105. The Inspector of Nuisances, or any other person or persons who may be appointed by the Board for the purpose of these by-laws, shall have power to enter into or upon any buildings or land within the district for the purpose of effecting any such removal as in By-law 104 specified, or for examining the condition of every privy, drain, closet, pan, or earth-box, or for cleansing, constructing, altering, or repairing the same.

#### *Pigs.*

113. No person shall keep, or allow or suffer or permit to keep, swine or pigs within the district on any holding of less than one-half an acre, or shall in any case so keep them as to be a nuisance or injurious to health, or erect or permit or allow to remain any pigsty at a less distance than 50 ft. from any house or from any road or boundary of any occupied neighbouring property. The floor of every pigsty shall be of concrete or other impervious material to the satisfaction of the Inspector of Nuisances, and shall be so constructed that there shall be no soakage of the soil with pigs' food, urine, or drainage from the sty. And all persons keeping swine shall give notice thereof in writing to the Inspector of Nuisances in order that he may exercise proper supervision of same.

114. No person shall keep any poultry in any part of the district on any allotment of land of a less area than a quarter of an acre, and then only in a properly constructed poultry-house or in a suitably enclosed run attached thereto, and no such poultry-house or run shall be built, constructed, or maintained at any less distance than 15 ft. from any dwelling or any road or street. #### *Sewage-drains.*

115. No person shall construct or allow to remain any drain for the carriage of sewage except in accordance with the following provisions:—

- (a.) In no case shall two or more premises be allowed to be drained by one common pipe, unless a special permit has been first obtained from the Board.
- (b.) No drain shall pass underneath any house except where any other course is impracticable, and in such case the drain shall be of earthenware pipes with cemented joints and embedded in 6 in. of concrete, or cast-iron pipes with lead-caulked joints.
- (c.) No right-angled junctions shall be permitted in any drain. All junctions shall be effected by means of Y-junction pipes. No inlet, except such as may be necessary for a water-closet, shall be permitted within or beneath a building to any drain.
- (d.) All sanitary fittings shall be placed with their outlets against or as near as possible to an external wall, and shall not be directly connected to any drain, but shall discharge through waste-pipes where necessary outside a building over a gully-trap or over a watertight concrete channel of not more than 6 ft. in length leading to a gully-trap.

116. The owner of any land or building shall provide the same with suitable and sufficient drains to carry away the whole of the rainfall and surface water to a point of at least 25 ft. from any house, and so that such water cannot flow, spread, or soak beneath any building.

117. It shall be lawful for the Inspector of Nuisances and any other officers of the Board, at any time between the hours of 8 a.m. and 6 p.m. on any day except Sunday, to enter into and inspect any land or building for the purpose of ascertaining whether such premises or any water-closet, earth-closet, urinal, drain, bath, sink, lavatory, overflow or waste-pipe, receptacle, or other sanitary appliance or thing contained therein complies with the provisions of these by-laws, or whether any breach of these by-laws has been committed in any respect whatever, and no person shall wilfully obstruct or hinder such officer or other person as aforesaid in the exercise of such powers. It shall be lawful for the person inspecting any premises as aforesaid to dig up and open any part of the ground, or remove any part of any building on such premises, for the purpose of examining any drain or pipe, or trap or other appliance: Provided always that the person inspecting as aforesaid shall not dig up or open any ground, or remove any part of a building as aforesaid, without having given to the occupier of the said premises, or the owner thereof, or his agent at least twelve hours' previous notice of his intention in that behalf; nor in any case unless such person shall have reason to suspect that some nuisance exists upon the premises in question, or on any premises in the vicinity thereof, and he shall not have been able to discover the cause of such nuisance upon any ordinary inspection of such premises; nor unless he shall have reason to believe that the drain, or pipe, or trap, or other appliance he desires to inspect exists under, or behind, or in the immediate vicinity of the ground or part of building intended to be interfered with as aforesaid, and is probably defective, and also the probable cause of the nuisance existing, or suspected to exist, upon the said premises, or on any premises in the vicinity thereof: Provided also that in digging up and opening such ground or removing such part of building as aforesaid, as little ground or as small a part of the building as reasonably can be shall be dug up or opened or removed (as the case may be), and as little damage done to the premises as can be; and unless some defect or nuisance shall be found requiring attention, such ground or building shall forthwith be reinstated in a good and workmanlike manner by or at the expense of the Board.

*Stables, &c., to be kept clean.*

118. The occupier of any land on which is erected any stable, cow-yard, cattle-shed, or on which land is erected any building wherein any horse or other beast of draught or burden or any cattle are kept, shall cause such premises to be kept in such a state in respect to cleanliness as not to be a nuisance or injurious to health, and shall cause all soil, dung, or any other manure produced or accumulated therein to be from time to time removed from such premises as often as the quantity of the same so produced or accumulated shall amount to 1 cubic yard, or once at least in every week should the quantity not amount in that time to 1 cubic yard. No soil, dung, or other manure produced or accumulated in any stable, cow-shed, cattle-shed, or any such building as aforesaid shall, upon or after the removal, be deposited by any person within 20 ft. from any public or private place. And in any case manure so removed, when deposited, shall be immediately incorporated with earth for garden purposes, or be satisfactorily covered over to prevent the escape of effluvia therefrom by the owner or occupier of the land upon which the same has been deposited.

119. Every owner of a building or premises wherein or whereon any horse or other beast of draught or burden or any cattle may be kept shall provide in connection with such building or premises a suitable receptacle for dung, manure, soil, filth, or other offensive matter or noxious matter which may from time to time be produced in the keeping of any such animal in such building or upon such premises, which receptacle shall not be placed at a less distance than 15 ft. from any road, street, or footpath, nor from any dwelling-house, and shall be constructed of brick or stone set in cement, or of cement concrete, and shall cause such receptacle to be constructed so that the bottom or floor thereof shall not in any case be less than 3 in. above the surface of the ground adjoining such receptacle, and in such a manner and to be maintained at all times in such a condition as to prevent any effluvia therefrom, or any escape of the contents thereof, or any soilage therefrom into the ground or into the wall of any building. Such owner shall likewise provide in connection with such building or premises an underground drain, constructed in such a manner and maintained at all times in such a condition as effectually to convey all urine or liquid filth therefrom into a properly trapped drain, connected with a final outfall approved by the Inspector of Nuisances.

No. 2: *Fees*.—A fee of £2 2s. (two pounds two shillings) must be paid when lodging plans and specifications at the Board's office to cover costs of inspection by the Board's Engineer.

Grades must be as long as possible. Short grades to avoid cuttings and fillings will not be allowed.

No. 4: *Batters*.—Batters of cuttings to be 1 in 1, and of fillings  $1\frac{1}{2}$  to 1; and in no case will the Board permit drainage of storm-water, or storm-water from sections, to flow over any cutting or filling. Approved channels or drains must be provided for these purposes.

No. 5: *Formation*.—No road or street shall be of less a width than 66 ft., but it shall only be compulsory to make the cutting at least 15 ft. wide, provided that at intervals provision is made for the passing of vehicles by making the cutting at least 20 ft. wide; the centre shall be 3 in. higher than the sides, forming a crown of  $\frac{3}{8}$  in. to the foot.

No. 6: *Metalling*.—The road or street must be metalled with such metal as is procurable in the Ostend Road District, or such metal as is approved by the Board, and not to be larger than will pass through a  $2\frac{1}{2}$  in. ring. The centre of the roadway and for 6 ft. each side of same is all that shall be required to be metalled, and shall be of a depth of 6 in. in the centre to 3 in. at the sides; the road to be blinded in the centre and for 2 ft. each side of same with clay, earth, sand, or shell, as the Board may decide.

No. 7: No road or street shall be taken over by the Board until two calendar months after completion of work, to allow for slips, cracks, or any shrinkage that may occur within that time being put right before dedication of the road or street takes place, and all work must be to the satisfaction of the Board before dedication.

These regulations are subject to amendment or alteration as determined by the Board.

## PART VIII.

130. If, in the opinion of the Board, a full compliance with any part of these by-laws, or any provision thereof, would needlessly injudiciously affect the course and operation of business, or be attended with great loss and inconvenience to any person, without a corresponding benefit to the com-

munity, the Board may, on special application, waive the strict observance of any provision, or modify the same, provided that such other terms as they may impose be complied with by the applicant.

The above by-laws were made by special order of the Ostend Road Board, the resolution to make the same having been passed at a special meeting of the said Board held on the 5th day of September, 1921, and confirmed at a subsequent meeting thereof on the 10th day of October, 1921.

Present :

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by Orders in Council dated the second day of August, one thousand nine hundred and twenty, the twelfth day of April and the thirtieth day of May, one thousand nine hundred and twenty-one, regulations were made with respect to the landing, shipping, transshipping, and removal of petroleum :

And whereas it is desirable to amend the said regulations in the manner hereinafter prescribed :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the powers conferred upon him by section thirty-three of the War Legislation and Statute Law Amendment Act, 1918, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby revoke clause eleven of the hereinbefore-recited regulations of the second day of August, one thousand nine hundred and twenty, and doth also revoke the hereinbefore-recited regulations of the twelfth day of April and the thirtieth day of May, one thousand nine hundred and twenty-one, and doth hereby make the following regulations in lieu thereof.

## REGULATIONS.

No person shall smoke on or about any wharf on or from which petroleum is being shipped, unshipped, or transhipped, or about or on any vessel in which petroleum is being carried, within a radius of 15 ft. from any such petroleum, unless separated from the petroleum by an airtight bulkhead or partition.

2. A Surveyor may, if requested by the owner or master of a vessel to do so, and if satisfied that carriage of petroleum on deck of such vessel can be effected with safety, grant a license for the carriage of petroleum on approved deck spaces of such vessels as deck cargo. WHEREAS the Lower Hutt Borough Council, in pursuance and exercise of the powers vested in it by the Local Bodies' Loans Act, 1913, did by a resolution passed on the 11th day of July, 1921, resolve as follows:—

"That, for the purpose of providing the interest and other charges on the loan of £64,000, authorized to be raised by the Lower Hutt Borough Council, under the above-mentioned Act, for the taking or purchase of a gasworks-site, the erection of gasworks, the purchase of all necessary plant in connection therewith, and the necessary alterations and the enlargement of gas-mains, and to provide for the proper system of reticulation in the borough in connection with the said gasworks, and for payment of compensation, engineering, and contingencies relating thereto, the said Lower Hutt Borough Council hereby makes and levies a special rate of 1d. and 11/25ths of a penny (one penny and eleven twenty-fifths of a penny) in the pound upon the unimproved rateable value of all rateable property comprising the whole of the Borough of Lower Hutt; and that such special rate shall be an annually recurring rate during the currency of such loan, and be payable yearly on the first day of April in each and every year during the currency of such loan, being a period of 36½ years, or until the loan is fully paid off":

That the said special rate so amended and increased as aforesaid shall be an annual-recurring rate during the currency of the said loan, and be payable yearly on the 1st day of April in each and every year during the currency of such loan, being a period of ten years, or until the loan is fully paid off."

#### SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

**F**OR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

EDUCATION DEPARTMENT,
