ORDER IN COUNCIL.

At the Government House at Wellington, this 31st day of July, 1922.

Present:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by section eight of the Bay of Islands Harbour Act, 1920, the Bay of Islands Harbour Board (hereinafter called "the Board") is empowered to borrow moneys not exceeding fifty thousand pounds for the erection or completion of harbour-works within the meaning of the Harbours Act, 1908:

And whereas by section sixteen of the said Act the Board is empowered to purchase from His Majesty the King the railway-wharf at Opuā, and such part of the railway reserve at Opuā appurtenant to such wharf as may be agreed upon between the Board and His Majesty the King acting by and through the Minister of Railways, at such price and on such terms and conditions not exceeding the sum of ten thousand pounds as may be agreed upon between the parties aforesaid:

And whereas on the fifteenth day of June, one thousand nine hundred and twenty-one, the Board, acting under and in pursuance of the Bay of Islands Harbour Act, 1920, and the Local Bodies' Loans Act, 1913, held a poll of ratepayers of the Bay of Islands Harbour District on a proposal to borrow the sum of forty thousand pounds for the following objects: (a) For the purchase of the railway-wharf and part railway reserve at Opuā, the sum of ten thousand pounds; (b) for the extension of the said wharf, the sum of twenty-five thousand pounds; and (c) for the erection of buildings, purchase of equipment, and contingencies, the sum of five thousand pounds:

SUMMARY FOR THE MONTH OF JUNE, 1922.

June proved a cold month, the mean shade temperature being below the average of previous years. Frosts were more frequent and more severe than usual in places generally subject to them. Rotorua reported 17 degrees of frost on the morning of the 28th, while Hanmer, in the South Island, registered 21 degrees of frost on the 11th and 12th, and experienced twenty-seven mornings with temperatures below freezing-point.

The month opened with unsettled weather generally and stormy conditions in the northern districts, where some heavy rain fell between the 1st and 4th owing to a cyclonic disturbance passing over the Dominion from the north-west to the south-east. Its centre was apparently located in the neighbourhood of the Chatham Islands on the 4th. From the latter date until the 20th, although anticyclonic pressure enveloped the country, continuous tropical depressions northwards resulted in a prevalence of cold east and south-east winds generally and frequent drizzling rains in the East Coast districts, especially of the North Island.

The West Coast, at this time, experienced fine, clear weather.

After the 25th a storm-centre to the eastward of the South Island developed considerable intensity, and accounted for strong southerly winds and showers on the East Coast, which prevailed until the 30th.

The month, on the whole, was a dry one, and, except for a few stations along the East Coast, all parts of the Dominion recorded a total rainfall much below the average.

3. The aforementioned quantities, qualities, and kinds as to the said timber shall be taken as sufficiently accurate for the purposes of this sale, and no contract for the purchase shall be voidable, nor shall the successful purchaser be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, or kind than as stated herein or in any advertisement having reference to the said timber.

4. The promissory notes will be presented at intervals as indicated in the terms of payment, but they may be presented for payment at earlier dates if it is found that more than a due proportion of the timber has been cut, or should any breach of the conditions occur, or if in the opinion of the Conservator the interests of the Crown are being jeopardized.

The licensee shall take all reasonable precautions by way of providing such safeguards as may be required by the Conservator for the prevention of damage to the adjacent bush by fires caused by sparks from locomotives, log-haulers, or otherwise, and shall be liable for any damage thereto in consequence of any negligence or disregard of these conditions on the part of the licensee or his workman, such damage to be assessed by the Conservator of Forests, whose decision shall be final.

9. All timber must be cut to the best advantage, and cutting operations must be carried on regularly and generally in a manner approved of by the Conservator of Forests.

The settlement of any disputes shall be effected by the Conservator of Forests, and there will be a right of appeal to the Commissioner of State Forests, whose decision in all cases shall be final. Should the licensee fail to fulfil any and every obligation incumbent upon him the license will be subject to cancellation.

12. The Commissioner of State Forests may authorize the laying-down and working of tram-lines through the land by other persons than the licensee.

The license will not be transferable, except with the consent of the Commissioner of State Forests. Cutting operations must commence within six months of the date of the license.
