SCHEDULE.

1. In these conditions the term "Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

Situated on the Mangapehi Road. Access from Kopaki Railway-station, about six miles distant, by surveyed road. The present access is by bridle-track from the 10-mile peg on the Te Kuiti—Awakino Road, about four miles distant. This will eventually be the best access. The section comprises undulating and hilly fern and manuka land, of which a good proportion is ploughable. The soil is tuffaceous loam of fair quality, resting on rhyolite formation, and the section is well watered. Elevation ranges from 510 ft. to 860 ft. above sea-level.

GENERAL DESCRIPTION.

The eastern boundary of this block is situated about two miles and a half down the Mokau Valley from the Puketutu Railway-station. The country is generally of rhyolite formation, and the parts growing very heavy fern should prove good. There is a little pumice in the Haupehi Valley. It is said to grow oats, cow-grass, and turnips fairly well with a little manure, and some of the Native land adjoining is under cultivation. Its nearness to the Main Trunk Railway should be a good help. A good deal of the block is ploughable. Until the roads are formed the settlers are to have the use of surveyor's pack-track. The roads will be easily formed and kept, and horses can now be taken down the Mokau Valley.

Notice to Mariners No. 89 of 1913.

Marine Department,
Wellington, N.Z., 14th August, 1913.

THE following Notices to Mariners, received from the Marine Department, Brisbane, Queensland, and from the Port Officer, Melbourne, Victoria, are published for general information.

GEORGE ALLPORT,
Secretary.

QUEENSLAND.

Australia.—North Coast.—Torres Strait, Western Entrance.—Prince of Wales Channel.

NOTICE is hereby given that the commander of H.M.S. "Fantome" reports that, while searching for the shoal on which the s.s. "Aparima" struck, he found several shoal patches to the southward of Sunk Reefs. The southernmost dangers extend 5 cables south of the Sunk Reefs, and between them and these reefs the bottom is very uneven.

The positions of the shoal patches are as follows:—

- 15-ft. patch N. 25° W. mag., 1.95 miles from Goode Island Lighthouse.
- 19-ft. patch N. 25° W. mag., 1.65 miles from Goode Island Lighthouse.
- 19-ft. patch N. 20° W. mag., 1.55 miles from Goode Island Lighthouse.
- 13-ft. patch N. 13° W. mag., 1.6 miles from Goode Island Lighthouse.

To clear these dangers Hammond Rock should not be brought to the eastward of N. 62° E. mag.

Charts affected: Nos. 437, 691, 2354, and 2375; Australia Directory, Volume ii.

JOHN MACKAY,
Portmaster.
Marine Department,
Brisbane, 15th July, 1913.

VICTORIA.

Light, Sunday Island.—Port Albert.

REFERRING to General Notice to Mariners dated 1st August, 1907, page 113, mariners and others are hereby notified that on and after 1st September, 1913, the fixed white light shown from the flagstaff at the pilot-station at Sunday Island will be removed and re-established on a piled beacon erected on the mud flats about one mile south-westward of the pilot-station.

The light will show an all-round fixed white light, and will be visible about 4 miles in clear weather.

Such light will not in any way mark the channel, but is only for the guidance of fishermen and others within Port Albert.

As the shoals of the coast at the entrance to Port Albert extend for over two (2) miles off shore, masters of vessels making a course close to the coast in such locality, and sighting the light, should at once haul out to safer waters.

C. W. MACLEAN,
Port Officer.
Melbourne, 27th June, 1913.

Notice to Mariners No. 91 of 1913.

Charts, &c., affected: Admiralty Charts Nos. 1396 and 1970; "New Zealand Pilot," eighth edition, 1908, Chapter ii, page 38.

SCHOOL FOR THE DEAF, NEAR SUMNER,
CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION
DEPARTMENT.

Director: MR. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from

THE SECRETARY FOR EDUCATION,
Wellington.
