FIRST CLASS, double the above rates in each case.

Tickets at above rates will be issued only at the option of the Department.

They will not be issued on public holidays.

The Department does not undertake to carry parties at the above rates by mail and express trains.

Where special trains are provided a guarantee equal to 100 second-class adult ordinary return fares may be required; minimum charge, £10. (See Regulations Nos. 46 and 47.)

The number of adult passengers, exclusive of teachers and senior scholars, carried at these fares by any school-excursion train must not exceed the number of children under fifteen years of age who are carried by the same train.

Unsold tickets must be returned to the Railway Department before the excursion train starts on its outward journey, or at destination station before the commencement of the homeward journey, otherwise the Committee will be debited with the full value thereof, and no rebate will be made on account of tickets afterwards tendered as unsold.

Each school will be strictly limited to one excursion per annum at the day-excursion fares.

Application must first be made to the District Manager, seven days' notice being given in the case of small parties, and ten days' notice in the case of large excursions.

Written applications, specifying dates on which delegates will travel, the stations between which the journeys will be made, and the name or names of persons who will sign certificates, must first be made by the secretary of the religious body or friendly society to the General Manager of the New Zealand Government Railways, Wellington, not less than two months before the date of meeting.

LOWER OTAGO HARBOUR.—PILES PLACED DURING DREDGING OPERATIONS.

Marine Department,  
Wellington, N.Z., 29th November, 1919.

THE Otago Harbour Board have notified that during dredging operations in Deborah Bay, Lower Otago Harbour, six piles will be placed for the guidance of the dredge—three on the port side with white lights corresponding to the lights of the channel, and three on the star-board side with red lights corresponding to the red lights of the channel. This will leave a fairway of 540 ft. wide between the two sets of piles.

As the dredge progresses these piles will be shifted ahead accordingly, and when finished will be removed.

The lights will be extinguished on the two main beacons (one black and one red) in the immediate vicinity of that portion of the channel marked by the temporary piles.

SUMMARY FOR THE MONTH OF OCTOBER, 1919.

Nearly all parts of the Dominion experienced less than the average rainfall for October, the only districts having an excess being the Auckland peninsula and the southernmost portion of the South Island. The month was marked by very changeable weather, which was brought about by frequent westerly disturbances. The most intense of these occurred during the first three days, and was closely followed by a cyclone which ruled between the 4th and 6th. The latter was responsible for rain generally and very heavy rain in the northernmost districts. Other storms of the westerly type passed on the 10th, 14th, 21st, 22nd, and 31st. A well-developed anticyclone dominated between the 23rd and 28th, and during this period fair weather prevailed over the Dominion as a whole.

Vegetation showed only medium growth in most parts, while in Otago it proved very backward.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction, at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE

EDUCATION DEPARTMENT.
