##### *Examination of Applicants.*

2. Before taking a ballot or otherwise disposing of applications for land the Board may, in such manner as it thinks fit, inquire into all matters affecting an applicant's suitability or his right of preference under the said Acts, or the Discharged Soldiers Settlement Act, 1915, and may reject

any applicant who refuses or fails to answer any inquiries as to such matters to the satisfaction of the Board, or who fails to satisfy the Board on any material point.

5. Every person who, subsequent to the 11th day of November, 1913, is or has been successful in any land-ballot under the said Acts, or the Discharged Soldiers Settlement Act, 1915, and who makes any disposition of his allotment or any part thereof, whether by way of assignment or sublease, shall, unless the Board, taking into consideration the circumstances of the case, otherwise determines, be disqualified for the period of ten years after the date of such disposition from taking part in any other land-ballot under any of the said Acts.

The figures on the balls shall have a line drawn horizontally under them to show which is the right side up.

B

*Ballot-box.*

8. At the time fixed for the ballot the Commissioner of Crown Lands, or officer appointed by him, shall in respect of each section read over each name on the list aforesaid with its rotation number, and, as each name and number is read over, the ball bearing the corresponding rotation number shall be deposited in the ballot-box.

*Scrutineer.*

9. The applicants or their authorized representatives present at the ballot shall be entitled to select one person in the room to act as scrutineer on their behalf.

*Ball to be drawn.*

10. The ballot-box shall then be securely closed and thoroughly shaken up and turned, and the drawing shall then take place in the presence of the Commissioner of Crown Lands, or the officer appointed by him to superintend such drawing, and the person whose rotation number appears on the ball first drawn from the ballot-box for the section then being balloted for shall be declared by the Commissioner or other officer to be the successful applicant for that particular section, and thereupon his applications (if any) for remaining sections to be balloted shall be cancelled by drawing a horizontal line through entries representing them on the ballot-list.

*Second Number may be drawn.*

11. If the Commissioner thinks fit he may draw a second ball from the ballot-box, and the applicant whose rotation number appears thereon shall be declared the successful applicant in all cases where the applicant whose rotation number is first drawn is ineligible or disqualified from selecting or holding the section balloted for, and such disqualification is announced by the Commissioner or Land Board within a space of thirty days from the date of ballot.

23. In sizing apples or pears in any particular size for the purposes of packing a variation of not more than ¼ in. above the size in question will be allowed, but no apple or pear shall be included in a package which is of less size than that hereinafter required to be branded on such package.

24. Apples and pears of one grade only shall be packed in each package:

27. The particulars set out in the preceding regulation shall be branded on the same end of the package as the owner's registered number hereinbefore required by these regulations to be placed on one end of packages of fruit, and no other particulars shall be placed on that end except a design or mark used in conjunction with the registered number as hereinbefore authorized.

28. (1.) The particulars required by the last two preceding regulations to be branded on packages of fruit shall accurately describe the contents of such packages, provided that a variation of not more than five per package shall be allowed in the number of fruit stated to be in such package.

(2.) If the contents of such packages are noticeably and to the detriment of a purchaser at variance with the particulars branded on such packages, the owner of such fruit shall be deemed to have committed a breach of these regulations.

#### General Provisions relating to Graded Fruit.

29. An Inspector may at any time examine any package of apples or pears bearing an official grade-mark for the purpose of checking the grading of the contents thereof as indicated by the grade-mark on the package, and the correctness of the other particulars branded on the packages in accordance with the requirements of Regulation 26 above.

30. If on examination the Inspector is of opinion that the contents of any package of apples or pears are of a lower grade than that indicated by the grade-mark thereon, he shall erase such grade-mark, and shall place on the package a grade-mark indicating the grade which he allots to the contents of the package.

31. If such package is one of a line of apples or pears of the same variety and grade and belonging to the same owner, the grade allotted by the Inspector to the contents of such package shall be allotted to the whole line, and the grade-mark on the remaining packages of the line shall be altered accordingly:

Provided that before altering the grade of a line of apples or pears as aforesaid the Inspector shall examine the contents of at least 5 per cent. of the packages in the line.

33. If the grade is altered by an Inspector as aforesaid, all work in connection with the examination of the packages of apples and pears for the purpose of determining the grade, and with the re-marking of packages, shall be done at the expense in all things of the owner of such apples and pears.

#### *Sale of Apples and Pears under Official Grade-marks other than in Packages.*

34. It shall not be lawful for the official grade-marks to be used to describe any apples or pears sold or offered for sale unless such apples or pears conform to the standards hereinbefore set out for the official grades.

35. Any apples or pears exposed in premises or places where fruit or produce is customarily sold which bear a label or other method of description in which any of the official grade-marks are employed shall be deemed to be offered for sale under the description of such official grade-mark.

SUMMARY FOR THE MONTH OF FEBRUARY, 1920.

February proved a fair and warm month, though dull and misty conditions were somewhat frequent. Heavy rains occurred in most parts on the 8th and 9th and between the 25th and 28th, and, except in the Gisborne and Napier districts and the West Coast and southernmost portions of the South Island, the total rainfall for the month was considerably above the average, at many places more than double.

The ruling disturbances were a sub-tropical low, the centre of which passed in the vicinity of Cook Strait on the evening of the 9th, and a similar low acting in conjunction with one southward of the Dominion from the 24th to the close of the month.

## Notice to Mariners.—No. 13 of 1920.

Marine Department,  
Wellington, N.Z., 13th April, 1920.

THE following Notices to Mariners, which have been received from the Hydrographic Office, London, are published for general information.

B. W. MILLIER,  
Acting-Secretary.

## WARNING-SIGNALS DISPLAYED BY BRITISH VESSELS ACCOMPANYING SUBMARINES.

ATTENTION is specially drawn to the following information with regard to vessels accompanying submarines:—

British men-of-war, Auxiliary Patrol vessels, Royal fleet and Mercantile fleet auxiliaries, and all British merchant vessels, whenever proceeding in company with submarines are to fly "M" (International) at the masthead, accompanied by a group from the numeral table in the International Code of Signals, indicating the number of submarines in company. This signal is a warning to vessels that submarines are in the vicinity. When "M" flag is displayed vessels are cautioned to steer so as to give the escorting vessel a berth of at least one mile, and also to pass astern of her. When from any cause this cannot be done, the escorting vessel should be approached at slow speed until warning is given of the danger zone by flags, semaphore, or megaphone, as most convenient, a good look-out being kept meanwhile for the submarines, whose presence may be only indicated by their periscopes showing above water. The use of the large red flag has been discontinued for this purpose.

SCHOOL FOR THE DEAF, NEAR SUMNER,  
CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE  
EDUCATION DEPARTMENT,  
WELLINGTON.
