With reference to the extension of the system of mine defence, notice is hereby given that pilotage is now compulsory at the following ports for all vessels (including fishing-vessels) which have a draught of over eight feet, and that it is highly dangerous for any vessel to enter or leave such ports without a pilot. Fishing and other small vessels having a draught of over eight feet are to assemble at the pilotage stations and will be conducted into and out of port in groups.

(1.) **FIRTH OF FORTH.**—All incoming vessels are only permitted to enter the Firth of Forth during daylight hours; they are to pass between the Isle of May and Anstruther Wester, thence they must steer a direct course for Kinghorn Ness. On approaching Inchkeith, the pilot-vessel in the north channel is to be closed, and a pilot embarked.

Vessels are warned that they should on no account pass to the southward of a line joining the north point of the Isle of May and Kinghorn Ness, until in the longitude of $3^{\circ} W.$, when course may be shaped for the centre of north channel.

Outward bound vessels should steer to pass the longitude of $3^{\circ} W.$ in latitude $56^{\circ} 6' 30'' N.$, then shape course to pass between Anstruther Wester and the Isle of May.

No merchant vessel is permitted to be at an anchorage, during the hours of official night, west of a line drawn from Barnes Ness to North Carr Rock, and East of Inchkeith.

The above orders apply to vessels proceeding to any port in the Firth of Forth, whether to the eastward of Inchkeith or not.

Outgoing vessels are to discharge their pilots at one or the other of these places.

It is dangerous for any vessel to be under way to the south-westward of a line joining Findhorn and Tarbetness without a pilot.

(3.) **SCAPA FLOW.**—All entrances are dangerous and entry is absolutely prohibited by any of them except as provided in succeeding paragraphs.

Examination services have been established in the entrances to Hoxa and Hoy Sounds; vessels wishing to enter must communicate with the examination vessel and follow the instructions received from her very carefully.

The only vessels permitted to enter Hoy Sound from the westward are those bound for Stromness; vessels cannot enter Scapa Flow from Stromness.

Vessels are not permitted to enter Hoxa or Hoy Sounds by night.

Passage through Cantick Sound is entirely prohibited.

All vessels, irrespective of draught, size, and nationality, bound to or from any place above Grimsby must be conducted by licensed pilots over the whole or any part of the waters between Hull and the Outer Pilot-station.

During the hours of official night, and during fog, no vessel should enter or remain within a radius of five miles from the Spurn Light-vessel.

A vessel should not approach the Humber unless there is sufficient time available to enable such vessel to obtain a pilot, if one is necessary, and to proceed to her destination or to a position in which she is permitted to anchor, before the commencement of official night.

No vessel should anchor whilst awaiting a pilot.

NOTE.—This notice is a republication of the former notice quoted above, except that pilotage is now compulsory for all vessels without any exception.

Authority.—The Lords Commissioners of the Admiralty.

By Command of their Lordships.

J. F. PARRY,
Hydrographic Department,
Admiralty, London, 15th May, 1915.

UNITED KINGDOM.

Pilotage Stations established at certain Ports on account of Defensive Minefields.

Former Notice.—No. 292 of 1915; hereby cancelled.

With reference to the extension of the system of mine defence, notice is hereby given that pilotage is now compulsory at the following ports for all vessels (including fishing-vessels) which have a draught of over 8 ft., and that it is highly dangerous for any vessel to enter or leave such ports without a pilot. Fishing and other small vessels having a draught of over 8 ft. are to assemble at the pilotage stations, and will be conducted into and out of port in groups.

(1) **FIRTH OF FORTH.**—All incoming vessels are only permitted to enter the Firth of Forth during daylight hours; they are to pass between the Isle of May and Anstruther Wester, thence they must steer a direct course for Kinghorn Ness. On approaching Inchkeith, the pilot-vessel in the North Channel is to be closed, and a pilot embarked.

Vessels are warned that they should on no account pass to the southward of a line joining the north point of the Isle of May and Kinghorn Ness, until in the longitude of 3° W., when course may be shaped for the centre of North Channel.

Outward bound vessels should steer to pass the longitude of 3° W. in latitude 56° 6' 30" N., then shape course to pass between Anstruther Wester and the Isle of May.

No merchant vessel is permitted to be at an anchorage, during the hours of official night, West of a line drawn from Barnes Ness to North Carr Rock, and East of Inchkeith.

The above orders apply to vessels proceeding to any port in the Firth of Forth, whether to the eastward of Inchkeith or not.

(2) **MORAY FIRTH.**—All vessels bound to Cromarty or Inverness must call for a pilot at Wick or Burghhead.

Outgoing vessels are to discharge their pilots at one or the other of these places.

It is dangerous for any vessel to be under way to the south-westward of a line joining Findhorn and Tarbetness without a pilot.

(3) **SCAPA FLOW.**—All entrances are dangerous, and entry is absolutely prohibited by any of them except as provided in succeeding paragraphs.

Examination services have been established in the entrances to Hoxa and Hoy Sounds; vessels wishing to enter must communicate with the examination-vessel and follow the instructions received from her very carefully.

The only vessels permitted to enter Hoy Sound from the westward are those bound for Stromness; vessels cannot enter Scapa Flow from Stromness.

Vessels are not permitted to enter Hoxa or Hoy Sounds by night.

Passage through Cantick Sound is entirely prohibited.

NOTE.—This notice is a repetition of Notice No. 292 of 1915, with additions to paragraph (1) relating to the Firth of Forth.

Authority.—The Lords Commissioners of the Admiralty.

By Command of their Lordships.

Hikairo Township is situated on the left bank of the Wanganui River, about three miles up from Kakahi, on the Main Trunk line. At this spot the Egmont Box Company is establishing a large timber-milling plant for the purpose of milling the timber from the bush on Taurewa Block of 28,860 acres. This bush is a very valuable and extensive one, and will be a source of employment for a large number of hands for many years. The railway-line connecting the mill-site with the Main Trunk line is now well under construction.

On the opposite bank of the Wanganui River there is also a large area of milling-timber at present untouched, but when access is provided by the railway to Hikairo that bush will no doubt soon give way to axe and saw. The timber will have to come out via the proposed township.

The land in this locality (other than the river-flats, which are punice) is good, strong soil, with clay subsoil, and when cleared will develop into good dairying land.

The elevation at Hikairo is only about 650 ft. above sea-level.

SECOND SCHEDULE.
CONDITIONS OF SALE.

1. The lands are offered at the upset prices shown opposite to each section described in the First Schedule hereto. The terms of the contract for sale of the lands being sold are summarized in clause 13 hereof.
2. The highest bidder shall be the purchaser of each lot. In the event of any lots not being disposed of at first offering, the Board may put any of them up again either separately or in groups. Any lot not disposed of at the auction sale shall remain open for selection at the upset price.
3. In the event of any disputed bid, the lot in dispute may be put up again at the last undisputed bid.
4. The bidding shall be advanced by such sum as the auctioneer may agree to accept, and no bidding shall be retracted.
5. The Board reserves the right to withdraw from sale any lot or lots at any time prior to the auction.
6. The purchaser shall be required, before obtaining his contract of sale or lease, to make a declaration as required by Part XII of the Native Land Act, 1909, and its amendments, that he is not the owner or occupier of 5,000 acres of third-class land or its equivalent in other classes of land.

7. The lands are offered under the Native Land Act, 1909, the Native Land Amendment Act, 1913, and the regulations made thereunder, and purchasers shall be deemed to be acquainted with the provisions thereof, and be bound thereby as effectually as if such provisions were embodied herein.

8. Every purchaser immediately after the sale shall sign a contract of sale (in duplicate) on the form set out hereunder, and shall pay to the Board's representative a fee of £1, being the cost of preparation of contract and stamp duty thereon; provided always that where the total purchase-money is paid immediately after the sale this fee will not be charged.

9. The purchaser shall, immediately after the sale and on signing the contract of sale, pay to the representative of the Board a sum equal to 10 per cent. of the purchase-money as part payment thereof. The balance of the purchase-money shall be paid on or before the 1st day of July, 1916.

10. The purchaser shall pay interest on unpaid purchase-money at the rate of 5 per cent. per annum, interest to be payable on the day on which the account is closed.

11. The purchaser shall, on paying the full purchase-money, be entitled (at his own expense) to a transfer of the land.

12. If from any cause whatever the Board shall be unable to give the purchaser possession of the land purchased, the purchaser shall be entitled to a refund of the deposit paid by him, but without interest, and no damages shall be claimed by him for the Board's failure to give possession.

13. CONTRACT OF SALE.

(Under Section 102 of the Native Land Amendment Act, 1913.)

MEMORANDUM OF AGREEMENT made the _____ day of _____, one thousand nine hundred and _____, between the Aotea District Maori Land Board, incorporated under the provisions of Part III of the Native Land Act, 1909 (hereinafter called "the Board"), of the one part, and _____, of (hereinafter, together with his executors, administrators, or lawful assigns, called "the purchaser"), of the other part.

Whereas the Native land described in the Schedule hereto is subject to the provisions of section 102 of the Native Land Amendment Act, 1913, by virtue of a resolution of the assembled owners of the said land, *inter alia*, that 45 acres, part of Taurewa No. 4 West D, situated along the west and south of the Egmont Box Company's leasehold of 60 acres, be offered for sale by public auction on behalf of the owners thereof by the Aotea District Maori Land Board, and a confirmation of such resolution by the Aotea District Maori Land Board on the 14th day of June, 1915:

Now these presents witness that the Board, in exercise of the powers vested in it by section 102 of the said Act, hereby agrees to sell, and the purchaser agrees to purchase, all that parcel of land described in the Schedule hereto for a legal estate in fee-simple in possession, free from all incumbrances other than those specified in the said Schedule hereto, for the price of _____, of which amount the sum of _____ has already been paid by the purchaser to the Board (the receipt whereof is hereby acknowledged), and subject to the terms, covenants, and conditions following, that is to say:—

The balance of the said purchase-money (namely, the sum of _____) shall be paid by the purchaser to the Board in manner following, that is to say,—

The whole of the said purchase-money shall be fully paid not later than the first day of _____, one thousand nine hundred and _____.

The purchaser shall pay interest at the rate of five per centum per annum on all purchase-money for the time being unpaid, and all such interest shall be payable on the day on which the account is closed.

The purchaser shall be entitled to the possession of the said land on the date of these presents, and shall be entitled to retain possession thereof so long as this agreement remains in force.

The purchaser may at any time and from time to time, if and as often as the Board is willing to receive the same, pay to the Board the whole or any part of the purchase-money then owing, although the same may not yet be due and payable.

At any time while this agreement still remains in force the purchaser shall be entitled (at his own cost), if he has paid the whole of the purchase-money with interest as aforesaid up to the date of payment, to a transfer of the fee-simple of the land.

Without the consent of the Board first obtained in writing the purchaser will not at any time before the said land has been so transferred to him commit or suffer to be committed any waste of the land, whether by extracting minerals or in any other manner whatsoever, or do or suffer to be done any other act whereby the value of the land may be diminished.

The purchaser will at all times before this agreement has been completed by the transfer of the fee-simple of the land keep the land clear from all noxious weeds, and will not permit any gorse or furze to spread thereon; and will keep all live fences on the said land properly cut and trimmed.

If the purchaser at any time makes default for three months in the payment of any purchase-money or interest due by him under this agreement, or any of the terms, covenants, or conditions of this agreement, the Board may give to the purchaser, or send to him by registered letter addressed to his last known place of business or abode, a notice in writing specifying the default or failure complained of, and stating the intention of the Board to cancel this agreement; and on the expiration of one month after the notice is so given or sent the Board may by resolution, without any other notice whatever (but subject to the powers of the Supreme Court to grant to the purchaser relief against such cancellation and forfeiture), cancel this agreement, and all purchase-money and interest theretofore paid by the purchaser shall be forfeited.

It is hereby agreed and declared that this agreement is made between the parties thereto under the provisions of section 102 of the Native Land Amendment Act, 1913, and the regulations thereunder, and that all the provisions of the said Act shall, so far as applicable, apply thereto accordingly, whether expressed herein or not, and that this agreement shall in all respects be so construed as to be consistent with the provisions of the said Act.

SCHOOL FOR THE DEAF, NEAR SUMNER.
CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from

THE SECRETARY FOR EDUCATION,
Wellington.
