HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

Now, therefore, in pursuance and exercise of the powers conferred on him by the said Act, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby amend the said regulations by repealing clauses two, five, six, seven, nine, and thirteen in the regulations under which the aforesaid license was issued, and substituting therefor the clauses numbered two, five six, seven, nine, and thirteen in the Schedule hereto.

SCHEDULE.

2. CONTINUOUS currents shall be generated at 230 to 250 volts where two wires are used, or at 460 to 500 volts between the outers of the system where three wires are used. The declared pressure at the consumers' terminals shall be 230 and 460 volts. Incandescent lamp circuits for private lighting shall be supplied at a pressure of 230 volts.

5. All overhead mains shall be of hard-drawn copper or aluminium, and may consist of bare conductors when supported on any line of poles already constructed or erected,

or to be constructed or erected, by the Corporation along such streets as may be approved by the Public Works Department's Electrical Engineer, subject to the arrangement of such mains being approved by such Engineer before the work is begun, and provided that no other bare wires or mains (other than those authorized by this license) are already erected or shall hereafter be erected on such poles. Where any overhead mains are erected to cross over or under open telegraph or any other aerial wires or cables, they shall be covered throughout the entire length of every crossing-span with triplex weatherproof compounded braiding, or, where it may be impracticable or undesirable to so cover the mains at such crossing-places, the Corporation shall bear the cost of insulating the telegraph or other aerial wires to the satisfaction of the Minister of Telegraphs.

9. In places where it may be required to cross with the electric-light wires through any other aerial wires, or through cables, because of the impracticability of crossing above or below (and crossing above or below shall be done if possible), all such through crossings, if permitted, shall be effected at a pole. In every case of a through crossing with telegraph wires or cables the method of carrying the electric-light wires across the pole, protecting them thereon, protecting other wires from coming into contact with them, and protecting persons working on the poles from danger of shock, shall be to the satisfaction of the Minister of Telegraphs. The electric-light wires shall be covered with triplex weatherproof compounded braiding where they pass through on the poles and over the whole length of the span on each side of the pole crossed through. Where the covered wires cross through on the pole they shall be encased in some hard protecting substance for the entire length of the arms on such pole.

13. Where it cannot be arranged otherwise, and there is room on the telegraph poles, and other circumstances do not render it unsafe or impracticable, the electric-light wires, if covered with triplex weatherproof compounded braiding, may be run along on the telegraph poles, subject to any special conditions that it may be found necessary to impose at the time that the placing of such electric-light wires on the telegraph poles is being considered.

**POINT CHEVALIER ROAD BOARD.****BY-LAWS RELATING TO BUILDINGS, MINIMUM BUILDING-AREA, AND SANITATION.**

THE Point Chevalier Road Board, in pursuance of the powers conferred by the Road Boards Act, 1908, the Public Health Act, 1908, and their amendments, and of every other power (if any) thereunto enabling it, doth hereby make and ordain the following by-laws.

**INTERPRETATION.**

In these by-laws, if not inconsistent with the context, the following words and expressions shall have the meaning hereby assigned to them, that is to say:—

“The Board” means the Point Chevalier Road Board.

“The District” means the Point Chevalier Road District.

“The Clerk” means the Clerk for the time being of the Board.

“Building Inspector” means the person appointed for the time being to inspect buildings.

Words importing the singular number shall include the plural, and words importing the masculine shall include the feminine, and words importing a person shall include a company and a corporation.

“New house” means the erection of a house upon vacant land, or upon a site previously occupied by any building, or the re-erection of any house pulled down to within 5 ft. of the ground, or the conversion into a house of any building not originally constructed for human habitation, or the conversion into more than one house of a building originally constructed as one house only, or an addition to or raising of a house (so far as such addition or raising is concerned); or the procuring of an existing house or of any other building or part of a building intended to be re-erected and

2. If in the opinion of the Board the configuration of any land is such that the enforcement of a compliance with these by-laws or any clause thereof would seriously inconvenience any person, and it appears to the Board that the public health and the sanitary requirements of the district can be conserved notwithstanding the relaxation of these by-laws, or any clause thereof, and the imposition of other terms and conditions, the Board may accordingly by resolution relax the same upon such terms and conditions as it may impose; and these by-laws shall, so long as but no longer than such terms and conditions are observed and complied with, have no application; and no person shall at any time make, cause, or suffer any default in the observance of or compliance with the said terms and conditions or any of them.

THE "NEW ZEALAND NAUTICAL ALMANAC AND TIDE TABLES" FOR 1913, AND SUPPLEMENT TO THE "NEW ZEALAND PILOT," EIGHTH EDITION, 1908.

Marine Department,  
Wellington, N.Z., 7th October, 1912.

NOTICE is hereby given that the Marine Department has now published the "New Zealand Nautical Almanac and Tide Tables" for 1913, with supplementary information to date relating to the "New Zealand Pilot," eighth edition, 1908.

The work contains about 440 pages, and over 30 folded maps and plans of harbours, wharves, &c., and much information relating to the principal ports and harbours of New Zealand and of value to mariners.

Some very valuable nautical tables and examples of problems worked by their aid have been published in this year's Almanac, which it is hoped will greatly encourage masters and officers generally to make a practice of determining the ship's position from two stars at twilight, as these tables

make the problems very easy, and also enable the observer to make sure that he is taking the right star by the easy calculation of the approximate altitude and bearing of the star.

The publication may be obtained at the Government Shipping Offices at Auckland, Wellington, Lyttelton, and Dunedin, and at the Customhouses at other ports, and from the booksellers who stock it. Price, 3s.

**THIRD SCHEDULE.**

CONDITIONS OF SALE.

1. The lands are offered at the upset prices shown opposite to each section described in the First and Second Schedules hereto. The terms of the contract for sale of the lands being sold are summarized in clause 13 hereof, and the terms of the lease of the lands being leased are summarized in clause 14 hereof.

2. The highest bidder shall be the purchaser of each lot. In the event of any lots not being disposed of at first offering, the Board may put any of them up again either separately or in groups. Any lot not disposed of at the auction sale shall remain open for selection at the upset price.

3. In the event of any disputed bid, the lot in dispute may be put up again at the last undisputed bid.

4. Each purchaser, immediately after the sale, shall sign an agreement to complete his contract for purchase or lease respectively according to these conditions, and shall pay to the Board's representative a fee of £3 3s. for the preparation of his contract of purchase or lease, together with the cost of stamping and registering the same. The contract of sale or lease will be prepared by the Board. One or more sections may, at the option of the purchaser, be included in one contract of sale or lease.

5. The successful bidder will be required, within fourteen days from the date on which the contract of sale or lease shall be tendered to him by the Board for execution, sign the same in triplicate. In the event of his failure to do so, the Board may forfeit the purchase-money or rent and lease fee paid by him, and again offer the land for sale at the upset price, freed from any obligations to the defaulting purchaser.

6. The bidding shall be advanced by such sum as the auctioneer may agree to accept, and no bidding shall be retracted.

7. The Board reserves the right to withdraw from sale any lot or lots at any time prior to the auction.

8. The purchaser shall be required, before obtaining his contract of sale or lease, to make a declaration as required by Part XII of the Native Land Act, 1909, that he is not the owner or occupier of 3,000 acres of third-class land or its equivalent in other classes of land.

9. The lands are offered under the Native Land Act, 1909, and the regulations made thereunder, and purchasers and lessees shall be deemed to be acquainted with the provisions thereof, and be bound thereby as effectually as if such provisions were embodied herein.

10. Lots 1, 2, 3, 7, and 8 are subject to alteration of area on completion of survey. The fact that any area stated may require to be altered shall be no ground for rescission of the contract.

11. If, from any cause whatever the Board shall be unable to give the purchaser possession of the land purchased, the purchaser shall be entitled to a refund of the deposit paid by him, but without interest, and no damages shall be claimed by him for the Board's failure to give possession.

12. The purchaser of a lease of any lot on which a valuation for improvements is payable, being the amount specified in the Second Schedule hereto, shall pay the amount of such valuation to the Board before obtaining his lease. The Board may forego this provision in the event of the purchaser being the person recognized by the Board as having an equitable claim to such improvements, or in the event of the person recognized by the Board as being the equitable owner of such improvements removing the same within one month from the date of sale.

Nothing in this clause shall operate or be construed as conferring on any present occupier a right to set up title as against the Board or any lessee of the Board.

No occupier or any other person shall, unless the section now in occupation by him is leased within one month from the date of sale, have any right to any improvements thereon.

LANDS FOR SALE.

*Summary of Conditions of Contract of Purchase.*

13. (a.) The purchaser shall, immediately after the sale, pay to the representative of the Board a sum equal to 10 per cent. of the purchase-money as part payment thereof. The balance of the purchase-money to be paid in ten equal half-yearly instalments.

(b.) The purchaser to pay interest on unpaid purchase-money at the rate of 5 per cent. per annum. Interest to be payable on the 1st July and 1st January of each year, and to run from the signing of contract of sale or date when possession given.

(c.) Purchaser shall, at the end of five years, upon payment of balance of purchase-money, be entitled to a transfer of the fee-simple of the land.

(d.) Residence and improvements to conform with sections 250 to 257 of the Native Land Act, 1909.

event of dispute, to be determined by arbitration. Compensation for substantial improvements shall be allowed to the lessee at the expiration of the second term of the lease, as provided in section 263 of the Native Land Act, 1909.

(b.) The lessee shall, immediately after the sale, pay to the Board a sum equal to six months' rent at the rate bid.

(c.) Lessee has no right to minerals without special license, but he may use on the land any minerals for any agricultural, pastoral, household, road-making, or building purposes.

(d.) (i.) Rent shall be payable half-yearly in advance.

(ii.) Lessee will not assign the lease without the consent of the Board.

(iii.) Lessee will cultivate the land in a husbandlike manner, and keep it free from noxious weeds.

(iv.) Lessee will keep fences and buildings in repair.

(e.) Lessee shall not be permitted to assign his lease except after two years' occupation of the land.

(f.) Lessee will fence without any right of resort to the Board for contribution on account of the Board owning or occupying adjacent land; but this provision shall not deprive the lessee of any rights he may have against any subsequent occupier other than the Board of such adjacent land.

15. The lease will begin from 1st July, 1912, but a rebate of four months' and a half rent will be allowed to the lessees. Unless stated to the contrary herein, or at the auction sale, a lessee may enter into possession after signing the agreement to complete the lease in accordance with these conditions.

16. A copy of the form of lease can be inspected at the Post-offices Ohakune and Raurimu, at the office of the Under-Secretary of Native Affairs, Wellington, or at the office of the Board, Wanganui.
