*Proclaiming Native Land to be Crown Land under Section 368 of the Native Land Act, 1909.*

[L.S.] LIVERPOOL, Governor.  
A PROCLAMATION.

WHEREAS by section three hundred and sixty-eight of the Native Land Act, 1909 (hereinafter referred to as "the said Act"), it is provided, *inter alia*, that the Crown may purchase any Native land in pursuance of a resolution of the assembled owners passed and confirmed in accordance with Part XVIII of the said Act, and on the resolution being adopted by the Native Land Purchase Board it shall become a contract of purchase as between the Crown and all persons who are the owners of the land; and the Governor may by Proclamation, at any time after the contract of purchase has been so made, declare that the land so purchased is vested in His Majesty the King, and it shall vest accordingly, and shall become Crown land:

And whereas a resolution was passed by a meeting of assembled owners, and duly confirmed by the Waiariki District Maori Land Board, that the land set out in the Schedule hereto be sold to the Crown:

And whereas the Native Land Purchase Board duly considered and adopted the resolution:

Now, therefore, in pursuance and exercise of the power and authority conferred upon me by section three hundred and sixty-eight of the said Act, I, Arthur William de Brito Savile, Earl of Liverpool, the Governor of the Dominion of New Zealand, do hereby proclaim and declare the land set out in the Schedule hereto to be Crown land subject to the Land Act, 1908.

*Altering the Middle-line of a Portion of the Gisborne-Rotorua Railway.*

[L.S.] LIVERPOOL, Governor.  
A PROCLAMATION.

WHEREAS under the provisions in that behalf of section one hundred and eighty-eight of the Public Works Act, 1908, the middle-line of a portion of the Gisborne-Rotorua Railway was defined by a Proclamation dated the fifteenth day of October, one thousand nine hundred and twelve, and published in the *New Zealand Gazette* No. 78, of the seventeenth day of the same month:

And whereas it has been found necessary in the construction of such railway to alter a portion of such line in manner hereinafter appearing:

Now, therefore, I, Arthur William de Brito Savile, Earl of Liverpool, the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers conferred upon me by the aforesaid section one hundred and eighty-eight, and of all other powers and authorities enabling me in this behalf, do hereby revoke so much of the Schedule to the said Proclamation as defines the middle-line of the said railway beyond the point marked 47 miles 5659·8 links, shown on plan numbered P.W.D. 32480 referred to therein; and in lieu thereof do hereby proclaim and declare that the middle-line of the said railway, commencing at the said point marked 47 miles 5659·8 links, and terminating at 49 miles, shall be as defined and set forth in the Schedule hereto.

SCHEDULE.

COMMENCING at a point in Motu No. 3, Block II, Motu Survey District, marked 47 miles 5659·8 links on the line of railway defined by Proclamation dated the 15th day of October, 1912, and published in the *New Zealand Gazette* No. 78, of the 17th day of the same month; proceeding thence in a north-easterly direction generally for a distance of 1 mile 4340·2 links, and passing in, into, through, or over the following lands, &c., viz.: Part Motu No. 3, Whakapaupakihi Nos. 2, 1, and 3, Block II, Motu Survey District, and termi-

nating at a point marked 49 miles in the said Whakapaupakihi No. 3 Block, about 7½ chains south of the Kowhai Road; including all adjoining and intervening places, lands, reserves, roads, tracks, lakes, rivers, streams, and watercourses.

*Revoking a Proclamation taking Land for the Purposes of a Road in Block I, Wyndham Survey District, Southland County.*

[L.S.] LIVERPOOL, Governor.

A PROCLAMATION.

WHEREAS by the Public Works Amendment Act, 1909, it is enacted that if at any time after the issue of any Proclamation taking land under the Public Works Act, 1908, and before the payment or award of any compensation in respect of the taking thereof, it is found that the land or any part thereof is not required for the purpose for which it was taken, or that any error in form or substance exists in or in relation to that Proclamation, or the making or gazetting thereof, the Governor may, by a subsequent Proclamation gazetted, revoke the former Proclamation either wholly or so far as he thinks necessary:

And whereas it is found that the land in Block I, Wyndham Survey District, taken for the purposes of a road by a Proclamation made under the Public Works Act, 1908, and dated the tenth day of December, one thousand nine hundred and fourteen (hereinafter termed "the said Proclamation"), and published in the *New Zealand Gazette* No. 136, pages 4320 and 4321, of the seventeenth day of the same month, is not now required for the purpose for which it was taken: And whereas compensation in respect of the taking of the said land has not been paid or awarded:

Now, therefore, I, Arthur William de Brito Savile, Earl of Liverpool, the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers vested in me by the Public Works Amendment Act, 1909, and of all other powers enabling me in this behalf, do hereby revoke the said Proclamation.

Given under the hand of His Excellency the Right Honourable Arthur William de Brito Savile, Earl of Liverpool, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Member of the Royal Victorian Order, Governor and Commander-in-Chief in and over His Majesty's Dominion of New Zealand and its Dependencies; and issued under the Seal of the said Dominion, at the Government House at Wellington, this second day of March, in the year of our Lord one thousand nine hundred and fifteen.

*Revoking Part of a Proclamation taking Land for the Purposes of the Development of the Lake Coleridge Water-power Scheme in Block X, Christchurch Survey District.*

[L.S.] LIVERPOOL, Governor.  
A PROCLAMATION.

WHEREAS by the Public Works Amendment Act, 1909, it is enacted that if at any time after the issue or making of any Proclamation taking land under the Public Works Act, 1908, and before the payment or award of any compensation in respect of the taking thereof, it is found that the land or any part thereof is not required for the purpose for which it was taken, or that any error in form or substance exists in or in relation to that Proclamation, or the making or gazetting thereof, the Governor may, by a subsequent Proclamation gazetted, revoke the former Proclamation, either wholly or so far as he thinks necessary:

And whereas it is found that the Proclamation taking land for the purposes of the development of the Lake Coleridge water-power scheme in Block X, Christchurch Survey District, made under the Public Works Act, 1908, and dated the third day of November, one thousand nine hundred and fourteen (hereinafter termed "the said Proclamation"), and published in the *New Zealand Gazette* No. 117, page 3939, of the fifth day of the same month, contains an error in substance in that the piece of land hereinafter mentioned is incorrectly described: And whereas compensation in respect of the taking of the land incorrectly described in the said Proclamation has not been paid or awarded:

Now, therefore, I, Arthur William de Brito Savile, Earl of Liverpool, the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers vested in me by the Public Works Amendment Act, 1909, and of all other powers enabling me in this behalf, do hereby revoke so much of the said Proclamation as affects 1 acre 2 roods 4-6 perches, being described therein as portion of Rural Section 139, situated in Block X, Christchurch Survey District (shown coloured yellow on sheet 2 of the plan marked P.W.D. 33553, deposited in the office of the Minister of Public Works at Wellington), being a part of the land taken by the said Proclamation.

Given under the hand of His Excellency the Right Honourable Arthur William de Brito Savile, Earl of Liverpool, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Member of the Royal Victorian Order, Governor and Commander-in-Chief in and over His Majesty's Dominion of New Zealand and its Dependencies; and issued under the Seal of the said Dominion, at the Government House at Wellington, this ninth day of March, in the year of our Lord one thousand nine hundred and fifteen.

*Appointing Members of the First and Second Divisions of the Court of Appeal.*

LIVERPOOL, Governor.  
ORDER IN COUNCIL.

At the Government Buildings at Wellington, this eighth day of March, 1915.

Present:

THE HONOURABLE J. ALLEN PRESIDING IN COUNCIL.

WHEREAS by section five of the Judicature Amendment Act, 1913, it is enacted that the Court of Appeal shall consist of two Divisions, to be called respectively the First Division and the Second Division of the Court of Appeal; and that each Division shall consist of five Judges of the Supreme Court, to be appointed to that Division by the Governor in Council:

And whereas the power conferred by the said Act upon the Governor in Council of appointing Judges as members of either Division, or of revoking any such appointment, shall be exercisable on the recommendation of not less than three Judges of the Supreme Court (of whom the Chief Justice shall be one), and not otherwise:

And whereas the Honourable the Chief Justice, the Honourable Mr. Justice Edwards, the Honourable Mr. Justice Sim, and the Honourable Mr. Justice Hosking have recommended that the two Divisions of the Court of Appeal shall be constituted as shown hereafter:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in exercise of the powers conferred by the said Act, and acting by and with the advice and consent of the Executive Council of the said Dominion, do hereby appoint

The Honourable Sir ROBERT STOUT, K.C.M.G., Chief Justice;

*Authorizing the Laying-off of Streets in the Borough of Maori Hill of a Width less than 66 ft. but not less than 40 ft.*

LIVERPOOL, Governor.  
ORDER IN COUNCIL.

At the Government Buildings at Wellington, this eighth day of March, 1915.

Present:

THE HONOURABLE J. ALLEN PRESIDING IN COUNCIL.

WHEREAS by section one hundred and seventy-eight of the Municipal Corporations Act, 1908, it is, *inter alia*, provided that where the configuration of any borough is such as that within any particular area or areas thereof

it is difficult or inexpedient to construct streets of a width of sixty-six feet, as required by the said Act, the Governor may, by Order in Council defining the limits of such particular area or areas, authorize the Council to permit within such area or areas the construction of streets and private streets of a width less than sixty-six feet but not less than forty feet:

And whereas the configuration of part of the Borough of Maori Hill is such that within the area described in the Schedule hereto it is inexpedient to construct streets of sixty-six feet in width:

Now, therefore, in pursuance and exercise of the powers vested in him by the Municipal Corporations Act, 1908, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby authorize the Maori Hill Borough Council to permit the laying-off of streets of a width less than sixty-six feet, but not less than forty feet, within the area described in the Schedule hereto.

#### SCHEDULE.

*Approving the New Zealand Investment, Mortgage, and Deposit Company (Limited) under the Trustee Amendment Act, 1914.*

LIVERPOOL, Governor.

#### ORDER IN COUNCIL.

At the Government Buildings at Wellington, this eighth day of March, 1915.

Present:

THE HONOURABLE J. ALLEN PRESIDING IN COUNCIL.

WHEREAS it is deemed expedient to approve the New Zealand Investment, Mortgage, and Deposit Company (Limited) as an institution for the purposes of section three of the Trustee Amendment Act, 1914:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the power and authority conferred upon him by the said Act, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve the said New Zealand Investment, Mortgage, and Deposit Company (Limited) as an institution with which, subject to the provisions of the said Act, it shall be lawful for a trustee, unless expressly forbidden by the instrument (if any) creating the trust, to invest any trust funds in his hands on deposit at interest.

*Authorizing Sale of Land in the Borough of Mornington under the Public Works Act, 1908.*

LIVERPOOL, Governor.

#### ORDER IN COUNCIL.

At the Government Buildings at Wellington, this eighth day of March, 1915.

Present:

THE HONOURABLE J. ALLEN PRESIDING IN COUNCIL.

WHEREAS by the thirtieth section of the Public Works Act, 1908 (hereinafter termed "the said Act"), it is enacted that if it is found that any land held, taken, purchased, or acquired at any time under this or any other Act or Provincial Ordinance, or otherwise howsoever, for any public work is not required for such public work the Governor may, by Order in Council publicly notified and gazetted, cause the same to be sold under the conditions set forth in the said Act:

And whereas a memorial has been laid before the Governor by the Mornington Borough Council (hereinafter called "the said Council"), accompanied by a map, setting forth that certain land was acquired for the purposes of a quarry:

And whereas the land as described in the Schedule hereto is not now required by the said Council for the purposes aforesaid, and the said Council desires to sell the same:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the

*Portions of District Roads in the Taieri County exempted from the Provisions of Section 117 of the Public Works Act, 1908.*

LIVERPOOL, Governor.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this first day of March, 1915.

Present:

THE RIGHT HONOURABLE W. F. MASSEY, P.C., PRESIDING IN COUNCIL.

WHEREAS by subsection one of section one hundred and seventeen of the Public Works Act, 1908, it is, *inter alia*, provided that the said section shall not apply in any case where the local authority having control of any road or street by resolution declares that the provisions thereof shall not apply to any specified road or street, or any specified part thereof, and such resolution is approved by the Governor in Council:

And whereas by subsection two of section one hundred and seventeen of the Public Works Act, 1908, it is provided that such approval may be either absolute or subject to such conditions with respect to the building-line as the Governor, by Order in Council, thinks fit to impose:

And whereas the Taieri County Council, being the local authority having control of the portions of roads described in the Schedule hereto, did by resolution declare that the provisions of the said section one hundred and seventeen should not apply to the said portions of roads:

And whereas it is deemed expedient that such resolution should be approved:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers conferred by the above-in-part-recited Act, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the said resolution in so far as it affects the said portions of roads described in the Schedule hereto.

SCHEDULE.

ALL that portion of district road in Otago Land District, Taieri County, commencing at the south-eastern corner of Section 1, Block V, Taieri Survey District, and proceeding thence in a north-westerly direction for a distance of 14.25 chains, more or less, adjoining part of the said Section 1.

Also all that portion of district road in the said land district and county, commencing at the south-eastern corner of the said Section 1, and proceeding thence in a south-westerly direction for a distance of 14.75 chains, more or less, adjoining the said Section 1, and terminating at the south-eastern corner of Section 2, Block V aforesaid.

As the said portions of roads are more particularly delineated on the plan marked P.W.D. 36953, and deposited in the office of the Minister of Public Works at Wellington, in the Wellington Provincial District, and thereon coloured yellow.

*Prohibiting the Export of Vessels, Boats, and Craft.*

LIVERPOOL, Governor.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this eighth day of March, 1915.

Present:

THE HONOURABLE J. ALLEN PRESIDING IN COUNCIL.

WHEREAS by section forty-seven of the Customs Act, 1913, as extended by section twenty-four of the Regulation of Trade and Commerce Act, 1914, it is enacted that the Governor may from time to time, by Order in Council gazetted, prohibit the exportation of any goods the prohibition of the exportation of which is in his opinion necessary in the public interest:

And whereas in the opinion of the Governor it is necessary in the public interest that restrictions should be imposed upon the exportation of vessels, boats, and craft:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the powers and authorities conferred upon him by section forty-seven of the Customs Act, 1913, and section twenty-four of the Regulation of Trade and Commerce Act, 1914, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of that Dominion, doth hereby prohibit the exportation of vessels, boats, and craft of all kinds from the said Dominion to any destination other than the United Kingdom or a British Possession or Protectorate, save in cases where the license of the Minister of Marine has first been obtained in that behalf.

J. F. ANDREWS,  
Clerk of the Executive Council

NOTE.—It is hereby notified for the information of the public that the purpose of the above Order in Council prohibiting the export of ships is to prevent during the present war the transfer of British ships, whether registered in New Zealand or elsewhere, to foreign owners or foreign registers. Without the license of the Minister of Marine no British ship will be allowed to leave a New Zealand port for any foreign destination if transferred or intended for transfer to any person or company not qualified to own a British ship or to a foreign register.

W. H. HERRIES,  
Minister of Marine.

*License authorizing the Auckland City Council to erect Electric Lines in the City of Auckland.*

LIVERPOOL, Governor.  
ORDER IN COUNCIL.

At the Government Buildings at Wellington, this first day of March, 1915.

Present :

THE RIGHT HONOURABLE W. F. MASSEY, P.C., PRESIDING  
IN COUNCIL.

WHEREAS by section two of the Public Works Amendment Act, 1911, it is provided that no person shall lay, construct, put up, place, or use any electric line except under the authority of a license issued by the Governor in Council under that Act: And whereas the Auckland City Council (hereinafter referred to as "the said Council") desires to erect electric lines along certain routes in portion of the Borough of Mount Eden and within the area of supply as defined in the Schedule hereto, and hereinafter called "the area of supply," and it is expedient accordingly to issue a license in respect thereof under the said section:

Now, therefore, in pursuance and exercise of the powers conferred upon him by the said section, and of all other powers enabling him in that behalf, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth, subject to the conditions set forth in the Schedule hereto, hereby authorize the said Council to erect and maintain electric lines for lighting, power, and heating purposes within the area of supply and along the routes in portion of the Borough of Mount Eden as indicated by red lines on the plan marked P.W.D. 36192, deposited in the office of the Minister of Public Works at Wellington, in the Wellington Provincial District.

SCHEDULE.

CONDITIONS.

1. Interpretation.

In this license the following words and phrases shall have the meanings hereby attached to them respectively:—

- "Consumer's wires" means any electric line or lines on the consumer's premises which are electrically connected with the said Council's electric supply lines.
- "Earthed" means connected with the general mass of earth in such manner as to ensure at all times an immediate and safe discharge to earth of electric energy.
- "Electric distribution line" means that portion of the system to which electric service lines are connected for the purpose of supplying consumers.
- "Electric line" means any wire, conductor, or other means used for conveying, transmitting, or distributing electricity for power, lighting, or heating purposes; and includes any instrument, insulator, casing, tubing, pipe, covering, or post enclosing or supporting an electric line or anything connected therewith.
- "Electric service line" means the line connecting the consumers' premises to an electric distribution line.
- "Extra high pressure" means pressures over 3,300 volts.
- "High pressure" means pressures over 650 volts and up to 3,300 volts.
- "Inspecting Engineer" means and includes any Inspecting Engineer appointed by the Minister to inspect works constructed or maintained by virtue of any electric-line licenses, or any water-power licenses, or any combined water-power and electric-line licenses issued under the Public Works Act, 1908, and any or all of its amendments, or under any one or more of such amendments only, or any Act or Acts passed in amendment thereof or substitution therefor.
- "Low pressure" means pressures up to 650 volts.
- "Minister" means Minister of Public Works.
- "Pressure" means difference of electric potential.
- "Street" includes road.
- "Substation" means any building or enclosure, either above or below ground, which shall be accessible only to authorized persons and containing transforming or converting apparatus for the supply of energy.
- "Telegraph" includes telephone.
- "Telegraph line" has the same meaning as "Electric Line" in the Post and Telegraph Act, 1908.

2. Area of Supply.

The area of supply shall be as follows:—

- (a.) City of Auckland as at present constituted.
- (b.) The Borough of Newmarket as at present constituted.

- (c.) Road District of Eden Terrace as at present constituted.
- (d.) Portion of the Eden County.

All as indicated by means of a red border on P.W.D. 37288, deposited in the office of the Minister of Public Works at Wellington, in the Provincial District of Wellington.

3. System of Supply.

Electrical energy shall be supplied on the following systems:—

(a.) Three-wire direct current, with a pressure not exceeding 460 volts between the outers and 230 volts between each outer and the intermediate conductor.

(b.) Three-phase alternating current at a frequency of 50 cycles per second and a pressure of 6,600 volts between phases for transmission to main substations. At the substations this shall be converted to direct current for distribution on the two- or three-wire system at a pressure not exceeding 460 volts between the outer conductors, or transformed for distribution on the three-phase four-wire system at a pressure of 400 volts between phases and 230 volts between each phase and the neutral conductor or transformed to 3,300 volts for distribution to transformers placed in substations or on poles.

The declared pressure at the consumers' terminals shall be 460 volts and 230 volts respectively for the direct-current supply, and 400 volts and 230 volts respectively for the alternating-current supply. The neutral and intermediate conductors shall be earthed in accordance with clause 4.

4. Connection of Circuits with Earth.

The neutral point of one or more of the generators in service shall be earthed.

The connection with earth of the neutral conductor of the low-pressure three-phase system or the intermediate conductor of the low-pressure three-wire system shall be made at one point only on each distinct circuit—namely, at the generating station, substation, or transformer—and the insulation of the circuit, except at that point, shall be efficiently maintained at all other parts. A switch or link shall be provided for disconnecting the earth connection for testing.

The current from the intermediate conductor to earth shall be continuously recorded by a recording ammeter, and if it at any time exceeds one-thousandth part of the maximum supply current, steps shall be immediately taken to improve the insulation of the system.

5. Regulation of Pressure.

The pressure shall be maintained within 4 per cent. on lighting-distributing circuits above or below the declared pressure at the consumer's terminals. The said Council shall supply suitable recording voltmeters for this service, and on complaint by any consumer that the variations in voltage exceed these limits, or on the instructions of the Inspecting Engineer, the said Council shall connect a recording voltmeter to record the pressure between the lines at their entrance to the consumers' premises, and shall supply to the Inspecting Engineer a chart showing the variations in voltage between the lines at this point for a period of seven consecutive days. If the variations thus recorded exceed the above limits the said Council shall take immediate steps to comply with this regulation. If after thirty days a similar chart shows that the above limits of variation in voltage are not complied with, a breach of this license shall be deemed to have been committed. If the accuracy of the said Council's recording voltmeter is questioned by the consumer, a standard instrument shall be supplied by the Inspecting Engineer, the reading of which shall be accepted as final.

6. Switchboards.

All switchboards shall be made of and mounted on material that is not inflammable; and the maximum permissible current and temperature in any conductor mounted thereon or leading thereto shall not exceed the values permitted under the rules of the Institution of Electrical Engineers of Great Britain. No conductor at a pressure above 650 volts shall be exposed on the front of any switchboard; and the back of any switchboard carrying conductors at a pressure over 650 volts shall be screened off, and accessible only to authorized persons.

All power-house and substation switchboards controlling extra high-pressure circuits shall be provided with two efficient and independent earth-connections, connected in parallel, to which all frames, instrument-cases, and other metal parts thereof shall be connected. Means shall be provided for testing the resistance between these two connections through the earth. Such tests shall be made at least once a month and be recorded.

Every switch intended to be used for breaking a circuit, and every circuit-breaker, shall be so constructed or arranged that it cannot with proper care be left in partial contact or accidentally fall or move into contact when left out of contact.

All switchboard circuits shall be so arranged that the course of any conductor may be readily identified.

Adequate means of access, free from danger, shall be provided for every switchboard passage-way; and the following provisions shall apply to all switchboard working-platforms and passage-ways, unless the bare conductors, whether overhead or at the sides of the passage-ways, are otherwise adequately protected against danger by divisions or screens or other suitable means:—

(a.) Passage-ways constructed for low-tension switchboards shall have an overhead clearance of 7 ft. between the conductors and the floor, and a clear width measured from bare conductor of not less than 3 ft.

(b.) Passage-ways constructed for extra high-pressure switchboards, other than operating desks or panels working solely at low pressure, shall have an overhead clearance of not less than 8 ft., and a clear width measured from bare conductor of not less than 3 ft. 6 in.

(c.) Bare conductors shall not be exposed on both sides of the switchboard passage-way unless either (1) the clear width of the passage is, in the case of low pressure, not less than 4 ft. 6 in., and, in the case of extra high pressure, not less than 8 ft., in each case measured between bare conductors; or (2) the conductors on one side are so guarded that they cannot accidentally be touched.

Suitable means, such as rubber mats and gloves, shall be provided and used when necessary adequately to prevent danger.

#### 7. Circuit-breakers.

All outgoing feeders and distributors from any power-house or substation shall be provided with automatic circuit-breakers or fuses set to open at 100 per cent. excess current over the rated full load of such feeder or distributor, with a time-limit not exceeding ten seconds.

#### 8. Fuses.

Every fuse shall be either of such construction or so protected by a switch that the fusible metal may be readily renewed without danger.

#### 9. Distribution.

The distribution may be carried out either by underground or overhead conductors; provided that if at any time it is deemed by the Minister to be detrimental to the public safety for the conductors or any particular class of conductors to be overhead such conductors shall, on receipt of notification to that effect from the Minister, and within twelve months of such notification, be laid underground, and all consequent and necessary alterations made by and at the cost of the said Council.

#### 10. Overhead Electric Lines.

The diameter of any conductor in any electric line laid or erected for the supply of electrical energy shall not be less than 0.104 in. diameter (No. 12 S.W.G. or 7/20 S.W.G.). If the material of the conductor is aluminium the conductor shall be stranded.

#### 11. Stresses in Overhead Lines.

The stress in overhead conductors shall not exceed the following limits: 25,000 lb. per square inch for hard-drawn copper, 12,500 lb. per square inch for hard-drawn aluminium, 34,000 lb. per square inch for steel, and 22,500 lb. per square inch for iron in the event of a minimum temperature of 32° Fahr. and a wind-pressure of 18 lb. per square foot of diametral plane occurring simultaneously in the case of lines erected outside borough and township limits, and 12 lb. per square foot of diametral plane in the case of lines within borough or township limits. The span between supports and the sag shall be determined to conform to the above limiting stresses.

#### 12. Clearances for Overhead Lines.

Overhead lines at low pressure shall not in any part thereof be at a less height than 18 ft. from the ground.

Overhead lines at extra high pressure shall not in any part thereof be at a less height than 23 ft. from the ground.

At road crossings the above minimum heights shall be increased in each case by 2 ft.

At electric-tramway crossings all electric lines shall be carried at such a height as to be out of reach of the trolley-pole of a tram-car when in a vertical position.

No overhead electric lines shall come within 2 ft. of any other aerial wires or cables, except where it may be permitted to pass either set of wires between other wires at a pole or support.

Overhead electric lines shall be so erected as to be inaccessible to any person without the use of a ladder or other special appliance.

The maximum sag shall be computed on the assumption that the conductor is subject to a temperature of 122° F.

#### 13. Supports for Overhead Line.

Every support for an aerial line shall be of durable material, and properly strengthened against forces due to wind-pressure, change of direction of line, and unequal length of span. The factor of safety of supports carrying electric distribution lines shall be four in the case of steel, iron, or ferro-concrete, and five in the case of wood, calculated upon the ultimate strength of material, assuming the wind-pressure to be 20 lb. per square foot upon a plane surface and 12 lb. per square foot upon a diametral plane upon a cylindrical surface.

All aerial wires shall be attached to suitable insulators carried on cross-arms or brackets of suitable material and cross-section, and they shall be so attached to the insulators or guarded that they cannot fall away from the supports. Conductors covered with insulating material shall be so attached that their insulation shall not be impaired where they are secured to the insulators.

Electric lines at low pressure may be carried on brackets attached to buildings; provided they are inaccessible from any window, balcony, parapet, or other portion of the building without the use of a ladder or other special appliance.

#### 14. Maximum Length of Span.

The distance between supports carrying electric distribution lines shall not exceed 150 ft. where the direction of the line is straight, or 120 ft. where the direction is curved or where the wires make a horizontal angle at the point of support.

#### 15. Angle of crossing Thoroughfares.

Where an aerial line crosses a street the angle between the line and the direction of the street at the place of crossing shall not be less than 60°, and the span shall be as short as possible.

#### 16. Covering of Overhead Lines.

Electric lines at low pressure shall be insulated throughout with triple braiding, thoroughly impregnated with water-proof compound; provided that where circumstances permit the lines may, with the consent of the Minister, be bare.

Electric lines at extra high pressure shall be bare.

Earthed neutral or intermediate conductors may in all cases be bare.

#### 17. Low and Extra High Pressure Lines on same Poles.

Low-pressure and extra high-pressure lines shall not be carried on the same poles or supports except with the consent of the Minister, who shall prescribe the conditions under which the electric lines shall be erected.

#### 18. Location of Overhead Lines.

Except by permission of the Minister of Telegraphs, or subject to an agreement between the Post and Telegraph Department and the said Council, all overhead electric-lines shall be placed on the opposite side of the street to that on which any telegraph lines exist; and where the erection of the electric-line necessitates the alteration of any existing lines, and such alteration is approved by the Minister of Telegraphs, the expense of the alteration shall be borne by the said Council.

In running the lines authorized by a license through the street where no telegraph line exists, the said Council shall keep to one side of the street, and in running wires to the opposite side of the street the said Council shall arrange so as to interfere as little as possible with the route on that side of any future telegraph line.

#### 19. Facility for Service Connections, &c.

Where electric distribution lines are on one side of the street and telegraph lines on the other, and service is required to be given from either to the other side of the street, the said Council and the Minister of Telegraphs shall give to each other reasonable facilities as far as possible to effect supply. The Minister of Telegraphs and the said Council shall in special circumstances give to each other reasonable facilities for the joint use of poles.

#### 20. Use of Telegraph Department's Poles.

Electric lines shall not under any circumstances be attached to the Post and Telegraph Department's poles without the consent of the Minister of Telegraphs.

Where electric lines are permitted to be supported on telegraph poles all details of the supports and the insulation shall be approved by the Minister of Telegraphs, apart from any other provision contained in these regulations, who may require such electric lines at any time to be removed from such telegraph poles on reasonable notice, and without any compensation whatsoever.

#### 21. Protection of Telegraph Wires, &c.

The said Council shall take all reasonable precautions in constructing, laying down, and placing the electric lines and

other works of all descriptions, and in working the undertaking, so as not injuriously to affect, whether by induction or otherwise, the working of any wire or line used for the purpose of telegraphic, telephonic, or electric-signalling communication, or the currents of that wire or line, whether that wire or line is or is not in existence at the time of the laying-down or placing of the electric lines or other works.

At telegraph crossings the electric lines shall pass over or under the telegraph wires or cables, as may be decided by the Minister of Telegraphs, and shall be at least 2 ft. distant. Where it is impracticable to cross above or below, the electric lines may be taken through; but when permitted to be taken through, the crossing shall be made at a pole in a manner to be approved by the Minister of Telegraphs.

Where electric lines and telegraph lines intersect, the latter shall be suitably insulated if deemed necessary, and when the crossing is above and near a pole the spans of the latter on each side of the pole may be insulated. This insulation shall be effected at the expense of the said Council in cases where the telegraph lines existed previously to the erection of the electric lines.

Where overhead electric lines at extra high pressure cross telegraph lines, the electric lines shall be subject to special conditions as may be required by the Minister of Telegraphs in each case of such crossing.

Where deemed necessary, efficient guard-wires effectively earthed, or other approved protective devices, shall be erected, in a manner to meet with the approval of the Minister of Telegraphs, at all crossings or places where electric lines and telegraph lines intersect, or at any place where such protection may be considered necessary.

Such guard-wires shall be carried on substantial supports at a height of 2 ft. above the electric lines if the telegraph wires pass over the electric lines, or 2 ft. above the telegraph wires if they pass under the electric lines. In addition to the above precautions telegraph wires may be insulated if deemed necessary by the Minister of Telegraphs.

Where lead-covered telephone cables are crossed above or below by the electric lines, the latter lines shall be insulated with not less than 600-megohm-per-mile grade of vulcanized rubber throughout the crossing-span, and in every such span the maximum tension in the wire shall not exceed one-half the elastic limit of the wire under the conditions of minimum temperature and wind-pressure specified in clause 11.

In places where it may be required to cross the electric lines through any other aerial wires or cables because of the impracticability of crossing above or below—and crossing above or below shall be done if possible—all such through crossings, if permitted by the Minister, shall be effected at a pole. In every case of a through crossing, no matter whose property the lines crossed through may be, the method of carrying the electric lines across the pole, protecting them thereon, protecting other wires from coming into contact with them, and protecting persons working on the poles from danger of shock shall be to the satisfaction of the Minister. The electric lines shall be insulated with not less than 600-megohm-per-mile grade of vulcanized rubber where they pass through on the poles, and over the whole length of the span on each side of the pole crossed through. Where the insulated wires cross through on the pole they shall be encased in some approved hard protecting substance for the entire length of the arm on such pole. If metal pipe is used to encase the wire it shall be effectively earthed.

The cost of all necessary guard-wires and special provisions required to comply with this clause, or deemed to be necessary as a protection to telegraph or telephone lines generally, shall be borne by the said Council, when the telegraph lines are erected before the electric lines. In cases where the electric lines are erected before the telegraph line, the said Council, on receipt of notice from the local officer of the Telegraph Department that it is proposed to run a telegraph line along the route, shall forthwith make the necessary changes required to comply with this clause at any points at which electric lines already cross such routes, the cost of such changes being borne by the Post and Telegraph Department.

#### 22. Lines not in Commission.

An aerial line shall not be permitted to remain erected after it has ceased to be used for the supply of energy unless the said Council intends within a reasonable time again to take it into use.

#### 23. Lines crossing Metallic Substances.

When an aerial line crosses or is in proximity to any metallic substance, precautions shall be taken by the said Council against the possibility of the line coming into contact with the metallic substance by breakage or otherwise.

#### 24. Railway Crossings.

No work of any nature shall be erected or constructed upon, over, or under any part of New Zealand Government railways

until the said Council has obtained the consent of the Minister of Railways thereto, as required by section 4 of the Government Railways Amendment Act, 1910 (No. 2).

Where overhead lines cross the railway the span between the supports shall not exceed 100 ft. in length where practicable. The poles on each side of the railway shall be embedded in concrete.

The lines over the railway, and for a span each side of the railway, shall be erected with a factor of safety on the basis that a maximum tension in the wire shall not exceed half the elastic limit of the wire under the conditions of minimum temperature and wind-pressure as specified in clause 11.

The minimum clearance above rail-level shall be 24 ft. for all lines working at low pressure, and 30 ft. for all lines working at extra high pressure. The dip or sag shall be calculated on the assumption of a maximum temperature of 122° F. The supports of the lines shall have a factor of safety of four (4) under the conditions of wind-pressure hereinbefore specified.

The conductors shall be hard-drawn stranded aluminium or copper cable.

For any pressure not exceeding 3,300 volts, the conductors shall be insulated with not less than 600-megohm-per-mile grade of vulcanized rubber, taped, braided, and compounded.

For extra high pressure the conductors shall be bare, and earthed bars shall be so fixed under each conductor that in the event of a conductor breaking, contact with the earthed bars shall be made before coming into contact with a passing train.

Telephone wires may be run with a minimum clearance above the rails of 24 ft., and shall be of hard-drawn copper of not less than No. 10 S.W.G. where they cross the railway and for a clear span on either side.

Guard-wires shall be erected by the Railway Department over the railway wires at the expense of the said Council wherever they may be deemed to be necessary.

#### 25. Earth-wires.

Earth-wires, where led down poles, shall be protected by a casing for a distance of 8 ft. from the ground. A test shall be made every twelve months, or oftener if required, to ensure that the earth-wire is intact, and that the earth is effective.

#### 26. Lightning-arresters.

Where any portion of any electric line, or support for an electric line, is exposed in such a position as to be liable to injury from lightning it shall be efficiently protected against such liability.

#### 27. Transformers.

Transformers shall be placed either on poles or in substation. Where transformers are placed on poles they shall be fitted with watertight cases, and attached to the poles at such a height as to make them inaccessible except by means of a ladder or other special appliance. Where transformers are placed within substation, the substation shall be inaccessible except to authorized persons; all extra high-pressure conductors therein shall be thoroughly insulated or protected from accidental contact. A substantial insulating rubber mat or insulated wooden platform and rubber gloves shall be supplied. The cases of all transformers, whether within or without a substation, shall be connected to an efficient earth by a copper conductor in accordance with the rules of the Institution of Electrical Engineers of Great Britain for earthing.

Where cables are led to and from transformers placed on poles they shall be protected on the poles by being run in iron pipes, which shall be effectively earthed.

#### 28. Motor Installations.

The frames of motors shall be connected to an efficient earth by a copper conductor, in accordance with the rules of the Institution of Electrical Engineers of Great Britain for earthing. All metal casings of switches, resistances, fuses, cables, and wires shall be efficiently earthed in a similar manner.

Every motor of 1½ horse-power or over must be controlled by an efficient quick-break iron-clad switch suitable to prevent arcing, and conveniently placed so that the person in charge of the motor can cut off wholly the supply from the motor and all devices in connection therewith.

Efficient fuses or other automatic cut-out must be provided to efficiently protect the conductors in each circuit from excess of current.

Every precaution shall be taken in choosing positions for and in wiring and setting-up of motors, and the necessary devices in connection therewith, so that there shall be no danger of fire being caused by their normal or abnormal action, or of shock being sustained, or in the ordinary handling thereof.

Terminals of motors must be so guarded that they cannot be accidentally touched or short-circuited.

The insulation resistance of each motor-circuit, including all devices necessary for the working of the motor, shall be not less than 1 megohm to earth when all metal parts that are required to be connected to earth are so connected.

#### 29. Arc Lamps.

All arc lamps shall be so guarded as to prevent pieces of ignited carbon or broken glass falling from them, and shall not be used where there is any danger of the presence of explosive dust or gas.

Arc lamps used in any street for public lighting shall be so fixed as not to be in any part at a less height than 10 ft. from the ground.

Arc lamps used in any street for private lighting shall be so fixed as not to be in any part at a less height than 8 ft. from the ground, and shall be so screened as to prevent risk of contact with persons.

Arc lamps must be insulated from earth, and be fixed so that they cannot swing into contact with any substance, metallic or otherwise, that might connect them with earth. They may be run in series, and at any available voltage up to 400 volts.

Resistances for the regulation of arc lamps, if exterior to the lamp, shall be mounted on incombustible bases, shall be so placed that they cannot by conduction or radiation set fire to any contiguous material, and shall be of ample size to safely carry the maximum current that will normally flow through them.

Each arc-lamp circuit shall be provided with a fuse on each pole, except when connected to an earthed neutral or intermediate conductor, when there shall be only one fuse placed on the other pole of the arc-lamp circuit. Interior arc lamps shall also be provided with a switch on each circuit.

#### 30. Underground Conductors.

Underground conductors shall be thoroughly insulated, and shall be protected from mechanical damage by steel armouring, wooden boxing, or earthenware, stoneware, concrete, iron, or fibre conduits or pipes. They shall be laid, wherever possible, under the footpaths, and with a cover of at least 9 in. from the surface of the pavement. Where laid under the roadway this cover shall be increased to 2 ft.

All conduits, pipes, casings, and street boxes used as receptacles for electric lines shall be constructed of durable material, and shall be of ample strength to prevent damage from heavy traffic; and reasonable means shall be taken to prevent the accumulation of gas in such receptacles.

Where any underground line crosses or is in proximity to any metallic substance, special precaution shall be taken against the possibility of any electrical charging of the metallic substance from the line, or from any metallic conduit, pipe, or casing enclosing the line.

Every portion of any extra high-pressure electric line placed above the surface of the ground, or in any subway not in the sole occupation of the said Council, shall be completely enclosed either in a tube of highly insulated material embedded in brickwork, masonry, or cement concrete, or in strong metal casing efficiently connected with earth.

Where any extra high-pressure electric line is laid beneath the surface of the ground, efficient means shall be taken to render it impossible that the surface of the ground, or any neighbouring electric line or conductor, shall become charged by leakage from the extra high-pressure line.

An extra high-pressure electric line shall not be used for the supply of energy before it has been completely laid, properly jointed, examined, and tested, or until it is in the sole charge of the said Council; and every such line shall, during its use, be in the sole charge of the said Council.

#### 31. Street Boxes.

The covers of street boxes shall be so secured that they cannot be opened except by means of a special appliance. Street boxes shall be either filled with cable compound or oil, or if not so filled shall be inspected from time to time for the presence of gas, and suitable action shall be taken to check its influx and accumulation.

#### 32. Earthing Conduits.

All metallic conduits, pipes, or casings containing high or extra-high pressure electric lines shall be efficiently earthed, and shall be so jointed and connected across all street boxes and other openings as to make good electrical contact throughout their whole length.

#### 33. Maintenance.

Every portion of an electric-supply system, whether aerial or underground, also all structural parts and electric appliances and devices belonging to or connected therewith, shall be duly and efficiently maintained by the said Council as regards both electrical and mechanical conditions.

#### 34. Insulation of Electric Lines.

Every insulated conductor, either overhead or underground, shall be tested for insulation after having been placed in position and before it is used for the purposes of supply, the testing pressure being the maximum pressure to which it is intended to be subjected in use, and in any case at least 500 volts; and the said Council shall duly record the results of such tests.

An extra high-pressure circuit shall not be brought into use unless the insulation of every part thereof has withstood the continuous application, during half an hour of pressure exceeding the maximum pressure to which it is intended to be subjected in use; in the case of every electric line to be used for a pressure not exceeding 10,000 volts, twice the said maximum pressure. The said Council shall record the results of the tests of each circuit or section of a circuit.

The insulation of every complete circuit used for the supply of energy, including all machinery, apparatus, and devices forming part of or in connection with such circuit, shall be so maintained that the leakage current shall not under any condition exceed one-thousandth part of the maximum supply current; and suitable means shall be provided for the indication and localization of leakage. Every leakage shall be remedied without delay.

Every such circuit shall be tested for insulation at least once in every month, and the said Council shall duly record the results of such tests; provided that when any part of an electric circuit is normally connected with earth as specified in clause 4, paragraph 2, the provision of this regulation shall not apply to that circuit so long as the connection with earth exists.

#### 35. Service Lines from Overhead Lines.

Service connections from aerial lines shall be taken direct from insulators, and shall not be tapped off between supports. They shall be led as directly as possible to insulators firmly attached to some portion of the consumers' premises which is not accessible to any person without the use of a ladder or other special appliance.

Every portion of any electric service line, except an earthed neutral or intermediate conductor, which is outside a building, but is accessible therefrom, shall be efficiently protected by rubber insulation of 600-megohm grade.

#### 36. Service Connections.

The said Council shall be responsible for all electric lines, or wires, fittings, and apparatus belonging to it or under its control, which may be upon a consumer's premises, being maintained in a safe condition and in all respects fit for supplying energy.

In delivering the energy to a consumer's terminals the said Council shall exercise all due precautions so as to avoid risk of causing fire on the premises.

A suitable safety-fuse or other automatic circuit-breaker shall be inserted in each service line, within or without a consumer's premises, as close as possible to the point of entry, and contained within a suitable locked or sealed receptacle of fireproof construction.

All electric wires or apparatus on a consumer's premises, except such parts as require to be earthed, shall be highly insulated, and suitable for the voltage at which the supply is given. They shall be thoroughly protected against injury to the insulation or access of moisture. All electric wires shall be so fixed and protected as to prevent the possibility of electrical discharge to any adjacent metallic substance.

The maximum permissible current in any conductor shall not exceed the value permitted under the rules of the Institution of Electrical Engineers of Great Britain.

#### 37. Supply to Consumers.

The owner or occupier of any premises within the area of supply included in the license shall be entitled to a supply of electrical energy on the following conditions:—

(a.) If within 25 ft. of the boundary of any street in which an electric distribution line belonging to the said Council exists, the service shall be made free of cost.

(b.) If more than 25 ft. distant from the boundary-line, the said Council shall run the necessary electric service lines for a distance of 25 ft. free of charge, and the consumer shall pay the cost of the electric service lines for the balance of the distance.

(c.) If the plant or mains of the said Council are insufficient to supply the applicant with electrical energy, the service may, with the consent of the Minister, be postponed for a period not exceeding twelve months. Otherwise service shall be made within twenty-eight days of application.

(d.) Every consumer within any part of the area included in the license shall be entitled to a supply of electrical energy on the same terms of payment on which any other consumer in such part of the area is entitled under similar circumstances to a corresponding supply.

(e.) If the nature of the proposed consumption of energy by any applicant is such as is likely to seriously interfere with the maintenance of a constant pressure on the lines in accordance with clause 5, the said Council may, with the approval of the Minister, require the consumer to install such apparatus as shall enable the conditions of clause 5 to be complied with.

(f.) The said Council may require services to be wired or installed by competent tradesmen, but no preference shall be given to services wired or installed by any individual contractor or firm of contractors.

(g.) The charge for electrical energy, if paid within fourteen days of the rendering of a correct account, shall not exceed an average rate of 9d. per unit for lighting purposes, and an average rate of 4d. per unit for motor-power, heating, or cooking purposes; provided that lighting purposes shall include the operation of generators for lighting purposes. If not paid within the said period of fourteen days, the charges shall not exceed 10d. and 6d. per unit respectively.

#### 38. Installation on Consumer's Premises.

The said Council shall not connect the wires and fittings on a consumer's premises with its lines, or, in the case of premises already connected, continue the supply from its lines, unless it is reasonably satisfied that the requirements of this license are complied with; that the wiring and fittings are suitable for the voltage at which supply is given; and that the connection or continuance of supply would not cause a leakage from those wires dangerous or likely to become dangerous to life or property.

For the purpose of satisfying itself that the requirements of this license are being observed in so far as they apply to wires on a consumer's premises, the said Council shall require that notice shall be served of the intention to install wires, fittings, lamps, motors, or other apparatus on any such premises, and may inspect and test the same during any reasonable hours while the installation of such is in progress.

#### 39. Testing Consumer's Installation.

If the said Council is reasonably satisfied, after making all proper examination on the completion of the installation by testing or otherwise, that the wirings and fittings are not suitable for the voltage being employed, or that a leakage exists at some part of the circuit of such extent as to be a source of danger, and that such leakage does not exist at any part of the circuit belonging to the said Council, or that any other requirements of this license are not being complied with, then and in such case any officer of the said Council duly authorized in writing may, for the purpose of discovering whether the leakage exists at any part of a circuit within or upon any consumer's premises, or whether the wiring is suitable and the general requirements of the license are complied with, by notice require the consumer, at some reasonable time after the service of the notice, to permit an inspection of the wires and fittings belonging to the consumer and forming part of the circuit.

If on such inspection and testing the officer discovers that the requirements of this license are not properly conformed to, or if the consumer does not give all due facilities for inspecting and testing, the said Council shall either not commence a supply or shall forthwith discontinue the supply of energy to the premises in question, giving immediate notice to the consumer of the reasons for not commencing or for discontinuing the supply; and in either case supply shall not be given until the said Council is reasonably satisfied that the installation is in conformity with the requirements of this license.

If any consumer is dissatisfied with the action of the said Council in refusing to give, or in discontinuing, or in not recommencing the supply of energy to his premises, the wires and fittings of that consumer may, on his application to the Minister and on payment of the cost, be inspected and tested by the Inspecting Engineer. This provision shall be endorsed on every notice given under the provisions of either of the two preceding paragraphs.

#### 40. Inspection of Works.

The Minister may at any time order an inspection to be made of the works, lines, and wires of the said Council used for electric lighting and power purposes. If any defect is found to exist it must be remedied forthwith; and if, in the opinion of the officer or person inspecting, such defect is serious the Minister may, on receipt of the report, direct the said Council to at once cease transmitting energy either over the whole of the said Council's line and wires or over any specified part thereof until such defect is repaired or remedied. The cost of such inspection shall be borne by the said Council.

#### 41. Compliance with Conditions.

For the purpose of ascertaining whether the conditions of this license are being faithfully complied with by the said

Council, the Minister, or any person appointed by him in that behalf, may at all reasonable times enter on the lands and works and inspect the same.

#### 42. Notice before Commencement.

Before commencing any part of the work authorized the said Council shall give fourteen days' notice in writing to the District Engineer of the Public Works Department and to the District Engineer of the Post and Telegraph Department of the intention so to do. Such notice shall be accompanied by a plan showing the location of the proposed electric lines.

#### 43. Time of Construction.

The said Council shall, within twelve months from the date of the license, make a substantial commencement of the work to which this license refers, and shall proceed continuously and energetically with the construction of all such works until they are completed.

#### 44. Notice of Completion.

The said Council shall, prior to the completion of the said works or any separate portion thereof, give to the Minister at least one month's notice in writing of the estimated date of such completion.

#### 45. Commencement of Supply.

The said Council shall not use the said electric lines or any portion thereof, or permit the same to be used, for any purpose until the Minister has given notice in writing that he has received from the Inspecting Engineer a certificate that the works authorized, or the portion as aforesaid, have been satisfactorily carried out.

#### 46. Continuity of Supply.

From and after the time when the said Council commences to supply energy in pursuance of this license, the said Council shall maintain continuously, during the period of the day for which the said Council has agreed with any consumer to supply energy, sufficient power for the use of all such consumers for the time being entitled to be supplied; provided also that for any purpose connected with the efficient working of the undertaking the Minister may give permission to the said Council to discontinue the supply at such intervals of time and for such periods as he may think expedient. When the supply is so discontinued public notice shall be given, when practicable, of such discontinuance and of the probable duration thereof.

#### 47. Notice regarding Extensions.

Before commencing the erection of any part of the line authorized, or the extension or alteration of any line already erected, the said Council shall give at least seven days' notice in writing to the District Engineer of the Public Works Department, and also to the District Telegraph Engineer of the Post and Telegraph Department, or his deputy, of its intention to carry out the work, and shall forward to the Minister a locality-plan showing the route of any extension.

#### 48. Assignment.

This license, and the benefits and obligations hereunder, shall not be assigned by the said Council without the express consent in writing of the Governor in Council first had and obtained, subject to such conditions as the Governor in Council thinks fit to impose.

#### 49. Default and Penalty.

(a.) If the said Council fails or neglects to use and maintain the said works after completion thereof so as to secure to the area of supply the full benefit of the undertaking; or

(b.) If the said Council fails to observe, perform, fulfil, or keep any of the requirements, conditions, and provisions of the Public Works Amendment Act, 1911, or its amendments, to the full intent of the same or of any part thereof; or

(c.) If the said Council shall fail to observe any of the conditions or obligations herein imposed upon the said Council,—

then in any such case it shall be lawful for the Governor, by Order in Council, either to revoke the license or to impose upon the said Council a fine not exceeding £20 for the breach of any such condition or obligation, such fine to be recovered in any Court of competent jurisdiction by any person appointed by the Governor to recover the same.

#### 50. Revocation, &c.

The powers of revocation or infliction of fines by a license vested in the Governor shall not be exercised unless and until the Governor has caused to be given to the said Council, or placed upon some principal or conspicuous part of the works, a notice in writing of the intention to exercise the same, and of the specified breach or breaches in respect of

which the aforesaid powers are intended to be exercised, and default has been made by the said Council (after the giving or leaving of such notice) in repairing or remedying the breach complained of for the following spaces of time:—

- (a.) For any breach of the conditions of the license which in the opinion of the Governor can be met by a fine, thirty days after the giving or leaving of such notice.
- (b.) For any breach of the conditions of the license which in the opinion of the Governor is of such a nature as to require the revocation of the license, ninety days after the giving or leaving of such notice.

#### 51. *Electric Lines in other Local Authorities' Districts.*

Notwithstanding anything hereinbefore contained, the said Council shall not be entitled to erect, maintain, or use any electric line within other local authorities' districts, except subject to such conditions (not inconsistent with the provisions of this license and the regulations relating thereto) as may from time to time be agreed on between the said Council and the local authority affected.

#### 52. *Public Works Compensation, &c.*

Nothing herein contained shall be deemed in any way to interfere with, affect, or abridge any rights or powers vested in His Majesty the King, or in the Governor on his behalf, or the Minister, or any other person under any Act of the General Assembly authorizing the construction, management, or working of any public works. Nor shall His Majesty, or the Governor, or the Minister, or any other person be liable to pay to the said Council any compensation for injury done to works authorized by the construction, management, or working of any such public work as aforesaid, or for the loss occasioned thereby, or for the exercise of any such right or power as aforesaid.

#### 53. *Governor's Decision Final.*

The Governor shall be the sole judge of the fact whether the requirements of this license have been complied with; and he may from time to time cause inquiry to be made into any matter connected therewith or arising hereunder, in such manner as he thinks fit, and his decision shall be final: Provided always that this clause shall not affect the right of any person, corporate body, or local authority in cases of damage or injury for which an action by such person, corporate body, or local authority may lie against the said Council.

#### 54. *Commencement of License.*

This license shall come into force on and after the publication thereof in the *New Zealand Gazette*.

*Regulations as to Licenses for the Taking of Toheroa at Kaipara, on the West Coast of the North Island.*

LIVERPOOL, Governor.

## ORDER IN COUNCIL.

At the Government Buildings at Wellington, this eighth day of March, 1915.

Present:

THE HONOURABLE J. ALLEN PRESIDING IN COUNCIL.

WHEREAS it is provided by the fifth section of the Fisheries Act, 1908 (hereinafter termed "the said Act"), that the Governor may from time to time, by Order in Council gazetted, make regulations which shall have force and effect either throughout New Zealand or only in such waters or places as are specified in the regulations for, *inter alia*, imposing conditions and restrictions on the taking of fish:

And whereas it is desirable to make the regulations specified in the First Schedule hereto imposing conditions and restrictions on the taking of the shell-fish in the Second Schedule hereto:

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, in pursuance and exercise of the power and authority conferred upon him by section five of the said Act, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the regulations set forth in the First Schedule hereto, imposing conditions and restrictions on the taking of toheroa from the places respectively specified in the Second Schedule hereto, and doth hereby declare that the said regulations shall come into force on the date of the publication thereof in the *New Zealand Gazette*.

## FIRST SCHEDULE.

1. No person, firm, or company shall take toheroa, for the purpose of canning the same, without a license in writing under the hand of the Minister of Marine (hereinafter referred to as the Minister), and subject to the regulations hereinafter specified.

2. When any of the areas mentioned in the Second Schedule hereto become available for leasing, a notification that applications will be received for licenses in respect of such areas shall be advertised in a newspaper circulating in the Kaipara District. Should there be more than one application for any

of the said areas the applicant who has a toheroa canning factory in the district shall be given the preference, and if the owners of two or more of such factories apply for the same area, the applicant who has had his factory in use for the longest time shall be given preference.

3. No person, firm, or company shall be granted a license for more than one of the areas specified in the Second Schedule hereto.

4. The licensee shall have the exclusive right to take toheroa for canning purposes from the area included in his license; provided, however, that any persons who desire to take them for their own consumption shall be allowed to do so without charge.

5. The license shall remain in force for a period of ten years from the date thereof, unless in the meantime such license is cancelled as hereinafter provided, and the licensee shall not dispose of, assign, or charge his interest in the license without the written consent of the Minister first obtained.

6. The licensee shall pay in respect of the license held by him an annual rental of £5 in advance, dating from the date of the license.

7. The licensee shall erect and maintain a properly equipped factory for canning toheroa on or adjacent to the area in respect of which his license is issued, and the factory shall be completed and in full working-order within one year from the date of the issue of the license.

8. The working of the area in respect of which the license is issued shall be under the control of an Inspector of Fisheries, who shall have power to regulate the quantity of toheroa that may be taken, in order to prevent the beds being depleted or injuriously affected.

9. In case the licensee shall—

- (1.) Commit or suffer a breach of these regulations or any of them;
- (2.) Fail to pay the sums specified in clause 6 of these regulations;
- (3.) Take toheroa from any area other than that in respect of which his license is issued, without the previous consent of the Minister; or
- (4.) Work the beds in such a way that they become depleted or injuriously affected,—

then and in any of the said cases the Minister may cancel the said license on giving written notice to the licensee; and upon such cancellation the licensee shall forthwith remove all buildings and structures from the area in respect of which the license was issued.

#### SECOND SCHEDULE.

*Area No. 1.*—All that portion of the beach commencing at a point seven miles north of the North Head of Kaipara Harbour and extending approximately six miles north.

*Area No. 2.*—Commencing at the northern boundary of Area No. 1 and extending northward to the southern boundary of Glink's Gap, Camper's Reserve.

*Area No. 3.*—Commencing at the northern boundary of Glink's Gap, Camper's Reserve, and extending approximately eleven miles to a point about four miles north of Mahuta Gap and abreast of Moeatua; but excluding therefrom one mile of beach at Mahuta Gap, which is to be reserved for persons taking toheroa for sale in the shell to the inhabitants of the district.

*Area No. 4.*—Commencing at the northern boundary of Area No. 3 and extending north for ten miles.

As the said areas are respectively delineated on plan marked M.D. 4388, and deposited in the office of the Marine Department at Wellington, the boundaries of the areas being marked by white-painted posts bearing the words "Area No. .," with the figure for the number of the area after the word "No."

#### Conferring Jurisdiction on Native Land Court in respect of Insufficiently Defined Trust.

#### LIVERPOOL, Governor. ORDER IN COUNCIL.

At the Government Buildings at Wellington, this eighth day of March, 1915.

Present :

THE HONOURABLE J. ALLEN PRESIDING IN COUNCIL.

WHEREAS by section one hundred and eight, under Part V of the Native Land Act, 1909, it is enacted that the Court shall not exercise jurisdiction in the case of confiscated lands which have been granted or agreed to be granted to Natives by the Crown under any special statutory provision unless an insufficiently defined trust is expressed in the Crown grant or other instrument of title, and in the case of any such insufficiently defined trust the Court may exercise the same jurisdiction under the said Part V as if the persons in whom the land is vested were nominal owners within the meaning thereof :

And whereas the instrument of title granting the confiscated land described in the Schedule hereto has expressed in it an insufficiently defined trust, and it is expedient that the Court be authorized to exercise in regard to such land all the jurisdiction that is permitted to be conferred on it by Part V aforesaid :

And whereas by section one hundred and three under the said Part V it is enacted that the Court shall not proceed to exercise in respect of any land the jurisdiction conferred by the said Part V unless authorized by Order in Council so to exercise the same in respect of that land :

And whereas it is expedient that such Order in Council should be issued :

Now, therefore, His Excellency the Governor of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby authorize the Native Land Court to determine who (if any) are the persons entitled beneficially to the said land, and in what relative interests, and to order the inclusion of those persons in the title together with or in lieu of the nominal owners, and, if necessary or expedient, to partition the said land among the persons so found entitled; and for the purposes aforesaid to order the cancellation or amendment of any existing instrument of title, and the issue of such new instruments of title as may be necessary: And generally to exercise to its fullest extent all the jurisdiction that it is permitted to be conferred upon the Native Land Court by the said Part V as fully and effectually as if the same were set out herein in detail.

And it is hereby declared that this Order in Council is made under the provisions in that behalf of the Native Land Act, 1909, and shall operate accordingly as a consent of the Governor in Council to the proceedings hereby authorized.

GENERAL DESCRIPTION.

These sections are situated near Waikaka, on the Hauraki Plains, and lie between the Piako River and lands opened for selection during the last two years. The road access is from Morrinsville Railway-station, twenty-five miles distant, by the Morrinsville-Waikakaruru Road, which is formed for

dray traffic the whole distance. The same road leads to Waitakaruru on the Hauraki Gulf, sixteen miles distant, and, with the exception of one mile, which is under construction, is formed for dray traffic. The Waikaka Tramway Road, which forms the southern boundary of the block, leads to the Piako River, a distance of one mile and a half from the eastern boundary. On this road there is a tram-line, which has been ballasted with clay throughout, and at present is being widened and raised so as to form a permanent road. At this point of the river there is a wharf known as Patetonga Landing, to which launches from Thames, twenty-three miles distant, convey goods at regular intervals. There is also road access from the Ohinewai Railway-station by the Kaihere Road, a distance of twenty-four miles from the Morrinsville Road. At present the Ngarua Road is under construction towards the Piako River, whilst a dredge is engaged in dredging a channel and forming a road towards the block from the river end. The actual roads within the block, Waikaka Tramway, Mangawhero, and Ngarua Roads, are not formed for dray traffic, but stock can be driven over them. These roads will, however, be constructed in due course.

All the sections consist of partly drained swamp land, on most of which English grass was sown in small areas after a fire which burnt the country last year. The sections to the north of the Ngarua Road are good on the road frontage, but become poor towards the back line, where the peat is deep, and covered with wiwi, flax, and raupo, resting on timber and clay.

Sections 4 to 9, Block IX, consist of rich peat country, resting on clay and timber, covered with rough feed, toitoi, flax, and occasional manuka.

Sections 52 to 54, Block XIII, consist of rich peat on the frontage of the Mangawhero Road, but are poorer towards the back line. The country is covered with flax, raupo, and rough feed.

Section 55 consists of rich peat country, resting on timber and clay. Sections 56 and 57 are poorer, the peat being deeper. These sections are covered with wiwi, flax, and rough feed.

The sections are all situated about 15 ft. to 20 ft. above sea-level, and are also above all flood-levels.

All necessary main drains have been constructed, whilst the roads as before mentioned are under construction. There are main outlet drains along each road, and, in addition, there are large outlet drains on the northern boundary of Sections 1, 2, and 3, and on the back boundary of Sections 4, 5, 6, 7, 8, and 9, and also on the back boundary between Sections 52, 53, 54, 55, 56, and 57, Block XIII. These outlet drains serve as outlets for several creeks that rise in the adjoining hills, and, with the exception of the Waikaka Tramway Road drain, carry fresh water throughout the year.

At Waikaka, or, as it is now known, Patetonga, there is a store and post-office, which has telephonic communication with Thames via a private line. A village has been subdivided here, and will be offered for sale at an early date. A school is being erected in Patetonga Village, and should be completed within a few months. At present all cream from the district is shipped by launch from Patetonga Landing, but creamery sites have been laid off at both Patetonga and Ngarua. At Ngarua a village has been subdivided, and will in future be known as Kaihere Village. These subdivisions will be offered for sale at an early date. At Ngarua there is a temporary school, but a building has been promised by the Education Board.

Section 13, Block XVI, Piako Survey District, is situated on the Morrinsville-Waikakaruru Road, between Kaihere and Patetonga Villages, distant about a mile from the former and three and a half miles from the latter. Comprises about 25 acres of shallow peat swamp, covered with wiwi, raupo, and flax; whilst the balance is low-lying undulating country, covered with fern and manuka. All ploughable. Permanent water in two small gullies that intersect the section.

IMPROVEMENTS.

The improvements which are included in the capital value of the sections are as follows:—

*Block IX, Waihou Survey District.*

Section 1—Half share in 22 chains of drain on northern boundary. Section 2—Half share in 26½ chains of drain on northern boundary. Section 3—Half share in 33½ chains of drain on northern boundary. Section 4—Half share in 26½ chains of drain on southern boundary. Section 5—Half share in 26½ chains of drain on southern boundary. Section 6—Half share in 27 chains of drain on southern boundary. Section 7—Half share in 26½ chains of drain on northern boundary. Section 8—Half share in 26½ chains of drain on northern boundary. Section 9—Half share in 27 chains of drain on northern boundary.

*Block XIII, Waishou Survey District.*

Section 52—Half share in 18 chains of drain on southern boundary. Section 53—Half share in 17½ chains of drain on southern boundary. Section 54—Half share in 27 chains of drain on southern boundary. Section 55—Half share in 18 chains of drain on northern boundary. Section 56—Half share in 17½ chains of drain on northern boundary. Section 57—Half share in 27½ chains of drain on northern boundary.

*Block XVI, Piako Survey District.*

Section 13—Half share in 20 chains of drain on eastern boundary.

As witness the hand of His Excellency the Governor, this second day of March, one thousand nine hundred and fifteen.

W. F. MASSEY,  
Minister of Lands.

*Partial Revocation of Warrant defining Timber-cutting Areas.*

## LIVERPOOL, Governor.

WHEREAS by Warrant dated the nineteenth day of November, one thousand nine hundred and two, and published in the *New Zealand Gazette* of the twentieth day of November, one thousand nine hundred and two, certain blocks of land in the Hauraki Mining District were defined as "Warden's timber-areas" and "Land Board timber-areas" respectively: And whereas it is expedient to revoke the said Warrant as regards the land described in the Schedule hereto:

Now, therefore, in pursuance and exercise of the powers and authorities conferred on him by the Mining Act, 1908, and its amendments, and of every other power and authority enabling him in this behalf, His Excellency the Governor of the Dominion of New Zealand doth hereby revoke the above-recited Warrant in so far as it relates to the land described in the Schedule hereto.

## SCHEDULE.

Further Regulations with respect to the Charlton Main Tail-race Board.

Mines Department,  
Wellington, 8th March, 1915.

WHEREAS it is provided by clause 3 of a certain deed of agreement dated the 24th day of February, 1902, made between the Minister of Mines of the first part, the land-owners of the second part, and the companies of the third part (hereinafter referred to as the "said agreement"), that the Minister may, *inter alia*, prescribe the mode of election of elective members of the Charlton Main Tail-race Board, their term of office, and such other matters as the Minister considers necessary to enable the functions of the Board to be effectively carried out:

And whereas, in pursuance of the said agreement, the Minister made the regulations published in the *New Zealand Gazette* of the 19th day of June, 1902, Regulation 3 of which provides that "in the case of members hereafter to be elected for the ordinary term of office, the election shall be held at least two weeks before the 1st June, 1905, and similarly in every third year thereafter:

And whereas the time of holding the triennial election of members of the above Board in the year 1914 has been allowed to pass without such election taking place:

Now, therefore, I, William Fraser, the Minister of Mines, in pursuance of the powers conferred on me by the said agreement, do hereby make the following further regulation.

REGULATION.

18. NOTWITHSTANDING anything in Regulation 3, the election of members which should have been held in the year 1914 may be held in May, 1915, and members so elected shall hold office for two years.

W. FRASER,  
Minister of Mines.

*Notice of Intention to take Land in Block I, Takapau Survey District, for the Purposes of a Horse-paddock.*

NOTICE is hereby given that it is proposed, under the provisions of the Public Works Act, 1908, to take the land described in the Schedule hereto for the purposes of a horse-paddock.

And notice is hereby further given that the plan of the land so required to be taken is deposited in the post-office at Wairakei, and is there open for inspection; and that all persons affected by the taking of the said land should, if they have any well-grounded objections to the taking of such land, set forth the same in writing, and send such writing, within forty days from the first publication of this notice, to the Minister of Public Works at Wellington.

**SCHEDULE.**

## New Zealand Military Forces.—Public Notice.

## WRONGFUL DEALING IN ARMS, ETC., THE PROPERTY OF THE NEW ZEALAND GOVERNMENT.

WHEREAS it has come to the knowledge of the Defence Department that certain persons have been wrongfully dealing in arms, accoutrements, ammunition, and military clothing, the property of the New Zealand Government, it is hereby notified that any person who wrongfully sells, pawns, or buys any such property, or has the same in his possession without satisfactorily accounting for the fact, will be prosecuted as the law directs.

No person should be in possession of arms, accoutrements, ammunition, or military clothing, the property of the New Zealand Government, excepting *bona fide* members of the New Zealand Military Forces, or members of Defence Rifle Clubs who have purchased such arms, accoutrements, ammunition, or military clothing. Where any such property comes into the possession or keeping of any person not entitled to be in possession thereof, such person should immediately notify the fact to the nearest Area Sergeant-major, Defence Office, or Police-station.

*Reserve in Canterbury Land District for Lease by Public Auction.*

District Lands and Survey Office,  
Christchurch, 14th January, 1915.

NOTICE is hereby given that the undermentioned reserve will be offered for lease by public auction at the District Lands and Survey Office, Christchurch, at 12 o'clock noon on Tuesday, 30th March, 1915, under the provisions of the Public Reserves and Domains Act, 1908.

## SCHEDULE.

## CANTERBURY LAND DISTRICT.—PATITI SURVEY DISTRICT.

RESERVE 102, Lots 1 and 2, Block II: Area, 7 acres 2 roods 7 perches; upset annual rental, £15; term, seven years.

Weighted with £6 6s., valuation for fencing.

This reserve is situated at Patiti Point, immediately to the southward of Timaru, and comprises undulating land well covered by English grasses.

## TERMS AND CONDITIONS OF LEASE.

1. The purchaser of the lease shall, immediately upon the fall of the hammer, deposit an amount equal to six months' rent at the rate offered, together with £1 1s. lease fee, and £6 6s. value of improvements.
2. The lease shall be for the term stated, without right of renewal, and shall be subject to resumption by twelve months' notice in the event of the land being required by the Crown.
3. The lessee shall have no claim against the Crown for compensation, either on account of any improvements that may be placed upon the land, or on account of the aforesaid possible resumption, or for any other cause; but he may, on the expiration or sooner determination of the lease, remove any fences or buildings erected by him on the land, but not otherwise.
4. The lessee shall have no right to sublet, transfer, or otherwise dispose of the whole or any portion of the land comprised in the lease, except with the written consent of the Commissioner of Crown Lands first had and obtained.
5. The lessee shall destroy all rabbits on the land, and he shall prevent their increase or spread to the satisfaction of the Commissioner of Crown Lands.
6. The lessee shall prevent the growth and spread of gorse, broom, and sweetbrier on the land comprised in the lease; and he shall with all reasonable despatch remove, or cause to be removed, all noxious weeds or plants as may be directed by the Commissioner of Crown Lands.
7. The lessee shall once a year during the said term, and at the proper season of the year, properly cut and trim all live fences now on the demised land, or which may be planted thereon during the said term.
8. The rent shall be payable half-yearly in advance, free from all deductions whatsoever.
9. The lease shall be liable to forfeiture in case the lessee shall fail to fulfil any of the conditions of the said lease within thirty days after the date on which the same ought to have been fulfilled.

The reserve is described for the general information of intending bidders, who are recommended, nevertheless, to make a personal inspection, as the Department is not responsible for the absolute accuracy of any description.

Full particulars may be ascertained at this office.

C. R. POLLEN,  
Commissioner of Crown Lands.

ABSTRACT OF TERMS AND CONDITIONS OF LICENSE.

1. Term of license, twenty-one years, with a perpetual right of renewal for further successive terms of twenty-one years, but without right of purchase.
2. Rent payable in advance on 1st January and 1st July in each year.
3. Applicants to be seventeen years of age and upwards.
4. No person is eligible to hold more than one license.
5. Applicants to furnish statutory declaration with applications, and, on being declared successful, deposit £1 1s. license fee and a half-year's rent. Rent for the broken period between date of lease and 1st January or 1st July following is also payable.
6. Applications made on the same day are deemed to be simultaneous.
7. Order of selection is decided by ballot, preference being given to landless applicants, with children dependent on them, or who have within preceding two years been twice unsuccessful at former ballots.
8. Successful applicant to execute license within thirty days after being notified that it is ready for signature.
9. Residence is to commence within four years in bush land or swamp land, and within one year in open or partly open land, and to be continuous.
10. Improvements.—Licensee is required to improve the land within one year to the value of 10 per cent. of the price; within two years, to the value of another 10 per cent. of the price; and thereafter, but within six years, to the value of another 10 per cent. of the price. In addition to the foregoing, and within six years, improvements are also to be effected to the value of £1 for every acre of first-class land, and 10s. for every acre of second-class land.
11. Licensee to pay all rates, taxes, and assessments.
12. Transfer not allowed until completion of two years' continuous residence, except under extraordinary circumstances, and then only with permission.
13. Licensee has no right to dispose of sawmilling timber or silver-pine.
14. The right is reserved to the Crown to grant licenses to cut timber and other rights appurtenant thereto, and free right of access must be allowed to the holders of such licenses and their employees.
15. Holders of miners' rights have right to prospect.
16. The Warden may grant mining privileges subject to compensation for improvements only.
17. The licensee has no claim to compensation on account of any injury to stock resulting from sawmilling or mining operations.
18. License is liable to forfeiture if conditions are violated.

H. D. M. HASZARD,  
Commissioner of Crown Lands.

Sitting of the Native Land Court under the Provisions of the West Coast Settlement Reserves Amendment Act, 1913, and its Amendments.

Registrar's Office, Aotea District Native Land Court, Wanganui, 3rd March, 1915.

WHEREAS it is provided under section 15 of the West Coast Settlement Reserves Amendment Act, 1913 (hereinafter referred to as the said Act), that the Public Trustee should forward to the Chief Judge of this Court a list and description of the lands subject to the provisions of the said Act, and a list of the Native owners thereof so far as the same is known to him (the said Public Trustee), and that thereupon the Court should, without further application or direction, and, according as far as practicable to its usual practice, subject to regulations to be made under the said Act, proceed to partition the same among the Native owners thereof, and that the said Chief Judge should take the necessary steps for having such sittings held; and that at such sittings the said lands could be partitioned and successors appointed to deceased owners, but no such partition should

take effect until the lease upon which the land is held, and any renewal thereof provided for by law, has expired: And whereas by section 21 of the said Act it is provided that section 15 thereof should apply to certain other areas held under licenses or short-termed leases where there was no right of renewal, and also to lands that were not let or leased; but that no such partition should affect the rights of licensees or lessees: And whereas the Public Trustee has already forwarded to the Chief Judge lists required to be furnished as aforesaid, and the matters therein have been and are being duly heard by the said Court: And whereas the Public Trustee has forwarded to the Chief Judge further lists required to be furnished as aforesaid (such further lists comprising the lands or parts of the lands described in the Schedule hereto):

Now, in pursuance of the said Act and of such lists as aforesaid, it is hereby notified that a sitting of the Native Land Court will be held at Manaia on the 7th day of April, 1915, and following days to hear and determine all matters directed to be heard under the said sections 15 and 21 of the West Coast Settlement Reserves Act, 1913, and amendments thereof, pursuant to the lists aforesaid.

The Court will from time to time adjourn its sittings to the several centres within the West Coast Settlements District to the locality considered most convenient and suitable for the hearing of the respective cases under consideration.

Applications to fix the time and place of hearing pursuant to any such adjournment of the various cases should be made to the presiding Judge at Manaia. Every such application will be determined by the presiding Judge in open Court.

A. H. MACKAY,  
Registrar.

## WAIRARAPA SOUTH COUNTY COUNCIL.

RESOLVED at a meeting of the Wairarapa South County Council held at the office of the said Council at Carterton on the tenth day of December, 1914, that the resolution passed by the said Council at a special meeting held on the tenth day of November, 1914, of which the following is a copy:—

In pursuance and exercise of the powers vested in it in that behalf by the Public Works Act, 1908, and the Public Works Amendment Act, 1913, and all other powers it thereunto enabling, the Wairarapa South County Council doth hereby resolve to raise a loan of £1,969 for the purpose of constructing a bridge over the Waiohine River, with the approaches thereto, between Greytown and Carterton, as the said bridge and approaches are more particularly delineated on the plan marked P.W.D. No. 34676, deposited in the office of the Minister of Public Works in Wellington, such sum of £1,969 being the amount necessary to enable the Wairarapa South County Council to comply with the Governor's Warrant dated the 24th day of August, 1914, in the *New Zealand Gazette* for 1914, at page 3300, without taking any poll of the ratepayers thereon.

And, in pursuance and exercise of the powers vested in it in that behalf by the said Acts and the Local Bodies' Loans Act, 1913, the Wairarapa South County Council hereby resolves as follows: That, for the purpose of providing the interest, sinking fund, and other charges on the said loan of £1,969, authorized to be raised by the said Council, under the above-mentioned Acts as aforesaid, for the purpose of the erection of the said bridge as is hereinbefore set out, the said Council hereby makes and levies a special rate of 1/42nd of a penny in the pound sterling on the rateable value of all rateable property within the Wairarapa South County, comprising the whole of the said land within the boundaries of the said county; and that such special rate shall be an annually recurring rate during the currency of such loan, and be payable yearly on the first day of June in each and every year during the currency of such loan, being a period of 36½ years, or until the loan is fully paid off—

be and the same is hereby confirmed by way of special order.

THOS. MOORE,  
GEO. STEVENS,  
Councillors.

In witness whereof the common seal of the Chairman, Councillors, and Inhabitants of the County of Wairarapa South has been affixed hereto in confirmation of a special order passed on the tenth day of November, 1914, at a special meeting duly convened and held at the County Office, Carterton, this tenth day of December, 1914.

## TAIERI LAND DRAINAGE COMMISSIONERS.

WHEREAS under section 6 of the Taieri Land Drainage Act, 1910, the Governor in Council is authorized from time to time to appoint two fit persons to be Commissioners whose duty should be to construct such works as might be necessary for the opening-up of the Silverstream to the Taieri River, and for checking the travelling gravel therein, and for the purpose of such construction the said Commissioners should have all the powers and authorities of a Drainage Board constituted under the Land Drainage Act, 1908: And whereas Thomas Noel Brodrick and Gordon Hurrell Morland McClure were appointed by the Governor in Council on or about the 27th day of June, 1911, and the 22nd day of December, 1911, respectively to be Commissioners for the purposes aforesaid: And whereas by the Taieri Land Drainage Amendment Act, 1914, it was provided that for the purpose of carrying out the duties imposed on them by the said section 6 as amended by the Act now in recital, and any works incidental thereto, the Commissioners appointed under the said section 6 might by resolution, and without any poll of the ratepayers of the Silverstream and Owhiro Subdivisions of the Taieri Land Drainage District as subsisting under the Taieri Land Drainage Act, 1907, and without special order, raise a loan of a sum not greater than the sum of £1,500 for such term and upon such conditions and at such rate of interest as the said Commissioners might think proper, and might charge and secure the repayment of such loan and interest thereon, and either by instalments or otherwise, upon such a special rate over the rateable property within the said Silverstream and Owhiro Subdivisions as the said Commissioners might think fit, and they were by the Act now in recital authorized by resolution to make any such special rate as they might think necessary:

Now, we, the undersigned, THOMAS NOEL BRODRICK and GORDON HURRELL MORLAND MCCLURE, the Commissioners appointed by the Governor in Council under the provisions of section 6 of the Taieri Land Drainage Act, 1910, in pursuance of the powers conferred on us by the Taieri Land Drainage Amendment Act, 1914, and the Local Bodies' Loans Act, 1913, and all and every other power and authority us thereunto in anywise enabling, hereby resolve to raise and borrow the sum of £1,500 for the purposes authorized by section 6 of the Taieri Land Drainage Act, 1910: and that the said sum of £1,500, together with interest thereon at the rate of 5 per cent., shall be repayable by 73 half-yearly instalments of £44 18s. 1d. on every 31st day of July and 31st day of January until such 73 half-yearly instalments shall have been fully paid, the first of such instalments to be paid on the 31st day of July, 1915, and the last on the 31st day of July, 1951. And, for the purpose of securing the repayment of the said loan of £1,500 and the interest and other charges thereon by such instalments as aforesaid, we, the undersigned, Thomas Noel Brodrick and Gordon Hurrell Morland McClure, the Commissioners aforesaid, do hereby make and levy a special rate of one-eleventh of a penny in the pound sterling on the rateable value (being the capital value) of all rateable land within the said Silverstream and Owhiro Subdivisions; and that such special rate is to be an annually recurring rate during the currency of the said loan, and be payable yearly on the first day of July in each and every year during the currency of such loan, being the period of 36½ years, or until the said loan is fully paid off.

Dated this third day of March, 1915.

T. N. BRODRICK,  
G. H. M. MCCLURE,

Commissioners appointed under Section 6 of the  
Taieri Land Drainage Act, 1910.
