*Amending Regulations for the Equipment of the New Zealand Military Forces.*

LIVERPOOL, Governor-General.

IN pursuance and exercise of the powers and authority conferred on me by the Defence Act, 1909, and its amendments, I, Arthur William de Brito Savile, Earl of Liverpool, Governor-General of the Dominion of New Zealand, do hereby amend, in the manner and to the extent set forth in the Schedule hereto, the "Regulations for the Equipment of the New Zealand Military Forces," made on the fourteenth day of June, one thousand nine hundred and seventeen, and published in the *New Zealand Gazette* of the same date; and I do hereby declare that the amendments hereby made shall have effect as from the date of publication thereof in the *Gazette*.

## SCHEDULE.

## REGULATIONS FOR THE EQUIPMENT OF NEW ZEALAND MILITARY FORCES.

## APPENDICES.

APPENDICES 6, 6A, and 6B are hereby cancelled, and the following substituted:—

## APPENDIX 6.

## MUSKETRY EQUIPMENT—ISSUE OF.

When drawing up the annual estimates of musketry appliances and targets, &c., it must be borne in mind that only such kit as is actually required will be included.

The list laid down is very full, but each range will only require appliances suitable to its characteristics. It does not follow that because the list of stores contains all kinds of articles that any one range will require the whole.

Targets will be issued to ranges in accordance with para. 198, Musketry Regulations, Part II, 1910.

Miniature targets for use on thirty-yard and miniature-cartridge ranges will be issued at rates laid down by the General Staff, and which will be published annually in General Orders.

It is to be distinctly understood that every paper target should be sufficient for two firers firing one practice. The exception to this rule being the rapid, where ten hits may be obtained. No. 3 target (miniature figure) should take several brown-paper facings before the target becomes useless.

First-class targets should last several years, owing to the small amount of use which they receive. Second-class targets and fire "3" targets will generally require renewing biannually.

Appliances will not be changed when worn out, unless the worn-out article is returned to store. Exchanges will be effected as laid down in para. 120, Regulations for Camps and Barrack Services. All appliances will be returned to store when no longer required.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only; and if it is within a borough a reading-room where the books may be read, and containing newspapers and periodicals, must be provided for the public free of charge; *in addition, it must not be situated in a borough, town, or town district the population of which exceeds fifteen hundred. The receipts for the year from subscriptions, donations, and voluntary contributions must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.*

2. In the distribution of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; *but no library will receive credit for a larger income than £25—that is, in no case will the augmented amount on which distribution is based exceed £50.*

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. *It is particularly enjoined upon the authorities in charge of the public libraries concerned that a due proportion of the books purchased shall be books having a permanent value—that is, on books of more than merely passing interest.*

5. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is

made, and must be accompanied by a statement of the receipts and expenditure of the institution for the year ending on the 31st day of December, 1918, and such declaration must be on the form provided for the purpose, which form shall be as follows:—

## DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]: that during the year ending on the 31st day of December, 1918, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of the Libraries and Mechanics' Institutes Act, 1908, or the Municipal Corporations Act, 1908, pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; from voluntary contributions other than members' subscriptions and net proceeds of entertainments, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstracts of accounts is a true statement of the receipts and expenditure of the institution for the year herein specified; that the whole of the subsidy received in the year 1917 was expended in the purchase of books for the library; [and that by the rules of the library the reading-room is open to the public free of charge].

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Justices of the Peace Act, 1908.

Declared at \_\_\_\_\_ this \_\_\_\_\_ day of \_\_\_\_\_, 191\_\_\_\_, before me— \_\_\_\_\_, Justice of the Peace [or Solicitor, or Notary Public].

[Here affix and cancel a stamp at 3s.]

[NOTE.—The words relating to the 1917 subsidy and to free admission may be struck out if they are not applicable. The words in brackets are not part of the form, but indicate matter to be inserted or substituted.]

6. Copies of the form of application may be obtained from the Secretary, Education Department, Wellington, and from the Secretary of any Education Board.

J. HANAN,  
Minister of Education.

## CONDITIONS OF SALE.

1. The right to cut and remove the timber will be sold generally in accordance with the provisions of the Land Act, 1908, the Timber Regulations made thereunder, and the following conditions, and may contain such additional conditions as the Commissioner in his discretion considers necessary in the interests of the Crown or of the public.

2. The quantities of the various timbers set forth in the above Schedule are approximate only, and are furnished for the information of intending purchasers, who are expected, previous to the sale, to make their own estimate of the quantity of timber. No contract for purchase shall be voidable, nor shall the licensee be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated herein; nor shall any extra sum be claimed by the Crown if for any reason the quantity of timber is found to be in excess of that stated herein.

3. The successful bidder shall purchase the whole of the timber, and shall, on the fall of the hammer, pay in cash a deposit of one-fifth of the amount bid, together with £1 1s. license fee, and shall also deposit four promissory notes, each for one-fourth of the balance, each payable on demand and endorsed by two persons to be approved by the Commissioner. These promissory notes will be presented—the first at an interval of four months from the date of sale, and the others at subsequent intervals of four months; but they may be presented for payment at earlier dates if more than a due proportion of timber is found to be cut, or should any breach of the conditions occur, or if in the opinion of the Commissioner the interest of the Crown is jeopardized.

4. The purchaser shall have the right to cut all the timber thereon during a period of two years from the date of sale. The license shall only be for the cutting and removal of the timber, and shall give no right to the use of the land.

5. The timber shall be cut in a face, and the Crown reserves the right of following up the mill-workings by felling and grassing such areas as from time to time will have been cleared of milling-timber, or of disposing of the land. Sufficient timber shall be left for fencing and general farming purposes.

6. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, into any river, stream, or watercourse, or into any place where it may be washed into any river, stream, or watercourse, any sawdust or other sawmill refuse.

7. In the event of the above not being disposed of, applications may be received and dealt with at any time within six months from the above date of sale (unless previously formally withdrawn); provided, however, that the amount offered is not less than the upset price stated herein.

8. No compensation will be given, nor shall any be claimed, for any error, discrepancy, or misdescription whatever in respect of the lot or in these conditions.

9. Any timber not specified milled for sale shall be purchased at the rate of 6d. per 100 sup. ft.

#### SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE  
EDUCATION DEPARTMENT.  
WELLINGTON.
