#### SCHEDULE.

##### 1. AREA OF SUPPLY.

THE area of supply comprises the Town District of Otaki as at present constituted, as indicated by a distinctive border coloured pink on P.W.D. 45337, deposited in the office of the Minister of Public Works at Wellington, in the Land District of Wellington.

##### 2. SYSTEM OF SUPPLY.

The system of supply shall be as described in paragraph (e) of clause 2 of the regulations.

The generating voltage shall be approximately 3,300 volts between the terminals.

##### 3. DATUM TEMPERATURE.

For the purpose of calculating the stresses as provided in clause 12 of the regulations the datum temperature shall be taken as 20 degrees Fahrenheit.

##### 4. COVERING OF OVERHEAD LINES.

Electric lines at low pressure shall be covered throughout with triple braiding, thoroughly impregnated with weather-proof compound; provided that where circumstances permit the lines may, with the written consent of the Minister obtained before the work is commenced, be bare. Electric lines at high pressure shall be insulated with vulcanized rubber of at least 600 megohm grade; provided that where circumstances permit the lines may, with the written consent of the Minister obtained before the work is commenced, be bare.

Electric lines at extra high pressure shall be bare.

Earthed neutral or intermediate conductors may in all cases be bare.

Every pole or support carrying extra-high-pressure lines or high-pressure lines, the conductors of which are bare, shall have attached to it a plate marked "Danger—Live Wires."

Bare low-pressure and bare high-pressure electric lines erected with the written consent of the Minister shall be subject to the following conditions:—

(a) The electric lines upon which workmen are engaged shall be disconnected from the source of supply, but if a suitable raised platform is used the electric lines need not be so disconnected.

(b) Where telegraph lines intersect or are menaced by the licensee's bare electric lines, the licensee shall bear the cost of insulating, protecting, and maintaining the insulation and protection of all telegraph lines, whether erected before or after the bare electric lines, and also the cost of all special work and the maintenance thereof which the Minister of Telegraphs deems necessary to carry out in consequence of the licensee's electric lines being bare.

(c) When, in the opinion of the Minister of Telegraphs, it is considered necessary that such bare electric lines at any crossing should be replaced by electric lines insulated in the manner prescribed in the first part of this clause, the licensee, at his own expense, shall insulate such bare electric lines when requested to do so by the Minister of Telegraphs.

(d) When, in the opinion of the Minister, it is necessary in the interests of the public safety that the use of bare electric lines should be discontinued, the licensee shall, upon receiving notice from the Minister, substitute therefor electric lines covered in the manner prescribed by the first part of this clause.

(e) Low-pressure wires, whether braided or bare, which at any portion of their length are carried on the same poles or supports as bare high-pressure lines or extra-high-pressure lines shall be deemed to be "infected" throughout their entire length by such high-pressure

or extra-high-pressure lines, and shall be subject to the regulations governing high-pressure and extra-high-pressure lines respectively.

(f.) In the event of any dispute as to whether or not telegraph lines are menaced by the electric lines, the decision of the Minister of Telegraphs shall be final.

#### 5. NOTICES *re* EXTENSIONS, ETC.

Records of results of tests (Regulation 37), and notices *re* commencement of work (Regulation 44) and *re* extensions and alterations (Regulation 49), should be sent to the Under-Secretary; Public Works Department, Wellington, and to the Telegraph Engineer of the district, or his deputy, at present stationed at Wellington.

The charge for electrical energy shall not exceed 10d. per unit for lighting purposes, and 5d. per unit for motor-power, heating, or cooking purposes; provided that "lighting purposes" shall include the operation of motor generators for lighting purposes.

#### 7. WIRING CONSUMERS' PREMISES.—MONOPOLY FORBIDDEN.

The licensee shall not grant or agree to grant any company, firm, or person the sole right to supply or erect the electric wiring on any consumer's premises, nor shall any consumer be required to purchase from the licensee or its assigns any material or apparatus for installing the electric wiring on such premises, or to have the work carried out by the licensee or its assigns, as a condition precedent to a supply of electrical energy being given by the licensee to the consumer.

#### 8. DURATION OF LICENSE.

This license shall, unless sooner determined in accordance with the provisions of the regulations, continue in force for a period of forty-two years from the date hereof. Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine; but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

Wilford Settlement is situated at the eastern end of the Borough of Petone, and is about one mile distant from Petone Railway-station, which is reached in eighteen minutes by train from the City of Wellington. Steps are being taken by the Petone Borough Council to establish a motor-bus service, which will serve the lots under offer. These lots are all in grass and are generally of a dry nature, somewhat sandy, on gravel formation, between Heretaunga and High Streets, and with a heavy loam between High and Manchester Streets. The streets on which they abut are formed and metalled, with concrete kerbing and channelling. An opportunity is here afforded of securing very desirable residential sites close to school and sea-shore.

TERMS OF SALE.

The purchaser may pay for the land in cash or by deferred payments extending over a period of nineteen years. The terms are—

(1.) Cash.—One-fifth of the purchase-money on the fall of the hammer, and the balance, with Crown-grant fee (£1), within thirty days thereafter.

(2.) Deferred Payments.—5 per cent. of the purchase-money and license fee (£1 1s.) on the fall of the hammer, balance by equal annual instalments extending over nineteen years, with interest payable half-yearly at the rate of 5 per cent. per annum on the unpaid purchase-money; but with the right to pay off at any time the whole or any part of the outstanding amount.

In either case if the purchaser fails to make any of the prescribed payments by due date, whether of purchase-money or interest, the amount (if any) already paid shall be forfeited and the contract for the sale of the land be null and void.

Titles will be subject to section 60 of the Land Laws Amendment Act, 1912.

Full particulars may be obtained at this office.

G. H. M. McCLURE,  
Commissioner of Crown Lands.

SCHOOL FOR THE DEAF, NEAR SUMNER,  
CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION  
DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE  
EDUCATION DEPARTMENT.  
WELLINGTON.
