7. VARIATION IN CONDITIONS OF LICENSE.

The terms and conditions of this license may at any time or from time to time, at the request or with the consent in writing of the licensee, be altered by the Governor-General by Order in Council.

(a.) In the event of the Minister establishing a hydro-electric power scheme outside the area of supply of a frequency of 50 cycles per second on the three-phase alternating-current system, he may require the licensee to connect that system with the licensee's electrical system in such a manner that an interchange of electrical energy between the two systems may be made from time to time and when required by either the licensee or the Minister, up to at least the total capacity of the plant installed at the licensee's power-house.

(b.) The licensee shall erect and maintain in good order, at the expense of the licensee, the necessary transmission-lines between the licensee's power-house and the Public Works Department's substation near Masterton.

All Hebrew Congregations.
The Society of Friends.

In default of any person having ecclesiastical authority over any of the religious bodies named above, the name of the Officiating Minister of any congregation of such religious body may be certified to by two recognized office-bearers thereof.

A minister of religion not connected with any of the aforesaid bodies must send to the Registrar-General in the month of December in each year a certificate signed—

- (a.) By the recognized head in New Zealand of the religious body to which he belongs; or
- (b.) By two duly recognized ministers of such religious body; or

By ten adult members thereof, who append to their signatures their description as being such members, declaring that such minister is their Officiating Minister, the said signatures and descriptions being attested by some person who shall verify the signatures to the certificate as the genuine signatures of the persons whose they purport to be, by a statutory declaration signed by such person and appended to the certificate.

Neglect in sending the certificate will deprive the minister of his status as an Officiating Minister under the Marriage Act.

N.B.—It is requested that the *Christian names* and the *addresses* of the several ministers may be specified in the lists sent in to the Registrar-General.

In order to obviate the necessity for further inquiry, it is also requested that the reason for omitting the name of any minister be stated (such as on account of death, absence from New Zealand, or as the case may be).

REVIEW OF NEUROLOGY.

APRIL-JUNE. VOL. XVII.

MILITARY PHYSICAL ORTHOPÆDICS. PART I. GUNSHOT WOUND OF NERVE. ARTHUR STANLEY HERBERT, M.D., B.S., Lieut.-Col., N.Z.M.C. Pp. 136, with 62 figures. Price, 6s.; postage, 6d. extra.

This volume deals exclusively with the consideration of the later results of gunshot wound of nerve trunks and their treatment. It is practically a record of personal experience, as the work was done remote from other orthopaedic hospitals. The grouping is in terms of convenience of treatment rather than of anatomy, and deals with the physical as distinguished from the surgical side of orthopaedics. Emphasis is laid on the importance of promoting the voluntary action of partly paralysed muscles by the provision of artificial muscles, and thus rendering the results obtained by massage, electricity, baths, douches, &c., accessory rather than indispensable. It is claimed this method is simpler, less expensive, and more humane, as it removes the patient from the category of invalids to that of fairly useful workers. Great ingenuity has been exercised in devising the different mechanical supports of special splints and rubber muscles for the paralysed muscle, the use of rubber as an active elastic force being particularly utilized, and indeed is the basic idea underlying the whole system of treatment here advocated. The book is copiously illustrated by good figures, which add considerably to its value; the apparatus itself is characterized by its simplicity, and has stood the test of actual use in a large number of cases.

**SCHOOL FOR THE DEAF, NEAR SUMNER,
CHRISTCHURCH.**

UNDER THE CONTROL AND SUPERVISION OF THE EDUCATION DEPARTMENT.

Director: Mr. J. E. STEVENS.

FOR Deaf Children of sound intellect. The pupils are taught to understand and use ordinary speech. The full charge for board and education is £40 a year, but less is accepted from parents who cannot afford to pay this amount. In case of necessity admission is free.

By the Education Act it is compulsory for deaf children to come under instruction at the age of six, and to continue until the age of twenty-one unless the Education Department previously grants exemption. Though a child is, as a rule, best fitted to begin the school course at the age of six, advice should be obtained as soon as any sign of deafness is observed.

The following classes of deaf children are admitted to the School for the Deaf (sound intellect being always a necessity):—

1. Children born deaf, or who have lost their hearing before learning to speak.
2. Children who can hear a little, but are too deaf to be taught in a public school.
3. Children who have lost their hearing after having learned to speak.

The Act imposes upon every parent, teacher of a school (either public or private), constable, or officer of a charitable or kindred institution who is aware of the place of residence (either temporary or permanent) of a deaf child, and the householder in whose house any such child resides, an obligation to send notification of the fact to the Minister of Education, giving the name, age, and address of the child; and any neglect or failure to comply with this provision involves liability to a fine.

Information and advice may be obtained from the Director, or from the

SECRETARY TO THE
EDUCATION DEPARTMENT,
WELLINGTON.
