10. The said rights, powers, and privileges may be at any time resumed by the Governor, without payment of any compensation whatever, on giving to the licensee three calendar months previous notice in writing. Any such notice shall be sufficient if given by the Minister, and delivered at or posted to the last-known address of the licensee.

11. The licensee shall be liable for any injury which the said jetty may cause any vessel or boat to sustain through any default or neglect on her part.

Goods imported from Belgium and certain Neutral Countries in Europe.

Customs Department,
Wellington, 10th August, 1915.

IT is hereby notified for general information that, with a view to establishing uniform procedure in respect of importation of goods from Holland, Denmark, Sweden, Norway, Italy, Switzerland, and Belgium, a conference, attended by representatives of the British Government and Overseas Dominions, was held in London.

The practice adopted by the conference is fully set out in the appended memorandum issued by the High Commissioner for New Zealand.

W. H. HERRIES,
Minister of Customs.

Office of the High Commissioner for New Zealand,
13 Victoria Street, London S.W.,
29th June, 1915.

Memorandum for Exporters and Shippers to New Zealand.

1. YOUR attention is directed to Order in Council dated 26th January, 1915, and appearing in the *New Zealand Gazette* of same date.

2. In order to minimize any inconvenience in the matter the following rules of procedure have been laid down and

will become operative on and after 7th July, 1915. They have received the approval of Imperial Government Departments in the United Kingdom in so far as they are concerned in dealing with goods imported from the countries mentioned.

GOODS SHIPPED DIRECT.

3. These goods will be dealt with entirely by the Authorities in New Zealand in accordance with the provisions of Order in Council before referred to.

GOODS IN TRANSIT THROUGH UNITED KINGDOM.

4. The goods here referred to may be as follows:—

(a.) On through Bill of Lading.

(b.) Shipped under Customs Transhipment Regulations, and for which a Bill of Lading will be taken out in United Kingdom.

For both these classes of goods the British Consular Certificates will not be required to be produced in United Kingdom. The goods concerned will be shipped thence without any other Customs restrictions than those operating in respect of ordinary transshipments under Bond. The Consular Certificates will, however, be required to be produced in New Zealand for all such goods.

5. Cases may arise where a Consular Certificate covers goods partly for Home use in United Kingdom and partly for transshipment to New Zealand. In such cases the Certificate would be required by British Customs and be retained by them. Exporters are advised that under such circumstances the British Customs, on request being made to that effect and on payment of prescribed fee, will issue a copy of the Certificate, or an extract of so much thereof as may concern the Exporter interested in the New Zealand shipment.

6. If the Exporter elects he may, however, present the Consular Certificate to the High Commissioner's Office, 13 Victoria Street, and there obtain, free of charge, a certified copy or extract. This would have to be done before presentation of original to the British Customs.

7. In like manner a Certificate may cover goods for transshipment to different Overseas Dominions. In such case, if the original be presented at the High Commissioner's Office, 13 Victoria Street, a certified copy or extract will, on application, be given free of charge to the Exporter.

8. These certified copies of Certificate or extracts, as the case may be, must be prepared in duplicate (one to be retained by the High Commissioner) by the Exporter or his agent, and will, upon due completion, be accepted in New Zealand in lieu of the original Consular Certificate.

GOODS RE-EXPORTED FROM UNITED KINGDOM.

9. These goods will have been imported into the United Kingdom and passed through Customs there on Free or other Entry for home use or for warehousing under Bond. In such case, when the goods are shipped for New Zealand, they are entered for re-export at the Customs on "Specification" (Form No. 30) or on "Shipping Bill" for warehousing goods (Form No. 64).

10. In either of these cases the Exporter should obtain from the Customs a duplicate of such "Specification" or "Shipping Bill," as the case may be, duly signed by the proper Officer and having an impression of the Customs Office stamp placed thereon. The duplicates should thereafter be sent out to New Zealand with other usual shipping documents, and when presented to the Customs Authorities at the Port of Destination will obviate any necessity for production of British Consular Certificate for the goods specified.

11. Cases may occur where goods for various Overseas consignees are passed for export on one "Specification" or "Shipping Bill." In such case the Exporter or his agent may, if he so desires, apply for and obtain a sufficient number of extracts from the original Specification or Shipping Bill as will enable him to supply one each to his different clients.

12. The duplicate Specification or Shipping Bill or extracts thereof will be required only in respect of goods re-exported from United Kingdom which were originally imported on Consular Certificate or otherwise (the Certificate is not required in United Kingdom for certain specified goods) from Holland, Denmark, Sweden, Norway, Italy, Switzerland, or Belgium.

13. The British Customs have consented to issue these duplicates on application being made therefor by the Exporter or his agent. The duplicates must be prepared by the latter, and be presented for signature and stamping at the same time as he lodges his original "Specification" or "Shipping Bill" at the Customs. There will be no charge made by the Customs for this service.

RE-EXPORTED BELGIAN GOODS.

14. Goods of Belgian manufacture can be imported into United Kingdom only when a License has first been obtained

from the Board of Trade or other competent authority. British Consular Certificates are required for such goods and certain conditions have to be complied with in United Kingdom.

15. Any Belgian goods so imported will, if re-exported to New Zealand, be dealt with in a similar manner to other re-exports by the Exporter obtaining from the British Customs a duplicate of Specification (Form 30) or Shipping Bill (Form No. 64), as the case may be. The procedure laid down in paragraphs 9-13 above will also apply to Belgian goods re-exported from the United Kingdom.

16. The production to the Customs Authorities in New Zealand of such duly completed duplicates will consequently relieve the Importer there of any further action in the matter of such Belgian goods.

17. Before any goods of Belgian origin, other than re-exports, are shipped to New Zealand, the authority for shipment must first be obtained from the High Commissioner for that Dominion, who, on application, will supply all information as to the procedure therein.

* These remaining suburbs do not lie within borough boundaries, and particulars respecting them have not been obtained for the Vital Statistics. Closely correct annual statements of population outside boroughs are not obtainable.

In the above table are given the deaths and death-rates for each of the four cities, for the suburban boroughs severally, and for each city with its suburban towns.

Deaths occurring at hospitals, of persons not residents of the borough wherein the hospital is situated, have been allotted in each case to the borough where the disease was contracted, and not to that in which the death actually took place.

The inclusion of the suburban boroughs lowers the rate at all four cities.

		Death-rates per 1,000 of Population.	
Auckland City	0.72	
" and seven suburban boroughs		0.69
Wellington City	0.96	
" and four suburban boroughs		0.91
Christchurch City	0.76	
" and five suburban boroughs		0.75
Dunedin City	1.27	
" and five suburban boroughs		1.20

Including the suburbs, the rate at Dunedin is the highest and at Auckland the lowest.

Compared with July, 1914, the results are—

		1914.	1915.
Auckland and suburbs	0.93	0.69
Wellington and suburbs	1.08	0.91
Christchurch and suburbs	1.00	0.75
Dunedin and suburbs	0.98	1.20

The total births in the four chief cities and their suburban boroughs amounted to 600, against 559 in June—an increase of 41. The deaths in July were 274—an increase of 37 as compared with the previous month. Of the total deaths males contributed 149, females 125. Fifty of the deaths were of children under five years of age, being 18.25 per cent. of the whole number; 44 of these were under one year of age.

There were 106 deaths of persons of 65 years and upwards in the four chief cities and their suburban boroughs, as against 92 in June. The following table shows the classification:—

A.—GENERAL INSTRUCTIONS.—1. Local naval or military authorities may, at any time when they consider it necessary, close a port during certain hours without previous warning.

2. Before leaving ports in the United Kingdom masters of vessels should be careful to obtain the latest Admiralty Notices to Mariners. Attention is called to the notice on the inside cover of all Admiralty Sailing Directions and their supplements, and to the following Admiralty Notices to Mariners, and any subsequent ones that may be issued:—

No. 1738 of 13th Nov., 1914: River Medway.
No. 1812 of 10th Dec., 1914: Bristol Channel.
No. 45 of 15th Jan., 1915: Yarmouth Roads.
No. 137 of 22nd Feb., 1915: Irish Channel; North Channel.

No. 228 of 26th March, 1915: Dover Strait; Light-vessels established.

No. 258 of 3rd April, 1915: Portland Harbour.

No. 391 of 5th May, 1915: Firth of Forth, Moray Firth, Scapa Flow.

No. 408 of 8th May, 1915: River Tyne Boom Defence; Entrance Signals and Traffic Regulations.

No. 431 of 15th May, 1915: River Humber Pilotage.

No. 459 of 27th May, 1915: North Sea; River Thames and English Channel.

No. 460 of 27th May, 1915: Firth of Clyde; Special Instructions with regard to Traffic.

3. Care must be taken at all times to ensure masters being in possession of the latest Notices to Mariners.

4. Any lights may be extinguished and other aids to navigation removed or altered at any time without previous warning. (See Admiralty Notice to Mariners No. 1627, of 9th Oct., 1914.)

B.—MINES.—5. So far as is known at present there are, in addition to the mine-fields mentioned in Admiralty Notice to Mariners No. 391, of 5th May, 1915, the following principal mined areas:—

(a.) Off the Tyne.

(b.) Off Flamborough Head.

(c.) Off Southwold (southern limit 51° 54' N.).

(d.) British mine-field between lat. 51° 15' N. and lat. 51° 40' N., and between long. 1° 35' E. and long. 3° E.

C.—PASSAGES.—GENERAL.—6. All vessels entering the North Sea from the English Channel must pass between the two light-vessels off Folkestone (see Admiralty Notice to Mariners No. 228 of 1915) and proceed to the Downs, keeping inshore of an imaginary line joining the southernmost of the two light-vessels to the South Goodwin Light-vessel. Further instructions as to routes can be obtained in the Downs.

7. Vessels proceeding up or down the east coast should keep within three miles of the coast when consistent with safe navigation.

D. PARTICULAR PASSAGES.—NOTE.—In each case the return voyage should be made on the same route.

8. *East Coast Ports to Channel and French Ports.*—Proceed to the Downs, following the directions in paragraph 7 and Admiralty Notice to Mariners No. 239 of 1915. At the Downs further instructions will be obtained.

9. *East Coast Ports to Dutch Ports.*—Proceed as directed in paragraph 7 and Admiralty Notice to Mariners No. 239 of 1915. Leave the English Coast between the parallels of 51° 40' N. and 51° 54' N.; proceed between these parallels as far as longitude 3° E.; shape course thence to destination. Vessels using this route (which passes between the British and German mine-fields) must clearly understand that they do so entirely at their own risk.

10. *East Coast Ports to Scandinavian Ports.*—Proceed as directed in paragraph 7 and Admiralty Notice to Mariners No. 239 of 1915, as far as Farn Island; then steer for Lindesnaes and thence to destination, keeping in territorial waters. The route from St. Abb's Head to Stavanger may be used as an alternative to the above route.

11. British and allied vessels wishing to use the north-about route should apply to the Customs for directions.

Neutral vessels wishing to use the north-about route should be informed that application for permission to do so must be obtained through their diplomatic representatives, and that, failing such permission, they must proceed south-about.

In no circumstances are vessels allowed to pass through the Minches or through the Pentland Firth.

12. *Sailing-vessels from Atlantic to Scandinavian Ports.*—Pass to westward of Ireland and St. Kilda. Then make the Faroe Islands, and proceed thence to destination, passing to the northward of the Shetland Islands, and keeping fifty miles from them. 15th May, 1915.

Enemy Submarines.—In order to warn merchant vessels and others that enemy submarines are known to be in the vicinity, the following sig. may be used, viz.: B Flag International Code over a Ball (hoisted where best seen) indic. "Enemy Submarine in the Vicinity." By night, continuous flashing of the letter "S" will have the same signification. June.

CALIFORNIA.

SAN FRANCISCO BAY.—ALCATRAZ ISLAND.—BELL BUOY ESTABLISHED.—On 15th May, 1915, a bell buoy, painted in horizontal stripes, was established in about 6 fathoms of water, 135 yards 270° from the centre of the rock off the north-western end of Alcatraz Island, on the bearings—

Goat Island Lighthouse	111° 15'
Fort Point Lighthouse	246° 45'
Angel Island Lighthouse	338° 15'

U.S. Coast Survey Charts Nos. 5002, 5502, 5402, 5530, and 5532.

U.S. Coast Pilot, Pacific Coast, 1909, page 69.

INVINCIBLE ROCK.—BUOY REPLACED BY GAS-BUOY.—WHITING ROCK BUOY CHANGED.—On 15th May, 1915, the horizontally striped buoy marking Invincible Rock was replaced by a gas-buoy.

The gas-buoy shows, 10 ft. above the water, a flashing white light of 120 candle-power every 10 seconds—thus, flash 4 seconds, eclipsed 6 seconds.

Approx. position: Lat. 37° 57' 25" N., long. 122° 26' 25" W.

On the same date Whiting Rock buoy, painted in horizontal stripes, was changed from a first-class can to a first-class nun, painted red and numbered 6.

NEW CALEDONIA.

Noumea Roadstead.

The frigate captain commanding the "Kersaint" has reported that in the sounding operations recently effected in the great roadstead of Noumea, the sounding of 4 metres marked on Chart 1939 about 850 metres in the 345^{th} (N. $15^{\circ} W.$) from the upper line of light of the Island of Nou (position approximately lat. $22^{\circ} 16' 22'' S.,$ long. $164^{\circ} 5' 31'' E.$ of Paris) had not been found, but, on the contrary, a bank had been discovered on which the shallowest soundings were 4 metres 80 cr. at 720 metres in the 335^{th} ($50' N. 24^{\circ} 10' W.$) from the same line. The zone in which the inferior depths up to 120 metres were found is about 120 metres in diameter. There is every reason to believe that this bank should have been marked farther north on the map.

A second bank, giving a sounding of 4 metres 80 cr. has been discovered at 1,280 metres in the 348^{th} ($15' N. 11^{\circ} 45' W.$) from the same line of heights of the Island of Nou. The zone in which these inferior depths at 10 metres around this point are found is about 60 metres in diameter.

These particulars have been carefully marked by the commandant of the "Kersaint" on the chart at the Office of Direction of the Port, where they are available for inspection by navigators and pilots.
