LIVERPOOL, Governor-General.
ORDER IN COUNCIL.

At the Government House at Wellington, this twenty-first day of May, 1919.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS, there being no harbour Board empowered to grant the license hereinafter mentioned under the Harbours Act, 1908 (hereinafter called "the said Act"), Colonel Henry Smart Elgar Hobday (hereinafter called "the licensee") has applied to the Governor-General in Council for a license under the said Act to occupy a part of the foreshore and land below low-water mark adjacent thereto, in the Heathcote Estuary, at the foot of Mount Pleasant Road, Sumner, in order to erect and maintain a jetty thereon; and, in accordance with the one-hundred-and-fiftieth section of the said Act, has deposited a plan in the office of the Marine Department at Wellington, marked M.D. 5031, showing the area of foreshore and land below low-water mark intended to be occupied, and the manner in which it is proposed to erect the jetty :

And whereas it has been made to appear to the Governor-General in Council that the proposed work will not be or tend to the injury of navigation, and the said plan has, prior to the making of this Order in Council, been approved by the Governor-General in Council :

And whereas it is expedient that a license should be granted and issued to the licensee under the said Act, for the purpose aforesaid, on the terms and conditions hereinafter expressed :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority conferred upon him by the said Act, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the object for which the said license is required by the licensee as aforesaid; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the licensee to use and occupy that part of the foreshore, and land below low-water mark adjacent thereto, on which the jetty is to be erected, as shown on the plan so deposited as aforesaid, for the purpose of erecting and maintaining the said jetty thereon, such license to be held and enjoyed by the licensee upon and subject to the terms and conditions set forth in the Schedule hereto.

SCHEDULE.

1. In these conditions the term "Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to the part of the foreshore, and land below low-water mark adjacent thereto, necessary for the construction of the jetty as shown on plan marked M.D. 5031.

3. In consideration of the concessions and privileges granted by this Order in Council the licensee shall, on being supplied with a copy thereof, pay to the Minister the sum of £2 10s., and thereafter an annual sum of £1, payable in advance, dating from the date hereof, the first of such annual payments to be made on the licensee being supplied with a copy of this Order in Council.

4. All persons shall at all reasonable times, upon payment of the proper dues, have free and full liberty to use the said jetty, and all rights of ingress and egress thereon and therefrom.

5. His Majesty or the Governor-General, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, and out of the said jetty without payment.

6. The licensee shall maintain the above-mentioned jetty in good order and repair; and shall at all times exhibit therefrom, and maintain at his own cost, suitable and necessary lights for the guidance of vessels, provided that no light shall be exhibited until after it has been approved of by the Minister.

7. Any person authorized by the Minister may, at all reasonable times, enter upon the said jetty and view the state of repair thereof; and upon such Minister leaving at or posting to the last known address of the licensee a notice in writing of any defect or want of repair in such jetty, requiring him, within a reasonable time to be therein prescribed, to repair the same, he shall with all convenient speed cause such defect to be removed or such repairs to be made.

8. Nothing herein contained shall authorize the licensee to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Minister of Customs, or with any provisions of the Harbours Act, 1908, or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

9. The ballast of all vessels loading at the said jetty shall be taken away by the licensee and deposited above high-water mark, or at such place as may be approved of by the Minister or by any person appointed by the Minister for that purpose.

10. The rights, powers, and privileges conferred by or under this Order in Council shall continue to be in force for fourteen years from the date hereof, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority; and the licensee shall not assign, charge, or part with any such right, power, or privilege without the previous written consent of the Minister first obtained.

11. The said rights, powers, and privileges may be at any time resumed by the Governor-General without payment of any compensation whatever, on giving to the licensee three calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the licensee in New Zealand.

12. The licensee shall be liable for any injury which the said jetty may cause any vessel or boat to sustain through any default or neglect on his part.

13. In case the licensee shall—

- (2.) Cease to use or occupy the said jetty for a period of thirty days;

then and in either of the said cases this Order in Council, and every right, power, or privilege, may be revoked and determined by the Governor-General in Council without any notice to the licensee or other proceeding whatsoever; and publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the licensee, and to all persons concerned or interested, that this Order in Council, and the license, rights, and privileges thereby granted and conferred, have been revoked and determined.

14. The erection of the jetty shall be sufficient evidence of the acceptance by the licensee of the terms and conditions of this Order in Council.

This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of forty-two years from the date hereof. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine; but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

LIVERPOOL, Governor-General.

ORDER IN COUNCIL.

At the Government House at Wellington, this twenty-seventh day of May, 1919.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by section five of the Public Works Amendment Act, 1908, it is enacted that the Governor-General may from time to time by Order in Council grant to any person or body corporate a license to use water from any fall, river, stream, or other source for the purpose of generating electricity for electric light, mechanical power, or other uses, and to exercise in respect of that purpose any of the powers and authorities specified in that behalf in the said section:

And whereas it is further provided by the said section that any such license may confer upon the licensee a right at any time or times during the continuance of the license (but subject to such conditions and restrictions as are expressed in the license) to enter upon any road, railway, or other land, whether vested in or occupied by the Crown or any other person or body corporate, and there to construct, erect, lay down, maintain, renew, or repair all such cables, wires, and other things as are required for the transmission of electricity between the fall, river, stream, or other source aforesaid and any place to which the licensee is authorized to transmit electricity in pursuance of the license:

And whereas the Kaponga Town Board (hereinafter referred to as "the licensee") desires to extend, as hereinafter mentioned, electric lines already erected in pursuance of a license dated the sixth day of February, one thousand nine hundred and fifteen, and published in the *New Zealand Gazette* of the eleventh day of the same month (hereinafter referred to as "the said license"), and it is expedient to issue a license in respect thereof under the said section:

Now, therefore, in pursuance and exercise of the powers conferred upon him as aforesaid, and of the powers conferred by section two of the Public Works Amendment Act, 1911, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth, subject to the conditions set forth in the Schedule to the said license (in so far as they do not conflict with the regulations set forth in the Schedule hereto) and in the Schedule hereto, hereby authorize the licensee to erect and maintain electric lines for lighting, power, and heating purposes within the area of supply hereinafter described; such lines at present proposed to be erected being indicated by red lines on the plan marked P.W.D. 45595, deposited in the office of the Minister of Public Works at Wellington.

SCHEDULE.

1. AREA OF SUPPLY.

THE area of supply comprises that portion of the present County of Eltham lying to the west of Sections 32 and 36, Block VIII, Sections 8, 9, and 10, part of Section 18, Sections 29, 42, 43, 44, 45, Subsection 28, Railway reserve, Block XII, Sections 21, 22, 23, 24, 25, 26, and 31, Block XVI, all in the Kaipokonui Survey District; such area being indicated by a blue border on the eastern boundary and by a red border on the southern, western, and northern boundaries, on the plan marked P.W.D. 45073, deposited in the office of the Minister of Public Works at Wellington, in the Wellington Land District.

2. COMPLIANCE WITH REGULATIONS.

Regulations prescribing the conditions on which licenses to construct electric lines may be authorized, dated 19th day of April, 1915, and published in the *New Zealand Gazette* of 29th day of April, 1915, except clause 17 thereof, which is replaced by clause 3 hereof, to which references in such regulations to clause 17 shall apply; or any new regulations which may take the place of these regulations.

3. COVERING OF OVERHEAD LINES.

Electric lines at low pressure shall be covered throughout with triple braiding, thoroughly impregnated with weather-proof compound; provided that where circumstances permit the lines may, with the written consent of the Minister obtained before the work is commenced, be bare. Electric lines at high pressure shall be insulated with vulcanized rubber of at least 600 megohm grade; provided that where circumstances permit the lines may, with the written consent of the Minister obtained before the work is commenced, be bare.

Electric lines at extra high pressure shall be bare.

Earthed neutral or intermediate conductors may in all cases be bare.

Every pole or support carrying extra-high-pressure lines or high-pressure lines, the conductors of which are bare, shall have attached to it a plate marked "Danger—Live Wires."

Bare low-pressure and bare high-pressure electric lines erected with the written consent of the Minister shall be subject to the following conditions:—

- (a.) The electric lines upon which workmen are engaged shall be disconnected from the source of supply; but if a suitable raised platform is used, the electric lines need not be so disconnected.
- (b.) Where telegraph lines intersect or are menaced by the licensee's bare electric lines, the licensee shall bear the cost of insulating, protecting, and maintaining the insulation and protection of all telegraph lines, whether erected before or after the bare electric lines, and also the cost of all special work and the maintenance thereof, which the Minister of Telegraphs deems it necessary to carry out in consequence of the licensee's electric lines being bare.
- (c.) When, in the opinion of the Minister of Telegraphs, it is considered necessary that such bare electric lines at any crossing should be replaced by electric lines insulated in the manner prescribed in the first part of this clause, the licensee at his own expense shall insulate such bare electric lines when requested to do so by the Minister of Telegraphs.

(d.) When, in the opinion of the Minister, it is necessary in the interests of the public safety that the use of bare electric lines should be discontinued, the licensee shall, upon receiving notice from the Minister, substitute therefor electric lines covered in the manner prescribed by the first part of this clause.

(e.) Low-pressure wires, whether braided or bare, which at any portion of their length are carried on the same poles or supports as bare high-pressure lines or extra-high-pressure lines shall be deemed to be "infected" throughout their entire length by such high-pressure or extra-high-pressure lines, and shall be subject to the regulations governing high-pressure and extra-high-pressure lines respectively.

(f.) In the event of any dispute as to whether or not telegraph lines are menaced by the electric lines the decision of the Minister of Telegraphs shall be final.

4. WIRING CONSUMERS' PREMISES.—MONOPOLY FORBIDDEN.

The licensee shall not grant or agree to grant any company, firm, or person the sole right to supply or erect the electric wiring on any consumer's premises, nor shall any consumer be required to purchase from the licensee or his assigns any material or apparatus for installing the electric wiring on such premises, or to have the work carried out by the licensee or his assigns, as a condition precedent to a supply of electrical energy being given by the licensee to the consumer.

5. REQUIREMENTS OF ELTHAM COUNTY COUNCIL.

Notwithstanding anything hereinbefore contained, the licensee shall not be entitled to erect, maintain, or use any electric lines within the County of Eltham except subject to such conditions, not inconsistent with the provisions of this license, and the regulations relating thereto, as have been or may from time to time be agreed upon between the licensee and the Eltham County Council.

GENERAL DESCRIPTION.

This estate is situated about five miles distant from the Toko Railway-station by Ohura, Waiwiri, and Makuri Roads, all metalled, and about three miles and a half from the Huiroa Railway-station. It is about twelve miles from Stratford. There is a school at Huiroa, about two miles and a half away. A creamery is in operation on the property. The country varies from flat and undulating to hilly. Three of the sections contain a large proportion of land fit for dairying, and on the others a certain number of milking-cows could be grazed if any tenants wished to do so. The land is well watered, and all laid down in English grasses, excepting in the case of a few acres not regrassed after ploughing. Fern requires checking in a few patches, but is not bad anywhere, and on the rougher ground there are very few places unsafe for stock. The soil is a free loam of mixed volcanic and papa origin, on a papa and sandstone subsoil. Shell limestone crops out in a few places. Climate moist and favourable for grass. Right of access to and through Sections 2s, 3s, 4s, and 5s is reserved along the track in the vicinity until the Kota Road is formed. Two quarries for road-metalling purposes are reserved out of Section 2s. The hills rise to about 400 ft. above the flats, and there is more or less ploughable ground on all the sections. Altitude varies from 400 ft. to 900 ft.

Portions of Sections 6s and 7s are subject to a water right held by the Stratford Farmers' Co-operative Dairy Company, allowing them to take and convey water from the Kaikoura Stream and its tributaries to the factory under the condition of restoring the surface disturbed.

SPECIAL CONDITION.

The right of access through Section 2 to the quarries at any time, without compensation for surface damage, is reserved to any persons authorized by the Commissioner of Crown Lands, but the Crown disclaims any liability for loss incurred through any accidents to stock straying or falling in such quarries, or for fencing the same.

Sale posters and full particulars may be obtained at this office.

**SCHOOL FOR THE DEAF, NEAR SUMNER,
CHRISTCHURCH.**

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION
DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are
taught to understand and use ordinary speech. The
full charge for board and education is £40 a year, but less
is accepted from parents who cannot afford to pay this
amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children
to come under instruction at the age of six, and to con-
tinue until the age of twenty-one unless the Education
Department previously grants exemption. Though a child
is, as a rule, best fitted to begin the school course at the
age of six, advice should be obtained as soon as any sign
of deafness is observed.

The following classes of deaf children are admitted to
the School for the Deaf (sound intellect being always a
necessity):—

1. Children born deaf, or who have lost their hearing
before learning to speak.
2. Children who can hear a little, but are too deaf to
be taught in a public school.
3. Children who have lost their hearing after having
learned to speak.

The Act imposes upon every parent, teacher of a school
(either public or private), constable, or officer of a chari-
table or kindred institution who is aware of the place of
residence (either temporary or permanent) of a deaf child,
and the householder in whose house any such child re-
sides, an obligation to send notification of the fact to the
Minister of Education, giving the name, age, and address
of the child; and any neglect or failure to comply with
this provision involves liability to a fine.

Information and advice may be obtained from the
Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT.
WELLINGTON.
