The Census and Statistics Act, 1910.—Agricultural and Pastoral Statistics.

Census and Statistics Office,
 Wellington, 14th February, 1919.

THE following estimated average yields per acre of wheat and oats for the season 1918-19 have been compiled from reports furnished by Fields Inspectors of the Department of Agriculture throughout the Dominion, and are now published for general information:—

District.	Wheat. Bushels Per Acre.	Oats. Bushels Per Acre.
Auckland	23-00	30-43
Hawke's Bay	25-42	31-15
Taranaki	22-18	28-78
Wellington	22-99	30-82
Nelson	20-00	30-00
Marlborough	26-56	43-27
Canterbury	28-47	35-44
Otago	29-41	35-35
Southland	25-35	33-41

Average estimated for the Dominion, season 1918-19	28-32	34-90
Average (actual) for the Dominion, season 1917-18	24-23	31-64

In accordance with the above estimates, the total yield of wheat for the Dominion should be approximately 6,265,000 bushels, as against an actual yield of 6,807,536 bushels in 1917-18.
 The percentage of the oat crop threshed in 1916-17 was 31-44, and in 1917-18 32-00. Assuming that a similar proportion is threshed this year, the total yield of grain should be 5,140,000 bushels. The oats threshed in the previous season yielded 4,942,759 bushels.

Owing to the wet and cold season experienced, the harvest will be exceptionally late, and whether the above estimates will be realized depends on the weather during the next few weeks.

The reports of the Field Inspectors as to the condition of the crops in the various districts may be briefly summarized as follows:—

Auckland.—The grain crops in this district are principally used for chaffing or for green fodder. Generally speaking, they are in fair, clean condition, although light.

Hawke's Bay.—Crops light, but in good condition. Harvesting has been commenced in parts of the district, and the weather so far is favourable.

Taranaki.—Some good crops are to be seen, but in most cases grain not well filled. Caterpillar has appeared in places.

Wellington.—Some crops, particularly oats, are good; others stunted and light in grain owing to unfavourable season.

Nelson.—There are some very fine crops, but yields generally will not be heavy. Blight is in evidence to a small extent.

Marlborough.—With the exception of Awatere County, wheat crops are in good condition. Oats fair to good throughout.

Canterbury.—Wet weather retarded growth of crops, but recently considerable improvement has taken place. Harvest will be late, but, with reasonably good weather, yields should be better than last year.

Otago.—Crops generally in good, clean condition, but heavy rains have done considerable damage in parts.

Southland.—There are some good crops, but in most cases yield will be only fair owing to continued wet and cold weather.

Government Statistician.

SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT.
