Native Minister's Office,  
Wellington, 1st November, 1921.

It is hereby notified that His Excellency the Governor-General has been pleased to approve of the following by-laws made by the Maori Council of the Tamatea Maori District, under the provisions of section 16 of the Maori Councils Act, 1900.

J. G. COATES, Minister of Native Affairs.

Approved.

JELICOE, Governor-General.

#### THE MAORI COUNCIL OF THE TAMATEA MAORI DISTRICT.

##### BY-LAWS.

THE Maori Council of the Tamatea Maori District, constituted under the Maori Councils Act, 1900, and its amendments, and the Public Health Act, 1920, hereby makes the following by-laws in lieu of the by-laws published in the *New Zealand Gazette* dated 7th November, 1901, under and by virtue of the said Acts and amendments, such by-laws to come into operation upon approval thereof by the Governor-General and the publication of the same in the *Gazette* and *Kahiti*.

"The Council" means the Maori Council of the Tamatea Maori District constituted under the said Acts:

"Committee" or "Village Committee" means the Village Committee of a Maori kainga, village, or pa appointed by the Maori Council under the provisions of the said Acts:

"District" means the Tamatea Maori District proclaimed by the Governor-General under the provisions of the said Acts:

"Native Township" means a township constituted under the Native Townships Act, 1895:

"Prescribed" means prescribed by rules or regulations made under the said Acts or by these by-laws.

##### (A.) GENERAL PROVISIONS.

1. All deaths shall be notified by the nearest of kin, or in his absence by the owner or occupier of the dwelling where death took place, to the nearest Registrar of Births, Deaths, and Marriages within thirty-six hours of death. Failure to comply shall render the offender liable to a penalty not exceeding £1.

2. In every case of death, where the deceased has not been attended to by a qualified medical practitioner, the Committee shall investigate the circumstances surrounding such death with regard to the nature of illness, duration, treatment, and names of persons who treated or were in attendance on deceased, and report the results of this investigation to the nearest Registrar of Maori Births, Deaths, and Marriages.

3. Human corpses shall be buried, if the death occurs between the 15th day of March and the 15th day of September (both days inclusive) in any year, within four days after death; and if the death occurs between the 16th day of September and the 14th day of March of the following year (both days inclusive), within three days after death, unless the Medical Officer of Health or the Director of Maori Hygiene shall otherwise direct.

4. Where death has occurred from an infectious disease, the corpse shall be buried within twenty-four hours after death. The corpse shall be removed from the dwelling, tent, hospital, or place where death occurred to the cemetery without being allowed to lie in state at any intermediate or village, and no tangi shall be held.

5. It shall be the duty of the nearest relatives of the deceased, or, in their absence, of the owner or occupier of the house or premises wherein deceased died, to comply with the provisions of by-laws 3 and 4; and all or any of them shall be deemed guilty of a breach thereof as the Council may deem fit, and shall be liable to a penalty not exceeding £5 for each offence.

6. No human corpse shall be buried, except with the permission of the Council, in any place other than a burial-ground recognized by the inhabitants of a Maori kainga, or reserved or set apart by them or some duly constituted authority as a burial-ground.

E

7. No human corpse shall be permitted to lie in state in front of any meeting-house or in the courtyard (marae) thereof, but may lie in state at some other spot in the vicinity that may be indicated by the Chairman of the Committee.

##### (B.) BUILDINGS.

8. No person shall erect a dwellinghouse upon any site not having natural or artificial subsoil drainage sufficient to prevent such site being damp, or upon any site having matter thereon which may prove injurious to the health of the occupants of such buildings. The ground underlying every dwellinghouse shall be so formed and graded that no water can flow or lodge thereon or under any part of such building. Where the site of an erected dwellinghouse is considered injurious to the health of the occupants, the Council may order the owner or occupier to remove such building to a more healthy site.

9. Every person who shall erect a dwellinghouse shall construct every room intended to be used as a living-room so that the same shall be not less than 8 ft. 6 in. in height from the floor to the ceiling in every part; provided that every room intended to be used as aforesaid with a sloping or unceilinged roof shall be not less than 9 ft. in height from the floor to the roof over one-half the superficial area of such room, and no wall thereof shall have a less height than 5 ft. before any slope of the roof commences.

10. Every person who shall erect a dwellinghouse shall provide that for every sleeping-room therein there shall be at least 36 square feet of floor-space to each adult or every two children under ten years of age sleeping in that room, and there shall be a window-space clear of frames equal in area to at least one-tenth of the area of the floor of such room, of which window-space at least one-half shall be made to open.

11. Every person who shall erect a dwellinghouse must provide each sleeping-room with a boarded floor so that there shall be between the under-side of every joist, plate, stringer, and bearer on which such floor may be laid or supported and the upper surface of the ground a space of 4 in. at the least in each part, and he shall cause the area below such floor to be thoroughly ventilated by some effectual method.

12. In the case of houses already erected the Council may require the owner or occupier of any dwellinghouse which does not comply with Section B, clauses 10 and 11, to make such alterations or additions as may be deemed necessary.

13. The Council may, or shall if the Medical Officer of Health or Director of Maori Hygiene so directs, order the removal or destruction of any building in a dirty and unwholesome state, if in its opinion it is unsuitable for human habitation, or if the owner or occupier thereof fails after due notice to clean, renovate, or himself remove or destroy the same.

14. The Chairman of the Committee, or any person duly authorized by the Committee in that behalf, may by notice in writing direct the owner or occupier of any house or other building in a dirty and unwholesome state to clean or cause the same to be cleaned within a time to be specified in such notice.

15. Any person refusing or neglecting to comply with notice for removals, alterations, or cleaning under clauses 8, 10, 11, 12, 13, and 14 shall be liable to a fine not exceeding £1 for the first offence and £5 for every subsequent offence, and in the case of persistent refusal or neglect to comply, the Committee may order the work to be done. Any costs incurred by the Committee in and about such removals, alterations, or cleanings shall be a debt due to the Committee, recoverable as liquidated damages by process in a Magistrate's Court.

16. The Committee may, in its discretion, ease or modify the application of the foregoing clauses 8, 12, 13, and 14 in the case of any old, ill, or feeble person occupying any such buildings as aforesaid, so that such clauses shall not press heavily on such person. The Chairman of the Committee shall report the case and all the circumstances to the Chairman of the Council, whereupon the Council shall consider such case and decide whether it shall devote part of its funds towards cleaning and otherwise improving the dwellings of such sick, old, or feeble persons.

17. The owner or occupier of a dwellinghouse shall be held responsible for preventing more persons sleeping in any room thereof than are allowed by the floor-space laid down in clause 10. Failure to comply with this shall render him liable to a penalty not exceeding 5s. for a first offence and not exceeding 10s. for every subsequent offence.

##### Movable and Temporary Dwellings.

18. Every person who shall own or occupy temporarily a tent, shed, whare, or similar structure shall be responsible that the same is clean, dry, weatherproof, and ventilated. Each adult and every two children under ten years of age shall be provided with 16 square feet of floor-space.

19. Every person who shall own or occupy a tent, shed, whare, or similar structure which is in such a state as to be a nuisance or injurious to health, or which is so overcrowded as to be injurious to the health of the inmates, whether or not members of the same family, shall be deemed guilty of an offence, and shall be liable to a penalty not exceeding £1 for a first offence and not exceeding £5 for every subsequent offence.

*Meeting-houses.*

20. The provisions of clause 8 with regard to site shall apply to meeting-houses.

21. The provisions of clause 11 with regard to flooring shall apply to meeting-houses.

22. All meeting-houses, so as to secure adequate ventilation, shall be provided with sufficient window-space at either end of the building, of which window-space at least one-half shall be made to open.

23. All meeting-houses shall be provided with sufficient privy accommodation for each sex to the satisfaction of the Medical Officer of Health or Director of Maori Hygiene.

24. No sweepings or rubbish shall be deposited under the floor of a meeting-house.

25. The Committee shall direct the carrying-out of any necessary alterations or additions under these by-laws, and in the event of the owner or persons concerned in the meeting-house refusing to carry out such alterations or additions such meeting-house may be closed down until the by-laws are complied with.

(C.) DRAINAGE.

26. The Council shall make such by-laws regarding drainage to suit the particular circumstances of their district as the Medical Officer of Health or the Director of Maori Hygiene approve.

(D.) NUISANCES.

27. No nightsoil, refuse, or offensive rubbish shall be cast or deposited or allowed to flow into any spring, stream, or watercourse that flows through or past a Maori kainga and which is used as a water-supply by the inhabitants of such kainga or other kainga on the banks of such stream or near such spring.

28. No person who is the owner or occupier of any premises within a Maori kainga shall permit or suffer any nightsoil or refuse or any offensive rubbish or matter of any kind whatever to accumulate or remain or be in or upon such premises so as to be injurious or dangerous to health or as to cause an offensive smell.

29. No horses, cattle, sheep, dogs, or other animals shall be buried within a Maori kainga.

30. No person shall throw or leave any dead animal on any property within a Maori kainga whereby any offensive smell is or is likely to be created.

31. Every person who commits a breach of any of the by-laws 27, 28, 29, and 30 shall be liable to a penalty not exceeding 10s.

(E.) KEEPING OF ANIMALS.

32. No person shall keep or allow any pigs to run loose within a Maori kainga, nor in any case to keep them so as to be a nuisance or injurious to health, nor in such manner as to pollute any water used or likely to be used by man for drinking or domestic purposes or for use in a dairy; nor shall any person, after the coming into force of this by-law, permit to remain any pigsty at a less distance than 150 ft. from any house or building used as a dwellinghouse or school, or any buildings within which food intended for human consumption is prepared or stored, or at a less distance than 50 ft. from any road or the boundary of any occupied neighbouring property.

(F.) PRIVIES.

*Regulating all Privies.*

33. The owner or occupier of every dwellinghouse shall provide the same with a privy.

34. Every person who shall construct a privy in connection with a building shall construct such privy at a distance of 10 ft. at the least from any living-room or any room where foodstuff is intended to be stored.

35. It shall be an offence for any person who shall construct a privy in connection with a building to construct such privy within the distance of 40 ft. from any well, spring, or stream of water used or likely to be used by man for drinking or domestic purposes, or otherwise in such a position as to render any such water liable to pollution.

36. Every privy shall in all respects be well and substantially erected. It shall be provided with a sufficient opening for ventilation as near the top as practicable, and communication directly with the external air. It shall be enclosed on all sides and be provided with a door.

(a.) Every person who shall construct a pan privy in connection with a building shall construct such privy in such a manner and in such a position as to afford ready means of

access to such privy for the purpose of cleaning such privy and of removing filth therefrom.

(b.) The seat of a pan privy, the aperture in such seat, and the space beneath such seat shall be of such dimensions as to admit of a movable receptacle for nightsoil of a capacity of not less than 1 cubic foot being placed and fitted beneath such seat in such a manner and such a position as may effectually prevent the deposit upon the floor or sides of the space beneath such seat, or elsewhere than in such receptacle, of any filth which may from time to time fall or be cast through the aperture of such seat.

(c.) The seat of such pan privy shall be so constructed that the whole of such seat or a sufficient part thereof may be readily moved or adjusted in such a manner as to afford adequate access to the space beneath such seat for the purpose of cleansing such space, or removing therefrom or placing or fitting therein the appropriate receptacle.

(d.) The receptacle in any pan privy shall be constructed of such material and in such a manner as to prevent any escape by leakage or otherwise of any part of the contents of such receptacle. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use.

37. The occupier of the premises on which any privy is situated shall keep such privy in a good state of repair and in a thoroughly clean and sanitary condition.

38. The owner or occupier of any premises in connection with which a privy has been erected shall use or cause to be used a sufficiency of dry earth or sawdust or ashes so that the excrement shall be so covered that no nuisance shall arise therefrom.

*Regulating Pan Privies.*

39. Where a pan privy is used, such privy shall be constructed and cleansed in the following manner:—

(a.) Every person who shall construct a pan privy in connection with a building shall construct such privy in such a manner and in such a position as to afford ready means of access to such privy for the purpose of cleaning such privy and of removing filth therefrom.

(b.) The seat of a pan privy, the aperture in such seat, and the space beneath such seat shall be of such dimensions as to admit of a movable receptacle for nightsoil of a capacity of not less than 1 cubic foot being placed and fitted beneath such seat in such a manner and in such a position as may effectually prevent the deposit upon the floor or sides of the space beneath such seat, or elsewhere than in such receptacle, of any filth which may from time to time fall or be passed through the aperture of such seat.

(c.) The seat of such pan privy shall be so constructed that the whole of such seat or a sufficient part thereof may be readily removed or adjusted in such a manner as to afford adequate access to the space beneath such seat for the purpose of cleansing such space, or removing therefrom or placing or fitting therein the appropriate receptacle.

(d.) The receptacle in any pan privy shall be constructed of such material and in such a manner as to prevent any escape by leakage or otherwise of any part of the contents of such receptacle. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use.

40. The occupier of every house shall cause the pans of all pan privies used in connection with such house to be emptied and properly cleaned at least once in every week, and in any case so frequently as to prevent overflow.

41. It shall not be lawful for any person to bury nightsoil otherwise than in a pit or trench in such a manner and to such a depth as to provide that it shall have a covering of earth of at least 6 in. when the pit or trench is closed.

42. No nightsoil shall be buried within 50 ft. of any dwelling or within 60 ft. of any well. A pit may be used instead of a movable receptacle, provided such pit does not communicate directly with subsoil water. The aperture of the seat shall be provided with a cover, which must be kept over the aperture when the seat is not in use. The seat and walls surrounding the space below the seat shall be made fly-proof. SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE  
EDUCATION DEPARTMENT,
