SUMMARY FOR THE MONTH OF AUGUST, 1921.

During the first week of August an intense and extensive Antarctic storm was responsible for high westerly winds and unsettled boisterous conditions. On the 4th and 5th atmospheric pressure as low as 28.60 in. occurred in southern parts of the South Island.

Thunderstorms were frequent while the storm lasted, and on the night of the 4th a severe one was experienced at Wellington.

With the change of wind to southerly, about the 6th, snow fell in many parts of the South Island and on high levels in the North.

The middle and end of the month proved somewhat unsettled on account of small depressions to the southward of New Zealand, but, except during the first week, the weather generally was under anticyclonic control, and proved very favourable for a winter month. Rainfall, however, was deficient over most of the Dominion, above-average totals only being recorded in the West Coast and southern districts of the South Island, and at a few westerly stations in the North.

D. C. BATES, Director.

SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE

EDUCATION DEPARTMENT,

WELLINGTON.
