SUMMARY FOR THE MONTH OF JANUARY, 1919.

The weather of January was unseasonable, being mostly unsettled with strong westerly winds prevailing. There was again a remarkable frequency of westerly low-pressure areas, and in consequence the west coast of the North Island and the whole of the South Island had an aggregate rainfall considerably in excess of the average, while in the East Coast and northern portion of the North Is and the fall was below the mean of previous years.

The worst storm effects were those experienced in Otago from the 26th to the end of the month. During this period, as the result of heavy continuous rain, many of the rivers overflowed their banks and inundated much of the country and some of the towns. Our Naseby observer reports "that the floods were the heaviest known in Central Otago," while the observer at Nightcaps says "the worst January weather in the thirty-four years I have kept records."

NOTICE is hereby given that the right to cut and remove the timber on the undermentioned lands will be offered for sale by public auction, in three lots, at the District Lands and Survey Office, New Plymouth, on Friday, the 2nd day of May, 1919, at 11.30 a.m., under the provisions of the Land Act, 1908, and the Timber Regulations thereunder.

## SCHEDULE.

TARANAKI LAND DISTRICT.

LOT 1.—Section 3, Block V, Ohura Survey District: Area, 158 acres.

Situated close to the Ohura Township, which is about twenty-four miles from the Main Trunk Railway by dray-road, only metalled part of the way, so that haulage for any distance would be best done in dry weather.

Kahikatea, 482,000 sup. ft., upset price, £182; rimu, 60,800 sup. ft., upset price, £31; matai, 1,500 sup. ft., upset price, £2: total upset price, £215.

Lot 2.—Section 28, Block II, Ohura Survey District: Area, 45 acres 2 roods 10 perches.

Situated close to the main road from Okahukura to Ohura. About twenty miles from the Main Trunk Railway and five miles and a half to Ohura by a dray-road, which is only metalled in parts.

Kahikatea, 228,100 sup. ft., upset price, £87; rimu, 230,180 sup. ft., upset price, £116; matai, 23,100 sup. ft., upset price, £24; miro, 2,160 sup. ft., upset price, £3: total upset price, £230.

Situated to the west of the Main Trunk Railway, between Waimiha and Porotorau, across a low ridge from the railway. The last mile or so is surveyed road only. A suitable overhead bridge would probably be required to get the timber across the railway on one route; thence to the Waimiha Railway-station would be about four miles by a dray-road.

Kahikatea, 625,659 sup. ft., upset price, £235; rimu, 1,677,866 sup. ft., upset price, £840; matai, 296,071 sup. ft., upset price, £300; totara, 100,086 sup. ft., upset price, £125: total upset price, £1,500.

#### CONDITIONS OF SALE.

1. The right to cut and remove the timber will be sold generally in accordance with the provisions of the Land Act, 1908, the Timber Regulations made thereunder, and the following conditions, and may contain such additional conditions as the Commissioner in his discretion considers necessary in the interests of the Crown or of the public.

2. The quantities of the various timbers set forth in the above Schedule are approximate only, and are furnished for the information of intending purchasers, who are expected, previous to the sale, to make their own estimate of the quantity of timber. No contract for purchase shall be voidable, nor shall the licensee be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, and kind than as stated herein; nor shall any extra sum be claimed by the Crown if for any reason the quantity of timber is found to be in excess of that stated herein.

3. The purchase-money shall be paid by the successful bidder as follows:—

Lot 1 and Lot 2, cash on fall of the hammer, together with license fee £1 1s. Lot 3, one-fifth deposit on fall of the hammer, with license fee £1 1s., also four promissory notes each for one-fourth of the balance of the purchase-money, each payable on demand, and endorsed by two persons to be approved by the Commissioner of Crown Lands. These promissory notes will be presented—the first at an interval of four months from date of sale, and the others at subsequent intervals of four months; but they may be presented for payment at earlier dates if more than a due proportion of timber is found to be cut or should any breach of the conditions occur, or if in the opinion of the Commissioner the interest of the Crown is jeopardized.

4. The purchaser shall have the right to cut all the timber as follows: On Lots 1 and 2 during a period of one year from date of sale; on Lot 3 during a period of two years from date of sale. The license in each case shall only be for the cutting and removal of the timber, without any right to the use of the land.

5. The timber shall be cut in a face, and the Crown reserves the right of following up the mill workings by felling and grassing such areas as from time to time will have been cleared of milling-timber, or of disposing of the land. Sufficient timber shall be left for fencing and general farming purposes.

6. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, into any river, stream, or watercourse, or into any place where it may be washed into any river, stream, or watercourse, any sawdust or other sawmill refuse.

7. In the event of the above not being disposed of, applications may be received and dealt with at any time within six months from the above date of sale (unless previously formally withdrawn); provided, however, that the amount offered is not less than the upset price stated herein.

8. No compensation will be given, nor shall any be claimed, for any error, discrepancy, or misdescription whatever in respect of the lot or in these conditions.

9. Any timber not specified milled for sale shall be purchased at the rate of 6d. per 100 sup. ft.

Full particulars may be ascertained and copies of the Forest Regulations obtained at this office.
