PART I.

REGULATIONS PRESCRIBING SPECIAL TENURES.

1. APPLICATIONS to purchase land under section 4 of the said Act shall be in the form No. 1 in the First Schedule hereto, and application to lease land under the said section shall be in the form No. 2 in the said Schedule.

2. Every application to purchase or to lease land under the said Act and these regulations shall be accompanied by a statutory declaration in the form No. 3 in the First Schedule hereto.

3. (1.) If two or more applications are received in respect of one allotment of land, the Land Board shall determine which of the applicants, in its opinion, is most suitable to occupy the land, or is most in need of the land, and shall dispose of the land so as to comply with the direction of the said Act that the Board shall as far as practicable assist applicants in acquiring suitable allotments.

(2.) If the Board is unable to determine between the claims of any two or more applicants, as provided in the last preceding subclause, it shall cause a ballot to be taken in the manner in which ballots are taken for the purposes of the Land Act, 1908.

4. In the case of lands to be disposed of by way of sale or lease under section 4 of the said Act, the price or capital value shall be fixed by the Minister of Lands. The price or capital value so fixed shall be such amount as the Minister considers reasonable, notwithstanding that in the case of lands purchased by the Crown under the Land for Settlements Act, 1908, or the Native Land Act, 1909, the price or value so fixed may be less than the price paid for such land, together with the charges and expenses incurred by the Crown in connection therewith.

Purchases of Land.

5. In the case of lands purchased on deferred payment the following provisions shall apply:—

(a.) The purchaser shall forthwith on the approval of his application pay a deposit equal to 5 per centum of the price of the land, or such lesser amount as the Minister may in any case determine, and shall thereupon be entitled to receive a license to occupy the said land, in the form No. 4 in the First Schedule hereto.

(b.) The license to occupy shall provide for the payment of the balance of the price by equal annual instalments extending over such period as the Board in each case determines, with a right to the licensee to pay off at any time the whole or any part of the price then remaining unpaid, and shall also provide for the payment by the licensee of interest half-yearly at the rate of 5 per centum per annum from the date of his purchase upon such part of the price as for the time being remains unpaid.

(c.) In cases where lands held on deferred payment are proclaimed as subject to the provisions of section 127 of the Land Act, 1908, either directly or in pursuance of section 25 of the Reserves and other Lands Disposal and Public Bodies Empowering Act, 1911, all references to "rent" in these enactments shall be deemed, subject to the following modifications, to apply also to the interest payable on unpaid instalments of the price which becomes due during the period fixed for exemption.

In the case of land proclaimed under section 127 of the Land Act, 1908, the period of exemption from payment of such interest shall commence on the 1st day of January or the 1st day of July following the date of selection.

In the case of land proclaimed as subject to the provisions of section 127 of the Land Act, 1908, in pursuance of section 25 of the Reserves and other Lands Disposal and Public Bodies Empowering Act, 1911, the period of exemption from payment of interest as aforesaid shall commence on the date fixed by Proclamation thereunder as the commencement of period of exemption from rent.

(d.) Upon payment of the price in full, and of all interest, the purchase shall be deemed to be completed, and a certificate of title for the said land shall be issued accordingly.

(e.) Residence on any land held under license to occupy shall be compulsory, and shall commence in the case of bush or swamp land within four years, and in the case of open or partly open land within one year, from the date of the license, and shall thereafter be continuous during the whole of the remainder of the term of the license: Provided that the Land Board may, in its discretion, dispense with compliance with the requirements of this paragraph.

6. Every license to occupy and every certificate of title issued in respect of land acquired for cash or on deferred payment under these regulations shall have endorsed upon or written thereon a memorial to the effect that the land comprised therein shall not, except with the consent of the Land Board and the approval of the Minister of Lands, be capable of being transferred until the expiry of ten years after the date of the sale, or, in the case of land the fee-simple of which is acquired pursuant to clause 12 hereof, after the date of the lease.

Leases.

7. Every lease issued under section 4 of the said Act and these regulations shall be in the form No. 5 in the First Schedule hereto, and shall be for such term, with or without a right of renewal, as the Land Board in each case may determine: Provided that no lease under these regulations shall be for a longer term than thirty-three years in the case of lands acquired under the Land for Settlements Act, or sixty-six years in the case of other lands, with a perpetual right of renewal for further successive terms of thirty-three years or sixty-six years, as the case may be.

8. The value of improvements required to be effected by the lessee during the term of his lease shall in each case be determined by the Land Board, and for the purpose of fixing such value the Land Board shall take into consideration the purpose, as set out in his application, for which the lessee intends to use the land.

9. Every lessee of land disposed of under these regulations shall be required to reside continuously on the land comprised in his lease: Provided that the Land Board may postpone the date of the commencement of such residence for such period in any case as it thinks fit, or may dispense with such residence if it is satisfied in any case that the land may be effectively used by the lessee for the purpose for which it was acquired without his residence thereon.

10. (1.) In the case of lands acquired pursuant to section 3 of the Discharged Soldiers Settlement Amendment Act, 1917, and disposed of under these regulations, the annual rent shall be an amount equal to 5 per centum of the capital value thereof, as determined in accordance with clause 4 hereof, and in all other cases the annual rent shall be an amount not exceeding 4½ per centum of such capital value.

(2.) The said rent shall be paid to the Receiver of Land Revenue in equal parts on the 1st day of January and the 1st day of July of each year during the continuance of the lease: Provided that the rent for the period elapsing between the date of the lease and the due date of the first half-yearly payment shall be payable, at the option of the Board, either with such first half-yearly payment or on the due date of the next succeeding half-yearly payment.

(3.) The rent payable on renewal of a lease under the foregoing regulations shall be determined by the Land Board, and shall be based on a valuation of the land comprised in the lease as at the date of the renewal, exclusive of the value

of improvements effected or paid for by the lessee or by a predecessor in title.

11. (1.) On the termination by effluxion of time of a lease granted under these regulations, if a renewal of such lease is not granted, the lessee shall be entitled to receive from the Crown the value of all existing improvements of a permanent character effected or paid for by him or by a predecessor in title.

(2.) For the purposes of this regulation the value of improvements shall be such value as may be agreed on between the Land Board and the lessee, and in default of agreement shall be determined by arbitration under the Land Act, 1908.

12. (1.) Before disposing of any land by way of lease under these regulations the Minister of Lands shall determine the price in accordance with clause 4 hereof, and the lessee may at any time, during the continuance of his lease, with the approval of the Land Board and consent of the Minister, acquire the fee-simple of the lands comprised therein at the price so determined: Provided that nothing in this regulation shall authorize the acquisition of the fee-simple of any national-endowment land.

(2.) The provisions of clause 5 of these regulations (relating to purchases of land on deferred payment) shall, *mutatis mutandis*, apply in respect of the acquisition of the fee-simple under this regulation.

13. The Land Board, with the consent of the Minister, may accept the surrender of any lease granted under these regulations, and the land comprised in such lease shall thereupon be again available for disposal under the said Act and these regulations, and the provisions of sections 72 to 77 of the Land Act, 1908, shall thereupon apply, in the same manner as if the lease were a lease under that Act forfeited for breach of conditions.

The Land Act, 1908—Sections 63 (1) (a), 66, 82, 84, 86, 88, 90, 92, 93, 94, 99, 101, 102, 107, 108, 110, 111, 112, 113, 114, 115, 116, 125, 127, 143, 145, 146, 147, 148, 149, 150, 151, 190.

Provided that in any case where the Board and the Minister are of opinion that the estimated probable life of such buildings is sufficient to justify the repayment of the value of such buildings being extended over a longer period than the maximum period prescribed by clause 23 of the aforesaid regulations, the Minister may approve of such repayment being extended over a period of either thirty years or thirty-six years and a half, and in the case of such extension every half-yearly instalment of principal and interest shall be calculated and apportioned in accordance with whichever of the following tables may be applicable to the

PART II.

FINANCIAL.

20. With respect to advances under section 6 of the said Act (as extended by section 4 of the Discharged Soldiers Settlement Amendment Act, 1916), and under paragraphs (c) and (e) of section 2 of the Discharged Soldiers Settlement Amendment Act, 1917, the following provisions shall apply:—

(a.) The amount of advance that may be made to any one person, including all other advances made to the same person and still remaining unpaid, shall not exceed £500: Provided that the Minister may, if in his opinion special circumstances render such amount inadequate, authorize an additional advance not exceeding £250: Provided further that in the case of bush lands the Minister may authorize an advance under this regulation not exceeding £1,000 in ordinary cases, or £1,250 in cases where in the opinion of the Minister special circumstances warrant such amount being advanced.

(b.) The amount of any loan made for the purpose of clearing, draining, fencing, erection of buildings, and general improvement may, in the discretion of the Minister, be advanced by progress-payments corresponding to 75 per cent. of the value of the improvements from time to time effected by the mortgagor. In such case the value of the improvements so effected shall from time to time be ascertained and certified to by some person authorized by the Minister in that behalf, and any certificate given by such person shall be final; the balance of the advance may be paid on receipt of a final certificate that the improvements in respect of which the advance is made have been satisfactorily completed.

(c.) In no case shall the amount advanced for buildings exceed £250:

Provided that in special cases the Minister may, on the recommendation of the Land Board, authorize an advance not exceeding £350:

Provided further that the Minister, on the recommendation of the Land Board, may authorize an advance not exceeding £500, and in exceptional cases not exceeding £750, to be made for buildings on rural holdings not exceeding in area 21 acres, in cases where the Board is of opinion that the amount that may be advanced under these regulations is not required, or is not likely to be required, for any other purpose.

(d.) All moneys advanced shall be secured by way of mortgage over the land or the applicant's interest therein in the form No. 6 in the First Schedule hereto:

Provided that advances made under subclause (c) for buildings on rural holdings not exceeding in area 21 acres may be made by way of mortgage in the form No. 10 in the First Schedule, or as near thereto as may be necessary, and shall be repayable by half-yearly or monthly instalments over a period of twenty-five years and a half. Every instalment shall consist partly of interest and partly of principal, and shall be calculated at the rate of 7 per centum per annum on the amount of advance, and shall be applied towards payment of interest and principal in the proportions set out respecting the appropriate payment in the Second Schedule hereto. Form No. 10 in the First Schedule hereto shall be altered where necessary to provide for payment by monthly instalments. The decision as to whether moneys advanced shall be secured by way of flat mortgage or by instalment mortgage, and in the latter case whether such moneys shall be repayable by half-yearly or monthly instalments, shall be at the discretion of the Minister.

(e.) Where money is advanced for the purpose of purchasing stock and implements, such money shall be further secured by a collateral bill of sale in the form No. 7 in the First Schedule hereto.

(f.) In cases where further advances are made for purposes other than the purchase of stock or implements, and the applicant has on the land stock or implements not already encumbered by bill of sale, the Minister may require, before granting such further advance, collateral security over such stock or implements by way of bill of sale in the form No. 7 in the First Schedule hereto.

(g.) For the purpose of the administration of these regulations, the Minister may authorize the Commissioner of Crown Lands, or any other officer of the Lands and Survey Department, to pay advances, and any such authority to make an advance issued by the Minister shall be deemed to be an authority to advance and readvance moneys on current account so that the total indebtedness, exclusive of interest, of the person to whom such advance is made shall not at any time exceed the amount so authorized.

21. (1.) Where the Minister is of opinion that, owing to the special circumstances arising from the general financial stringency, the maximum amount of £750 or of £1,250, as the case may be, that may be advanced to one person under clause 20 (a) hereof is inadequate for the profitable working or the further development of land held by such person, or for the discharge of his financial obligations, he may authorize such additional advance as he may deem adequate:

Provided that before such additional advance is made, an amount not exceeding 75 per cent. of the value of the permanent improvements effected by the mortgagor on such land, or not exceeding £250 (whichever is the less), shall be discharged from the current account mortgage, and a mortgage under clause 24 (f, g) of these regulations shall be executed for the amount so discharged.

(2.) Against the credit that may be so established in the current account under the preceding paragraph the Minister may authorize readvances for all or any of the following purposes:—

(a.) The clearing, fencing, draining, and general improvement of the land.

(b.) The purchase of implements, stock, seeds, plants, trees, and such other things as may be deemed necessary for the successful occupation of the land.

(3.) Readvances may also be authorized hereunder up to an amount equal to 75 per cent. of the value of equity deemed to be established by a discharged soldier in land owned or leased by him in excess of his liabilities with respect to such land.

(4.) Additional advances may be authorized to a mortgagor on the security of the estimated natural increase of any stock, sheep, or cattle owned by him up to such amount not exceeding £250 as the Minister may see fit to prescribe from time to time.

22. In any case where upon the acquisition of any land for the settlement of discharged soldiers the Minister has considered it expedient that farming operations on such land should be carried on by the Commissioner of Crown Lands until such time as is deemed opportune for placing the persons to whom the subdivisions may have been allotted in possession of such allotments, and if the Minister is satisfied that the amount that may be advanced to any such person hereunder is inadequate having regard to the liabilities which it may be arranged that such person shall accept as mortgagor, he may, notwithstanding anything to the contrary in these regulations, make advances to any such person in the manner following:—

(a.) On current account mortgage up to an amount not exceeding the amount of the liabilities accepted by the mortgagor with respect to stock and chattels.

(b.) On mortgage up to an amount equal to the value of the improvements effected by the mortgagor. Repayment under such mortgage shall be by half-yearly instalments of principal and interest at the rate of five per centum per annum extending over a period not exceeding thirty-six years and a half:

Provided that in no case shall the amounts advanced under either paragraph (a) or (b), or both paragraphs, exceed such amount or amounts as the Minister, having regard to the special circumstances of each case and to the liabilities to be accepted by the mortgagor, decides to be adequate.

23. For the purpose of assisting settlers with respect to any of the matters for which advances may be made as aforesaid, the Minister may purchase such materials or articles as may be required, and may dispose of the same to settlers on such terms as he thinks proper. Where any such materials or articles are not paid for by the settler, their value as determined by the Minister shall be deemed to be an advance within the meaning of these regulations.

24. With respect to advances under paragraph (a), (b) or (d) of section 2 of the Discharged Soldiers Settlement Amendment Act, 1917, the following provisions shall apply:—

(a.) Every application for such an advance shall be made, in the form No. 8 in the First Schedule hereto or to the

like effect, to the Land Board for the land district within which the land affected is situated, and shall be accompanied by the prescribed valuation fee. The Land Board shall, before making its recommendation, require the applicant to appear personally before it, or before such person or persons as it may appoint.

(b.) Valuation fees shall be payable in accordance with the following scale:—

	£	s.	d.
On an application for a loan not exceeding £100	0	10	6
Exceeding £100 but not exceeding £250	1	1	0
Exceeding £250 but not exceeding £500	1	11	6
Exceeding £500 but not exceeding £2,500	2	2	0

Provided that in the case of an applicant who has previously applied for an advance, and whose application has been refused, the Commissioner of Crown Lands may, with the approval of the Minister, reduce or dispense with the payment of valuation fees on any subsequent application lodged by the said applicant for an advance under these regulations.

(c.) An application for an advance for any of the purposes mentioned in paragraph (a) or (b) of the said section 2 shall not be considered unless it is accompanied by an option to purchase the fee-simple or to acquire the lease or license, as the case may be, given by the owner or the lessee to the applicant. Such option shall be in the form No. 9 in the First Schedule hereto or to the like effect.

(d.) The amount of advance to any person for the purchase of a dwelling and appurtenances on other than rural land shall not exceed the sum of £1,000, and for any other purpose shall not exceed the sum of £2,500:

Provided that in any case where advances are authorized under the provisions of clause 21 hereof the maximum advance here prescribed in the case of rural land may be increased by the amount of such advances, but in no case shall the total amount advanced to one person hereunder exceed £2,750.

(e.) In such cases as the Minister may approve, an advance may be made to any person hereafter assisted to acquire land under section 2 of the Discharged Soldiers Settlement Amendment Act, 1917, for the purpose of enabling such person to pay any stamp duty payable on any transfer, conveyance, or assignment of such land to himself.

Notwithstanding anything to the contrary in sub-clause (d) hereof, the maximum amounts fixed for advances therein may be increased by such amount as may be advanced under this paragraph.

(f.) Except as provided in paragraph (h) hereof all advances shall be secured by mortgage over the land or the applicant's interest in the lease or license in the form No. 10 in the First Schedule hereto or to the like effect; and the Minister may as collateral security require that a bill of sale be given over such stock and other chattels belonging to the applicant as he may decide.

(g.) Except as provided in paragraph (h) or paragraph (i) hereof, all moneys advanced under this clause, together with interest thereon at the rate of 5 per cent. per annum, shall be repayable by half-yearly instalments over a period of thirty-six years and a half. Every half-yearly instalment shall consist partly of interest and partly of principal, and shall be calculated and apportioned according to the table in the Sixth Schedule hereto.

(h.) In such cases as the Minister may approve, advances under this clause may be made on flat mortgage for any period not exceeding ten years. Advances made on flat mortgage shall bear interest at the rate of 5 per centum per annum, and shall be secured by mortgage in the form No. 6 in the First Schedule hereto, with the necessary modifications.

(i.) In the case of applications for an advance to purchase a dwelling and appurtenances on other than rural land, the provisions of paragraph (b) of the next succeeding clause shall apply in lieu of the provisions of paragraph (g) of this clause.

(j.) In the case of any advance made in respect of leasehold land the following additional provisions shall apply:—

(i.) The mortgage shall be deemed not only to cover the mortgagor's interest in the lease, but to extend to and include his interest in any further lease issued to him in lieu of such first-mentioned lease, whether by way of renewal or otherwise.

(ii.) The term of the mortgage shall, unless the lessee receives in lieu of his lease a title in fee-simple, expire on the date of the prescribed half-yearly instalment next preceding the date of the expiration

of the lease (which term shall be deemed to include any lease issued in lieu thereof whether by way of renewal or otherwise), and such instalments shall include the balance of principal then owing under the mortgage.

(iii.) No surrender of any lease on the security of which money has been advanced shall, so long as any portion of the moneys advanced remains unpaid, be accepted, nor shall any such lease be declared forfeited by a Land Board without the consent of the Minister.

(iv.) For the purposes of section 74 of the Land Act, 1908, any moneys owing by a lessee on account of an advance made pursuant to these regulations, together with interest due thereon, if any, shall be deemed to be moneys due in respect of the land, and such moneys shall constitute a first charge on moneys received by the Receiver of Land Revenue pursuant to that section.

(v.) The terms "lease" and "lessee" include licensee and licensee.

25. Advances for the purpose of the erection of a dwelling-house on other than rural land may, on the recommendation of the Land Board, be made by the Minister of Lands subject to the following provisions:—

(a.) The amount of the advance shall in no case exceed the sum of £900:

Provided that where a discharged soldier is the registered owner in fee-simple of such land, and the Minister is satisfied that such person has obtained such land directly as a beneficiary under a deed of gift without any consideration in money or money's worth, the Minister may, in if his opinion special circumstances render such an amount inadequate, authorize an additional advance not exceeding £250.

(b.) Unless otherwise determined by the Minister as hereinafter provided, all moneys advanced, together with interest thereon at the rate of 5 per centum per annum, shall be secured by mortgage over the land in the form No. 10 in the First Schedule hereto or to the like effect, and shall be repayable by half-yearly or monthly instalments over a period of twenty-five years and a half. Every instalment shall consist partly of interest and partly of principal, and shall be calculated at the rate of 7 per centum per annum on the amount of the advance, and shall be applied towards payment of interest and principal in the proportions set out respecting the appropriate payment in the Second Schedule hereto. Form No. 10 in the First Schedule hereto shall be altered where necessary to provide for payment by monthly instalments. Any discharged soldier who has obtained an advance and has contracted to pay instalments of interest and principal half-yearly may, with the consent of the Land Board, be permitted to pay such instalments monthly, whereupon the amount payable monthly shall be one-sixth of the amount which he has contracted to pay half-yearly.

The provisions of clauses 45 and 46 of these regulations shall apply to the payment of advances made hereunder in cases where the mortgage provides for monthly payments of principal and interest.

(c.) The amount of any loan may, in the discretion of the Minister, be advanced by progress-payments to an amount not exceeding the value of the work from time to time completed.

(d.) Every application for an advance shall be made, in the form No. 11 in the First Schedule hereto or to the like effect, to the Land Board for the district within which the land affected is situated, and shall be accompanied by the valuation fee calculated in accordance with the scale prescribed by paragraph (b) of the last preceding clause of these regulations. The Land Board shall, before making its recommendation, require the applicant to appear personally before it, or before such person or persons as it may appoint.

(e.) In such cases as the Minister may determine, advances may be made on flat mortgage for any period not exceeding ten years. All moneys so advanced shall bear interest at the rate of 5 per centum per annum, and shall be secured by way of mortgage over the land in the form No. 6 in the First Schedule hereto, with the necessary modifications.

(f.) In any case where the Board is of opinion that the estimated probable life of a dwelling, by reason of its being constructed of brick or concrete, is sufficient to justify the repayment of the moneys advanced therefor over a longer period than provided in paragraph (b) hereof, the Minister may,

on a special recommendation made by the Board in that behalf, authorize the repayment over a period of thirty-six years and a half of the moneys so advanced. In such a case, every half-yearly instalment shall consist partly of principal and partly of interest, and shall be calculated and apportioned according to the table in the Sixth Schedule hereto.

26. In cases where the security offered for advances is not sufficient to warrant loans being granted for a term of thirty-six years and a half or twenty-five years and a half as provided for respectively in clauses 24 (g) and 25 (b) hereof, and notwithstanding anything to the contrary contained in the said clauses 24 (g) and 25 (b), advances may be made in such special cases as the Minister may approve, repayable by half-yearly instalments over a period of ten or fifteen or twenty years as may be deemed suitable in the circumstances. Every half-yearly instalment shall consist partly of interest and partly of principal, and shall be calculated and apportioned respectively for the said periods of ten or fifteen or twenty years according to the tables of the Third, Fourth, and Fifth Schedules hereto.

27. All the powers conferred upon His Majesty the King as mortgagee by any mortgage to secure repayment of moneys advanced under these regulations, or pursuant to any law as such mortgagee, may be exercised in his own name by the Commissioner of Crown Lands for the land district within which the land affected by such mortgage is situated, and all actions and proceedings for the recovery of moneys advanced or interest thereon may be taken by the said Commissioner in his own name.

28. In every mortgage hereafter given as security for advances made for the purchase or erection of a dwelling under Part II of these regulations the following provisions shall apply:—

The mortgagor of such dwelling shall reside continuously therein so long as any portion of the moneys secured by the mortgage remain unpaid. Non-residence, or the sub-letting of such dwelling, by the mortgagor without the written consent of the Board being first had and obtained shall be deemed to be a breach of covenant, whereupon the mortgagee may call up and compel payment of all principal, interest, and other moneys for the time being owing under the security, notwithstanding that the time or times appointed for the payment thereof respectively may not have arrived.

29. Upon the transfer, otherwise than pursuant to the will or on the intestacy of the mortgagor, of any property upon the security of which an advance has been made pursuant to these regulations, the balance of the principal unpaid in respect of such advance shall be immediately due and payable: Provided that this regulation shall not apply in the case of a transfer to a discharged soldier as defined by the Discharged Soldiers Settlement Act, 1915, or the amendments thereof, where such transfer has been duly consented to by the Land Board and approved by the Minister.

30. No registration fee shall be payable in respect of any memorandum of mortgage or any bill of sale given as security for any advance made under the authority of these regulations.

31. Where two or more discharged soldiers hold or propose to acquire any land, whether freehold or leasehold, as tenants in common in equal shares, advances may be made to them only to the aggregate amount that one of them would have been entitled to obtain individually:

Provided that in any case where two or more discharged soldiers have acquired such land as tenants in common prior to the 19th day of September, 1921, advances may be made to them jointly to the aggregate amount that they would have been entitled to obtain individually.

32. In any case where advances have been made to two or more persons holding land as tenants in common, and the interest or interests of one or more of such persons in such land have been transferred or allotted to the other or others remaining in possession of such land, the Board, with the approval of the Minister, may apportion the liability of the outgoing partner or partners under any mortgage or bill of sale given as security to the Crown, and may transfer such liability to such other or others as may remain in possession of such land, notwithstanding that the aggregate amount then advanced to the person or persons remaining in possession may be in excess of the maximum amount that may be advanced to such person or persons under any other part of these regulations.

33. In any case where, by reason of dissolution of partnership or other cause, land held by two or more persons as tenants in common is subdivided, and each subdivision of such land is transferred or allotted to any person or persons and held under a separate title, the Board, with the approval of the Minister, may, provided that the scheme of subdivision is to its satisfaction, apportion the aggregate liability of such original tenants in common under any mortgage or bill of sale given as security to the Crown amongst the owners or

lessees of such subdivisions in such manner as may seem to it equitable, notwithstanding that the amount thus apportioned to the owner or lessee of one subdivision may be in excess of the maximum amount that such owner or lessee is entitled to obtain under any other part of these regulations.

34. Forms Nos. 6 and 10 in the First Schedule hereto may be modified to such extent as may be necessary in cases in which the land affected is not under the Land Transfer Act, 1915.

35. The costs and fees for the preparation and completion of mortgages for advances under paragraphs (a), (b), and (d) of subsection (1) of section 2 of the Discharged Soldiers Settlement Amendment Act, 1917, shall be determined in accordance with Part I or Part II of the scale hereinafter set forth, as the case may require, and shall be paid by the mortgagor.

36. In order to encourage the early payment of the instalments of principal and interest payable for any advance granted under the provisions of section 2 of the Discharged Soldiers Settlement Amendment Act, 1917, the following provisions shall apply with respect to every such instalment:—

- (a.) If the mortgagor (not being in arrears with any previous instalment or other payment due for any advance made under any Part of these regulations) pays an instalment on or before its due date, or not later than the fourteenth day thereafter, he shall be entitled to a rebate of one-tenth of so much thereof as consists of interest.
- (b.) Such rebate may be deducted and retained by the mortgagor from the full nominal amount of the instalment when making the payment.
- (c.) The rebate of interest hereby provided for shall be allowed in respect of so much of all instalments as consists of interest paid in connection with advances made under section 2 of the Discharged Soldiers Settlement Amendment Act, 1917, prior to the coming into force of this regulation; provided that such payments have been made on or before the due date or not later than the fourteenth day thereafter.
- (d.) Not later than one month before any instalment payable half-yearly falls due, the Commissioner of Crown Lands shall post to the mortgagor at his last known address a notice specifying the due date of the instalment, the full nominal amount thereof, the amount of the rebate, and the date on which the right to the rebate will lapse; provided that the rights and liabilities of the mortgagor shall not be affected by the non-posting or non-receipt of such notice or by any error therein.

37. The fees to be allowed to solicitors in connection with the realization of securities under the provisions of the Discharged Soldiers Settlement Amendment Act, 1921-22, shall be as follows:—

This sum is exclusive of any actual and necessary disbursements, but inclusive of all charges for attendances, searches, and investigations of title.

38. For every consent to the transfer of the estate or interest of any mortgagor of any property subject to a mortgage for advances under the said Act there shall be paid a fee of 10s.

PART III.

D WELLINGS.

39. In the following regulations, unless inconsistent with the context,—

“Capital value” of a dwelling means the capital value fixed by the Minister, and shall cover the value of the land, the cost of its acquisition, the cost of survey, roading, subdivision, and other works and operations done on the land (including the value of the dwelling), the proper proportion of the value of so much of the land as is absorbed by roads or streets, and the estimated cost of administration:

“Dwelling” means any residence erected on land set apart for the purpose of soldiers’ dwellings pursuant to section 4 of the Discharged Soldiers Settlement Amendment Act, 1917, and includes the land on which the same is erected or which is held therewith, and also includes all outbuildings and sanitary and drainage arrangements necessary for such residence:

“Purchaser” includes any discharged soldier to whom land has been disposed of under these regulations, whether under agreement to purchase or under a provisional undertaking to purchase as hereinafter provided.

40. (1.) Land set apart for the purposes of section 4 of the Discharged Soldiers Settlement Amendment Act, 1917, shall be divided into such allotments as the Minister may direct; and the Minister may cause to be erected thereon buildings suitable for soldiers’ residences, or may convert any buildings thereon into soldiers’ residences, and may from time to time alter, enlarge, repair, rebuild, and improve any such dwellings.

(2.) The capital value of any dwelling disposed of under these regulations shall not exceed £1,000.

41. The Land Board, with the consent of the Minister, may dispose of any such allotment to a discharged soldier under agreement to purchase as hereinafter provided.

42. (1.) Applications for allotments shall be made to the Land Board in the form No. 12 in the First Schedule hereto, and shall be accompanied by a deposit of 5 per centum of the capital value (in the case of an allotment on which a residence has been erected), or 5 per centum of the estimated prospective capital value (in the case of an allotment upon which a residence is to be erected by the Minister), or shall be accompanied by a deposit of such lesser sum as the Minister, in any special case, may determine.

(2.) The amount of such deposit shall, if the application is approved by the Minister and the Land Board, be applied towards the cost of the dwelling, and shall, if the application is not so approved, be refunded to the applicant.

43. Every applicant for an allotment under these regulations shall be required to appear personally before the Land Board, or before such person or persons as the Land Board may appoint.

44. (1.) Allotments may be disposed of either before or after residences have been erected thereon by the Minister.

(2.) In the case of an allotment disposed of upon which no residence has been erected, the Minister may erect thereon a residence with the necessary appurtenances in accordance with plans and specifications agreed upon between himself and the purchaser, provided that the capital value of the dwelling shall not exceed the maximum prescribed by these regulations.

45. Every agreement to purchase shall be in the form No. 13 in the First Schedule hereto, and shall provide for the payment of the balance of the capital value (after deducting therefrom the amount deposited in accordance with clause 42 hereof), together with interest thereon at the rate of 5 per centum per annum, by monthly instalments payable on the first day of each and every month for a period of twenty-five years and a half, such instalments being calculated at the rate of 11s. 8d. per month for every £100 included in the balance of capital value.

46. (1.) The total period during which instalments shall be payable as provided in the last preceding clause shall be divided into periods of six months, the first of such periods commencing on the first day of the month next following the date of the execution of the agreement to purchase.

(2.) The total amount of the monthly instalments for any such period of six months shall be deemed to be in part satisfaction of principal and interest for that period, in proportions calculated in accordance with the table in the Second

Schedule hereto as for the appropriate period of six months: Provided that if in any case the full amount of such instalments has not been paid no allocation shall be made in respect of principal until the full amount of interest has been satisfied.

47. Every applicant to whom an allotment with a residence erected thereon has been disposed of shall execute an agreement to purchase in the form No. 13 in the First Schedule hereto. The first instalment pursuant to such agreement shall become due on the first day of the month next following the date of the execution of such agreement.

48. (1.) The disposal of an allotment upon which no residence has been erected shall be conditional upon arrangement being completed between the Minister and the purchaser for the erection on the allotment of a residence with the necessary appurtenances at a cost within the limit of value provided in these regulations. In any such case a provisional undertaking to purchase, in the form No. 14 in the First Schedule hereto, shall be entered into by the purchaser.

(2.) Failing the completion of such arrangements the Board, by direction of the Minister, may cancel the provisional undertaking, and the applicant shall thereupon be entitled to a refund of his deposit.

49. All agreements or other instruments shall be executed on behalf of His Majesty the King by the Commissioner.

50. Payment of all moneys due in respect of any application or agreement to purchase shall be made to the Receiver of Land Revenue for the land district within which the land is situated.

51. Upon payment in full by the purchaser of the capital value, together with interest thereon in accordance with the agreement to purchase, the Land Board shall certify to the Minister that the purchaser is entitled to a certificate of title in respect of the land purchased, and a certificate of title shall accordingly in due course be issued to him.

52. (1.) No dwelling disposed of pursuant to these regulations shall, except with the consent of the Land Board and the approval of the Minister, be capable of being assigned or otherwise disposed of until the expiry of ten years after the date of the agreement to purchase; and under no circumstances shall any dwelling while held under agreement to purchase be transferred, except pursuant to the will or on the death intestate of the purchaser, to any person who is not a discharged soldier.

(2.) Upon approval of any transfer or other disposition the Commissioner shall record the same by endorsement upon the agreement to purchase.

53. No discharged soldier to whom a dwelling has been disposed of pursuant to these regulations, and who makes any disposition of such dwelling whether by way of assignment or otherwise, or whose agreement to purchase is cancelled by reason of default in compliance with the conditions thereof, shall be eligible to acquire any other dwelling under these regulations: Provided that the Minister, on the recommendation of the Land Board, may, in any case where he is of opinion that exceptional circumstances render such a course desirable, direct that this regulation shall not apply.

54. The purchaser of a dwelling under these regulations shall reside continuously therein, and if he fails to do so the Land Board may, with the approval of the Minister, cancel his agreement to purchase, and the dwelling shall thereupon revert to the Crown: Provided that the Land Board may (subject to such conditions as it thinks fit) grant exemption from the requirement of continuous residence for any period not exceeding twelve months at any one time on sufficient and satisfactory grounds being shown for non-residence.

55. (1.) The purchaser shall pay all rates and taxes levied on or payable in respect of his dwelling.

(2.) The non-payment of rates shall be deemed to be a breach of conditions of agreement, and shall render the agreement liable to cancellation.

56. (1.) Irrespective of the prescribed monthly instalments the purchaser may at any time pay to the Receiver of Land Revenue the amount, in no case less than £10, of principal included, according to the table in the Second Schedule hereto, in the instalments corresponding to any number of consecutive six-monthly periods next succeeding the six-monthly period then current.

(2.) The payment of any such amount shall not affect the periodical continuity of monthly instalments, but the amount of principal and interest included in the succeeding instalments shall be calculated according to the table in the Second Schedule hereto as if the appropriate number of six-monthly periods corresponding to the instalments of principal so paid had expired, and the period of twenty-five years and a half during which the monthly instalments would otherwise have been required to be paid shall be reduced accordingly.

57. (1.) If the purchaser fails at any time to comply with any of the provisions of these regulations, or makes default for thirty days in the due payment of any moneys payable pursuant to an agreement to purchase, the Land Board may, with the consent of the Minister, cancel the agreement, and the purchaser shall thereupon deliver up to the Commissioner possession of the dwelling in good order and repair.

(2.) No cancellation or termination shall affect any right or remedy on the part of the Crown as to the recovery of instalments or other moneys due, or shall otherwise release the purchaser from any penalty in respect to anything done or omitted to be done by him.

58. (1.) Any dwelling with respect to which an agreement to purchase has been cancelled pursuant to any of the provisions of these regulations may be again disposed of under these regulations at such capital value as the Minister may determine.

(2.) The amount (if any) by which the capital value of the dwelling when again disposed of exceeds the amount of principal unpaid by the outgoing purchaser may, at the discretion of the Minister, be paid in whole or in part to the outgoing purchaser, after deducting therefrom all costs connected with the cancellation and disposal together with any sums, other than principal moneys, that may be due and unpaid in respect of the agreement that has been cancelled.

59. If an applicant who has entered into a provisional undertaking to purchase any dwelling pursuant to these regulations withdraws his application he shall not be entitled to a refund of his deposit in respect of his purchase-money; but the Land Board may, if it thinks fit, refund the balance of such deposit after deducting an amount not less than £1 in respect of expenses.

60. The purchaser shall insure in the name of the King, to the full insurable value against loss by fire, any dwelling in respect of which the whole of the purchase-money has not been paid, and shall lodge the insurance policy with the Commissioner.

61. If a dwelling in respect to which an agreement to purchase has been entered into is destroyed or damaged by fire and the purchase-money has not been paid, the Minister may expend such insurance-money as may be available for the purpose in the re-erection or restoration of the dwelling; and if the occupancy of the dwelling has ceased on account of the fire the payments due under the agreement to purchase may be suspended by the Minister until the dwelling has been re-erected or restored, and the currency of the agreement to purchase shall be extended accordingly. In lieu of re-erecting or restoring the dwelling the Minister may, by agreement with the purchaser, cancel the agreement to purchase, refunding to him such sum as is agreed upon from the amount paid on account of principal.

62. If the purchaser permits any nuisance to exist on or about his dwelling, and fails to remove the same on receiving notice from or on behalf of the Land Board so to do, the Land Board, with the consent of the Minister, may thereupon terminate the agreement on such terms as it thinks fit; or may itself have the nuisance removed, and may recover the sum thus expended from the purchaser by such monthly instalments of principal and interest (computed at 5 per cent. per annum) as the Land Board may determine. The amount of such instalments shall be added to the instalments payable under the agreement to purchase the dwelling, and the agreement shall, until the additional instalments aforesaid are paid, be deemed to be amended accordingly.

63. The purchaser of a dwelling shall, until the total purchase-money has been paid, keep his dwelling in good order and repair to the satisfaction of the Land Board. Without limiting the foregoing provision, the purchaser of a dwelling shall have all exterior woodwork of his dwelling painted with two coats of paint at least once in every five years, and all exterior metal-work shall be painted with one coat of paint at least once in every five years. If any purchaser fails or is unable, to the satisfaction of the Minister, to comply with this regulation the Minister may, in his discretion, carry out such work as he deems necessary, and may recover the sum thus expended from the purchaser either immediately or, at the option of the Minister, by such monthly instalments of principal and interest (computed at 5 per cent. per annum) as he thinks fit. The amount of such instalment shall be added to the instalments payable under the agreement to purchase the dwelling, and the agreement shall, until the additional instalments aforesaid are paid, be deemed to be amended accordingly.

64. No alterations to a dwelling shall be made except with the consent of the Land Board.

65. The Commissioner, or other officer or officers appointed by him for the purpose, shall have power at all reasonable times to enter and inspect any dwelling.

66. None of the provisions of the **Housing Act, 1919**, shall, except in so far as they are incorporated herein, be applicable to lands disposed of under these regulations.

PART IV.

LAND SET APART UNDER SECTION 3 OF THE SAID ACT.

67. Every application to purchase or to lease land set apart under section 3 of the said Act shall be in the form No. 1 or the form No. 2 in the First Schedule hereto, with such modifications as may be required.

Regulations under the Education Act.—Junior High Schools.

JELlicoe, Governor-General.

ORDER IN COUNCIL.

At the Government House at Wellington, this 4th day of September, 1922.

Present :

His Excellency the Governor-General in Council.

IN pursuance and exercise of the powers and authorities vested in him by the Education Act, 1914, and the amendments of that Act, and of all other powers and authorities enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth hereby make the following regulations for junior high schools; and doth prescribe that this Order shall come into force on the date of the first publication thereof in the *New Zealand Gazette*.

REGULATIONS.

JUNIOR HIGH SCHOOLS.

1. For the purpose of these regulations a "junior high school" means a school established to provide a three-years course of instruction for pupils who before admission are awarded the qualifying certificate in accordance with these regulations.

2. With the approval of the Minister an Education Board may establish a junior high school or schools in its district, and may limit the instruction given in the neighbouring public schools to the work prescribed for Standard IV and lower classes, the pupils of the higher classes being transferred to the junior high school. A school so established shall be administered and controlled in accordance with the regulations hereunder.

3. The number of junior high schools to be established during the years 1922 and 1923 shall not exceed four, and shall include one such school in one of the four chief cities of the Dominion, at least one in a town of approximately ten thousand inhabitants, and at least one established as a development of the secondary department of an existing district high school.

4. In order to obtain a qualifying certificate a pupil must fulfil the requirements for a certificate of competency of Standard IV as prescribed in the public-school syllabus.

5. If the parent of a pupil in a class of a public school which is transferred to a junior high school objects to the transfer of his child to the latter school, the Board shall arrange for the admission of such pupil to another public school.

6. If the accommodation in a junior high school permits, approved pupils of Standards V and VI may be admitted to the junior high school from any neighbouring school other than those from which Standards V and VI have been transferred.

7. (i.) The staff of a junior high school with a roll number of 600 or more shall consist of a principal, together with not more than two assistants of Grade 11, and not more than four assistants of Grade 10, together with such number of assistants of Grade 9 as would provide one assistant for each forty pupils on the roll at the opening of the school year or on the 1st March in any school year. The staffs of other schools shall be determined by the Minister after consulting the Board.

(ii.) Half the number of assistants shall in general be men and half women; provided that the numbers of men and women may be modified in order either to make the proportion of men and women more nearly equal to the proportion of boys and girls attending the school, or under special circumstances to meet the requirements of the school.

(iii.) When it is shown to the satisfaction of the Minister that the attendance has increased or decreased so as to warrant a modification of the staff provided in subclause (i) hereof, such steps shall be taken to appoint additional assistants, or to reduce the staff, as he may after consulting the Board decide.

8. The Board may, with the approval of the Minister, arrange for the employment in junior high schools of instructors in special subjects, such as manual work, domestic science, agriculture, and artwork, and the staffing arrangements prescribed in clause 7 hereof may be modified accordingly.

9. (i.) The salaries of the teachers shall be as follows:—

Principals: Schools with a roll number of over 600, £650–£700, with £60 house allowance; other schools, salary to be fixed by the Minister.

Assistants: Grade 11 — men, £450–£500; women, £360–£400.
Grade 10 — men, £400–£440; women, £320–£350. Grade 9 — men, £350–£390; women, £280–£310.

(ii.) A married assistant shall receive by way of addition to salary the sum of £40 per annum under the same conditions as are prescribed under the regulations for salaries of public-school teachers.

(iii.) The provisions regarding commencing salaries on appointment, annual increments, and salaries payable on transfer prescribed by regulations for public schools shall apply to junior high schools.

10. The regulations regarding salaries of relieving teachers and leave of absence of teachers in public schools shall, *mutatis mutandis*, apply to junior high schools.

11. (i.) The course of instruction in a junior high school shall cover three years, and any pupil admitted to such a school shall remain therein until he has completed the course.

(ii.) The class doing the work of the first-year junior high school course shall be called the Seventh Grade; the class doing the work of the second year shall be called the Eighth Grade; and the class doing the work of the third year shall be called the Ninth Grade.

12. (i.) All pupils in the junior high school shall for approximately twelve hours per week receive the same instruction in the following subjects: English, Arithmetic, History and Civics, Geography, Elementary Science, Drawing, Singing, and Physical Training.

(ii.) All pupils shall also take during the remaining portion of the school week a supplementary course of instruction chosen from the following: Academic, manual, commercial, agricultural, art, or other approved course.

13. The supplementary course to be taken by each pupil shall be determined by the principal after consultation with the parent and the head teacher of the school previously attended; provided that provision shall be made, after a similar consultation, for a change of course if necessary.

14. The provisions of sections 59 to 69 of the Education Act, 1914, shall apply to pupils attending junior high schools.

15. (i.) Applications for appointments to positions in the junior high schools shall be advertised for, and appointment shall be made in the same way as is provided in the Act for special positions in public schools; provided that in making his recommendations the Senior Inspector of Public Schools shall co-operate with the Chief Inspector of Secondary Schools and the Superintendent of Technical Schools; and provided further that the approval of the Minister shall be obtained before an appointment is made to the position of principal.

(ii.) In making appointments the Board shall have regard to the need for teachers with special qualifications for teaching French, Latin, mathematics, science, drawing, commercial, and manual subjects.

16. Each junior high school shall be subject to inspection by officers of the Education Department, and copies of inspection reports shall be forwarded to the Board and to the Minister.

17. When in consequence of the establishment of a junior high school the two upper classes of a public school are removed, the staff of the latter school shall be modified at the discretion of the Minister, so that, while the remaining classes of the school are staffed at least as well as before the establishment of the junior high school, the first and third assistants may be transferred to some other school, but the number of the staff remaining shall not be less than for a school with the same average attendance.

18. In connection with each junior high school there shall be a Committee consisting of nine members—namely, three members elected by the parents of the pupils attending the junior high school, three members elected by the members of the School Committees of the public schools of the district as defined by the Education Board, including the schools from which Standards V and VI have been transferred to a junior high school, and three members elected by the Education Board of the district.

19. The representatives of parents on the Committee and the representatives of the School Committees shall be elected in such manner as the Education Board shall arrange.

20. There shall be paid to the Committee of the junior high school such incidental allowances (not exceeding £50 per annum plus a capitation of 10s. per pupil) as the Minister shall determine.

21. The provisions of sections 44 to 53 of the Act regarding the meetings of School Committees, the powers and duties of School Committees, and the School Fund shall apply, *mutatis mutandis*, to the Committees of junior high schools.

22. Any other matters arising during the initial stages of the establishment of junior high schools shall be dealt with in such manner as the Minister shall determine.

(b.) The licensee shall erect and maintain in good order, at the expense of the licensee, the necessary transmission-lines between the licensee's power-house and a point on the boundary of the area of supply to be determined by the Minister.

Between the hours of 8 a.m. and 8 p.m. daily: 1d. per unit.

Between the hours of 8 p.m. and 8 a.m. daily: ½d. per unit.

To be measured in each case at the point last mentioned in subclause (b) hereof.

(f.) For the purpose of this clause either the licensee or the Minister may have the unit measured in kilovolt-ampere hours instead of kilowatt hours.

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by section two of the Public Works Amendment Act, 1911, it is provided that no person shall lay, construct, put up, place, or use any electric line except under the authority of a license issued to him by the Governor in Council under that Act :

And whereas the Wellington City Council (hereinafter referred to as "the licensee") desires to erect an electric line from the tramway trolley-wire in Princes Street, Miramar, thence generally in a north-westerly direction across Old Farm Road and along Kings Road to the premises of Taubman's New Zealand (Limited), situated on Lot 17, D.P. 1335, in the City of Wellington (hereinafter referred to as "the said electric line"), and it is expedient accordingly to issue a license in respect thereof under the said section :

Now, therefore, in pursuance and in exercise of the powers conferred on him by the said section, and of all other powers in anywise enabling him in this behalf, His Excellency the Governor-General of the Dominion of New Zealand, acting by and with the advice and consent of the Executive Council of the said Dominion, doth, subject to the conditions set forth in the Schedule hereto, hereby authorize the licensee to erect and maintain the said electric line for the purpose of supplying power to a motor, such electric line and the position of the premises being indicated in red and black lines on the plan marked P.W.D. 54871, deposited in the office of the Minister of Public Works at Wellington, in the Wellington Land District.

SCHEDULE.

CONDITIONS.

1. In this license the following words and phrases shall have the meanings hereby attached to them respectively :—

"Earthed" means connected to the general mass of earth in such a manner as to ensure at all times an immediate and safe discharge to earth of electric energy.

"Electric line" means any wire, wires, conductor, or other means used for conveying, transmitting, or distributing electricity for power, lighting, or heating purposes; and includes any instrument, insulator, casing, tubing, pipe-covering, or pole enclosing or supporting an electric line, or anything connected therewith.

"Inspecting Engineer" means and includes any Inspecting Engineer appointed by the Minister to inspect the works to be constructed or maintained by virtue of electric-line licenses issued under the Public Works Act, 1908, and any or all of its amendments, or under any one or more of such amendments only, or any Act or Acts passed in amendment thereof or substitution thereof.

"Minister" means Minister of Public Works.

"Telegraph" includes telephone.

"Telegraph line" has the same meaning as "electric line" in the Post and Telegraph Act, 1908, and also includes all telegraph, telephone, and electric signalling wires belonging to the Government Railways Department.

2. The conductors shall not be less than 7/18 S.W.G. hard-drawn wires, firmly attached to porcelain insulators, and erected on supports placed not more than 150 ft. apart. The positive conductor shall be covered throughout, and the covering may consist of vulcanized indiarubber or of triple braiding thoroughly impregnated with weatherproof compound. The negative conductor may be bare.

3. The conductors shall be carried on substantial and durable supports, which shall be designed to have a factor of safety of four in the case of steel, iron, or ferro-concrete, and five in the case of wood, calculated upon the ultimate strength of the material, assuming the wind-pressure to be 30 lb. per square foot upon a plane surface, and 18 lb. per square foot upon a diametral plane upon a cylindrical surface.

4. The conductors shall not in any part thereof be at a less height than 18 ft. from the surface of the ground.

5. A single-pole fuse cut-out shall be inserted in the positive conductor, and arranged to operate with an overload of 100 per cent. above the rated full load of the circuit. Such fuse cut-out shall be placed in a suitable locked or sealed receptacle of fireproof construction fixed at a convenient height on the pole nearest the point where the positive conductor leaves the trolley-wire or feeder. At the distributing-point of a lighting circuit there shall be inserted in the positive conductor a single-pole switch, together with a fuse arranged to operate with an overload of 50 per cent. above the rated full load of such circuit. In a motor circuit there shall be provided, in the immediate vicinity of each motor connected thereto, a double-pole switch and fuse cut-out or circuit-breaker arranged to operate with an overload of 50 per cent. above the rated full load of the motor so controlled. Each motor shall be fitted with a no-volt release and a series resistance.

6. The negative conductor shall, in a lighting circuit, be continuous throughout its length from the lamps to the tramway-rail, to which it shall be effectively bonded, and in a motor circuit from the switch terminal to the tramway-rail, to which it shall be effectively bonded.

7. At telegraph-line crossings the conductors shall pass over or under, as may be decided by the Minister of Telegraphs. In every crossing-span the maximum tension in any conductor shall not exceed one-half the elastic limit of the conductor under the conditions of a minimum temperature of 20° F. and wind-pressure as specified in clause 3 occurring simultaneously. Efficiently earthed guard-wires, to the satisfaction of the Minister of Telegraphs, shall be erected where such protection may be considered necessary by the Minister of Telegraphs, and earth-wires where led down poles shall be protected by a casing for a distance of 8 ft. from the ground. Guard-wires shall be carried on substantial supports at a height of 2 ft. above the said electric lines if the telegraph lines pass over the said electric lines, or 2 ft. above the telegraph lines if they pass under the said electric lines. In addition to the above precautions, telegraph lines shall be suitably insulated if deemed necessary by the Minister of Telegraphs. The cost of all necessary guard-wires and special provisions required to comply with this clause, or deemed to be necessary as a protection to telegraph lines generally, shall be borne by the licensee when the telegraph lines are erected before the said electric lines. In cases where the said electric lines are erected before the telegraph lines, the licensee, on receipt of notice from the District Telegraph Engineer of the Post and Telegraph Department, or his deputy, that it is proposed to run a telegraph line along the route, shall forthwith make the necessary changes required to comply with this clause at any points at which the said electric lines already cross such routes, the cost of such changes being borne by the Post and Telegraph Department.

8. No work of any nature shall be erected or constructed upon, over, or under any part of the New Zealand Government Railways until the licensee has obtained the consent of the Minister of Railways thereto, as required by section 4 of the Government Railways Amendment Act, 1910 (No. 2).

9. The construction of the works hereby authorized shall be substantially commenced on or before the 1st day of October, 1922, and shall be completed on or before the 1st day of March, 1923.

10. The licensee shall, prior to the completion of the said works, give to the Minister at least seven days' notice in writing of the estimated date of such completion.

11. The licensee shall not use the said electric lines, or permit the same to be used, until the Minister has given notice in writing to the licensee that he has received from the Inspecting Engineer a certificate that the work hereby authorized has been satisfactorily carried out.

12. The said electric lines shall be duly and efficiently supervised and maintained by the licensee as regards both electrical and mechanical conditions, and shall not be permitted by the licensee to remain erected after they have ceased to be used for the supply of electricity.

13. This license, and the benefits and obligations hereunder, shall not be assigned by the licensee without the express consent in writing of the Minister first had and obtained; but such consent shall not be withheld if it is proved to the satisfaction of the Minister that the transferee is financially and otherwise able to carry out the obligations specified in this license.

14. The Minister may at any time order an inspection to be made of the said electric lines. If any defect is found to exist it must be remedied forthwith; and if, in the opinion of the officer or person inspecting, such defect is serious the Minister may, on receipt of the report, direct the licensee to at once cease transmitting energy either over the whole of the said electric lines or over any specified part thereof until such defect is repaired or remedied. In default of the licensee remedying the defect or ceasing to transmit energy the licensee shall be liable to a penalty of £20 for each day during which the defect remains if energy is transmitted, such penalty to be recoverable by or on behalf of the Minister as a debt due to the Crown. The cost of such inspection shall be borne by the licensee.

15. If the licensee fails to comply with any of the conditions of this license the Minister may, by notice in writing, require the licensee within thirty days to remedy the default specified in that notice; and if the licensee fails to comply with the terms of the notice within the said period, the licensee shall be liable to a penalty not exceeding £20, to be recoverable by or on behalf of the Minister as a debt due to the Crown.

16. Notwithstanding anything in the last preceding clause of these conditions, if the licensee fails to comply with the terms of any such notice for ninety days after the receipt thereof, the Governor-General in Council may thereupon revoke this license without further notice.

17. For the purpose of ascertaining whether the conditions of this license are being faithfully complied with by the licensee, the Minister, or any person appointed by him in that behalf, may at all reasonable times enter on the lands and works and inspect the said works.

18. Nothing in this license shall be deemed in any way to interfere with, affect, or abridge any rights or powers vested in His Majesty the King, or in the Governor-General on his behalf, authorizing the construction, management, or working of any public works; nor shall any compensation be payable to or on behalf of the licensee for injury done to the works herein authorized by the construction, management, or working of any such public works as aforesaid, or for the loss occasioned thereby, or for the exercise of any such right or power as aforesaid.

19. The regulations made under section two of the Public Works Amendment Act, 1911, and published in the *New Zealand Gazette* dated 25th day of September, 1919, shall not apply to this license.

20. This license shall, unless sooner determined in accordance with the provisions hereinafter expressed, continue in force for a period of forty-two years from the date hereof. Upon expiry of the said term, or upon sooner determination of this license by revocation or otherwise, all rights hereby granted to the licensee shall thereupon cease and determine; but such expiration or determination shall not relieve the licensee of any liability theretofore incurred under this license.

SCHOOL FOR THE DEAF, NEAR SUMNER, CHRISTCHURCH.

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT,
WELLINGTON.
