LIVERPOOL, Governor-General.

ORDER IN COUNCIL

At the Government House at Wellington, this twenty-first day of June, 1920.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS, there being no Harbour Board empowered to grant the license hereinafter mentioned, the West Coast Iron-ore Smelting Company (Limited), of Auckland (hereinafter called "the company"), has applied to the Governor-General in Council for a license under the Harbours Act, 1908 (hereinafter called "the said Act"), to occupy a part of the foreshore outside Manukau Harbour, on the west coast of the North Island of New Zealand, for the purpose of extracting iron from the ironsand thereon ; and, in accordance with the one-hundred-and-fiftieth section of the said Act, has deposited a plan in the office of the Marine Department at Wellington, marked M.D. 5192, showing in red the foreshore referred to :

And whereas it has been made to appear to the Governor-General in Council that the proposed work will not be or tend to the injury of navigation, and it is desirable to grant the said license :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the company as aforesaid ; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the company to use and occupy that part of the foreshore which is particularly shown and delineated on the plan so deposited as aforesaid, for the purpose of extracting iron from the ironsand thereon, such license to be held and enjoyed by the company upon and subject to the terms and conditions set forth in the Schedule hereto.

SCHEDULE.

1. In these conditions the term "Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to the foreshore which is coloured red on the said plan marked M.D. 5192.

3. The rights, powers, and privileges conferred by this Order in Council shall continue in force for a period of two years from the date hereof, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority, and the company shall not assign, charge, or part with any such right, power, or privilege without the previous written consent of the Minister first obtained.

4. In consideration of the concessions and privileges granted by this Order in Council the company shall, on being supplied with a copy thereof, pay to the Minister the sum of £2 10s. per annum.

5. The company shall not commit or suffer to be committed any unnecessary waste or damage in or upon the said foreshore and premises, or any part thereof, in carrying on the said works, or in exercise of the powers or privileges thereby granted.

6. The company shall, at the expiration or sooner determination of the said term, deliver unto the Minister or to any person appointed in that behalf, the said foreshore or premises in as good a state and condition as the nature of the case will admit of, and as shall be consistent with the due performance of the several covenants and conditions herein contained.

7. The company shall also, if required by the Minister, within six months after the expiration or sooner determination of the said term, at the expense of the said company, fill up, level, or substantially cover in or fence all pits, shafts, or other open places or works as shall have been made or used by the company under or by virtue of these presents.

8. The company shall also, within the time last aforesaid, and at the like expense, whenever so required by the Minister, clear such portions of the foreshore as have been broken up, taken, covered, or used by the company under or by virtue of these presents, as it shall by the Minister be required to clear, and shall restore the surface of the said foreshore to its original state, or as near thereto as reasonably may be or be required as aforesaid.

9. The company shall also keep in good and substantial repair all fences and erections made or erected under or by virtue of the covenants and conditions herein contained or implied, or any of them.

10. If before the expiration of the term hereby granted the company should find it unprofitable to work the ironsand for the extraction of iron upon the said foreshore, and should be desirous of surrendering these presents, then, upon payment of the rent hereby reserved up to the end of the then current year of the said term, and upon observance of the several covenants, conditions, and agreements herein contained or implied, it shall be lawful for the company to surrender the license hereby granted, and the term and interest of the company in the foreshore and premises hereby demised or intended so to be, and upon acceptance of such surrender such term and interest shall absolutely cease and determine.

11. If and whenever the rent hereinbefore reserved, or any part thereof respectively, shall be in arrear or unpaid for the space of three calendar months, whether the same shall have been legally demanded or not, or if and whenever there shall be a breach or non-observance of any of the covenants, conditions, or agreements by or on the part of the company herein contained or implied, the Minister, or any person appointed on his behalf, may re-enter upon the said demised premises or any part thereof in the name of the whole, and thereupon the said term of years hereby granted shall absolutely cease and determine, anything hereinbefore contained

to the contrary notwithstanding, without prejudice nevertheless to the recovery of any rent then due or payable, or to any right of distress that may have arisen under these presents prior to such re-entry, or to the liability of the company to perform and observe, or to the right of the Minister to enforce, the performance and observance of every or any covenant, condition, or stipulation herein contained or implied and which ought to be performed or observed by the company.

12. It is hereby agreed and declared that at the expiration or other sooner determination of the term hereby granted, the company having paid all the rent hereby reserved, and having observed and performed all the covenants, provisoes, and conditions herein contained or implied, and on the company's part to be paid, observed, or performed, shall be entitled to remove from the said foreshore all plant and machinery belonging to the said company, and all buildings erected by it and then standing and being thereon, provided the same be removed within ninety days after the expiration or sooner determination of the said term.

13. And it is hereby further declared that whenever in these presents any power is to be exercised, or any notice given, or act or thing done or performed by the Minister, it shall be sufficient if such power is exercised, notice given, or act or thing done by some one acting by or under the direction of the Minister.

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by Order in Council dated the eleventh day of June, one thousand nine hundred and six, and published in the *New Zealand Gazette* No. 45, of the fourteenth day of the same month, William Evans Dive, Benjamin Francis Dive, and Henry Ramsay, trading under the style or title of "Dive and Ramsay," were granted a license to occupy a part of the foreshore and land below low-water mark in Hokianga Harbour as a site for a wharf, for a period of fourteen years computed from the date of the said Order in Council :

And whereas the said license was, with the consent of the Minister of Marine, transferred to the Union Box and Packing Case Company (Limited), of Rawene (hereinafter called "the company"), on the fourth day of August, one thousand nine hundred and nine :

And whereas, the said license having expired, the company has applied to the Governor-General in Council for a fresh license under the Harbours Act, 1908 (hereinafter called "the said Act"), to occupy that portion of the foreshore and land below low-water mark hereinbefore mentioned in order to maintain the said wharf constructed thereon, and it is advisable to grant the said license for the period and subject to the terms and conditions set forth in the Schedule hereto :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the company as aforesaid ; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the company to use and occupy that part of the foreshore and land below low-water mark which is particularly shown and delineated on plan marked M.D. 2964, and deposited in the office of the Marine Department at Wellington, for the purpose of maintaining the said wharf constructed thereon ; such license to be held and enjoyed by the company upon and subject to the terms and conditions set forth in the Schedule hereto.

SCHEDULE.

1. In these conditions the term "Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

3. In consideration of the concessions and privileges granted by this Order in Council the company shall, on being supplied

with a copy thereof, pay to the Minister the sum of £3, and thereafter an annual sum of £2 10s. in advance, such annual payments to date from the 11th day of June, 1920, and the first of such annual payments to be made to the Minister on a copy of this Order in Council being supplied to the company.

4. The rights, powers, and privileges conferred by this Order in Council shall continue in force for fourteen years, computed from the 11th day of June, 1920, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority ; and the company shall not assign, charge, or part with any such right, power, or privilege without the previous written consent of the Minister first obtained.

5. The said rights, powers, and privileges may be at any time resumed by the Governor-General, and the company may be required to remove the wharf at its own cost, without payment of any compensation whatever, on giving to the company three months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the company in New Zealand.

6. The ballast of all vessels loading at the said wharf shall be taken away by the company and deposited above high-water mark, or at such places as may be approved by the Harbourmaster at Hokianga.

7. The company shall maintain the above-mentioned wharf in good order and repair ; and shall at all times exhibit therefrom, and maintain at its own cost, suitable and necessary lights for the guidance of vessels ; provided that no light shall be exhibited until after it has been approved of by the Minister.

8. Nothing herein contained shall authorize the company to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or with any regulation of the Minister of Customs, or with any provisions of the Harbours Act, 1908, or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

9. Any person authorized by the Minister may, at all reasonable times, enter upon the said wharf and view the state of repair thereof ; and upon such Minister leaving at or posting to the last known address of the company a notice in writing of any defect or want of repair in such wharf, requiring it within a reasonable time, to be therein prescribed, to repair the same, it shall with all convenient speed cause such defect to be removed or such repairs to be made.

10. The company shall be liable for any injury which may be sustained by any vessel or boat in passing the wharf, or by contact therewith, and which may be occasioned by any default or neglect on its part.

11. His Majesty or the Governor-General, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, over, and out of the said wharf without payment.

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by section five of the Public Works Amendment Act, 1908, it is enacted that the Governor-General may from time to time by Order in Council grant

And whereas Alfred Jones, of Waipipi, farmer (hereinafter, with his successors and assigns, referred to as "the licensee") has applied for a license under the said section to take and use water from a stream in Section 163, Waipipi Parish, Block XI, Awitu Survey District, in the Land District of North Auckland (hereinafter referred to as "the said stream") for the purpose of generating electricity as aforesaid, and it is expedient to issue such license accordingly:

Now, therefore, in pursuance and exercise of the powers conferred upon him as aforesaid, and of all other powers in anywise enabling him in that behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby grant to the licensee (subject to the terms and conditions set forth in the Schedule hereto) a license to take and use from the said stream, for the purposes hereinafter set forth, a stream of water (hereinafter referred to as "the said water") not exceeding one and a half cubic feet per second at any one time.

SCHEDULE.

The said water shall be used solely for the purpose of generating electricity, and shall be returned to the said stream at or near the power-house.

2. LOCATION OF HEADWORKS.

The said water shall be taken from the said stream at the headworks, situated in Section 163, Waipipi Parish, Block XI, Awitu Survey District, at a point indicated on the plan marked P.W.D. 48126, deposited in the office of the Minister of Public Works (hereinafter referred to as "the Minister") at Wellington, in the Land District of Wellington.

Upon the expiry of the said term, or upon the sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine; but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

7. RENTAL.

11. VARIATION IN CONDITIONS OF LICENSE.

The terms and conditions of this license may at any time or from time to time, at the request or with the consent in writing of the licensee, be altered by the Governor-General by Order in Council.

Sections 39 and 40, Block IX.—Open undulating country covered with rough grass and fern, mostly ploughable; broken in parts with rocky hummocks; a little light bush in parts.

Sections 41, 42, 43, 44, 45, and 46, Block IX.—Undulating hummocky country covered with mixed forest, excepting Sections 41 and 42, which are partly cleared and grassed along Newall Road frontage, but covered with second growth, chiefly wineberry. Section 43 is about one-third open country. Section 44 is all forest. Section 45 has all been felled and grassed, but is up badly in second growth. Section 46 is mostly in bush.

Sections 118 and 119, Block XII.—Chiefly flat land with a few hummocks, open country in grass and fern; partly fenced.

Section 120, Block XII.—Chiefly flat land, with a few hummocks along frontage and north and south boundaries; middle of section is swamp partly drained, but requires further draining. The section is ring-fenced, and carries a fair amount of rough feed.

Sections 1, 2, 3, 4, Block XIII.—Flat and undulating grass country, with a few stony hummocks; mostly ploughable.

Section 5, Block XIII.—Open undulating hummocky country, great proportion ploughable.

Section 6, Block XIII.—Flat and undulating country, with a number of rocky hillocks intersected by numerous swampy creeks which could be easily drained.

Sections 7 and 8, Block XIII.—Flat and undulating country with a few small hillocks. Part of section is open, and in parts overrun with blackberry; balance in bush.

Section 9, Block XIII.—Flat and undulating country much broken by low hummocks, of volcanic origin, intersected by small swampy creeks. Open country carrying rather poor grass, in parts overrun with blackberry.

Section 10, Block XIII.—Undulating bush country, broken in parts by low hummocks; when cleared should carry good grass.

Section 11, Block XIII.—Flat and undulating land, mostly open, broken in parts by low hummocks; mostly in grass of rather poor quality. Section is ring-fenced.

Section 12, Block XIII.—Flat and undulating grass country, with a few stony hummocks; mostly ploughable.

Sections 29 and 30, Block XIV.—Flat and undulating bush country, broken with low hummocks. Soil is of fair quality, and should carry good grass when cleared.

GENERAL DESCRIPTION.

The sections generally lie around the well-known Native settlement of Parihaka, and are also close to the village of Pungarehu, which is about twenty-six miles from New Plymouth by the main South Road, along which regular motor services run twice daily. The land is all within easy reach of a dairy factory at Pungarehu. Most of the open part is carrying grass, but the greater portion will need putting down in fresh pasture as convenient opportunity occurs. The soil is a volcanic loam. Stony hummocks are dispersed about the country at intervals. The bush sections carry forest of mixed bush of the following timbers: Tawa, towhai, rewarewa, kohekohe, karaka, mahoe, kaiwhiria, ngaio, &c., with the usual underscrub. A large proportion is ploughable. Gorse and blackberry are scattered over most of it; but industrious men could soon cope with them, as they are no worse than on many farms in occupation elsewhere, and when the land is clear, it should be worth much higher values. The quality of the sections vary with the price and the amount of cleared land. The land is well watered, and lies at altitudes varying from 300 ft. to 400 ft. above sea-level. The main South Road, the Parihaka Road as far as the Native village, and the Newall Road are metalled roads, and a dray can be taken along the Wataroa Road for some distance. Formation will be required to extend the Parihaka Road. There are fences in parts as shown on the map; but most of them will need repairs.
