And whereas it has been made to appear to the Governor-General in Council that the proposed work will not be or tend to the injury of navigation, and the said plan has, prior to the making of this Order in Council, been approved by the Governor-General in Council :

And whereas it is expedient that a license under the said Act, for the purpose aforesaid, should be granted and issued to the company on the terms and conditions hereinafter expressed :

Now, therefore, His Excellency the Governor-General of the Dominion of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby approve of the purpose or object for which the said license is required by the company as aforesaid ; and, in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the company to use and occupy that part of the foreshore and land below low-water mark which is particularly shown and delineated on the plan so deposited as aforesaid, for the purpose of maintaining thereon a timber-boom constructed in accordance with the said plan, such license to be held and enjoyed by the company upon and subject to the terms and conditions set forth in the Schedule hereto.

SCHEDULE.

1. In these conditions the term "Minister" means the Minister of Marine as defined by the Shipping and Seamen Act, 1908, and includes any officer, person, or authority acting by or under the direction of such Minister.

2. The concessions and privileges conferred by this Order in Council shall extend and apply only to that part of the foreshore and land below low-water mark necessary for the construction of the timber-boom, as shown on plan M.D. 5452.

4. The rights, powers, and privileges conferred by this Order in Council shall continue in force for fourteen years from the date hereof, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority ; and the company shall not assign, charge, or part with any such right, power, or privilege without the previous written consent of the Minister first obtained.

5. His Majesty or the Governor-General, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, over, and out of the said timber-boom without payment.

10. Any person authorized by the Minister may at all reasonable times enter upon the said timber-boom and view the state of repair thereof ; and upon such Minister leaving at or posting to the last known address of the company a notice in writing of any defect or want of repair in such timber-boom, requiring it, within a reasonable time, to be therein prescribed, to repair the same, it shall with all convenient speed cause such defect to be removed or such repairs to be made.

11. The company shall be liable for any injury which may be sustained by any vessel or boat in passing the timber-boom, or by contact therewith, and which may be occasioned by any default or neglect on the company's part.

12. In case the company shall—

(1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them ;

(2.) Cease to use or occupy the said timber-boom for a period of thirty days ;

(3.) Fail to pay the sums specified in clause 3 of these conditions ; or

(4.) Be in any manner wound up or dissolved,—

then and in either of the said cases this Order in Council, and every right, power, or privilege, may be revoked and determined by the Governor-General in Council without any notice to the company or other proceedings whatsoever ; and publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the company, and to all persons concerned or interested, that this Order in Council, and the rights and privileges thereby conferred, have been revoked and determined ; and upon such revocation the Minister may cause the said timber-boom to be removed, and may recover the costs incurred by any such removal from the company.

NEW PLYMOUTH HARBOUR.—LEADING-BEACONS.

Marine Department,
Wellington, N.Z., 30th August, 1922.

THE New Plymouth Harbour Board notifies that two conspicuous wooden trapezoidal-shaped black and white diamond-chequer-painted beacons, each of which is surmounted with an oval-shaped disc, have been erected on the southern shore of the harbour.

Between the hours of sunset and sunrise the front beacon, which is situated on the beach, will exhibit at a height of 20 ft. above M.H.W.S. a fixed red light visible over an arc of 10.5°. The rear beacon, which is situated near the obelisk, will exhibit at a height of 50 ft. above M.H.W.S. a fixed red light visible over a greater arc. Both lights should be visible for a distance of five miles.

The beacons, when in transit 204.8°, lead into the harbour clear of the proposed breakwater extension.

Milling-timber for Sale by Public Tender.—Wellington Forest Conservation Region.

State Forest Service,
Wellington, 29th August, 1922.

NOTICE is hereby given that written tenders for the purchase of the undermentioned milling-timber will close at the office of the State Forest Service, Wellington, at 4 o'clock p.m. on Wednesday, the 27th September, 1922.

SCHEDULE.

ALL the milling-timber on that parcel of land, containing approximately 346 acres, situated in Provisional State Forest No. 67, and being portions of Sections 10 and 14, Block VIII, Manganui Survey District.

The total estimated quantity of timber is 5,002,000 superficial feet—being rimu 3,019,000, matai 901,000, totara 384,000, kahikatea 318,000, and miscellaneous 380,000.

Upset price, £7,850.

Ground rent, £17 6s. per annum.

The timber is situated about three miles from Pokako Railway-station.

Term of license, four years.

Terms of Payments.—One-tenth of the purchase-money, together with half-year's ground rent and £1 1s. license fee, must accompany the tender, and the balance be paid by fifteen equal quarterly instalments, the first of which shall be paid three months after date of sale.

In addition, the successful tenderer shall continue to pay such ground rent half-yearly in advance during the currency of the license.

All instalment-payments shall be secured by "On demand" promissory notes made and endorsed to the satisfaction of the Commissioner of State Forests, and interest at the rate of 5 per cent. per annum will be charged on all notes overdue from the date of maturity to the date of payment.

CONDITIONS OF SALE.

1. The right to cut and remove the timber will be sold in accordance with the terms of the Forests Act, 1921-22, the regulations in force thereunder, and the following conditions.
2. Intending tenderers are expected to visit the locality and to satisfy themselves in every particular on all matters relative to the sale.
3. The aforementioned quantities, qualities, and kinds as to the said timber shall be taken as sufficiently accurate for the purposes of this sale, and no contract for the purchase shall be voidable, nor shall the successful purchaser be entitled to any abatement in price, by reason of the said timber being of less quantity, quality, or kind than as stated herein or in any advertisement having reference to the said timber.
4. The promissory notes will be presented at intervals as indicated in the terms of payment, but they may be presented for payment at earlier dates if it is found that more than a due proportion of the timber has been cut, or should any breach of the conditions occur, or if in the opinion of the Conservator the interests of the Crown are being jeopardized.
5. Each tenderer must state the total price that he is prepared to pay for each species. The highest or any tender will not necessarily be accepted, and the timber described is submitted for sale subject to the final acceptance of the tender by the Commissioner of State Forests.
6. A return, verified by affidavit, giving the number of logs cut of each species and their contents, must be made quarterly by the licensee each quarter ending on the last day of March, June, September, and December respectively in

each year. A return, similarly verified, must be made on the same dates, showing the output of sawn timber of each species.

7. The licensee shall not put, throw, or place, or allow to be put, thrown, or placed, into any river, stream, or watercourse, or into any place where it may be washed into any river, stream, or watercourse, any sawdust or other sawmill refuse.

8. The licensee shall take all reasonable precautions by way of providing such safeguards as may be required by the Conservator for the prevention of damage to the adjacent bush by fires whether caused by sparks from locomotives, log-haulers, or otherwise, and shall be liable for any damage thereto in consequence of any negligence or disregard of these conditions on the part of the licensee or his workman, such damage to be assessed by the Conservator of Forests, whose decision shall be final.

9. All timber must be cut to the best advantage, and milling must be carried on regularly and generally in a manner approved of by the Conservator. The Crown reserves the right to withdraw from the license such areas as from time to time are cleared of merchantable timber, and as areas are withdrawn, ground rent will be reduced *pro rata*.

10. No compensation will be given, nor shall any be claimed, for any error, discrepancy, or misdescription whatever in respect of any lot or in these conditions.

11. The settlement of any disputes shall be effected by the Conservator of Forests, and there will be a right of appeal to the Commissioner of State Forests, whose decision in all cases shall be final. Should the licensee fail to fulfil any and every obligation incumbent upon him the license will be subject to cancellation.

12. The Commissioner of State Forests may authorize the laying-down and working of tram-lines through the land by other persons than the licensee.

13. The successful tenderer will be granted a license to cut the timber for the period of four years and such license will not be extended. The license will not be transferable, except with the consent of the Commissioner of State Forests. Cutting operations must commence within twelve months of the date of the license.

14. The right is reserved to the Commissioner of State Forests to withdraw from sale any or all of the said timber either before or after the closing-date for receipt of tenders.

15. If no tender is accepted for the timber herein mentioned, it will remain open for application at the upset price until further notice.

16. The successful tenderer shall only be permitted to cut timber on private lands and Warden's licenses simultaneously with the lot mentioned herein by obtaining permission from the Commissioner of State Forests.

17. The successful tenderer shall have the right to cut, use, sell, or otherwise dispose of any species of timber not included in the Schedule herein on terms and conditions to be agreed upon, and provided the written consent of the Conservator be first had and obtained.

18. Tenders should be addressed "Conservator of Forests, Wellington," and envelopes endorsed "Tender for Timber."

Further particulars may be obtained on application to the Forest Ranger, Ohakune, or to the Head Office, State Forest Service, Wellington.
