

SUPPLEMENT

TO THE

NEW ZEALAND GAZETTE

OF

THURSDAY, JUNE 22, 1916.

Published by Authority.

WELLINGTON, THURSDAY, JUNE 29, 1916.

Teachers holding Certificates or Licenses under the Education Act, 1914.

Education Department,
Wellington, 29th June, 1916.

THE following lists of teachers are issued under the authority of the Minister of Education in accordance with the regulations respecting teachers' certificates made by Order in Council of the 13th February, 1912, and Part I also serves the purposes of an alphabetical index to the general graded list of teachers published below.

Parts I and II contain the names of the certificated and licensed teachers respectively who are at present employed in some form of public instruction, or were so employed up to a few years ago.

The names of teachers who are not known to have been engaged in teaching at any time during the past five years have been removed from the list, except when such teachers have made special application to be graded, and the retention of their names in the alphabetical list has been necessary to show their positions on the graded list.

In Part I there is shown in each case the classification and division of certificate held as defined by the regulations issued on the 13th February, 1912: the grounds of any promotion that has been gained since the publication of the last list are indicated by the letters A, M, S, which stand respectively for "attainments," "marks awarded by an Inspector," and "length of service."

Under the heading "Engagement," employment in the several classes of schools following is indicated by the abbreviations shown in brackets in each case: Public school (P.S.); Native Maori schools (Nat.); recognized classes under the Regulations for Manual and Technical Instruction (Tech.); special Government institutions for defective and orphan children (Spec.); private schools registered under the Education Act, 1914 (Priv.); public secondary schools (Sec.); University colleges (Univ.); training colleges (Tr.C.): while students of training colleges are indicated by "Norm.;" Inspectors of Schools by "Insp.;" and other departmental certificated officers by "Dept.;" A blank opposite a name

shows that the teacher is at present unemployed so far as is known to the Department. The district in which a public-school teacher is engaged may be ascertained by referring to the graded list.

W. J. ANDERSON,
Director of Education.

General Graded List of Teachers.

Eduoation Department,
Wellington, 29th June, 1916.

THE following general graded list of teachers is issued, in accordance with regulations made by Order in Council of the 16th May, 1916, under the authority of the Education Act, 1914.

Included are the names of all certificated teachers who were employed in public schools or Native schools on the 1st February, 1916, and of such other certificated teachers who made special application to be graded as invited by advertisement.

It was found impossible in some cases to obtain sufficient information on which to grade some of those who applied specially to be graded.

Higher certificates gained before 18th March, 1916, have in all cases been taken into account in determining the teacher's grading.

Superannuated teachers temporarily re-employed and holders of certificates who are not intending to re-enter the service have not been graded, though their names are included in the list of certificated teachers.

The names of groups of teachers who are on an equality in the graded list are alphabetically arranged within their group, and the "grade number" placed opposite the first in the alphabetical order is the grade number of each teacher within the group. Corrections made since the list was first sent to press have necessarily made the numbering slightly inaccurate, but the relative positions are in all cases shown correctly.

The abbreviations used in the column showing the position of the teacher are as follows: H (head or sole teacher); A (assistant teacher); I (infant mistress of schools of Grades VI and VII); D (assistant in secondary departments of district high schools).

The education districts in which teachers are employed are shown under the heading "District."

Attention is hereby drawn to clause 16 of the regulations, under which any teacher who considers that he has a good ground of objection to the position assigned to him on the graded list may, not later than the 31st July, 1916, lodge an appeal by letter directed to the Director of Education, Wellington, giving the grounds on which the appeal is based.

The alphabetical list of certificated teachers published above serves as an index to the graded list.

W. J. ANDERSON,
Director of Education.
