Situated on the south bank of the Wanganui River, nine miles and a half below the bridge. Comprises almost wholly swamp land, carrying manuka scrub, with scattered patches of white-pine, rimu, and silver-pine. The soil is a fine deep sandy loam, peaty in parts, resting on shingle. A main drain of large dimensions is at present being constructed, and there is satisfactory evidence that the swamp can be successfully grassed when the necessary subsidiary drains have been cut by the lessees. Harihari Post-office, on the main South Road, to which there is a service by coach twice a week, is about seven miles from the block—by metalled road for six miles and remainder by track. The Wanganui Cheese-factory and Herepo Telephone-office are within about four miles and a half.

As witness the hand of His Excellency the Governor, this fifteenth day of February, one thousand nine hundred and thirteen.

RECOMMENDATION.

*Hours of Work.*

1. Not agreed.

*Meal-hours.*

2. Not agreed.

*Work in Hand.*

3. No worker shall be allowed to take a customer into his chair after five minutes before closing-time, nor shall he be detained more than five minutes after the closing-hour without allowance for overtime in accordance with clause 5 hereof.

*Minimum Wage.*

4. Not agreed.

*Overtime.*

5. Not agreed.

*Holidays.*

6. The following days shall be observed as full holidays: New Year's Day, Good Friday, Labour Day, sovereign's birthday, Christmas Day, and hairdressers' annual picnic day to be held on third Tuesday in January.

7. The following holidays shall be observed as partial holidays—namely, 2nd January, Easter Monday, and Boxing Day, from 11 o'clock a.m.

8. No deduction shall be made from the week's wage for any of the aforesaid full or partial holidays.

9. In case of any of the holidays mentioned, whether full or partial, falling on a Sunday, they shall be observed on the Monday following.

*Qualification for Journeymen or Journeywomen.*

10. A "journeyman" or "journeywoman" shall mean one who has been employed at the trade for a period of at least five years. If the worker comes from outside Auckland City, he or she shall produce references as to length of service.

*Apprentices.*

11. (1.) An employer taking an apprentice to learn the trade shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under this award, and shall pay such apprentice not less than the undermentioned rates of wages—viz., for the first year, not less than 7s. 6d. per week; for the second year, not less than 12s. 6d. per week; for the third year, not less than 17s. 6d. per week; for the fourth year, not less than £1 2s. 6d. per week; for the fifth year, not less than £1 12s. 6d. per week.

(2.) The period of apprenticeship shall be five years, but three months' probation shall be allowed the first employer of any apprentice to determine his or her fitness, such three months to be included in the period of apprenticeship, and the obligation of an apprentice to serve the employer shall be deemed to be a duty enforceable under this award.

(3.) At the end of the period of apprenticeship the employer shall give the apprentice a certificate to show that the apprentice has served such period of apprenticeship. Should the employer at any time before the termination of the apprenticeship wish for any reason to dispense with the services of the apprentice, he shall give such apprentice a certificate for the time served, and procure him or her another employer carrying on business within a reasonable distance of the original employer's place of business, who will continue to teach the apprentice, and to pay the wages prescribed by this award according to the total length of time served, and generally to perform the obligation of the original employer: Provided that it shall not be obligatory upon an employer to find the apprentice another employer if the apprentice shall so misconduct himself or herself as to entitle the employer to discharge such apprentice, but he shall give the apprentice a certificate covering the time actually served.

(4.) An employer taking an apprentice shall give notice thereof, and of the name of the apprentice, to the Inspector of Factories, and also to the Secretary of the Workers' Union, within one week after the expiration of the period of probation, and an employer transferring an apprentice to another employer shall similarly, within one week thereof, give notice of such transfer to such Inspector and also to such Secretary.

(5.) An employer shall not be deemed to discharge his duty towards his apprentice if he fails to keep such apprentice at work owing to slackness of work, but such slackness may form a proper ground for transferring the apprentice to a master willing to undertake the responsibility of teaching him or her.

(6.) When an apprentice is discharged for cause the employer shall send notice of the discharge, and the cause thereof, to the Inspector of Factories and also the Secretary of the Worker's Union.

(7.) Existing arrangements with or relating to apprentices now serving an employer may continue, provided that an employer wishing such arrangements to continue shall forward the names of his present apprentices to the Inspector of Factories and also to the Secretary of the Workers' Union within one month after the filing of this award.

(8.) No deduction shall be made from the wages of an apprentice except for time lost through the worker's own default, and the apprentice shall make up such lost time before the following year of his apprenticeship shall be deemed to commence; and the total period of his apprenticeship shall be extended for a period equal to such lost time.

*Board or Lodging.*

12. It shall not be permissible for an employer to provide board or lodging for any worker other than a member of his own family or a youth from an orphan home.

*Temporary Employment.*

13. An employee who is permanently employed in any saloon shall be permitted to accept temporary employment in any other saloon on the afternoon or evening of his weekly half-holiday, provided no other suitable man can be procured.

*Casual Workers.*

14. Referred to Court.

*Preference.*

15. (a.) In the event of any employer hereafter engaging any worker who shall not be a member of the union, and who within one calendar month after his engagement shall not become a member of the union, the employer shall dismiss such worker from his service if required to do so by the union, provided there is then a member of the union equally competent to perform the particular work required to be done and ready and willing to undertake the same.

(b.) The provisions of the foregoing clause shall operate if and only so long as the rules of the union shall permit any person of good character and sober habits to become a member of the union upon payment of an entrance fee not exceeding 5s., upon a written or verbal application, without ballot or other election, and to continue a member upon payment of subsequent contributions not exceeding 6d. per week.

*Uniform.*

16. If an employer requires his employee to wear any distinctive uniform needing laundry-work, such employer shall pay all laundry expenses connected therewith.

*Managers.*

17. Nothing in this award shall apply to any employee engaged as manager.

*Scope of Award.*

18. This award shall apply only to employers carrying on business within a radius of ten miles from the chief post-office in the City of Auckland.

*Term of Award.*

19. Referred to Court.

GENERAL DESCRIPTION.

Otanomomo Settlement is situated near the coast, between the Molyneux and Puerua Rivers. It contains twenty-three allotments of from 64 to 105 acres each. Of these, seventeen are now being offered, and it is proposed that the others shall be offered about September next. The land is flat, and is only a few feet above sea-level. It is rich swamp land, suitable for dairying. Originally a flax swamp, it has now, by cutting and burning off the flax, by draining and by surface sowing, been brought to a state fit for cultivation. Parts have already been broken up, and good crops and grass grown. A large amount of draining has been done, and there are some good fences on the ground, both of which have been utilized as far as possible for allotment boundaries. The soil is first class, but will be at first somewhat difficult to work owing to the amount of timber in the ground.

The settlement is about six miles from Balclutha by formed road partly metalled, and the nearest railway-station is Otanomomo, on the Balclutha—Catlins River line, a mile and a half away. At the south-east corner of the settlement the Puerua River is bridged, giving access to Port Molyneux, just across the river. At this township there is a school and post and telegraph office. There is a creamery close to the settlement.

E. H. WILMOT,  
Commissioner of Crown Lands.

GENERAL DESCRIPTION.

The sections in Block XII, Piako, and Block XIII, Waihou Survey Districts, are situated at the edge of the foot-hills lying to the west of the Piako River, and consist of partially drained swamp land and several dry spurs. The road access is from Morrinsville Railway-station, distant about twenty-four miles by the Morrinsville-Waitakaruru Road, which is formed for dray traffic for the whole distance. The Waikaka Tramway Road, which is at the present time under construction, leads to the Piako River two miles distant from the eastern boundary of the block. At this point on the river there is a wharf, to which launches from Thames deliver goods at regular intervals, the distance being about twenty-three miles by water. The road to Waitakaruru, fifteen miles distant, is formed for dray traffic for some three miles beyond northern boundary of the block, the balance of distance being at the present time a riding-track, but a formed road is now under construction. The land consists of several small dry spurs covered with fern and scrub, the soil being of a light nature resting on a clay subsoil, but the majority of the sections consist of light loamy soil, rich alluvial flats, and good and inferior peaty swamp, varying in depth at the present time from a few inches to several feet, and is resting on timber and clay subsoil. The sections are all situated above flood-level, and range from 30 ft. to 70 ft. above sea-level. The sections fronting Ngarua and Mangawhero Roads are covered with heavy scrub, consisting of manuka, toitoi, makaka, flax, raupo, and patches of cabbage trees. The remainder of sections are covered with flax, manuka, toitoi, and wiwi. All necessary main drains and roads to sections have either been constructed or are in course of construction, and the same applies to the culverts and bridges. There are main outlet drains along each road, whilst in addition there are large outlet drains between Sections 15 and 16, Sections 7 and 8, and Sections 9, 10, and 11, all in Block XIII, Waihou Survey District. It is intended to construct drains on the back boundaries of the sections fronting both the Ngarua and Mangawhero Roads. The majority of the outlet drains will carry good water all the year round, as several streams have been tapped by the drains, and a good supply of water can be obtained from these. At Waikaka there is a store, and post-office known as Patetonga, which has telegraphic communication with Thames over a private line. The nearest school and creamery is at Tahuna, some eight miles distant by formed road, but sites for the above have been laid out in the locality of Waikaka.

Section 15, Block VI, Waihou Survey District, is situated on the Kerepechi-Kopuarahi Road, being three miles from Kerepechi by formed dray-road. The section comprises rich alluvial deposit covered with light bush and raupo. The improvements which are included in the price of the land consist of a half-share in about 52 chains of northern boundary drain.

Section 16, Block VI, Waihou Survey District, is situated on the eastern side of the Puhanga Road, and is about two miles from Orchard by road. The section consists of shallow peat resting on a rich alluvial deposit, and is covered with light manuka. The improvements which are included in the price of the land consist of a half-share in about 62 chains of northern and eastern boundary drain.

Section 17, Block VI, Waihou Survey District, is situated on the western bank of the Piako River, being a little over a mile from Kerepechi by water and about 2½ miles by road from Orchard. The land is partly of a rich alluvial deposit, and is covered with manuka, flax, and some rough feed. The improvements which are included in the price of the land consist of a half-share in about 17 chains of eastern boundary drain.

*Maori Lands for Sale by Public Auction.*

Office of the Aotea District Maori Land Board, Wanganui, 4th February, 1913.

NOTICE is hereby given, in terms of the Native Land Act, 1909, and the regulations thereunder, that the lands described in the First Schedule hereto will be offered for sale by public auction at the Native Office, Wanganui, at 2 o'clock p.m. on Wednesday, 26th February, 1913, on the terms and conditions set out in the Second Schedule hereto.

FIRST SCHEDULE.

LANDS FOR SALE.

<i>Subdivision A of Nukumarū No. 2.—Nukumarū Survey District.</i>

<i>Subdivision B of Nukumarū No. 2.—Nukumarū Survey District.</i>

LOCALITY AND DESCRIPTION.

These lands are situated at Nukumarū—half a mile from the main North Road by good metalled road, and about a mile and three-quarters from railway-station. The land is of excellent quality, in grass, all ploughable except gully faces, permanently watered, and eminently suitable for dairying.

SECOND SCHEDULE.

CONDITIONS OF SALE.

1. THE lands are offered at the upset prices shown opposite to each section described in the First Schedule hereto. The terms of the contract for sale of the lands being sold are summarized in clause 13 hereof.
2. The highest bidder shall be the purchaser of each lot. In the event of any lots not being disposed of at first offering, the Board may put any of them up again either separately or in groups. Any lot not disposed of at the auction sale shall remain open for selection at the upset price.
3. In the event of any disputed bid, the lot in dispute may be put up again at the last undisputed bid.
4. Each purchaser, immediately after the sale, shall sign an agreement to complete his contract for purchase according to these conditions, and shall pay to the Board's representative a fee of £3 3s. for the preparation of his contract of purchase, together with the cost of stamping and registering the same. The contract of sale will be prepared by the Board. One or more sections may, at the option of the purchaser, be included in one contract of sale.
5. The successful bidder will be required, within fourteen days from the date on which the contract of sale shall be tendered to him by the Board for execution, sign the same in triplicate. In the event of his failure to do so, the Board may forfeit the purchase-money paid by him, and again offer the land for sale at the upset price, freed from any obligations to the defaulting purchaser.
6. The bidding shall be advanced by such sum as the auctioneer may agree to accept, and no bidding shall be retracted.
7. The Board reserves the right to withdraw from sale any lot or lots at any time prior to the auction.
8. The purchaser shall be required, before obtaining his contract of sale, to make a declaration as required by Part XII of the Native Land Act, 1909, that he is not the owner or occupier of 3,000 acres of third-class land or its equivalent in other classes of land.
9. The lands are offered under the Native Land Act, 1909, and the regulations made thereunder, and purchasers shall be deemed to be acquainted with the provisions thereof, and be bound thereby as effectually as if such provisions were embodied herein.
10. Both lots are subject to slight alteration of area on completion of survey. The fact that any area stated may require to be altered shall be no ground for rescission of the contract.
11. If, from any cause whatever, the Board shall be unable to give the purchaser possession of the land purchased, the purchaser shall be entitled to a refund of the deposit paid by him, but without interest, and no damages shall be claimed by him for the Board's failure to give possession.
12. Possession shall be given one week after date of sale.

ABSTRACT OF CONDITIONS.

*Summary of Conditions of Contract of Purchase.*

13. (a.) The purchaser shall, immediately after the sale, pay to the representative of the Board a sum equal to 10 per cent. of the purchase-money as part payment thereof. The balance of the purchase-money to be paid in ten equal half-yearly instalments.
- (b.) The purchaser to pay interest on unpaid purchase-money at the rate of 5 per cent. per annum. Interest to be payable on the 1st July and 1st January of each year, and to run from the signing of the contract of sale or date when possession given.
- (c.) Purchaser shall, at the end of five years, upon payment of balance of purchase-money, be entitled to a transfer of the fee-simple of the land.
- (d.) Residence and improvements to conform with sections 250 to 257 of the Native Land Act, 1909.
- (e.) A copy of the contract for sale can be inspected at the post-offices Kai Iwi and Waitotara, at the Board's office, Wanganui, and at the office of the Under-Secretary, Native Department, Wellington.

INSTRUCTIONS TO APPLICANTS.

The lands are described for the general information of intending selectors, who are recommended, nevertheless, to make a personal inspection, as the Board is not responsible for the absolute accuracy of any description.

Full particulars may be obtained at the office of the Under-Secretary for Native Affairs, Wellington, and at the office of the Aotea District Maori Land Board, Wanganui.

J. B. JACK,  
President, Aotea District Maori Land Board.
