W. FRASER,
Minister of Public Works.

GOD SAVE THE KING!

Amending the Regulations subject to which the License authorizing the Hastings Borough Council to erect Electric Lines within and beyond the Borough of Hastings was issued.

LIVERPOOL, Governor.
ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this seventh day of May, 1913.

Present :

THE HONOURABLE W. F. MASSEY PRESIDING IN COUNCIL.

WHEREAS by section two of the Public Works Amendment Act, 1911 (hereinafter referred to as "the said Act"), it is provided that the Governor may from time to time, by Order in Council gazetted, make regulations prescribing the conditions on which any license under the said Act may be issued :

And whereas it is desirable to amend the regulations under which the license dated the thirtieth day of September, one thousand nine hundred and twelve, authorizing the Hastings Borough Council to erect electric lines within and beyond the Borough of Hastings was issued :

And whereas the Havelock North Town Board and the Hawke's Bay County Council have consented to such amendments as hereinafter provided :

Now, therefore, in pursuance and exercise of the powers conferred on him by the said Act, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby amend the above-recited regulations by revoking clauses five, seven, eight, and nine thereof, and substituting therefor the clauses numbered one to ten, inclusive, in the Schedule hereto, and doth also make the additional regulation numbered eleven in the said Schedule; and doth declare that the regulations hereby made shall form part of and be read with the said regulations made on the thirtieth day of September, one thousand nine hundred and twelve.

SCHEDULE.

1. ALL overhead low-tension conductors shall be of hard-drawn copper, and insulated with triple weatherproof braiding.
2. Where the electric-light wires cross telegraph or telephone wires or lead-covered telephone cables, a minimum distance of 3 ft. shall be observed between the electric-light wire and the telegraph or telephone cable. This minimum distance shall be observed by the Corporation in the event of any alteration to the telephone or telegraph wires.
3. In places where it may be required to cross with the electric-light wires through any other aerial wires or through cables because of the impracticability of crossing above or below, all such crossings, if permitted by the Minister of Telegraphs, shall be effected at a pole. In every case of their crossing, no matter on whose property the lines crossed through may be, the means of carrying the electric-light wires across the pole, protecting them thereon, preventing other wires from coming into contact with them, and protecting persons working on the pole from danger of shock, shall be to the satisfaction of the Minister of Telegraphs. Where the electric-light wires cross through on the pole they shall be of 600-megohm grade, air-covered, taped, and braided, and shall be encased in a protecting substance for the entire length of the arms on such pole. If metal pipe is used to encase the wires, it shall be effectively earthed.
4. Three-phase alternating current at a pressure of 2,200 volts between phases, and having a periodicity of 50 cycles per second, shall be used for purposes of transmission between the generating-station in Hastings and the boundary of the Havelock Town District.
5. The transmission-lines shall be erected on the north side of the road, and at a minimum height of 23 ft. above the ground.
6. The conductors used for transmission purposes may be bare, and shall be stranded, and shall not be less than the equivalent of 7/18 cable.
7. The stress in the aerial conductors used for transmission purposes shall not exceed 25,000 lb. per square inch for copper, and 12,500 lb. per square inch for aluminium, in the extreme case of a temperature of 22° F. and a wind-pressure of 18 lb. per square foot of diametrical plane occurring simultaneously.
8. Every support for the transmission-line shall be of durable material, and properly strengthened against forces due to wind-pressure, change of direction of the line, and unequal length of span. The factor of safety of such supports, if of iron, steel, or ferro-concrete, taking into consideration all possible stresses, including wind-pressure at 30 lb. per square foot on plane surfaces and 18 lb. per square foot of

diametrical plane for cylindrical surfaces, shall be such that the moment resulting from these stresses shall not exceed one-half the applied moment which will cripple the supporting structure. The factor of safety of the support, if of wood, shall be four, reckoned upon the ultimate strength of the material.

9. Where the transmission-line crosses existing telephone or telegraph wires or cables, suitable guard-wires or other devices shall be erected to the satisfaction of the Minister of Telegraphs.

10. Low-tension wires, if carried on the same poles as high-tension wires, shall be insulated with triple braiding and compounded, and shall be placed below the high-tension wire with a clear spacing of 3 ft.

11. Notwithstanding anything hereinbefore contained, the Hastings Borough Council shall not be entitled to erect, maintain or use any electric line within the Hawke's Bay County except subject to such conditions, not inconsistent with the provisions of its license and the regulations relating thereto, as may from time to time be agreed on between the Hastings Borough Council and the Hawke's Bay County Council.

F. D. THOMSON,
Acting Clerk of the Executive Council.

Amending Treasury Regulations.

LIVERPOOL, Governor.
ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this seventh day of May, 1913.

Present :

THE HONOURABLE W. F. MASSEY PRESIDING IN COUNCIL.

IN pursuance and exercise of the power and authority conferred on him by section three of the Public Revenues Act, 1910, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby declare that clause eighty-six of the Treasury Regulations made on the twenty-third day of March, one thousand nine hundred and eleven, and published in the *New Zealand Gazette* of the twenty-fifth day of March, one thousand nine hundred and eleven, shall not apply with respect to persons subject to the provisions of the Public Service Act, 1912, and doth hereby make the following additional regulation with regard to all such persons; and doth hereby direct that this Order in Council and the regulation hereby made shall form part of and be read with the aforesaid regulations, and shall come into force on the date of the gazetting thereof.

REGULATION.

OF THE PAYMENT OF SALARIES, PENSIONS, AND FIXED ALLOWANCES.

Authority for Salary or Allowance to be sent to Audit by the Public Service Commissioner.

86. (a.) WHENEVER any person is appointed to an office in the public service under the provisions of the Public Service Act, 1912, or the salary or allowance of any person so employed is altered, the Public Service Commissioner shall forthwith send to the Audit the authority in writing for such salary or alteration of salary or allowance, and the Audit Office shall record the amount named in such authority as the salary or allowance payable to such person from and after the date named therein, until altered in like manner. The Audit Office shall not pass any abstract for payment of salary or allowance except in accordance therewith.

F. D. THOMSON,
Acting Clerk of the Executive Council.

Appointing Members of Assessment Courts under the Valuation of Land Act, 1908.

LIVERPOOL, Governor.
ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this seventh day of May, 1913.

Present :

THE HONOURABLE W. F. MASSEY PRESIDING IN COUNCIL.

IN pursuance and exercise of the power and authority vested in him by the Valuation of Land Act, 1908, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby appoint, as from

the first day of April, one thousand nine hundred and thirteen, the persons mentioned in the Schedule hereto to be members of the Assessment Court for the special district set opposite the name of each respectively.

Apportionment of Representation for Hobson County to Marsden-Kaipara Hospital and Charitable Aid Board.

LIVERPOOL, Governor.

ORDER IN COUNCIL.

At the Government House, at Auckland, this twenty-ninth day of April, 1913.

Present :

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by an Order in Council made under the Hospitals and Charitable Institutions Act, 1909, on the ninth day of April, one thousand nine hundred and thirteen, and published in the *Gazette* of the tenth day of April instant, an apportionment was made in regard to the representation of contributory districts on Hospital and Charitable Aid Boards: And whereas by such apportionment the number of representatives of the County of Hobson on the Marsden-Kaipara Hospital and Charitable Aid Board was reduced from three to two, and it was directed that one of the said three representatives should retire from the said Board on the thirtieth day of April, one thousand nine hundred and thirteen: And whereas it is expedient that the number of representatives of the County of Hobson be restored to three:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, and in pursuance and exercise of the power and authority conferred upon him by the said Act, doth hereby determine that the number of representatives of the contributory district of Hobson County on the Marsden-Kaipara Hospital and Charitable Aid Board shall be three; and the said Order in Council is hereby amended in so far as it conflicts with the apportionment hereby made.

LIVERPOOL, Governor.
ORDER IN COUNCIL.

At the Government House, at Auckland, this twenty-ninth day of April, 1913.

Present :

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by section forty-seven of the Public Reserves and Domains Act, 1908 (hereinafter termed "the said Act"), it is enacted that the Governor may from time to time, by Order in Council gazetted, appoint any local authority to be the Domain Board having, subject to the said Act, control of any public domain :

And whereas by an Order in Council made on the twenty-eighth day of March, one thousand nine hundred and thirteen, and published in the *New Zealand Gazette* of the third day of April, one thousand nine hundred and thirteen, the land described in the Schedule hereto was brought under the operation of and declared to be subject to the provisions of Part II of the said Act :

And whereas it appears expedient to appoint a Domain Board to control the Domain :

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in exercise of the powers conferred by the said Act, and acting by and with the advice and con-

sent of the Executive Council of the said Dominion, doth hereby appoint

THE PALMERSTON BOROUGH COUNCIL

License authorizing the Mangaweka Town Board to use Water from the Mangawharariki Stream for the Purpose of generating Electricity and to erect Electric Lines in the Town District of Mangaweka.

LIVERPOOL, Governor.

ORDER IN COUNCIL.

At the Government House, at Auckland, this twenty-ninth day of April, 1913.

Present :

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by section five of the Public Works Amendment Act, 1908, it is enacted that the Governor may from time to time by Order in Council grant to any person or body corporate a license to use water from any fall, river, stream, or other source for the purpose of generating electricity for electric light, mechanical power, or other uses, and to exercise in respect of that license any of the powers and authorities specified in that behalf in the said section: And whereas it is further provided by the said section that any such license may confer upon the licensee a right at any time or times during the continuance of the license (but subject to such conditions and restrictions as are expressed in the license) to enter upon any road, railway, or other land, whether vested in or occupied by the Crown or any other person or body corporate, and there to construct, erect, lay down, maintain, renew, or repair all such cables, wires, and other things as are required for the transmission of electricity between the fall, river, stream, or other source aforesaid and any place to which the licensee is authorized to transmit electricity in pursuance of the license :

And whereas the Mangaweka Town Board (which, with its successors and assigns is hereinafter referred to as "the licensee") has applied for a license under the said section to take and use water from the Mangawharariki Stream, in the Provincial District of Wellington (hereinafter referred to as "the said stream"), for the purpose of generating electricity as aforesaid, and it is expedient to issue such license accordingly :

Now, therefore, in pursuance and exercise of the powers conferred upon him as aforesaid, and of the powers conferred by section two of the Public Works Amendment Act, 1911, and of all other powers enabling him in that behalf, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby grant to the licensee, subject to the terms and conditions hereinafter set forth, a license to take and use from the Mangawharariki Stream aforesaid, for the purposes hereinafter set forth, a stream of water (hereinafter referred to as "the said water") not exceeding twenty-seven sluice-heads at any one time; and also to erect and maintain electric lines for lighting and power purposes as hereinafter described.

TERMS AND CONDITIONS OF LICENSE.

1. In this license—

"A sluice-head of water" means a stream of water capable of discharging one cubic foot per second :
"Minister" means the Minister of Public Works :
"Inspecting Engineer" means the Engineer or other officer appointed by the Minister for the purpose of inspecting the works to be constructed or maintained by the licensee hereunder.
"Telegraph" includes telephones.

2. The said water shall be used solely for the purpose of generating electricity for water-supply works, for the supply of electric light and power, and for the purposes of a sewage system within the Town District of Mangaweka.

3. The said water shall be taken from the said stream at the headworks, situated about 15 chains up the said stream from its junction with the Rangitikei River, at a point indicated on the plan marked P.W.D. 30900, deposited in the office of the Minister of Public Works, at Wellington.

4. From the said headworks, the water shall be conducted by a fluming along the left bank of the said stream to the power-house, situated at a point about 1 chain distant from the junction of that stream and the Rangitikei River, the positions of the said fluming and power-house being more particularly delineated on the plan referred to in the last preceding clause hereof. All water taken from the said stream by the licensee in pursuance of this license shall be returned thereto at the power-house.

5. The licensee shall, in respect of his license, pay to the Receiver of Land Revenue at Wellington, or otherwise

as the Minister may from time to time require, a fee of one peppercorn per annum if demanded.

6. This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of forty-two years, commencing on the 1st January, 1913. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine, but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

7. This license may be assigned by the licensee with the express consent in writing of the Governor in Council.

8. The licensee is hereby authorized to construct, maintain, and use the following works for the purposes of this license, the position of the said works being indicated on the plan marked P.W.D. 30900 hereinbefore referred to:—

- (a.) Headworks consisting of a main dam, together with a subsidiary dam to act as a water-cushion and necessary intake.
- (b.) Fluming leading from such main dam to the powerhouse hereinafter referred to.
- (c.) A powerhouse with all necessary equipment, including water-turbines, generators, transformers, lighting-arresters, switchboards, switches, exciters, and other appliances for generating electricity. Such equipment shall be suitable for and capable of generating electrical energy equal to 80-horse power.
- (d.) Transmission and other lines over the routes dotted green on the said plan.

9. The licensee shall have the right at any time or times during the continuance of this license, with the consent of the Minister, to enter upon any road or other land, whether vested in or occupied by the Crown or any other person or body corporate, and there to construct, erect, lay down, maintain, renew, or repair all such transmission-lines, poles, or other things as are required for the transmission of electricity between the generating-station and any of the substations to which this license applies.

10. Notwithstanding anything in the last preceding clause, no work of any nature shall be erected or constructed in pursuance of this license upon, over, or under any part of the Government railways until the licensee has obtained the consent of the Minister of Railways thereto, as required by section 4 of the Government Railways Amendment Act, 1910 (No. 2).

11. The licensee shall, within six months from the date of this license, make a substantial commencement of the works to which this license refers, and shall proceed continuously and energetically with the construction of all such works until they are completed, and such works shall be completed within twelve months from the date hereof.

12. The Inspecting Engineer, both during and after the construction of the works, shall have free access to and liberty at any time to inspect the same so as to ensure that the provisions of this license are given due effect to.

13. After the said works have been completed, the licensee shall maintain the same in proper working-order during the continuance of this license.

14. The licensee is hereby empowered to take, under the Public Works Act, 1908, as for a public work, such land as may, in the opinion of the Governor, be necessary to enable the licensee to construct and maintain the various works authorized by this license.

15. Nothing herein shall prevent the Governor in Council from granting to any person or body corporate other than the licensee a license to take water from any portion of the said stream except at the place where the licensee is by this license empowered to take it: Provided that no such license shall so operate as to reduce the volume of the water which the licensee is by this license authorized to take from the said stream.

16. If the licensee fails or neglects—

- (a.) Substantially to commence the construction of the works hereinbefore described within the time limited in that behalf, or with businesslike speed to carry on the work of such construction;
- (b.) To complete the said works within the time limited in that behalf, or within such further extension of time as may be allowed by the Minister;
- (c.) To use or maintain the said works after completion so as to secure the full benefit of the undertaking; or
- (d.) To observe any of the conditions or obligations herein imposed,—

then and in any such case the licensee shall be liable to a fine of £50 for every week or part of a week during which such default or neglect continues, or the Governor may by Order in Council revoke this license.

17. Notwithstanding anything in the last preceding clause, this license shall not be revoked and no proceedings

shall be taken for the recovery of a fine in respect of the breach thereof unless and until notice in writing of the intention so to revoke the license or to take such proceedings has been served upon the licensee or placed upon some principal or conspicuous part of the works, and default has been made by the licensee in repairing or remedying the breach or breaches specified in the said notice for the following periods:—

- (a.) For any breach which in the opinion of the Governor can be met by a fine for thirty days after the service of such notice.
- (b.) For any breach which in the opinion of the Governor is of such a nature as to require the revocation of this license for ninety days after the service of such notice.

18. Nothing herein contained shall be deemed in any way to limit any rights or powers vested in His Majesty the King, or in the Governor on his behalf, or otherwise under any Act of the General Assembly authorizing the construction, management, or working of any public works. Nor shall His Majesty, or the Governor or any person on his behalf, be liable to pay to the licensee any compensation for injury done to the works herein authorized by the construction, management, or working of any such public work as aforesaid, or for the loss occasioned thereby, or for the exercise of any such right or power as aforesaid.

19. The licensee may at any time, with the consent of the Minister, surrender this license, and shall thereupon, if so required by the Minister, remove from the ground all removable equipment, machinery, buildings, poles, transmission-lines, and other plant herein authorized to be installed or provided. If the licensee neglects or fails so to remove the said plant within twelve months after being required so to do, such equipment, machinery, buildings, poles, lines, and other plant shall, without payment or compensation, vest in and become the property of the Crown.

20. The terms and conditions of this license may at any time or from time to time, at the request or with the consent in writing of the licensee, be altered by the Governor by Order in Council.

21. With respect to the transmission and other lines authorized to be erected by this license, and to the transmission and supply of electricity in pursuance thereof, the following special provisions shall apply.

22. Three-phase alternating current shall be used in the transmission of electrical energy between the generating-station and the transformer sub-stations and in its distribution within the area of supply.

23. Current shall be generated at the power-station for delivery to transmission-wires at a frequency of 50 cycles per second, and at a pressure not exceeding 2,700 volts.

24. At the generating-station a properly equipped non-inflammable switchboard mounted upon a substantial iron frame shall be provided. All conductors must be so guarded that no unauthorized person can under any circumstances come in contact therewith.

25. The transmission-wires shall consist of either solid hard-drawn No. 10 copper wire or of stranded cable of copper or aluminium equivalent in area to No. 10 standard wire gauge. The transmission-wire may be bare, and shall be suspended at a minimum height of 23 ft. above the ground.

26. The transmission-wires shall be attached to triple-shed highly vitrified porcelain insulators, and shall be spaced at least 2 ft. apart.

27. Along the transmission-wire route a wire or wires of hard-drawn copper not smaller than No. 12 standard wire gauge may be run for service telephone purposes. This wire shall be bound throughout to double-shed porcelain insulators.

28. At the generating and transformer stations the transmission-wires shall be securely and safely led in; and protection against lightning shall be provided at each end of the lines. The telephone wire or wires shall be suitably guarded against lightning, and shall be fused. Such arrangements shall be made where the telephone is placed as will prevent the possibility of injury resulting to any person using the telephone should a power-wire come into contact with the telephone-wire.

29. Where conductors cross telegraph or telephone lines they shall be insulated and protected by the licensee to the satisfaction of the Minister of Telegraphs.

30. The transmission-line shall be on the opposite side of the road or street to that on which the telegraph and telephone lines are run, and where there are no telegraph or telephone wires the licensee shall erect its lines on one side of the road or street only. It shall be patrolled throughout its whole length at least once a week, and its insulation shall be so maintained that the maximum leakage shall not exceed one-thousandth part of the maximum

supply-current. Suitable means shall be provided for indicating leakage on the line. Every leakage shall be remedied without delay. Tests shall be made weekly, and recorded by the licensee.

31. Transformers shall have easily removable fuses for the primary circuit, and shall, as far as possible, be installed in small enclosures accessible only to the licensee's officers or servants. Transformers for use outside shall be fitted with watertight cast-iron cases, and shall be affixed to poles so as to be inaccessible except by the use of a ladder or other special appliance. Every transformer shall have its iron case effectively connected with earth.

32. Conductors used for making the lightning-guard and transformer-case earth connections shall be of copper, and shall have an area of at least 0.023 square inches. They shall be securely fastened to the poles, and shall be protected by a batten for a distance of 8 ft. from the ground. They shall be run as straight as possible, and be properly connected to an earth plate. A test shall be made every three months, and oftener if required, of all earths, to ensure that the earth-wire is intact and that the earth is effective.

33. Where poles are carrying low-tension wires, the spans shall not exceed 200 ft. where the direction of the line is straight, or 150 ft. where the direction is curved or where the wires make a horizontal angle at the point of support.

34. The low-tension distribution shall be on the three-phase four-wire system, one-phase wire and the neutral being used for single-phase service. The neutral point of the secondary windings of all distribution transformers shall be effectively earthed at the site of the transformers. The distribution voltages shall be approximately 400 volts between phase wires and 230 volts from any phase wire to the earthed neutral. The supply to street lighting incandescent lamps and to private consumers for lighting purposes shall be at 230 volts. Where cables are led to and from transformer-enclosures they shall be protected on the poles by being run in iron pipes, which shall be effectively earthed. The low-tension wires shall be covered with triple braiding impregnated with weather-proofing compound, provided that the neutral wire may be bare. They shall consist of hard-drawn copper or aluminium, and shall be placed, where they run on roads or streets, on the opposite side of the roads or streets where any telegraph or telephone line exists at the time of their erection, unless otherwise permitted by the Minister of Telegraphs.

35. Where the erection of the electric lines or wires necessitates the alteration of existing telegraph or telephone lines or wires, the expense of such alteration shall be borne by the licensee.

36. The sectional area of the conductor in any electric line for distribution purposes laid or erected in any street shall not be less than the area of a No. 10 S.W.G. wire.

37. All material used for insulating electric lines or apparatus shall be of the best quality, and thoroughly durable and efficient, having regard to the conditions of its use. Suitable provision shall be made where necessary for the protection of the insulating material against injury or removal. If the protection so provided be wholly or partly metallic it shall be efficiently connected with earth.

38. Any metallic body to be "efficiently connected with earth" shall be connected with the general mass of the earth in such manner as will ensure at all times an immediate and safe discharge of electrical energy.

39. Every support for an aerial line shall be properly stayed against forces due to wind-pressure, change of direction of the line, or unequal lengths of span. The factor of safety shall be for all aerial lines and wires and for all other parts of the structure at least 5, taking the maximum possible wind-pressure at 30 lb. per square foot.

40. The low-tension wires shall be attached to double-shed porcelain insulators carried on cross-arms of suitable material and cross-section, and they shall be so attached to the insulators or guarded that they cannot fall away from the support.

41. Any aerial wire used either for low-tension distribution or for telephone service shall not in any part thereof be at a less height from the ground than 18 ft., or within 5 ft. measured horizontally or vertically from any building or erection other than a support for the line, except where brought in to a building for the purpose of supply.

42. Service lines from aerial lines shall be led as directly as possible to insulators firmly attached to some portion of the consumer's premises which is not accessible to any person without the use of a ladder or other special appliance. Every portion of any service line which is outside a building but is within 7 ft. from any part of the building shall be rubber-insulated.

43. Where an aerial wire crosses a street, the angle between the line and the direction of the street at the place of crossing shall not be less than 60°, and the spans shall be as short as possible.

44. Where an aerial line crosses or is in proximity to any metallic substance, precautions shall be taken by the licensee against the possibility of the line coming into contact with the metallic substance by breakage or otherwise.

45. Where telegraph or telephone wires are crossed either over or under by the low-pressure electric-light wires, there shall be a distance of at least 3 ft. between the telephone and the electric-light wires, and the former shall, if deemed necessary, be insulated throughout the whole length of the span intersected, and when the crossing is at a telegraph or telephone pole the spans on each side of the pole shall be insulated by the licensee, if so required by the Minister of Telegraphs. The low-pressure wires shall, where deemed necessary, be rubber-insulated at such crossings either over the whole span or over such portion of it as will ensure that uninsulated portions of the telegraph or telephone and of the low-tension electric-light wires shall not come into contact with each other. In cases where it may be deemed not necessary to insulate both classes of wires, either the telegraph and telephone or the electric-light wires shall be insulated as may be considered most suitable. Where it may be required to cross through telegraph or telephone wires with low-tension distribution-wires, the latter shall be affixed to porcelain insulators mounted on iron brackets suitably attached to the arms on each side of the line being passed through, and then taken through bell-mouthed iron pipes secured to the arms. The iron pipe and brackets shall be efficiently earthed. The low-pressure wires shall be insulated with vulcanized rubber of 600-megohms-per-mile grade, and the insulation shall extend as is indicated in the preceding part of this clause. This class of insulation shall apply to the low-tension distribution-wires wherever it may be found necessary to cover them with an insulating material. The cost of insulating the telegraph and telephone wires shall be borne by the licensee.

46. Efficient guard-wires or other protection shall, if required by the Minister of Telegraphs, be erected in a manner to meet with the approval of the said Minister at all crossings and places where either transmission or distribution electric-lighting wires intersect telegraph or telephone wires. The licensee shall bear the expense of such guard-wires or other protection in all cases where an electric-lighting wire intersects a telegraph or telephone wire previously existing.

47. Every aerial line, including its supports, its conductors, and their insulating covering, and all the structural parts and electrical appliances and devices belonging to or connected with the line, shall be duly and efficiently supervised and maintained by the licensee as regards both electrical and mechanical conditions.

48. An aerial line shall be removed so soon as it has ceased to be used for the transmission of electricity, unless the licensee intends within a reasonable time again to take it into use.

49. All metal pipes or coverings containing any electric line or wire shall be efficiently connected with earth, and shall be so jointed as to make good electrical connection throughout their whole length.

50. The licensee shall be responsible for all electric lines, fittings, and apparatus belonging to such licensee, or under such licensee's control, which may be upon a consumer's premises, being maintained in a safe condition and in all respects fit for supplying energy.

51. In delivering the energy to a consumer's terminals the licensee shall exercise all due precautions so as to avoid risk of causing fire on the premises.

52. The maximum working-current in any conductor shall not exceed 1,000 amperes per square inch of section.

53. All electric lines and apparatus on a consumer's premises, excepting such parts as are required to be connected to earth, shall be highly insulated, and be suitable for the voltage at which supply is being given. They shall be thoroughly protected against injury to the insulation and against the access of moisture, and any metal forming part of the electric circuit shall not, unless efficiently connected with earth, be exposed so that it can be touched. All electric lines shall be so fixed and protected as to prevent the possibility of electrical discharge to any adjacent metallic substance.

54. Where service mains terminate on any premises the licensee shall fix double-pole well-protected fuses of at least 2 in. clear break. The consumer shall also place, as near to the entrance-fuses as may be practicable, double-pole main switches of ample carrying-capacity, well insulated, with quick break of sufficient clearance to prevent arcing.

55. The wiring shall be done from distributing-boards, which shall be of incombustible material. Suitable fuses on each pole fitted to engage in spring clips shall be placed on these boards, so that it shall be possible to disconnect any or all circuits from the supply. If double-

pole switches be used on the distributing-board circuits, fuses need not then be of the type to engage in spring clips.

56. The covers of fuses, switches, and plugs should be of efficient porcelain or other incombustible non-conducting material, or of rigid metal. All metal parts liable to be touched must be effectively insulated from the electrical circuit.

57. There must be an approved porcelain bridge or other efficient insulation between the terminals of lamp-holders, and where lamp-holders are liable to be handled by persons making good earth contact they shall be provided with non-conducting covers. Not more than three amperes shall be controlled by each sub-switch on an electric-lighting circuit.

58. The insulation of conductors used for interior wiring shall be of vulcanized rubber of not less than 600-megohms-per-mile grade, or of other approved material suitably protected. Concentric conductors may be used, and their insulation-resistance shall not be less than that required for separate conductors. All interior conductors carrying current to apparatus at 400 volts shall be run in strong metal casing.

59. All arc lamps shall be so guarded as to prevent pieces of ignited carbon or broken glass falling from them, and shall not be used in situations where there is any danger of the presence of explosive dust or gas.

60. Arc lamps used in any street for public lighting shall be so fixed as not to be in any part at a less height than 10 ft. from the ground.

61. Arc lamps used in any street for private lighting shall be so fixed as not to be in any part at a less height than 8 ft. from the ground, and shall be so screened as to prevent risk of contact with persons.

62. Arc lamps must be insulated from earth and be fixed so that they cannot swing into contact with any substance, metallic or otherwise, that might connect them to earth. They may be run in series, and at any available voltage up to 400 volts. Resistances for the regulation of arc lamps, if exterior to the lamp, shall be mounted on incombustible bases, shall be so placed that they cannot by conduction or radiation set fire to any contiguous materials, and shall be of ample size to safely carry the maximum current that will normally flow through them. Each arc-lamp circuit shall be provided with a fuse on each pole. Interior arc lamps shall also be provided with a switch on each circuit.

63. The frame of all motors supplied at 230 or 400 volts shall be connected to an efficient earth by a copper conductor, which shall not be less than 0.023 square inches in sectional area. All metal casings of switches, resistances, fuses, cables, and wires shall be efficiently earthed in a similar manner.

64. Every motor must be controlled by an efficient double-pole quick-break ironclad switch suitable to prevent arcing, and conveniently placed so that the person in charge of the motor can cut off wholly the supply from the motor, and all devices in connection therewith.

65. Efficient fuses or other automatic cut-out must be provided to efficiently protect the conductors on each pole from excess of current.

66. Every precaution shall be taken in choosing positions for and in the wiring and setting-up of motors, and the necessary devices in connection therewith, so that there shall be no danger of fire being caused by their normal or abnormal action, or of shock being sustained in the ordinary handling thereof.

67. Terminals of motors supplied at 230 or 400 volts must be so guarded that they cannot be accidentally touched or short-circuited.

68. The insulation-resistance of each motor-circuit, including all devices necessary for the working of the motor, shall be not less than 1 megohm to earth when all metal parts that are required to be connected to earth are so connected.

69. A printed notice shall be fixed in a conspicuous position at every motor and switchboard forbidding unauthorized persons to touch the motors or apparatus.

70. The licensee shall not connect the wires and fittings on a consumer's premises with its mains, or, in the case of premises already connected, continue the supply from its mains, unless it is reasonably satisfied that the requirements of this license, so far as applicable, are being complied with, that the wiring and fittings are suitable for the voltage at which supply is being given, and that the connection or continuance of supply would not cause a leakage from those wires and fittings exceeding one ten-thousandth part of the maximum supply-current to the premises; and where the licensee declines to make such connection or to continue supply it shall serve upon the consumer a notice stating its reasons for so declining.

71. If the licensee is reasonably satisfied, after making all proper examination by testing or otherwise, that the wiring and fittings are not suitable for the voltage being employed, that a leakage exists at some part of a circuit of such extent as to be a source of danger, and that such leakage does not exist at any part of the circuit belonging to the licensee, or that any other requirements of this license, so far as they apply to the consumer's premises, are not being complied with, then and in such case any officer of the licensee duly authorized by it in writing may, for the purpose of discovering whether the leakage exists at any part of a circuit within or upon any consumer's premises, or whether the wiring is suitable and the general requirements of this license are complied with, by notice require the consumer, at some reasonable time after the service of the notice, to permit the said officer to inspect and test the wires and fittings belonging to the consumer and forming part of the circuit.

If on such testing and inspection the officer discovers a leakage from the consumer's wires exceeding one ten-thousandth part of the maximum supply-current to the premises, or that the requirements of this license are not properly conformed to, or if the consumer does not give all due facilities for inspection and testing, the licensee shall forthwith discontinue the supply of energy to the premises in question, giving immediate notice of the discontinuance to the consumer, and shall not recommence the supply until the licensee is reasonably satisfied that the cause of leakage has been remedied and that the installation is in conformity with these conditions.

72. If any consumer is dissatisfied with the action of the licensee in refusing to give, or in discontinuing, or in not recommending the supply of energy to his premises, the wires and fittings of that consumer may, on his application to the Minister, and on payment of the cost of such inspection, be inspected and be tested for the existence of leakage by the Inspecting Engineer.

This provision shall be indorsed on every notice given under the provisions of either of the two last preceding clauses hereof.

73. From the time when the licensee commences to supply energy through any distributing-main, and during the continuance of this license, the licensee shall maintain during such portion of each day as the licensee from time to time determines, sufficient power for the use of all the consumers for the time being entitled to be supplied from such main: Provided that, for any purposes connected with the efficient working of the undertaking, the Minister may give permission to the licensee to discontinue the supply at such intervals and for such periods as he thinks expedient. When the supply is so discontinued, public notice shall be given, when practicable, of such discontinuance, and of the probable duration thereof.

74. The variation of pressure at any consumer's terminals shall not under any conditions exceed 4 per cent. above or below the normal pressure at which he is being supplied.

75. The licensee shall not use the said electric lines, or permit the same to be used, for any purpose until the Minister has given to it notice in writing that he has received from the Inspecting Engineer a certificate that the works hereby authorized have been satisfactorily carried out.

76. The Minister may at any time order an inspection to be made of the lines and wires of the licensee. If any defect is found to exist it must be remedied forthwith; and, if serious in the opinion of the Inspecting Engineer, the Minister may, on receipt of the report, direct the licensee to at once cease transmitting energy either over the whole of the lines and wires, or over any part thereof, as to him may seem fit, until such defect is repaired or remedied. The cost of such inspection shall be borne by the licensee.

77. After the supply of energy has begun, not less than fourteen days' notice in writing shall be given to the Postmaster at Mangaweka and to the Resident Engineer of Public Works at Stratford, or such other officer as the Minister from time to time directs, of each further extension that the licensee is about to make.

78. The licensee shall, upon receipt of an application from the occupier of any premises within 60 ft. of any of the licensee's public-supply electric lines, furnish such premises with electrical energy upon the same terms and conditions on which any other consumer is entitled under similar circumstances to a corresponding supply, provided that the licensee's plant is of sufficient power to supply the electrical energy required by such occupier as well as the requirements of existing consumers.

79. The licensee shall, before erection or construction of any part of the work hereby authorized is begun, submit for the approval of the Minister such plans and other information showing and describing such work as

he may require. In the event of the licensee at any time desiring to make alterations to the work involving a departure from the type of construction shown on the approved plans it shall submit for the Minister's approval plans showing such type of construction as it is proposed to adopt, and with such approval the alterations may be carried out.

80. The charge to be made by the licensee for the sale or supply of electricity in pursuance of this license shall not exceed 1s. per unit for light and 6d. per unit for power. A refund of 3d. per unit for light and 2d. per unit for power shall be given if accounts are paid within fourteen days from the date of rendering such accounts by the licensee.

J. F. ANDREWS,
Clerk of the Executive Council

Making Regulations under the Justices of the Peace Amendment Act, 1912, relating to the Defence of Prisoners.

LIVERPOOL, Governor.
ORDER IN COUNCIL.

At the Government House, at Auckland, this twenty-ninth day of April, 1913.

Present :

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by section five of the Justices of the Peace Amendment Act, 1912, it is enacted that the Governor may from time to time by Order in Council make such regulations as he deems necessary for giving effect to the said Act :

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance of the powers conferred upon him by section five of the Justices of the Peace Amendment Act, 1912, and acting by and with the consent of the Executive Council of the said Dominion, doth hereby make the regulations set out hereunder, and doth declare that such regulations shall come into force on the date of the publication thereof in the *New Zealand Gazette*.

REGULATIONS.

1. BEFORE the Justices or Magistrate on the hearing of a charge of an indictable offence under Part IV of the Justices of the Peace Act, 1908, shall grant any certificate under the provisions of the 2nd section of the Justices of the Peace Amendment Act, 1912 (in these regulations referred to as "the said Act"), they or he shall satisfy themselves or himself as to the following matters:—

(a.) That the accused person applying for such certificate appears to have a defence which may reasonably and properly be set up upon his trial.

The Justices or Magistrate may be so satisfied—

(1.) By statements made by the accused person on the hearing of the charge, or on an application made pursuant to these regulations for such certificate immediately after such hearing :

(2.) By evidence called by the accused person on the hearing of the charge :

(3.) By questions asked by the accused person or by his solicitor or counsel upon cross-examination of the witnesses for the prosecution or some or one of them :

(4.) In certain cases in which the interests of justice seem to require it (e.g., in cases of doubtful identification of the accused person, or uncorroborated or weakly corroborated evidence upon a material matter) by matter appearing upon the face of the depositions of the witnesses for the prosecution.

(b.) That, having regard to the nature of the defence disclosed by such accused person, it is desirable in the interests of justice that he should have legal aid in the preparation and conduct of the defence so disclosed by him.

(c.) That the means of such accused person are insufficient to enable him to obtain such legal aid.

The means of an accused person are not insufficient to enable him to obtain legal aid in the preparation and conduct of his defence—

(1.) If he is able to borrow money for that purpose, or to obtain such money from his relatives or friends.

(2.) If he is able to procure such legal aid without prepayment of the costs thereof.

2. Every application to the Justices or Magistrate for a certificate under the said Act and the last preceding regulation shall be made to the Justices or Magistrate immediately after they or he have or has intimated to the prisoner their or his determination to commit him for trial.

3. Such application may, upon the application of the accused person and if the Justices or Magistrate shall so think fit, be heard by the Justices or Magistrate in private.

The inquiry into the means of the accused person shall in all cases be made before the Justices or Magistrate in private.

If in the proceedings before the Justices or Magistrate the accused person has been represented by solicitor or counsel, the Justices or Magistrate shall make exhaustive inquiry into the conditions upon which he has been so represented. The fact that he has been so represented shall be treated by the Justices or Magistrate as *prima facie* evidence that the accused person is not without means within the meaning of these regulations.

4. If upon the hearing under the last regulation of such application the Justices or Magistrate shall grant such certificate to the accused person, the grounds upon which such certificate shall be granted shall be taken down in writing by the Justices or Magistrate, and shall be signed by the accused person, and shall be enclosed in a sealed envelope addressed by the Justices or Magistrate to the presiding Judge of the Court to which the prisoner shall be committed for trial. Except as is provided by this regulation, such grounds shall not be disclosed before the trial of the prisoner, but at the trial such grounds shall be disclosed to counsel for the Crown, and may be put in evidence against such accused person.

5. Every certificate of the Justices or Magistrate under the said Act and these regulations shall be in the form in the First Schedule hereto, and shall be in duplicate.

6. One of such certificates shall be forthwith transmitted by the Justices or Magistrate to the Minister and the other to the Registrar of the Court to which the accused person is committed for trial.

7. Every application under the 3rd section of the said Act made by a person accused of an indictable offence before his trial to the Judge of the Supreme Court before whom such trial is to be held shall be in writing, and shall be addressed to such Judge, and shall be lodged with the Registrar of the Court. If the accused person so desires it such application may be enclosed in a sealed envelope.

8. Every such application under the 3rd section of the said Act shall state fully and clearly the following matters:—

(1.) The nature of the defence which the prisoner intends to set up upon his trial :

(2.) Whether such defence was or was not disclosed in accordance with these regulations to the Justices or Magistrate by whom such accused person was committed for trial :

(3.) Whether such accused person did or did not apply to such Justices or Magistrate for a certificate under the 2nd section of the said Act in accordance with the foregoing regulations :

(4.) If such defence was not so disclosed, the reason why it was not so disclosed :

(5.) If the accused person did not apply to the Justices or Magistrate for such certificate, the reason why he did not so apply :

(6.) That the means of such accused person are insufficient to enable him to obtain legal aid in the preparation and conduct of his defence.

8A. The Judge may, if he so thinks fit, refer any such application to the committing Justices or Magistrate, or to any other Justices or Magistrate to make the same inquiries as the committing Justices or Magistrate would have been required to make if the application had been in the first instance made to the committing Justices or Magistrate, and to report to him thereon. If the accused person is in the custody of the Gaoler, then the Gaoler shall when required so to do by the Justices or Magistrate and with the consent of such accused person produce him at the time and place appointed by such Justices or Magistrate to enable him to be present on the making of such inquiries.

9. Immediately upon the receipt by the Registrar of the certificate of the Justices or Magistrate in accordance with Regulation 6, or at any time thereafter, or immediately upon the direction of the Judge under the 3rd section of the said Act that counsel shall be provided to assist any accused person in the preparation and conduct of his defence, the Judge may name some duly qualified person to be chosen by him from a list of such persons to be made and kept by the Registrar as hereinafter is provided, or if there shall be no such list, or none of the persons therein named shall be willing to act for the accused person, then some other duly qualified person, to be named by the Judge, to act as counsel for such accused person. It shall be the duty of the Registrar to immediately notify the Minister of any nomination made under this regulation.

10. The Registrar of every Registry of the Supreme Court shall request the Council of the District Law Society of the district wherein such Registry is situated from time to time to ascertain and to forward to him the names of persons who, in the opinion of such Council, are fit and proper persons to act and who are qualified and willing to act as counsel for accused persons under these regulations. Every such list

shall be approved by the Judge or Judges ordinarily presiding in the judicial district wherein such Registry is situated, and such Judge or Judges may either remove any name or names therefrom or add any name or names thereto.

11. The fees allowed and paid to counsel appointed under these regulations to defend any accused person shall be of the same amount as the fees which shall be allowed and paid to the local Crown Solicitor in cases for the prosecution of the same person on the same charge.

11A. No counsel or solicitor appointed under these regulations shall take or accept from the accused person whom he is appointed to represent, either directly or indirectly, and either from the accused person or any other person, any fee or remuneration, or any contract or promise to pay any fee or remuneration, in respect of his services in the defence of such accused person, unless the Judge, upon an application made to him and upon a full disclosure of all the facts connected therewith, shall allow the same.

Any such application shall be made by such counsel or solicitor in writing, and shall be lodged by him with the Registrar.

Any breach of this regulation shall disqualify the person guilty of such breach from being again appointed under these regulations unless and until such disqualification shall be removed by the Judge or Judges ordinarily presiding in the judicial district upon the recommendation of the Council of the District Law Society for that district.

12. A copy of the depositions shall be furnished, without charge, to the counsel authorized by the Minister of Justice or directed by the Judge to assist the accused in his defence.

13. If at any time it should be made to appear to the Minister of Justice that a prisoner has sufficient means himself to pay the expenses of his defence, the Minister may refuse to authorize the payment of such expenses.

14. No witness shall be paid any expenses by the Crown unless the Crown Solicitor certifies that such witness was reasonably necessary, or that the witness gave material evidence for the defence.

15. The expenses to be paid to witnesses shall be according to the scale in the Second Schedule hereto.

FIRST SCHEDULE.

In the matter of _____, an accused person committed for trial at the next sitting of the Supreme Court at _____ upon a charge of _____

We [or I], the undersigned _____, the committing Justices [or Magistrate] in the prosecution of the above mentioned _____, do hereby certify to the Honourable the Minister of Justice that after due inquiry we [or I] have satisfied ourselves [or myself] that the above-named accused person has a defence which may reasonably and properly be set up upon his trial; and that we [or I] have further satisfied ourselves [or myself] that from the nature of the defence disclosed by the said accused person it is desirable in the interests of justice that he should have legal aid in the preparation and conduct of the defence so disclosed by the said accused person; and that we [or I] have also satisfied ourselves [or myself] that the means of the said accused person are insufficient to enable him to obtain such legal aid.

As witness our [or my] hands [or hand] this _____ day of _____, 19 _____.

SECOND SCHEDULE.

ALLOWANCES TO WITNESSES.

Allowances will be made to witnesses for the defence as follows:—

	£	s.	d.
To medical practitioners giving evidence strictly as experts, for every day's attendance at Court, or necessary absence from usual place of abode	1	1	0
Except as above, to every witness for every day's attendance at Court, or necessary absence from usual place of abode	0	6	0
And, in addition thereto, for every night's necessary absence from such place of abode	0	4	0

Persons in receipt of salary or wages from the Government or from the New Zealand Railway Commissioners, or from any Council, Board, or other authority however designated which receives pecuniary aid or subsidy out of moneys appropriated or provided by the General Assembly under any law now or hereinafter in force, will be entitled to such allowances if necessarily absent at night from their usual place of abode. If not absent at night from their usual place of abode such persons will be allowed only their actual personal expenses.

Witnesses residing beyond three miles from the town or city in which the Court is held will also be allowed their coach, railway, or steamboat fares. By railway or steamer second-class fares will be allowed to mechanics, labourers, and per-

sons of similar ranks, and first-class fares to others. For coach or steamer fares over 10s. receipts must be furnished.

When there is no public conveyance witnesses will be allowed a mileage rate of 9d. per mile, one way.

Revoking Order in Council licensing Andrew Miller to use and occupy a Part of the Foreshore of Croixelles Harbour as a Site for a Wharf.

LIVERPOOL, Governor.
ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this seventh day of May, 1913.

Present :

THE HONOURABLE W. F. MASSEY PRESIDING IN COUNCIL.

WHEREAS by Order in Council dated the twenty-fourth day of February, one thousand nine hundred and nine, and published in the *New Zealand Gazette* of the fourth day of the following month, His Excellency the Governor in

Council did, in pursuance of the provisions of the Harbour Act, 1908, license Andrew Miller, of Nelson (hereinafter called "the licensee"), to use and occupy a part of the foreshore and land below low-water mark adjacent thereto in Croixelles Harbour, in order to erect and maintain a wharf thereon in accordance with plans marked M.D. 3314, and deposited in the office of the Marine Department at Wellington, and upon and subject to the terms and conditions therein set forth:

And whereas the licensee desires that the said license shall be revoked, and it is desirable that this should be done:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the power and authority conferred upon him by the Harbours Act, 1908, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby revoke and determine the said Order in Council of the twenty-fourth day of February, one thousand nine hundred and nine, and the rights and privileges thereby conferred.

Lands permanently reserved.

LIVERPOOL, Governor.

WHEREAS by the three-hundred-and-twenty-first section of the Land Act, 1908, it is enacted that the Governor may from time to time, either by general or particular description, and whether the same has been surveyed or not, reserve from sale temporarily, notwithstanding that the same may be then held under pastoral license, any Crown lands which in his opinion are required for any of the purposes in the said section mentioned:

And whereas by the three-hundred-and-twenty-second section of the said Act it is provided that land temporarily reserved under the said three-hundred-and-twenty-first section may, at the expiration of one month but not later than six months after the publication in the *Gazette* of notice of such temporary reservation, be permanently reserved, and that notice of such permanent reservation shall be published in the *Gazette*:

And whereas by the sixty-ninth section of the Land for Settlements Act, 1908, it is further provided that the Governor may from time to time, as he thinks fit, set aside reserves for any specified public purpose out of land acquired under the last-mentioned Act, provided that no land so acquired shall be set aside for endowments:

And whereas the lands specified in the first column of the Schedule hereto were, by the Warrants the dates of which are specified in the third column of the said Schedule, and the notifications of which were published in the *Gazette* specified in the fourth column, temporarily reserved under the authority of the said Acts for the purposes specified in the second column of the said Schedule:

Now, therefore, I, Arthur William de Brito Savile, Earl of Liverpool, the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred upon me by the said Acts, do hereby permanently reserve the lands so temporarily reserved as aforesaid, and enumerated in the first column of the Schedule hereto, for the purposes specified in the second column of the said Schedule, being the same purposes for which the said lands were so temporarily reserved as aforesaid.

A. L. HERDMAN,
For Minister of Lands.

Lands temporarily reserved in the Canterbury Land District.

LIVERPOOL, Governor.

WHEREAS by the three-hundred-and-twenty-first section of the Land Act, 1908, it is enacted that the Governor may from time to time, either by general or particular description, and whether the same has been surveyed or not, reserve from sale temporarily, notwithstanding that the same may be then held under pastoral license, any Crown lands which in his opinion are required for any of the purposes in the said section mentioned:

And whereas by the sixty-ninth section of the Land for Settlements Act, 1908, it is further provided that the Governor may from time to time, as he thinks fit, set aside reserves for any specified public purpose out of land acquired under the last-mentioned Act, provided that no land so acquired shall be set aside for endowments:

Now, therefore, I, Arthur William de Brito Savile, Earl of Liverpool, the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred upon me by the said Act, do hereby temporarily reserve from sale the lands in the Canterbury Land District described in the Schedule hereunder written, for the purposes in the said Schedule specified at the end of the respective descriptions of the lands so intended to be temporarily reserved.

Amended Regulations re Gold-miners' Relief Fund.

LIVERPOOL, Governor.

IN exercise of the powers conferred upon him by the Mining Act, 1908 (hereinafter termed "the said Act"), and of all other powers enabling him in this behalf, His Excellency the Governor of the Dominion of New Zealand doth hereby revoke the regulations dealing with the administration of the Gold-miners' Relief Fund, made under the said Act on the seventeenth day of February, one thousand nine hundred and twelve, and published in the *New Zealand Gazette* of the twenty-second day of February then instant, and in lieu thereof doth hereby make the following regulations; and doth hereby order that the regulations hereby made shall come into operation from the date of the gazetting thereof.

REGULATIONS.

1. The Public Trustee shall, on receipt of a certificate from a duly qualified medical officer, and also on the certificate from an Inspector of Mines, apply the moneys deposited to the credit of the Gold-miners' Relief Fund, as follows:—

- (a.) When any gold-miner has been injured while working in or about a gold-mine or battery, and is off work for one week or more, he shall be granted the sum of 12s. 6d. per week, or at the rate of 2s. 1d. for every working-day, from the date of the injury, which payment shall, subject as hereinafter provided, continue so long as such medical officer and Inspector of Mines certify that such gold-miner is unable to work; but when an injury occurs in any mine situate in a locality remote from settlement, where the services of a medical officer are not procurable, or in any case where the Inspector of Mines is of opinion and certifies that a medical certificate is unnecessary, payment at the prescribed rate may be made for any period not exceeding thirty days from the date of the injury on the certificate of the Inspector of Mines alone. In cases where any gold-miner is permanently disabled, he may be granted a fixed sum (not exceeding £25) in satisfaction of all claims, but in any such case the certificate of a duly qualified medical officer and an Inspector of Mines will be required. No gold-miner shall be entitled to any payment in any case unless he has been so injured as to prevent him working for a period of not less than one week, and the total amount payable to any gold-miner shall in no case exceed £25.
- (b.) If any gold-miner meets with any such injury which proves fatal, a sum (not exceeding £50) may be

granted to the widow or other near relative of such deceased gold-miner in full satisfaction of all claims.

2. Any gold-miner who meets with any such injury which disables him from work shall send, or cause to be sent, within fourteen days of such injury occurring, a notice in writing to the Inspector of Mines; and all applications for relief must be made within twenty-one days of the date of the injury, or the claim cannot be entertained.

3. No miner shall be entitled to relief from the Gold-miners' Relief Fund for any injury caused by drinking intoxicating liquors, fighting, or any kind of athletic sports or game of amusement, or for any injury caused by the misconduct of such miner.

4. Any gold-miner who is or hereafter becomes incapacitated for work owing to miners' phthisis (pneumoconiosis) contracted while working in a gold-mine in New Zealand shall be paid in accordance with these regulations, except that the total sum payable to any such gold-miner shall be an amount not exceeding £50.

5. A sum (not exceeding £50) may be paid for the relief of the family of any such gold-miner who has died since the 17th day of February, 1912, or hereafter dies from miners' phthisis (pneumoconiosis), and an additional sum (not exceeding £20) may be granted to the widow or other near relative of the deceased gold-miner towards defraying the expenses of his funeral.

6. In these regulations—

"Gold-miner" and "miner" mean any person employed in or about a gold-mine, and includes persons employed in batteries:

"Injury" means personal injury by accident arising out of and in the course of the employment or occupation of a gold-miner.

As witness the hand of His Excellency the Governor, this eighth day of May, one thousand nine hundred and thirteen.

W. FRASER,
Minister of Mines.

Amended Dates of Sittings of the Supreme Court, Canterbury Judicial District.

LIVERPOOL, Governor.

WE, six of the Judges of the Supreme Court of New Zealand, in pursuance of the powers vested in us by the Judicature Act, 1908, hereby make the following rule respecting the places and times for holding sittings of the Supreme Court and sittings in Chambers for the Canterbury Judicial District, such rule to be an amendment of the rule made by us on the twenty-eighth day of October, one thousand nine hundred and twelve, which amendment is as follows:—

Resolution made by the Council of the County of Hawera.

State-guaranteed Advances Office,
Wellington, 10th May, 1913.

THE following resolution, made by the Hawera County Council, is published in accordance with the provisions of the New Zealand State-guaranteed Advances Amendment Act, 1912.

W. FRASER,
Acting Minister of Finance.

HAWERA COUNTY COUNCIL.*Resolution making Special Rate for Burns Street Loan, £250.*

WHEREAS the Hawera County Council has been authorized by the ratepayers to borrow £250 for the purpose of constructing Burns Street, Hawera Extension, and the New Zealand State-guaranteed Advances Board has provisionally approved the application for such loan at the rate of £3 15s. per centum per annum: And whereas the New Zealand State-guaranteed Advances Office Superintendent is unable to advance such loan (namely, £250) at the said rate of interest, but can advance the same at the rate of £3 17s. 6d. per centum per annum:

Now, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and section 4 of the Local Bodies' Loans Amendment Act, 1910, the Hawera County Council hereby resolves: That, for the purpose of providing moneys sufficient to cover the increased payments in respect of such loan (namely, £250), the said Hawera County Council hereby makes and levies a special rate of 2d. in the pound upon the rateable value of all rateable property within the special-rating area comprising the southern half of Sub. 2, Subs. 11 to 25 inclusive of Hawera Extension Township, part Section 185, Patea District, Block 6.

Hawera Survey District, as shown on deposit plan No. 2592; Subs. 2 to 6 inclusive, and the southern portion of Sub. 1 of Subs. 9 and 10 (containing 1 rood 18 perches), as shown on deposit plan No. 2784 of Hawera Extension Township; part Section 185, Patea District, Block 6, Hawera Survey District, Subs. 2 and 3 of Sub. 1, as shown on deposit plan No. 2896, Hawera Extension Township; part Section 185, Patea District, Block 6, Hawera, Subs. 11 and 12, and the north-eastern portions of 13 (containing 2 acres 3 roods 13 perches) and 14 (containing 1 acre 1 rood 20 perches), as shown on deposit plan No. 2590, Hawera Extension Township; part Section 185, Patea District, Block 6, Hawera Survey District: and that such special rate shall be an annual-recurring rate during the currency of such loan, and be payable yearly on the 5th day of July in each and every year during a period equal to the currency of such loan, being a period of thirty-six years and a half, or until the loan is fully paid off.

Certificate.

The foregoing resolution was duly proposed, seconded, and carried at a special meeting of the Hawera County Council held on the 18th day of January, 1913.

GEO. STRINGER,
County Clerk.

Resolution made by the Moa Road Board.

State-guaranteed Advances Office,
Wellington, 12th May, 1913.

THE following resolution, made by the Moa Road Board, is published in accordance with the provisions of the New Zealand State-guaranteed Advances Amendment Act, 1912.

W. FRASER,
Acting Minister of Finance.

MOA ROAD BOARD.

Resolution making a Special Rate.

In pursuance and exercise of the powers vested in it that behalf by the Local Bodies' Loans Act, 1908, the Local Bodies' Loans Amendment Act, 1910, and the New Zealand State-guaranteed Advances Act, 1909, the Moa Road Board hereby resolves as follows:—

Whereas the Moa Road Board has been authorized by the ratepayers to borrow £150, being 10 per cent. additional on a loan of £1,500 authorized to be raised by consent of ratepayers interested, for the purpose of deviating, forming, and metalling the Upland Road on the north side of the Junction Road, and the New Zealand State-guaranteed Advances Board has provisionally approved the application for such loan at the rate of £5 ls. per centum per annum: And whereas the New Zealand State-guaranteed Advances Office Superintendent is unable to advance such loan (namely, £150) at the said rate of interest, but can advance the same at the rate of £5 12s. 2d. per centum per annum:

Now, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and section 4 of the Local Bodies' Loans Amendment Act, 1910, the Moa Road Board hereby resolves: That, for the purpose of providing moneys sufficient to cover the increased payments in respect of such loan (namely, 16/9) the said Moa Road Board hereby makes and levies a special rate of 3/200 of a penny in the pound upon the rateable value of all rateable property of the Upland Road North No. 2 Special-rating Area, comprising Sections 69, 68, 33, 67, 70, Block XI, Paritutu Survey District; Sections 56, 57, 58, 59, 60, 28, Block X, Paritutu Survey District; Sections 63, 64, 65, 75, 61, 62, 74, 76, 77, part 78, part 66, Block III, Egmont Survey District: and that such special rate shall be an annual-recurring rate during the currency of such loan, and be payable yearly on the 1st day of August in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until such loan is fully paid off.

I hereby certify that the foregoing is a true and correct copy of a resolution passed at a duly constituted meeting of the Moa Road Board held on the 19th day of April, 1913.

W. OGIER,
Clerk to the Moa Road Board.

COUNTY OF TARANAKI.

Resolution levying Special Rate of ¼d. in the Pound.

WHEREAS the Taranaki County Council has been authorized by the ratepayers to borrow £1,000 for the purpose of forming and metalling a cross-road from the Carrington to the Frankley Road, and the New Zealand State-guaranteed Advances Board has finally granted the application for such loan at the rate of 3½ per centum per annum: And whereas the New Zealand State-guaranteed Advances Office Superintendent is unable to advance such loan (namely, £1,000) at the said rate of interest, but can advance the same at 4½ per centum per annum:

Now, in pursuance and exercise of the powers vested in it in that behalf by the Local Bodies' Loans Act, 1908, and section 4 of the Local Bodies' Loans Amendment Act, 1910, the Taranaki County Council hereby resolves: That, for the purpose of providing moneys sufficient to cover the increased payments in respect of such loan (namely, £1,000), the said Taranaki County Council hereby makes and levies a special rate of ¼d. in the pound (which is in addition to the special rate of ¼d. in the pound already levied on this special-rating area, and published in *New Zealand Gazette* of 11th July, 1912, page 2210) upon the rateable value of all rateable property of the Hurworth Special-rating District, comprising all the lands described in resolution of this Council published in the *New Zealand Gazette* of 11th July, 1912, page 2210; and that such special rate shall be an annual-recurring rate during the currency of such loan, and be payable yearly on the 1st day of May in each and every year during the currency of such loan, being a period of thirty-six years and a half, or until such loan is fully paid off.

I hereby certify that the foregoing is a true and correct copy of a resolution duly passed at a special meeting of the Taranaki County Council on the 5th day of May, 1913.

ROBERT ELLIS,
County Clerk.

Post Office Savings-bank.—Increase in Rate of Interest.

NOTICE is hereby given that, in accordance with section 77 of the Post and Telegraph Act, 1908, the Savings-bank rates of interest on sums not exceeding £300 are increased by one-quarter of one per cent., making the interest payable on such balances three and three-quarters per cent. instead of three and a half per cent. per annum as at present. In the case of accounts with balances of over £300 to credit the increase will apply only to so much of the balance of such accounts as does not exceed £300.

W. FRASER,
Acting Minister of Finance.

* These remaining suburbs do not lie within borough boundaries, and particulars respecting them have not been obtained for the Vital Statistics. Closely correct annual statements of population outside boroughs are not obtainable.

In the above table are given the deaths and death-rates for each of the four cities, for the suburban boroughs severally, and for each city with its suburban towns.

Deaths occurring at hospitals, of persons not residents of the borough wherein the hospital is situated, have been allotted in each case to the borough where the disease was contracted, and not to that in which the death actually took place.

The inclusion of the suburban boroughs tends to lower the rate at Wellington, Christchurch, and Dunedin.

	Death-rates per 1,000 of Population.	
Auckland City	0·80	
and seven suburban boroughs		0·81
Wellington City	0·80	
and four suburban boroughs		0·79
Christchurch City	0·75	
and five suburban boroughs		0·72
Dunedin City	0·84	
and five suburban boroughs		0·82

Including the suburbs, the rate at Dunedin is the highest, and at Christchurch the lowest.

Compared with April, 1912, the results are,—

	1912.	1913.
Auckland and suburbs	0·82	0·81
Wellington and suburbs	0·64	0·79
Christchurch and suburbs	0·79	0·72
Dunedin and suburbs	0·87	0·82

The total births in the four chief cities and their suburban boroughs amounted to 605, against 577 in March—an increase of 28. The deaths in April were 231—a decrease of 37 as compared with last month. Of the total deaths, males contributed 139, females 92. Forty of the deaths were of children under five years of age, being 17·34 per cent. of the whole number; 37 of these were under one year of age.

There were 76 deaths of persons of 65 years and upwards in the four chief cities and their suburban boroughs, as against 73 in March. The following table shows the classification:—

NEW PLYMOUTH HARBOUR.—LIGHT ON BREAKWATER.

Marine Department,
Wellington, N.Z., 13th May, 1913.

THE New Plymouth Harbour Board have notified that a light to mark the end of the breakwater has been installed at the port, and will be exhibited from sunset to sunrise on and after 1st June next. The light is a fixed green (electric) one, erected on an iron stand 40 ft. above high water, and is situated 100 ft. in from the end of the breakwater. It should be visible for five miles in clear weather over an arc of 81° on the following bearings from seaward:—140° (S. 56° E. magnetic) round by south to 221° (S. 25° W. magnetic). This arc is clear of all dangers off Moturoa, there being not less than 26 ft. of water at L.W.O.S.T. one cable off the breakwater end.

Charts, &c., affected: Admiralty Chart No. 2535; "New Zealand Pilot," eighth edition, 1908, Chapter v, page 164; "New Zealand Nautical Almanac," 1913, page 271.

Secretary.

Notice to Mariners No. 54 of 1913.

GISBORNE INNER HARBOUR.—TRAINING-WALL LIGHTS.

Marine Department,
Wellington, N.Z., 12th May, 1913.

THE Gisborne Harbour Board have notified that on and after Monday, 9th June, 1913, a white fixed light (sixth order) will be shown from a white open structure on the seaward end of the western groyne at the entrance to the inner harbour, at a height of 17 ft. above high-water.

The light will be visible over an arc of 220° from 89° (N. 74° E. mag.) round by north to 229° (S. 34° W. mag.) for a distance of eight miles.

Charts, &c., affected: Admiralty Charts Nos. 3321, 2528, and 3343; "New Zealand Pilot," eighth edition, 1908, Chapter v, page 126; "New Zealand Nautical Almanac," 1913, page 237, and plan facing page 236.

Secretary.

Notice to Mariners No. 55 of 1913.

SHOAL OFF HOKIANGA RIVER ENTRANCE.

Marine Department,
Wellington, N.Z., 10th May, 1913.

NOTICE is hereby given that Captain Kennedy, master of the barque "Louisa Craig," reports that whilst waiting for a favourable wind to enter Hokianga, on 25th April, he passed over what appeared to be a shoal between five and six miles off the Heads, the signal-station bearing about E. ¼ S. (magnetic). The shoal appeared to extend in an east and west direction, and was well out to seaward of the bar, and in a position where the chart shows deep water.

Owing to the unexpected discovery and the speed of the vessel at the time there was no time to take soundings before the vessel had crossed over the patch, but the bottom appeared to be sand, which was distinctly seen. A rough estimation would give three to four fathoms on the shoal at low water.

This position is well out to sea and has no connection with Hokianga bar, although quite possibly the shoal has been formed through the agency of the North Spit.

Charts, &c., affected: Admiralty Charts Nos. 1091A and 2525; "New Zealand Pilot," eighth edition, 1908, Chapter vii, page 201.

GEORGE ALLPORT,
Secretary.

Situated about 78 chains along Ngaro Road from its junction with the Ross Road, and about three miles and a half from Tariki Railway-station, butter-factory, and public school. It is about half flat, balance undulating, mostly ploughable first-class land. Tufaceous soil, on volcanic formation. The Manganui River runs on the south-east boundary, and there is a running stream through the middle of the section. The situation is sheltered, and lies well to the sun. There are about 17 acres in Native bush along the north-east boundary, and about 1½ acres of swamp at the head of a small creek. About 7 acres have been under cultivation. The Manganui is only accessible in places. There are about 65 acres in good grass, with very little timber, and this could be easily stumped and cleared. Some timber for fencing is obtainable. The improvements included in the capital value of the land consist of about 66 chains of fencing, valued at £20.

Situated about 50 chains along Ngaro Road from its junction with Ross Road, and about three miles from Tariki Railway-station, butter-factory, and public school. About 80 acres are flat, balance undulating, mostly ploughable; nearly all good land. Tufaceous soil, on volcanic formation. Watered by Manganui River and running streams. There are about 37 acres in Native bush and about 9 acres of swamp, which should not be difficult to drain. About 3 acres, cultivated for turnips, is now laid down in grass, and 81 acres are in grass besides. This is mostly old clearing, easily stumped and cleared for ploughing. Some of this section carries a good deal of fern on account of under-stocking, and there are a few blackberries. The long point enclosed by the Manganui River is rather stony in places. The Native bush, however, should give good shelter. The improvements included in the capital value consist of about 56 chains of fencing, valued at £18.

* Interest and sinking fund on buildings valued at £170, to be paid for in cash or in seven years by fourteen half-yearly instalments of £14 13s. 10d. Total half-yearly payment, £51 11s. 10d.

Situated two miles and a half from Tariki Railway-station, butter-factory, and public school, via Ross and Tariki Roads, both metalled. The section has about 43 chains frontage to the Ross Road; nearly all flat, ploughable, first-class land. Tufaceous soil, on volcanic formation. Well watered by the Mangamawhete Stream, and on north-west boundary by a stream running through the property. Sheltered position, lying well to the sun. There is a small patch of Native bush (about 1 acre) along the Mangamawhete Stream. 12 acres have been cultivated for turnips, but these will be eaten off. 25 acres have been ploughed and put down in grass, 26 acres cleared ready for ploughing at present in grass; balance consists of old clearing and good grass. The section generally is fairly free of logs, having been milled. The large stumps are still in the ground. There is about one acre apple orchard, planted round with a few oaks, elms, poplars, &c. In one corner of the orchard the trees are blighted. The Ross Road boundary is fenced, and the Mangamawhete Stream where fordable. There are a few blackberries about the orchard and creek which should be easily eradicated. The improvements included in the capital value of the land consist of

about 190 chains of post and wire fencing in bad repair, valued at £50. The improvements which are not included in the capital value, but which must be paid for separately, consist of two cottages, one of four the other of three rooms, built of sound timber, lined inside, in fair repair, but unpainted; large cow-shed of about seventeen bails, small sheds, well, milk-stand, and pig-sties: the whole valued at £170.

GENERAL DESCRIPTION.

The settlement is situated about two miles and a half from the Tariki Railway-station by the Tariki and Ross Roads, both of which are metalled. The Ngaro Road leading through the property will also be metalled for about a mile, so as to allow metalled road access to all the sections. The land varies from flat to undulating, and the greater portion is ploughable. The soil, a tufaceous loam, is similar to that of much of the country on the slopes of Mount Egmont. As the bush previously on the place has been milled, the ground is fairly free from logs, and the grazing will not be hampered on that account, while the timber remaining will supply fuel and a number of fencing-posts. It is all in fair grass, with the exception of a little land which carries the original Native bush and some swamp. The situation is sheltered, lying well to the sun, and properly handled the place should be well adapted for dairying, as it has the advantage of a moist and genial climate. The land responds readily to manuring. There is a certain amount of blackberry on the property; most of this has been recently cut, and should be easily controlled and eradicated. On the southern part of the property fern is rather much in evidence, but subdivision, stocking, and cultivation should easily get rid of it. The altitude is about 800 ft. above sea-level. The frontages and practicable homestead-sites will all be easily accessible from the roads, and the natural fall of the ground will allow any small drainage required. Two of the sections carry more buildings than are really necessary, and the whole of these have been written down to a low figure. A great deal of the internal fencing is old, and will later on require shifting; and this also has been valued at a low figure.

PART I.

BY-LAW of the Council of the Thames County made in pursuance and exercise of the powers, provisions, and authorities contained in the Counties Act, 1908, the Public Works Act, 1908, the Public Health Act, 1908, and the Motor Regulation Act, 1908, and the several amendments thereof respectively, and of all other Acts, powers, and authorities enabling the said Council in that behalf.

1. All by-laws heretofore made by the said Council are hereby repealed.

2. In this by-law, except where inconsistent with the context,—

“County Clerk” shall mean the Clerk for the time being of the Council;

“Engine” and “traction-engine” shall include the water and fuel therein and thereon for generating its motive power;

“Engineer” shall mean the Engineer for the time being of the Council;

“Heavy traffic” shall mean—

(a.) The transportation of any vehicle, engine, or machine which itself or together with any thing or things being transported thereon, weighs more than one and a half tons avoirdupois to each pair of wheels;

(b.) The traction of any vehicle or thing by means of bullocks, notwithstanding that such vehicle or thing may separately or together with any load thereon weigh less than one and a half tons avoirdupois;

I

“Owner,” as applied to any vehicle, shall include any bailee thereof who is entitled to the possession or use thereof;

“Road” shall include every road, track, bridge, ford, ferry, culvert, or drain within the county or under the care, control, or management of the Council;

“Vehicle” shall include every cart, dray, wagon, truck, timber-carriage, lorry, motor, jinker, trolley, or other carriage whatever be its construction, and every part thereof.

Words importing the singular number shall include the plural number, and words importing the plural number shall include the singular number, and words importing the masculine gender shall include females.

3. Every person guilty of a breach of any of the provisions of this by-law shall be liable to a penalty not exceeding five pounds; or where the breach is a continuing one, then to a penalty not exceeding five pounds for every day or part of a day during which such breach continues.

The continued existence in a state contrary to any of the provisions of this by-law of any work or thing shall be deemed a continuing offence within the meaning of this section.

PART VI.

In respect of Heavy Traffic.

38. No person shall take any vehicle or engine, which shall itself or together with the load or weight carried thereon weigh more than two tons for each pair of wheels, across any bridge within the county or under the control of the Council without the written consent of the Engineer.

39. The width of the tires of wheels of vehicles used upon any metalled road shall be in proportion to the weight of the vehicle and the load carried thereon, according to the following scale:—

(a.) For a vehicle which shall itself or together with the load or weight carried thereon weigh not more than one ton, not less than two and a half inches.

(b.) For a vehicle which shall itself or together with the load or weight carried thereon weigh not more than one and a half tons for each pair of wheels, not less than three and a half inches.

(c.) For a vehicle which shall itself or together with the load or weight carried thereon weigh not more than two tons for each pair of wheels, not less than four inches.

(d.) For a vehicle which shall itself or together with the load or weight carried thereon weigh not more than two and a half tons for each pair of wheels, not less than five inches.

(e.) For a vehicle which shall itself or together with the load or weight carried thereon weigh not more than three tons for each pair of wheels, not less than six inches.

The owner and the driver of any vehicle which shall be driven, taken, or used on any road shall be deemed to have each committed a breach of this section if the width of the tires of the wheels, or of any of them, of such vehicle be less than is required by this section.

40. No person shall use any vehicle or traction-engine in or for heavy traffic upon any road unless the same shall be duly licensed in manner hereinafter mentioned.

41. Any person owning or using any vehicle or traction-engine who shall desire to obtain a license for the same shall make an application in writing signed by him to the County Clerk, stating in respect of the vehicle or traction-engine—

(a.) The name and address of its owner;

(b.) Its description and maker's name;

(c.) Its weight; and, in the case of a traction-engine

(d.) The weight of fuel and water necessary for its propulsion.

Every such application shall be accompanied by the license fee hereinafter prescribed.

42. The applicant shall submit such vehicle or traction-engine to such inspection as the County Clerk shall require, and no license shall be granted in respect of any vehicle or traction-engine which shall appear on inspection to be unsafe or dangerous.

43. For every such license granted there shall be paid to the County Clerk in respect of each vehicle the sum of seven pounds ten shillings, and for each traction-engine the sum of twenty-five pounds.

44. The County Clerk may, as a condition precedent to the granting of any such license, require the person applying for the same to enter into a bond, with or without an approved surety or approved sureties, to the Council in such penal sum as the Council shall deem proper, that such person shall pay to the Council reasonable compensation for any special damage which shall accrue to any road, bridge, ferry, or ford by reason of any heavy traffic thereon by the vehicle or traction-engine in respect of which such license shall be granted, which bond shall be in the form set forth in Schedule A hereunder or to the like effect.

45. Upon being satisfied of the truth of the matters contained in such application and of the due compliance by the applicant with section 44 of this by-law, and upon payment of the prescribed fee, the County Clerk shall forthwith issue a license in the form in Schedule B to this by-law, to continue in force for a period of one year from the date thereof.

46. Every such license shall be signed by the County Clerk and numbered consecutively, and every vehicle or traction-engine licensed as aforesaid shall be registered with such number by the County Clerk in a book to be kept for that purpose.

47. The owner of any vehicle or traction-engine engaged in heavy traffic shall paint and, during the continuance of his license, keep painted his name and the number of his license on the off side thereof in plain and distinct lettering.

48. The driver or person for the time being in charge of any traction-engine on any road shall keep a constant look-out both in front of and behind the engine, and upon observing any horse or vehicle approaching, or upon being signalled by the rider or driver of any horse or vehicle, he shall stop such engine and render all possible assistance to enable such horse or vehicle to pass such engine in safety.

49. Heavy traffic of all kinds shall cease on all roads during the whole of the months of May, June, July, August, and September in every year, and no license issued under this Part of this by-law shall be deemed to authorize the use of any vehicle or traction-engine in heavy traffic during the said months or any of them.

50. Provided that in respect of the period during which the roads are closed for heavy traffic the Council shall refund to the licensee the proportionate part of the fee paid.

51. The driver or person for the time being in charge of any vehicle or traction-engine upon any road shall, when requested so to do by the Engineer or other person authorized in that behalf by the Engineer or by the Council, stop for a reasonable and sufficient time his vehicle or traction-engine, and shall permit such Engineer or other person to ascertain the width of the tires of the wheels thereof, the weight of such vehicle or traction-engine, and the quantity, weight, size, and measurement of the load thereon; and such driver shall give to the Engineer or such other person information as to the load or contents thereof as such Engineer or other persons requests.

52. The Engineer, or other person authorized by the Engineer or by the Council, shall be entitled to ascertain the weight or measurement of any vehicle or traction-engine or of the load thereon, or of the contents thereof, by weighing the same at any weighbridge, or by computing such weight or measurement from the cubical or superficial measurement of such vehicle, load, or contents, and the driver or person in charge of such vehicle or traction-engine shall do all such acts for the purpose of enabling such weight or measurement to be ascertained as such Engineer or other person requests.

53. For the purpose of computing the respective weights referred to in this by-law,—

500 superficial feet of kauri or kahikatea timber shall be deemed to weigh 15 hundredweight;

500 superficial feet of puriri or totara timber shall be deemed to weigh one ton ten hundredweight;

40 cubic feet of firewood, mining timber, or timber not otherwise specified shall be deemed to weigh fourteen hundredweight;

1 cubic yard of quartz, tailings, bricks, stone, gravel, sand, clay, or soil, or other similar substance or material, or any admixture thereof, shall be deemed to weigh one ton six hundredweight.

54. Nothing in this Part of this by-law shall apply to any authorized railway or tramway on, over, or across any road.

Between JEMIMA ADA LLOYD, of Auckland, in the Provincial District of Auckland, in New Zealand, Petitioner, and JOHN HORATIO LLOYD, of Christchurch, in the Provincial District of Canterbury, in New Zealand, Agent, Respondent.

The 31st day of August, 1912.

THE petition of JEMIMA ADA LLOYD, of Auckland, in the Provincial District of Auckland, in New Zealand, sheweth as follows:—

1. The Petitioner, then Jemima Ada Cowley, a spinster, was on the 21st day of October, 1901, lawfully married to John Horatio Lloyd at the office of the Registrar of Marriages at Auckland aforesaid by E. H. Lyons, the Registrar.

2. After her said marriage the Petitioner lived and cohabited with her husband at Auckland aforesaid, and the Petitioner and her said husband have had issue of their marriage one child, to wit, Phyllis Muriel Florence Adzie Lloyd, born 25th day of October, 1903.

3. In or about the month of June, 1907, the said John Horatio Lloyd wilfully deserted the Petitioner without just cause, and for five years and upwards—namely, from that date down to the present time—has continued to desert the Petitioner without just cause.

4. The said John Horatio Lloyd during the last four years and upwards—namely, since the year 1903—has been an habitual drunkard and has habitually left the Petitioner and her said child without means of support.

5. The said John Horatio Lloyd has been habitually guilty of cruelty towards the Petitioner by using abusive, offensive, and threatening language to her.

6. The Petitioner was born in the Provincial District of Auckland aforesaid, and is now domiciled in New Zealand and resides at Auckland aforesaid.

7. The Petitioner's said husband was born in England, and is now domiciled in New Zealand, and resides at Christchurch, in the Provincial District of Canterbury.

8. The Petitioner prays—

- That the said marriage of the Petitioner with her said husband be dissolved;
- That the Petitioner have the custody of the child of the said marriage;
- That the Petitioner have such further or other relief in the premises as may be just.
