And whereas, the said license having expired, the Council has applied for a fresh license under the Harbours Act, 1908 (hereinafter called "the said Act"), to occupy the said foreshore and land below low-water mark for the purpose aforesaid for a term of fourteen years, computed from the expiry of the term of the hereinbefore-recited Order in Council, and it is expedient to grant the same for the term and subject to the conditions hereinafter expressed, and to prescribe dues and rates for the use of the said wharf :

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of

all other powers and authorities enabling him in that behalf, and by and with the advice and consent of the Executive Council of the said Dominion, doth hereby license the Council to use and occupy the said foreshore and land below low-water mark for the purpose aforesaid upon and subject to the terms and conditions set forth in the First Schedule hereto; and doth hereby prescribe that the dues and rates set forth in the Second Schedule hereto shall be taken and charged by the Council for the use of the said wharf.

FIRST SCHEDULE.

2. All His Majesty's subjects shall at all reasonable times, upon payment of the proper dues, have free and full liberty to use the wharf, and of ingress and egress thereon.

4. 5. The said Council shall keep a separate account of the receipts and expenditure on account of such wharf, and shall cause such account to be balanced to the 31st day of March in each year, and shall send a copy of such account, when balanced, to the Marine Department, and shall supply any particulars in reference thereto which may be required by the Marine Department.

6. The revenue derived from the receipts on account of such wharf shall be applied for the purposes of maintaining, repairing, and otherwise keeping in good order and condition the said wharf, or any other wharves which are under the control of the Council, or for providing further wharf accommodation.

7. Any person authorized by the Minister may, at all reasonable times, enter upon the said wharf and view the state of repairs thereof; and upon such Minister leaving at or posting to the last known address of the Council a notice in writing of any defect or want of repair in such wharf, requiring the Council, within a reasonable time to be therein prescribed, to repair the same, it shall with all convenient speed cause such defect to be removed or such repairs to be made.

11. The said rights, powers, and privileges may be at any time resumed by the Governor, without payment of any compensation whatever, on giving to the Council one calendar month's previous notice in writing. Any such notice shall be sufficient if given by the Minister, and delivered at or posted to the last known address of the Council.

12. The Council shall be liable for any injury which the said wharf may cause any vessel or boat to sustain through any default or neglect on the part of the Council.

13. In case the Council—

(1.) Commits or suffers a breach of the conditions hereinbefore set forth, or any of them; or

(2.) Ceases to use or occupy the said wharf,—

then and in any such case this Order in Council, and every license, right, power, or privilege thereby conferred, may be revoked and determined by the Governor in Council without any notice to the Council or other proceedings whatsoever; and publication in the *New Zealand Gazette* of an Order in

Council containing such revocation shall be sufficient notice of the fact to the Council, and to all persons concerned or interested, that the rights and privileges thereby conferred have been revoked and determined.

LIVERPOOL, Governor.

WHEREAS by section one hundred and nineteen of the Public Works Act, 1908 (hereinafter termed "the said Act"), it is, *inter alia*, enacted that in any case where the local authority of any district desires to construct a bridge in any position that will, in its opinion, be of advantage or benefit to the whole or any considerable portion of the inhabitants of an adjacent district as well as to the inhabitants of its own district, and where it is, in the opinion of such local authority, reasonable that the local authority of such adjacent district should contribute to the cost of constructing or establishing the said bridge, the provisions of the said section shall have effect:

And whereas by section one hundred and twenty of the said Act it is also, *inter alia*, enacted that the Governor may, by Warrant under his hand publicly notified and gazetted, direct that any bridge already constructed, or which may hereafter be constructed, over or across any river or arm of the sea respectively shall, from and after a date to be fixed in such Warrant, be under the exclusive care, control, and management of such local authority as shall be mentioned in that behalf in such Warrant; and may by any such Warrant as aforesaid fix and determine whether all or any, and, if so, what part, of the cost, whether theretofore incurred or thereafter to be incurred, of maintaining, repairing, improving, or reconstructing any such bridge is to be provided and paid by any local authority or local authorities; and may by any such Warrant as aforesaid direct how, when, and to whom any such payment is to be made:

And whereas by a deed dated the first day of August, one thousand nine hundred and thirteen, made between the Waipawa County Council, the Waipukurau County Council and the Waipukurau Borough Council (hereinafter referred to as "the said deed"), it was agreed that the Waipawa County Council should construct the bridges over the Makaretu and Tuki Tuki Rivers described in the Schedule hereto, together with approaches thereto (hereinafter referred to as "the said works"), and that the cost thereof, including the cost of supervision, preparing plans and specifications, and estimates, and all other costs and expenses incidental thereto or connected therewith, less such contribution as may be made thereto by the Government of New Zealand, should be paid in the following proportions—viz., the Waipawa County Council to pay 50 per cent., the Waipukurau County Council to pay 25 per cent., and the Waipukurau Borough Council to pay 25 per cent. of such cost respectively; and it was also agreed in the said deed that the future cost of maintaining the said bridges should be paid in the same proportions:

And whereas the Waipawa County Council, the local authority proposing to construct the said works, has given notice and taken the steps required by the said Act, and has made application to the Governor to authorize the construction of the said works described in the Schedule hereto, and to apportion the cost of the said works and also of the maintenance thereof between the said local authorities in accordance with the provisions of the said deed:

And whereas no objections to the proposals have been sent to the Governor by any of the parties to the said deed:

And whereas the Governor is of opinion that the said works should be done and the cost of maintenance thereof be apportioned as aforesaid, and it is expedient to make provision under the said Act for the purposes and in the manner herein-after set forth:

Now, therefore, I, Arthur William de Brito Savile, Earl of Liverpool, the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers vested in me by the said Act, and of all other powers and authorities in anywise enabling me in this behalf, do hereby authorize the Council of the County of Waipawa to execute the said works; and I do hereby declare that the cost thereof, less such contribution as may be made thereto by the Government of New Zealand, shall be borne and paid by the Waipawa County Council, the Waipukurau County Council, and the Waipukurau Borough Council, as and in the proportions hereinbefore set forth:

And in further pursuance and exercise of the aforesaid powers and authorities, I do hereby direct that, upon the completion of the said works, the said bridges shall, from and after the date of such completion, be under the exclusive care, control, and management of the Waipawa County Council; and I do also hereby fix and determine that the cost of maintaining, repairing, improving, or reconstructing the said bridges respectively shall be borne and paid by the said local authorities as and in the proportions hereinbefore set forth:

And I do hereby also further direct that any contribution hereby required to be made as aforesaid by the Waipukurau County Council and the Waipukurau Borough Council respectively shall be paid from time to time out of the funds of the said Councils respectively, within a period of one month after demand in writing made by or on behalf of the Waipawa County Council, and all such payments shall be made from time to time to the Clerk of the Waipawa County Council for and on account of such Councils.

- (g.) Provisional Section.—The preceding subsection (f) shall not apply to prevent the erection or re-erection of one new dwellinghouse on an allotment, lot, or section which does not comply with the requirements of subsection (f), but which is shown on any public plan or any plan lodged or deposited in the Deeds Registration Office or the District Land Registry Office at Auckland prior to the 8th day of February, 1912 (being the date of the coming into operation of building by-laws hereby repealed), or on a site owned on the said 8th day of February, 1912, by a person not then owning any adjoining land, or prevent the erection or re-erection of a shop and dwellinghouse combined upon any site.

Such owner shall likewise provide in connection with such building or premises an underground drain, constructed in such a manner and maintained at all times in such a condition as effectually to convey all

Subsidies to Public Libraries.

Education Department,
Wellington, 18th November, 1913.

NOTICE is hereby given that the sum of £4,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 9th February, 1914, and no claim will be entitled to consideration that shall not have been sent in due form and received by the Secretary for Education, Wellington, on or before the 26th January, 1914.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. It is particularly enjoined upon the authorities in charge of the public libraries concerned that a due proportion of the books purchased shall be books having a permanent value; that is on books of more than merely passing interest.

5. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or

Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1913; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1913, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of the Libraries and Mechanics' Institutes Act, 1908, or the Municipal Corporations Act, 1908, pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; and from voluntary contributions other than members' subscriptions, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and expenditure of the institution for the year herein specified; that the whole of the subsidy received during the year was expended in the purchase of books for the library; [and that by the rules of the library it is open to the public free of charge].

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Justices of the Peace Act, 1908.

[Signature.]

Declared at _____, this _____ day of _____, 191____, before me— _____, Justice of the Peace [or Solicitor, or Notary Public].

[Here affix and cancel a stamp at 2s. 6d.]

[NOTE.—The words relating to last year's subsidy and to free admission may be struck out if they are not applicable. The words in brackets are not part of the form, but indicate matter to be inserted or substituted.]

6. Copies of the form of application may be obtained from the Secretary for Education, Wellington, and from the Secretary of any Education Board.

HORSES (IMPORTATION AND TRANSIT) ORDER OF 1913.

THE Board of Agriculture and Fisheries, by virtue and in exercise of the powers vested in them under the Diseases of Animals Act, 1894 to 1911, and of every other power enabling them in this behalf, do order, and it is hereby ordered, as follows:—

CHAPTER I.—IMPORTATION.

Regulation of Importation of Horses, Asses, and Mules.

1. No horse, ass, or mule brought to Great Britain from any other country, except Ireland, the Channel Islands, or the Isle of Man, shall be landed in Great Britain unless it is accompanied by a certificate of a veterinary surgeon to the effect that he examined the animal immediately before it was embarked, or whilst it was on board the vessel, as the case may be, and that he found that the animal did not show symptoms of glanders (including farcy), epizootic lymphangitis, ulcerative lymphangitis, dourine, horse-pox, sarcoptic mange, psoroptic mange, influenza, ringworm, or strangles.

CHAPTER II.—CARRIAGE BY WATER.

Provisions as to Vessels carrying Horses, &c.

5. The provisions of this Article shall apply to all vessels on which horses, asses, or mules are carried to or from any port in Great Britain.

(Fittings of Vessels.)

(i.) Each horse, ass, or mule shall be carried in a separate box or stall, except that brood mares, ponies, asses, mules, and unbroken horses, and horses in charge of special attendants, may be carried in pens. Boxes, stalls, and pens shall be of sufficient size, and shall be so constructed as to be of a substantial character, and of sufficient strength to withstand the action of the weather and to resist the weight of any animal that may be thrown against them. A movable box shall be so secured as to prevent its displacement by the motion of the vessel.

(ii.) The floor of each box, stall, or pen shall, in order to prevent slipping, be fitted with suitable battens, and be strewn with a proper quantity of sand or other suitable substance.

(iii.) The vessel shall be provided with sufficient and suitable means for slinging the animals carried.

(iv.) The fittings or other parts of a vessel, box, stall, or pen likely to cause injury or unnecessary suffering to horses, asses, or mules shall be properly and securely fenced off or padded, as the case may require.

(v.) Horses, asses, and mules while on a vessel shall be protected against injury or unnecessary suffering from undue exposure to the weather.

(Ventilation.)

(vi.) All parts of the vessel in or on which horses, asses, or mules are carried shall be sufficiently and suitably ventilated. All such parts if below deck shall, in addition to any ventilation obtained by means of the hatchways, be provided with sufficient and suitable ventilators for the removal of foul air and for the admission of a proper supply of fresh air to all the vessels carried.

(Light.)

(vii.) All parts of the vessel over which the horses, asses, or mules pass, or in which they are carried, shall be properly lighted, and arrangements shall be made for the provision at all times of adequate light for the proper tending of the animals.

(Passage-ways.)

(viii.) Every part of the vessel where horses, asses, or mules are carried shall be provided with one or more passage-ways leading from the hatchway or entrance to such part of the vessel and giving frontal access to each box or stall containing a horse, ass, or mule. Each passage-way shall be of a minimum width of one foot six inches, and be kept free of obstruction.

(Food and Water.)

(ix.) Horses, asses, and mules carried on a vessel for a voyage which on an average takes more than six hours shall be provided while on board with a sufficient amount of suitable food and water, and proper accommodation shall be provided on board for the stowage of the food so that the same shall not be unduly exposed to the weather at sea.

(Securing of Horses, &c.)

(xi.) All horses, asses, or mules while being carried in a box or stall shall as far as practicable be securely tied by the head.

(Attendance.)

(xii.) A vessel on which horses, asses, or mules are carried shall carry a sufficient number of qualified attendants to tend the animals properly.

(Returns as to Casualties.)

(xiii.) The owner or charterer of a vessel on which horses, asses, or mules are carried shall keep a record of all such animals which have died or have been killed or seriously injured while on such vessel, and shall at the end of every month make a return to the Board showing whether any, and, if so, how many, animals have so died or been killed or injured on the vessel.

(Approaches, Gangways, and other Apparatus.)

(xv.) Approaches, gangways, passage-ways, cages, and other apparatus used for the loading or unloading or movement of horses, asses, or mules on or from a vessel shall be so constructed that injury or unnecessary suffering shall not be caused to the animals.

(Overcrowding.)

(xvi.) A vessel shall not be overcrowded in any part or pen so as to cause injury or unnecessary suffering to the horses, asses, or mules thereon.

(Injured Horses, &c.)

(xvii.) If any horse, ass, or mule on a vessel has a limb broken or is otherwise seriously injured so as to be incapable of being disembarked without cruelty, the master of the vessel may, and shall if so required by the Diseases of Animals Act, 1910, forthwith cause that animal to be slaughtered. The person in charge of the animal shall forthwith report the injury to the master of the vessel.

(Approved Killing Instruments.)

(xviii.) Every vessel on which a horse, ass, or mule is carried shall carry a proper killing instrument, to be approved by the Board for that purpose, and it shall be the duty of the owner and master of every such vessel to see that the vessel is provided with such an instrument, and the master, if so required by an Inspector of the Board or of the Local Authority, shall produce the instrument for his inspection.

CHAPTER IV.—CLEANSING AND DISINFECTION.

Vessels.

12. (1.) A vessel used for carrying horses, asses, or mules by sea, or on a canal, river, or inland navigation, shall, after the landing of such animals therefrom at any port in Great

Britain, and before the taking on board of any other such animal or other cargo, be cleansed and disinfected as follows:—

(i.) All parts of the vessel with which any such animal or its droppings have come in contact shall be scraped and swept, and then be thoroughly washed or scrubbed or scoured with water, and then have applied to them a coating of limewash, or be otherwise disinfected in the manner hereinafter prescribed; provided that the application of limewash shall not be compulsory as regards such parts of the vessel as are used for passengers or the crew.

(ii.) All fittings, pens, hurdles, or utensils used for or about the animals shall, if not permanently removed from the vessel, be scraped, and then be thoroughly washed or scrubbed or scoured with water, and then have applied to them a coating of limewash, or be otherwise disinfected in the manner hereinafter prescribed.

(2.) The scrapings and sweepings of the vessel shall not be landed unless and until they have been well mixed with quicklime.

Fodder and Litter.

13. All partly consumed or broken fodder that has been supplied to, and all litter that has been used for or about, horses, asses, or mules carried by sea, or on a canal, river, or inland navigation, shall, if and when landed from the vessel, be forthwith well mixed with quicklime and be effectually removed from contact with horses, asses, or mules.

Movable Gangways and other Apparatus.

14. (1.) A movable gangway, passage-way, cage, or other apparatus used for the loading or unloading of horses, asses, or mules on or from a vessel, or otherwise used in connection with the transit of such animals by sea, or on a canal, river, or inland navigation, or used for the loading or unloading of such animals on or from a railway truck or other railway vehicle, or otherwise used in connection with the transit of such animals on a railway, shall as soon as practicable after being so used be cleansed as follows:—

The apparatus shall be scraped and swept, so as effectually to remove therefrom all dung, litter, and other matter, and then be thoroughly washed or scrubbed or scoured with water.

(2.) The scrapings and sweepings of the apparatus, and all dung, litter, and other matter removed therefrom shall forthwith be well mixed with quicklime, and be effectually removed from contact with horses, asses, or mules.

Disinfection prescribed in Specified Cases.

17. The prescribed manner of disinfection to be adopted in the case of any place or thing, or part of a place or thing, required to be disinfected under this Order is as follows:—

The place or thing, or the part thereof, required to be disinfected shall be thoroughly scraped or washed with—

(a.) A one-per-cent. (minimum) solution of chloride of lime containing not less than thirty per cent. of available chlorine; or

(b.) A four-per-cent. (minimum) solution of carbolic acid (containing not less than ninety-five per cent. of actual carbolic acid), followed by a thorough sprinkling with limewash; or

(c.) A disinfectant equal in disinfective efficiency to the above-mentioned solution of carbolic acid, followed by a thorough sprinkling with limewash.

Offences.

23. (1.) If any horse, ass, or mule is landed in contravention of this Order, the owner thereof, and the owner and the lessee and the occupier of the place of landing where such animal is landed, and also the owner and the charterer and the master of the vessel from which the same is landed, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

(2.) If any horse, ass, or mule is carried on a vessel which does not conform to the provisions of this Order as to vessels carrying horses, asses, or mules, or if any such provision, or any provision as to cleansing and disinfection of vessels or any apparatus used in connection with the transit of such animals by sea, is not complied with on a vessel on which horses, asses, or mules, are carried, the owner and the charterer and the master of the vessel shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Act of 1894.

* These remaining suburbs do not lie within borough boundaries, and particulars respecting them have not been obtained for the Vital Statistics. Closely correct annual statements of population outside boroughs are not obtainable.

In the above table are given the deaths and death-rates for each of the four cities, for the suburban boroughs severally, and for each city with its suburban towns.

Deaths occurring at hospitals, of persons not residents of the borough wherein the hospital is situated, have been allotted in each case to the borough where the disease was contracted, and not to that in which the death actually took place.

The inclusion of the suburban boroughs tends to lower the rate at Wellington and Dunedin, but raises it at Auckland.

| | Death-rates per 1,000 of Population. | |
|-------------------------------------|--------------------------------------|------|
| Auckland City | 0.84 | |
| and seven suburban boroughs | | 0.87 |
| Wellington City | 0.82 | |
| and four suburban boroughs | | 0.75 |
| Christchurch City | 0.62 | |
| and five suburban boroughs | | 0.62 |
| Dunedin City | 0.80 | |
| and five suburban boroughs | | 0.78 |

Including the suburbs, the rate at Auckland is the highest, and at Christchurch the lowest.

Compared with November, 1912, the results are,—

| | 1912. | 1913. |
|----------------------------------|-------|-------|
| Auckland and suburbs | 0.88 | 0.87 |
| Wellington and suburbs | 0.85 | 0.75 |
| Christchurch and suburbs | 1.08 | 0.62 |
| Dunedin and suburbs | 1.00 | 0.78 |

The total births in the four chief cities and their suburban boroughs amounted to 617, against 635 in October—a decrease of 18. The deaths in November were 223—a decrease of 32 as compared with last month. Of the total deaths males contributed 123, females 100. Fifty-seven of the deaths were of children under five years of age, being 25.56 per cent. of the whole number; 44 of these were under one year of age.

There were 65 deaths of persons of 65 years and upwards in the four chief cities and their suburban boroughs, as against 92 in October. The following table shows the classification:—

SCHOOL FOR THE DEAF, NEAR SUMNER,
CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION
DEPARTMENT.

Director: MR. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from

THE SECRETARY FOR EDUCATION,
Wellington.
