*Regulations under the Offenders Probation Act, 1920.*

JELlicoe, Governor-General.

ORDER IN COUNCIL.

At the Government Buildings at Wellington, this 29th day of November, 1920.

Present:

THE RIGHT HONOURABLE W. F. MASSEY, P.C., PRESIDING  
IN COUNCIL.

IN pursuance and exercise of the powers conferred upon him by section twenty of the Offenders Probation Act, 1920, and of every other power and authority enabling him in that behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations for the purpose of the said Act, and doth declare that the regulations shall come into force on the ninth day of December, one thousand nine hundred and twenty.

1. THE Chief Probation Officer shall be responsible for the administration of the Offenders Probation Act and for the supervision of all Probation Officers in the performance of their duties under the Act. During his incapacity through illness or other disability, or by his direction, the Deputy Chief Probation Officer shall have and may exercise all the powers and functions of the Chief Probation Officer.

DUTIES OF PROBATION OFFICERS.

2. Probation Officers shall attend all Courts held within their respective districts for criminal business where persons are to be charged with offences within the meaning of section 2 of the Offenders Probation Act, 1920. When the investigations they are required to make in terms of the Act clearly indicate that the best interests of the public and of the offender will be served by releasing him on probation, it shall be the duty of every Probation Officer reporting upon a case to recommend to the Court that the offender be so released. He shall state in his report whether, in his opinion, the person charged is able to pay the cost of his prosecution as provided by subsection (2) of section 10 of the Act.

3. The Probation Officer shall issue to every person released upon probation a form of probationary license upon which shall be printed or written the general and special conditions of probation, and a precis of any section or sections of the Act imposing penalties for the breach of such conditions. Before handing his license to a probationer, and obtaining his receipt therefor, the Probation Officer shall see that the probationer is fully conversant with its terms and the penalties to which he is liable for failure to comply with them.

4. Registers, specially printed and bound for the purpose, shall be supplied to all Probation Officers. The names, descriptions, special conditions of release, and other requisite particulars regarding each probationer shall be entered in such registers immediately upon the issue of every probationary license.

5. Probation Officers shall forward all reports regarding probationers in their respective districts, and all correspondence relative to such probationers or matters arising out of their duties under the Act, to the Chief Probation Officer at Wellington. Immediately a person is placed on probation a return, on the prescribed form, shall be made to that officer, and on the first of every month a report shall be forwarded as to the progress and conduct of the probationer. A separate report, on the prescribed form, must be made in respect of each probationer, and the name of the offender as well as the register number of license must be written on each such report. Whenever possible a newspaper report of the case must be attached to the first return.

6. Probationers must be given every facility for applying to the Prisons Board for remission of conditions or for discharge from probation as prescribed by section 12 of the Act. Probation Officers are enjoined to report fully to the Chief Probation Officer regarding the character and conduct of the applicants and generally upon the merits of each case.

7. When a probationer changes his place of residence to another Probation Officer's district, an entry to that effect must be made on the probationary license, and a copy of the entry in the Probation Register, giving all the particulars of the case, must be immediately forwarded to the Probation Officer of that district. The Probation Officer of the district to which a probationer has been transferred must at once report his arrival to the officer of the district from which the probationer came. If the probationer fails to report himself in the new district the Probation Officer of the district from which the probationer was transferred must be at once notified of the fact.

8. When probationers are ordered to pay the costs of the prosecution, Probation Officers are to collect the amounts within such period and by such instalments as may be ordered, and are to pay them into the Public Account, forwarding the bank receipts to the Chief Probation Officer along with the monthly reports. Where there is no bank, the amount received is to be remitted by money-order. Money collected by Probation Officers from probationers for the purpose of being refunded to prosecutors or other persons, by way of restitution, must be handed to the person or persons mentioned in the order of the Court and their receipts taken therefor. Such receipts must be attached to the monthly report in each case and forwarded to the Chief Probation Officer.

9. Whenever a probationer is, in terms of section 13 of the Act, convicted of a breach of conditions of his probationary license, or rearrested as provided by section 14 of the Act, notification thereof is to be at once made to the Chief Probation Officer. When a probationer has satisfactorily carried out his probation and has been released therefrom, a final report of the case is to be forwarded to the Chief Probation Officer.

In any case where the Board decides that an appellant has been classified too high or too low a report to that effect shall be made to the Director, who shall refer the case to the Inspectors with an instruction to reclassify the teacher in accordance with the decision of the Board. In any case in which the classification of a teacher is altered as the result of an appeal, such alteration shall be published in the *New Zealand Gazette* as soon as possible after the hearing of the appeal is concluded.

12. The classification list as published in December of any year shall, subject to any provisions herein contained, determine for the succeeding year the classification of each teacher whose name appears in such list :

REGULATIONS FOR MANUAL AND TECHNICAL  
INSTRUCTION.

REGULATIONS 1 to 27 inclusive and 68 of the Regulations for Manual and Technical Instruction are hereby revoked, and the regulations following are substituted therefor :—

1. Where handwork subjects are taught regularly in public schools throughout an education district by the permanent public-school staff, the necessary materials will be supplied on requisition made by the Education Board of the district on forms supplied by the Department, and accompanied by the recommendation of the Senior Inspector, provided that the total annual cost of material so supplied shall not exceed 1s. 3d. per head of the total roll number of children attending the primary schools of the district.

Such requisitions shall be made in respect of any year not later than 31st March in the preceding year, provided that for the year 1921 the Education Boards shall receive in lieu of supplies of material a grant based on the rate of 1s. 3d. per pupil on the roll of schools in their districts ; provided that as an alternative the Department may take material at cost, or make such further provision as the Minister may approve ; provided further that any surplus of material held by any Education Board at the end of the year 1921 shall be reckoned as being the whole or part of the material covered by the requisitions made for the following year, or, in the alternative, by arrangement with the Board, the Minister may make any suitable adjustment regarding the materials held by the Board.

2. For public-school classes named in clauses 3 and 4 hereof, and for all classes recognized under clause 5 hereof, the special registers issued by the Department shall be used. These registers shall be open to inspection by officers of the Department deputed thereto, and by any one appointed thereto by the controlling authority, who shall record thereon the number of pupils present at the time of each visit, attesting the same by a dated signature.

The special register shall be kept and marked in accordance with instructions issued therewith.

3. A capitation grant of 3s. per annum will be paid for each unit of average attendance at these classes, provided that the members of the class must be doing work in other subjects not lower than that of Standard IV. Not less than twenty lessons of not less than half an hour each must be given to the class during the school year. Provided also that the head teacher furnishes a return showing the names of pupils in the class who have learned to swim during the year, and the number of such pupils who are proficient in life-saving.

4. Where there is no female teacher on the staff of a public school below Grade III, a payment of 15s. per annum will be made for each unit of the average attendance of the pupils on the roll of such school who receive instruction in needlework, as defined in the Standard Regulations, for not less than two hours a week regularly throughout the school year; provided that in the case of a school of Grade I or II the total payments for instruction in needlework shall not be less than £10 per annum.

5. Special manual-training classes conducted by instructors graded under the regulations for the grading of technical and manual-training instructors may be recognized on the following conditions, namely:—

- (a.) That special and appropriate provision is made for the practical teaching of the subjects:
- (b.) That the instruction is held regularly for not less than twenty periods of not less than one hour and a half nor more than two hours and a half each in any one year; provided that at least half the total time shall be devoted to individual practice by the pupils themselves:
- (c.) That no pupils are admitted who are doing work in other subjects lower than that of Standard V; provided that from schools of less than 200 in average attendance pupils who are in Standard IV or who are over twelve years of age may be admitted:
- (d.) That approved programmes of work and syllabuses of instruction are followed in each subject:
- (e.) That the number of pupils on the roll of a class receiving practical instruction under one teacher in any subject shall not exceed twenty-four.

6. Before any appointment of any additional instructor or supervisor of manual-training classes is made, the controlling authority shall submit for the approval of the Director the proposed time-table for such instructor or supervisor.

7. Capitation payments will be made in the case of recognized classes for manual training in aid of incidental expenses and cost of material. Such payments shall be based on the average roll number in each class, and on the number of lessons given during the year; provided that the rate of capitation payable shall not be less than 1d. nor more than 2½d. for each lesson for each unit of average roll.

8. The Director shall, at the beginning of each school year, determine within the limits specified in clause 7 hereof the rates of capitation to be paid for that year for material and incidentals in respect of the several subjects of manual training, and such rates shall thereupon be payable provided the conditions of clause 5 hereof are fulfilled.

9. All claims for payment of capitation in respect of classes included under clauses 3, 4, and 5 hereof shall be made by the controlling authority on forms supplied by the Department, and must be rendered to the Department within one month after the end of the year. Such claims must be accompanied by the attendance sheets provided in the registers issued by the Department and used in connection with the classes in respect of which the claims are made. The absence of an attendance sheet shall be an absolute bar to the payment of a claim which such attendance sheet should support as a voucher.

10. Regulation 55 of the regulations for manual and technical instruction is hereby amended by omitting the words "or of manual-training classes other than those referred to in clauses 15 (c) and 27 (c) of the said regulations," and substituting therefor the words "or recognized manual-training classes."

Department of Internal Affairs,  
Wellington, 4th December, 1920.

THE following section of the Gaming Act, 1908, is published for general information:—

"42. (1.) If any person being the owner of any painting, drawing, sculpture, or other work of art, or literature, or mineral specimens, or mechanical models, applies to the Minister of Internal Affairs for permission to dispose of the same by raffle or chance, the said Minister may, if he thinks fit, grant a license for that purpose, subject to such conditions and restrictions as he thinks right to impose.

"(2.) If such conditions and restrictions are complied with, the provisions of this Act, or any other law for the time being in force relating to gaming and lotteries, shall not apply to such owner or to any other persons who may be *bona fide* concerned in such transaction."

The words "or other work of art" in the above extract are held to mean articles of the nature of paintings, drawings, or sculptures. No articles except those mentioned in any license granted by the Minister of Internal Affairs shall be disposed of by raffle or chance, either as gifts to prize-winners or on any other pretext.

A copy of each license granted by the Minister will be sent to the police, in order that proceedings may be taken in the event of any infringement of the Act.

CONDITIONS UPON WHICH PERMITS TO HOLD RAFFLES ARE GRANTED.

(1.) No articles other than those mentioned in the permit are to be raffled, or anything in substitution thereof.

(2.) Prior to the date of the drawing a certificate to the effect that every ticket sold is represented in the drawing must be furnished to the police by the promoters of the art union.

(3.) The result of the drawing must, within one week of the date of drawing, be advertised in the newspaper or newspapers circulating in the town or district in which the raffle is held.

(4.) No boy under the age of fourteen or girl under the age of sixteen shall be allowed to sell or offer for sale tickets in any street, hotel, shop, office, factory, boardinghouse, place of entertainment, or any gathering of the public, or in any public place; but this condition does not apply to any such boy or girl residing in such hotel or boardinghouse in respect of sales therein respectively.

*Appeals for Subscriptions for Relief of Famine Sufferers in North China.*

Department of Internal Affairs,  
Wellington, 4th December, 1920.

IT is hereby notified, for general information, that a cable-gram has been received from the British Legation, Peking, advising that the British Famine Relief Committee, Peking, urgently appeals to the people of New Zealand for immediate subscriptions to relieve famine sufferers in North China. It is stated that desperate conditions already exist

over the whole provinces, and while efficient and reliable British organization exists for relief, the work is almost at a standstill owing to the lack of funds.

It is feared that the position will become more acute as winter approaches, and any subscriptions to the fund should be remitted to the Famine Relief Treasurer at the British Legation, Peking.
