WE, the undersigned Judges of the Supreme Court of New Zealand (of whom the Acting Chief Justice is one), in pursuance of the powers conferred upon us by section 354 of the Crimes Act, 1908, do hereby make the following rules regulating the practice and procedure in connection with appeals under section 2 of the Crimes Amendment Act, 1920:—

Department of Agriculture,  
Wellington, 3rd August, 1921.

THE following regulations of the British Minister of Agriculture and Fisheries governing the admission of horses, asses, and mules into Great Britain are published for general information. These regulations take the place of Chapter 1 of the regulations published in the *New Zealand Gazette* of 18th December, 1913.

W. NOSWORTHY,  
Minister of Agriculture.

IMPORTATION OF HORSES, ASSES, AND MULES  
(GREAT BRITAIN) ORDER OF 1921.

THE Minister of Agriculture and Fisheries, by virtue and in exercise of the powers vested in him under the Diseases of Animals Acts, 1894 to 1914, and of every other power enabling him in this behalf, hereby orders as follows:—

*Regulation of Importation of Horses, Asses, and Mules into Great Britain.*

1. No horse, ass, or mule brought to Great Britain from any other country except Ireland, the Channel Islands, or the Isle of Man shall, subject to the provisions of Article 2 of this Order, be landed in Great Britain unless it is accompanied by a certificate of a qualified veterinary surgeon of the district in the country of origin whence the animal was brought, stating—

- (a.) For purposes of identification, the breed, age, and sex of the animal;
- (b.) That the animal was examined by the veterinary surgeon immediately before it was moved to a port for shipment to Great Britain, and that he found that the animal did not show symptoms of glanders (including farcy), epizootic lymphangitis, ulcerative lymphangitis, dourine, horse-pox, sarcoptic mange, psoroptic mange, influenza, ringworm, or strangles; and
- (c.) That the animal was tested by a veterinary surgeon with mallein within ten days before the date of shipment and did not re-act.

*Special Provision for Race-horses, Polo-ponies, Performing Animals, and Animals intended for Exportation within Fourteen Days.*

2. In the case of an importation of any thoroughbred horse for the purpose of being run in a race, or of a trained pony for playing polo, or of a *bona fide* performing animal, or an animal intended for exportation from Great Britain within fourteen days after landing, the information required in paragraph (c) of the preceding article may be omitted from the certificate, provided that in all such cases the certificate shall be accompanied by a declaration signed by the owner or person in charge or consignor of the animal, stating (i) the estimated value of the animal, (ii) the name and address of the consignee in Great Britain, (iii) the address of the stables to which the animal is consigned, and (iv) that the animal is being imported for one of the above-mentioned purposes only.

*Provisions as to Certificates and Declarations.*

- 3. (1.) Certificates and declarations required by this Order shall be in the forms set forth in the Schedule hereto, or to the like effect.
- (2.) A certificate or declaration may refer to more than one animal, but the full particulars required thereon shall be clearly given in respect of each animal referred to in the certificate or declaration.
- (3.) The certificates and declarations required by this Order shall be delivered up on the landing of the animals referred to in the certificates by the person in charge of the animals to an officer of Customs and Excise at the port of landing.

*Power for Ministry to require Mallein Test on Arrival in Great Britain.*

4. (1.) For the purposes of preventing the introduction or spread of glanders or farcy, the Ministry may cause any horse, ass, or mule landed in Great Britain from any other country except Ireland, the Channel Islands, or the Isle of Man to be tested with mallein by a Veterinary Inspector of the Ministry at such time not later than fourteen days after the landing of the animal as the Ministry may think fit. The owner of the animal and occupier of the premises where the animal is located shall give all necessary facilities for such testing.

(2.) Where in the opinion of the Veterinary Inspector the application of the test results in definite evidence of glanders, or in indications of glanders not amounting to definite evidence of glanders, the animal shall be dealt with under and in accordance with the provisions of the Glanders or Farcy Order of 1920.

\* \* \* \*

*Offences.*

7. If any horse, ass, or mule is landed in contravention of this Order, the owner and the person in charge of the animal, and any person causing or permitting the landing, and the owner and the lessee and the occupier of the place of landing where such animal is landed, and the owner and the charterer and the master of the vessel from which the animal is landed, shall, each according to and in respect of his own acts and defaults, be deemed guilty of an offence against the Diseases of Animals Act, 1894.

#### GENERAL DESCRIPTION.

The Katikara Settlement is situated on the main south New Plymouth to Opunake Road, about fifteen miles from New Plymouth and one mile and a half from the Village of Okato. The land consists of flat and undulating country cut into by several watercourses (as is usual in the volcanic soil of this neighbourhood). The sections are practically all ploughable, and much of it has been ploughed in past years. The land is bounded on two sides by metalled roads, and upon a third side by a stream. A dairy factory is situated just across the road from the middle section, which includes the homestead, cow-byre and yards, &c., and a school is one mile and a half away at Okato. The climate is moist, and favourable to the growth of pasture, and the land is well watered throughout. The soil is volcanic loam, and improves westward from the main south road. The fences are with one exception sheep-proof and in fair order. The altitude varies from 150 ft. to 350 ft. above sea-level. The land having carried sheep for some years, should now be in good heart for dairying, for which purpose this land is eminently adapted.

**SCHOOL FOR THE DEAF, NEAR SUMNER,  
CHRISTCHURCH.**

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION  
DEPARTMENT.

Director : Mr. J. E. STEVENS.

**F**OR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity) :—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE  
EDUCATION DEPARTMENT,  
WELLINGTON.
