HIS EXCELLENCY THE ADMINISTRATOR PRESIDING IN COUNCIL.

WHEREAS by section five of the Public Works Amendment Act, 1908, it is enacted that the Governor-General may from time to time by Order in Council grant to any person or body corporate a license to use water from any fall, river, stream, or other source for the purpose of generating electricity for electric light, mechanical power, or other uses, and to exercise in respect of that purpose any of the powers and authorities specified in that behalf in the said section: And whereas it is further provided by the said section that any such license may confer upon the licensee a right at any time or times during the continuance of the license (but subject to such conditions and restrictions as are expressed in the license) to enter upon any road, railway, or other land, whether vested in or occupied by the Crown, or any other person or body corporate, and there to construct, erect, lay down, maintain, renew, or repair all such cables, wires, and other things as are required for the transmission of electricity between the fall, river, stream, or other source aforesaid and any place to which the licensee is authorized to transmit electricity in pursuance of the license:

And whereas by an Order in Council dated the twentieth day of August, one thousand nine hundred and seventeen, and published in the *New Zealand Gazette* of the twenty-third day of the same month, the Patea Borough Council was authorized to erect electric lines within the Borough of Patea and portion of the Patea County, in terms of section two of the Public Works Amendment Act, 1911:

And whereas the said Patea Borough Council (hereinafter, with its successors and assigns, referred to as "the licensee") has applied for a license under section five of the Public Works Amendment Act, 1908, to take and use water from the Mangaroa Stream, in the Land District of Taranaki (hereinafter referred to as "the said stream"), for the purpose of generating electricity as aforesaid, and it is expedient to issue such license accordingly:

Now, therefore, in pursuance and exercise of the powers conferred upon him as aforesaid, and of all other powers in anywise enabling him in that behalf, His Excellency the Administrator of the Government of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby grant to the licensee (subject to the terms and conditions set forth in the Schedule hereto) a license to take and use from the stream aforesaid, for the purposes hereinafter set forth, a stream of water (hereinafter referred to as "the said water") not exceeding five cubic feet per second at any one time.

There shall be added to the Wairua Riding that territory lying to its western boundary and at present forming part of the Maunu Riding, and the alteration to the said riding boundary shall be as follows: Commencing at a point where the south-eastern boundary of a State forest reserve in Block VIII, Mangakahia Survey District, intersects the Wairua Riding boundary, and bounded towards the south generally by a right line to a public road forming the eastern boundary of Section 2, Block VII aforesaid, by a right line across said public road to the north-eastern corner of the aforementioned section, by said section to the Hikurangi River, by a right line in continuation of the northern boundary of the aforementioned section across the Hikurangi River, and by that river to Section 8, being a subdivision of the Pipiwai No. 2 Block, by that section and Sections 6, 5b, 3, 2, and 1, all subdivisions of the aforementioned Native block, to the north-eastern corner of Section 1, Block VII aforesaid; thence towards the south-west generally by the last-mentioned section, the Kaikou No. 4 Block, and the Nukutawhiti Block to the county boundary. Certified correct.—VINCENT. I. BLAKE, for Chief Surveyor. 27th July, 1920.

Notice to Persons visiting France.

THE following is published for general information.

W. FRASER,
For Minister of Internal Affairs.

PROHIBITION OF EXPORTATION OF MONEYS IN GOLD, SILVER, OR BANK-NOTES.

It is forbidden to export moneys, either French or foreign, in gold or silver under pain of imprisonment of from one month to two years and of a fine of from 100 to 5,000 francs, or of one only of these two imprisonments. Further, the gold or silver seized are confiscate as well as the means of transport. (Act of 17th August, 1915, and Decree of the 12th July, 1919.)

Save by special authority of the Minister of Finance (Exchange Committee), it is also forbidden to travellers going

abroad to take away a sum greater than 1,000 francs per head in notes of the Bank of France, or the approximate value of this sum in notes of foreign banks. (Act of 3rd April, 1918, and Order of the 3rd July, 1918.)

An exception is made in the case of silver to the maximum amount of 10 francs per head.

Travellers not conforming to these directions run the risk of imprisonment and a heavy fine.

The following modification of the above was advised by the Imperial Government under date of the 3rd June, 1920:—

In virtue of a French law of 3rd April, 1918, the sum of money which may be taken out of France by persons leaving the country is limited to 1,000 francs. This limitation is a source of considerable inconvenience to foreign commercial travellers, who frequently recover, just prior to leaving the country, a sum of money which they were obliged to deposit on entering the country as duty on samples, with the result that the total sum in their possession exceeds 1,000 francs.

The French Customs authorities have now, however, issued instructions that foreign commercial travellers visiting France may, on leaving the country, be permitted to export freely the sums which they deposited on entering the country, even when the addition of this sum to the money they are already carrying raises the total above 1,000 francs.

SCHOOL FOR THE DEAF, NEAR SUMNER,
CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT,
WELLINGTON.
