W. W. COOK, Registrar-General.

* It may be that in some instances the places given under the heading "Residence" are not the present places of abode of the respective persons. They have been copied, however, as they stand in the General Register; and if they are inaccurate in any case it is because the changes of residence have not been officially notified to the Registrar-General, as it is obviously desirable that all such changes should be.

* It may be that in some instances the places given under the heading "Residence" are not the present places of abode of the respective persons. They have been copied, however, as they stand in the Register; and if they are inaccurate in any case it is because the changes of residence have not been officially notified to the Registrar-General, as it is obviously desirable that all such changes should be.

SUMMARY FOR THE MONTH OF NOVEMBER, 1916.

November proved a very unsettled month, and except in the Hawke's Bay and Canterbury Districts the aggregate rainfall was everywhere above the average. North of Auckland, Taranaki, and Nelson experienced excessive rainfalls on several days, and an unusual number of wet days. The west coast of the South Island also had many wet days, but the falls were not particularly heavy except in the higher country. Central Otago reported excellent rains during the latter half of the month, while precipitation in Hawke's Bay and Canterbury was of a showery nature only.

Some very interesting data is disclosed in the returns, of which the following are particularly notable:—

The total month's rainfall at Auckland was 7.74 inches, which is the highest November fall recorded at that city.

At Wekaweke (south of Hokianga Harbour), on the 8th, 8.05 inches of rain fell, while the month's total was 18.68 inches. Okoke, Taranaki, recorded 10.94 inches on the 8th, and a total for the month of 21.96 inches; while Upper Mangorei on the 7th had 6.32 inches, on the 8th 6.72 inches, and 25.22 inches for the month.

At Bainham on the Aore River, Nelson, 37.40 inches fell during the month. On the 6th, 7th, and 8th, 6.27 inches, 11.24 inches, and 1.78 inches fell respectively. The heavy rainfall about this time caused serious floods in many of the rivers in Nelson and Marlborough.

Endeavour Inlet recorded 11.20 inches on the 8th, the Observer stating that the rate of fall averaged between 0.55 and 0.72 inches per hour throughout the day.

Although the rainfall in Canterbury was small, isolated stations received some good falls accompanying local thunderstorms. At Coalgate, on the 16th, during a severe thunderstorm, 1.44 inches fell in half an hour between 12.30 and 1 p.m.

Otira, Westland, had an aggregate for the month of 30.03 inches.

The most intense storm during the month was one which passed on the 27th. The barometer fell as low as 28.85 at the Bluff, but although the conditions were particularly boisterous, especially in and southward of Cook Strait, the storm was not responsible for much rainfall, and the heaviest and most widespread falls were the result of a similar disturbance, but of less intensity, which ruled between the 6th and 10th.

A subtropical depression passing between the 11th and 14th also accounted for heavy downpours in the northernmost districts.

The formation is volcanic, with rhyolite outcrops in places. The land to the north of the Tauraroa Stream is inclined to be jumbled up, and the soil rather light. South of the Tauraroa

the soil is better quality; the ranges are better defined. This portion of the block will make first-class sheep-country. The sections are well watered. The elevation would run from about 500 ft. to 2,000 ft. The forest timber is of no value, and fencing-timber is scarce.

SCHOOL FOR THE DEAF, NEAR SUMNER,
CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION
DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.
