Subsidies to Public Libraries in Country Districts.

Education Department,
Wellington, 21st October, 1919.

NOTICE is hereby given that the sum of £3,000 has been voted by Parliament for distribution to public libraries in country districts.

The distribution will take place about the 1st March, 1920, and no claim will be entitled to consideration that shall not have been sent in in due form and received by the Secretary, Education Department, Wellington, on or before the 28th January, 1920.

1. A library to be entitled to a subsidy must be public in the sense of belonging to the public, and of not being under the control of an association, society, or club whose membership is composed of a section of the community only; and if it is within a borough a reading-room where the books may be read, and containing newspapers and periodicals, must be provided for the public free of charge; *in addition, it must not be situated in a borough, town, or town district the population of which exceeds fifteen hundred. The receipts for the year from subscriptions, donations, and voluntary contributions must not have been less than £2, exclusive of moneys received from endowments, or from Government, or from Borough or County Councils, or for special building purposes, or as rent, hire, or consideration for the use of any room, or building, or land belonging to the institution, in respect of none of which will subsidy be allowed. The net proceeds of concerts, lectures, or other entertainments on behalf of the current expenses of the library will be regarded as voluntary contributions. A subsidy will not be given to more than one library in the same town.*

2. In the distribution of the vote a nominal addition of £25 will be made to the amount of the income of each library derived from subscriptions, donations, and rates, and the vote will be divided according to the amounts thus augmented; *but no library will receive credit for a larger income than £25—that is, in no case will the augmented amount on which distribution is based exceed £50.*

3. The whole of the subsidy must be expended without delay in the purchase of books for the library.

4. *It is particularly enjoined upon the authorities in charge of the public libraries concerned that a due proportion of the books purchased shall be books having a permanent value—that is, on books of more than merely passing interest.*

5. Application to share in the distribution must be by means of a statutory declaration by the Chairman, or Secretary, or Treasurer of the institution on behalf of which it is made, and must be accompanied by a statement of the receipts and payments of the institution for the year ending on the 31st day of December, 1919, and *such declaration must be on the form provided for the purpose, which form shall be as follows:—*

DECLARATION.

I, [Name], of [Place of abode], [Occupation], do solemnly and sincerely declare that I am Chairman [or Secretary, or Treasurer] of the [Name of institution]; that during the year ending on the 31st day of December, 1919, the receipts of the aforesaid institution for the maintenance of the library only were as follows: From rates levied by a local governing body under Part I of the Libraries and Mechanics' Institutes Act, 1908, or the Municipal Corporations Act, 1908, pounds shillings and pence; from the subscriptions of members, pounds shillings and pence; from voluntary contributions other than members' subscriptions and from net proceeds of entertainments, pounds shillings and pence; that the library is public in the sense of belonging to the public, and is not under the control of an association, society, or club whose membership is composed of a section of the community only; that the information hereinafter furnished by me in the appendix hereto is correct in every particular; that the abstract of accounts is a true statement of the receipts and payments of the institution for the year herein specified; that the whole of the subsidy received in the year 1919 was expended in the purchase of books for the library; *[and that by the rules of the library the reading-room is open to the public free of charge].*

And I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Justices of the Peace Act, 1908.

[Signature.]

Declared at _____, this _____ day of _____, 19____, before me— _____, Justice of the Peace [or Solicitor, or Notary Public].

[Here affix and cancel a stamp at 3s.]

[NOTE.—The words relating to the 1919 subsidy and to free admission may be struck out if they are not appli-

6. Copies of the form of application may be obtained from the Secretary, Education Department, Wellington, and from the Secretary of any Education Board.

Dealing with the four metropolitan areas only, it is found that the inclusion of the suburban portions lowers the death-rate in Auckland, Wellington, and Christchurch.

	Death-rate per 1,000 of Population.	
Auckland City	1.13	
Auckland Metropolitan Area		1.08
Wellington City	0.73	
Wellington Metropolitan Area		0.70
Christchurch City	1.11	
Christchurch Metropolitan Area		1.05
Dunedin City	1.07	
Dunedin Metropolitan Area		1.15

Including the suburban portions, the rate at Dunedin is the highest and at Wellington the lowest.

Compared with September, 1917 and 1918, the results are—

	1917.	1918.	1919.
Auckland Metropolitan Area	0.76	1.26	1.08
Wellington Metropolitan Area	0.84	0.94	0.70
Christchurch Metropolitan Area	0.90	1.07	1.05
Dunedin Metropolitan Area	1.08	1.35	1.15

The total births registered for the four metropolitan areas amounted to 516, as against 601 in August—a decrease of 85. The deaths in September were 388—a decrease of 32 as compared with the previous month. Of the total deaths, males contributed 193, females 195. Forty-six of the deaths were of children under five years of age, being 11.86 per cent. of the whole number. Thirty of these were under one year of age.

The following table shows the deaths in various age-groups occurring in the four metropolitan and total of nine suburban areas during the month of September, 1919:—

GENERAL INFORMATION WITH REGARD TO WIRELESS TIME-SIGNALS.

Former Notice.—No. 691 of 1919; hereby cancelled.

The accompanying list of wireless time-signals is intended to provide, in a form suitable to give all information required by the wireless operator, a complete and up-to-date list of all time-signals issued by wireless stations throughout the world. The details showing the method of transmission of any given time-signal will be found in the "Admiralty List of Lights and Time-signals" or in the "International List of Radio Telegraph Stations" (The Berne List).

The times given in the 4th column of the list are expressed in the 4-figure notation employed for signalling during the war. The term "G.M.T." here means the civil mean time of the meridian of Greenwich, with the day commencing at midnight and the hours reckoned from 00 to 23. Where two times are joined by a hyphen, the times denote respectively the beginning and end of the signal.

Most of the wireless time-signals at present transmitted are sent by means of an automatic arrangement operated by the pendulum of a chronometer situated at some observatory. In such cases absolute reliance may be placed upon the accuracy of the signal. There are, however, many stations in the world which are very suitably situated for transmitting time-signals to ships which could otherwise not receive them, where it would be very difficult or impossible to establish an automatic system. In such cases "hand" signals may be provided; but in general these signals should not be trusted to be accurate within closer limits than about two seconds.

It is hoped that all wireless time-signals will eventually be standardized, so that there shall be only two kinds of signals transmitted, the automatic signals being all alike and quite distinctive from the hand signals. It is further expected that arrangements will be made for all time-signals to be transmitted at times so selected that a ship with only one wireless operator will be able to read them. A similar scheme for wireless weather bulletins is being evolved.

NOTE.—This notice will be subject to revision from time to time.

IMPROVEMENTS.

The improvements which are included in the capital values consist of drains and fences. The fences, generally speaking, are in a poor state of repair, and in many instances not on the proper boundaries.

The improvements on Section 14s, which are not included in the capital value, comprise six-roomed house, cow-shed, dairy, stable, and sheds, all valued at £465. The shed is situated partly on Section 12s.

GENERAL DESCRIPTION.

Waddington Settlement is situated on Naenae Road, about three miles from Lower Hutt Post-office. It comprises first-class land suitable for dairying and intense cultivation.

Main drains have been constructed through the settlement, and the various sections can be greatly improved by the construction of small drains to connect with the existing drains. There is a small quantity of gorse on some of the sections.

Sale posters and full particulars may be obtained at this office.

SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT.
