*Allocating Land reserved and taken for a Railway to the Purposes of a Road at Te Horo, in the County of Horowhenua.*

(L.S.) ISLINGTON, Governor.

**A PROCLAMATION.**

WHEREAS the land mentioned in the Schedule hereto forms part of land taken for the purposes of the Wellington and Manawatu Railway, and it is considered desirable to allocate such land to the purposes of a road:

And whereas it has been certified by the Minister of Railways that such land is not required for railway purposes: And whereas such land is situated in the County of Horowhenua, the local authority of which has assented to the issue of this Proclamation:

And whereas His Excellency the Governor is of opinion that the said local authority can conveniently construct and maintain the said road:

Now, therefore, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, in exercise and pursuance of the powers and authorities vested in me by section one hundred and ninety-seven of the Public Works Act, 1908, and of every other power and authority in anywise enabling me in this behalf, do hereby proclaim and declare that the land described in the Schedule hereto shall, upon the publication hereof in the *New Zealand Gazette*, become a road, and that the said road shall be under the control of the Horowhenua County Council, and shall be maintained by the said Council in like manner as other public highways are controlled and maintained by the said Council.

**SCHEDULE.**

ALL those two parcels of land in the Wellington Land District, containing in the aggregate 30·8 perches, more or less, being portions of railway land at Te Horo, on the Wellington-New Plymouth Railway, and being portions of Ngakaroro 1A No. 6, situated in Block II, Kaitawa Survey District; as the said two parcels of land are more particularly delineated on the plan marked W.R. 18994, deposited in the office of the Minister of Railways, at Wellington, in the Provincial District of Wellington, and thereon coloured purple.

Given under the hand of His Excellency the Right Honourable John Poynder Dickson-Poynder, Baron Islington, Governor and Commander-in-Chief in and over His Majesty's Dominion of New Zealand and its Dependencies; and issued under the Seal of the said Dominion, at the Government House, at Wellington, this ninth day of November, in the year of our Lord one thousand nine hundred and eleven.

*Special Order made by the Remuera Road Board, County of Eden, making By-laws.*

Office of the Minister of Internal Affairs,  
Wellington, 11th November, 1911.

THE following special order, made by the Remuera Road Board, is published in accordance with the provisions of the Road Boards Act, 1908.

D. BUDDO,  
Minister of Internal Affairs.

REMUERA ROAD BOARD.

*Building By-law relating to Minimum Areas.*

THE Remuera Road Board, in pursuance of the Public Health Act, 1908, and its amendment, the Road Boards Act, 1908, and of every other power (if any) thereunto enabling it, doth hereby make and ordain the following by-law:—

1. In these by-laws, if not inconsistent with the context, the following words and expressions shall have the meaning hereby assigned to them, that is to say,—

“The Board” means the Remuera Road Board;

“The District” means the Remuera Road District;

“New house” shall have the meaning assigned to that term by certain by-laws of the Board made by special order on the 7th day of March, 1910, and confirmed on the 28th day of April, 1910.

Words importing the singular number shall include the plural, words importing the masculine gender shall include the feminine, and words importing a person shall include a company and a corporation.

2. Paragraph (d), clause 2, of the by-laws made by the Board by special order on the 7th day of March, 1910, and confirmed on the 28th day of April, is hereby revoked, and clause 1 hereof and the following clauses substituted in lieu thereof.

3. No person shall within the district erect any new house upon any land, unless such land has—

(a) A frontage of not less than 50 ft. to some public road; and

(b) A mean average depth, measured from the line of abutment upon such road, of not less than 132 ft.

4. Nothing herein contained shall be construed so as to prevent the erection of one new house upon any area which does not conform to the requirements of clause 3 of these by-laws, provided that such area is shown as a separate and distinct area or subdivision on any plan deposited in the Land Transfer or Deeds Registration Office at Auckland before the publication of these by-laws in the *New Zealand Gazette*.

5. It shall not be deemed a breach of these by-laws to erect a new house upon any land situated partly at the back of any other land immediately abutting upon any public road if such first-mentioned land—

(a) Shall not have a frontage of 50 ft., but shall have a frontage of at least 10 ft. to such public road; and

(b) Shall not be less than half an acre in area. And such area shall be computed so as to exclude the whole of any entrance or right-of-way giving access to such back section.

6. In any case where there are two adjoining allotments one of which is situated partly at the back of any other allotment immediately abutting upon any public road, and the other situated partly at the back of such first-mentioned allotment, and each of them has a frontage of less than 50 ft. to a public road, it will be sufficient if each of the said allotments has a frontage of at least 8 ft. to a public road; provided such frontages adjoin for the full distance intervening between such public road and the first-mentioned allotment, and are thereafter kept adjoined; and provided that the area of each of the said adjoining allotments is not less than half an acre; and provided that not more than one house shall at any time be erected on each of the said allotments. In computing the said area the whole of any entrance, right-of-way, or approach giving access to any of the said back sections shall be disregarded.

7. Where any new house shall be erected upon any land in conformity with these by-laws, no person shall reduce, or cause to be reduced, the area provided for thereby so as or in such manner that such area shall be or become less than the minimum area hereby provided for; and such minimum area shall be exclusively maintained as the curtilage of and shall be exclusively appropriated to every such house.

8. Where any new house shall be erected in conformity with these by-laws upon any land, no person shall sell or dispose of any estate or interest in any portion less than the whole of any minimum area provided by these by-laws.

9. Where any new house shall be erected in conformity with these by-laws upon any land, no person shall purchase or acquire any estate or interest in any portion less than the whole of any minimum area provided for by these by-laws.

10. Clauses 6 and 7 of these by-laws shall not apply if no house shall be upon the land at the time of such sale, disposition, purchase, or acquisition.

11. If in the opinion of the Board the configuration of any land is such that the enforcement of a compliance with these by-laws or any clause thereof would operate to the inconvenience of any person, and it appears to the Board that the public health and the sanitary requirements of the district can be conserved by the relaxation of these by-laws, or any clause thereof, and the imposition of other terms and conditions, the Board may accordingly by resolution relax the same upon such terms and conditions as it may impose; and these by-laws shall, so long as but no longer than such terms and conditions are observed and complied with, have no application; and no person shall at any time make, cause, or suffer any default in the observance of or compliance with the said terms and conditions or any of them.

12. These by-laws shall apply to the whole district. They shall come into force upon their being gazetted.

13. If any person shall commit a breach of any of these by-laws he shall be liable to a fine not exceeding £5, and in case of a continuous breach to an additional fine not exceeding £5 for every day on which the breach is continued after the first day. The continued existence in a state contrary to any by-law of any work or thing shall be deemed a continuous breach within the meaning of this clause.

The above by-laws were made by special order of the Remuera Road Board, the resolution to make them having been passed at a special meeting of the Board held on the 28th day of August, 1911, and confirmed at a subsequent meeting thereof held on the 9th day of October, 1911.

The common seal of the Inhabitants of the Remuera Road Board District was affixed hereto at a meeting and by order of the Remuera Road Board held on the 9th day of October, 1911, in the presence of—

C. A. CAWKWELL,  
Chairman.  
PERCY SPENCER,  
Member.

I, Robert Haldane Makgill, the District Health Officer for the District of Auckland, approve of the foregoing by-law.

R. H. MAKGILL,  
District Health Officer.

I, Charles Sommers Wilson, Clerk of the Remuera Road Board, do hereby certify that the foregoing is a copy of a special order made by the Remuera Road Board, and that the same has been duly passed.

CHAS. S. WILSON,  
Clerk, Remuera Road Board.

*Resolution made by the Council of the Borough of Waimate.*

The Treasury,  
Wellington, 9th November, 1911.

THE following resolution, made by the Waimate Borough Council, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908, and its amendment.

J. G. WARD,  
Minister of Finance.

BOROUGH OF WAIMATE.

*Certified Copy of Resolution.*

THAT, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and the Public Health Act, 1908, the Waimate Borough Council hereby resolves as follows: That, for the purpose of providing the interest and other charges on a loan of £3,000, authorized to be raised, under the above-mentioned Acts, for construction of drainage-works for portion of the Borough of Waimate, the said Waimate Borough Council hereby makes and levies a special rate of 3d. in the pound sterling upon the rateable value of all rateable property of the Borough of Waimate, comprising the whole of the Borough of Waimate; and that such special rate shall be an annually recurring rate during the currency of such loan, and be payable half-yearly on the 1st day of April and the 1st day of October in each year and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

I certify that the above is a true and correct copy of a resolution of the Waimate Borough Council passed on the 30th day of October, 1911, and that the same was passed subsequently to confirmation of special order authorizing loan to which above resolution relates.

C. DASH,  
Town Clerk.

*Resolution made by the Otautau River Board.*

The Treasury,  
Wellington, 10th November, 1911.

THE following resolution, made by the Otautau River Board, is published in accordance with the provisions of the Local Bodies' Loans Act, 1908.

J. G. WARD,  
Minister of Finance.

OTAUTAU RIVER BOARD.

At the monthly meeting of the Otautau River Board, duly convened, held on Monday, 6th November, 1911, the following resolution was passed:—

Moved by Mr. Salton, seconded by Mr. Ross, That, as the special order making special rate, adopted on 3rd April, 1911, and confirmed on 1st May, 1911, was not advertised in accordance with the provisions of section 60 of the River Boards Act, 1908, it is now resolved, in accordance with the provisions of section 4 of the Local Bodies' Loans Amendment Act, 1910, as follows: That, for the purpose of providing the interest and other charges on a loan of £500, authorized to be raised by the Otautau River Board, under the Local Bodies' Loans Act, 1908, for river-protective works on the Aparima River, in the vicinity of the Cabbage Tree Ford, also to pay the cost of the engineer's services in preparing plans and specifications, the costs incidental to raising the loan, and the first year's interest, the said Otautau River Board hereby makes and levies a special rate of 1/20 of a penny in the pound on the rateable value of all rateable value of the property in the Otautau River District as defined in the *New Zealand Gazette* of 29th September, 1886; and that such special rate shall be an annual-recurring rate during the currency of such loan, and be payable yearly on the 1st day of September in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off, as provided by the provisions of the New Zealand State-guaranteed Advances Act, 1909.

JOHN LINDSAY,  
Acting-Chairman, Otautau River Board.

Wellington, N.Z., 3rd November, 1911.

THE following Notices to Mariners, received from the Hydrographic Office, Washington, D.C., United States, America, are published for general information.

J. A. MILLAR.

OREGON.

COOS BAY.—LIGHTS TO BE ESTABLISHED.—About 1st October, 1911, the following lights will be established in Coos Bay, Oregon:—

*Jarvis Range Lights.*—On 14th August, 1911, Pony Bend light, Coos Bay, Oregon, was moved 5 yards north-eastward from its former position, without change in characteristic. This light will be the front light of the range.

The rear light will be a *fixed white* post-lantern light established 30 ft. above the water on a white cross-arm attached to a white post with black target about 600 yards 260° from the front light.

*Porter Light.*—A *fixed white* post-lantern light exhibited 15 ft. above the water from a red cross-arm attached to an unpainted pile dolphin erected in 10 ft. of water on the eastern side of the channel opposite Porter Mill Wharf.

Approx. position: Lat. 43° 23' N., long. 124° 13' W.  
Bearings will be published later.

WASHINGTON.

PUGET SOUND.—RICH PASSAGE.—ORCHARD ROCKS.—GAS-BUOY TO BE ESTABLISHED.—LIGHT AND BUOY TO BE DISCONTINUED.—About 1st October, 1911, Orchard Rocks gas-buoy No. 4, conical in shape, surmounted by a pyramidal lattice-work and lantern, and showing a *flashing white* light every 3 seconds—thus, flash 0.3 second, eclipsed 2.7 seconds—

will be established in the position now occupied by Orchard Rocks buoy 4, Rich Passage, Puget Sound, Washington.

On the same date Orchard Rocks buoy 4 and Orchard Point light will be permanently discontinued.

BRITISH COLUMBIA.

VANCOUVER ISLAND.—VICTORIA HARBOUR ENTRANCE.—BROTCHY LEDGE LIGHT REPORTED IRREGULAR.—Captain Rushforth, of the steamer "Candidate," reports that on 25th July, and again on 23rd August, 1911, when off the port of Victoria, British Columbia, he observed that the light on Brotsky Ledge was showing *intermittent white* every 10 seconds instead of every minute, as stated in the Light Lists and Sailing Directions. Captain Rushforth was informed by a local seaman that Brotsky Ledge light was very irregular, and sometimes showed *fixed white*.

Approx. position: Lat. 48° 24' 20" N., long. 123° 23' 40" W.

RED SEA.

PERIM ISLAND.—CHANGE IN CHARACTERISTIC OF LIGHT.—FURTHER INFORMATION.—Referring to Notice to Mariners No. 31 (2187) of 1911, further notice is given that the revolving light on the eastern end of Perim Island, Red Sea, is to be replaced by a *flashing* light, showing 1 group of 4 flashes.

During the work of transformation a *flashing white* light every minute is exhibited.

Approx. position: Lat. 12° 39' 14" N., long. 43° 25' 59" E.

BAY OF BENGAL.

GULF OF MARTABAN.—DOUBLE ISLAND LIGHT.—OBSCURED SECTOR DISCONTINUED.—Referring to Notice to Mariners No. 21 (1422) of 1911, further notice is given that the obscured sector in Double Island light, Gulf of Martaban, between the bearings of 155° and 164°, has been discontinued, the light now showing from 173° to 353°.

Approx. position: Lat. 15° 52' N., long. 97° 35' E.

CALIFORNIA.

SAN FRANCISCO BAY.—POINT BLUNT.—BUOY TO BE REPLACED BY BELL-BUOY.—About 15th October, 1911, Point Blunt bell-buoy, painted black and numbered 1, will be established off Point Blunt, San Francisco Bay, California, in place of Point Blunt buoy, a red and black horizontally striped can, which will be discontinued.

Approx. position: Lat. 37° 51' 5" N., long. 122° 25' W.

ARGENTINA.

BAHIA BLANCA (PORT BELGRANO) APPROACH.—SHOAL REPORTED.—Information has been received that on 31st May, 1911, the steamer "Santa Rita," drawing 25 ft., struck several times on a shoal southward of Asuncion Point, Argentina, in (approximately) latitude 39° 5' S., longitude 60° 41' W.

BRAZIL.

EAST COAST.—RIO DE JANEIRO BAY.—TABACI ISLET.—LIGHT ESTABLISHED.—LIGHT-BUOY WITHDRAWN.—The Brazilian Government has given notice that a *flashing red* light every 4 seconds has been established on the rocks west-north-westward of Tabaci Islet, Rio de Janeiro Bay, Brazil. The light is exhibited 32 ft. above high water from a red iron truss, and should be visible 10 miles.

Approx. position: Lat. 22° 46' S., long. 43° 6' 45" W.

The light-buoy marking Trinta Reis Rocks on the south-western side of Tabaci Islet has been discontinued.

*Despatch: Convention to amend Extradition Treaty with Belgium.*

Department of Justice,  
Wellington, 13th November, 1911.

**T**HE following despatch and enclosure, received from His Majesty's Principal Secretary of State for the Colonies, are published for general information.

JOHN G. FINDLAY,  
Minister of Justice.

(New Zealand.—No. 333.)

Downing Street, 22nd September, 1911.

MY LORD,—With reference to my despatch No. 310, of the 5th of September, I have the honour to transmit to you, for the information of your Ministers, copies of an Order of His Majesty in Council giving effect to the Convention which was concluded on the 3rd of March, 1911, between the United Kingdom and Belgium, amending Article 6 of the Extradition Treaty with Belgium of 29th October, 1901.

I have, &c.,

L. HARCOURT.

Governor the Right Honourable Lord Islington,  
K.C.M.G., D.S.O., &c.

**BELGIUM, EXTRADITION ORDER IN COUNCIL, 1911.**

At the Court at Buckingham Palace, the 8th day of August, 1911.

Present:

THE KING'S MOST EXCELLENT MAJESTY.

Lord President.

Lord Pentland.

Lord Chamberlain.

Mr. Charles Hobhouse.

WHEREAS by the Extradition Acts, 1870 to 1906, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, His Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that His Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of His Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient:

And whereas a Treaty was concluded on the 29th day of October, 1901, between His late Majesty King Edward VII and His late Majesty the King of the Belgians, for the Extradition of Criminals, which Treaty was amended by a supplementary Convention concluded on the 5th day of March, 1907:

And whereas a further Convention was concluded on the 3rd day of March, 1911, between His Majesty and His Majesty the King of the Belgians, amending Article 6 of the aforesaid Treaty, which Convention is in the terms following:—

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India, and His Majesty the King of the Belgians, being desirous of amending the provisions of Article 6 of the Treaty between Belgium and Great Britain of the 29th October, 1901, for the mutual extradition of fugitive criminals, have named as their respective Plenipotentiaries, for this purpose, that is to say:

His Majesty the King of the United Kingdom of Great Britain and Ireland, the Right Honourable Sir Edward Grey, a Baronet of the United Kingdom, a Member of Parliament, His Majesty's Principal Secretary of State for Foreign Affairs;

And His Majesty the King of the Belgians, Count de Lalaing, His Majesty's Envoy Extraordinary and Minister Plenipotentiary at the Court of His Britannic Majesty;

Who, having reciprocally communicated their full powers, found to be in good and due form, have agreed as follows:—

ARTICLE 1.

The following article is substituted for Article 6 of the Extradition Treaty of the 29th October, 1901:—

When a person shall have been extradited by one of the High Contracting Parties, that person, until he has returned to the country from which he had been extradited, or until he has had opportunity of returning to it, shall not be detained or brought to justice in the State to which

he has been handed over for any crime or on any other charge whatever prior to the extradition, except those in respect of which the extradition has been accorded.

Neither shall that person, until he has had an opportunity of returning to the country from which he has been extradited, be handed over to a third State.

ARTICLE 2.

The present Convention shall be ratified, and the ratifications shall be exchanged at London, as soon as possible.

It shall come into force ten days after its publication in the manner prescribed by law in the respective countries, and shall have the same force and duration as the Treaty to which it relates.

In witness whereof the respective Plenipotentiaries have signed the present Convention, and have affixed thereto their seals.

Done in duplicate, at London, the 3rd March, 1911.

[L.S.] E. GREY.  
[L.S.] J. LAING.

And whereas the ratifications of the above Convention were exchanged at London on the 10th day of May, 1911 :

Now, therefore, His Majesty, by and with the advice of His Privy Council, and in virtue of the authority committed to Him by the said recited Acts, doth order, and it is hereby ordered, that from and after the 25th day of August, 1911, the said Acts shall apply in the case of Belgium under and in accordance with the said Treaty of the 29th October, 1901, and the supplementary Conventions of the 5th March, 1907, and 3rd March, 1911 :

Provided always that the operation of the said Acts shall be and remain suspended within the Dominion of Canada so long as an Act of the Parliament of Canada, being Part I of chapter 155 of "The Revised Statutes of Canada, 1906," and entitled "An Act respecting the Extradition of Fugitive Criminals," shall continue in force there, and no longer.

ALMERIC FITZROY.

*Subsidies to Public Libraries.*

Education Department,  
Wellington, 8th November, 1911.

NOTICE is hereby given that the sum of £4,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 3rd February, 1912, and no claim will be entitled to consideration that shall not have been sent in in due form and received by the Secretary for Education, Wellington, on or before the 27th January, 1912.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secre-

tary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1911; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

## DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1911, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of the Libraries and Mechanics' Institutes Act, 1908, or the Municipal Corporations Act, 1908, pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; and from voluntary contributions other than members' subscriptions, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and expenditure of the institution for the year herein specified; that the whole of the subsidy received during the year was expended in the purchase of books for the library; and that by the rules of the library it is open to the public free of charge.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Justices of the Peace Act, 1908. (Signature.)

Declared at , this day of , 191 ,  
before me— , Justice of the Peace [or Solicitor, or Notary Public].

[Here affix and cancel a stamp at 2s. 6d.]

[NOTE.—The words relating to last year's subsidy and to free admission may be struck out if they are not applicable. The words in brackets are not part of the form, but indicate matter to be inserted or substituted.]

Copies of the form of application may be obtained from the Secretary for Education, Wellington, and from the Secretary of any Education Board.

THOS. MACKENZIE,  
Acting Minister of Education.

*Tenders for Rural Delivery from Waihao Forks through Allanholm Settlement.*

General Post Office,  
Wellington, 14th November, 1911.

TENDERS will be received at the Chief Post-office, Timaru, until 5 p.m. on Monday, the 27th November, 1911, for a three-weekly mail-service from Waihao Forks Post-office delivering and collecting correspondence through Allanholm Settlement.

The lowest or any tender will not necessarily be accepted. Forms of tender can be obtained at Waimate and Timaru Post-offices.

D. ROBERTSON,  
Secretary.

*Notice by the Public Trustee under the Public Trust Office Act, 1908 (Part II).*

To the owner or owners of a parcel of land containing by admeasurement 35 perches, more or less, being Section 10, Block XXI, Town of Gore, in the Provincial District of Otago. The last registered owners of the said land are William Stewart and William Robertson, both of Invercargill, contractors, who cannot now be traced.

WHEREAS the Public Trustee has instituted inquiries, and has not thereby ascertained who the owner or owners of the above-described land is or are, and believes that such owner is, or owners are, not in the Dominion:

Now, this notice calls upon such owner or owners, within six months of the date of the publication of this notice in this Gazette, to establish to the satisfaction of the Public Trustee his or their title to the land specified in this notice; and, if such owner does or owners do not, within the time limited, so establish his or their title, the Public Trustee will exercise the powers and authorities granted to him in and by the Public Trust Office Act, 1908 (Part II).

Dated this 15th day of November, 1911.

FRED. FITCHETT,  
Public Trustee.

Officiating Ministers for 1911.—Notice No. 37.

Registrar-General's Office,  
Wellington, 15th November, 1911.

PURSUANT to the provisions of an Act of the General Assembly of New Zealand passed in the eighth year of the reign of His late Majesty King Edward VII, and intitled the Marriage Act, 1908, the following name of an Officiating Minister within the meaning of the said Act is published for general information:—

*Baptists.*

The Reverend WILLIAM BARNETT.

[Erratum.—In Notice No. 16, Officiating Ministers for 1911, on page 1364 of Gazette of 20th April, 1911, Methodist Church of Australasia in New Zealand, for "Mr. A. Parsons" read "Mr. J. E. Parsons."]

W. W. COOK,  
Deputy Registrar-General.

Notice to Persons in whom is vested Ecclesiastical Authority over Religious Bodies.

Registrar-General's Office,  
Wellington, 11th November, 1911.

THE attention of the persons or person within the Dominion of New Zealand in whom is vested ecclesiastical authority over any of the religious bodies enumerated in the Third Schedule annexed to an Act of the General Assembly of New Zealand intitled the Marriage Act, 1908, and of all other persons concerned, is directed to the 11th section of the above-mentioned Act, requiring the several ecclesiastical authorities as aforesaid to send in to the Registrar-General, in the month of December in every year, a correct list of their Officiating Ministers within the meaning of the Marriage Act, 1908, of each of the said religious bodies.

The following are the religious bodies above referred to:—

- The Church of the Province of New Zealand, commonly called the Church of England.
- The Presbyterian Church of New Zealand.
- The Roman Catholic Church.
- The Methodist Church of Australasia in New Zealand.
- All Congregational Independents.

*Baptists.*

The Primitive Methodist Connexion.  
The Lutheran Church.  
All Hebrew Congregations.  
The Society of Friends.

In default of any person having ecclesiastical authority over any of the religious bodies named above, the name of the Officiating Minister of any congregation of such religious body may be certified to by two recognized office-bearers thereof.

A minister of religion not connected with any of the aforesaid bodies must send to the Registrar-General in the month of December in each year a certificate signed—

- (a.) By the recognized head in New Zealand of the religious body to which he belongs; or
- (b.) By two duly recognized ministers of such religious body; or
- (c.) By ten adult members thereof, who append their signatures their description as being such members, declaring that such minister is their Officiating Minister, the said signatures and descriptions being attested by some person who shall verify the signatures to the certificate as the genuine signatures of the persons whose they purport to be, by a statutory declaration signed by such person and appended to the certificate.

Neglect in sending the certificate will deprive the minister of his status as an Officiating Minister under the Marriage Act.

N.B.—It is requested that the *Christian names* and the *addresses* of the several ministers may be specified in the lists sent in to the Registrar-General.

W. W. COOK,  
Deputy Registrar-General.

*Friendly Society registered.*

The Treasury, New Zealand,  
Friendly Societies Office,  
Wellington, 8th November, 1911.

THE Grey Valley Coal-miners' Medical Fund Society, situated at Brunnerton, is registered as a friendly society under the Friendly Societies Act, 1909, this 8th day of November, 1911.

ROBT. E. HAYES,  
Registrar of Friendly Societies.

Reserve 1264A is situated at Burke's Pass, and known as the Police Reserve, and comprises land of good quality, and well sheltered on the west and south-west sides.

Part Reserve 394 is situated at Bealey, known as a Police Reserve, and bounds the Post-office Reserve, and is situated a few chains to the eastward of the Bealey Hotel, fronting the main road. There are some old buildings on the reserve.

\* About.

TERMS AND CONDITIONS OF LEASE.

- Tenders should be addressed to the Commissioner of Crown Lands, Christchurch, and indorsed on the outside "Tender for Lease of Reserve." One year's rent at the rate offered, together with £1 ls. lease fee, must accompany each tender.
- Possession will be given on acceptance of tender.
- Possession of the land comprised in the lease, or any portion thereof, may be resumed at any time by giving to the lessee twelve months' notice of intention so to do.
- The lessee shall have no right to compensation either for any improvements that may be placed upon the land, or on account of the aforesaid resumption, or for any other

cause; but he will be allowed, on the expiration of his lease, or in the event of the land being resumed as hereinbefore provided, to remove any fencing or buildings erected by him upon the land.

5. The lessee shall have no right to sublet, transfer, or otherwise dispose of the whole or any portion of the land comprised in the lease, without consent.

6. The land shall be used for grazing purposes only, and shall not be broken up or cropped without the written consent of the Commissioner of Crown Lands first had and obtained.

7. The lessee shall destroy all rabbits on the land, and shall prevent their increase or spread, to the satisfaction of the Commissioner of Crown Lands.

8. The lessee shall prevent the growth and spread of gorse, broom, and sweetbriar on the land comprised in the lease; and he shall with all reasonable despatch remove, or cause to be removed, all gorse, sweetbriar, broom, or other noxious weeds or plants as may be directed by the Commissioner of Crown Lands.

9. The lessee will be required, during each of the first three years of the term, to thoroughly clear of gorse and other noxious weeds not less than one-third of the area comprised in his lease, so that the whole of the area shall be thoroughly cleared at the expiration of the third year of the term, and thereafter be kept clear during the remainder of the term.

10. The rent shall be payable half-yearly in advance, free from all deductions whatsoever.

11. The lease shall be liable to forfeiture in case the lessee shall fail to fulfil any of the conditions of the said lease within thirty days after the date on which the same ought to be fulfilled.

Section.	Area.	Upset Annual Rental.	Term.
Part 71	20 acres (approx.)	£ s. d. 10 0 0	14 years.

*Terms and Conditions of Lease.*

1. Lease fee, £1 ls., and half-year's rent shall be paid upon the fall of the hammer.

2. Possession will be given on day of sale.

3. The lease shall be for the term specified, but shall be subject to termination by twelve months' notice in the event of the land being required by the Government.

4. The rent shall be paid half-yearly in advance.

5. The lessee shall have no right to sublet, transfer, or otherwise dispose of the land comprised in the lease, except with the written consent of the Commissioner of Crown Lands first had and obtained.

6. The lessee will not be allowed to fell, cut down, or destroy in any way any tree or shrub that may be upon the reserve, and he must prevent stock from trespassing on the portion of the reserve containing bush.

7. A substantial fence of four wires, and five posts to the chain, with two battens between the posts, shall be erected by the lessee within six months from date of lease so as to sufficiently protect the native bush, in such manner and of such material as may be approved by the Commissioner of Crown Lands, and before any stock is turned into clearing. The exact boundary to be fenced will be pointed out by an officer of the Survey Department.

8. The lessee will at all times during the said term keep in good repair and condition, to the satisfaction of the Commissioner of Crown Lands, all hedges, fences, and gates in, upon, and about the said land, and shall so yield them up at the expiration of the term.

9. The lessee shall prevent the growth and spread of gorse, broom, and sweetbriar on the land comprised in the lease; and he shall with all reasonable despatch remove, or cause to be removed, all gorse, sweetbriar, broom, or other noxious weeds or plants, as may be directed by the Commissioner of Crown Lands.

10. The lease shall be liable to forfeiture in case the lessee should fail to fulfil any of the conditions of the said lease within thirty days after the date on which the same ought to be fulfilled.

11. The public shall at all times have the free right of ingress and egress over the land comprised in the lease for *bona fide* recreation, but no person shall trespass with dog or firearms on the said land.

12. No buildings shall be erected on any portion of the domain.

Full particulars may be ascertained at this office.

WILLIAM ARMSTRONG,  
Commissioner of Crown Lands.

CONDITIONS.

1. Intending tenderers are expected to visit the locality and to satisfy themselves in every particular on all matters relating to their tender.

2. The aforementioned quantities, qualities, and kind as to the said timber shall be taken as sufficiently accurate for the purpose of this sale, and no contract for purchase shall be voidable, nor shall the successful tenderer be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated herein or in any advertisement having reference to the said timber, nor shall any extra sum be claimed by the Crown if for any reason the quantity of timber is found to be in excess of that stated herein.

3. No tender will be considered wherein a less royalty is offered than the upset prices as stated in terms of each lot.

4. All timber on each lot, whether standing, felled, or in logs, shall remain the property of the Crown until all the instalments are paid.

5. Offers from the successful tenders will be considered for the purchase of the undersized and defective timber mentioned herein.

6. In all lots the quantities stated are standing measurements, and only those trees bearing the special distinguishing brand shown in each lot are included in this sale.

7. Should any dispute arise as to boundaries, the decision of the Commissioner of Crown Lands shall be final.

8. In the event of any of the above lots not being disposed of, applications may be received and dealt with at any time within six months from the above date of closing of tenders (unless previously formally withdrawn), providing, however, that the amount offered is not less than the upset prices stated herein.

9. No extension of time for removal of timber will be allowed successful tenderers who bleed, or permit bleeding of, kauri-trees included in this sale, unless full payment of purchase-money is first made.

10. All tenders must be submitted on forms which will be supplied on application to the above office, and envelopes enclosing same to be marked "Tender for Timber," and addressed to the Commissioner of Crown Lands, Auckland.

11. In lots where terms of payment may have been arranged, any breach of the foregoing conditions of sale will render the "on demand" promissory notes liable to be presented for immediate payment.

12. The highest or any tender not necessarily accepted.

TERMS.

Separate tenders for the various lots of timber must be accompanied by a deposit of 5 per cent. on the amount of tender, in cash, marked cheque, or post-office order; the balance to be paid, if tender accepted, as specified in the terms of each lot, together with the timber-cutting license fee of £1 ls.

All such instalment payments shall bear interest at the rate of 5 per cent. per annum as from the date of acceptance of tender, and, with the interest added, shall be secured by "on demand" promissory notes made and indorsed to the satisfaction of the Commissioner of Crown Lands.

ERIC C. GOLD SMITH,  
Commissioner of Crown Lands.

*The Native Land Court Act, 1894.*IN THE NATIVE LAND COURT OF NEW ZEALAND,  
GISBORNE DISTRICT.

In the matter of section 34 of the Maori Land Claims Adjustment and Laws Amendment Act, 1907, and of the Native Land Court Act, 1894; and in the matter of the block of land known as Te Kopuni.

WHEREAS, pursuant to section 34 aforesaid, the Chief Judge of this honourable Court referred to the Native Land Court for inquiry and report the issue as to "whether or not Karauria Pahura or Arapera Pahura intended at any time to admit other persons as owners in the above-mentioned block";

And whereas, after due inquiry, the said Court, on the 16th day of June, 1910, reported that neither Karauria Pahura nor Arapera Pahura ever intended to admit others in the title, and that there was no evidence of fraud:

And whereas the said report was appealed against, and the Native Appellate Court, after due hearing, dismissed the appeals and upheld the said report:

Now, therefore, I, Jackson Palmer, the Chief Judge of the Native Land Court, do hereby order that no amendment of the Crown grant or title to the said land is necessary.

As witness my hand, this 20th day of October, 1911.

JACKSON PALMER,  
Chief Judge.

GENERAL DESCRIPTION.

The above sections adjoin the Rangitoto Improved-farm Settlement. The soil generally is fair to good, on a sandstone formation. All the sections are well watered.

ABSTRACT OF CONDITIONS.

Land for Sale.

1. Successful purchaser, on fall of hammer, to deposit a sum equal to 10 per cent of the price bid, and a fee of £3 3s. to meet costs and expenses incidental to the purchase, together with the amount with which the section is loaded for improvements (if any). The balance of the purchase-money to be paid in twenty equal half-yearly instalments.

2. The purchaser to pay interest on unpaid purchase-money at the rate of 5 per cent. per annum. Interest to be payable on the 1st July and 1st January of each year, and to date from the signing of contract of sale.

3. Purchaser shall, at the end of five years, upon payment of balance of purchase-money, be entitled to a transfer of the fee-simple of the land.

4. Residence and improvements to conform with sections 250 to 257 of the Native Land Act, 1909.

*Land for Lease.—Conditions of Lease (abridged).*

1. The term of the lease shall be twenty-three years from the 1st July, 1911, at the rental bid, with right of renewal for one further term of twenty-three years, at a rental assessed at 5 per cent. on the unimproved value of the land at the time of the renewal, such valuation, in the event of dispute, to be determined by arbitration. Compensation for substantial improvements shall be allowed to the lessee at the expiration of the second term of the lease, as provided in section 263 of the Native Land Act, 1909. Lessee shall be entitled to a rebate of rent for the period intervening between the date on which the section is allotted to him and the 1st January, 1912.

2. Residence to commence within four years in bush lands or swamp lands, and within one year in open or partly open lands, and to be continuous for six years.

3. Lessee has no right to minerals without license, but he may use on the land any minerals for any agricultural, pastoral, household, road-making, or building purposes.

4. Every lessee shall bring into cultivation,—

- (a.) Within one year from the date of his lease, not less than one-twentieth of the land leased by him;
- (b.) Within two years from the date of his lease, not less than one-tenth of the land leased by him;
- (c.) Within four years from the date of his lease, not less than one-fifth of the land leased by him;

and shall, within six years from the date of his lease, in addition to the cultivation of one-fifth of the land, have put substantial improvements of a permanent character (as defined by the Land Act, 1908) on first-class land to the value of £1 for every acre of such land, and on second-class land to an amount equal to the net price of every acre of such land: Provided that in no case shall the additional improvements required on second-class land be more than 10s. per acre, or 2s. 6d. on third-class land.

5. (a.) Rent shall be payable half-yearly in advance.

(b.) Lessee will not assign the lease without the consent of the Board.

(c.) Lessee will cultivate the land in a husbandlike manner, and keep it free from noxious weeds.

(d.) Lessee will keep fences and buildings in repair.

(e.) Lessee will fence without any right of resort to the Board for contribution on account of the Board owning or occupying adjacent land; but this provision shall not deprive the lessee of any rights he may have against any subsequent occupier other than the Board of such adjacent land.

(f.) A copy of the form of lease can be inspected at the office of the Under-Secretary of Native Affairs, Wellington, or the office of the Board.

**GENERAL INSTRUCTIONS TO SELECTORS.**

1. The lands to be sold or leased subject to reserve price or rental specified in each case.

2. Successful lessees, on fall of hammer, to deposit six months' rent, lease fee (£3 3s.), an amount sufficient to cover stamp duty and registration fee, and the amount with which the section is loaded for improvements (if any). NOTE.—Stamp duty will be 5s. if rent under £50 per annum, with an additional 2s. 6d. for each further £50 or fraction thereof; registration fee is uniformly 10s.

3. The highest bidder to be declared the purchaser or lessee, but the Board reserves to itself the right to decline to accept any bid.

4. The successful purchaser or lessee will require to make declaration of qualification under the Native Land Act, within thirty days, to the effect that he is not the owner or occupier of 3,000 acres of third-class land, or its equivalent in other classes of land.

5. The lands are offered under the Native Land Act, 1909, and the regulations made thereunder, and purchasers and lessees shall be deemed to be acquainted with the provisions thereof, and be bound thereby as effectually as if such provisions were embodied herein.

The lands are described for the general information of intending selectors, who are recommended, nevertheless, to make a personal inspection, as the Board is not responsible for the absolute accuracy of any description.

Full particulars may be obtained at the office of the Under-Secretary for Native Affairs, Wellington, and at the office of the Waikato-Maniapoto District Maori Land Board, Auckland.

## SCHOOL FOR DEAF-MUTES, SUMNER, NEAR CHRISTCHURCH.

*Under the Control and Supervision of the Education Department.*

Director: MR. J. E. STEVENS.

**F**OR Deaf Children of sound intellect. The pupils are taught to use and understand ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act, the education of deaf children between the ages of 7 and 16 is made compulsory. A child is, as a rule, best fitted to begin the school course at about the age of six, but advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted:—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in an ordinary school.
3. Children who have lost their hearing after having learned to speak.

Parents and other persons acquainted with such cases above the age of 4 are invited to communicate with the Director, or with

THE SECRETARY FOR EDUCATION,  
Wellington.

## Complete Specifications filed after Provisionals.

LIST of complete specifications filed after provisional specifications from the 27th October to the 9th November, 1911, inclusive:—

- No. 29069.—A. Y. Ross, operating pawls of crank and lever-jack.  
 No. 29090.—J. Greenslade, threshing-machine.  
 No. 29104.—W. Wallace and W. Palmer, rabbit-trap.  
 No. 29134.—M. O. Kreissig, show-case.  
 No. 29156.—R. P. Hill, water-pipe cleaner.  
 No. 29157.—United Shoe Machinery Company, shoe- and heel-finishing shaft. (H. W. Winter.)  
 No. 29396.—W. Nicholas, hydraulic ram.  
 No. 29677.—J. J. Charley, vehicle.  
 No. 29959.—M. Moloney, fire-alarm.

## Notice of Acceptance of Complete Specifications.

Patent Office,

Wellington, 15th November, 1911.

COMPLETE specifications relating to the undermentioned applications for Letters Patent have been accepted, and are open to public inspection at this office. Any person may, at any time within two months from the date of this *Gazette*, give me notice in writing of opposition to the grant of any such patent. Such notice must set forth the particular grounds of objection, and be in duplicate. A fee of 10s. is payable thereon.

The copies of claims and extracts from the specifications and drawings are merely intended to give some further indication of the invention than is disclosed in the title, and the complete specifications and drawings should be referred to for a description of the invention.

No. 28385.—20th October, 1909.†—JOHN DOWNHAM, of Barnbrook Iron Works, Bury, Lancaster, England, Engineer. Improvements in decorticating machinery for the extraction of fibres from the leaves of fibre-bearing plants.

*Claims.*—(1.) In a decorticating-machine of the type indicated, the arrangement, use, and application of the special shoe with a raised diagonal stripping-surface upon which the leaf is stripped by the blades of a rotating stripping-drum, substantially as set forth. (2.) The combination of parts arranged and operating substantially in the manner and for the purposes described with reference to the drawings.

(Specification, 4s. 3d.)

No. 28694.—7th November, 1910.—JAMES CHARLES PARKE KIRKWOOD, of 88 Willis Street, Wellington, New Zealand, Engineer. Automatic means or method of controlling or regulating the temperature of electrical heating and cooking apparatus.\*

*Extract from Specification.*—Although means by which this object is carried into effect may vary considerably in detail and construction, the principle thereof will remain substantially the same, which is that of utilizing the expansive and contractive properties due to heating and cooling of suitable metals or materials to effect the automatic breaking and making of an electrical circuit which contains the heating-element. The expanding or contracting metal being either a part of the heating apparatus or a special part attached thereto, the expansion and contraction of said metal being caused by the increase and decrease of the temperature of the apparatus itself.

(Specification, 7s.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 28752.—18th November, 1910.—WILLIAM EDWARD HUNTER, of Maungakarama, Whangarei, New Zealand, Farmer. An improved wire-strainer.\*

*Extract from Specification.*—This invention relates to that class of appliance for straining fencing-wire in which a drum is mounted to rotate in bearings, and is provided with a ratchet-wheel adapted to be engaged by a pawl on a lever, and thereby to be rotated with the drum in order to coil the wire end on the drum and strain it to the required amount. The invention has been designed in order to provide a construction of bearing-frame for the drum by means of which the appliance may be readily suspended on a fencing-post, and removed therefrom after the wire has been strained and secured, and also to provide means whereby the usual detent-pawl for preventing any reverse movement of the drum,

when straining, may be held out of contact therewith in order to permit of the wire being uncoiled from the drum when required. The invention is also adapted for use in straining and joining together the ends of two wires, and, when used for this purpose, is employed in conjunction with means whereby the strainer appliance may be suspended upon the wires.

(Specification, 5s. 6d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 28798.—26th November, 1910.—ALFRED LAUNCELOT JAMES TAIT, of 20 Anderson's Bay Road, Dunedin, New Zealand, Inventor. Improvements in wire-grip fastener for clothes or suitable goods on lines, &c.\*

*Claim.*—(1.) In improvements in wire-grip fasteners for clothes or suitable goods on lines, &c., a wire link with loops, coils, as required, or part of link having a base composed of wire loop or loops made to receive a line and the end or ends of wire to pass over the line down to one side of clothes-line, terminating in a loop or coil pressing over line or side of line, while the link is made to go down to other side of line as illustrated on the drawing, thereby completing pressing on both sides of lines as in Figs. 1, 2, and 3.

(Specification, 2s. 3d.)

[NOTE.—Here follow two other claims.]

No. 28799.—26th November, 1910.—ALFRED LAUNCELOT JAMES TAIT, of 20 Anderson's Bay Road, Dunedin, New Zealand, Inventor. A rotary engine.\*

*Claim.*—(1.) In a rotary engine, reversible when required, a cavity forming piston-wheel C having a shaft at E, and two ends of drum with flanges on each side of wheel C, combined with piston-rings in grooves of said flanges for bearing against rim N of cylinder-case A, and combined with cylinder-case A and with cavities C3 and with block-bars C1, and with free blocks and with caps and with sealing-bars combined in bar C1, and with buffer-spring and with rod C5, and cover C4, and with means to maintain a suitable pressure of bar C1 against rim of drum of piston-wheel C and sides of flanges marked D, and with ports H2 and H3, and with transmission-pipes, and with check-valves R3, R4, and P3, and R, the latter check inward supply, and with controlling-valves P and R, and with entrance-ports P3 and K, and exhaust and ignition-supply valves operated by cams engaging end of valve-rods, buffered by spring resting against the brackets SS, and with carburettors, and with means of ignition and compression by exhaust, and means for supplying benzine to the benzine type of engine, as described and explained, and illustrated on the drawing.

(Specification, 6s. 6d.)

[NOTE.—Here follows one other claim.]

No. 28810.—1st December, 1910.—JOHN HOUSE, of the Forestry Department, Public Offices, Spring Street, Melbourne, Victoria, Australia, Joiner. Improvements relating to the seasoning of timber.\*

*Claims.*—(1.) In improvements relating to the seasoning of timber, a chamber having doors thereto, rails within said chamber, outlet-shafts leading from said chamber, louvres at the tops of said shafts, slide-doors at the bottom of said shafts, manholes and air-inlets to said chamber, a drop-door and deflector within said chamber and over each said manhole and air-inlet. (2.) In improvements relating to the seasoning of timber, a chamber, manholes and air-inlets to said chamber, removable louvres to each manhole and air-inlet, a drop-door and downward deflector within said chamber and covering each manhole and air-inlet, a grating at the bottom of each drop-door and deflector.

(Specification, 7s. 3d.)

[NOTE.—Here follow six other claims.]

No. 28823.—5th December, 1910.—CHARLES WILLIAM MARTIN, of Wellington, New Zealand, Plumber and Electrician. Improved means for the electric heating of ovens and other appliances.

*Extract from Specification.*—The invention consists principally in the combination with the appliance to be heated of a chamber in which the lamps are mounted, and which chamber is so constructed that the heat given off by the lamps therein may be concentrated and led into or through the appliance to be heated. This chamber is also so constructed that provision is made whereby the sockets of the lamps are kept cooled so that they shall not be damaged or affected by the heat of the chamber. The invention also embodies the employment of wire insulated in a particular and special manner for conveying the current to the lamps, such wires being specially insulated to protect them from the heat given off from the heating-chamber.

(Specification, 5s. 3d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 28880. — 15th December, 1910. — GEORGE WILSON FOTHERGILL, of Upper Hutt, Wellington, New Zealand, Mill-manager, and WILLIAM HENRY ROGERS, c/o George Fothergill, Upper Hutt aforesaid, Blacksmith. An improved circular-saw guard.\*

*Extract from Specification.*—A base plate secured to the saw-bench frame and having a sliding plate secured thereon to which the lower end of the guard-plate is hinged. This slide-plate is made capable of movement either across or along the base plate, and may be locked in any position. The upper end of the guard is continued up at a tangent, and is held within a clamp secured to the lower end of a stay-rod extending upwards and fastened to a suitable fixture above. This clamp is made of such a nature that the guard may be moved lengthwise through it so as to position it in relation to distance from the saw-edge, or sideways to adjust it in relation to the saw-blade's surface.

(Specification, 4s. 6d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 28916. — 21st December, 1910. — FREDERICK HUDSON, of Horace Street, Victoria, Australia, Builder and Contractor. Improvements in table-top and other connecting-means.\*

*Claim.*—(1.) The combination with rails at right angles to one another of brackets having bases as described, extending each at right angles to its rail, and each with an elongated aperture parallel to the aperture in the other base, the bases being fastened (as by screws) through the said apertures to a shrinkable member (as a table-top). (Specification, 6s.)

[NOTE.—Here follow four other claims.]

No. 28927. — 24th December, 1910. — SAMUEL DECIMUS CURRIE, of Te Aroha, New Zealand, Farmer. Improvements in milking-machine teat-cups.\*

*Claim.*—A lining for the teat-cups of milking-machines characterized by being formed of corrugated form in cross-section and with the corrugations extending up the lining to above the level of the teat-point, substantially as and for the purposes specified.

(Specification, 2s. 3d.)

No. 29156. — 20th February, 1911. — RICHARD PARKER HILL, of 63 Queen Street, Auckland, New Zealand, Land Agent. An improved method for cleaning water-pipes.\*

*Extract from Specification.*—A scraper having spring-pressed blades is mounted on the end of a rod and projected into the water-main, the rod being adapted to be rotated and projected further into the main as desired by mechanism described.

(Specification, 4s. 9d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 29244. — 11th March, 1911. — MICHAEL EARL, of Otaio, Canterbury, New Zealand, Farm Labourer. Improved means for securing plough-skeiths to the plough-beams.

*Extract from Specification.*—The present invention consists in the use of a plate that is made a fixture upon the beam and extends down it outside face. The plate is formed with a raised central portion on its outside face, and the skeith-shank is arranged to extend up and rest against the raised portion so that it may rock thereon independently of any movement by the plate. Combined with this plate is a clamp of special form, by means of which the skeith-shank is held firmly in position against the plate and the plate held tightly against the beam. When the clamp is slackened the skeith-shank may be tilted in either direction, and then held firmly again in its new position by tightening up the clamp.

(Specification, 4s.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 29574. — 17th May, 1911. — ALBERT EDWARD YOUNG, of Christchurch, New Zealand, Engineer. Means for folding and wrapping newspapers and the like ready for despatch.\*

*Claim.*—(1.) In a machine for the purpose indicated, the method of folding the newspaper and wrapper preparatory to gumming and sealing, consisting of arranging the newspaper upon edge facing a pair of folding rollers, passing a length of paper to form the wrapper between the face of such newspaper and the rollers, a knife adapted to pass the newspaper and wrapper between said rollers so as to fold such newspaper upon itself for about a third of its height so that the newspaper will lie with its short folded side uppermost within the wrapper and with the ends of such wrapper extending beyond the upper and lower edge of such newspaper, a second knife adapted to descend upon the projecting upper edge of the wrapper and the newspaper and pass such newspaper and wrapper between a second pair of folding-rollers in such a manner as to fold the remaining third upon such

newspaper again, while at the same time placing the portion of the wrapper which was uppermost within the last fold.

(Specification, 13s.)

[NOTE.—Here follow two other claims.]

No. 29723. — 14th June, 1911. — SAMUEL LEVY, of 13 King Street, Newtown, Sydney, New South Wales, Australia, Boot-manufacturer. Improved boot or shoe.\*

*Extract from Specification.*—In manufacturing my improved boot, the material is first cut or stamped out substantially as shown in Fig. 1, the sides forming the upper and the front and rear (or toe and heel) of the central portion are then turned upwards and the adjacent edges stitched or closed as shown in Figs. 2, 3, and 4, the strengthening-piece (12) and tongue (13) are then secured in position, and the eyelet holes (14) stamped out to form the completed boot. A strengthening-strip may be stitched on at 15.

(Specification, 2s. 6d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 29791. — 29th June, 1911. — ARTHUR BROWNING MASTERS, of Christchurch, New Zealand, Mercer. Means for use in the collection of car fares, and for indicating the car-seats occupied and the fares paid.\*

*Claims.*—(1.) In means for the collection of fares in public conveyances, the combination with the seats, each one of which is adapted to actuate an electric indicator when sat upon, of a slot upon each seat adapted to receive a metallic fare or token, and provided with contact-points upon which the fare or token is held, and an indicator for each seat arranged in electric circuit with the contact-points in the slot, substantially as specified. (2.) In means for the collection of fares in public conveyances, the combination with the seats, each one of which is adapted to actuate an electric indicator when sat upon, of a slot upon each seat adapted to receive a metallic fare or token, and provided with contact-points upon which the fare or token is held, an indicator for each seat arranged in electric circuit with the contact-points in the corresponding slot, means for releasing the fares or tokens from each slot and (or) from all of the slots, and means for resetting the whole of the indicators, substantially as specified. (3.) In the means for the collection of fares in public conveyances described, the combination with the seats, each one of which is adapted to actuate an electric indicator, when sat upon, of a slot upon each seat adapted to receive a metallic fare or token, and provided with contact-points upon which the fare or token is held, an indicator for each seat arranged in electric circuit with the contact-points in the corresponding slots, and a switch arranged in electric circuit with the whole of the indicators, and adapted to close circuits through them, substantially as specified.

(Specification, 10s. 6d.)

[NOTE.—Here follow five other claims.]

No. 30061. — 18th August, 1911. — JOHN COUTTS, of 3 Dowling Street, Dunedin, New Zealand, Engineer. Improved hose-coupling.

*Claim.*—(1.) In improved couplings of the kind described, a flexible ring having a flange (14), a groove (16), and a rim (17), adapted to form a watertight joint between two parts of a hose-coupling.

(Specification, 1s. 6d.)

[NOTE.—Here follows one other claim.]

No. 30103. — 24th August, 1911. — HARRY JAMES PALIETT, of 547 George Street, Dunedin, New Zealand, Manager, Boot-factory. Improved detachable knives and bosses for skiving-machines.

*Extract from Specification.*—I modify the boss by forming a hollow groove to allow the knife when worn to go further over the feed-roller than is possible at present, thus obtaining more wear from each blade.

(Specification, 3s.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30137. — 31st August, 1911. — VIBROCEL COMPANY, LIMITED, a company organized and existing under the laws of the United Kingdom of Great Britain, carrying on business as Contractors at Eldon Street House, Eldon Street, London, England (assignees of Francis Gascoigne Lynde, of "Woodside," London Road, Knebworth, Hertfordshire, England, Civil Engineer, and Everard Richard Calthrop, of Eldon Street House aforesaid, Civil Engineer). A new or improved means or the construction of concrete sea-walls, piers, pontoons, floating stages, foundations, and other structures.

*Extract from Specification.*—In its broadest aspect our invention contemplates a structure for the purposes described composed of vertical hexagonal cells of reinforced vibrated concrete, the whole of the component parts being incorporated and interknitted to form a section or unit.

(Specification, 12s. 6d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30147.—1st September, 1911.—ANDERS PONTEN, of 1537 Alcatraz Avenue, Berkeley, Alameda, California, United States of America. Centrifugal sluicing-apparatus.

*Claim.*—(1.) In a centrifugal sluicing-machine, a circulator composed of a plurality of independent and separable conical hollow sections, the lower edge of each abutting section forming an inwardly projected circumferential riffler or ridge relative to its adjacent section, and means for imparting rotation to said circulator. (Specification, 9s. 3d.)

[NOTE.—Here follow six other claims.]

No. 30154.—4th September, 1911.—HARRY GREIG, of Foxton, New Zealand, Flax-miller. Improvements in flax-strippers.

*Extract from Specification.*—In carrying out the invention each of the chairs for carrying the beater-bar is formed with a recess in it against which the front portion of the bar will fit, and the shoe for holding the bar in position is fitted against the back of the bar and is kept in place by means of a tension-screw passing forwardly from the back of the chair. The guide-bearing for the drum-spindle is situated behind the chair-back and is adjusted in position by means of an adjusting-bolt extending from its back and passing through a lug upon the stripper-frame. The nuts on this bolt engage with this lug and so hold the bearing in position. The bearing is provided with bushes for the drum-spindle bored slightly eccentrically and positioned so as to permit of the spindle springing back from the beater-bar, but to prevent it springing forward beyond the normal. (Specification, 3s. 9d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30155.—4th September, 1911.—JOHN CHARLES FALKINDER, of Takapau, Hawke's Bay, New Zealand, Sheep-farmer. Improved non-refillable bottle.

*Claim.*—(1.) For the purpose indicated, a valve-seat within the neck of the bottle, a disc valve adapted to close down upon the same, a washer having a centrally located hole, and projections which prevent the disc from closing said hole, substantially as specified, and illustrated in the drawing. (Specification, 1s. 9d.)

[NOTE.—Here follow three other claims.]

No. 30160.—6th September, 1911.—MAX GOEBLER, P.O. Box 37, Cedar Cottage, Vancouver, British Columbia, Canada, Civil Engineer. Portable power-operated saws.

*Claim.*—(1.) In a portable saw having a supporting-frame to which a saw-carrying slideway is pivotally mounted, means for securing the supporting-frame to a tree or log, said means comprising a flexible connection secured at one end to the supporting-frame and at the other end to an endwise movable hook on the same frame, and means for endwise moving the hook. (Specification, 5s. 6d.)

[NOTE.—Here follow two other claims.]

No. 30163.—6th September, 1911.—JAMES CHARLES PARKE KIRKWOOD, of 88 Willis Street, Wellington, New Zealand, Electrical Engineer. Improvements in electrical cooking-apparatus.

*Extract from Specification.*—According hereto, I construct an oven having an inner casing and an outer casing, the framework of which is built up of angles, or a frame may be provided for casings in one casting, sides being fitted thereto to complete the casings. The space between the inner and outer casing is either a still air-space or may be provided with tight hollow chambers, the said chambers being either exhausted or not exhausted of air. An airtight chamber may also be provided at the base of the oven; heating-elements are arranged upon this airtight chamber, while a removable airtight chamber is adapted to be placed within the oven upon brackets for the purpose of regulating the size of the compartment in which the cooking is to take place. The heating-elements are provided with terminals adapted to be passed into terminal sockets fixed to the side of the inner casing in order that the said heating-element may be taken out separately for repairs. (Specification, 5s.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30166.—6th September, 1911.—ARTHUR ROBERT PONDER, of 94 Rugby Street, Papanui, Christchurch, New Zealand, Commercial Traveller. Improved collapsible forcing-frame.

*Claim.*—(1.) A collapsible forcing-frame comprised of four independent glazed frames, and a glazed top, with means for retaining the parts when assembled, substantially as specified, and illustrated in the drawings. (Specification, 2s. 3d.)

[NOTE.—Here follow three other claims.]

No. 30168.—7th September, 1911.—ARTHUR HENSLEY SMITH, of Grosvenor House, Grosvenor Street, Sydney, New South Wales, Australia, Merchant (nominee of the Domestic Vacuum Cleaner Company, of Worcester, Massachusetts, United States of America, a corporation of Massachusetts, assignees of Frank Julius Quist and Malcolm Blanch, both of Worcester, Massachusetts, United States of America). Improvements in vacuum sweepers.

*Claim.*—(1.) A pneumatic cleaner comprising a casing open at its front end and having apertures, a screen guarding said apertures, a dust-receptacle in said casing detachably connected therewith, a nozzle-head detachably connected with said casing and covering the front end thereof, said nozzle-head being provided with an opening therethrough communicating with said dust-receptacle, a suction-creating device connected with said casing, sustaining-wheels connected with said casing and operatively connected with and automatically operating said suction device by their backward and forward travel over any surface, and means connected with the said casing for adjusting the elevation of the front end thereof. (Specification, 5s. 6d.)

[NOTE.—Here follow two other claims.]

No. 30169.—5th September, 1911.—WILHELM BARTHOLOMÄUS DIDRICK PONNINGHAUS, of 26 Nottingham Street, Prahran, Victoria, Australia, Machinery-importer. Improvements in and connected with floats for controlling the flow of liquids.

*Claim.*—(1.) In improvements in and connected with floats for controlling the flow of liquids, a float the interior of which through a pipe or lever communicates with the atmosphere. (Specification, 6s.)

[NOTE.—Here follow four other claims.]

No. 30182.—7th September, 1911.—PHILLIP ARTHUR GROSSER, of Magnet, Tasmania, Australia, Contractor. Improvements in and connected with the cut-off in chutes.

*Extract from Specification.*—In my invention I use an open chute, and I arrange and operate the cut-off door or knife vertically so that should any lumps of ore or other material be in the way of the knife as it is raised it will be possible to avoid such obstructions by partly lifting and partly negotiating the same. To assist the operation of the invention I arrange a curtain or screen just above the vertically operating knife or door, by means of which the bulk flow of material may be regulated and kept of such a depth that the door, when pushed up, can force its way through the mass. Means are also provided for operating the door and for mounting the chute. (Specification, 2s. 9d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30184.—11th September, 1911.—GEORGE CLAYDON, of Radley, Woolston, Christchurch, New Zealand, and THOMAS MAUDE, of 113 Hereford Street, Christchurch aforesaid, Engineer and Solicitor respectively. Improvements in machines for stripping flax.

*Extract from Specification.*—According to my present invention, the green vegetable matter is planed, shaved, scraped, or stripped from the fibre by a drum turned truly and having feather-edged strips of metal or other suitable material bolted or otherwise attached diagonally around the drum in a right- and left-hand manner. The planing, shaving, scraping, or stripping blades are attached to the strips by bolts or the like. Between the blades blocks of metal are fixed to the drum, so that when drums so provided are revolved together, then the blades on one drum plane, shave, scrape, or strip the flax upon the corresponding block of the opposing drum, or the blades can be so arranged that the green vegetable can be planed, shaved, scraped, or stripped between the edges of each set of blades. Improvements are also provided in tension apparatus for the rollers and in the feeding-apparatus of a stripper. (Specification, 3s. 6d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30194.—30th September, 1910.†—MORITZ KAHN, of Caxton House, Westminster, London, England, Civil Engineer. Improved shoe for piles made of concrete or other plastic material.

*Extract from Specification.*—My invention consists in the combination with a tubular pile of a pointed shoe detachably attached thereto in such a way as to form a part of the tubular pile during driving, and subsequently be detached and drawn up through the tube, leaving an unrestricted passage through the preparatory pile for the deposit of the concrete therein and the ultimate withdrawal of the tubular pile, leaving the concrete pile in the ground. (Specification, 5s. 6d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30204.—13th September, 1911.—MICHAEL FREEMAN LOUNDA, GEORGE FREEMAN LOUNDA, and WILLIAM FREEMAN LOUNDA, all of 62 Sussex Street, Sydney, New South Wales, Australia, Shop-fitters. Improvements in movable shelf-brackets.

*Extracts from Specification.*—According to our invention, the bracket consists of a filleted plate, which may be made with a flanged overhanging portion to facilitate attachment thereto of a shelf. . . . The rear upper part or heel of the bracket is bent and hooked back upon itself to form a grip slidable on a rectangular pillar or standard. The lower part of the bracket forming the toe thereof is similarly bent around so as to form a sliding grip on either side of said pillar or standard, the toe portion being brought to an edge engageable with any one of a number of V notches cut in the front edge of the pillar or standard before mentioned. (Specification, 3s. 3d.)

[NOTE.—The above extracts from the specification are inserted in place of the claims.]

No. 30206.—13th September, 1911.—CHARLES ARTHUR GREEN, of "Chatsworth," Juliett Street, Marrickville, near Sydney, New South Wales, Australia, Traveller. Improvements in overhead electrical trolley-line ears.

*Extract from Specification.*—The essential feature of my invention is the combination with a permanent carrier of a light envelope forming a clip for round wire, said envelope being clamped in and supported by the carrier.

(Specification, 4s. 3d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30209.—13th September, 1911.—JEFFREY DENNIS, of Fore Street, Canterbury, Sydney, New South Wales, Australia, Tanner, and WILLIAM LESLIE FIDLER, of "Ravenswood," Gordon, Sydney aforesaid, Gentleman. Fluid-enclosed vacuum chambers.

*Claims.*—(1) A fluid-enclosed vacuum vessel, chamber, or container, composed of concrete and metal reinforcement, a bottle-neck attachment secured thereto having a channelled seating-ring thereon, and a flexible insertion in the channelled seating-ring to seat a removable access-door. (2) In a fluid-enclosed vacuum vessel, chamber, or container, the combination, with a bottle-neck attachment forming part of such vessel, of a removable access-door, and the means for securing said door, consisting of supporting-hangers having a bridge-piece suspended thereon and a clamping-screw to seat and secure said access-door. (Specification, 7s. 9d.)

[NOTE.—Here follow six other claims.]

No. 30210.—12th September, 1911.—THE PEAT COAL INVESTMENT COMPANY, LIMITED, of 34 Nicholas Lane, Lombard Street, London E.C., England, Manufacturers (assignees of Thomas Rigby, Station Hotel, Dumfries, Scotland). Improved method and apparatus for gathering and transporting peat.

*Claims.*—(1) A method of gathering or transporting peat hydraulically, consisting in cutting the peat from the bog or other source, then disintegrating or pulping the same to a more or less uniform condition, and then conveying the watery disintegrated peat to the desired spot, as by pumping through a pipe-line or other duct, substantially as described. (2) Apparatus for carrying out the method of claim 1, consisting of a peat-excavator supplying a disintegrating-device and a pipe-line through which the substance leaving the disintegrator is caused to pass to the desired spot by a suitable pumping-device, substantially as described. (Specification, 6s. 3d.)

[NOTE.—Here follow three other claims.]

No. 30211.—13th September, 1911.—CAMPBELL ERNEST McCAY, of 7 Kalimna Street, Essendon, Victoria, Australia, Accountant. Means for raising, lowering, or conveying cargo or other weighty material from one level or position to another.

*Claim.*—(1) In raising, lowering, or conveying cargo or other weighty material from one level or position to another, means by which a synchronous transfer of brake-action is effected from one cable or rope to the other in such a manner that a carrier may be moved along the suspension cable or rope whilst the weight-supporting cable or rope is gripped by its respective brake, and alternately that when the suspension cable or rope is gripped by its respective brake the weight-supporting cable or rope is freed so that said weight may be lifted or lowered, substantially as and for the purposes set forth. (Specification, 8s. 6d.)

[NOTE.—Here follow five other claims.]

No. 30213.—14th September, 1911.—HENRY SELBY HELE-SHAW, LL.D., Fellow of the Royal Society, and FRANCIS LEIGH MARTINEAU, Fellow of the Institution of Mechanical Engineers, both of No. 64 Victoria Street, London S.W., England. Improvements in hydraulic transmission apparatus.

*Claims.*—(1) In hydraulic transmission apparatus for power-driven vehicles, the combination of a continuously driven variable-stroke pump carried by the vehicle and a motor or motors in a closed liquid circuit, the motors essentially forming the bodies of vehicle-wheels. (2) The hydraulic-motor wheel for use in combination with a variable-stroke pump, said wheels comprising the combination of an axle constructed to form a valve radiating cylinders rotatable relative to the axle-valve and occupying position usually occupied by the wheel-spokes, pistons associated with the cylinders, devices carried by the pistons and co-operating with fixed cams or eccentrics, and a felloe or enclosing rim surrounding the cylinders, substantially as specified. (Specification, 8s. 9d.)

[NOTE.—Here follow nine other claims.]

No. 30222.—14th September, 1911.—HARRY HUDSON SHAW, of Hamilton, Auckland, New Zealand, Farmer. An improved water-power developer.\*

*Extract from Specification.*—The wheel is constructed and mounted in the usual way, provision being made for shutting the water off from it by means of a hinged door in the floor of the floating platform which forms the bottom of the race or chute. Attached to the forward end of the race or chute is a funnel-shaped fluming for the purpose of catching the running water and concentrating it on to the paddles of the wheel. (Specification, 4s. 9d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30226.—19th September, 1911.—HARRY WOOD DOWNING, of Gloucester Street, Christchurch, New Zealand, Saddler. Improvements in riding and harness saddles.

*Extract from Specification.*—According hereto, a saddle is made of green hide moulded to shape upon a block, and stretched in superposed thicknesses over a tree made of compressed fibre, leather, or thin wood. The head of the tree, made of a thin steel plate or thin wood or compressed fibre stiffened with a metal plate, is connected to the tree by the green hide, and in the case of heavier saddles by plates extending along the sides of the tree. "D" or other fastenings for the girth are dispensed with, the girth-straps being merely stitched to the green hide and the leather or compressed-fibre tree. (Specification, 4s.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30232.—20th September, 1911.—WALTER TAINE, of Crawford Street, Dunedin, New Zealand, Manager, Taines' Chemical Stores Company (assignee of James Sinclair, of Barrack Street, Sydney, Australia). Improvements in containers for boot-blackening and the like.

*Extract from Specification.*—According hereto, a lever pivoted upon the side of the container has a thumb-piece at the end of its long arm and a right-angled projection at its short end. A recess allows the said projection to pass below the rim of the lid. (Specification, 2s. 3d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30246.—22nd September, 1911.—WILLIAM GEORGE JAMES, of Stratford, New Zealand. An improved cigarette-holder.

*Extract from Specification.*—The invention consists in the combination with a mouthpiece of suitable material made of uniform diameter throughout its length and adapted to receive the cigarette, of a grip attached to and extending beyond the outer end of the mouthpiece and shaped to encircle and hold the cigarette, and thus to keep it in position in the mouthpiece. This grip is preferably formed of two semicircular frames one of which is fixed to the mouthpiece and forms a rest in which the cigarette will lie, and the other one of which is hinged along one of its edges to the corresponding edge of the first half. It is thus capable of turning in over the top part of the cigarette, and thereby to hold it firmly between itself and the lower half. (Specification, 2s. 9d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

No. 30249.—23rd September, 1911.—ERNEST WILLIAM HURSTHOUSE, Wellington, New Zealand, Mechanical Engineer. Improvements in vacuum cleaning-machines.

*Extract from Specification.*—According hereto, a dirt-receptacle is fitted with a filter in the form of a diaphragm comprising sand, gravel, quartz, polarite oxidium, or a similar

finely divided material, held in position between layers of wire gauze supported by smut-wire mesh, grids, or the like. A disinfectant and antiseptic liquid or powder falls from a vessel placed above the inlet to the receptacle, and mixes with the dirt-laden air as it enters the receptacle. In my apparatus water is not necessary for the purpose of filtering, but for the purpose of distributing the disinfectant and antiseptic liquid or powder water in the receptacle is considered the best medium. (Specification, 5s. 3d.)

[NOTE.—The above extract from the specification is inserted in place of the claims.]

Copies of drawings may be obtained at the uniform price of 1s. each. In exceptional cases this price may be increased at the discretion of the Office.

An asterisk (\*) denotes the complete specification of an invention for which a provisional specification has been already lodged. A dagger (†) denotes a prior date under the International and Intercolonial Arrangements.

NOTE.—The cost of copying the specification has been inserted after the notice of each application. An order for a copy or copies should be accompanied by a post-office order or postal note for the cost of copying.

The date of acceptance of each application is given after the number.

Extracts from the drawings accompanying the foregoing complete specifications appear at the end of this Gazette.

**Notice of Request to amend Specification.**

Patent Office,  
Wellington, 9th November, 1911.

**R** EQUEST for leave to amend the undermentioned application for Letters Patent has been received and is open to public inspection at this office. Any person may, at any time from one month from the date of this *Gazette*, give me notice in writing of opposition to the amendments. Such notice must set forth the particular grounds of objection, and be in duplicate. A fee of 10s. is payable thereon.

No. 29104.—W. Wallace and W. Palmer, rabbit-trap. (Advertised in Supplement to *New Zealand Gazette*, No. 23, of the 23rd March, 1911.)

The nature of the proposed amendment is as follows:—

To strike out the name of William Palmer from the application and complete specification.

The applicants state: Our reason for making the amendment is that the said William Palmer has ceased to become interested in the invention.

J. C. LEWIS,  
Registrar.

**Request for Correction of Clerical Error in Application for Letters Patent.**

**N** O. 30223.—W. F. Lietz, carburettor. (Advertised in Supplement to *New Zealand Gazette*, No. 88, of the 2nd November, 1911.)

To alter the name from "Lietz" to "Leitz."

**Application for Letters Patent opposed.**

**N** O T I C E of opposition has been filed in the following case:—

No. 29884.—M. Wilbuschewitsch, opposed by J. Crosfield and Sons, Limited.

**Applications for Letters Patent abandoned.**

**L** I S T of applications, with which provisional specifications only have been filed, abandoned (*i.e.* complete specifications not lodged) from the 28th October to the 9th November, 1911, inclusive:—

- No. 28933.—F. and T. Dixon, traction-engine gear wheel.
- No. 28937.—E. Unsworth, concrete-wall construction.
- No. 28951.—W. Andrews and A. W. Beaven, oil-engine and vacuum pump.
- No. 28953.—A. Sorenson, level.
- No. 28960.—H. R. Jenkins, milk-sampler. (P. E. Bryant).
- No. 28962.—E. F. Lutz, directory.

**Applications for Letters Patent void.**

**A** P P L I C A T I O N S for Letters Patent, with which complete specifications have been lodged, void owing to non-acceptance of such complete specifications, from the 27th October to the 9th November, 1911, inclusive:—

- No. 28173.—J. A. F. Glover, cooking-oven.
- No. 28204.—G. F. Ollerenshaw, clothes-peg.
