GENERAL DESCRIPTION.

The sections for selection lie between the Piako and Waitoa Rivers, and consist of partly drained swamp lands and high, dry, flat ridges. The access is from Waitoa Railway-station by No. 1 Road, distant six miles and three-quarters by formed cart-road, the last mile of which is about to be re-formed. Access is also obtained from Waitoa Station by No. 7 Road, distant seven miles and three-quarters, of which one mile has yet to be formed. The distance from Morrinsville Railway-station by formed cart-road is some eleven miles and a half to the permanent bridge-site over the Piako River. A temporary bridge is now in position, but a permanent bridge will ere long be erected in its place.

There is also a temporary foot-bridge across the Piako River near the western end of Whakahoro Road, but this is merely a service bridge for convenience of workmen, and will later on be removed.

The land consists of good, dry, loamy soil ridges, hard swamp, and peaty swamp of varying depth, resting upon a pumice formation. The land adjacent to Piako River is generally high, and is, with a few exceptions, well above high-flood conditions, and is covered with heavy manuka, cabbage-trees, flax, light bush, fern, and light manuka.

The sections fronting West Road run from hard swamp country covered with flax, cabbage-trees, &c., to deep and shallow peat covered with wiwi, &c., with some loamy, dry, flat ridges in places. Sections fronting Whakahoro Road embrace land running from dry, loamy, flat ridges, hard swamp in flax, to shallow and deeper peat swamp in wiwi and flax, with a good amount of rough feed and grass on same. The sections between the North and Paeroa-Tahuna Roads and east of the West Road are generally of a peaty nature.

The land is of generally good quality throughout, especially where the loamy ridges and hard swamp bottoms obtain. The general elevation of sections is about from 35 ft. to 60 ft. above sea-level. All necessary main drains and roads to sections have either been formed or are in course of construction, and the same applies to the necessary culverts and bridges. All main drains are upon roads, and the only subdivisional drain is that between Sections 6, 7, 8, and 9, Block X, Waitoa Survey District. The sections are not

permanently watered, with the exception of those adjacent to the Piako and Waitoa Rivers, but selectors of these sections should note that there is a reservation along the banks of both of these rivers. The Department is prepared to sink artesian bores at cost price where required by settlers, upon satisfactory arrangements being made for payment thereof.

The land for selection consists in some localities of old buried forest country, and timber for fencing is available on some sections.

As witness the hand of His Excellency the Governor, this twenty-third day of December, one thousand nine hundred and eleven.

Regulations for the Occupation of Pastoral Lands known as the Glenroy Block, in the Westland Mining District, Nelson Land District.

ISLINGTON, Governor.

IN pursuance and exercise of the powers conferred upon me by section three of the Land Act, 1908, and by section thirty-eight of the Mining Act, 1908, and of all other powers enabling me in that behalf, I, John Poynder Dickson-Poynder, Baron Islington, the Governor of the Dominion of New Zealand, hereby revoke the regulations for the occupation of certain pastoral lands in the Westland Mining District, known as the Glenroy Block, dated the twenty-eight day of June, one thousand nine hundred and seven, and published in the *Gazette* of the fourth day of July, one thousand nine hundred and seven, and do hereby make the following regulations in lieu thereof.

REGULATIONS.

INTERPRETATION: In these regulations, unless inconsistent with the context, the term "licensee" includes the successors and assigns of a licensee, and the term "Warden" means a Warden under the Mining Act, 1908, exercising jurisdiction within the district in which the Glenroy Block is situated.

1. Application may be made for any of the Crown lands within the area described in the First Schedule hereto.

2. Every application shall be in the form or to the effect set forth in the Second Schedule hereto, and every applicant shall make the declaration appended thereto or a declaration to that effect.

3. Every applicant shall at the time of his application pay to the Receiver of Land Revenue, Nelson, the first half-year's rent, together with the license and registration fee, or make such payment immediately the application has been approved or the applicant has been declared successful at the ballot. Deposits made by unsuccessful applicants shall be returned by the Receiver of Land Revenue after the ballot.

4. All rents shall be paid half-yearly in advance to the Receiver of Land Revenue, Nelson, on the 1st day of January and July in each and every year.

5. The area which may be applied for under these regulations shall be not less than 25 acres nor more than 650 acres.

6. The Commissioner of Crown Lands for the Land District of Nelson may, with the approval of the Land Board of that district (hereinafter referred to as "the Land Board"), grant not more than one pastoral license under these regulations to any person of the age of seventeen years and upwards who may apply for the same; but the Land Board may refuse any application, and its decision shall be final.

7. The annual rent payable under the license shall be a sum to be fixed by the Land Board, but shall be not less than 3d. per acre.

8. (1.) The term of the license shall be twenty-one years, and if the land for which the license has been issued is not required for mining purposes, on the licensee applying for the same at least twelve months before the expiration of his license, a new license for a further term of twenty-one years, to date from the expiration of his license, shall be offered to the licensee at a rental to be ascertained as hereinafter specified, namely,—

(a.) A valuation shall be made by an appraiser to be appointed by the Land Board of the then value of the fee-simple of the land included in the license, and also a valuation of all substantial improvements of a permanent character made and then in existence on the said land.

(b.) After the service of notice of the valuations made as aforesaid (which shall be effected by serving a copy of the same on the licensee and another copy on the Commissioner of Crown Lands for the Nelson Land District), but not later than twelve months before the expiry of the term for which the licensee then holds the land, the licensee shall elect, by notice in writing delivered to the said Commissioner, whether he will accept a fresh license of the said land for a further term of twenty-one years from the expiration of the then term at a rental equal to 4 per centum of the value of the fee-simple as fixed, less the value of the improvements, by the said valuation; such fresh license to be subject to conditions similar to the previous license, excepting as to the amount of rent payable thereunder.

(2.) In the event of an existing licensee not agreeing to the valuations made as aforesaid, then the rent to be paid shall be determined by arbitration, in manner provided by section 80 of the Land Act, 1908.

(3.) If the licensee elects not to accept a renewal as above mentioned, or refuses or neglects to execute a license within thirty days after the same is tendered to him for the purpose, then a license of the said land shall, not later than one month before the end of the term for which the existing license was granted, be offered for sale by public auction for a further term of twenty-one years, subject to the provisions of section 219 of the Land Act, 1908.

(4.) If such license is not disposed of as above mentioned to some person other than the licensee, or if such person fails to execute the license in duplicate within thirty days after being notified that such license is ready for execution, or to pay the half-year's rent and the value of the improvements as aforesaid, then the licensee may again elect in manner aforesaid to accept a fresh license as aforesaid; and if he does not elect to accept the same, or refuses or neglects to execute such license for thirty days after re-tender of the license for execution, then he may continue as tenant of the said land from year to year, and shall pay the rent reserved by his expired license, and observe and perform the covenants and conditions contained in the same, or until the Board succeeds in finding an applicant for the new license, unless prior to the finding of such applicant by the Board he elects to accept a new license for the said further period of twenty-one years as aforesaid.

(5.) No outgoing tenant shall have any right or claim against the Crown or the Board in respect of the value of any improvements made by him on the land in his occupation in case any incoming tenant fails to pay such value to the Receiver of Land Revenue, nor shall the outgoing tenant have any claim against the Crown or the Board, or any body or person whatever, by reason of a reduction of the valuation for improvements made by the Board and approved by the Minister of Lands.

9. Residence on the land selected under these regulations shall be compulsory, and shall commence within four years, and be continuous to the end of the term; but the conditions of such residence may be relaxed as provided in sections 159, 160, and 161 of the Land Act, 1908.

10. Every licensee shall put on the land comprised in his license substantial improvements of a permanent character as under:—

(a.) Within one year from the date of his license, to an amount equal to 5 per centum of the value of the land;

(b.) Within two years from the date of his license, to an amount equal to another 7½ per centum of the value of the land;

(c.) Within five years from the date of his license, to an amount equal to another 10 per centum of the value of the land; and

(d.) Within ten years from the date of his license, to an amount equal to another 25 per centum of the value of the land.

11. (1.) Applications to transfer a license under these regulations shall be made to the Commissioner of Crown Lands, and every such transfer shall be subject to the approval of the Land Board.

(2.) No transfer will be allowed within one year from date of the license, nor until permanent improvements have been effected to the value of 12½ per centum of the value of the land held under the license.

12. Substantial improvements of a permanent character shall include reclamation from swamps; clearing of bush not being milling-timber (as determined in pursuance of Regulation No. 15), scrub, gorse, broom, and sweetbriar; grassing; cultivation; planting with trees and live hedges; the laying-out and cultivating of gardens; fencing; draining; making roads; sinking wells; constructing water-tanks or sheep-dips; making embankments or protective works of any kind; in any way improving the character or fertility of the soil; or the erection of any building at the licensee's option upon the protected area referred to in Regulation No. 19.

13. The licensee shall have the right to the use of the surface soil only of the demised land for the purpose set forth in his license.

14. The licensee shall have no right, either himself or through any other person, to fell, cut, sell, remove, or otherwise dispose of any milling-timber on the land included in his license, except for his domestic use, or for fencing or clearing for cultivation.

15. The Commissioner of Crown Lands, or any person appointed by him, shall decide what is milling-timber, and his decision shall be final.

16. The licensee shall not acquire, by virtue of a license under these regulations, any right to mine for gold, silver, or any other metals or minerals whatever.

17. The holders of miners' rights shall have the right to prospect over the whole area held under pastoral license, and for that purpose may, so long as they are legitimately engaged in prospecting, enter and camp thereon and to

use mining-timber and firewood growing thereon; but any prospecting carried on upon the protected area referred to in Regulation No. 19 hereof shall be subject to the provisions of sections 73 and 74 of the Mining Act, 1908.

18. The Warden shall have the right to grant any mining privilege or easement in respect of the land comprised in a pastoral license under these regulations subject to compensation for improvements as provided for in the Mining Act, 1908.

19. Except as hereinafter provided, no previous consent shall be required from the licensee to enable the Warden to grant an application for any mining privilege which may be lawfully made to him under the Mining Act or regulations for the time being in force in respect of the lands comprised in a pastoral license. Notwithstanding the foregoing provisions of this regulation, the Warden shall not, without the consent of the licensee, grant any such application in respect of the area containing the dwellinghouse or immediately surrounding the same, if the dwelling is of a substantial nature, and the lands in cultivation, and surrounded by a substantial fence. For the purposes of this regulation and of Regulation No. 17 hereof, the area to be protected to the licensee around his dwelling shall be 50 acres: Provided, however, in all cases where the area which otherwise would be protected is not cultivated or substantially fenced, then so much only of the area as is substantially fenced or cultivated shall be protected.

20. The Crown and the local authorities concerned shall have the right to survey and take all lands necessary for the construction of roads on the demised pastoral lands, and compensation only for the value of substantial improvements made by the licensee will be paid in case of land resumed for public purposes.

21. For all land resumed for public or mining purposes a reduction, proportionate to the acreage resumed, shall be made on future annual rentals.

22. Any license may be forfeited if payment of rental is not made within three months after the due date or if the licensee fails to effect substantial improvements as required by Regulation 10 hereof.

23. All existing pack-tracks, whether surveyed or not, shall remain available for public use, and where the licensee's fences run across the same a swing-gate must be provided to the satisfaction of the Commissioner of Crown Lands.

24. Every holder of a miner's right shall have the right of ingress and egress over the whole area comprised in a pastoral license, excepting so much thereof as may be under cultivation and substantially fenced, as provided in Regulation No. 19 hereof.

25. All water-rights are reserved to the Crown, but not so as to deprive the licensee's stock of access to the water on his holding.

26. The Commissioner of Crown Lands for the Land District of Nelson may, with the approval of the Warden and the Land Board, grant a license under these regulations over land held under a sawmill license granted by the Warden, or over land subject to a certificate of reservation as a timber area under the Mining Act, 1908, and the regulations made thereunder: Provided that the licensee shall not in any way interfere with or prejudice the holder of such sawmill license, or the holder of any timber-rights within a timber area, in the exercise of his rights and privileges in respect thereof, and that the said licensee shall have no right of action, claim, or demand in respect of any injury done or committed in the lawful exercise of those rights and privileges.

Entry as Engine-room Artificers in the Royal Navy of New-Zealand-born Subjects.

Marine Department,
Wellington, N.Z., 28th December, 1911.

THE following communication, received from His Excellency Vice-Admiral King-Hall, in regard to the entry as engine-room artificers in the Royal Navy of a limited number of New-Zealand-born subjects, is published for general information.

J. A. MILLAR.

"Powerful" at Auckland,
20th November, 1911.

No. 252.

MY LORD,—I have the honour to forward herewith, for Your Excellency's information, a copy of a letter which I have received from the Admiralty with regard to the entry as engine-room artificers in the Royal Navy of a limited number of New-Zealand-born subjects; and I would request that Your Excellency will be good enough to cause the information contained therein to be promulgated in New Zealand, observing that, as regards applications for entry, any candidate should communicate with the Senior Naval Officer, New Zealand.

I have, &c.,

G. KING-HALL,
Vice-Admiral.

His Excellency the Governor of the
Dominion of New Zealand.

N. 12390.

Admiralty, 13th October, 1911.

SIR,—I am commanded by my Lords Commissioners of the Admiralty to inform you that they have had under consideration the question of giving facilities for the entry as engine-room artificers in the Royal Navy of a limited number of New-Zealand-born subjects, not exceeding twelve each year, and with this object the following proposals have been made:—

(1.) *Qualifications.*

All candidates to be British subjects, and to possess the qualifications laid down in the King's Regulations and Recruiting Instructions. They must be prepared to serve in any part of the world, and must sign the usual Continuous Service Engagement for twelve years' service. Men of colour not to be accepted.

(2.) *Applications for Entry.*

To be addressed to some central officer in New Zealand, who would answer inquiries and take the necessary preliminary action to ascertain the eligibility of a candidate, &c. Applications would be forwarded to the Captain in Charge, Sydney, in whose office a roster of applicants would be kept, and by whom the necessary arrangements would be made for entry.

(3.) *Examination and Trade Test.*

To be carried out preferably by the Engineer Officer of one of His Majesty's ships on the periodical visits to New Zealand waters, or, failing such opportunity, at Sydney by two Engineer Officers, or one if two are not available. Similar arrangements to be made for the medical examination, a preliminary examination being made by a local medical officer in the case of candidates proceeding to Sydney for examination for entry.

Travelling-expenses to Sydney to be allowed to candidates directed to proceed there for final entry.

(4.) *Disposal on Entry.*

It is suggested that when possible new entries should be absorbed in vacancies on the station, or to relieve time-expired men, any in excess of such requirements being borne supernumerary pending vacancies in complement. They would be attached to the port division of the ship which they join, and on relief of the ship's company they should accompany the rest of the crew to England, unless retained for special reasons at the discretion of the Commander-in-Chief.

I am accordingly to request that you will arrange for a definite procedure to be drawn up on the lines of these proposals, with any modification or extensions which you may desire to suggest.

I am, &c.,

W. GRAHAM GREENE.

Dredging in Mitchell River Channel, Gippsland Lakes.

Mariners and others are hereby notified that the dredger "Pioneer" will, on or about the 22nd instant., commence dredging operations in the Mitchell River Channel, within the port of Gippsland Lakes. During such operations there will be exhibited a black ball by day, and two red lights (in ½ vertical position one over the other, not less than 6 ft. apart) by night, from the port or starboard side of the dredger, to indicate the side on which vessels navigating the channel

are to pass such dredger. Two white lights will also be exhibited by night, one near the stem and the other near the stern of the dredger.

Caution.—As the dredger will be moored at head and stern, the engines of steamers must be stopped, and the dredger and the chains thereof passed at the lowest possible speed.

Further, as the dredged material is to be pumped ashore through a line of pipes, navigation of motor, sailing, or rowing boats between the northern alignment of the channel and the northern shore is prohibited.

In the event of the dredger being temporarily removed, a white light will be shown at night-time from the southern end of the pipe-line.

Registrar-General's Office,
Wellington, 30th December, 1911.

W. W. COOK,
Deputy Registrar-General.

* It may be that in some instances the places given under the heading "Residence" are not the present places of abode of the respective persons. They have been copied, however, as they stand in the General Register; and if they are inaccurate in any case it is because the changes of residence have not been officially notified to the Registrar-General, as it is obviously desirable that all such changes should be.

Subsidies to Public Libraries.

Education Department,
Wellington, 8th November, 1911.

NOTICE is hereby given that the sum of £4,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 3rd February, 1912, and no claim will be entitled to consideration that shall not have been sent in in due form and received by the Secretary for Education, Wellington, on or before the 27th January, 1912.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1911; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1911, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of the Libraries and Mechanics' Institutes Act, 1908, or the Municipal Corporations Act, 1908, pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; and from voluntary contributions other than members' subscriptions, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and expenditure of the institution for the year herein specified; that the whole of the subsidy received during the year was expended in the purchase of books for the library; and that by the rules of the library it is open to the public free of charge.

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Justices of the Peace Act, 1908. (Signature.)

Declared at , this day of , 191 , before me— , Justice of the Peace [or Solicitor, or Notary Public].

[Here affix and cancel a stamp at 2s. 6d.]

[NOTE.—The words relating to last year's subsidy and to free admission may be struck out if they are not applicable. The words in brackets are not part of the form, but indicate matter to be inserted or substituted.]

Copies of the form of application may be obtained from the Secretary for Education, Wellington, and from the Secretary of any Education Board.

THOS. MACKENZIE,
Acting Minister of Education.

The section is loamy clay, on gravel formation, but parts of it contain dead timber, and is of a peaty nature; is well watered by natural creeks, and partly drained by good 3 ft. ditches flowing into main 10 ft. channel. A good proportion of the section is ploughable. The section is well watered by natural creeks, and partly drained by good 3 ft. ditches; loamy clay, on pan and gravel formation, with good land in the valleys, which, however, contains some dead timber. Distant from Mossburn eleven miles—seven miles by good metalled road and four miles by formed native road; and from Dipton twelve miles—three miles by natural road and nine miles by metalled road. Improvements that go with the land: Fencing, £84 14s.; ditching, £54; total, £138 14s. Altitude of sections, about 650 ft. above sea-level.

General Description.

Terepa is an estate of 5,563 acres acquired by the late Otago School Commissioners, now offered for occupation in twenty-one years' leases, with perpetual right of renewal at a revaluation at end of term.

The block comprises white and silver tussock-covered downs, with good, rich, swamp land and areas of peat-swamp land. There is ample fall for drainage, and the block can be easily drained. The main drains have been opened, and many of the side drains put in. A considerable area has been sown with English grasses. On two of the sections the land has been broken up and cultivated.

On all the sections there is grass and tussock feed that would enable stock to be put on without delay.

The soil generally is good, except the peat swamp, which has been valued very low.

The block is capable of great improvement and development.

Form of lease may be perused and full particulars obtained at this office.

The Waihua Blocks are situated in the Wairoa County, Hawke's Bay. The main Wairoa-Mohaka-Napier Coach Road runs through the sections. It is also expected that the route of the Napier-Gisborne-East Coast Railway will be in close proximity. Until this year these blocks have been used and occupied by Mrs. Glendenning as a sheep-station, and on the expiration of the lease portions thereof were again leased to Mrs. Glendenning and portions were set aside for sale by public auction.

It is good pastoral country, and well watered, and being on the sea-coast is good healthy sheep-country. The sec-

tions are distant about fifteen miles from Wairoa, and about two miles and a half from Mohaka.
