*Subsidies to Public Libraries.*

Education Department,  
Wellington, 18th November, 1913.

NOTICE is hereby given that the sum of £4,000 has been voted by Parliament for distribution to public libraries.

The distribution will take place on the 9th February, 1914, and no claim will be entitled to consideration that shall not have been sent in due form and received by the Secretary for Education, Wellington, on or before the 26th January, 1914.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only, and if within a borough it must be open to the public free of charge. The receipts for the year from subscriptions and donations must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.

2. In the division of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; but no library will receive credit for a larger income than £75—that is, in no case will the augmented amount on which distribution is based exceed £100.

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. It is particularly enjoined upon the authorities in charge of the public libraries concerned that a due proportion of the books purchased shall be books having a permanent value—that is, on books of more than merely passing interest.

5. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1913; and such declaration must be on the form provided for the purpose, which form shall be as follows:—

## DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1913, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of the Libraries and Mechanics' Institutes Act, 1908, the Municipal Corporations Act, 1908, pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; and from voluntary contributions other than members' subscriptions, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and expenditure of the institution for the year herein specified; that the whole of the subsidy received during the year was expended in the purchase of books for the library; [and that by the rules of the library it is open to the public free of charge].

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Justices of the Peace Act, 1908.

[Signature.]

Declared at , this day of , 191 ,  
before me— , Justice of the Peace [or Solicitor,  
or Notary Public].

\* These remaining suburbs do not lie within borough boundaries, and particulars respecting them have not been obtained for the Vital Statistics. Closely correct annual statements of population outside boroughs are not obtainable.

In the above table are given the deaths and death-rates for each of the four cities, for the suburban boroughs severally, and for each city with its suburban towns.

Deaths occurring at hospitals, of persons not residents of the borough wherein the hospital is situated, have been allotted in each case to the borough where the disease was contracted, and not to that in which the death actually took place.

The inclusion of the suburban boroughs tends to lower the rate at Auckland, Wellington, and Dunedin, but raises it at Christchurch.

CONDITIONS OF SALE.

1. The right to cut and remove the timber will be sold generally in accordance with the provisions of the Land Act, 1908, the Timber Regulations made thereunder, and the following conditions, and may contain such additional conditions as the Commissioner in his discretion considers necessary in the interests of the Crown or of the public.

2. The quantities of the various timbers set forth in the above Schedule are approximate only, and are furnished for the information of intending purchasers, who are expected, previous to the sale, to make their own estimates of the quantities. No contract for purchase shall be voidable, nor shall the licensee be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated herein, nor shall any extra sum be claimed by the Crown if for any reason the quantity of timber is found to be in excess of that stated herein.

3. The successful bidder shall purchase the whole of the timber, and shall, on the fall of the hammer, pay in cash a deposit of 10 per centum of the amount bid, together with £1 ls. license fee, and shall also deposit eight promissory notes, each for one-eighth of the balance of purchase-money, each payable on demand, and endorsed by two persons to be approved by the Commissioner. These promissory notes will be presented, the first at an interval of nine months from the date of sale, and the others at subsequent intervals of six months, but they may be presented for payment at earlier dates if more than a due proportion of timber is found to be cut, or should any breach of the conditions occur, or if in the opinion of the Commissioner the interest of the Crown is jeopardized.

4. The purchaser shall have the right to cut and remove all timber on the lands comprised in the license during a period of five years from the date of sale, subject, however, to the condition that all the milling-timber on Section 33 is cut and removed within a period of two years from the date of sale, at the end of which period the Crown will resume full possession of Section 33, and the licensee's right to mill thereon shall cease and be determined. The license shall be only for the cutting and removal of the timber and shall give no right to the use of the land.

5. The timber shall be cut in a face, and the Crown reserves the right of following up the mill-workings by felling and grassing such areas as from time to time will have been cleared of milling-timber. Sufficient timber shall be left for fencing and general farming purposes.

6. The license shall be subject to any rights of tramway, or of water-races, &c., already granted or that may hereafter be granted over the lands comprised therein; and the Land Board may authorize the laying-down and working of tram-lines by other persons than the licensee.

7. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, into any river, stream, water-course, or into any place where it may be washed into any river, stream, or watercourse, any sawdust or other saw-mill refuse.

8. If the timber is unsold at auction the right to cut it at the upset price will remain open for application until further notice.

9. The lot will be sold generally in accordance with the area and boundaries as shown on the sale map at the District Lands and Survey Office, Wellington.

10. No compensation will be given nor shall any be claimed for any error, discrepancy, or misdescription whatever in respect of this lot or in these conditions.

Full particulars may be ascertained and copies of the Timber Regulations obtained at this office.

Elevation, from 620 ft. to 2,560 ft. above sea-level. Well and permanently watered by running streams. There is a four-roomed cottage, woolshed, stable, and smithy on the section, and a hut on the road which the lessee has the right to remove.

Section 3.—Open, flat, and hilly agricultural and pastoral land. Subdivided into six paddocks, and practically all ring-fenced with rabbit-proof fences. Comprising 345 acres in grass; the balance, 1,445 acres, is mostly hilly tussock country. Elevation, from 600 ft. to 1,700 ft. above sea-level. Well watered throughout by permanent streams.

Section 4.—Open, flat, and hilly agricultural and pastoral land. Subdivided into eleven paddocks, eight of which are ring-fenced mostly with new rabbit-proof fences. About 282 acres have been ploughed and are in grass; 70 acres are in stubble; the balance, 1,234 acres, is mostly undulating to hilly pastoral tussock country. Elevation, from 540 ft. to 1,180 ft. Well watered by permanent streams. There is a six-roomed house, washhouse, stable, hut, and cow-byre on the section. The homestead is favourably situated on a rise near the main road, and is enclosed by a plantation, with an orchard.

Section 5.—Open, flat, and low, undulating, hilly agricultural and pastoral land. Subdivided into three paddocks, which are ring-fenced partly with wire-netting fences; 23 chains of boundary between Sections 5 and 6 are unfenced. 79 acres of heavy river-flat land have been ploughed and are in grass; the balance, 117 acres, is low, undulating, ploughable tussock country. Elevation, 570 ft. to 680 ft. Watered by Sheepwash Stream; well-water could be obtained by sinking on flat.

Section 6.—Open, flat, and low, undulating, hilly, agricultural and pastoral land. Subdivided into three paddocks, the western, southern, and eastern sides being rabbit-proof; 23 chains of boundary between Sections 5 and 6 are unfenced. About 95 acres of heavy river-flat land have been ploughed and are in grass; 12 acres are rich unimproved flat, and the balance, about 95 acres, is low, undulating, ploughable tussock country, with some small manuka scrub near western corner. Elevation, 565 ft. to 700 ft. Watered by permanent stream, and well-water could be obtained by sinking on the flat.

GENERAL DESCRIPTION.

Ardlussa Settlement varies from rich river-flat land and good agricultural down land to undulating and hilly pastoral country, and is suitable for sheep, dairying, and mixed farming. Good results have been obtained from the land which has already been cultivated in the shape of good grasses, turnips, and oats. Practically the whole of the improvements are new, having been put on the property within the last four years, and nearly all of the fences are rabbit-proof. The property is at the present time practically free of rabbits, and if these are kept down in a systematic manner the hill portion of the property must improve. All the sections are well watered by running streams. Most of the sections are at an altitude of from 540 ft. to 1,200 ft., and a small part of the hill country rises to 2,560 ft. The settlement is situated

from six miles to ten miles and three-quarters from Balfour Railway-station, which is on the Gore-Lumsden line. Access to three of the sections is by good gravelled road, and provision has been made to form and gravel, where required, the new road up the Tomogalak Stream, which gives access to the remaining sections.

Full particulars may be ascertained and plans obtained at this office.

#### [GENERAL DESCRIPTION.]

Waiarikiki Settlement varies from easy spurs and downs to undulating and flat land, and is admirably adapted for either sheep and cattle farming, dairying, or mixed farming. Originally the land was covered with silver-tussock, fern, flax, and tutu; and in places the original vegetation remains, and has been considerably improved by burning off and surface-sowing with good English grasses. Excellent results have been obtained from the land which has already been cultivated in the shape of good grasses, turnips, and oats. The yield from the latter for the last two or three seasons has been 80 and 75 bushels to the acre. Good results have also been obtained from fescue, and upwards of £10 10s. per acre was derived from the fescue area last season.

All the sections are well watered by running streams, and the whole settlement is fairly free from noxious weeds and rabbits. Altitude varies from 630 ft. to 1,527 ft. above sea-level. The settlement is situated from seven to nine miles and a quarter from the Borough of Matura, which is on the Dunedin-Invercargill main line, and access is by metalled and unformed roads.

Provision has been made for the formation and culverting of the new road giving access to Sections 7, 8, and 9, and until this road is formed the lessee of Section 32, Block IX, Tuturau District, is to have access to his section along the route of the closed road through Sections 6 and 8.

Full particulars may be ascertained and plans obtained at this office.

## SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: MR. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from

THE SECRETARY FOR EDUCATION,  
Wellington.
