MINE WARNING.—BASS STRAIT AND NEW SOUTH WALES, AUSTRALIA.

Marine Department,
Wellington, N.Z., 30th September, 1919.

THE Admiralty have notified that the mine-sweepers have completed the sweeping of the Bass Strait mine-field, and the area is now considered clear. Mariners, however, should keep a sharp lookout for drifting mines, as all of those laid have not yet been accounted for.

With reference to Notice to Mariners No. 64 of 1919, the Commonwealth Naval Board recommends that, owing to the possibility of some of the mines having dragged their moorings in unknown directions, ships should give the mine-field a wide berth by passing twenty miles off Cape Everard for a year from the present date.

Secretary.

GENERAL DESCRIPTION.

Pakaraka Settlement is situated between Kawakawa and Ohaeawai, having about two miles and a half of frontage to the main north road between those places. The nearest railway-station is Otiria Junction (four miles from Kawakawa and forty-two miles from Whangarei), the distance of the various sections from the station ranging from three miles and a half to seven miles and a half. The land varies from rich flat to undulating and hilly, the elevation being between 265 ft. to 550 ft. above sea-level. The soil varies from volcanic to semi-volcanic and clay of good quality, with scoria appearing in some parts. A considerable portion of the settlement has been ploughed and laid down in English grasses, and the pasture is generally of good quality. The settlement as a whole is well watered by springs and streams, most of which are permanent, and the natural supply could be supplemented where necessary at moderate cost. All the sections are partly fenced and subdivided by post-and-wire fencing erected by former owners, which is generally in fair condition. There is a good homestead-site on each section. The nearest dairy factory is at Ohaeawai, about six miles distant, which would serve all selectors to north of the new road through the settlement; those selectors situated to the south of road would probably cart their cream to Otiria Railway-station and then forward it to Hikurangi Factory.

IMPROVEMENTS.

The following improvements are included in the capital value of the land:—

Section 15s.—31 chains boundary fence (half share), 31½ chains boundary fence (whole share), and 63 chains internal fence, value £114; windmill, £35.

Section 16s.—75 chains boundary fence (half share) and 4 chains internal fence, value £38

Section 17s.—74 chains boundary fence (half share) and 84 chains internal fence, value £109.

Section 19s.—108 chains boundary fence (half share) and 21 chains internal fence, value £93.

SPECIAL CONDITIONS.

1. The right to take scoria from any of the pits or areas adjacent thereto is reserved by the Crown or its delegated authority for a period of five years.

2. The lessees of sections on which windmills are situated will, for a period of three years from date of lease, be required to allow the holders of adjoining section the right to obtain therefrom a reasonable proportion of the available supply of water, and to lay pipes at their own expense under the soil for the purpose of obtaining such supply, provided that the settler benefiting thereby shall contribute proportionately to the maintenance and repair of the windmill and appliances. Any dispute arising therefrom to be decided by the Commissioner of Crown Lands, whose decision shall be final and conclusive.

Sale posters and full particulars may be obtained at this office.

SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT.
