ORDER IN COUNCIL.

At the Government House at Wellington, this 16th day of January, 1922.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS, there being no Harbour Board empowered to grant the license hereinafter mentioned, Louis J. Vangioni, of Akaroa (hereinafter called “the licensee”), has applied to the Governor-General in Council for a license under the Harbours Act, 1908 (hereinafter called “the said Act”), to occupy a part of the foreshore and land below low-water mark in Akaroa Harbour in order to maintain a yacht-slip thereon; and, in accordance with the one-hundred-and-fiftieth section of the Harbours Act, 1908, has deposited a plan in the office of the Marine Department at Wellington (marked M.D. 3089), showing the place in the said harbour where it is intended to maintain such yacht-slip, and the area of foreshore and land below low-water mark intended to be occupied for such purpose:

And whereas it has been made to appear to the Governor-General in Council that the proposed work will not be or tend to the injury of navigation, and the said plan has, prior to the making of this Order in Council, been approved by the Governor-General in Council:

And whereas it is expedient that a license under the said Act for the purpose aforesaid should be granted and issued to the licensee on the terms and conditions hereinafter expressed:

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the licensee as aforesaid; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the licensee to use and occupy that part of the foreshore and land below low-water mark which is particularly shown and delineated on the plan so deposited as aforesaid, for the purpose of maintaining thereon a yacht-slip, such license to be held and enjoyed by the licensee upon and subject to the following terms and conditions.

CONDITIONS.

1. In these conditions the term “Minister” means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to the part of the foreshore and land below low-water mark in the hereinbefore-mentioned bay, shown on the said plan marked M.D. 3089.

3. In consideration of the concessions and privileges granted by this Order in Council, the licensee shall, on being supplied with a copy thereof, pay to the Minister the sum of £2 10s., and thereafter an annual sum of £1 in advance, such annual payments to date from the 23rd day of August, 1921, the first of such annual payments to be made on the licensee being supplied with a copy of this Order in Council.

4. The rights, powers, and privileges conferred by this Order in Council shall continue in force for fourteen years, computed from the 23rd day of August, 1921, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority; and the licensee shall not assign, charge, or part with any such right, power, or privilege without the previous written consent of the Minister first obtained.

5. The said rights, powers, and privileges may be at any time resumed by the Governor-General, and the licensee may be required to remove the yacht-slip at his own cost, without payment of any compensation whatever, on giving to the licensee three months' previous notice in writing. Any such notice shall be sufficient if given by a Minister and delivered at or posted to the last known address of the licensee in New Zealand.

6. The licensee shall maintain the above-mentioned yacht-slip in good order and repair, and shall at all times exhibit therefrom, and maintain at his own cost, suitable and necessary lights for the guidance of vessels; provided that no light shall be exhibited until after it has been approved of by the Minister.

(2.) Cease to use or occupy the said yacht-slip for a period of thirty-days;

(3.) Fail to pay the sums specified in clause 3 of these conditions; or

(4.) Become bankrupt, or be in any manner brought under the operation of any law in force for the time being relating to bankruptcy,—

then and in any of the said cases this Order in Council, and every right, power, or privilege, may be revoked and determined by the Governor-General in Council without any notice to the licensee or other proceeding whatsoever; and publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the licensee, and to all persons concerned or interested, that this Order in Council, and the rights and privileges thereby conferred, have been revoked and determined; and upon such revocation the Minister may cause the said yacht-slip to be removed, and may recover the cost incurred by any such removal from the licensee.

NOTE.—The Roman numbers, I, II, &c., in column (1) are the grades of head or sole teachers; Arabic numbers are the grades of assistants.

(3.) The addition to salary herein provided is not to be regarded as an addition to the salary of the position held for the time being by any teacher, and the continuance of the payment of the said addition to salary in whole or in part may at any time be made conditional on the acceptance by the teacher of his transfer to a position with a higher grade of salary.

(4.) Any uncertificated teacher other than a relieving teacher who, as a result of a classification according to efficiency made at such time and in such manner as the Minister may determine, is shown to possess special merit may be paid by way of addition to the salary payable under clause 3 hereof such amount not exceeding £15 per annum as the Minister shall determine.

5. A married assistant teacher shall receive by way of further addition to the salary provided by clauses 3 and 4 hereof the sum of £40 per annum, except where the husband or wife of such assistant is a head or sole teacher, in which case no such addition shall be made:

Provided that no married woman assistant shall be paid the additional salary herein provided unless payment is approved by the Minister on account of special circumstances.

For the purposes of this clause the expression "married assistant" includes an assistant who is a widow or widower having one or more children under the age of sixteen years.

6. In cases approved by the Director, and subject to such conditions as he shall determine, there may be paid for a period of not more than two years to teachers who have been members of the New Zealand Expeditionary Force, (a) in the case of uncertificated teachers, a special addition to salary not exceeding £20 per annum; and (b) in the case of certificated teachers, whatever addition to salary is necessary to increase their addition to salary provided by clause 4 hereof to £30 per annum. This clause shall remain in force till the 31st January, 1923, when it shall be revoked.

7. The head teacher of a district high school shall receive by way of further addition to the salary provided by clauses 3 and 4 hereof a sum sufficient to make his salary equal to that of the headmaster of a school graded on the combined yearly average attendance of the primary and secondary departments of his school, together with the sum of £30 per annum if the yearly average attendance of the secondary department does not exceed sixty, or £50 if the yearly average attendance exceeds sixty:

Provided that he takes some definite part in the instruction of the secondary department while devoting the greater part of his time and attention to the supervision and instruction of the classes in the primary department.

8. A teacher in the Chatham Islands shall receive such special addition to the salary otherwise provided for his position as the Minister shall determine, provided that his salary so increased shall not be greater than the next higher grade.

9. (1.) In the case of a school of Grade 0 the Board shall pay for or on account of the salary of the teacher the sum of £15 per annum for every pupil in average attendance:

Provided that in no case shall the salary exceed £170 per annum.

(2.) Subject to the provisions of clause 15 hereof, the average attendance on which the amount payable for any quarter for or on account of the salary of the teacher of a school of Grade 0 shall be determined shall be the average attendance for the current quarter or the yearly average attendance for the year immediately preceding, whichever is the higher.

10. The salary and house allowance of a teacher of a group of part-time schools shall be those for the grade of the group determined in accordance with clause 27 hereof:

Provided that if the teacher of a group of part-time schools is required by the Education Board to teach or travel on six days during the week and to teach for at least twenty-four hours in each week he shall receive the salary and house allowance for the grade or subgrade of school next higher than the grade in which that group of schools is placed.

11. The salary of an assistant added to the staff of a school in accordance with the provisions of clause 29 hereof shall be that of Grade 1, provided that a higher grade of salary may be paid in special cases approved beforehand by the Minister when it is shown that such a higher salary is necessary to avoid a change of staff should the school rise in grade on the 1st February following.

12. Every teacher who is permanently appointed to any position in a public school shall, on his appointment, receive the minimum salary of the grade of salary attached to his position in accordance with clause 3 hereof, together with such additions to his salary (if any) as are otherwise authorized by these regulations.

13. (1.) Notwithstanding the provisions of the last preceding clause, if a teacher is transferred from one permanent position to another permanent

position (whether those two positions are in the same school or in different schools, or under the same Board or under different Boards, or under the Department) his salary payable under clause 3 hereof on transfer to his new position shall be determined in the manner following:—

- (a.) If the amount of the final salary which he received in his former position is less than the minimum salary of the grade of salary attached to his new position, he shall receive as his initial salary in his new position the amount of such minimum salary, and thereafter shall receive an annual increment in the manner provided in clause 14 hereof.
- (b.) If the amount of the final salary which he received in his former position is greater than the maximum salary of the grade of salary attached to his new position, he shall receive as his salary in his new position the amount of such maximum salary.
- (c.) In any other case he shall receive as his initial salary in his new position the amount of the final salary which he received in his former position, and shall receive his first increment of salary on the same date as if he had continued in the position from which he was so transferred.

Provided that if a teacher is transferred to a position which will place him in a higher grading group under Schedule V hereof, the total salary payable under clauses 3 and 4 shall in no case be lower than that received by him immediately prior to such transfer.

(2.) A transfer for the purposes of this clause shall be deemed to include the case in which there has been an interval of time between the tenure of the two positions not exceeding twelve months, provided the teacher during the said interval has not notified, in connection with the Teachers' Superannuation Fund, that he has retired from the Education service.

(3.) The provisions of this clause may, with the approval of the Minister, be extended, *mutatis mutandis*, to a teacher transferred from a temporary or relieving position to a permanent position or to a temporary position, or to any person who holds a position in the Education service (as defined by the Public Service Classification and Superannuation Amendment Act, 1908), other than in a public school, who is appointed to a position in a public school.

14. Every teacher employed in any position in a public school shall, so long as he remains in that position, and until he receives the maximum of his grade of salary, receive an annual increment of £10, and every such increment shall be by way of addition to the rate of salary payable on the 31st day of January immediately preceding, and shall commence—

- (a.) In the case of a teacher employed in such a position on the 1st day of August in any year, as from the 1st day of February next ensuing; and
- (b.) In the case of a teacher commencing in such a position after the 1st day of August in any year, as from the 1st day of February next ensuing after the expiration of one year from the date of such commencement.

15. (1.) If on the 1st February in any year any school is placed in Grade I or a higher grade, and that school is thereafter reduced in grade, any teacher who remains in the same position therein shall continue to receive the same salary and allowances as if no such reduction had taken place; but in any such case the Board shall take the first opportunity to transfer such teacher to another suitable position to which is attached an equal grade of salary:

Provided that if, after such reduction in grade appears to the Board to be imminent, he has been offered and has declined to accept in a public school, secondary school, technical high school, or in any school under the control of the Department, any position to which he could transfer without loss in salary and allowances, then he shall continue to receive, until the school is actually reduced in grade, or for a period of three months after the date on which the offer was made, whichever is the longer, the same salary and allowances as if no reduction in the grade of his school had taken place; but thereafter, until new conditions arise, he shall receive as his salary and allowances the maximum salary and allowances prescribed for his position according to the grade to which the school has been reduced:

Provided further that in no case shall any teacher be entitled to receive salary and allowances in excess of those payable for the reduced grade or subgrade of the school for a longer period than five years.

(2.) For the purposes of this clause the grade of a school under the Act or under the regulations in force from the 1st January, 1919, to the 31st January, 1922, shall be deemed to be the corresponding grade under these regulations.

16. If the first female assistant in any school on the 1st January, 1919, was not appointed to the position of infant mistress in accordance with any regulations in force on that date, such assistant may, with the approval of the Minister, so long as she remains in the same school and performs the same or substantially the same duties, continue to be paid the same grade of salary as she received prior to that date.

17. In the case of a reduction in the staff of a school, such amount shall be paid to the Board in respect of the teachers whose services are dispensed with as will enable the Board to comply with section 82 of the Act; but in no circumstances shall payment be made to the Board on account of the salary of any teacher for a longer period than four months after the end of the quarter in which the school ceases to be entitled to the services of such teacher if such teacher had been permanently appointed, or for a longer period than two months in any other case.

18. If at any time between the annual grading of public schools on the 1st February in any year and the 1st February immediately following the average attendance of a school falls below the minimum average attendance of the grade or subgrade in which the school is placed to such an extent as to satisfy the Board or the Minister that a reduction in the grade or subgrade of the school is imminent, and a position on the staff of such school thereafter becomes vacant, the grade of salary for such position as from the date of such vacancy shall be the grade of salary which would be attached to the position if the grade or subgrade of the school were determined on the reduced average attendance.

GRADING OF PUBLIC SCHOOLS.

19. Public schools shall be classified in the grades and subgrades specified in Schedules I and II of clause 3 hereof.

20. It shall be the duty of the Board on the 1st February in each year to determine, according to the yearly average attendance for the year ended 31st December immediately preceding, the grade and subgrade to which every school under the control of the Board belongs:

Provided that a school shall not be raised to a higher grade if the Board is satisfied that the increased average attendance qualifying the school for a higher grade is not likely to be permanent.

21. If at the beginning of any quarter it appears that a school in Grade 0 has an average attendance for the last preceding quarter of twelve, or for two, three, or four quarters immediately preceding of eleven, or ten or nine (as the case may be), the school shall be placed in Grade I.

22. Until the first annual grading of a new school under clause 20 hereof the grade and subgrade of that school shall be determined in accordance with the average attendance as follows:—

- (i.) For the period from the date of opening until the end of the quarter in which the school was opened, on the average attendance for such period;
- (ii.) For the first quarter during the whole of which the school is open, on the average attendance for that quarter; and
- (iii.) Thereafter on the mean of the quarterly average attendances for the several quarters until the 31st December next ensuing:

Provided that in any special case where the circumstances are exceptional a new school may, with the precedent approval of the Minister, be provisionally graded in a higher grade or subgrade than that in which it would be placed under the provisions of this clause, or on its first grading under the provisions of clause 20 hereof.

23. The grade or subgrade of a district high school shall be determined in accordance with the average attendance in the primary department and the secondary department taken together.

24. Secondary departments of district high schools shall be classified in the grades specified in Schedule III hereof.

25. If the yearly average attendance of the secondary department of a district high school for any year falls below twelve, such secondary department may, with the precedent approval of the Minister, be provisionally graded as a secondary department in Grade A. The Minister's approval may at any time be revoked.

26. For the purpose of determining the grade of a school to which one or more side schools are attached, the main school and the side school or schools attached thereto shall be deemed to form one school.

27. In ascertaining the grade of a group of part-time schools the group of schools shall be treated as one school, and the average attendance shall be the combined average attendance of the group.

STAFFING OF PUBLIC SCHOOLS.

28. (1.) Subject to the provisions hereinafter contained, the number of teachers and of pupil-teachers in any school other than a district high school, and in the primary department of a district high school, shall be the number shown in columns 3, 4, and 6 of Schedules I and II of clause 3 hereof for the average attendance shown in column 1 of the said schedules.

(2.) The number of teachers in the secondary department of a district high school shall be the number shown in column 3 of Schedule III of clause 3 hereof for the average attendance shown in column 1 of that schedule.

(3.) On the 1st February in each year the Board shall determine the number of teachers and of pupil-teachers aforesaid in accordance with the yearly average attendance for the year ended 31st December immediately preceding.

29. If at the beginning of any quarter it appears that the attendance in any school other than a district high school, or in the primary department or secondary department of any district high school, has increased so that the mean of the quarterly average attendance for the four quarters, or the three quarters, or the two quarters, or for the quarter immediately preceding, is, in the case of any such school or primary department, as high as that shown in column 2, or column 3, or column 4, or column 5, respectively, of Table A hereto, or in the case of a secondary department as high as that shown in column 2, or column 3, or column 4, or column 5, respectively, of Table B hereto, the Board may, in the case of any such school or primary department, make such addition to the staff as is required to bring the number of teachers and of pupil-teachers for that quarter up to the number prescribed for a school having the average attendance shown in column 6 of Table A; or, in the case of any such secondary department, such addition to the staff as is required to bring the number of teachers in the secondary department for that quarter up to the number prescribed for a secondary department having the average attendance shown in column 6 of Table B: Provided that in any special case of increasing attendance which appears to be not equitably provided for herein the Board may, with the precedent approval of the Minister, increase the staff of any school or department at an earlier date than that in which an increase would otherwise be authorized under this subclause.

30. (1.) If at the beginning of any quarter it appears that the attendance in any school other than a district high school, or in the primary department or secondary department of a district high school, has decreased so that the mean of the average attendance for the three quarters, or for the two quarters, or the average attendance for the quarter immediately preceding, has in the case of any such school or primary department fallen as low as indicated in columns 2, 3, and 4 respectively of Table C hereto, or in the case of any secondary department as low as indicated in columns 2, 3, and 4 respectively of Table D hereto, then the staff of any such school or primary department shall be reduced to that prescribed for a school having the average attendance shown in column 5 of Table C; or, as the case may be, the staff of any such secondary department shall be reduced to that prescribed for a secondary department having the average attendance shown in column 5 of Table D: Provided that the Board may in any case reduce the staff of any school or department at any time after the average attendance for any quarter has fallen below the minimum of the grade or subgrade of the school or department, as the case may be: Provided further that if at the end of the quarter first mentioned it is found that the average for the quarter is at least equal to the minimum of the grade in which the school or department is placed, the staff may, with the precedent approval of the Minister, be maintained till the end of the subsequent quarter, and so on from quarter to quarter till the 1st February next ensuing.

(2.) The assistant who is to be removed in order to give effect to the provisions of the last preceding subclause shall, in general, be so selected as to avoid as far as possible changes in the staff of the school, and such selection shall be subject to the approval of the Minister.

(3.) If under the provisions of subclause (1) hereof the reduction in the staff would require the removal of a pupil-teacher the Board may retain such pupil-teacher on the staff of the school or department until the first opportunity occurs for transfer to another school, but in no case longer than the 31st January next ensuing.

and so on, adding 30 for each grade above Grade E.

31. Clauses 29 and 30 shall affect the staff of the school or department only during the quarter prescribed and any subsequent quarter in the same year. On the 1st February following such school or department shall (in accordance with clause 28 hereof) be staffed in accordance with the yearly average attendance thereof; and nothing in the said clause shall be deemed to affect the salary of any member of the staff of such school or department who shall not have been appointed or removed thereunder.

32. As soon as, under the provisions of the Act and of these regulations, a reduction in the staff of a school is imminent, it shall be the duty of the Board to give notice to every teacher whom it may deem necessary to discharge in order to carry out such reduction.

33. In reckoning the quarter, or two quarters, or three quarters, or four quarters immediately preceding, for the purposes of clauses 29 and 30 hereof, no account shall be taken of the average attendance for any quarter if it is shown to the satisfaction of the Minister of Education, on the certificate of the District Health Officer or of a Medical Inspector of Schools, that an infectious disease of an epidemic character has been locally prevalent during that quarter to the extent of affecting 10 per cent. or more of the children on the roll of the school or department.

37. No main school or side school, taken separately, shall have a smaller number on its staff than if it were a mixed school of the same average attendance; and the Board shall appoint such additional assistants of Grade 1 or pupil-teachers (if any) as are necessary in order to conform to this requirement.

38. Subject to the approval of the Minister an uncertificated teacher who has completed not less than one year's service as an adult teacher may be appointed as an assistant of Grade 1 to the staff of any school in lieu of a pupil-teacher. Such an appointment shall not in general be for a term of more than one year.

39. If circumstances make it appear expedient that a modification of the staffing of a school or department otherwise provided by these regulations is reasonable or necessary, the Minister may authorize the Board to modify the staffing in such manner and for such period as he thinks fit. Any teacher appointed in accordance with such modification shall be paid such salary and allowance as the Minister may approve: Provided that in no case shall the total salaries and allowances payable to the staff exceed by more than the amount of the salary of an assistant of Grade 1 the total which would have been payable had the modification in staffing not been authorized.

40. (1.) If a special class for children is established, under section 56 of the Act, in connection with any public school, an additional assistant of a grade not higher than Grade 3 may, with the precedent approval of the Minister, be appointed to the staff of such school.

(2.) If such a class or classes be established as a separate school, the staff shall consist of a head or sole teacher of a grade not higher than Grade III and of such assistants of grades not higher than Grade 2, as the Minister shall determine.

41. The number of male assistants in any mixed school shall not exceed the number of female assistants: Provided that in a school of Grade IIIA the Minister may, on account of special circumstances, approve of the appointment of a male assistant.

42. At least one of the first two assistants in any mixed school of Grade IV, V, VI, or VII must be a woman. At least two of the first four and three of the first six assistants in any mixed school of Grade VI or VII must be women.

(2.) For the purposes of this clause "infant mistress" means the assistant teacher on the staff who has charge, subject to the control of the headmaster, of the infant department of such school. "Infant department" means the classes in the school not higher than Standard I.

RELIEVING TEACHERS.

44. The Board may from time to time appoint suitable persons as relieving teachers; but, unless under exceptional circumstances and with the approval of the Minister, no assistant teacher holding a permanent appointment in any school may be appointed as a relieving assistant teacher in the same school.

45. Every teacher employed as a relieving teacher shall be classified by the Senior Inspector of Schools in one of the grades specified in clause 46 hereof, but such classification may be revised at any time by the Inspector or by the Director of Education.

Provided that if the service of such teacher has not been continuous he shall receive his first increment on the 1st February next following the year in which his service has amounted in the aggregate to at least six months, and thereafter, until he reaches the maximum salary specified for his grade, he shall receive an annual increment on the 1st February in each year if his service in the year immediately preceding amounts in the aggregate to at least eight months:

Provided further, however, that if a relieving teacher remains out of employment in the Education service for a period of twelve months he shall on reappointment be reclassified.

(4.) In addition to the salary herein authorized there shall be paid by way of salary the sum of £40 per annum in the case of every married relieving teacher who would, if he were a married assistant, be entitled to receive the amount provided in clause 5 of these regulations:

Provided that no such payment shall be made where a residence is available and can reasonably be occupied.

(5.) No relieving teacher shall be paid house allowance or the addition to salary provided in clause 4 hereof.

Provided that any relieving teacher shall be entitled, at the discretion of the Board, to such part as the Board may determine of the salary for the school vacation following any period of engagement:

Provided further that in no case shall the period of vacation for which payment is made to a relieving teacher during any twelve months ending 31st January exceed one-fourth part of the period of actual teaching.

48. A relieving teacher who is obliged to live away from his usual place of residence in order to occupy a relieving position shall be paid the actual expenses of transit to and from the place in which he is employed, and shall also, during the period of absence, be paid an allowance at the rate of £40 per annum, and a relieving teacher who does not receive this allowance and requires to travel more than four miles daily to school shall be paid actual and reasonable travelling-expenses not exceeding £24 per annum.

49. In general, no relieving teacher shall be appointed to any position unless his services in that position are likely to be required for a period of more than one week; and in no case, unless the circumstances are exceptional, shall a relieving teacher be appointed during the absence on leave of the teacher of a Grade 0 school or of a pupil-teacher.

LEAVE OF ABSENCE.

50. Subject to the limitations hereinafter provided, the Board may grant leave of absence for a period not exceeding one year to any teacher for the time being in its employment.

51. The Board may delegate to the School Committee authority to grant leave of absence on account of sickness or accident for a period not exceeding three school days. The head teacher shall forthwith report to the Board any leave so granted by the Committee.

The Board shall grant such leave as in its opinion is warranted by the circumstances, and it may at any time after a period of leave has been granted require the teacher to forward such further medical certificate or certificates as it may deem necessary:

Provided that in respect to any application for leave on account of illness or accident not exceeding two weeks the Board may dispense with the production of a medical certificate if such certificate cannot be obtained without undue hardship or unreasonable expense, but it shall require such other evidence to be produced in lieu thereof as it may deem necessary in the circumstances.

(3.) The second or any subsequent period of two years shall commence on the date of the first absence on leave with payment of salary, following the date on which the previous period of two years expired.

(4.) No leave on account of illness or accident, with payment of salary, shall be granted if the necessity for leave has arisen through the misconduct of the teacher.

58. The provisions of this part of these regulations shall apply, *mutatis mutandis*, to all pupil-teachers, probationers, and training-college students, except that in the case of these persons no leave in excess of three months shall be granted unless the Minister concurs.

59. Notwithstanding the foregoing provisions, a relieving teacher shall not in general be entitled to receive salary during leave of absence, except in any special case, when such payment of salary may be made as the Minister, on the recommendation of the Board, approves.

60. Subject to the foregoing provisions, the Board may make by-laws prescribing the procedure to be followed by applicants for leave of absence, and for such other purpose as it may deem necessary for the effectual administration of this part of these regulations.

REMOVAL EXPENSES OF TEACHERS.

61. In cases where, owing to a reduction in the grade of any school or to a reduction in the average attendance of a school, a teacher is transferred without increase of salary and allowances, or where a teacher is transferred at the request of the Minister or under the provisions of section 9 of the Education Amendment Act, 1919, there may, with the approval of the Minister, be paid to any such teacher the reasonable expenses of his removal to another position.

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS, there being no Harbour Board empowered to grant the license hereinafter mentioned, George T. And whereas it is expedient that a license under the said Act, for the purpose aforesaid, should be granted and issued to the licensee on the terms and conditions hereinafter expressed:

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the licensee as aforesaid; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the licensee to use and occupy those parts of the foreshore and of land below low-water mark which are particularly shown on the plans marked M.D. 1847, 1859, and 2368, so deposited as aforesaid, as sites for wharves, and which said license shall be held and enjoyed by the licensee upon and subject to the following terms and conditions.

CONDITIONS.

1. In these conditions the term "Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to the part of the foreshore and land below low-water mark necessary for sites for such wharves, shown on the plans marked M.D. 1847, 1859, and 2368, and deposited in the office of the Marine Department as aforesaid.

3. In consideration of the concessions and privileges granted by this Order in Council, the licensee shall pay the sum of £2 10s., and shall pay to the Minister an annual sum of £5, dating from the 1st day of August, 1921, the first of such annual payments to be made on the licensee being supplied with a copy of this Order in Council.

4. All persons shall, at all reasonable times, upon payment of the proper dues, have full and free liberty to use the said wharves, and all rights of ingress and egress thereon and therefrom.

5. His Majesty or the Governor-General, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, and out of the said wharves without payment.

6. The licensee shall maintain the above-mentioned wharves in good order and repair, and shall at all times exhibit therefrom, and maintain at his own cost, suitable and necessary lights for the guidance of vessels; provided that no light shall be exhibited until after it has been approved of by the Minister.

7. Any person authorized by the Minister may, at all reasonable times, enter upon the said wharves and view the state of repair thereof, and upon such Minister leaving at or posting to the last known address of the licensee in New Zealand a notice in writing of any defect or want of repair in such wharves, requiring him, within a reasonable time, to be therein prescribed, to make good the same, he shall with all convenient speed cause such defect to be removed or such repairs to be made, as the case may be.

8. Nothing herein contained shall authorize the licensee to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulations of the Minister of Customs, or with any provisions of the Harbours Act, 1908, or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

9. The ballast of all vessels loading at the said wharves, or any one of them, shall be taken away by the licensee and deposited above high-water mark, or at such place as may be approved of by the Harbourmaster at Kaipara, by the Minister, or by any person appointed by the Minister for that purpose.

11. The said rights, powers, and privileges may be at any time resumed by the Governor-General, without payment of any compensation whatever, on giving to the licensee six calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the licensee in New Zealand.

12. The licensee shall be liable for any injury which the said wharves may cause any vessel or boat to sustain through default or neglect on his part.

13. In case the licensee shall—

- (1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them;
- (2.) Fail to pay the sums specified in clause 3 of these conditions;
- (3.) Cease to use or occupy the said wharves, or any one of them, for the purpose aforesaid for a period of thirty days;

(B.) BUILDINGS.

8. No person shall erect a dwellinghouse upon any site not having natural or artificial subsoil drainage sufficient to prevent such site being damp, or upon any site having matter thereon which may prove injurious to the health of the occupants of such buildings. The ground underlying every dwellinghouse shall be so formed and graded that no water can flow or lodge thereon or under any part of such building. Where the site of an erected dwellinghouse is considered injurious to the health of the occupants, the Council may order the owner or occupier to remove such building to a more healthy site.

9. Every person who shall erect a dwellinghouse shall construct every room intended to be used as a living-room so that the same shall be not less than 8 ft. 6 in. in height from the floor to the ceiling in every part; provided that every room intended to be used as aforesaid with a sloping or unceilinged roof shall be not less than 9 ft. in height from the floor to the roof over one-half the superficial area of such room, and no wall thereof shall have a less height than 5 ft. before any slope of the roof commences.

14. The Chairman of the Committee, or any person duly authorized by the Committee in that behalf, may by notice in writing direct the owner or occupier of any house or other building in a dirty and unwholesome state to clean or cause the same to be cleaned within a time to be specified in such notice.

The Committee may, in its discretion, ease or modify the application of the foregoing clauses 8, 12, 13, and 14 in the case of any old, ill, or feeble person occupying any such buildings as aforesaid, so that such clauses shall not press heavily on such person. The Chairman of the Committee shall report the case and all the circumstances to the Chairman of the Council, whereupon the Council shall consider such case and decide whether it shall devote part of its funds towards cleaning and otherwise improving the dwellings of such sick, old, or feeble persons.

17. The owner or occupier of a dwellinghouse shall be held responsible for preventing more persons sleeping in any room thereof than are allowed by the floor-space laid down in clause 10. Failure to comply with this shall render him liable to a penalty not exceeding 5s. for a first offence and not exceeding 10s. for every subsequent offence.

Movable and Temporary Dwellings.

18. Every person who shall own or occupy temporarily a tent, shed, whare, or similar structure shall be responsible that the same is clean, dry, weatherproof, and ventilated. Each adult and every two children under ten years of age shall be provided with 16 square feet of floor-space.

19. Every person who shall own or occupy a tent, shed, whare, or similar structure which is in such a state as to be a nuisance or injurious to health, or which is so overcrowded as to be injurious to the health of the inmates, whether or not members of the same family, shall be deemed guilty of an offence, and shall be liable to a penalty not exceeding £1 for a first offence and not exceeding £5 for every subsequent offence.

It shall be an offence for any person who shall construct a privy in connection with a building to construct such privy within the distance of 40 ft. from any well, spring, or stream of water used or likely to be used by man for drinking or domestic purposes, or otherwise in such a position as to render any such water liable to pollution.

36. Every privy shall in all respects be well and substantially erected. It shall be provided with a sufficient opening for ventilation as near the top as practicable, and communication directly with the external air. It shall be enclosed on all sides and be provided with a door.

The seat of a pan privy, the aperture in such seat, and the space beneath such seat shall be of such dimensions as to admit of a movable receptacle for nightsoil of a capacity of not less than 1 cubic foot being placed and fitted beneath such seat in such a manner and such a position as may effectually prevent the deposit upon the floor or sides of the space beneath such seat, or elsewhere than in such receptacle, of any filth which may from time to time fall or be cast through the aperture of such seat.

(c.) The seat of such pan privy shall be so constructed that the whole of such seat or a sufficient part thereof may be readily moved or adjusted in such a manner as to afford adequate access to the space beneath such seat for the purpose of cleansing such space, or removing therefrom or placing or fitting therein the appropriate receptacle.

(b.) The seat of a pan privy, the aperture in such seat, and the space beneath such seat shall be of such dimensions as to admit of a movable receptacle for nightsoil of a capacity of not less than 1 cubic foot being placed and fitted beneath such seat in such a manner and in such a position as may effectually prevent the deposit upon the floor or sides of the space beneath such seat, or elsewhere than in such receptacle, of any filth which may from time to time fall or be passed through the aperture of such seat.

(c.) The seat of such pan privy shall be so constructed that the whole of such seat or a sufficient part thereof may be readily removed or adjusted in such a manner as to afford adequate access to the space beneath such seat for the purpose of cleansing such space, or removing therefrom or placing or fitting therein the appropriate receptacle.

(d.) The receptacle in any pan privy shall be constructed of such material and in such a manner as to prevent any escape by leakage or otherwise of any part of the contents of such receptacle. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use.

41. It shall not be lawful for any person to bury nightsoil otherwise than in a pit or trench in such a manner and to such a depth as to provide that it shall have a covering of earth of at least 6 in. when the pit or trench is closed.

42. No nightsoil shall be buried within 50 ft. of any dwelling or within 60 ft. of any well. A pit may be used instead of a movable receptacle, provided such pit does not communicate directly with subsoil water. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use. The seat and walls surrounding the space below the seat shall be made fly-proof. In no case shall the height of the excreta within the pit be allowed to rise to within 6 in. of the surface of the ground.

On the authority of the Director of Maori Hygiene or of a Medical Officer of Health, or of any Inspectors appointed by the Department of Health, a privy may be provided with a pit for the reception of faecal matter in place of a pan, but such pit shall not be so placed as to endanger the purity of any stream, spring, or well, and shall be at least 30 ft. from any dwelling or place in which food is stored.

44. The pit of every pit privy shall be covered by a seat so constructed as to prevent the access of flies to such pit, and

for this purpose the aperture of the seat shall be provided with a cover which must be in place when the privy is not in use.

45. The pit of every pit privy shall be covered in with clean earth before the faecal matter therein rises to within 12 in. of the surface of the ground, and the privy shall be thereafter moved.

(G.) INFECTIOUS DISEASES.

46. Where the Medical Officer of Health or the Director of Maori Hygiene notifies that an infectious disease exists in a village or district, no hui, gathering, or tangi shall be held until such time as the village or district is declared clean of the disease.

47. Where an infectious disease has been notified in a village or district, the Committee shall render every possible assistance to Native-school teachers, Native nurses, sanitary inspectors, medical officers, or health officers in the early tracing of cases of sickness in the village or district. The Committee shall make it as widely known as possible that such an infectious disease exists. Any person, after receiving such notice, who does not notify cases of sickness existing in a house or camp owned or occupied by him shall be deemed guilty of an offence.

49. Where so directed by a sanitary inspector, Native nurse, or qualified medical practitioner, no person living in a house, building, or camp where infectious disease exists shall travel about to other occupied houses or districts unless he possesses a certificate from a qualified medical practitioner that he is free from infection.

50. Any person, not acting under the instructions of a qualified medical practitioner or an official of the Department of Health, who treats cases of sickness other than in his own immediate family, or allows cases of sickness to collect in a house or camp owned or occupied by him, shall be deemed guilty of an offence.

56. The Committee shall take steps to prevent the fouling of water-supplies.

57. The Committee shall take steps to prevent any tangi, hui, or gathering being so unduly prolonged as to be a menace to public health.

58. The Committee shall prevent any acute cases of sickness remaining in a meeting-house, and shall insist on their being removed to a detached dwellinghouse, tent, or to their own homes.

59. Any person depositing excreta or urine within a Maori kainga at other than places appointed shall be guilty of an offence, and shall be liable to a fine not exceeding 10s. for each offence.

60. The Committee may appoint a sanitary squad to carry out the provisions of this section. Where any expense is incurred, it shall be a charge upon the funds of the tangi, hui, or gathering, or may be raised as a levy or contribution, as the Committee may deem fit.

Wellington City	0.81
Wellington Urban Area	0.81
Christchurch City	0.68
