## VICTORIA.

**SAILING DIRECTIONS.—ENTRANCE TO PORT PHILLIP.**—The following additional sailing directions regarding the navigation of the entrance to Port Phillip are published for general information:—

The fairway at the entrance to Port Phillip has been deepened to 37 ft. for a width of 2,000 ft. eastward, and 700 ft. westward of the line of leading-lights.

With the increased width of channel, mariners may now navigate the fairway with greater safety than heretofore by keeping eastward or westward of the mid-channel course according as they are entering or clearing the Heads, while still conforming to the rule of the road.

On occasions when two or more vessels are being navigated through the fairway in opposite directions, the present practice of keeping near the line of leading-lights, whether entering or clearing, is attended with considerable risks in a place where strong tidal currents and swirls prevent vessels being kept on a straight course.

Masters of vessels bound eastward and clearing the Heads are cautioned against leaving the line of leading-lights and altering their course to the south-eastward on reaching the line of the Lonsdale Bight beacons, but should be steered straight out on the line of leading-lights until Point Lonsdale is well abaft the beam.

Masters of vessels entering the Heads from the south-eastward should port the helm before reaching the line of leading-lights and steer into the eastward of such line or on the starboard side of the channel as previously directed.

During rough seas with high waves vessels may "scend" or dip 8 ft. to 10 ft. below the still-water level, and extreme caution should be taken by persons in charge of heavy draught vessels outward bound, and the risks of excessive pitching minimised by navigating outward only on the last quarter or slack flood tide.

Except under the most favourable conditions of sea and tide it is considered dangerous to attempt to navigate any ship having a greater draught than 29 ft. through the entrance to Port Phillip.

## HOKIANGA HARBOUR.—SHOAL OFF OPONONI HARBOUR.

Marine Department,  
Wellington, N.Z., 10th September, 1913.

THE Harbourmaster at Hokianga reports that the 2½ fathoms shoal 313° (N. 61° W. magnetic) from Opononi Wharf is about ½ a cable 195° (south magnetic) of the charted position, and carries only 10½ ft. L.W.O.S.

Masters of vessels anchoring off Opononi should not get inside of line of bearing Young Pt. (Koutu Pt.) and Maunga Taniwha (sharp-peaked mountain standing boldly out in distant background); this mountain in line with Direction Head is quite clear, and gives deep water. This latter bearing and the western end of shed on Opononi Wharf in line with the middle of Opononi Hotel are the marks given in "New Zealand Nautical Almanac" for the anchorage.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION  
DEPARTMENT.

Director: MR. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from

THE SECRETARY FOR EDUCATION,  
Wellington.
