall be constructed of durable material, and shall be of ample strength to prevent damage from heavy traffic, and reasonable means shall be taken to prevent the accumulation of gas in such receptacles.

35. Where any underground line crosses or is in proximity to any metallic substance, special precautions shall be taken against the possibility of any electrical charging of the metallic substance from the line, or from any metallic conduit, pipe, or casing enclosing the line.

36. All underground metal conduits, pipes, or casings containing an electric line shall be efficiently earthed, and shall be so jointed and connected across all street boxes

and other openings as to make good electrical contact throughout their whole length.

37. The covers of street boxes shall be so secured that they cannot be opened except by means of a special appliance. Street boxes shall be inspected from time to time for the presence of gas, and suitable action shall be taken to check its influx and accumulation.

38. The Corporation shall be responsible for all electric lines or wires, fittings, and apparatus belonging to it or under its control which may be upon a consumer's premises being maintained in a safe condition and in all respects fit for supplying energy.

39. In delivering the energy to a consumer's terminals the Corporation shall exercise all due precautions so as to avoid risk of causing fire on the premises.

40. Where medium pressure is supplied to any consumer the following conditions shall be complied with.

- (1.) Where the supply is for power purposes:—
  - (a.) The frame of every electric motor shall be efficiently connected with earth.
  - (b.) The consumers' wires forming the connections to motors, or otherwise in connection with the supply, shall be, as far as practicable, completely enclosed in strong metal casing efficiently connected with earth, or they shall be fixed in such a manner that there shall be no danger of any shock.
  - (c.) The supply to every motor shall be controlled by means of an efficient cut-off switch, placed in such a position as to be easily handled by the person in charge of the motor, and connected so that by its means all pressure can be cut off from the motor itself, and from any regulating-switch, resistance, or other device in connection therewith.
  - (d.) Switches, efficient fuses, or other automatic circuit-breakers shall be provided, so as to protect the circuits from excess of current, and all switches and cut-outs shall be so enclosed and protected that there shall be no danger of any shock being obtained in the ordinary handling thereof, or of any fire being caused by their normal or abnormal action.
  - (e.) A notice shall be fixed in a conspicuous position at every motor and switchboard in connection with the supply, forbidding unauthorized persons to touch the motors or apparatus.
- (2.) Where the supply is for arc lamps in series:—
  - (a.) The consumers' wires forming the connections to the arc lamps, or otherwise in connection with the supply, shall be, as far as practicable, completely enclosed in strong metal casing efficiently connected with earth, or they shall be fixed in such a manner that there shall be no danger of any shock.
  - (b.) The supply to every arc lamp shall be controlled by means of an efficient cut-off switch, placed in such a position as to be easily handled by the person in charge of the arc lighting, and connected so that by its means all pressure can be cut off from the arc lamp itself, and from any regulating-switch, resistance, or other device in connection therewith: Provided that where the arc lamps are connected in series across the outer conductors of a three-wire system it shall be sufficient if one such switch be provided for each series of arc lamps.
  - (c.) Switches, efficient fuses, or other automatic cut-outs shall be provided, so as to protect the circuits from excess of current, and all switches and cut-outs shall be so enclosed and protected that there shall be no danger of any shock being obtained in the ordinary handling thereof, or of any fire being caused by their normal or abnormal action.

41. Where the three wires of the system are brought into a consumer's premises for lighting purposes the supply shall be given to two pairs of terminals arranged in such a manner that there shall be no danger of any shock to persons, and the wiring from those terminals shall be kept distinct.

42. Where any portion of any electric line or any support for an electric line is exposed in such a position as to be liable to cause injury from lightning it shall be efficiently protected against such liability.

43. A suitable safety fuse or other automatic circuit-breaker shall be inserted in each service line within a consumer's premises as close as possible to the point of entry, and contained within a suitable locked or sealed receptacle of fireproof construction, but no fuse or automatic circuit-breaker shall be inserted in the intermediate conductor of the three-wire system.

44. All electric wires placed on a consumer's premises shall be highly insulated, and shall be thoroughly protected against injury to the insulation or access of moisture. All electric wires shall be so fixed and protected as to prevent the possibility of electrical discharge to any adjacent metallic substance.

45. The Corporation shall not connect the wires and fittings on a consumer's premises with its mains, or, in the case of premises already connected, continue the supply from its mains, unless it is reasonably satisfied that the requirements of this license are complied with, that the wiring and fittings are suitable for the voltage at which supply is being given, that the installation generally is in accordance with the requirements of good practice, and that the connection or continuance of supply would not cause a leakage from those wires and fittings exceeding one ten-thousandth part of the maximum supply-current to the premises.

For the purpose of satisfying itself that the requirements of this license are being observed, the Corporation may require that notice be served upon it of intention to install wires, fittings, lamps, motors, or other apparatus on any premises, and may inspect the same during any reasonable hours while the installation of such is in progress.

46. If the Corporation is reasonably satisfied, after making all proper examination by testing or otherwise, that the wiring and fittings are not suitable for the voltage being employed, that a leakage exists at some part of a circuit of such extent as to be a source of danger, and that such leakage does not exist at any part of the circuit belonging to the Corporation, or that any other requirements of this license are not complied with, then and in such case any officer of the Corporation duly authorized by it in writing, or, if the Corporation so requires, on application by it to the Minister of Telegraphs, any officer of the Post and Telegraph Department (hereinafter referred to as "an Electric Inspector") instructed to so act may, for the purpose of discovering whether the leakage exists at any part of a circuit within or upon any consumer's premises, or whether the wiring is suitable and the general requirements of the license are complied with, by notice require the consumer, at some reasonable time after the service of the notice, to permit him to inspect and to test the wires and fittings belonging to the consumer and forming part of the circuit.

In any case where the Corporation requires the services of an Electric Inspector under this section it shall pay the cost of such services.

If on such testing and inspection the officer or the Electric Inspector discovers a leakage from the consumer's wires exceeding one ten-thousandth part of the maximum supply current to the premises, or that the requirements of this license are not properly conformed to, or if the consumer does not give all due facilities for inspection and testing, the Corporation shall either not commence the supply or shall forthwith discontinue the supply of energy to the premises in question, giving immediate notice to the consumer of its reasons for not commencing or for discontinuing the supply, and in either case supply shall not be given until it is reasonably satisfied that the installation is in conformity with the requirements of this license.

47. If any consumer is dissatisfied with the action of the Corporation in refusing to give, or in discontinuing, or in not recommending the supply of energy to his premises, the wires and fittings of that consumer may, on his application to the Minister of Telegraphs, and on payment of the cost, be inspected and be tested for the existence of leakage by an Electric Inspector. This provision shall be indorsed on every notice given under the provisions of either of the two last preceding sections.

48. From and after the time when the Corporation commences to supply energy it shall maintain continuously sufficient power for the use of all the consumers for the time being entitled to be supplied: Provided that, for any purposes connected with the efficient working of the undertaking, the Minister of Telegraphs may give permission to the Corporation to discontinue the supply at such intervals of time and for such periods as he may think expedient. When the supply is so discontinued, public notice shall be given, when practicable, of such discontinuance, and of the probable duration thereof.

49. The Minister of Telegraphs may at any time order an inspection to be made of the works, lines, and wires of the Corporation used for electric lighting and power purposes. When a defect or defects are found to exist they must be remedied forthwith, and, should they be serious in the opinion of the officer or person inspecting, the Minister of Telegraphs may, on receipt of the report, direct the Corporation to at once cease transmitting energy, either over the whole of the Corporation's lines and wires or over any part thereof, as to him may seem fit, until such defect or defects are repaired or remedied. The cost of such inspection shall be borne by the Corporation.

50. After the supply of energy has begun particulars shall be given to the local Postmaster of each further proposed extension or alteration of lines or wires.

51. If the Corporation makes default in complying with any of the provisions of this license it shall be liable to a penalty not exceeding £20 for every such default; but it

shall not be held to have committed default for any failure to maintain power continuously if such failure be due to the breakdown of machinery or other accident, unless such breakdown or accident shall be proved to be due to negligence on the part of the Corporation.

The recovery of a penalty under this license shall not affect the liability, if any, of the Corporation to make compensation in respect of any damage or injury which may be caused by reason of the default.

As witness my hand, this eighteenth day of July, one thousand nine hundred and eleven.

THOS. MACKENZIE,  
Acting Minister of Telegraphs.

*Wellington Gas Company (Limited) authorized to erect an Electric Line in Miramar Avenue, Miramar.*

IN exercise of the power and authority conferred upon me by the Post and Telegraph Act, 1908, I, Thomas Mackenzie, the Acting Minister of Telegraphs, appointed under the said Act, do hereby authorize and license the Wellington Gas Company (Limited) to erect, construct, lay down, and maintain an electric line for lighting and power purposes, being an undertaking not of a public nature, through the street within the Borough of Miramar known as Miramar Avenue, and shown on the plan marked "A" deposited in the office of the Secretary of the Post and Telegraph Department, and on which plan the electric line is indicated by a yellow line, and which is signed by me as such Minister as aforesaid, subject to the following conditions, viz. :—

DEFINITIONS.

IN the following regulations "pressure" means the difference of electrical potential between any two conductors through which a supply of energy is given, or between any part of either conductor and the earth.

As the conditions of supply are such that the pressure does not exceed 250 volts, the supply shall be deemed a low-pressure supply.

Any metallic body to be "efficiently connected with the earth" shall be connected with the general mass of the earth in such manner as will insure at all times an immediate and safe discharge of electrical energy.

1. The supply of electrical energy shall be given by the continuous-current two-wire system, and shall be supplied at a pressure of 220 to 230 volts.

2. The conductors shall be of hard drawn copper, insulated throughout their entire length with not less than 300-megohms-per-mile grade of vulcanized rubber, and shall be laid underground in 1½-inch galvanized-iron pipes with watertight joints. The minimum depth below the formation level of the road shall be 15 in.

3. The sectional area of the conductors employed shall be such as to occasion no rise of temperature in the conductor, or any part thereof, to such an extent as to materially alter the physical condition or specific resistance of the insulating covering, or in any case to raise such temperature to a greater extent than 30° Fahr. The cross-sectional area and the conductivity at joints must be sufficient to avoid local heating, and the joints must be carefully made, and must be protected against corrosion.

4. All conduits, pipes, casings, and street boxes used as receptacles for electric lines shall be constructed of durable material, and shall be of ample strength to prevent damage from heavy traffic, and reasonable means shall be taken to prevent the accumulation of gas in such receptacles.

5. Where any underground line crosses or is in proximity to any metallic substance, special precautions shall be taken against the possibility of any electrical charging of the metallic substance from the line, or from any metallic conduit, pipe, or casing enclosing the line.

6. All underground metal conduits, pipes, or casings containing an electric line shall be efficiently earthed, and shall be so jointed and connected across all street boxes and other openings as to make good electrical contact throughout their whole length.

7. The covers of street boxes shall be so secured that they cannot be opened except by means of a special appliance. Street boxes shall be inspected from time to time for the presence of gas, and suitable action shall be taken to check its influx and accumulation.

8. The mains used for the supply of electrical energy shall be tested for insulation after having been placed in position and before they are used for the purpose of supply, the test pressure being at least 220 volts, and the result of the testing shall be duly recorded.

9. The insulation of the mains and all machinery, apparatus, and devices forming part of or in connection with

the circuit shall be so maintained that the leakage current shall not under any conditions exceed one-thousandth part of the maximum supply current. Every leakage shall be remedied without delay. Every such circuit shall be tested for insulation at least once in every month, and the result of these tests shall be duly recorded.

10. All material used for insulating electric lines or apparatus shall be of the best quality, and thoroughly durable and efficient, having regard to the conditions of its use. Suitable provision shall be made for the protection of the insulating material against injury or removal.

11. The service mains shall be so led into the building and so protected as not to be accessible to any person without the use of a ladder or other special appliance.

12. The line, including its supports, its conductors and their insulating covering, and all the structural parts and electrical appliances and devices belonging to or connected with the line, shall be duly and efficiently supervised and maintained as regards both electrical and mechanical conditions.

13. The line shall not be permitted to remain erected after it has ceased to be used for the supply of energy, unless the company intends within a reasonable time again to take it into use.

14. A suitable safety-fuse or other automatic circuit-breaker shall be inserted in the service mains, as close as possible to the point of entry, and contained within a suitable locked or sealed receptacle of fireproof construction.

15. All electric lines at the receiving station shall be highly insulated, and shall be thoroughly protected against injury to the insulation or access of moisture. All electric wires shall be so fixed and protected as to prevent the possibility of electrical discharge to any adjacent metallic substance. The installation generally shall be in accordance with the requirements of good practice, and maintained so that the wires and fittings at the receiving station shall not permit of a leakage exceeding one-tenthousandth part of the maximum supply current to the premises.

16. The Minister of Telegraphs may at any time order an inspection to be made of the works, lines, and wires of the company. When a defect or defects are found to exist they must be remedied forthwith, and should they be serious in the opinion of the officer or person inspecting, the Minister of Telegraphs may, on receipt of the report, direct the company to at once cease transmitting energy over the mains until such defect or defects are repaired or remedied. The cost of such inspection shall be borne by the company.

17. If the company makes default in complying with any of the provisions of this license it shall be liable to a penalty not exceeding £20 for every such default. The recovery of a penalty under this license shall not affect the liability, if any, of the company to make compensation in respect of any damage or injury which may be caused by reason of the default.

As witness my hand, this twenty-fourth day of July, one thousand nine hundred and eleven.

THOS. MACKENZIE,  
Acting Minister of Telegraphs.

*The Corporation of the Borough of Akaroa authorized to erect Electric Lines within the Borough of Akaroa.*

IN exercise of the power and authority conferred upon me by the Post and Telegraph Act, 1908, I, Thomas Mackenzie, the Acting Minister of Telegraphs, appointed under the said Act, do hereby authorize and license the Mayor, Councillors, and Burgesses of the Borough of Akaroa (hereinafter referred to as "the Corporation") to erect, construct, lay down, and maintain electric lines for lighting and power purposes through those streets within the borough in which the electric lines are shown on the plan marked "A" deposited in the office of the Secretary of the Post and Telegraph Department, and on which plan the electric lines are indicated by red lines, and which is signed by me as such Minister as aforesaid, subject to the following conditions, viz. :—

DEFINITIONS.

IN the following regulations "consumer's wires" means any electric lines on a consumer's premises which are connected to the service lines of the Corporation at the consumer's terminals.

"Pressure" means the difference of electrical potential between any two conductors through which a supply of energy is given, or between any part of either conductor and the earth.

As the conditions of supply are such that the pressure at any pair of consumer's terminals does not exceed 250 volts, the supply shall be deemed a low-pressure supply.

"Telegraph" includes telephone.

Any metallic body to be "efficiently connected with earth" shall be connected with the general mass of the earth in such manner as will insure at all times an immediate and safe discharge of electrical energy.

1. The supply of electrical energy shall be given by the continuous-current two- or three-wire system.

2. Continuous current shall be generated at about 110 volts between each outer and the neutral conductor, and at about 220 volts between the outers of the system, the declared pressure at the consumers' terminals being 110 and 220 volts respectively.

3. The neutral wire of the three-wire system shall be earthed only at the power-station. It shall be so erected and specially supervised as to reduce to a minimum its liability to break, so as to avoid the burning-out of consumers' lamps. At other places its insulation shall be maintained the same as that of the outers. A switch shall be provided to cut off the earth from the neutral wire for testing purposes.

4. The main switchboard shall be made of and be mounted on material that is not inflammable.

5. All overhead conductors shall be of hard drawn copper, and where they cross over or under open telegraph or any other aerial wires they shall be insulated throughout the entire length of every crossing-span with not less than 300-megohms-per-mile grade of vulcanized rubber, except that where it may be impracticable or undesirable to so insulate the electric-light wires over spans at such crossing-places the insulation of the electric-light wires may be triple weatherproof, provided that all other aerial wires referred to are insulated at those crossing-spans with not less than 300-megohms-per-mile grade of vulcanized rubber, or are otherwise satisfactorily insulated. In cases where telegraph or other aerial wires already exist and are required to be insulated, their insulation shall be effected at the Corporation's expense, and shall be to the satisfaction of the Minister of Telegraphs.

6. Except where otherwise provided, the overhead conductors may be of bare hard drawn copper wire. If at any time it be found detrimental to the public safety to have these wires bare, they shall be insulated when deemed necessary. No electric-light wire shall come within 3 ft. of any other class of aerial wires or of cables, except where it may be permitted to pass the electric-light wires through these other wires or cables at a pole.

7. Where lead-covered telephone cables are crossed above by the electric-light wires, the latter wires shall be insulated with not less than 300-megohms-per-mile grade of vulcanized rubber throughout the crossing-span, and over every such span they shall be suitably suspended from effectively earthed steel bearer-wires if the Minister of Telegraphs shall so require.

8. Where lead-covered telephone cables may be crossed under by the electric-light wires, if the height and other circumstances permit—and of this the Minister of Telegraphs shall be the judge—the latter wires shall be insulated as in clause 7, and suspended if deemed necessary.

9. In places where it may be required to cross with the electric-light wires through any other aerial wires or through cables because of the impracticability of crossing above or below—and crossing above or below shall be done if possible—all such through crossings, if permitted, shall be effected at a pole. In every case of a through crossing, no matter whose property the lines crossed through may be, the method of carrying the electric-light wires across the pole, protecting them thereon, protecting other wires from coming into contact with them, and protecting persons working on the poles from danger of shock, shall be to the satisfaction of the Minister of Telegraphs. The electric-light wires shall be insulated with not less than 300-megohms-per-mile grade of vulcanized rubber where they pass through on the poles and over the whole length of the span on each side of the pole crossed through. Where the insulated wires cross through on the pole they shall be encased in some hard protecting substance for the entire length of the arms on such pole. If metal pipe be used to encase the wires it shall be effectively earthed.

10. In running these lines through streets where no telegraph lines exist, the Corporation shall keep to one side of the street, and in running service wires to the opposite side of the street to that on which their line of poles is placed the Corporation shall arrange to supply so as to interfere as little as possible with the route on that side of the street.

11. Except by permission of the Minister of Telegraphs, all overhead electric-light pole lines shall be placed on the opposite side of the streets to that on which any telegraph-pole lines exist; and where the erection of the electric-light wires necessitates the alteration of telegraph wires that may exist when the electric-light wires are being run, and such alteration is practicable, the expense of the alteration shall be borne by the Corporation.

12. Where the electric-light wires are on one side of a street and the telegraph wires are on the other, and service is required to be given from each to the other side of the street, each party shall give the other reasonable facilities as far as possible to effect supply.

13. Where it cannot be arranged otherwise, and there is room on the telegraph poles, and other circumstances do not render it unsafe or impracticable, the electric-light wires may be run along on the telegraph poles, subject to their insulation being not less than 300-megohms-per-mile grade of vulcanized rubber and to any special conditions that it may be found necessary to impose at the time that the placing of such electric-light wires on the telegraph-poles is being considered.

14. When the electric-light pole lines are being laid out provision should be made by increased length of pole to provide clearance to facilitate crossing with telegraph service wires to the side of the street occupied by the Corporation's line.

15. Telegraph wires shall not be run along or placed on the Corporation's poles, nor shall the Corporation's wires be run along or placed on telegraph poles, without a special understanding of requirements and precautions to be observed being arrived at between a responsible officer of the Corporation and of the Minister of Telegraphs in respect of each case. Rental at a rate to be agreed upon may be charged for the use of poles, but nothing in this license shall be construed to give any party a right to the use of poles other than its own.

16. Every main shall be tested for insulation after having been placed in position and before it is used for the purposes of supply, the testing pressure being at least 220 volts, and the Corporation shall duly record the results of the tests of each main or section of a main.

17. The insulation of every complete aerial and underground circuit used for the supply of energy, including all machinery, apparatus, and devices forming part of or in connection with such circuit, shall be so maintained that the leakage current shall not under any conditions exceed one-thousandth part of the maximum supply current. Every leakage shall be remedied without delay. Every such circuit shall be tested for insulation at least once in every week, and the Corporation shall duly record the results of the tests.

18. The sectional area of the conductor in any electric line laid or erected in any street shall not be less than that of a strand of seven wires, each of which is of No. 20 standard wire gauge, and the sectional area of every wire in a strand forming any such conductor shall not be less than that gauge.

19. All material used for insulating electric lines or apparatus shall be of the best quality, and thoroughly durable and efficient, having regard to the conditions of its use. Suitable provision shall be made for the protection of the insulating material against injury or removal.

If the protection so provided be wholly or partly metallic, it shall be efficiently connected with earth.

20. All metal pipes or coverings containing any electric wire shall be efficiently connected with earth, and shall be so jointed as to make good electrical connection throughout their whole length.

21. Arc lamps used in any street for public lighting shall be so fixed as not to be in any part at a less height than 10 ft. from the ground.

All arc lamps shall be so guarded as to prevent pieces of ignited carbon or broken glass falling from them, and shall not be used in situations where there is any danger of the presence of explosive dust or gas.

22. The variation of pressure at any consumer's terminals shall not, under any conditions of the supply which the consumer is entitled to receive, exceed 4 per cent. from the normal pressure at which he is being supplied.

23. Every aerial line shall be attached to supports at intervals not exceeding 200 ft. where the direction of the line is straight, or 150 ft. where the direction is curved or where the line makes a horizontal angle at the point of support.

24. Every support for an aerial line shall be of a durable material, and properly stayed against forces due to wind-pressure, change of direction of the line, or unequal lengths of span. The factor of safety shall be for all aerial lines and suspending wires, and for all other parts of the structure, at least 6, taking the maximum possible wind-pressure at 20 lb. per square foot.

Earth-wires, where led down poles, shall be protected by casing for a distance of 8 ft. from the ground.

25. All aerial wires shall be attached to suitable insulators carried on cross-arms of suitable material and cross-section, and they shall be so attached to the insulators or guarded that they cannot fall away from the support. Conductors covered with insulating material shall be so attached that their insulation will not be impaired where they are secured to the insulator.

26. Any aerial wire shall not in any part thereof be at a less height from the ground than 18 ft., or within 5 ft. measured horizontally or 7 ft. measured vertically from

any part of any building or erection other than a support for the line, except where brought into a building for the purpose of supply. Where the wires cross the railway-line the minimum height of all shall be 18 ft., unless the Railway Department requires a greater height, and the permission of that Department shall be obtained by the Corporation for every such crossing.

27. Service lines from aerial lines shall be led as directly as possible to insulators firmly attached to some portion of the consumer's premises which is not accessible to any person without the use of a ladder or any other special appliance. Every portion of any service line which is outside a building, and is within 7 ft. from any part of the building, shall be rubber-insulated.

28. Where an aerial line crosses a street, the angle between the line and the direction of the street at the place of crossing shall not be less than 60 degrees, and the spans shall be as short as possible.

29. Where an aerial line crosses or is in proximity to any metallic substance, precautions shall be taken against the possibility of the line coming into contact with the metallic substance, or of the metallic substance coming into contact with the line by breakage or otherwise.

30. Efficient guard-wires shall be erected in a manner to meet with the approval of the Minister of Telegraphs at all crossings and places where the electric-light wires intersect telegraph or other wires, as may be required by the Minister to be so protected. The Corporation shall bear the expense of such guard-wires in all cases where an electric-light wire intersects a telegraph or other wire previously existing.

31. Every aerial line, including its supports, its conductors, and their insulating covering, and all the structural parts and electrical appliances and devices belonging to or connected with the line, shall be duly and efficiently supervised and maintained as regards both electrical and mechanical conditions.

32. An aerial line shall not be permitted to remain erected after it has ceased to be used for the supply of energy, unless the Corporation intends within a reasonable time again to take it into use.

33. The electric-light wires may be placed wholly underground or partly underground and partly overhead.

34. All conduits, pipes, casings, and street boxes used as receptacles for electric lines shall be constructed of durable material, and shall be of ample strength to prevent damage from heavy traffic, and reasonable means shall be taken to prevent the accumulation of gas in such receptacles.

35. Where any underground line crosses or is in proximity to any metallic substance, special precautions shall be taken against the possibility of any electrical charging of the metallic substance from the line, or from any metallic conduit pipe or casing enclosing the line.

36. All underground metal conduits, pipes, or casings containing an electric line shall be efficiently earthed, and shall be so jointed and connected across all street boxes and other openings as to make good electrical contact throughout their whole length.

37. The covers of street boxes shall be so secured that they cannot be opened except by means of a special appliance. Street boxes shall be inspected from time to time for the presence of gas, and suitable action shall be taken to check its influx and accumulation.

38. The Corporation shall be responsible for all electric lines or wires, fittings, and apparatus belonging to it, or under its control, which may be upon a consumer's premises, being maintained in a safe condition and in all respects fit for supplying energy.

39. In delivering the energy to a consumer's terminals, the Corporation shall exercise all due precautions so as to avoid risk of causing fire on the premises.

40. Where any portion of any electric line or any support for an electric line is exposed in such a position as to be liable to cause injury from lightning, it shall be efficiently protected against such liability.

41. A suitable safety-fuse or other automatic circuit-breaker shall be inserted in each service line within a consumer's premises as close as possible to the point of entry, and contained within a suitable locked or sealed receptacle of fireproof construction.

42. All electric wires placed on a consumer's premises shall be highly insulated, and shall be thoroughly protected against injury to the insulation or access of moisture. All electric wires shall be so fixed and protected as to prevent the possibility of electrical discharge to any adjacent metallic substance.

43. The Corporation shall not connect the wires and fittings on a consumer's premises with its mains, or, in the case of premises already connected, continue the supply from its mains, unless it is reasonably satisfied that the requirements of this license are complied with, that the wirings and fittings are suitable for the voltage at which supply is being given, that the installation generally is in accordance with the requirements of good practice, and that the connection or continuance of supply would not cause a leakage from those wires and fittings exceeding

one ten-thousandth part of the maximum supply current to the premises.

For the purpose of satisfying itself that the requirements of this license are being observed, the Corporation may require that notice be served upon it of the intention to instal wires, fittings, lamps, motors, or other apparatus on any premises, and may inspect the same during any reasonable hours while the installation of such is in progress.

44. If the Corporation is reasonably satisfied, after making all proper examination by testing or otherwise, that the wiring and fittings are not suitable for the voltage being employed, that a leakage exists at some part of a circuit of such extent as to be a source of danger, and that such leakage does not exist at any part of the circuit belonging to the Corporation, or that any other requirements of this license are not being complied with, then and in such case any officer of the Corporation, duly authorized by it in writing, or, if the Corporation so requires, on application by it to the Minister of Telegraphs, any officer of the Post and Telegraph Department (hereinafter referred to as "an Electric Inspector") instructed to so act, may, for the purpose of discovering whether the leakage exists at any part of a circuit within or upon any consumer's premises, or whether the wiring is suitable and the general requirements of the license are complied with, by notice require the consumer, at some reasonable time after the service of the notice, to permit him to inspect and to test the wires and fittings belonging to the consumer and forming part of the circuit.

In any case where the Corporation requires the services of an Electric Inspector under this section it shall pay the cost of such services.

If on such testing and inspection the officer or the Electric Inspector discovers a leakage from the consumer's wires exceeding one ten-thousandth part of the maximum supply current to the premises, or that the requirements of this license are not properly conformed to, or if the consumer does not give all due facilities for inspection and testing, the Corporation shall either not commence the supply or shall forthwith discontinue the supply of energy to the premises in question, giving immediate notice to the consumer of its reasons for not commencing or for discontinuing the supply, and in either case supply shall not be given until it is reasonably satisfied that the installation is in conformity with the requirements of this license.

45. If any consumer is dissatisfied with the action of the Corporation in refusing to give, or in discontinuing, or in not recommending the supply of energy to his premises, the wires and fittings of that consumer may, on his application to the Minister of Telegraphs, and on payment of the cost, be inspected and be tested for the existence of leakage by an Electric Inspector.

This provision shall be indorsed on every notice given under the provisions of either of the two last preceding sections.

46. From and after the time when the Corporation commences to supply energy it shall maintain continuously sufficient power for the use of all the consumers for the time being entitled to be supplied: Provided that, for any purposes connected with the efficient working of the undertaking, the Minister of Telegraphs may give permission to the Corporation to discontinue the supply at such intervals of time and for such periods as he may think expedient. When the supply is so discontinued, public notice shall be given, when practicable, of such discontinuance, and of the probable duration thereof.

47. The Minister of Telegraphs may at any time order an inspection to be made of the works, lines, and wires of the Corporation used for electric lighting and power purposes. When a defect or defects are found to exist they must be remedied forthwith, and should they be serious in the opinion of the officer or person inspecting, the Minister of Telegraphs may, on receipt of the report, direct the Corporation to at once cease transmitting energy either over the whole of the Corporation lines and wires, or over any part thereof, as to him may seem fit, until such defect or defects are repaired or remedied. The cost of such inspection shall be borne by the Corporation.

48. After the supply of energy has begun, particulars shall be given to the local Postmaster of each further proposed extension or alteration of lines or wires.

49. If the Corporation makes default in complying with any of the provisions of this license it shall be liable to a penalty not exceeding £20 for every such default; but it shall not be held to have committed default for any failure to maintain power continuously if such failure be due to the breakdown of machinery or other accident, unless such breakdown or accident shall be proved to be due to negligence on the part of the Corporation.

The recovery of a penalty under this license shall not affect the liability, if any, of the Corporation to make compensation in respect of any damage or injury which may be caused by reason of the default.

As witness my hand, this twenty-fourth day of July, one thousand nine hundred and eleven.

THOS. MACKENZIE,  
Acting Minister of Telegraphs.

Registrar-General's Office,  
Wellington, 29th July, 1911.

M. FRASER,  
Government Statistician.

Commissioner of the Supreme Court appointed.

**NOTICE.**—HERBERT DARVALL, Esq., of 225 Collins Street, Melbourne, Victoria, a Solicitor of the Supreme Court of the State of Victoria, has this day been appointed by His Honour the Chief Justice a Commissioner of the Supreme Court of New Zealand in Victoria, under the 47th section of the Judicature Act, 1908, for the purpose of administering and taking all such oaths, affidavits, and affirmations as in the said section mentioned.

Dated at Wellington, this 27th day of July, 1911.

EUSTACE STOCKER,  
Deputy Registrar, Supreme Court.

Tenders for Mail-service, Carterton-Clareville.

General Post Office,  
Wellington, 26th July, 1911.

**TENDERS** will be received by the Chief Postmaster, Wellington, up to Friday, 18th August, 1911, for a rural mail delivery, thrice weekly, from Carterton along Belvedere Road to Cobden Road, Hinau Gully, Hururua Road, Mangatariri Road, and Cemetery Road to Clareville and Carterton.

Forms of tender, with conditions of contract, can be obtained from the Postmaster, Carterton, or the Chief Postmaster, Wellington.

The lowest or any tender will not necessarily be accepted.

D. ROBERTSON,  
Secretary.

**CROWN LANDS NOTICES.**

Lands in Auckland Land District open for Sale or Selection.

District Lands Office,  
Auckland, 1st August, 1911.

**NOTICE** is hereby given that the undermentioned lands are open for sale or selection; and applications will be received at this office up to 4 o'clock p.m. on Tuesday, the 26th day of September, 1911, under the provisions of the Land Act, 1908.

DESCRIPTIONS OF SECTIONS.

Sections 1 and 2, Block IX, Awaroa Survey District.—Altitude, 150 ft. to 670 ft. above sea-level. Broken country, about one-third of Section 1 and one-fourth of Section 2 fern and manuka; balance heavy mixed forest, principally tawa, with a little rimu, puriri, kahikatea, and totara, and heavy undergrowth of supplejack, kiekie, mangemange, &c. Soil of fair quality, on sandstone formation; well watered by streams. Distant about thirty-one miles from Rangiriri and thirty-four miles from Huntly, via Woodleigh Post-office, by road formed for wheel traffic to within three miles of sections.

Section 1, Block X, Awaroa Survey District.—Altitude, from 150 ft. to 350 ft. above sea-level. Broken land, about half in grass, half mixed forest, with blackberries in places. Soil of fair quality, on sandstone formation; well watered by streams.

Section 2, Block X, Awaroa Survey District.—Altitude, 150 ft. to 370 ft. above sea-level. Broken land, about three-quarters fern-country with some grass, and blackberries in places; balance mixed forest. Soil of fair medium quality, on sandstone formation; well watered by streams.

Section 3, Block X, Awaroa Survey District.—Altitude, 150 ft. to 370 ft. above sea-level. Broken land, about two-thirds fern and grass, with a few blackberries in places; balance mixed forest. Soil of fair medium quality, on sandstone-and-papa formation; well watered by streams.

The forest on these sections is principally tawa, with a little rimu, kahikatea, puriri, totara, &c., and heavy undergrowth of kiekie, supplejack, and mangemange. Sections are situated thirty miles from Rangiriri and thirty-three miles from Huntly, via Woodleigh Post-office, by road formed for wheel traffic to within two to three miles of the sections.

Section 1, Block XIV, Awaroa Survey District.—Altitude, 350 ft. to 550 ft. above sea-level. Broken country, about 20 acres fern and manuka, balance heavy mixed forest. Soil of fair quality, on sandstone-and-papa formation; fairly watered by streams.

Section 4, Block XIV, Awaroa Survey District.—Altitude, 130 ft. to 500 ft. above sea-level. Broken land, in heavy mixed forest. Soil good to fair in quality, on limestone-and-sandstone formation; fairly watered by streams.

Section 5, Block XIV, Awaroa Survey District.—Altitude, 190 ft. to 500 ft. above sea-level. Broken country, one-fifth fern land, balance heavy mixed forest. Soil good to fair in quality, on limestone-and-sandstone formation; well watered by streams.

Section 6, Block XIV, Awaroa Survey District.—Altitude, 130 ft. to 550 ft. above sea-level. Broken forest land. Soil of good quality, on limestone formation; well watered by streams.

Section 7, Block XIV, Awaroa Survey District.—Altitude, 120 ft. to 600 ft. above sea-level. Broken forest country. Soil of good quality, on limestone formation; well watered by streams.

Forest on these sections is principally tawa, with a little rimu, totara, puriri, &c., and heavy undergrowth of kiekie, supplejack, mangemange, &c. Sections are situated from 20 to 22½ miles from Rangiriri, 23 to 25½ miles from Huntly, and 9 to 11½ miles from Awaroa Landing by road formed to within 2 miles of the nearest section.

Sections 3, 4, 5, and 6, Block II, Whaingaroa Survey District.—Altitude 40 ft. to 625 ft. above sea-level. Rough limestone country, with broken faces in places, covered with heavy mixed forest. Soil of good quality, on limestone formation; well watered by Waimai Stream.

Section 7, Block II, Whaingaroa Survey District.—Altitude, 20 ft. to 550 ft. above sea-level. Broken country, about 180 acres grass, flax, and rough feed; balance heavy mixed forest. Soil of good quality, on limestone formation; well watered by Waikorea Stream.

Section 8, Block II, Whaingaroa Survey District.—Altitude, 30 ft. to 500 ft. above sea-level. Broken land, about 25 acres grass and flax, balance heavy mixed forest. Soil of good quality, on limestone formation; well watered by Waikorea Stream.

Section 9, Block II, Whaingaroa Survey District.—Altitude, 30 ft. to 625 ft. above sea-level. Broken forest country. Soil of good quality, on limestone formation; well watered by Waikorea Stream.

The forest on these sections is principally tawa, with a little rimu, totara, and puriri, and heavy undergrowth of kiekie, supplejack, &c. The sections are situated from 25

to 28½ miles from Ngaruawahia—by dray-road for 22 miles, and road partly formed and available for wheel traffic for another 3 miles.

Section 2, Block XIV, Awaroa Survey District.—Altitude, 300 ft. to 450 ft. above sea-level. Rough fern-country, with about 100 acres heavy mixed forest. Soil of rather inferior quality, on sandstone formation; well watered by streams.

Section 3, Block XIV, Awaroa Survey District.—Altitude, 300 ft. to 500 ft. above sea-level. Broken land, about three-fourths fern and manuka, balance heavy mixed forest. Soil of rather inferior quality, on sandstone formation; well watered by streams.

The forest on these sections is principally tawa, with a little rimu, totara, puriri, &c., and heavy undergrowth of kiekie, supplejack, and mangemange. Situated twenty miles from Rangiriri, twenty-three miles from Huntly, and nine miles from Awaroa Landing, by road formed to within two miles of the sections.

ERIC C. GOLD SMITH,  
Commissioner of Crown Lands.

*Small Grazing-run in Otago Land District open for Lease.*

District Lands Office,  
Dunedin, 1st August, 1911.

NOTICE is hereby given that the undermentioned small grazing-run is open for lease; and applications will be received at this office up to 4 o'clock p.m. on Tuesday, the 10th day of October, 1911, under the provisions of the Land Act, 1908.

SCHEDULE.

*Land in Nelson Land District for Disposal under Section 131 of the Land Act, 1908.*

District Lands Office,  
Nelson, 25th July, 1911.

NOTICE is hereby given, in pursuance of section 326 of the Land Act, 1908, that the undermentioned land will be disposed of under section 131 of the said Act on or after Wednesday, the 1st day of November, 1911.

SCHEDULE.

NELSON LAND DISTRICT.

SECTION 13, Block XII, Maruia Survey District. Area, 29 acres 1 rood 18 perches.

R. T. SADD,  
Commissioner of Crown Lands.

*Pastoral Run in Marlborough Land District for License by Public Auction.*

District Lands Office,  
Blenheim, 17th July, 1911.

NOTICE is hereby given that the undermentioned pastoral run will be offered for license by public auction, for a term of eight (8) years, at the District Lands Office, Blenheim, at 11 o'clock a.m. on Wednesday, 20th September, 1911, under the provisions of the Land Act, 1908.

**SCHEDULE.**

MARLBOROUGH LAND DISTRICT.—MARLBOROUGH COUNTY.  
*Pastoral Run No. 15 (Jordan Accommodation-house), 296 Acres. Upset Annual Rental, £15.*

THIS run is situated in the Awatere Valley, about twenty-one miles from Seddon, and consists of moderately sloping hillsides, with small portions of flat terraces near the Awatere River. Altitude, about 1,300 ft.

Ten acres of the flat has been cultivated, 70 acres cleared and sown in English grass, and there is a small orchard and garden; the balance is part tussock and part manuka scrub. Weighted with £610, valuation for improvements consisting of nine-roomed house built partly of rimu and partly cobb, dairy, scullery, stables, and sheds, two miles and a half of post-and-wire fencing, garden, orchard, and cultivations.

Possession will be given on the 1st March, 1912.

F. STEPHENSON SMITH,  
Commissioner of Crown Lands.

*Milling-timber in Nelson District for Sale by Public Tender.*

District Lands Office,  
Nelson, 19th June, 1911.

NOTICE is hereby given, in terms of the Land Act, 1908, and regulations thereunder, that written tenders will be received at the District Lands Office, Nelson, up till 12 o'clock noon on Friday, 8th September, 1911, for the purchase of the undermentioned timber.

**SCHEDULE.**

NELSON LAND DISTRICT.

*Sections Part 17, 21, 22, and Part 23, and Lands adjoining, Block VI, Aorere Survey District, Area approximately 300 Acres.*

300 ACRES estimated to cut 12,500 superficial feet per acre of mixed timber, consisting of rimu, kahikatea, silver-pine, and birch, at a royalty of 6d. per 100 superficial feet.

Minimum price: 3,750,000 superficial feet at 6d. per 100 superficial feet = £937 10s.

An area containing approximately 250 acres, situated in Blocks VI and X, Aorere Survey District, situate to the south of Sections 21 and 22, Block VI, Aorere Survey District.

250 acres estimated to cut 12,500 superficial feet per acre of mixed timber, consisting of rimu, kahikatea, silver-pine, and birch, at a royalty of 6d. per 100 superficial feet.

Minimum price: 3,125,000 superficial feet at 6d per 100 superficial feet = £781 5s.

**CONDITIONS OF SALE.**

1. The right to cut and remove the timber will be generally in accordance with the provisions of the Land Act, 1908, the timber regulations made thereunder, and the following conditions:—

- (a.) The tender must be accompanied by a deposit of 5 per cent. of the amount of such tender, together with £1 1s. license fee.
- (b.) The successful tenderer shall pay the purchase-money by six instalments—10 per cent. of the amount of tender on the acceptance of his tender, 10 per cent. of the amount of tender at the expiration of twelve months, 10 per cent. of the amount of tender at the expiration of eighteen months, 15 per cent. of the amount of tender at the expiration of two years, 25 per cent. of the amount of tender at the expiration of three years, 30 per cent. of the amount of tender at the expiration of four years.

2. The purchaser of the timber referred to herein shall have the right to cut it during a period of four years from the date of acceptance of tender.

3. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, in any river, stream, or water-

course, or into any place where it may be washed into a stream, river, or watercourse, any sawdust or any refuse.

4. If no tender is received for the timber, the right to cut it at the minimum price quoted in the Schedule above will remain open for application until further notice.

5. No compensation will be given, nor shall any be claimed, for any error, discrepancy, or misdescription whatever in respect to the lot or in these conditions.

6. The attention of intending purchasers is directed particularly to clauses 9, 17, 18, 22, and 27 of "The Timber Regulations," copies of which may be obtained on application to the undersigned.

Tenders should be sealed, and marked on the outside "Tenders for milling-timber."

ROBT T. SADD,  
Commissioner of Crown Lands.

*Land in Marlborough Land District for Sale by Public Auction.*

District Lands Office,  
Blenheim, 8th June, 1911.

NOTICE is hereby given that the undermentioned land will be offered for sale by public auction, for cash, at this office at 2.30 o'clock p.m. on Tuesday, the 15th day of August, 1911, under the provisions of section 132 of the Land Act, 1908.

**SCHEDULE.**

MARLBOROUGH LAND DISTRICT.—MARLBOROUGH COUNTY.—  
HERINGA SURVEY DISTRICT.

Section.	Block.	Area.	Upset Price.
9	II	A. R. P. 0 2 34	£ s. d. 6 0 0

Situated on main Blenheim-Nelson coach-road, about seventeen miles from Havelock. This section adjoins the dairy factory, is flat, and affords a good site for a store-keeper or blacksmith.

*Terms of Sale.*

The land is offered subject to the right to use the tram-line at present existing upon it for the period of five years from date of sale.

One-fifth of the purchase-money to be paid on the fall of the hammer, and the balance, with Crown-grant fee (£1), within thirty days thereafter; otherwise the part of the purchase-money paid by way of deposit shall be forfeited, and the contract for the sale of the land be null and void.

Title will be subject to Part XIII of the Land Act, 1908.

Full particulars may be ascertained at this office.

F. STEPHENSON SMITH,  
Commissioner of Crown Lands.

*Land in Auckland Land District to be disposed of under Section 131 of the Land Act, 1908.*

District Lands Office,  
Auckland, 1st May, 1911.

NOTICE is hereby given, in pursuance of section 326 of the Land Act, 1908, that Sections 7A, 7B, 7C, and 7D, Block II, Whareorino Survey District, containing 15 acres 2 roods 16 perches, will be disposed of to the holder of adjoining land, under section 131 of the Land Act, 1908, on or after Monday, the 7th day of August, 1911.

ERIC C. GOLD SMITH,  
Commissioner of Crown Lands.

*Land in Wellington Land District for Disposal under Section 129 of the Land Act, 1908.*

District Lands Office,  
Wellington, 10th July, 1911.

NOTICE is hereby given, in pursuance of section 326 of the Land Act, 1908, that Section 98, Block VI, Wairarapa Survey District, Wellington Land District, will be disposed of in two portions, under section 129 of the said Act, on or after Wednesday, the 25th day of October, 1911.

JAMES MACKENZIE,  
Commissioner of Crown Lands.

NATIVE LAND COURT NOTICES.

Sitting of the Native Land Court at Ngaruawahia.

Registrar's Office, Auckland, 28th July, 1911.

NOTICE is hereby given that a sitting of the Native Land Court will be held at Ngaruawahia on the 28th day of August, 1911, to hear and determine the several matters mentioned in the Schedule hereunder written, in respect of which applications have been received by the Registrar, and all such other matters as may be lawfully brought before it

[Auckland, 1911-34.]

E. P. EARLE, Registrar.

## MAORI LAND ADMINISTRATION NOTICES.

## Maori Lands for Lease by Public Tender.

Office of the Tokerau District Maori Land Board,  
Auckland, 13th July, 1911.

NOTICE is hereby given, in terms of the Native Land Act, 1909, and the regulations thereunder, that written tenders will be received at the office of the Tokerau District Maori Land Board, Auckland, up to 4 p.m. on Monday, 28th August, 1911, for leases of the several lands named in the Schedule hereto, for a term of twenty-two years and a half, with right of renewal for a further term of twenty-three years.

## SCHEDULE.

MOTATAU No. 2 BLOCK.—KAWAKAWA AND MOTATAU SURVEY DISTRICTS.—BAY OF ISLANDS COUNTY.—AUCKLAND DISTRICT.

## Second-class Land.

Lot.	Area.	Upset Rental.
	A. R. P.	£ s. d.
6	196 0 0	23 12 6
Undulating to hilly land; soil very fair quality, of limestone formation; well watered, and situated alongside railway-line. Loaded with the sum of £150 for improvements thereon. The section contains about 1,228,446 sup. ft. of milling-timber, principally kahikatea.		
8	201 2 0	28 17 6
There is about 30 acres of flat on this section, while the remainder is undulating; soil of first-class quality, limestone formation; well watered, and situated about 30 chains from railway-line. Loaded with the sum of £390 for improvements thereon. The section contains about 601,624 sup. ft. of milling-timber, principally kahikatea.		
9	243 2 0	26 15 0
Undulating to hilly land of fair quality, limestone formation; well watered, and situated alongside railway-line. Loaded with the sum of £160 for improvements. The section contains about 820,542 sup. ft. of milling-timber, principally kahikatea and kauri.		

Lot.	Area.	Upset Rental.
	A. R. P.	£ s. d.
15	315 0 0	81 10 0
This section contains about 100 acres of flat land, half of which is swamp; the remainder is undulating to hilly country of good quality, limestone formation; well watered; situated about 20 chains from railway-line. Would make a good dairy farm. Loaded with the sum of £190 for improvements thereon. The section contains about 387,894 sup. ft. of milling-timber, principally kahikatea.		
17	253 2 0	25 15 0
This section contains about 40 acres of rich alluvial and swamp land, the remainder is hilly country; soil of good quality, resting on limestone; well watered; half a mile from railway-line. Loaded with the sum of £90 for improvements thereon.		
18	65 0 0	7 15 0
There is about 8 acres of flat on this section, while the remainder is all rather broken; soil of a good quality, limestone formation; well watered and well situated. Loaded with the sum of £60 for improvements thereon.		
39	800 0 0	95 0 0
Broken bush country; soil of good quality, resting on sandstone formation; well watered; excellent sheep-country; two miles from Motatau Railway-station. Loaded with the sum of £100 for improvements thereon. This section contains about 3,275,346 sup. ft. of milling-timber, principally kauri and rimu.		
44	448 0 0	48 0 0
Broken to undulating forest land; soil of good quality, on limestone formation; well watered; about two miles from Motatau Railway-station. Loaded with the sum of £30 for fencing thereon. This section contains about 709,977 sup. ft. of milling-timber, principally kahikatea.		
51	22 2 0	3 15 0
About 4 acres flat land, remainder hilly; soil of good quality, resting on limestone; well watered; adjoining railway-line. Loaded with the sum of £65 for improvements thereon.		
52	323 0 0	32 5 0
About 40 acres level land covered with kahikatea, remainder mixed bush and open country; soil of a very fair		

## LOCALITY AND DESCRIPTION.

The distance of this block from Opua, the nearest seaport, is about eleven miles. The Whangarei-Opua Railway line runs through the block, and as a daily time-table is maintained settlers will thus find a quick means of transit for shipping goods to a market *via* either Opua or Whangarei. From the former port there is a bi-weekly steamer service, and from the latter a daily service. The country on the Kawakawa-Towai Road is poor pipeclay. Along the railway-line the majority of the land is kahikatea swamp. The soil is very good; and when properly drained will make excellent country. The sections containing bush are all well adapted for dairying, and the higher country is excellent sheep-country, the soil resting mostly on a limestone formation. All the sections are very well watered.

Access to the block from Auckland is by steamer to Whangarei or Opua, and thence by train to Motatau Railway-station.

## ABSTRACT OF CONDITIONS OF LEASE.

1. Term of lease: Twenty-two and a half years, with right of renewal for a further term of twenty-three years.
  2. The rental shall not be for less than the given upset rental for the first twenty-two and a half years, and shall be computed at the rate of 5 per cent. on the then unimproved value for the second term of twenty-three years.
  3. Every tender shall be enclosed in a sealed envelope, addressed to the President, and marked on the outside as follows: "Tender for lease of Lot No. , as advertised in the newspaper of the day of , 19 "
  4. If any person desires to tender for more than one lot a separate tender for each lot must be made.
  5. Each tender must be accompanied by six months' rent, lease fee (£3 3s.), an amount sufficient to cover stamp duty and registration fee, and the value of the improvements (if any).
  6. Term of lease commences on the 1st July, 1911. Lessee may enter into possession immediately upon acceptance of tender, and shall be entitled to a rebate of rent for the period from the 1st July to the date of acceptance of tender.
  7. Rental to be paid half-yearly, in advance, on 1st January and 1st July in each year.
  8. Lessee to pay all rates, taxes, and assessments (land-tax excepted).
  9. Lessee not to transfer, sublet, or mortgage without the prior consent of the Board. Transfer not allowed until lessee has been one year in possession.
  10. Including all other land already owned, held, or occupied under a tenure of more than one year's duration, no person may hold more than 3,000 acres; every acre of first-class land being reckoned as  $7\frac{1}{2}$  acres, and every acre of second-class land being reckoned as  $2\frac{1}{2}$  acres.
  11. Every lessee shall, before executing the memorandum of lease, make and lodge with the Board a declaration of qualification in the prescribed form.
  12. A separate declaration as required by the last preceding condition must be lodged for each tender.
  13. Lessee to execute lease within thirty days after being notified that it is ready for signature.
  14. Residence to commence within four years in bush or swamp lands, and within one year in open or partly open lands, and to be continuous for six years.
  15. Lessee has no right to minerals without license, but he may use on the land any minerals for any agricultural, pastoral, household, road-making, or building purpose.
  16. Every lessee shall bring into cultivation,—
    - (a.) Within one year from the date of his lease, not less than one-twentieth of the land leased by him;
    - (b.) Within two years from the date of his lease, not less than one-tenth of the land leased by him;
    - (c.) Within four years from the date of his lease, not less than one-fifth of the land leased by him;
- and shall, within six years from the date of his lease, in addition to the cultivation of one-fifth of the land, have put thereon substantial improvements of a permanent character (as defined by the Land Act, 1908) on first-class land to the value of £1 for every acre of such land, and on second-class land to an amount equal to the net price of every acre of such land: Provided that in no case shall the additional improvements required on second-class land be more than 10s. per acre, and on third-class land 2s. 6d. per acre.
17. On expiry of term of lease lessee's improvements will be valued and protected.
  18. Lease is liable to forfeiture if conditions are violated.
  19. All leases shall conform to the requirements of the Native Land Act, 1909, and the regulations made thereunder; and the lessees shall be deemed to be acquainted with the provisions thereof, and to be bound thereby as effectually as if such provisions were embodied herein.

20. Sections 46, 47, 60, 61, and 63 are subject to a license, which has been issued, to prospect for coal and other minerals.

## INSTRUCTIONS TO APPLICANTS.

The lands are described for the general information of intending selectors, who are recommended, nevertheless, to make a personal inspection, as the Board is not responsible for the absolute accuracy of any description.

Full particulars may be obtained at the office of the Tokerau District Maori Land Board, Auckland, and at the office of the Under-Secretary for Native Affairs, Wellington.

WALTER DINNIE,

President, Tokerau District Maori Land Board.

*Kauri and other Timbers for Sale by Public Tender.*

Office of the Tokerau District Maori Land Board,  
Auckland, 13th July, 1911.

NOTICE is hereby given, in terms of the Native Land Act, 1909, and the regulations thereunder, that written tenders are invited and will be received at the office of the Tokerau District Maori Land Board, Auckland, up to 4 p.m. on Monday, 11th September, 1911, for the purchase in separate lots of the milling-timber (part measured and part estimated measurement) set out in the Schedule hereto, and standing on the undermentioned sections of Motatau No. 2 Block.

## SCHEDULE.

## SECTION 14.

*Marked III.*

	Sup. Ft.
493 kahikatea-trees, containing ...	529,535
140 rimu-trees, containing ...	135,272
125 matai-trees, containing ...	63,814
40 totara-trees, containing ...	24,032
8 green kauri-trees, containing ...	14,137
14 dry kauri-trees, containing ...	28,653

Upset price, £258 18s. 6d.

The kahikatea on this section stands on both sides of the railway-line and is within easy working-distance thereof, and can be worked to same by winding-engine. The other timbers are scattered over back portions of section. All the timber on this section is of fair quality.

## SECTION 16.

*Marked V.*

	Sup. Ft.
1,679 kahikatea-trees, containing ...	2,103,147
73 matai-trees, containing ...	32,526
37 rimu-trees, containing ...	30,236
4 totara-trees, containing ...	1,537

Upset price, £550 15s. 1d.

This timber is situated within easy working-distance of railway-line, on swampy ground. Timber all of fair quality.

## SECTION 29.

*Marked I.*

	Sup. Ft.
142 dry kauri-trees, containing ...	264,464
42 green kauri-trees, containing ...	111,381
276 kahikatea-trees, containing ...	423,674
158 rimu-trees, containing ...	126,360
194 matai-trees, containing ...	99,098
86 totara-trees, containing ...	45,466

Upset price, £597 0s. 1d.

The major portion of this timber stands within easy working-distance of the railway-line, and will work well in conjunction with that on Section No. 32. The farthest distant stands about three-quarters of a mile from railway-line. This timber is of good quality.

## SECTION 30.

*Marked V.*

	Sup. Ft.
2,192 kahikatea-trees, containing ...	2,316,547
173 rimu-trees, containing ...	122,916
153 matai-trees, containing ...	66,512
14 dry kauri-trees, containing ...	18,876
2 green kauri-trees, containing ...	4,578
16 totara-trees, containing ...	6,885

Upset price, £671 13s. 11d.

All the timber on this section is of good quality and easily worked. Kahikatea on this section is some of the best on the block.

SECTION 31.  
Marked III.

	Sup. Ft.
174 kahikatea-trees, containing ...	285,667
244 matai-trees, containing ...	108,069
101 rimu-trees, containing ...	74,117
62 totara-trees, containing ...	31,147
15 green kauri-trees, containing ...	22,134
6 dry kauri-trees, containing ...	9,303

Upset price, £198 15s. 5d.

The timber is scattered in small lots all over the section. The above measured quantities are made up of small lots which have escaped being burnt. Timber is of fair quality.

SECTION 32.  
Marked II.

	Sup. Ft.
374 kahikatea-trees, containing ...	655,632
36 dry kauri-trees, containing ...	68,825
116 matai-trees, containing ...	57,735
61 rimu-trees, containing ...	48,771
3 green kauri-trees, containing ...	18,980

Upset price, £292 15s. 6d.

The major portion of kahikatea stands on very swampy ground. The distance it will have to be hauled ranges from three-quarters of a mile to one mile and a half. The timber varies in quality.

SECTION 35.  
Marked II.

	Sup. Ft.
817 kahikatea-trees, containing ...	1,401,707
236 green kauri-trees, containing ...	460,153
29 dry kauri-trees, containing ...	82,698
457 rimu-trees, containing ...	329,133
170 matai-trees, containing ...	88,907
144 totara-trees, containing ...	91,219

Upset price, £1,088 8s. 6d.

The timber stands on good country for working, and is all fairly easy of access. The timber is all of good quality, and kahikatea is some of the best on the block.

SECTION 41.  
Marked II.

	Sup. Ft.
538 kahikatea-trees, containing ...	492,917
11 matai-trees, containing ...	4,269
6 totara-trees, containing ...	2,883

Upset price, £127 10s. 5d.

This timber stands within easy working-distance of railway-line. Timber of poor average, but good quality.

SECTION 43.  
Marked I.

	Sup. Ft.
1,011 kahikatea-trees, containing ...	713,875
36 matai-trees, containing ...	17,574
17 rimu-trees, containing ...	17,699
19 totara-trees, containing ...	8,677
1 green kauri-tree, containing ...	2,437

Upset price, £200 12s. 5d.

With the exception of a few scattered trees which will have to be bullocked, the kahikatea on this section stands close to railway-line. Other timbers are scattered over the whole of section, the farthest being distant about one mile from railway-line. Timber of poor average, but fair quality.

SECTION 48.  
Marked III.

	Sup. Ft.
144 green kauri-trees, containing ...	290,081
45 dry kauri-trees, containing ...	79,612
275 rimu-trees, containing ...	216,245
137 kahikatea-trees, containing ...	225,443
128 totara-trees, containing ...	93,965
63 matai-trees, containing ...	39,966

Upset price, £570 11s. 7d.

The timber on this section is situated an average distance of one mile from railway-line. Kauri timber is of fair quality, others medium.

SECTION 49.  
Marked V.

	Sup. Ft.
905 green kauri-trees, containing ...	1,984,606
92 dry kauri-trees, containing ...	167,545
768 kahikatea-trees, containing ...	1,162,266
767 rimu-trees, containing ...	609,881
717 matai-trees, containing ...	378,838
330 totara-trees, containing ...	232,355

Upset price, £2,958 17s. 7d.

g

The major portion of kauri is situated about half a mile from railway-line, adjacent to a good driving-creek. Most of the kahikatea stands on swampy ground close to railway-line. Other timbers and small quantities of kauri and kahikatea are scattered all over section. Kauri is of good quality and a high market value, being the best clump on the block. All other timbers also of good quality.

SECTION 56.  
Marked II.

	Sup. Ft.
1,160 kahikatea-trees, containing ...	2,137,633
128 rimu-trees, containing ...	110,791
147 matai-trees, containing ...	77,521
30 totara-trees, containing ...	25,403
4 dry kauri-trees, containing ...	5,203

Upset price, £625 2s. 7d.

The kahikatea on this section is of good quality, and is a portion of one of the best clumps on the block. Other timbers are also of good quality.

SECTION 57.  
Marked VI.

	Sup. Ft.
104 kahikatea-trees, containing ...	59,074
35 matai-trees, containing ...	16,791
14 totara-trees, containing ...	12,632
1 dry kauri-tree, containing ...	2,304

Upset price, £34 18s. 11d.

The kahikatea on this section stands adjacent to railway-line. Other timbers are scattered over section. Timber of small average but fair quality.

SECTION 59.  
Marked II.

Measured,—	Sup. Ft.
220 green kauri-trees, containing ...	544,169
126 dry kauri-trees, containing ...	305,924
Estimated,—	Sup. Ft.
2,221 rimu-trees, estimated to contain...	1,776,800
995 kahikatea-trees, estimated to contain ...	1,492,500
465 totara-trees, estimated to contain ...	348,750
384 matai-trees, estimated to contain ...	192,000

Upset price, £2,024 19s. 7d.

The major portion of this timber is situated in what are known as the Kahuwera and Ahikiwi Streams, both of which are branches of Hikurangi Stream, a branch of Wairoa River. The natural outlet for this portion of the timber is by driving down these streams to Dargaville. A quantity has already been cut off this block, and worked to the timber-mills at Dargaville as above mentioned. The only other means of working timber off this section would be by continuing the tram-line which will be required to work timber off Section 35 and surrounding sections. There is about 500,000 sup. ft. of mixed timber on this section, situated in Taikairau Watershed, which will work in conjunction with that on Section 30. Timber extends over the greatest part of section, and is situated from one mile and a half at nearest point to four miles and a half at back of section from railway-line. Timber is all of good quality.

SECTION 62.  
Marked V.

Measured,—	Sup. Ft.
73 dry kauri-trees, containing ...	212,037
15 green kauri-trees, containing ...	63,392
Estimated,—	Sup. Ft.
338 rimu-trees, estimated to contain...	270,400
196 kahikatea-trees, estimated to contain ...	294,000
88 totara-trees, estimated to contain ...	61,600
70 matai-trees, estimated to contain ...	28,000

Upset price, £476 14s. 5d.

This timber is situated in the eastern branch of the Taikairau Stream. The timber on this section is all of good quality.

SECTION 64.  
Marked I.

Measured,—	Sup. Ft.
60 green kauri-trees, containing ...	209,059
36 dry kauri-trees, containing ...	117,274
Estimated,—	Sup. Ft.
933 rimu-trees, estimated to contain...	793,050
332 kahikatea-trees, estimated to contain ...	498,000
292 totara-trees, estimated to contain ...	219,000
41 matai-trees, estimated to contain ...	24,600

Upset price, £825 12s. 11d.

This timber is situated partly in the eastern branch of Taikairau Stream, and partly in a branch of Ramarama Stream. The timber is all of good quality.

## CONDITIONS.

1. Intending tenderers are expected to visit the locality and to satisfy themselves on all matters relating to their tender.

2. No tender will be considered wherein a less amount is offered for the timber than the upset prices stated herein.

3. The total upset prices for the timber have been assessed at the undermentioned prices:—

	Per 100 Sup. Ft.
	s. d.
Kahikatea (white-pine) ... ..	0 6
Kauri ... ..	2 0
Rimu ... ..	0 6
Matai ... ..	1 0
Totara ... ..	1 6

Time for removal of timber: Three (3) years. Any timber which has been felled and not removed at the end of the term, owing to there being no fresh, or for any other valid reason, may be removed at any time within six months from such date; provided that the consent of the Tokerau District Maori Land Board is obtained, it being satisfied that the non-removal of the timber is not due to any negligence or fault on the part of the purchaser.

4. Any tenderer who submits an offer for a group of sections is required to state the length of time he desires for the removal of the timber in excess of the three years aforementioned. The Board may, if it thinks fit, grant an extension of time; but in any case such tenderer will be required to remove the timber from one section only at a time, so that when the timber is removed the section may revert to the Board, subject to tramway rights (if any), before the removal of timber on another section is commenced.

5. The quantities stated are standing measurements, and only those trees bearing the special distinguishing brand set out in the Schedule in connection with each section are included in this sale.

6. The aforementioned quantities, qualities, and kind as to the said timber shall be taken as sufficiently accurate for the purpose of this sale; and no contract for purchase shall be voidable, nor shall the successful tenderer be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated herein or in any advertisement having reference to the said timber, nor shall any extra sum be claimed by the Tokerau District Maori Land Board if for any reason the quantity of timber is found to be in excess of that stated herein.

7. The licensee shall make and deliver, on a date to be fixed by the President, a statement of the number and contents of trees felled during the preceding period, together with total quantity of timber felled as from the commencement of the term of his timber-cutting license, and such statement shall be accompanied by a statutory declaration as to the correctness thereof.

8. The quantities stated are part measurement and part estimated measurement.

9. Should any dispute arise as to the boundaries the decision of the President of the said Maori Land Board shall be final.

10. If at any time during the currency of the license any person duly authorized by the President of the Tokerau District Maori Land Board shall report, or it otherwise appears, that the timber on the said area is being improperly cut, or for any other reason, the said President may, by notice in writing to the licensee, suspend his license pending investigation, and the President may cancel such license if it is found that the conditions herein have been infringed, without prejudice to any proceeding for damage done, recovery of amounts due on promissory notes, or otherwise.

11. It shall be unlawful for the licensee to transfer, assign, or in any way dispose of his license, or of the timber, or of his interest therein, to any other person until after the expiration of two years from the date at which the tender was accepted: Provided, however, that where the licensee proposes to sell the timber with his mill, plant, and appliances in their entirety, he may do so with the written approval of the President first obtained; and in such case the license may be transferred accordingly on payment of a fee of £1 1s. to the said Maori Land Board. Such approval may be given or refused in the discretion of the Board.

12. No bleeding of kauri-trees included in this sale will be permitted without the express written consent of the said Maori Land Board.

13. The successful tenderers will be required to avoid doing any damage to the cultivations, kainga, and fencing of the Native owners at present occupying the several sections, and if in removing any timber it is found absolutely necessary to do so, the purchaser will repair such damage, or, in lieu thereof, pay such compensation as shall be determined adequate. Any such compensation to be determined in terms of the Arbitration Act, 1908.

14. A license will be issued in due course, subject to the foregoing conditions.

15. In the event of the lots not being disposed of, applications may be received and dealt with at any time within three months from the above date of closing tenders (unless previously formally withdrawn), providing, however, that the amount is not less than the upset prices stated herein.

16. Tenders must be submitted on forms which will be supplied on application, and envelopes enclosing the same must be marked "Tender for Timber," and addressed to the President of the Tokerau District Maori Land Board, Auckland, New Zealand.

17. The highest or any tender not necessarily accepted.

18. All puriri timber on the land is reserved from sale.

## TERMS.

The timber will be offered in separate lots, and tenders must be accompanied by a deposit of 5 per cent. on the amount of tender, in cash, marked cheque, or post-office order; the balance to be paid, if tender accepted, as under:—

1. Payment for timber shall be made by the successful tenderer either wholly in cash on acceptance of tender, or partly in cash and partly in instalments as follows: One-third in cash within fourteen days after date of notice of acceptance of tender (the deposit of the successful tenderer will be retained as part-payment of this), together with £1 1s. license fee, and one-third within one year, and the balance within two years from date of acceptance of tender.

2. All such instalments shall bear interest at the rate of 5 per cent. per annum as from the date of acceptance of tender, and, with the interest, shall be secured by promissory notes payable on demand, and made and indorsed by two or more indorsers, as required by, and to the satisfaction of, the President of the Tokerau District Maori Land Board.

3. In case where payment is to be made by instalments, the following special provisions shall apply:—

(1.) The property in all timber, whether standing, felled, or in logs, shall remain the property of the Tokerau District Maori Land Board until all the instalments are paid.

(2.) The value of the timber cut shall at no time exceed the total amount actually paid.

(3.) In any case where the President is satisfied that timber has been cut in excess of limit fixed by the last preceding paragraph, he shall appraise the quantity and value of timber so cut in excess, and demand payment from the licensee of the amount of such appraisal. The amount paid shall be in or toward satisfaction of the accruing instalments in the order in which they accrue due, and shall accordingly be credited to the same, as also the promissory notes securing the same. In default of payment of such amount for the space of fourteen days, the whole of the unpaid instalments shall be payable forthwith, and payment may be enforced accordingly.

Deposits of unsuccessful tenderers will be returned.

Full particulars may be obtained at the office of the Under-Secretary for Native Affairs, Wellington, and at the office of the Tokerau District Maori Land Board, Auckland.

WALTER DINNIE,

President, Tokerau District Maori Land Board.

*Notice of Meeting of Owners under Part XVIII of the Native Land Act, 1909.*

REGULATION No. 48.

THE Maori Land Board for the Tairāwhiti Maori Land District hereby notifies that a meeting of the owners of the Hereheretau No. 2f Block will be held, in pursuance of Part XVIII of the Native Land Act, 1909, at Wairoa, on Friday, the 15th day of September, 1911, at 10.30 o'clock in the forenoon, for the purpose of considering the following proposed resolutions:—

"1. That 750 acres of the said land be leased to Pari Menero and Raureti Parareka, of Whakaki, as joint lessees, for a term of twenty-one years at a rental equal to 5 per cent. on the unimproved value of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements. The said 750 acres to be cut out against the eastern boundary of the block, and to include the improvements made by the applicants.

"2. That 1,000 acres, more or less, of the said land be leased to Areke Mete, of Whakaki, farmer, for a term of twenty-one years at a rental equal to 5 per cent. on the present Government value of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of

the land, or with the right to compensation for improvements. The part to be leased to include the improvements effected by the applicant.

"3. That 1,000 acres, more or less, of the said land be leased to Materoa Huka, of Whakaki, farmer, for a term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements. The part to be leased to include the improvements effected by the applicant.

"4. That 500 acres, more or less, of the said land be leased to Ruru Kahukura, Hohepa Kahukura, and Harawira Kahukura, all of Whakaki, as lessees, for a term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements. The said 500 acres to be cut out so as to include the improvements effected by the applicants. Or, in the alternative,—

- (a.) That 500 acres be leased to Ruru Kahukura, or
  - (b.) That 500 acres be leased to Hohepa Kahukura, or
  - (c.) That 500 acres be leased to Harawira Kahukura,
- on the same terms and conditions as stated above.

"5. That 500 acres of the said block be leased to Te Keepa Tainguru and Ereatawa Waikawa, of Whakaki, as lessees, for a term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements.

"6. That 800 acres, more or less, of the said land be leased to Taare Mete, jun., of Nuhaka, and Te Ranga Nohinohi, of Whakaki, as lessees, for a term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements. The locality of the portion to be leased to be decided at the meeting.

"7. That 1,000 acres, more or less, of the said block be leased to Hati Toromata and Tiemi Ruihi, of Wairoa, as lessees, for a term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with a right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements.

"8. That 1,000 acres, more or less, of the said block be leased to Pura Horomona, of Whakaki, for a term of twenty-one years at a rental equal to or not less than 5 per cent. on the present Government valuation of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements.

"9. That 1,000 acres, more or less, of the said block be leased to James Pearce (Hemi Peata), of Wairoa, farmer, for a term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with a right to a renewal for a further term of twenty-one years at a rental of 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements."

Dated at Gisborne, this 27th day of July, 1911.

ALEX. KEEFER,  
President.

*Notice of Meeting of Owners under Part XVIII of the Native Land Act, 1909.*

REGULATION No. 48.

THE Maori Land Board for the Tairawhiti Maori Land District hereby notifies that a meeting of the owners of Hereheretau B No. 5 Block will be held, in pursuance of Part XVIII of the Native Land Act, 1909, at Wairoa, on Saturday, the 16th day of September, 1911, at 10.30 o'clock in the forenoon, for the purpose of considering the following proposed resolutions:—

"1. That 60 acres of the said land be leased to Areke Mete, of Whakaki, farmer, for the term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements.

"2. That 260 acres of the said land be leased to Wiri-pine Makaia Huuka, of Whakaki, wife of Materoa Huuka, for a term of twenty-one years at a rental equal to 5 per cent. on the present unimproved value of the land, with a right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements.

"3. That 200 acres, more or less, of the said block be leased to Pura Horomona, of Whakaki, Native, for a term of twenty-one years at a rental equal to 5 per cent. on the present Government valuation of the said land, with the right to a renewal for a further term of twenty-one years at a rental equal to 5 per cent. on the then unimproved value of the land, or with the right to compensation for improvements."

Dated at Gisborne, this 27th day of July, 1911.

ALEX. KEEFER,  
President.

PRIVATE ADVERTISEMENTS.

SECTION 266, SUBSECTION (4), OF THE  
COMPANIES ACT, 1908.

TAKE notice that the Winter Trading Company has been struck off the Register, and that the company has been dissolved.

Dated at Napier, this 27th day of July, 1911.

F. ASPINALL,  
Assistant Registrar of Companies.

In the matter of the Companies Act, 1908.

NOTICE is hereby given that G. HARDT AND CO. (LIMITED), Woollen-merchants, having its registered office at Manchester, in England, having for some time past carried on business at Farish Street, in Wellington, in the Dominion of New Zealand, intend and will on the expiration of three months after publication of this notice cease to carry on such business or any other business in New Zealand.

Dated at Wellington, this twenty-first day of July, one thousand nine hundred and eleven.

J. H. BRADSHAW,  
Attorney for G. Hardt and Co. (Limited).

REFERRING to the above notice, the business lately carried on by G. HARDT AND CO. (LIMITED), at Farish Street, Wellington, will from the date hereof be carried on by G. HARDT AND CO. at the same address.

J. H. BRADSHAW,  
Attorney for G. Hardt and Co.

515

THE COMPANIES ACT, 1908.

NOTICE is hereby given, in accordance with the above Act, that the office of the London and Lancashire Fire Insurance Company has been removed to Wright's Buildings, corner of Fort and Commerce Streets, Auckland.

HENRY WALKLEY,  
Manager and Attorney.

519

SCHOOL FOR DEAF-MUTES, SUMNER, NEAR  
CHRISTCHURCH.

*Under the Control and Supervision of the Education  
Department*

Director: MR. J. E. STEVENS.

**F**OR Deaf Children of sound intellect. The pupils are taught to use and understand ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act, the education of deaf children between the ages of 7 and 16 is made compulsory. A child is, as a rule, best fitted to begin the school course at about the age of six, but advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted:—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in an ordinary school.
3. Children who have lost their hearing after having learned to speak.

Parents and other persons acquainted with such cases above the age of 4 are invited to communicate with the Director, or with

THE SECRETARY FOR EDUCATION,  
Wellington.

PATENT OFFICE SUPPLEMENT.

**A** SPECIAL Supplement to the *New Zealand Gazette* is now published fortnightly, containing all notices concerning patents and trade-marks required by law to be gazetted; also, particulars of lapsed applications for patents, expired letters patent, and other information useful to inventors, manufacturers, and others. The Supplement will be issued free to subscribers to the *Gazette*, and to others on payment of a subscription of eleven shillings per annum, including postage, payable in advance to the Government Printer.

JOURNAL OF THE DEPARTMENT OF  
AGRICULTURE.

PUBLISHED MONTHLY.

SUBSCRIPTION, 2s. 6d. PER ANNUM, INCLUDING POSTAGE.  
SINGLE COPY, 6d.

**S**UBSCRIPTIONS should be forwarded by postal note or stamps (preferably the former) to the Editor, Publications Section, Department of Agriculture, Wellington. Subscribers should furnish full name and address.
