ISLINGTON, Governor.

IN exercise of the powers conferred upon him by the Mining Act, 1908 (hereinafter termed "the said Act"), His Excellency the Governor of the Dominion of New Zealand doth hereby make the following amendments to the regulations made under the said Act on the twenty-fifth day of October, one thousand nine hundred and nine, and published in the *New Zealand Gazette* of the twenty-eighth day of October then instant; and doth hereby order that the regulations hereby made shall be read as part of the said principal regulations, and shall come into force on the day of the gazetting hereof.

REGULATIONS.

SAWMILL LICENSES.

108. ON application in that behalf in the form numbered 65 in the First Schedule hereto, the Warden may grant to any person, being the holder of a miner's right, a sawmill license entitling the licensee during its currency to cut timber (other than kauri-trees or trees reserved by the Warden) growing or standing on the land comprised in the license, and sell or otherwise dispose of the same for any purpose, and with respect to such application and license the following provisions shall apply:—

- (1.) The applicant shall mark out the land in the same manner as in the case of a claim, but tree-blazing may be used instead of pegs.
- (2.) The application shall be made, filed, and disposed of under such of the provisions of section 165 of the Mining Act and clause 33 of these regulations as are applicable:
Provided that if the land has to be surveyed the Warden may accept as a sufficient survey a sketch-plan by a surveyor, showing approximately the due measurements and locality of the land, the cost of the survey not to exceed £5.
- (3.) The area of the land comprised in the application shall not exceed 400 acres.
- (4.) There shall be payable in respect of the license an annual acreage-rent at the rate of 1s. per acre.
- (5.) There shall also be payable a royalty at the rate specified in the Fourth Schedule hereto in respect of all timber cut pursuant to the license.
- (6.) The acreage-rent shall be payable as provided by subsection (j) of section 170 of the Mining Act.
- (7.) The first payment of royalty shall be due and payable on the same day as the first half-yearly instalment of rent, and be in respect of the royalty for the period elapsing between the date of the license and such day; and thereafter the royalty shall be paid monthly on the last day of each month:
Provided that all sums paid in respect of royalty for any period shall, to the extent of the rent payable, be deemed to be in or towards satisfaction of such rent.
- (8.) The license may be in the form numbered 66 in the First Schedule hereto.

109. The conditions subject to which a sawmill license shall be deemed to be granted, and shall be held, shall in every case include the following conditions:—

- (1.) The licensee shall, within six months after the date of his license, provide and fit up, either upon the

land comprised therein or on some other site approved by the Warden, a substantial and fully equipped sawmill plant, including all the necessary buildings thereto appertaining; and also shall at all times thereafter during the currency of the license keep such plant in continuous working operation cutting timber from said sawmill license, unless valid and satisfactory reasons can be given to the Warden for any temporary stoppage.

- (2.) If such plant is not already provided and fitted up when the license is granted, the Warden shall require the licensee to give security to his satisfaction that it will be provided and fitted up within six months thereafter.
- (3.) Except for the purpose of constructing the sawmill, and any tramway or other work in connection therewith, the licensee shall not cut, or sell, or otherwise dispose of any timber on the land until the sawmill is in full working operation.
- (4.) If at any time the mill is closed for a longer time than the Warden thinks necessary or reasonable, he may give the licensee notice in writing to resume work within the period (not exceeding one month) named in the notice.
- (5.) If the licensee fails or neglects to resume and continue the *bona fide* working of the mill in terms of such notice, the Warden may forfeit the license.
- (6.) The Warden may require the licensee to use a brand for marking his timber, and to register the same (without fee) in the Warden's Court in a book to be kept for the purpose by the Clerk of the Court.
- (7.) In no case shall any two registered brands be the same or so like one another as to be calculated to deceive.
- (8.) The Minister, or any local authority, may at any time, without compensation, make roads or tracks through the land comprised in the license or in any reserved area, and for such purpose cut and use any timber thereon.
- (9.) The licensee shall be entitled to occupy, for his sawmilling purposes, so much of the surface of the land comprised in the license as is reasonably required for his sawmill and sawmilling works.
- (10.) The licensee shall at all times keep full and accurate accounts of all timber cut by him under his license, and permit the accounts to be inspected at any time by any Inspector, and shall also furnish to the Receiver monthly returns showing particulars of all timber cut during the preceding month, together with such other details as the Receiver or the Inspector requires.
- (11.) Subject to the specific provisions of regulations relating to timber-cutting rights, the provisions of the Mining Act and the regulations thereunder relating to the grant, registration, transfer, protection, inspection, surrender, forfeiture, and abandonment of mining privileges, and the terms, conditions, reservations, and provisions subject to which mining privileges may be granted and shall be deemed to be held, shall apply to sawmill licenses:

Provided that at any time within three months after surrender, forfeiture, or abandonment, the licensee shall be entitled to remove all buildings and plant belonging to him on the land.

- (12.) Whenever the licensee of a sawmill area obtains a license for a reserved area, the first-mentioned license shall be surrendered and cancelled:

Provided that the Warden shall grant him, without fee, the right to use for the purpose of working such reserved area the sites (if any) of any mill, building, or tramway belonging to him on the first-mentioned area.

110. When making his application for the license, or at any time thereafter during the currency of the license, the applicant or licensee may, by application in the form numbered 67 in the First Schedule hereto, apply to have reserved for him one or more additional areas of not more than 400 acres each, adjoining each other, reserved for his exclusive use. The total areas so granted shall not exceed the following:—

Where the necessary outlay to erect mills, sidings, tramways, &c., does not exceed—

£1,000	400 acres.
£2,000	800 "
£3,000	1,200 "
£4,000	1,600 "

And the Warden may, by certificate under his hand, in the form numbered 68 in the First Schedule hereto, reserve the same accordingly upon being satisfied that the sawmill plant referred to in subclause (1) of the next preceding

clause of these regulations has or will be duly provided and fitted up as therein required, and that in the case of any existing license all its conditions have been duly complied with to date; and with respect to such application and certificate the following provisions shall apply:—

- (1.) Subclauses (1) and (2) of clause 108 of these regulations shall apply.
- (2.) The certificate shall continue in force for five years, but may be renewed thereafter from year to year so long as the license continues in force, and shall *ipso facto* cease and determine with the license.
- (3.) The certificate, and each renewal thereof, shall be registered.
- (4.) The renewal may be effected in the same manner, *mutatis mutandis*, as in the case of a tunnel prospecting license, and for that purpose clause 11 of these regulations, with all necessary modifications, shall apply.
- (5.) There shall be payable in respect of the certificate, and of each renewal thereof, an acreage-rent at the rate of 1s. per acre per annum, and such rent shall be payable by two equal half-yearly instalments in advance.
- (6.) The certificate shall not be transferable apart from the license.
- (7.) The certificate shall not confer any right to occupy the land or cut timber or otherwise use the same, but at any time during its currency the licensee may exchange his existing license for a new saw-mill license for any continuous area (not exceeding 400 acres) out of the land comprised in the certificate.
- (8.) Such new license shall specify the certificate out of which the land comprised in the new license is taken.
- (9.) The Warden, when granting the new license, shall, by memorandum under his hand on the certificate, cancel the certificate as to the land comprised in the new license, and thereafter the certificate shall be deemed to relate only to the residue of the land, and the acreage-rent under the certificate shall abate accordingly.
- (10.) Such memorandum shall be registered.
- (11.) Upon the grant of the new license all references herein contained to the former license shall apply to the new license in lieu of to the former license.
- (12.) As against his liability for acreage-rent under the new license, the licensee shall be credited with the sums paid by him for acreage-rent under the former license or under the certificate for any period subsequent to the commencement of the term of the new license:

Provided that, in the case of acreage-rent paid as aforesaid under the certificate, the sum to be credited as aforesaid shall be the acreage-rent so paid in respect of the area comprised in the new license, being the area as to which the certificate has been cancelled.

As witness the hand of His Excellency the Governor, this third day of July, one thousand nine hundred and twelve.
